JAPANESE PEOPLE ARE DISAPPOINTED OVER RACE ISSUES

Failure of Getting "Equality of Races" in Peace Terms Displeases.

PASSAGE IN THE RACIAL CLAUSE DISAPPOINTING
Standard of Nation Cannot be Judged from Present Situation, Is Said.

Tokio, June 7.—Failure of the Japanese delegates to secure the introduction of an "equality of races" clause in the league of nations covenant caused deep disappointment throughout the Japanese nation and has led to a serious self-examination on the part of the Japanese people. The disappointment was all the more bitter because at first a despatch came from Paris announcing the adoption of the racial clause.

Japanese who frankly discussed the problem said they could not understand on what standards Japan was judged to be a first class power. If it were merely because Japan was strong in a naval and military sense, this was not flattering to the Japanese amour-propre, who would much rather have it based on standards of civilization, capacity and culture. Yet small countries like Holland and Belgium, they said are placed on a footing equal with the United States, France and England.

"We are keenly disappointed," wrote the editor of one paper. "It is as if we had tumbled from a very high precipice. We must look into our hearts examine ourselves rigidly and see why we are not permitted to join the other nations of the world on a footing of real equality."

OVER HUNDRED ALASKANS SUCCUMB TO INFLUENZA

Seattle, Wash., June 7.—One hundred and sixty natives at Bristol Bay and Unalaska, Southwestern Alaska, have succumbed to influenza during the last ten days, according to cablegrams received today by W. T. Loep, of the Alaska division, bureau of education.

RESOLUTION PASSED FOR COPY OF GERMAN TREATY

Washington, June 7.—The resolution of Senator Johnson, Republican, of California, requesting the State department to furnish the Senate with a copy of the German peace treaty was adopted today by the Senate without a roll call, without further debate and with only a handful of senators present.

FIRST STEPS TOWARDS DRAFTING TARIFF BEGUN

Washington, June 7.—First steps toward drafting tariff legislation will be begun Tuesday by the House ways and means committee. Chairman Forrester announcing today that hearings would be started then to determine what legislation is necessary to protect the American dye industry that sprang up during the war. He said a separate measure, relating only to this industry, would be drafted.

WAR DEPARTMENT WILL DISPOSE OF TEXTILES

Washington, June 7.—More than 5,000,000 yards of textiles will be disposed of by the war department through sealed bids on June 18. The material ranges from a remnant of 58 1-4 yards of black Albert will to 200,000 yards of blue and white ticking, and included cotton shirts, sheetings, sateen, mohair serge, moleskin, grey duck, outing flannel and brown denim.

Whiskey is one of the rules that declines to work both ways. It provides headaches, but headaches won't provide whiskey.

A silver lining may have a copper cloud.

MEDICAL SOCIETY ENDORSES EFFORTS OF DR. C. P. FRYER

County Medical Men Request Commissioners to Investigate Resignation.

ACTION OF STATE BOARD IS SEVERELY CRITICISED
County Doctors and Public Wrought Up Over Radical Change in Office.

As surprising in its origination as a bolt from a perfectly clear sky, the report that was circulated throughout this section of the state late yesterday afternoon that Dr. C. P. Fryer, director of public health work in Pitt county had been requested by the State Board of Health to resign, was nothing more than electrical in its suddenness as the thoroughly competent services and unremitting labor that the health officer has instilled in the work among the people of this territory during the past few months in which he has been in charge of the health department, has made such an impression with the masses that such a thing as a request for dismissal from service had never been dreamed of in the slightest extent, and has caused no little indignation among prominent members of the medical profession of the city and county, as well as general mass of people who have watched with particular pride his unselfish, wholehearted efforts in alleviating suffering and placing the health situation upon a higher plane.

The first intimation of the intention of the State Board of Health in removing Dr. Fryer from office was presented at the regular monthly session of the County Medical Society con-

TELEGRAPH FORCE NOW ON EXTENDED STRIKE IN GEORGIA

In Response to Order of Union, Many Men Quit Jobs in Cities.

Atlanta, June 7.—In response to the strike order issued by the Commercial Telegraphers' Union of America against the Western Union Telegraph Company in the Southeast, following an order of Postmaster-General Bureson last night restoring operation of the wire systems of the country to their former owners, members of the union left their keys in many cities of the south today. It was officially stated at the Southern headquarters of the telegraph company here at noon that less than 300 operators and other employees had responded to the strike call. The estimate of representatives of the union at that time was that more than three thousand employees of the company had walked out.

