Wholesale Surrender of Turks; Constantinople at Balkan Mercy

25,000 SOLDIERS OF THE SULTAN LAY DOWN THEIR ARMS AND UNCONDITIONALLY GIVE UP THEIR FIGHT AT THE VERY GATES OF THE TURKISH CAPITAL. THOUSANDS SLAIN.

MASSACRE OF CHRISTIANS STILL GOES ON

ATHENS, Greece, Nov. 9.—The capitalization of the Turkish fortress of Salokinki, as well as Fort Karaburum was signed last night, according to an official dispatch received by King George of Greece. Twenty five thousand and Turkish troops surrendered. Serious Disorders Reported in Constantinople

Paris, Nov. 9.—Serious disorders are reported to have broken out in Constantinople, where Kurd soldiers are said to be killing Christians in the Galata quarter, according to a special dispatch from Bucharest, Rumania, published by the Paris-Midi under reserve.

Fall of Turkish Capital Near
Vienna, Nov. 9.—The Bulgarians are now attacking with all their strength the remaining Turkish positions about Tchatalja and the fall of those vital Turkish defenses in front of Constantinople is only a matter of hours, according to today's dispatches from the Reichspost's correspondent.

The Bulgarian third army has penetrated far into the forest region, south of Derkeslake, preparatory to the advance on Constantinople, while the first army is engaged against the main Turkish position east of Tchatalja.

The position is not completely pierced but the end of the Turkish resistance appears to be in sight. The raw Turkish troops, large numbers of which were rushed out from Constantinople to meet the enemy's advance, are fighting strongly, but the exhausted veterans of the earlier battles are offering little serious resistance.

European Situation Grave
Paris, Nov. 9.—The European situation is considered in official circles here to be precarious. The French cabinet met today at the palace of the Elysee with President Fallieres. Premier Roincare read to his colleagues the latest despatches received from the French ambassadors at St. Petersburg, Vienna and other capitals, which lead to a discussion of what occurred at the cabinet council was made public and much obscurity continues as to the precise intentions of the various great powers.

Believe Allies Can Enter Capital
Constantinople, by way of Custandje, Roumania, Nov. 9.—It is the opinion of the best authorities here that the success of the Bulgarians in the earlier fighting justifies belief in their ability to enter Constantinople if they deem it necessary to do so.

Meantime the result of the application of Turkey for mediation is awaited with suspense. Information that the allies will insist on dealing direct with the Porte made a strong impression upon the officials and it is probable that the government would not dare sue for peace in present conditions.

Many of the schools in Constantinople are closed, parents being unwilling to have their children away from home while there is danger of a panic.

Turks Lose 6,000 at Philip
Uskup, Turkey, Nov. 9.—The battle which resulted in the capture of the Turkish city of Philip (or Perlepo) by the Servian troops was one of the most severe that has been fought on this side of the Balkan peninsula. The Servians lost 2,500 killed and wounded while the Turks suffered 6,000 casualties. The battlefield is still covered with corpses.

Owing to the broken nature of the country and the poor railroad communication the members of the Red Cross Society are experiencing the greatest difficulty in dealing with the wounded.

The fall of the Turkish stronghold of Monastir which is now being attacked by the Servian and Greek columns, is expected hourly.

The controversy between the theatrical syndicates and the American Federation of Musicians, which, for a time, threatened trouble, has been adjusted.

Roosevelt's Injury Liable to Cost Insurance Company Some Money

NEW YORK, Nov. 9.—There was a \$25,000 accident policy on the life of Colonel Roosevelt when he was shot in Milwaukee. This statement was made by the Outlook Company because of erroneous published articles.

April 20 the Outlook Company says it insured the life of the Colonel for \$100,000 and paid the premium for a year. May 2 the full premium was returned because the company which wrote the \$100,000 policy was unable to reinsure the Colonel as is customary in policies of this size.

June 14 the Casualty Company of America issued a policy on his life for \$25,000. This was in force at the time he was shot. No benefits have been paid upon it thus far.

Under the terms of the policy, although the Outlook company does not so state, the company will be entitled to \$125 a week while he was laid up and an additional sum as long as he is partly incapacitated.

