

## SLIGHT REDUCTION IN COST OF LIVING IS EXPECTED SOON

Immediate Action Expected in Many States to Put Food on Markets.

### LAW WILL PROBABLY BE EXPANDED TO CLOTHING

Attorney General Goes to New York to Discuss Situation With Board.

(By The Associated Press.) Washington, Aug. 18.—The government's fight to reduce the cost of living is expected to result in action in many states this week to force hoarded food on the market, while congress is debating legislation dealing with the question.

Reports to Attorney-General Palmer have indicated that instructions to district attorneys to proceed vigorously in the enforcement of the food control law were being obeyed liberally. Instances of the seizure of foodstuffs in St. Louis, Chicago, Kansas City, San Diego, and the South officials here believe will be multiplied in the next few days. Mr. Palmer directing the campaign from Washington will go to New York tomorrow to confer with the fair price board for that city. Senate and House agriculture committees probably will report this week—the latter committee tomorrow—on amendments to the food control law giving a criminal penalty which hitherto has been lacking and expanding the law to cover clothing. Cold storage legislation also may be acted on by the House interstate commerce committee.

Consideration of requests by several departments for appropriations to carry on work in reduction of living costs, will be inaugurated tomorrow by the House appropriations committee. The Senate District of Columbia subcommittee will continue its hearings with a view to framing "model" legislation for regulation of prices.

### GERMAN POLICE FORCES ARE BEING MILITARIZED, IS SAID

Coblenz, Aug. 18.—Information reaching the American authorities indicates that the German police force at Coblenz, are being militarized contrary to the terms of the armistice.

### MOROCCAN BANDITS AMBUSH SPANISH FORCES, IS SAID

Paris, Aug. 18.—The Moroccan bandits are under Raului are reported to have ambushed the Spanish force conveying food near Saguedia. They killed twelve soldiers and wounded many others.

### AMERICA AND MEXICO ARE AT STRAINED RELATIONS

Washington, Aug. 18.—The state department has received official reports from Major Dickman, commander of the southern department, concerning the detention by Mexican bandits of Lieutenants Paul Davis and Harold Peterson, army aviators, for whom fifteen thousand dollars ransom has been demanded. Arrangement has been completed for payment of the ransom to save the aviators' lives. Relations between the American government and Carranza are strained, and are considered bordering near acute state on account of failure to protect American lives below the border. Detention of the aviators is regarded as a breach of international law. A vigorous message has been sent to Carranza from the state department, it is said.

### BUSINESS IS NOT IN FAVOR GOVERNMENT OWNING RAILROAD

Washington, Aug. 18.—Business sentiment of the country appears to be against government ownership of railroads, Charles A. Post, chairman of the railroads committee of the United States Chamber of Commerce, told the house commerce committee today.

Mr. and Mrs. G. H. Gower and little son, of Fayetteville, are visiting her parents, Mr. and Mrs. W. R. Jones.

## SHERIFF BRINGS IN ANOTHER BIG HAUL OF TIGER LIQUORS

Two Men of Big Mill Section Arrested for Participating in Traffic.

### SEVERAL GUNS OUND ON PREMISES OF TIGER

Some of the Liquor Was Hidden in Hog Pen and Chicken Coop, Is Said.

Yesterday afternoon shortly after the shooting occurred in the Big Mill district of this city Sheriff and Deputies Cayton and Jackson made a raid in that section which resulted in the arrest of Andrew Harris and Shade Urkins, two darkies of more or less suspicious characters, and in searching their premises the officers discovered whiskey and firearms enough to throw terror into the entire locality had the negroes one time thought such advisable.

The premises of Harris were searched by the officers first, and although some little time was required in locating anything tending to convict the negro of participating in the liquor traffic, 15 Coca Cola bottles of monkey rum were at least located hidden beneath the ground in the rear of one of his houses.

(Continued on page four.)

## WAGE INCREASE IS DEMANDED BY THE RAILWAY FIREMEN

Men in Service in United States and Canada Demand Increases.

