Railroad Employee Discharged, Becomes Enraged And Kills Official

GEORGE G. THOMPSON, FREIGHT AGENT OF THE SOUTHERN R. R. IN GREENSBORO, WAS SHOT AND KILLED BY SUBALTERN, MURDERER UNDER NERVOUS BREAKDOWN

Mr. Thompson Was Murdered at His Very Home

GREENSBORO, Oct. 29.—George G. Thompson, division freight agent of the Southern Railway, with offices here, was shot and killed by W. R. Blair, his secretary, shortly after noon today.

The shooting which occurred at the home of Blair, in a fashionable section of the city, caused a big local sensation. Blair was taken into custody by a policeman and accompanied by his wife, went to police headquarters. A doctor was summoned immediately afterwards and an effort is now being made to remove Blair to a local sanitarium for treatment.

Blair had not reported at his desk for several days and this morning Mr. Thompson addressed a note of dismissal. Blair in turn sent another note back to Thompson. A few minutes later Thompson received a telephone call and immediately left his office. In the meantime Blair instructed his servant to close up the house. Mrs. Blair was not at home at the time.

Later Thompson arrived and neighbors were startled by the sound of four shots. Police forced the door and found Thompson dead. Blair crouched in one corner of the library and muttered, "I've killed my best friend."

THREE YOUNG ROBBERS HOLD UP AND RIFLE TRAIN

DARING EXPRESS ROBBERY PERPETUATED BY 3 YOUTHS WHO MAKE THEIR ESCAPE

BANDITS WERE ALL UNDER 25 YEARS

MUSKOGEE, Okla., Oct. 29.—Three youthful robbers held up a south-bound Missouri, Kansas and Texas train south of Eufala today, compelled the engineer to detach the express and baggage cars and run them ahead, then they blasted and rifled the express safe.

Company officials believe the robbers got several thousand dollars.

By setting fire to a trestle near the town of Wirth the bandits had no trouble in flagging the train to a halt.

Although the flames threatened to destroy the trestle before their work was accomplished the robbers moved deliberately.

Covering the engineer and fireman with their revolvers they ordered them from the locomotive cab. J. A. Dolan, the train conductor, leaped from a coach and he was lined up beside the enginemen. A porter also fell a victim to his curiosity and was made to stand beside the conductor.

While one robber held the line of employees the other two uncoupled the engine, baggage and express cars from the coaches. They then ordered the trainmen into the cab and ordered the engineer to open the throttle. The locomotive, pulling the two cars, shot across the burning bridge. What remained of the structure fell into the water a minute after the cars had passed. The passenger coaches were left standing at the brink of the stream.

Half a mile on the other side of the bridge the bandits ordered the engineer to stop. The safe in the express car was dynamited and ransacked.

Their work completed, the robbers fled to the wood-covered hills with their plunder. Express officials fear several thousand dollars was stolen.

The alarm was soon given and posses were sent from Crowder and Eufaula. Other posses left an hour later on special trains from McAlester and Muskogee. According to the descriptions given each of the bandits was less than 25 years old.

Eye witnesses claim to have seen one of the robbers twice make trips from the express safe, each time with his arms piled high with sealed packages of currency. Possesmen found the outer wrapper of one of these packages which had contained \$3,500 consigned by the Southwestern National Bank of Commerce, of Kansas City to the National Bank of Greenville, Texas.

One of the robbers made Conductor J. A. Dolan turn over his papers and purse, which contained \$10. Later the money was turned back to the conductor with the assurance: "We don't wish to harm any of you train boys."

BODY OF INFLUENTIAL CHOCOWINITY FARMER FOUND ON THE ROAD

WASHINGTON, N. C., Oct. 29.—The dead body of Fred Wolfenden, a prominent and influential farmer of Chocowinity township this county, was found by the roadside late yesterday afternoon, just before dark, near Blount's Creek, about eighteen miles from this city. His horse and buggy were found without a driver some little distance away by some children and this led to a search, which resulted in finding the body.

How his death occurred is not definitely known but it is thought from heart failure.

Youthful Slayer on Trial

SHREVEPORT, La., Oct. 30.—Joseph O'Dyer, an 18-year-old boy, was arraigned in court here today to stand trial for murder. He is accused of killing Thomas P. Whitehead, an aged paralytic, near the latter's home on August 20, last. According to eye witnesses, O'Dyer slapped the seven year old daughter of Whitehead and drew a pistol on a married daughter. The youth then called Whitehead to the gate and shot him through the breast, causing death two hours later. The victim of the tragedy left a wife and eight children.