MEXICAN REBEL CHIEF SLAIN IN BATTLE, SAID

Mexico City, June 7.—Jose Ines Davilla, former federal general, it was announced officially today has been killed in battle in the State of Oaxaca after having been in revolt against the government for more than four years. Davilla at one time was governor of the State of Oaxaca.

Its value during the war inestimable and, with the coming of peace and the efforts to build up in this country an efficient merchant marine, the bureau has thrown open to the public and particularly to the ship owners, charterers, shippers, insurance interests and maritime business generally, the facilities of its vast and far-reaching service.

In nailing a lie it is a good plan to clinch the liar.

CITY CHAUTAUQUA GUARANTORS PLAN FOR TICKET SALE

Members of Local Committee in Short Session Here Last Evening.

SURROUNDING SECTION DIVIDED INTO DISTRICT
Captains Appointed for Ticket Selling Team of Each Territory.

The Chautauqua guarantors met last night in the Chamber of Commerce room and arranged for the sale of the season tickets for the Chautauqua which begins Monday afternoon, June 10th.

The city and surrounding territory were divided into districts and a captain was appointed for the tickets selling team selected for each district. The following are the captains selected. Wards one and two, Capt. R. Williams; ward three, C. Washington; ward four J. C. Gaskins; ward five, T. A. Person; for townships outside of Greenville, Guy Smith. Tickets will also be on sale at the three banks, the drug stores, Hart and Hadley's, Willard and Smith's. Mr. J. N. Hart chairman of the ticket selling committee, and out of town orders can be phoned to Hart and Hadley's store.

The guarantors count Chautauqua as one of the things Greenville and Pitt county can't afford to be without. Their interest in the movement is so great that they unanimously voted to do the ticket selling themselves this year giving their own valuable time to this service for their community. They will begin their canvass Monday morning. Be ready to order your tickets when they call. They confident.

CHARGE BULESON WITH PASSING THE BUCK IN GENERAL

Order of Abolishing Wire Control Produces Criticism in Every Way.

Washington, June 7.—Postmaster-General Bureson's order abolishing the wire control board in New York and restoring the operating of the telephone and telegraph properties to officials of the companies, acting as agents of the government, was attacked today by members of congress, some of whom charged that Mr. Bureson had "passed the buck" because of threatened nation-wide strike of members of the Commercial Telegraphers' Union of America.

Immediately after Mr. Bureson's order was issued last night, S. J. Konenkamp, president of the telegraphers' union, ordered a strike if members of the union employed by the Western Union Telegraph Company in the ten Southeastern States and reports from the chief cities in that territory today showed that scores of operators as well as some clerks and messengers had quit their posts.

ITALY IS GRANTED NEW CREDIT FUNDS, IS SAID

Washington, June 7.—A credit of \$10,000,000 in favor of Italy was announced today by the treasury making a total of \$1,581,500,000 for that country and a total of \$9,390,219,124 for all the allies.

FOUR PERSONS WOUNDED IN DUBLIN RIOTS, SAID

Buenos Aires, June 7.—The heaviest snowstorms in recent years probably have stopped communication between Argentine and the United States by way of the trans-Andine railway and the west coast until spring. Snow slides have torn up the trans-Andine railway at points and wrecked bridges.

NATIONAL SHIPPING BUREAU PROMOTED IN MANY SECTIONS

The Establishment of Government-Controlled Bureau Has Done Much Good

VALUE DURING THE WAR ALMOST INDESCRIBABLE
Far-Reaching Effect of Service Commented on by National Experts.

New York, June 7.—The establishment of a government-controlled bureau of shipping information, through which maritime interests of the United States are advised daily through official sources and without cost, of the movements of practical all the merchant ships of the world, is an outgrowth of one of the activities of the Navy department during the war.

This bureau, conducted by what is known as the Naval Communications Service, was instituted shortly after this country entered the conflict. It was made necessary for the reason that prior to that time there was no organized branch of the government through which the movement of ships could be obtained on short notice. The demands of the navy and war departments, the United States Shipping Board and allied war interests required that there be at hand at all time as carefully revised record of all ships—not alone of their movements, but details as to their tonnage, speed, specifications as to build, etc.