Cleveland, Aug. 18.—A 35 to 37 per cent increase in wages is demanded for 117,000 firemen and hostlers on railroads in the United States and Canada in a wage scale adopted before adjournment today by 300 general chairmen of the Brotherhood of Locomotive Firemen and Enginemen in session here since Tuesday.

Another demand to be presented to the Director General of Railroads is that all coal burning locomotives in road service weighing 200,000 pounds and over shall be equipped with mechanical stokers and that two firemen shall be employed on all such locomotives until they are so equipped. About half of the 80,000 engines in the United States will come under this proposal, only about five thousand of which are equipped with mechanical stokers at present.

In accepting the report of the wage committee appointed at the opening session last Tuesday and which only completed and presented its reports Saturday morning, discussion of which took up yesterday's and today's conferences, some modifications were made but the report was adopted in the main part. The more important sections of the report follow:

Rates of pay for firemen and helpers in passenger service, \$0.50 per day of 100 miles or less, except when Mallet engines are used, when \$7.20 shall be paid.

Overtime in passenger service will be computed on the present basis at a speed of 20 miles an hour.

In freight service on engines weighing less than 200,000 pounds firemen shall be paid \$6.50 and on engines weighing over 200,000 pounds \$8.50 per day of 100 miles or less, overtime to be computed on present basis at a speed of 12 1-2 miles per hour.

### SUPREME COUNCIL TALKS OVER HUNGARIAN SITUATION

Paris, Aug. 18.—The supreme council discussed the Hungarian situation today. The American, British and Italian delegates returning from battle tour to take part in conference.

## NAMES GALORE IN SERVICE OF UNCLE SAM DURING WAR

Record of Names Participated in Many Parts of the Great Army.

### FIFTY-ONE PERSONS IN SAME COMPANY, IS SAID

At Least, They Had the Same Name, but Were Somewhat Different.

Washington, Aug. 18.—Paris Green helped win the war. So did a Little Kittle Karr and a Dinner Bell. All of them were in the army, according to file cards in the Bureau of War Risk Insurance. Green lives in Hinton, W. Va., Little Karr makes his home in Norfolk, Va., and Dinner Bell Page was rung into the service from Urlick, Mo. Some others who appear in the bureau's files are:

A sad Experience Wilson, of Van Hook, N. D., Mih Gosh, of Chicago; Green Horn, of Statesboro, Ga.; Velvet Couch, of Brinkley, Ark.; Will Swindle of Center, Texas; Slaughter Bugg, of Oscar, Turbin La.; and S. Pluribus bus Brown of Perry, Ga.

Chocolate Candy Clark, Owen Money, Willie Darling, Great Britton Turner, Wiley Fox Hunter, Green Berry Anderson, Yonustus Horrible River, Geo. Sleeps From House, Handsome Pleasant Ayres, Green Hue Jackson, Lloyd George Parliament, Grief Grimes, Precious Eugene Grant, Free Office Graves, Huckleberry Shell, Isaac Didnot Butcher and Fine German also are listed.

The broad jump record in names goes to a resident of Saturn, Idaho, who hurdles five before he reaches the tape. (Continued on Page two.)

## NEGRO SHOT NEAR BIG MILL SECTION DURING YESTERDAY

Clem Chapman Seriously Injured in Altercation With one "Daddy Rabbit"

Clem Chapman, a negro man of this city apparently about 23 years of age, this morning lies in the county jail at the point of death as a result of injuries received late yesterday afternoon when he was shot by another darkey familiarly known among the colored population as "Daddy Rabbit," the bullet from the 32 revolver penetrating just above the abdomen, and passing clean through the body. Daddy Rabbit made good his escape and up until this time county officials have been unable to gather the slightest information which has the slightest tendency of divulging his whereabouts.

Little can be learned of the affair, but it is believed by the officials who are investigating the occurrence that the shooting probably occurred as a result of a gambling game in which the two became intoxicated. A 32 revolver was used by the wary "Daddy Rabbit" accomplishing his purpose.

