TURKISH SULTAN LOSING EMPIRE

But Five Small Districts Now Under Control

ALLIED ARMIES NEAR CAPITAL

First Defending Suburbs Of The Turkish Capital Surrender To The Attacks Of The Bulgarians

LONDON, Nov. 7.—Only five little districts now remain in the possession of Turkey over the vast territory in Europe which she has ruled for centuries. Even these five districts, comprising Constantinople, Adrianople, Saloniki, Monastir and Scutari, are seriously menaced.

It is reported that the great stronghold of Saloniki has been evacuated and that the Turkish army stationed in the city has been withdrawn, but no confirmation of this has yet been received.

Which direction the retreating army is supposed to have taken was not mentioned in the report, but if it is true that the Turks have abandoned the city they must sooner or later come into contact with one of the armies investing the fortress which ever they take.

Monastir also where Fethi Pasha has a large Turkish army under him is said to have been occupied by the allied Balkan troops.

Between the Bulgarian army and Constantinople now stand only the Tchatalja forts, which are held by an army that has suffered a series of crushing defeats, and that has been rendered, it is believed in military circles, incapable of making any sustained defense against a vigorous assault.

Some villages in the vicinity of this last line of defense are reported already in the hands of the Bulgarians.

The commanders of the Bulgarian invaders are said to have fixed Sunday, next, as the day on which they will enter the Turkish capital with their troops and hold a service of Thanksgiving in the mosque of St. Sophia.

DEMOCRACY OF STATE SCORES GREAT VICTORY

TAFTITES AND BULL MOOSERS RECEIVE VERY LIGHT VOTE. REP. PARTY LOSES IDENTITY

MOOSE AND ELEPHANT BADLY BEATEN

RALEIGH, Nov. 7.—That the usual Democratic majority of from 60,000 to 75,000 in North Carolina is assured; that Roosevelt has run two to one over Taft and that Senator Simmons has been re-elected by a majority of 20,000 are the inferences from incomplete returns. Figures of the presidential and gubernatorial races are not available. All ten congressional districts are Democratic. Senator Overman, Democrat, was unopposed in the Senatorial primary.

At Democratic headquarters there is apprehension that three counties Democratic two years ago had gone Republican. These are Cabarrus, Caldwell and Forsyth, the latter having only been partially Democratic before. No report has come in from Forsyth and incomplete returns from Cabarrus and Caldwell indicate Republican victories. Chairman Webb says the tenth was the closest congressional district, and that he is confident of Gudder's election by possibly 2,000 majority.

Democratic State Chairman Chas. A. Webb says incomplete returns indicate that Craig's majority over Settle and Mears for governor is 60,000 and that his plurality over Mears is 100,000 and over Settle 120,000. He is assured of the election of forty-six state senators and 106 members of the lower house, an overwhelming majority of the legislature.

In conceding the nomination of Senator Simmons by a big majority over both Governor Kitchin and Chief Justice Clark for the United States Senate, Manager Frank McNinch, of Governor Kitchin's campaign said:

"I am surprised and greatly disappointed at the result of the Senatorial primary and while we lost, I want to thank our managers and friends for their loyal support and help in the campaign."

To Subscribers Once More

Every day since The Reflector sent out letters calling attention to the ruling of the postal authorities against mailing papers to subscribers more than a year in arrears, some have been coming in to pay up, or sending it by mail, so the paper could continue going to them. Still there are quite a number who have paid no attention to the letter and statement of their account and this is to remind them that the labor and expense of mailing them was not just for the fun of the thing. The ruling of the postal authorities is law and must be complied with. If you are one of those to whom a statement was sent and mislaid it, or it failed to reach you, look at the date printed after your name and attend to paying it at once. The paper will go only a few days longer to those who fail to pay. Better attend to this at once.

The Peace question. The society proposes having one or two debates with other towns this year.

The girls of the high school here organized a literary society which will meet twice each month. The officers are Miss Christine Johnston, president; Miss Maude Lee, secretary, and Miss Lella Higgs, critic. The school was, for two or three reasons, unable to continue a teacher of drawing through last year. This year a teacher has been employed for half of her time. Miss Grace Bishop of Wilson has charge of this work. She began teaching three weeks ago and the grades are already beginning to revive their former interest in drawing.

There has been but little sickness among the children thus far. The attendance has been fairly good, the shows, carnival and fairs considered and the children here done very satisfactory work. Year by year the support we get from the homes of the children improves and this helps out wonderfully. Home support in Greenville has never been bad, but it has improved much and it makes educating much easier and better, and far more satisfactory to teachers, parents and children.

ILLINOIS STATE GOING TO WILSON

As Count Progresses Democrats Rejoice

WILSON LEADS TEDDY BY 1608

Chairman of Illinois Democrats Feels Sure That Another Victory Awaits Them When Count Is Over

CHICAGO, Nov. 7.—Wilson, according to late returns, has overcome Roosevelt's lead in Illinois, and with 663 precincts to hear from, has a plurality of 1,608. Returns from Cook county gave Roosevelt a plurality of 38,257. Returns from 2,125 precincts outside Cook county gave Wilson a plurality of 39,883, or a net plurality of 1,608.