Under the direction of a naval officer, with assistants recruited from the marine departments of press associations, daily and marine publications, etc., the bureau was established and arrangements were at once made for prompt and reliable despatches from all parts of the world concerning ship movements, this service embracing not only the activities of the telegraph and cable but the government-controlled wireless as well.

The striking telegraphers are tying up the wires.

INVESTIGATION TO BE CONDUCTED IN TUNNEL EXPLOSION

Pennsylvania Authorities Trying to Investigate Conditions, Said.

Wilkesbarre, Pa., June 7.—State and local authorities today were conducting separate investigations into the explosion in a tunnel of the Delaware and Hudson Coal Company yesterday that cost the lives of 83 men and the injury of 50 others. Many of the injured were seriously burned and maimed and it is feared many of them cannot recover.

There was a difference of opinion as to the exact cause of the accident, which occurred while the men were on their way to work in a train of fourteen cars drawn by an electric motor. In the middle of the train were two cars containing seven kegs of black powder. According to survivors the overhead trolley wire sagged when the train had penetrated the tunnel about 200 feet and touched a steel powder keg, forming a short circuit and setting off the powder. Officials of the company, after an investigation, expressed the opinion that a steel bar or drill carried by one of the men came in contact with the wire, forming the short circuit which caused the powder to explode.

Some men call women angels—but then you can't believe a word some men say.

Hail insurance makes dark clouds bright. H. A. White. 2-7

BAPTIST REVIVALS WILL CLOSE WITH SUNDAY SERVICES

Series of Service at Memorial Church to Come to End Tomorrow Night.

MR. PADGETT PREACHED STRONG SERMON FRIDAY
Showed Great Love of God for People of the Present Generation.

Despite the number of eventualities that have recently arisen in retarding the general progress of the revival services in progress at the Memorial Baptist church in this city, interest at this time continues to be manifested in no uncertain manner, and as a result, there are mighty fine prospects that the meeting will come to a termination under favorable circumstances, with splendid work realized during the two weeks of religious awakening.

Last night Mr. Padgett entered into his work, made more severe and difficult by the absence of Dr. Bruner, with a spirit depicting unusual determination for final success of the meeting, and his intelligent exposition of facts relating to the infinite love of God for the people of the world were so comprehensive and unspeakably indisputable that they made an indelible impression upon the minds of his hearers not to be obliterated by the constant changes of time and the acquisition of greater knowledge of the work of God. Taking his text from the 3rd chapter, 16th verse of St. John, in which Jesus quoted the following lines of life to Nicodemus, ruler of the Jews: "For God so love the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have everlasting life." Mr. Padgett interspersed various illustrations, and presented fact after fact showing that God does love his people with a tenderness that surpasses all human understanding.

There are various kinds of Gods (Continued on page four.)

FIVE TRANSPORTS BRING OVER 9,000 MEN FROM FRANCE

Troops from Europe Arrive in New York After Successful Voyage.

New York, June 7.—Nine thousand returning troops arrived at this port today aboard the transports Santa Ana, Pamonaia, Pretoria, Britannia and Von Steuben. The majority were composed of organizations from 57th, 36th and 51st divisions.

The Madawaska followed the Von Steuben, bringing 2,835 officers and men including units of the 88th and 90th divisions.

The troopship Santa Cecelia, bringing 2,004 soldiers, steamed into the harbor at noon. The majority of troops are of the 90th division.

The Italian ship Duca D'Aosta arrived a few minutes later with middle west soldiers aboard. A number of these will go to Fort Caswell, N. C.

FORD LITEL SUIT WILL CONTINUE OVER A MONTH

Mount Clemens, Mich., June 7.—Direct evidence for the plaintiff in Henry Ford's libel suits against the Chicago Tribune was completed today and presentation of the defense expected to last a month, was begun.

Better hold on to what you have than to reach for what you can't get.

Fame is a plant that cannot be forced in a hothouse.

May the best man win—the pretty bridemaid.

AMERICAN SOLDIER STUDIES SITUATION OF FOREIGN RACES

Two Thousand Military Officers Broadening Intellectuals Abroad.

LONDON IS FAVORITE HUNTING GROUND, SAID
Famous Spots Are Visited and Viewed Intention of Research.

London, June 7.—Two thousand young American military officers, who have been detached from their commands in order that they may attend lectures in the leading universities of the British Isles, are broadening their knowledge by seeing some of the countless points of interest with which the country abounds.