Officials are on the lookout for the negro, and although investigation in the colored district have been without effect, it is believed, however, that some information will be secured in a short time that will lead to his apprehension.

Chapman died today at noon as a result of the wounds received in the affray yesterday afternoon.

### BOLSHEVIKI FORCES HAVE BEEN DRIVEN FROM ODESSA

London, Aug. 18.—The Bolsheviks have been driven from Odessa by the populace and the Soviet force is now evacuating Niev and the entire Ukraine district, according to the reports of the British war office.

Mr. Harry Latta, of Washington, is among the business visitors spending the day in this city.

## NEW LEGISLATION PROBABLY FACING CONGRESS, IS SAID

Every Matter Will be Pressed With Additional Forces from all Sources.

### EACH BRANCH CONGRESS WILL HURRY UP ISSUE

Legislation Will Require Little Attention from Every Viewpoint.

Washington, Aug. 18.—Despite the pre-eminence of the peace treaty controversy and the high cost of living question much other important legislation faces congress this week.

Railroad legislation will be pressed in both branches. Before the end of the week the Senate Interstate Commerce sub-committee drafting permanent legislation, hopes to report its recommendations with a tentative bill, to the full committee. Hearings will be continued by the House Interstate Commerce Committee with representatives of the railway executives advisory committee to be heard tomorrow.

The prohibition enforcement bill, approved yesterday by the Senate Judiciary Committee, will be reported favorably tomorrow to the Senate. Other minor bills now have right of way in the Senate but it is proposed to call up the prohibition measure late in the week.

Final settlement of the controversy over repeal of the daylight saving law is planned Tuesday in the House, with an effort to pass the bill over the President's veto. In view of the House failure recently to muster the necessary two-thirds vote to override the President's first veto, it is doubted whether the last veto can be annulled. If the House fails to override the new veto, the law will stand indefinitely.

Mrs. Frank Wilson and children have returned from a visit in Bethel. Miss Dorothy Norman has returned from Ocean View.

## SEVERAL SHOOTING SCRAPES OCCUR IN THIS PART COUNTY

One Negro of Falkland Township Shot and one Near Galloway's Crossing.

There were an unusual number of disturbances occurring among the colored population of the county yesterday, and as a result two or three men have been shot and seriously injured, with other receiving minor injuries from which they will recover. It appears that whiskey is at the bottom of all the trouble, for after the men get intoxicated, arguments take place with serious results.

Frank Hawkins, a colored man of Galloway's X roads section was brought to the city yesterday afternoon with his body literally punctured with shot as a result of an altercation with another negro, whose name could not be learned, and although he is in a precarious condition there is strong possibility of his recovery.

Reports of another shooting in the Falkland vicinity reached the city this morning, but officials are so busy in rounding up and looking after those already in their custody, that little information has been obtainable at this time. This scrape came about as a sequence to over indulgence with the whiskey bottle too, as it now generally understood that the monkey run fiend is invariably responsible for the colored man's downfall.

### SALE OF ARMY FOODSTUFFS BEGINS TODAY, IT IS SAID

Washington, Aug. 18.—The parcel post sale of army foodstuffs began today with the postmasters acting as sales agents for the war department.

## COLORED FIREMEN WILL MEET HERE TUESDAY MORNING

State Convention Will Meet Here Tomorrow Morning in 29th Session

### SEVERAL COMPANIES TO BE IN RACES OF EVENING

Number of Features Will be on Program Throughout the Entire Day.

Plans are now practically completed for the 29th annual session of the North Carolina Volunteer Firemen's Association which will convene in this city tomorrow morning, and from all appearance, the day will be filled with a number of occurrences that will live long in the memory of the hundreds of colored people from many parts of the county to participate. The races scheduled for Wednesday without a doubt will prove one of the most interesting features of the day, as there is a strong competitive spirit prevailing among the various companies of the association in establishing a record which will not be easily surpassed by companies in this section.