Dr. K. V. Millard a Wonderful Interpreter of the Bible

The appearance at the Baptist pulpit, both at morning and evening services, of Dr. K. V. Millard, of New York, must have been of great benefit to the large congregations that gathered there for worship.

When it is taken into consideration that close students of the holy book (and we have this on their own authority) were taken over familiar verses and made to read such meanings as never suggested themselves to them before, what must have been the awakening of those that are only superficially acquainted with the pages of that wonderful book.

Dr. Millard is a lawyer, a scientist and a traveler and explorer of wide reputation; of perfect address and easy manner. The delivery of his sermon-lectures comes to the majority of his hearers more as a matter of news, than an explanation of history.

His years of study and actual research into the subject which is now claiming his entire time, have fitted him beyond explanation, for the work of enlightenment. Thus when quoting from the Bible he is able to enlarge and analyze Bible facts, which later on quotations from history corroborate. Dr. Millard unlike other lecturers does not stand up while speaking. His sitting position, when facing his listeners, does not, however, seem to afford him much comfort, as most of the time, he eagerly leans forward to drive home some important point; and most all he says is important.

Yesterday morning he lectured on "Our God, the God of Nature" and in the evening upon the mission entrusted to Abraham by God. At both lecture-sermons he was excellent captivating the congregations to a perfect attention.

Greenville people will have further opportunity of hearing this man with the wonderful memory of Bible facts, as he has consented to deliver other lectures from the Baptist pulpit during the present week.

NATIONAL MAJORITY AGAINST REVISION

Wilson Gives Statement on the Tariff

WILSON READS EDITORIALS
Says That Inasmuch As The Majority Of The Nation Had Not Voted For Him, No Revision

PRINCETON, N. J., Nov. 9.—"Very useful and important, indeed," was the comment which President-elect Wilson made today on the array of editorials, statements and declarations from prominent persons being published in various newspapers advocating or opposing an extra session of Congress to revise the tariff.

"Are you going to take all these clippings with you on your vacation?" he was asked.

"Oh, no," replied the Governor. "I've read them already. The newspapers certainly are helping me in my listening policy."

The attention of the President-elect was called to an argument in an editorial that inasmuch as he had not received a majority of the popular vote and that since both the Republican and Progressive parties favored a policy of protection, therefore, the country had voted against tariff revision.

"That's queer reasoning," remarked the president-elect. "They overlooked the fact that many state legislatures went Democratic, which means Democratic senators and likewise that there were a great number of Democratic congressmen elected."

Southern Agricultural Workers Will Next Meet In Alabama

RALEIGH, Nov. 9.—The Associated Southern Agricultural Workers, after a three day's session here today selected Montgomery, Ala., as the next meeting place and elected the following officers: President, Dr. C. A. Carry, Alabama; vice president, E. R. Kone, Texas, and Andrew M. Soule, Georgia; secretary, B. W. Kilgore, Raleigh.

A Real County Fair
Pitt county is going to hold a real county fair Thursday and Friday, just as it held last year. There will be no side shows or money fleecing fakes of any kind. The secretary has had more than a hundred applications from shows and different things wanting concessions, but none of them were permitted to come. The town authorities back up this management in this and will not grant a license for a show any where in town during the fair. It is a free fair for the people and we want them all to come and have a good time together.

Strenuous War On Blind Tickers Being Waged by Law in Pamlico

NEW BERN, Nov. 9.—Sheriff A. H. Stephens, of Pamlico county, says that the activity of the North Carolina League, combined with that of the local authorities, in breaking up the liquor traffic in that county recently, has had a decidedly good effect. At the last term of court in that county a large number of whiskey sellers were tried and sentenced to the roads and this has scared the others so badly that they have quit their nefarious business.

Bryan at Corner-Stone Laying
WASHINGTON, D. C., Nov. 11.—William J. Bryan delivered the oration today at the laying of the cornerstone of the new building for Sibley Memorial Hospital in this city. Bishop Earl Cranston presided at the ceremonies.