London is their favorite "hunting" ground. Westminster Abbey, St. Paul's Cathedral, the Houses of Parliament, the Tower and Buckingham Palace early claimed their attention. They then turned to the haunts of Dickens, Johnson and others whom they looked upon as old friends.

Now that spring has come they are extending their search to the London suburbs and to other parts of the country.

Yesterday numbers of the student officers sought such places as Hampton Court and Kew Gardens, famous the world over for their varied and beautiful foliage. Many of them are engineers, and with a thrifty thought for the future slung their cameras over their shoulders and prepared to preserve for future reference such bits of landscapes gardening as caught their individual fancies. But in this they were disappointed, for the ancient but polite guardian at the Key gate temporarily collected the cameras and told them Sunday photography was forbidden in Kew.

APPEAL TO CONFERENCE FOR AID AGAINST CRIME

Washington, June 7.—Chairman Lodge of the Senate foreign relations committee, today made public a cablegram from Andrea Ossoinack, plenipotentiary for Finic at the Paris peace conference, appealing to the United States to lend its aid in preventing "perpetration of one of the greatest injustices known in history."

MORE CAROLINA TROOPS EXPECTED ARRIVE SOON

Washington, June 7.—Expected arrival of the transport Walter A. Luckenbach at New York, June 10, with units of the 51st or "Wildcat" division, composed of men from North Carolina, South Carolina and Florida, was announced today by the war department.

The vessel is bringing headquarters, second and third battalions, sanitary and ordnance detachments, supply and headquarters company and companies A to M inclusive of the 323rd infantry.

INVADERS ARE DRIVEN OUT BY COSTA RICANS

Washington, June 7.—The invading forces have been completely driven out of Costa Rican territory and have taken refuge in Nicaragua, said a cablegram received today by Carlos Lara, Costa Rican representative here. The message further stated it was believed the Nicaraguan government would concentrate against the forces and thus prevent the shedding of blood and the stirring up of hatred between the two republics.

SATURDAY, JUNE 7, 1919

THE HEALTH OFFICE SITUATION

The action of the State Board of Health in requesting the resignation of Dr. C. P. Fryer, director of public health work in this county, has justly excited no little indignation on the part of members of the medical profession of the city and county, and county, and while it is very evident that the directors of the state institution are anticipating removing such a worthy and deserving man from the position without creating adverse sentiment and precipitating inauspicious occurrences, there is, nevertheless, adequate latitude for concerted action on the part of people interested in Pitt county's future, and present indications are that they are going to take advantage of expressing their sentiment in the matter, as has already been shown in the resolution adopted by the County Medical Society in requesting the county commissioners to make a thorough investigation of the matter and act with the best interest of the county in view.

That Dr. Fryer's services have been anything but commendable and inspiring of the greatest confidence in his efficiency since his connection with the local department, is shown in the direct sentiment and attitude of members of the county medical profession, if these men can endorse his work in the past, as they have already done without a dissenting voice, at the same time realizing the conditions of the surrounding community and the difficulties which he has overcome, there is very little room left for criticism on the part of people not intelligently informed and enlightened of the true situation of the health work as taken from a physician's standpoint.

We have had sent us by State Board Health four different directors from the county health department within a period of eighteen months; it has seen the advisability even now of displacing an individual whose single efforts have accomplished more in the direction of placing Pitt county in the front ranks of recognized health channels than all other members since the establishment of the department, so when and where is it considering the interest of Pitt county people as a whole. If doctors are not capable of judging one another's efforts, the same northern force directing the State Board of Health is hardly capable of having the slightest knowledge of the requirements here in this territory, and cannot possibly comprehend the exacting demands that have been made of Dr. Fryer in surmounting the obstacles confronting him in the early stage of his work—obstacles and difficulties made more severe and more numerous by the constant changes of his predecessors, and the inability of the people to discover exactly in what direction the health office would eventually divert its resources.

If constant, inconsistent and radical changes in health directors is to continue as a permanent acquisition to Pitt county's health department, we fail to see where the co-operative plan of the State Board of Health has a direct bearing and interest to the people, and therefore, as the county already pays 60 per cent for the support of the office, the possibility of an individual health department, conducted under the direct supervision of men who are thoroughly enlightened as to both the city and rural requirements, presents itself with additional force just at this time.