The meeting will be called to order by president of the association, President John S. Plummer, followed by prayer by the chaplain.

The address of welcome will be delivered by Mayor D. M. Clark, followed by a response from L. H. Hall, representing the association.

A discussion of "Some Problems of the Hour" will be conducted by Prof. C. C. Clark.

The parade will take place at 10 o'clock with the races following at 2 P. M. Wednesday.

The colored people are making elaborate preparations for the event, and it is expected that no little interest will be centered on the occurrence from this section.

### JAPAN PURCHASES MINING PROPERTIES THRU CHILE

Santiago, Aug. 18.—Newspapers are calling attention to the fact that Japan has just purchased more than five million dollars worth of mining properties in Chile, and as a consequence, the Japanese immigration here is growing considerably.

## OPENING OF COURT IS DELAYED UNTIL NEXT WEDNESDAY

August Term of Superior Court Deferred Until the Coming Wednesday.

The August term of Pitt county superior court which was to have convened in this city this morning, has been deferred until Wednesday, August 20th, on account of the State Firemen's convention (colored) to be conducted in this city tomorrow. A conference of leading officials brought about the postponement in honor of the firemen who are members of the state organization, and therefore, under ordinary circumstances are accorded the co-operation of other state organs.

The postponement will not continue any longer than Wednesday, and all persons who have business in this term may be prepared for the opening on the above date. There are many cases to come up for action in this term, and it is believed now that little time will be lost after the session opens.

### CLASHES BETWEEN WORKERS AND FOOD DEALERS REPORTED

Paris, Aug. 18.—Clashes between food dealers and consumers have been reported in Southern part of Bret. Dock Workers seized provisions sold them at half prices, it is stated.

## GERMANS HAVE AT LAST PASSED THE NEW CONSTITUTION

Water and Air Are Included in Several of the Additional Features.

### LEGISLATIVE RIGHTS FOR SEPARATE STATES

Imperial Law, However, Will Supersede All Others, It Is Believed.

(By The Associated Press.)

Berlin, Aug. 18.—Under the new German constitution which was passed by the National Assembly, after months of debate and which became effective this week, the Empire will have exclusive legislative rights governing foreign affairs, colonies, citizenship, immigration, defense, coinage, customs, posts, telegraphs and long distance telephones, re-population, motherhood, youth, health, labor, insurance, protection to laborers and employees, confederation, care of wounded soldiers, and their relatives, socialization of national resources, economic undertakings, manufacture, distribution, price-fixing, economic production, trade weights and measures, the issuance of paper money, food, luxury, articles of industry, mines, insurance, the mercantile marine, control of lake and coast fisheries, railroads, automobile traffic, transportation by land, water and air, road construction and theatres.

Individual States will have legislative rights, but the imperial law will supersede those of individual states.

The constitution lays down rules for altering the empire territorially, providing that plebiscites shall be held in districts affected.

### HUNGARIAN MONITORS HAVE ARRIVED AT BUDAPEST, SAID

Budapest, Aug. 18.—Four Hungarian monitors commanded by British under the command of Vice-Admiral Troubridge, have arrived at this port.

### TWO MILLION PEOPLE ARE FORCED TO WALK IN NEW YORK

New York, Aug. 18.—More than two million persons who travelled over the interborough rapid transit subway and elevated lines in Manhattan, Bronx, Brooklyn, and Queens sections were obliged to walk to work or use buses and improved conveyances. When 14 thousand employees struck for the 50 per cent raise not a wheel was turned on the 250 miles trackage and 600 policemen who guards the company's property tried to control the crowd.

### TRADE COMMISSION WILL LEAVE NEW YORK SEPT. 2ND

Washington, Aug. 18.—The trade commission to Europe assembled by the Southern Commercial Congress, will leave New York September 3rd on the Holland-American liner Noordam, and will arrive at Boulogne September 12. It was announced here today that the commission would establish general headquarters in London, and Paris and visit France, Italy, Belgium, Holland and England.