Davies Claims Wilson Will Carry the State

Chicago, Nov. 7.—Reports to Democratic national headquarters here, according to Joseph Davies, Western manager, are that Wilson has a substantial plurality in Illinois.

The missing counties, he states, are southern counties, which have been consistently Democratic.

"I have no reason to change my statement issued the day of election," said Mr. Davies, "in which I said I did not concede Illinois to Roosevelt. I am not prepared to make a flat claim for the state, but I will say that my best judgment, based on confidential reports from these 32 counties yet to be heard from, is that Wilson will have the state by from 7,000 to 10,000."

Mr. Davies was asked for the future:

"We have built our Democratic factory and installed our Democratic machinery," he said. "Our platform contains our advertising. There lies ahead of us the task of turning out the prosperity which our factory is built for. Today we have the joy of victory. Tomorrow and in the future we shall have the responsibility of carrying out our campaign pledges in a way that will not interrupt the general prosperity but will cause it to spread a little farther down."

"It is clear to us that the Democratic party has now a chief opponent—Roosevelt's party. As to the Republican party 'the king is dead; long live the king'."

"I think I express Democratic opinion when we say that we will be content that Roosevelt's party shall continue to be the party of ultimate radicalism if we may be the party of conservative progressiveness. Our concern shall be that we do not drop back to the standpatism that wrecked the Republican party."

"I am concerned to know what will become of the Republican party—whether it will be absorbed by Roosevelt or split up generally into parts which will work into all the parties."

"If disappointed persons do not now shape national affairs between this date and the date of Mr. Wilson's inauguration a president so that the party must devote most of its term to correcting the harm, as has been the case before, there will be little time lost by the Democrats in justifying the people's judgment."

Cheyenne, Wyo., Nov. 7.—Unofficial returns this morning from Unita county indicate the Republicans will have six majority on joint ballot in the legislature and Senator Warren's reelection seems assured.

Kansas Increases Wilson's Plurality

Topeka, Kansas, Nov. 7.—Late returns today from Kansas increased Woodrow Wilson's plurality over Theodore Roosevelt and that of W. H. Thompson, Democrat, for United States senator over Governor Stubbs, Republican. The fight for governor between Arthur Sapper, Democrat, and George H. Hodges, Democrat, had narrowed down to a few hundred votes. Ninety-six counties out of 105 give these pluralities: Wilson, 12,000; Thompson 10,500; Capper 800. It is estimated that the remaining counties will give Wilson a total plurality of 15,000 and Thompson 12,000. In the nine missing counties some of which are Democratic, it is predicted by the state Democratic chairman that Hodges will easily overcome Capper's lead.

County Commissioners Regular Monthly Meeting Last Monday

The board of county commissioners met in regular monthly session on the 4th with all the members present.

Outside the routine work of pauper orders, current accounts and officers' reports, there was not much to claim attention.

The contract to build a bridge across Fronter's creek was submitted and filed.

Some additions were made to the pauper list for monthly allowances and some corrections made where taxes were listed in error.

The following were drawn to serve as jurors for the civil term of court beginning Dec. 9th:

Charles McArthur, W. B. Bullock, J. L. Corey, N. A. Buck, W. L. Dixon, William Crawford, J. R. Paramore, Hardy C. Edwards, Exum Dail, C. V. Cannon, H. C. Cannon, B. C. Windham, J. R. Dozier, W. B. Wilson, H. L. Carr, R. B. Kittrell, W. C. Smith, W. M. Johnson.

GENTRY AND GORMAN'S REPORT.

FRIDAY, NOVEMBER 8, 1912

WOODROW WILSON

Woodrow Wilson was born December 28, 1856, at Staunton, Va., a son of Dr. Joseph R. Wilson and Jessie Woodrow Wilson.

1873—Studied one year at Davidson College, North Carolina.

1879—Graduated from Princeton with degree of A. B.

1879—Took up the law course at the University of Virginia.

1882—Received his law diploma and went to Atlanta, Ga., where he opened an office. He practiced for eighteen months.

1885—Finished a two-year course in science of government in John Hopkins University.

1885—Published his book, "Congressional Government," a study of government by committees.

1885—Taught political economy at Bryn Mawr College.

1888—Taught political economy at Wesleyan University.

1902—Elected president of Princeton.

1902—Published his work, "A History of the American People".

1906—Was mentioned as a presidential possibility by Colonel George Harvey at the Lotus Club, New York, where he was the guest of honor February 23.

1908—Delivered a course of lectures on "Congressional Government" at Columbia University.

1910—Nominated September 15 for Governor of New Jersey on Democratic ticket.

1910—Elected governor the following November.

1912—Nominated July 2 for president by Democratic party at Baltimore.

Woodrow Wilson, when he became chief executive of New Jersey, less than two years ago, defied the political bosses, who had practically ruled that state for years. He succeeded in removing the two houses of the legislature from under their control and by his persistence obtained the enactment of reform laws which have become models for other states.