JACK JOHNSON IS LOCKED UP IN CELL

White Prisoners Would Not Have Him

CASH BAIL NOT ACCEPTED
Black Pugilist Is Held As Result Of Federal Jury Investigation. Broke The "White Slave" Law

CHICAGO, Nov. 9.—Jack Johnson's first night in the Cook county jail netted him six hours sleep.

"You know I've been disturbed a whole lot in the last month or so," said the pugilist, before retiring after his efforts to obtain freedom had been frustrated by irregularities in bail bonds that were intended to hold him for trial on charges of violating the "white slave" law.

Johnson was assured that he would not be disturbed.

When he awoke six hours afterward, he declared that he had passed a restful night. He was eager for a sight of the newspapers and bought a copy of every one available.

A request of the pugilist that he be moved to a larger cell was denied.

Disorder among the white prisoners in the county jail when they learned that Johnson had not been locked up in the negro section of cells, became so great the turnkey took Johnson to the jail hospital until a cell could be cleaned out in the negro section.

Johnson was much annoyed by the epithets shouted at him by other prisoners and by the necessity of being locked up with members of his race.

Attorney for Johnson failed today to issue out a writ of habeas corpus before United States District Judge George Carpenter and the negro remained in the county jail.

Judge Carpenter refused to interfere in the case, which thus far, has been handled by Judge Landis. Mean while United States District Attorney Jas. H. Wickerson and his assistants questioned other witnesses from whom they expected to obtain additional facts relating to Johnson's relations with white women insofar as they came under sections of the Mann act.

Record of Large Loans Was Kept in Pencil On Paper Strip

KANSAS CITY, Mo., Nov. 9.—An administrator's report of the estate of J. K. Zimmerman, a cattleman of Waco, Texas, who died in Excelsior Springs, Mo., October 6, filed in the probate court here today values the estate at \$1,140,245.

Administrators found that \$160,000 of this amount represented loans to Texas cattlemen in sums of \$5,000 to \$25,000 of which the only record kept was a penciled notation on a slip of paper. All were found to be gilt edged.

Mr. Zimmerman died interstate. He was unmarried and often had told friends he never would make a will because of a superstition that once a will is made death of the maker follows soon. Several probable Zimmerman heirs have been located.

Brilliant Opera Season in Prospect
NEW YORK, Nov. 9.—With every prospect of eclipsing all records for variety and brilliancy. New York's annual season of grand opera will open Monday night at the Metropolitan Opera House. The season will last twenty-three weeks, one week longer than usual. The chief feature of the season will be the opera in English by W. J. Henderson and Walter Damrosch. The opera bears the title "Cryano," and is based on the famous play of Edmond Rostand. An afternoon cycle of "Der Ring des Nibelungen" will be given during the season and there will also be several performances of "Parsifal."

The annual convention of the American Federation of Labor will be called to order in Rochester Monday, by President Samuel Gompers.

Progressives and Republicans in Illinois Join Hands in Sen. Contests

Commoner Really Not Considered For Place in Democrat Cabinet

NEW YORK, Nov. 9.—It was stated by men who were close to Governor Wilson that, unless there is a change in the President-elect's plans, William J. Bryan will not be Secretary of State or occupy any other cabinet portfolio.

William McCombs, after a visit to President-elect Wilson, coyly parried queries as to whether he is to become a member of the cabinet. He said it hadn't been considered or even mentioned.

"How about your maintaining permanent national headquarters?"

"We shall remain at the Fifth avenue building a few days. Then, I think, I will remove them to the little office down town where we began the campaign nearly two years ago to make Wilson president. We shall maintain a branch in Washington in all probability."

CONGRESSMAN SMALL SAYS CALL EXTRA SESSION OF CONGRESS

Congressman John H. Small received the following wire from the New York World this morning:

"Kindly telegraph the World whether you favor calling an extra session of congress immediately after the inauguration to revise the tariff. An immediate answer will greatly oblige." Congressman Small sent the following reply:

"In my opinion the president-elect should call an extra session of Congress immediately after his inauguration, which should be devoted exclusively to the revision of the various tariff schedules. This revision should include the elimination of all inequalities, injustices and secret favors. The Democratic party is under obligation to do this much. The country has endorsed our position. The industrial interests expect such a revision. The sooner this legislation is enacted the better will the ends of justice be subserved and equality of industrial opportunity restored."—Washington News.