### LOCOMOTIVE FIREMEN FAIL TO AGREE ON WAGE DEFORT

Cleveland, O., Aug. 18.—After discussing the report of the wage committee, which drafted a demand for increased wages and certain fundamental rules of employment to be applied to all railroads, the 300 delegates of the Brotherhood of Locomotive Firemen and Enginemen in session here since Tuesday adjourned late today until tomorrow morning without adopting the committee's report.

### WANTED 300 STEMMERS

The Imperial Tobacco Company has purchased 14 stemming machines to stem common tobacco, but will continue to stem all good tobacco by hand and they want 300 stemmers at once. W. I. SKINNER, Manager.

MONDAY, AUG. 18, 1919.

**POLICEMEN AND BOLSHEVISM.**

Senator Thomas, of Colorado, undoubtedly expressed the sentiment of a majority of thinking people throughout every part of the country when he recently appeared before the senate and urged that immediate action be taken by the government in preventing policemen in a number of large cities in this country from forming themselves into an organization specifically designed to protect their interests in the case of constantly rising high cost of living, for, as he explained, such an occurrence in the future might bring about certain accentuated conditions in the course of serious strikes and directly prevent the policemen from fulfilling the requirements of city regulations.

While not comparing the efforts of the policemen with certain elements of Bolshevism prompting strikes in many parts of the country, the Colorado senator evidently believes that the action of the policemen in nothing more than direct encouragement of such principles, although many of the men involved may be undeniably sincere and earnest in their endeavor, and really have no thought of departing from the legislative activity in which they are constantly endeavoring to make more completely effective in individual localities.

It may be true that city policemen are as deserving of recognition as any body of men working in the interest of public safety, and while they may feel perfectly justified in this action, it is indisputably evident that such men should not at this time be actuated by a desire to drift off in a similar direction with the same forces which they have necessarily been compelled to combat in order that the public might be adequately protected from the half-crazed beings clamoring for something which even the surreptitious forces of Bolshevism would not promote under ordinary circumstances. It is truly a deplorable spirit actuating the officers when the nation is faced by circumstance that are ominous indeed, and there is very little latitude for anything but concerted action on the part of those invested with power of stemming the tide of social unrest so that civilization may be saved from

the shame and disgrace inevitably following.  
We believe that the government should make investigations in this direction, too, as well as into the high cost of living, for when American policemen begin to organize themselves in secret bodies this alone should bring about such uncertainty that the senate will feel duty bound to ascertain the reason for the precedent and do everything possible to discourage the more conspicuous and intelligent officials from participating in the movement. It must be done. Past experiences alone should present sufficient evidence showing the necessity of action, and we believe the sooner this is done the earlier the American people will have cause to appreciate the action.

**LOAN PLAN FOR BOND OWNERS.**

Recognizing that many bondholders who are forced to borrow on their government bonds are at the mercy of unscrupulous agencies, the National Federation of Remedial Loan Associations has appointed a committee to confer with the United States Treasury officials and draft a uniform plan for handling this problem throughout the country.

Buying a good bond is good business, and selling or borrowing on it may be a necessary piece of business, but selling a bond of the United States government far below its real value discounts not only the government but weakens that fine spirit of patriotism that led citizens to back America to their last dollar.

It is the purpose of the National Remedial Loan Association to work out a plan for lending on bonds that will enable the original purchaser to retain his bond until maturity and pay back the loan in small installments.

This action is entirely in keeping with the constructive work of the association in the past, and it is confidently expected that the plan which the committee will be able to work out, in conjunction with Treasury officials, will do much to relieve the present situation, further the desire of the government that Liberty Bonds be held, so far as possible, by their original purchasers and check the operations of unscrupulous dealers.

Meantime, co-operation on the part of industrial, fraternal and labor organizations is urgently needed to care of small loans needed by employers and members. Through such co-operation, loans might be made and the government bonds held as security for redemption by the original owner when his pressing necessity had passed.