The Democratic National Convention in Baltimore selected Governor Wilson as the party's candidate for the presidency and the selection was based largely upon his successful record as governor.

Eight years ago and again four years ago Mr. Wilson, then the head of Princeton University, was frequently spoken of as of presidential size, but although he had written much on governmental matters, he had had no experience in a practical way, and the party was loath to place him at the head of the ticket.

Governor Wilson is a scholar, but he is more than that. He steadfastly has refused to be "the scholar in politics". On the contrary, he might be described as "the statesman in politics". His chief interest in life always has been government, more particularly the history of the government of the United States.

Governor Wilson married Miss Ellen Louise Axson, of Savannah, Ga., June 24, 1885, and they have three daughters—Misses Jessie Woodrow, Margaret Woodrow and Eleanor Randolph Wilson.

With the president, senate and congress next time, the Democratic party will be in position to make good and continue itself in power through the confidence of the people of the country. There will be no excuse for not doing so.

We hadn't thought to mention it before, but "Uncle Joe" Cannon got re-elected to congress from his Illinois district. But he went out near the figure he once did, about the only sameness being his long cigar.

Judge Bragaw is conducting court on business as well as legal principles. He does not allow the consumption of unnecessary time, but keeps things moving.

May we hope that out of the election an era of clean politics will come to North Carolina. Surely some people ought to be able to see the folly of the other kind.

The Bull Moosers say their fight has just begun. Well, there have been other things that never got far from the starting point.

There is no demand now for either bull moose or elephant meat, and the hides are hardly worth tanning.

The result of the election shows conclusively that claim bureaus do not always deliver the goods.

Teddy and Bill might call their vote off and make it unanimous for Woodrow.

They can name the boy babies "Woodrow" now without hesitation.

The country is waiting for the president's Thanksgiving proclamation.

Flagged Train With Shirt

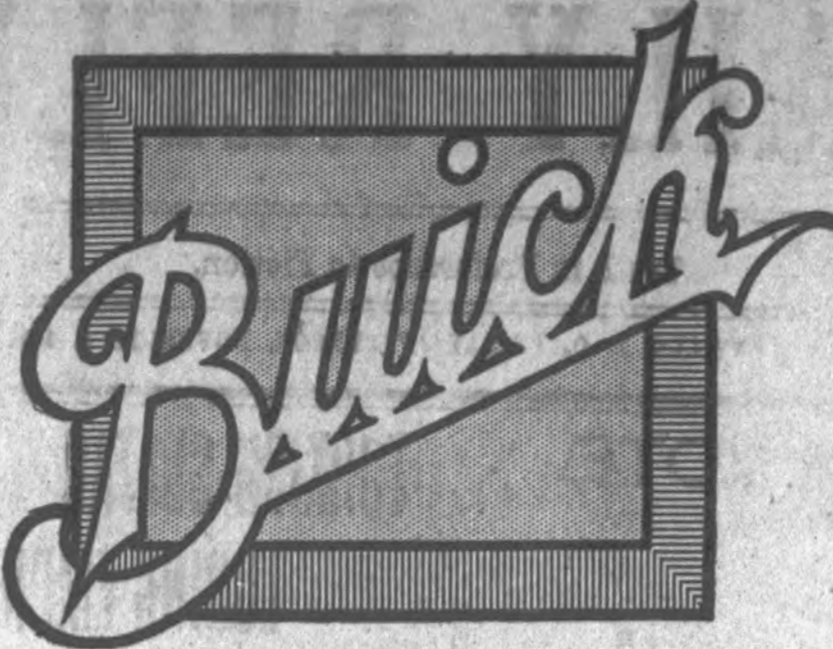

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in a bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists. adv

The Safest place
 for your harvest money is in this bank

Look at these two men. They have been to market their cotton. One put his money in the bank and the other one didn't. They were held up on the way home. The silly fellow who wanted to take his money home had to "deliver" to the robbers. The other was able to "give them the laugh." —His money was in the bank.

Take a lesson from this—put your harvest money in this bank like all other successful farmers. It is the safest place—withdraw it whenever you please.

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c and \$1.00. Doing Their Duty

Scores of Reflector Readers Are Learning to Duty of the Kidneys
To filter the blood is the kidney's duty. When they fail to do this the kidneys are weak. Backache and other kidney ills may follow. Help ehy kidneys to do their work. Use Doan's Kidney Pills—the tested kidney remedy.
Proof of their worth in the following:
W. A. Respage, 221 E. Fourth street, Washington, N. C., says: "I have used Doan's Kidney Pills and I know that they can be relied upon to cure lame and aching back and correct trouble with the kidney secretions. For some time my kidneys did not do their work as they should. I was subject to backache and pain when passing the kidney secretions. I used a box of Doan's Kidney Pills as directed and they gave my relief. That was nearly a year ago and I have had no need of a kidney medicine since."
For sale by all dealers. Price 50c. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