Pitt county does not expect anything so very great from the international health sources, and the Rockefeller Foundation direction, and for that reason, and solely for that reason, it is looking to the State Board of Health for intelligent, and as near infallible action as demanded by the people. Dr. Fryer has displayed no little discretion and ability in dealing with the

public health work of the county, in fact, his services have been featured by careful consideration and appreciation of the people's desires, who, in return are co-operating with him in every way to place the county ahead of surrounding communities in health work. If changes in the health directors are to occur as frequently as heretofore, it is certainly going to be advisable for a tag to be placed upon every new employee's shoulder, reading: "I am Pitt county's new health officer." The Reflector regrets exceedingly that such a deplorable situation should have come about, for, as others, it has recognized Dr. Fryer's sincere, earnest efforts in helping the people maintain better health conditions, and never a single time refused to obey the slightest demand placed upon him in the performance of duty.

As might have been expected under the very liberal offer of The Home Building and Loan Association, backed by the resources of the three banks of Greenville, there have already a number of applications for loans to build houses been made to the secretary of the association. We do not believe any year in many is going to offer an opportunity to build as cheaply as it can be done this summer. With unprecedented foreign demand for all kinds of material to rebuild the devastated regions of Europe, there seems no alternative but that prices will continue to advance, therefore those who contemplate building have nothing to gain by waiting.

CITY CHAUTAUQUA GUARANTORS PLAN FOR TICKET SALES

(Continued on page two.)
 ly expect to have every ticket at their disposal sold by Friday night. The contract requires that no season tickets be sold after Chautauqua opens. It also says that no single admission tickets can be used to meet

the guarantee.
 So if you would stand behind behind your guarantors, who make these seven joyous days possible to you and your family, buy season tickets. It is your advantage to do so, if you add up the cost of single admissions for the whole program, it is \$5.85 and night sessions alone cost \$3.75. A season tickets to the entire program every afternoon and evening during the week costs only \$2.50. After the number allotted for sale are disposed of no more can be obtained.
 Co-operate with your unselfish guarantors in bringing such a wonderful array of talent to give your community so much pleasure.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-123

Home Building & Loan Association

To The Public

Realizing the importance of the movement to provide additional housing facilities in Greenville and the present urgent demands, we wish to announce that funds for building purposes will be immediately available at our institutions when applications for loans have been approved by Board of Directors of the Home Building and Loan Association. We make this offer hoping that it will be taken advantage of, and will in a measure tend to relieve the present situation.

THE FARMERS BANK.
 NATIONAL BANK OF GREENVILLE,
 GREENVILLE BANKING & TRUST CO.

PERSONALS

Dr. L. L. Williams, a member of the State Board of Health, is in the city today, conferring with Dr. Fryer, of the local health department.

Messrs. R. C. Flanagan, E. G. Flanagan, S. T. Hooker and C. S. Forbes motored to Seven Springs Friday evening to spend the week end.

Mrs. D. S. Spain, Jr., and Miss Fannie Spain left Tuesday afternoon for Spartanburg, S. C., to attend the commencement exercises at Converse College, their Almar Mater. Miss Spain will sing at the baccalaureate services on Sunday morning, having been invited to do so by the President and the Dean of the Music Department, her former vocal instructor. This is no little honor bestowed upon Miss Spain as it is customary, with the College, on such occasions, to have noted singers take the part that is to be taken by her.

MISSION BAND TO MEET.

The Mission Band of the Christian church will meet tomorrow immediately after Sunday school. Every member is urged to be present and bring their mite boxes.

SPECIAL COMMUNICATION.

There will be a special communication of Greenville Masonic lodge 284, Tuesday night. Work in 3rd. degree.

DENTAL CLINIC TO BE IN FARMVILLE WEEK OF 9TH

The dental clinic recently established in this county through the State Board of Health, under the direction of Dr. Alfred Schultz, will be in Farmville beginning the 9th of this month and continuing throughout that week. Work in this city will be brought to a completion this afternoon, and hereafter the clinic will be carried into every school district for a period of one day or more, as the occasion demands.

Adv. Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

MRS. N. W. OUTLAW ENTERTAINS Complimentary to Mrs. Lea, of Danville, Va.