POLITICAL SPEAKING DRAWS IN GRIFTON

GOOD SIZED CROWD GATHERS TO HEAR DISCUSSION ON POLITICAL MATTERS OF INTEREST

MAYOR F. M. WOOTEN THE SPEAKER

Although Mayor Wooten does not come from Texas he was the Lone Star at the political speaking in Grifton last night. Through an unfortunate series of circumstances, entirely unavoidable, the different county candidates scheduled to address the people of Grifton, were unable to reach that town last night.

Mr. F. M. Wooten, however, journeyed to that progressive centre and delivered a strong address in behalf of Democracy. To an audience that numbered about one hundred Mr. Wooten explained the failure of the candidates to appear and in a speech close to an hour long discussed national and county politics and policies clearly showing the duty and necessity of every good citizen to turn out in the approaching election and defend the only party that has outlived the political storms which this country has undergone. The party that for the last hundred years has been really by and for the people.

Mayor Wooten dwelt at length on the evils of the tariff as enforced under a Republican administration, making it impossible for a man to have the same chance in any enterprise to accomplish that which has been achieved by the few favored ones at the shade of a tariff with high protection.

He urged every one present to be diligent in all matters concerning the government of this country, emphasizing that no matter how humble one's position his share in the management of the affairs of the nation was as important as the duty of a stockholder in any company towards the company of which he is a part.

The audience lent its undivided attention to our townsman, who in closing his speech clearly showed to a ridicule that recently set up ring-rule-in-Pitt-County-ghost.

GENTRY & GORMAN'S REPORT

The tone of the market is better this week than it has been for the past two weeks.

We notice some of the buyers are stronger in some grades, also buying new grades.

Our sales for the past three days have, of course, been the largest in town, out Tuesday sale lasting two hours; yet the market finished selling by noon. Our floor averages for the past three days have been right around 25 cents. In today's sale we had several planters who sold in other markets last week and these said that our was the highest market they had yet been on.

Victorious Greeks Have Turkish Fortress Entirely at Their Mercy

MEXICO IS LIABLE TO FIND ITSELF COMPLICATED INTERNATIONALLY

Guerrilla Warfare Carried on by Peasants

WASHINGTON, Oct. 29.—International complications may follow the action of the Mexican government in arresting the Belgian consul at Merida, Yucatan, which was today reported to the state department.

There is no explanation of the arrest. Unless he is speedily released the Belgian government is reasonably certain to cause an inquiry. Officials here expect the state department may be requested by the Belgian government to look into the affair through the agency of the American consul at Merida.

The collapse of the Diaz rebellion has not exerted any deterrent effect upon the activity of the rebels in southern and central Mexico. Reports to the state department are to the effect that they are very active in the states of Mexico and Morales, and have even reappeared in the Federal district, which includes the capital. On the other hand conditions in the north of Mexico are reported to be unusually quiet.

ANOTHER WING OF THE SULTAN'S ARMY WILL BE ISOLATED WITH THE CAPTURE OF VERRIA AND WITH THEIR ARMY CHOPPED UP TURKS CANNOT WITHSTAND THE ATTACKS

Guerrilla Warfare Carried on by Peasants

ATHENS, Greece, Oct. 29.—The strong Turkish fortress of Verria has been placed absolutely at the mercy of the invading Greek army which has captured the Tripotamos defiles forming the key to the situation. The capture of the town of Verria itself is only a question of hours.

The whole of the Turkish army around Monastir will be cut off when Verria falls and will be unable to communicate either with Saloniki or Constantinople.

Verria lies to the north of the town of Servia on the way to Saloniki, to which city a railroad runs.

Allies Control Turkish Roads

London, Oct. 29.—The plan of campaign of the Balkan allies appears to be working with almost perfect smoothness. This is due, according to military critics, to the unpreparedness of the Turkish army.

The armies of Bulgaria, Serbia, Greece and Montenegro are now in possession of a large portion of the Turkish railroad system and also of the wagon roads, while those lines and roads which they do not actually command they are threatening.

Interest in the war still centers largely in the eastern area below Adrianople, where Nazim Pasha, the Turkish minister of war and commander in chief with four armies corps is holding the line from Tchoru to Lule Burgas.