Dr. Vann Tonight
People of Greenville who know him well, will have the opportunity to complete unofficial returns from fifty-five counties and from thirty-one counties incomplete show the vote for president to be: Taft 59,720; Wilson, 96,451; Roosevelt 113,523.

A complete count on the legislative ticket gives the House of Representatives 109 Republicans, 18 Democrats, 1 Prohibitionist, 1 Public Ownership and 1 Independent Republican.

The senate is the same as two years ago. All of the members holding over. That body, politically, is as follows: Republicans 41; Democrats 20; Prohibitionist 1; Socialist 1; giving the Republicans on joint ballot a majority of 100.

Oregon Elects Democratic Senator
Portland, Ore., Nov. 9.—Returns from every county in Oregon practically complete, except one, give for United States senator: Lane, Democrat, 36,247; Selling, Republican, 34,748; Bourne, Independent Republican (incumbent), 24,376; Clark, Progressive, 9,945.

These figures assure Lane's victory and gives Oregon another Democratic United States senator.

For president the vote stood: Wilson 42,363; Roosevelt 33,169; Taft 21,512.

Wilson May Carry Idaho
Boise, Idaho, Nov. 9.—Returns received early today show President Taft still in the lead but only by a small margin. Districts not yet reported formally show a Democratic plurality and may place Idaho in the Wilson column.

Great Paris Art Sale
PARIS, Nov. 11.—Collectors and dealers from Europe and America were present today at the beginning of the sale of the second section of the famous Dollfus art collection. The sale will continue through the week. The lot to be disposed of includes many valuable and modern paintings.

A NUMBER OF STATES ARE STILL ON THE DOUBTFUL LIST AS TO SENATORS. OREGON ELECTS A DEMOCRAT TO THE SENATE. MINNESOTA SEEMS TO FAVOR BULL MOOSE LEADER

WILSON RUNNING SECOND TO TAFT IN IDAHO
WASHINGTON, Nov. 9.—It may be two or three days before it will be known definitely whether the Democrats will be able to reorganize the senate on more than a tie vote with the Vice President's vote giving them control.

Dispatches from Michigan, South Dakota, Tennessee and Wyoming leave the legislatures in doubt, but indicate Democratic success in Tennessee and Republican victories in South Dakota, Michigan and Wyoming.

The situation in Illinois has cleared somewhat. There the Republicans and Progressives have 104 votes, which is one more than enough to elect on joint ballot. The selection in Illinois must be the result of a combination between either the Republicans and Progressives or the Progressives and Democrats.

Just where the combination will lead to no one can predict, but it looks as if Illinois may send a Progressive and a Republican to the Senate. That certainly would seem to be the most natural combination for the Progressives do not profess all the doctrines espoused by the Democrats.

Senator Hoke Smith, of Georgia, and Senator Bacon, his colleague, expressed themselves as sure that their party would control the Senate after March 4th. Senator Bacon came down from New England and his colleague was among the first of the Senators from the south to return to the capital.

Senator Smith spent a month at headquarters in Chicago, where, with Senator Reed, of Missouri, he made it his business to look after the legislatures of the various states.

Senator Smith said that while the number of states Mr. Wilson carried was somewhat of a surprise, he had been convinced for several weeks that the Democratic party would come into power in the senate with the election of the Democratic presidential candidates.

The Wilmington Dispatch says "Some folks never appreciate getting up in life. A Fayetteville man wants damages because he made an unexpected balloon ascension". Yes, and he went up and came down without a scratch, while if he had got killed he would never have opened his mouth about it.

Whether the delay is due to a lack of stability among the laborers, or a difficulty in getting material, or both together, we are not prepared to say positively, but it takes a long time between the beginning and completion of a building.

The wind up of counting shows that "Uncle Joe" Cannon lost out on getting back to congress, his district having gone Democratic by about six hundred majority.