On Friday afternoon from thirty until seven-thirty o'clock, Mrs. N. W. Outlaw, charmingly entertained a large number of friends in honor of her house guest, Mrs. C. W. Lea, of Danville, Va. The attractive bungalow on Fourth was never lovelier than with its decorations of sweet peas, gladioli, daisies and ferns. Numerous pink tapers shed a soft light over the scene. The dining room was perhaps the most elaborately decorated. The table was arranged with a pretty center piece of sweet peas, while bouquets of sweet peas were suspended with tulle from the chandelier above.

As the guests arrived, Master Edward Outlaw and little Miss Martha Lea received the cards. Mrs. S. T. White and Mrs. E. B. Ferguson greeted the guests at the door. Mrs. S. E. Gates and Mrs. H. S. Ragsdale were receiving in the reception hall and showed the guests to the punch bowl. Mrs. James M. Hines, Mrs. N. O. Warren, Miss Smith and Miss Ruth Cobb presided at the punch bowl, and served delicious punch and sandwiches. Mrs. A. M. Moseley and Mrs. R. J. Cobb presented the guests to the receiving line. In the receiving line were the hostess, the honoree, Mrs. Hyman Phillips, of Tarboro, Miss Evelyn Lang, a June bride-elect, Mrs. T. M. Gorman and Miss Iva Shelburn. From the receiving room, Mrs. J. L. Wooten and Mrs. W. L. Best showed the guests to the dining room. Here they were received by Mrs. A. L. Blow, Miss Eva Spears and Miss Rubelle Forbes. A pretty ice course and salted nuts were served by Misses Mary Harding, Henrie Long, Bessie Brown and Blanche Patrick.

An orchestra furnished music in the rear hall throughout the delightful entertainment and added much pleasure to the occasion.

NO JURY FOR COUNTY COURT MONDAY.

Because of requests in behalf of those busy in the cultivation of crops, the jury that it was intended to have on Monday 9th in the county court has

been continued to Monday June the 23rd. The fourth Monday in June. All bonds will be continued, so will obligations of witnesses to attend, until the fourth Monday in June. All persons who have been directed to attend this court on jury trials next Monday, the 9th, are directed not to appear on that day. The jury term is continued to June 23rd.

J. F. HARRINGTON, Clerk.

The best place you can be tomorrow is in church.

Adv. Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.

 best equipped printing companies for
 commercial printing in this part of
 the state, and I am doing this in or-
 der to help pay my way through
 Chapel Hill the coming year. If you
 need anything in this line now or
 the near future I would appreciate the
 opportunity of quoting you prices.
 Respectfully yours, Roy Corbitt. 5-31

BAPTIST REVIVALS
WILL CLOSE WITH
SUNDAY SERVICES

(Continued from page one.)
 holding supreme sway over civilization
 at this time, he said, but in the midst
 of them all, right in the center of the
 greatest sin and ignorance of the mer-
 ciful God of the righteous, there are
 thousands of men and women longing
 to have the mask of temporal things
 torn from their view, the sham and
 mockery of worldly ambitions buried
 with the things of the dead, but help-
 less, irresistibly attracted by the glare
 and glitter of the world's goods, they
 continue along their journey, groping
 in darkness, and without hope of sal-
 vation only through the omnipotence
 of the Saviour of the world.
 He told in vivid, compelling terms
 of the inclination of the heart and
 soul for the things of the real, and
 the devout love of Jesus directing the
 soul of mankind to the pathway lead-
 ing to eternal life and uninterrupted
 joy. Illustrations were effectively
 presented showing that God, and God
 alone, is omnipotent, having full do-
 minion of the things of heaven and
 earth, and that it was through His
 earth, and that it was through His
 Jesus came for the redemption of the
 world.
 There were no morning service con-
 ducted this morning, but the revival
 will continue with services tomorrow
 morning through the evening services,
 which will probably bring the meeting
 to a close unless otherwise planned.
 It is expected that more than ordinary
 interest will be exhibited in the final
 services tomorrow, and that much good
 will result from the one day's services
 alone.

666 has more imitations than any
 other Chill and Fever Tonic on the
 market, but no one wants imitations.
 They are dangerous things in the medi-
 cine line. Adv.