According to the latest reports he has been set the task of trying to stem the advance of the victorious Bulgarian troops and he is credited with the statement that he will return the victor or perish in the attempt. Nazim Pasha appears to occupy a perilous position with the Bulgarians on his right flank at Eskibaba cutting him off from the army of Adrianople, while the destruction of the bridge over the Tchoru river prevents him from obtaining reinforcements and supplies from Constantinople.

Should the great turning movement now being attempted by the Bulgarians be successful, Nazim Pasha might be driven to the west toward Saloniki, leaving Constantinople at the mercy of the invaders.

In the meantime the Greek, Servian and Bulgarian armies are moving upon Saloniki. The Greeks already are within striking distance of the Turkish town of Verria, only fifty miles from Saloniki on the railroad from Monastir.

The possession of Verria by the Greeks would not only threaten Saloniki but cut off the Turkish army under Zekki Pasha, which was defeated by the Servians at Ustup and is now concentrating at Monastir.

The capture of Verria by the Greeks would enable them to effect a junction with the Bulgarian army coming down from Novokop and Varna through the Struma Valley and concentrating at Serres and with the Servians who are advancing upon Veles.

All the passes through the Rhodope mountains leading to the Saloniki and Adrianople railway are also in Bulgarian hands.

The unofficial report from Constantinople that the Turkish town of Servia has been recaptured from the Greeks is not credited here.

Active diplomatic negotiations are going on among the powers. The British minister at Cetinje, Montenegro, in company with the Montenegrin foreign minister, visited King Nicholas yesterday at Rieka and this regarded as undoubtedly in connection with the conversations held with the ambassadors of the powers in London by Sir Edward Grey, the British foreign minister.

The diplomats are still hopeful of avoiding any complications between the powers.

Some went on the train and others in automobiles to Rocky Mount to see Ringling's circus.

The largest crowd of the campaign is expected here Friday to hear Senator Simmons.

THE NATIONAL TICKET

WEDNESDAY, OCTOBER 30, 1912

HON. OSCAR W. UNDERWOOD REPORTS:

Men's cotton half hose valued at eighty cents per dozen pairs wholesale are taxed under the present law at the equivalent ad valorem rate of about 92 per cent. The Democratic cotton bill proposed to reduce this to 40 per cent.

It proposed to reduce the tax on cotton thread from an equivalent rate of 34 per cent to 15 per cent. A suit of ready-made cotton clothing valued at the foreign port at 6 is taxed under our present law 50 per cent ad valorem or \$3 a suit. This Democratic bill proposed to reduce this tax to 30 per cent and save the consumer \$1.20 per suit.

The bill revising the metal schedule reduced the average rate of duty on the entire schedule from 33.35 per cent (imports of 1910) to 22.42 per cent. This revision, it is estimated, would have saved the American consumer in a twelve month period more than \$80,000,000.

The revision of the chemical schedule would have effected a saving to American consumers of about \$17,000,000 by reducing the price of all chemicals and at the same time the revenue for the government would have been increased.

The bill placing sugar on the free list would have saved during a year not less than \$115,000,000 to the consumer. The tariff tax on sugar amounts to about 1 1-2 cents per pound. The amount of sugar consumed in the United States in 1911 was about 7,863,000,000 pounds and the application of 1 1-2 cents per pound to this consumption affords the estimate of \$115,000,000 as representing the saving to the people.

The House passed a bill providing for an excise tax on incomes, thereby transferring a considerable portion of the tax burdens to the wealthy, which are escaping their proper proportion.

The excise bill passed by the House provides for the extension of the Corporation Tax law so as to include individuals, firms and copartnerships. It accomplishes the very desirable purpose of transferring tax burdens to the shoulders of the wealthy, who have heretofore escaped from a proper share of taxation for the support of the government.

The present burden of indirect taxation falls upon people having in-

comes of less than \$2,000 per year. A man whose net earnings amount to but \$5,000 per year would under this bill pay no tax. A man earning \$10,000 per year would pay nothing on the first \$5,000 and \$50 per year on the second \$5,000.

Every Democrat in Pitt county should feel interested in maintaining the county's representation in future state and district conventions. The number of delegates to which the county will be entitled in conventions for the next four years will be based on the vote for governor in the election next Tuesday. Pitt's convention vote is large enough to wield much influence and to hold this strength there should be a large vote on Tuesday. Keep this in mind and be sure that you go to the polls and vote.