The colonel said he would not stand for a third term. Thought he changed his mind the people took him at his word and had not changed their minds.

Charlotte is going after President Woodrow to get him to attend the next celebration of the Mecklenburg Declaration. We hope the invitation will bring him.

Thanks for the chiding, Phillips. We won't do so any more.

Campaign bills and election bets are past due.

AFTER BROTHER CLAUDE

Good-bye Cole Blaise Claude, your days in Congress are numbered. For 12 years the people of the Second District have honored you as they have honored no one else in this generation. Early last spring in convention assembled the banner of Democracy was again placed in your hands to carry aloft as a beacon for others to follow, but instead you trailed it in the mud and during the strenuous campaign just ended you contributed neither of your time, your talents or your means to the success of Democracy but used all the power and influence at your command for selfish purposes. In doing this you did not hesitate to resort to unfair and unjustifiable methods to accomplish your purposes; even going out of your way to attack a man who had not even mentioned the names of the Senatorial candidates in his paper for ten months and had not asked a living soul to vote for either of them. You assailed other good men whom you thought in your way in the same manner. The people of the district

are fair, honest and intelligent and they will not longer tolerate your methods. When the term for which you have just been elected has expired the people of the district will retire you to private life there to ponder and repent in sack-cloth and ashes before they will again place the banner in your hands. But we predict that in less than four years you will be found fighting democracy under another banner.—Rich Square Times

In the first place, it is from a citizen of Greenville and can be thoroughly relied upon. In the second place, it indisputably proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully:

Mrs. E. G. Worthington, Washington street, Greenville, N. C., says: "I have been so greatly benefited by Doan's Kidney Pills that I am glad to recommend them. My back ached nearly all the time and I could not rest well. The kidney secretions caused me annoyance and it was plain to see that I was suffering from kidney trouble. Look at these two men. They have been to market their cotton. One put his money in the bank and the other one didn't. They were held up on the way home. Notes From Chapel Hill

CHAPEL HILL, N. C., Nov. 5.—Since politics is the leading issue of the day, we could not attempt to write without first saying that we are anxiously waiting to see how the die will be cast in today's election.

The Progressive Club accepted an invitation from the Wilson Club for a joint debate and met in General Hall Friday night where both sides were very ably discussed. There were three speakers on each side all being students. Each speaker had thoroughly familiarized himself with his subject. There were a plenty of supporters on each side to do the cheering for his men.

In celebration of "Wilson Day", the boys gathered on the campus Saturday night, had a bon fire, heard Wilson's message read and then with lighted torches formed into a line and marched over town and exercised their lungs by yelling for the next president.

During all this excitement the Pitt county boys found time to meet in the Tar Heel room of the Y. M. C. A. and organize a county club. The following were elected as officers: David C. Moore, Jr., president; G. H. Cox, vice president; E. C. Worthington, secretary and treasurer.

The club will hold its first meeting Friday night and discuss plans by which the club may get in touch with the principles of every preparatory school in the county. The club is small at the present time but there is a chance for growth. They will take great delight in sending out catalogues and general information to prospective students.

Delegates representing 70,000 Southern women will assemble in Washington the first of the week for the annual convention of the United Daughters of the Confederacy. A leading feature of the convention will be the laying of the corner stone for the Confederate monument to be erected in the Arlington National Cemetery.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

Trial in Headless Woman Mystery
Providence, R. I., Nov. 9:—The case of Henry Deslovers, who is charged with the murder of the woman whose headless body was found in the Blackstone river last June, will come up for trial in the superior court here Monday. The victim of the murder is supposed to have been Angelo Delmarie, but the failure to find the missing head has prevented positive identification. The Delmarie woman disappeared shortly before the discovery of the body and witnesses testified that she had last been seen walking towards the river with Deslovers, with whom she lived. Both the man and woman were Franco-Belgians and were employed in the mills at Woonsocket. A week or so ago Desire Capart, a friend of Deslovers, was arrested as an accomplice in the alleged murder. He was given a preliminary hearing in court today.