MEDICAL SOCIETY
ENDORSES EFFORTS
OF DR. C. P. FRYER

(Continued from page one.)

ducted in this city the past Thursday
 evening, and while it produced no lit-
 tle sensation among the majority of the
 members in attendance, none were
 in the least disturbed over the occur-
 rence, being intelligently informed as to
 the conditions of the local health
 work, and the accomplishments of the
 health department under Dr. Fryer's
 administration. The meeting of the
 physicians was well attended, includ-
 ing some of the most prominent and
 best informed medical men of the coun-
 ty, and after the conditions of the
 statement of the Board of Health had
 been thoroughly discussed, the past
 achievements of the county health de-
 partment, while under the edirection of
 Dr. Fryer, were warmly commended,
 with the entire representative body
 voting a resolution in direct conflict
 with the charges preferred against the
 health director, not a dissenting voice
 being raised in the action of the offi-
 cials.

The meeting of the physicians was
 presided over by Dr. J. C. Ellen, of
 this city, with Dr. W. W. Dawson, of
 Grifton, acting in the capacity of secre-
 tary. The members present were:
 Drs. W. W. Dawson, Grifton; W. H.
 Dixon, Ayden; C. M. Jones, Grimes-
 land; T. H. Bashnight, Stokes; J. E.
 Nobles, Joseph Dixon, Joseph Smith,
 Wm. Fountain, L. C. Skinner, C. J. El-
 len, of Greenville, with the names
 of others at who were not present
 at the time this particular issue.

From the facts that have been
 gathered in the charges that have
 been preferred against Dr. Fryer,
 the Board of Health's request for his
 resignation, it seems that the only
 thing particularly stressed was negli-
 gence in the establishment of sanitary
 privies in various sections of the coun-
 ty last year when labor conditions
 were so accentuated, and it was an
 impossibility for Pitt county, in its
 early stage of health work with a
 practically new director stepping into
 an office shortly before made vacant
 by three predecessors within a period
 of eighteen months, to vie with other
 territories having their work carefully
 directed by men well informed and
 acquainted with environments, and if
 it was this realization on the part
 of sympathetic medical men of the county
 causing them to take such direct and
 unreserved action against the efforts
 of the State office in removing an
 official just beginning to inspire the con-
 fidence of the people through compe-
 tent services in every branch.

Dr. Fryer, since his association with
 the Pitt county health department has
 surpassed the expectations of public
 health critics of the section through
 the unremitting diligence, and in some
 cases unrequited toil and sacrifice that
 have featured his efforts in the behalf
 of increasing the health situation in
 both the rural and thickly populated
 sections of the county, and during the
 beginning of the work, he was forced
 to overcome much adverse sentiment
 towards the health department pro-
 moted through radical changes of the
 directors, which he accomplished so
 gradually and surely, that at this time
 his efforts are a recognized force in
 the evolution of public health services.

The resignation is supposed to be-
 come effective the 10th of June, but
 the action taken by the Medical Society
 in presenting the resolution to the
 county commissioners for an investi-
 gation into the situation, may bring
 about developments that will complet-
 ly exonerate Dr. Fryer from the slight-
 est charge brought against him, and
 eventually revolutionize the public
 health situation in this county. The
 resolution drafted by the members of
 the County Medical Society to be pre-
 sented the Board of Commissioners,
 follows:

"Whereas, it has been called to the
 attention of the Pitt County Medical
 Society, that Dr. C. P. Fryer, whole
 time health officer of this county, has
 been asked to resign or discharged
 from duty by an official of the State
 Board of Health, and

Whereas, it appears from all the
 information this society has been able
 to secure, the action of the State Board
 of Health is not justified, if the in-
 terest of public health work in this
 county and justice to Dr. Fryer, are
 to be taken into consideration.

And, whereas, the fact that since
 the present arrangement of employing
 a county health officer, dating eighteen
 months ago, the State Board of Health
 has sent us four different health offi-
 cers all of whom have either resigned
 voluntarily or have been forced to do
 so, suggests to us the conclusion that
 it is a very difficult matter to obtain
 a health officer who is satisfactory
 both to the State Board of Health
 and the citizens of Pitt county includ-
 ing the doctors.

Whereas, to the best of our knowl-
 edge and belief, after giving the mat-
 ter careful consideration, Dr. Fryer
 is giving entire satisfaction to a great
 majority of people in the performance
 of his duty; in fact, so far as we are
 able to determine, there has been very

With the Churches

Memorial Baptist.
 Wm. H. Moore, pastor. W. T. Lips-
 comb, Jr., Sunday School Supt.
 Sunday school at 9:45 a. m. Sermon
 at 11 a. m. and 8:30 p. m. by Rev.