We heard one man, not a resident of Greenville either, say that he had three small children and was going to start saving accounts for them by taking a share for each one of them in The Home Building and Loan Association's new series that opens next Saturday. That man is right.

Because Wilson, Craig and the entire county ticket are sure of election next Tuesday is no excuse for any Democrat staying at home and not voting. Every one should go out and help make the majority as large as possible.

How strange it is some people think others have no right to opinions differing from their own. People can hold different views and yet one be just as honest as the other in their convictions.

Some folks had as well be making up their minds to get sorry for things they have said during the election.

If you do not want to throw your vote away next Tuesday vote for the men who will win.

There are going to be some surprised people on the morning after the election.

Leach Cross' brother is out with a guarantee of \$6,000 to Ad Wolgast if the latter will consent to meet Leach in a 10-round bout at New York.

Cole's Hot Blast Draft on top of the fire burns the coal from the top—burns the gas, which is wasted with all other stoves. The force of this down draft forces the heat to the base which is made of steel—cannot burn out—and heats the floor. Thousands of testimonials have been written regarding the base heating qualities of

Cole's Original Hot Blast Heater

The ideal heating stove is one which radiates all the heat thrown off from the fuel—into the rooms—instead of letting it go up the chimney.

The durable heater is the one which withstands the severe use, year after year, which a heating stove is necessarily subjected to. Sheet steel is the quickest radiator of heat and is used as radiating surface only in Cole's Hot Blast heater. Wherever the fuel comes in contact with the lining—only first quality gray cast iron is used.

Cast iron withstands the wear of the heat from active combustion better than any other material, and the large, sensitive, sheet metal body and base radiate all the heat into the rooms.

Another Reminder to Subscribers

Last week The Reflector sent out statements to subscribers in arrears calling their attention to the order of the postal authorities that we must stop sending the paper to those as much as a year behind. Every subscriber to whom this statement was sent was urged to pay up at once so as to help us to get our subscription list in shape to conform to the postal laws, and not make it necessary to stop their paper. Many responded very promptly to this request, for which we thank them, but a many more have so far paid no attention. of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesselhelm of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at all druggists. adv

Must Believe It

When Well-Known Greenville People Tell It So Plainly

When public endorsement is made by a representative citizen of Greenville the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache and every man, woman or child with kidney trouble will do well to read the following:

Mrs. L. Mangum, 416 Dickison ave., Greenville, N. C. says: "Doan's Kidney Pills are by no means a new remedy to me. I have used them on different occasions and have found that they are a preparation of great merit. Kidney complaint and backache made me miserable and it was not until I procured Doan's Kidney Pills from the John L. Wooten Drug Co., that I found relief. Recently I again got a supply of this remedy and it helped me as promptly and effectively as before." For sale by all dealers. Price 50c. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doans—and take no other.

FOOTBALL NOTES.

West Point has a coming halfback in Hogg, and a brilliant end rush in Hoge.

Georgetown has engaged Bill Hollenbeck, the old Pennsylvania star, to coach the team on defense.

It cost more than \$1000 to keep a big college team player properly armored for the game of football.

C. White Jr., one of the backs on the Yale scrub team, is a son of Charley White, the veteran boxing referee.

Quarterback has given more trouble to the Yale coaches this season, than any other position on the mi team.

The Harvard coaches probably will keep Hollister at end from now on, as Freedly has been taken to the varsity squad from the second team.

Coach Stagg, of the University of Chicago squad, whitewashes a pigskin which is called the "ghost ball," for his team to use during late evening practice.

In Maulbetsch, "Hurry Up" Yost, declares he has another Heston. Maulbetsch is playing with the scrubs and will be eligible for the varsity team next year.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live and it completely cured it." A quick cure for coughs, reliable medicine for many throat and lung troubles—grip bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cents and \$1.00. WHEN YOU BUY SHOES HERE, YOU have the satisfaction of knowing you are getting the very best quality you can possibly procure anywhere for the money.

Many a cheap, shoddy shoe hides behind a nice appearing, pleasing-to-the-eye style, but a few days' wear will prove the inferiority of the quality of the materials used and the carelessness exercised in their making.

We look to quality first of all—see to it that the leather is right, the linings substantial and the general construction the best procurable anywhere. We depend upon you for our business, and you depend upon us for square dealing, we are in duty bound to give it to you—and will.

Our new season's styles for ladies and gentlemen, and boys and girls are ready for your choosing.