**RECOGNIZES DEAD BROTHER WHO DISAPPEARED FOR YEARS**

Macon, Ga., Aug. 18.—Mrs. Henry J. Langel, wife of a hotel man of Charlotte, N. C., tonight identified the body of a Macon man found dead in New York a week ago, presumably victim of foul play, as her brother, James E. Sorsby, who disappeared from Wilmington, N. C., twenty years ago after an estrangement from his father. Sorsby had taken the name of Henry J. Sausby.

Sorsby left here two weeks ago on his vacation, having \$1,000 in travelers' cheques and Liberty bonds in his pockets. He had been in New York only eight hours when he was picked up dead at the foot of a hotel stairway.

Sorsby was chief clerk to Chief Train Dispatcher W. C. Barnwell, of Georgia-Southern and Florida railroad.

Mr. G. J. Woodward returned Saturday from South Carolina where he has been on the tobacco market.

**NAMES GALORE IN SERVICE OF UNCLE SAM DURING WAR**

(Continued from page one.)

He is Harry Adolph Thomas Richard Eugene Bullock and the clerks in the bureau are tempted to disturb Mr. Bullock's continuity by punctuating him.

The clerks have found 49 ways of spelling Aloysius and 18 ways of spelling Ignatz. There were 5,000 Johnsons, 51,000 Smiths and 18,500 Walkers in the service. Forty-seven thousand Willames were wit late colors.

There were 51 Jose Rodriguezs in the 374th Infantry.

Abraham Lincolns, George Washingtons, Robert E. Lees and William Jennings were in the service by the hundreds. Napoleon Bonaparte, or rather a dozen of him, fought for the United States. General Grant, General Wellington and General Jackson also helped beat the Germans. Quite a few Virgin Marys were in the army, too. These latter were largely men of Latin descent. Orang Cobb of Norlina, N. C., and his son Lemon Cobb were in the service.

**MOUNTAIN COUNTY HOLDS FIRST CLUB PICNIC**

Raleigh, N. C., Aug. 18.—One of the first Agricultural Club Picnics to be held in Cherokee County was recently given by the boys and girls of this county under the supervision of Mr. J. H. Hampton, county agent, and Mrs. J. W. Dyer, Home Demonstration agent, in a cool shady wood on the river below Murphy where there was a fine spring of pure water. The agents announced the picnic and had each girl to invite one friend and to bring dinner for two. The club boys were supplied dinner under the direction of the agents in case the families of the club members did not attend.

However, practically every family in which any club work was being done visited the picnic. Some came in wagons, some in buggies, some in autos, some rode horse-back and others walked. Many had twelve miles and over to come, but by election o'clock everybody was there. A splendid program was arranged to keep the young folks busy during each moment of the day. The meeting was educational as well as social. Dinner was served at 1 o'clock and it is said that never before was such an abundance of food seen at a Cherokee County picnic. There were 125 people taking part in the club work. One mother with twelve children, five of them being girls in the home clubs and two boys in the agricultural clubs, was so enthusiastic in attending that she came eight miles in an ox wagon.

So interested did many citizens of Cherokee County become because of this picnic that many of them made personal trips to see both of the agents about allowing their children to join the clubs. It seems that this social meeting stirred up more interest in club work than any other previous meeting ever held in the county.

**GENERAL PERSHING WILL VISIT BIRTHPLACE SOON**

Lincoln, Neb., Aug. 18.—Shortly after his return to America, General Pershing expects to visit relatives in Ohio, his birthplace, at Laclede, Mo., and members of his family here according to a message received here today by the Lincoln Commercial Club. The message was sent from Chicago by Frank H. Woods, and said General Pershing had invited Brigadier General Chas. G. Dawes, of Chicago, to accompany him to this city and that the general expected to arrive here about October 1st.

**SWIMMING CHAMPION SUFFERS HER FIRST DEFEAT, IS SAID**

Newark, Aug. 18.—Fanny Durack, women's swimming champion of Australia, suffered the first defeat of her career at Manhattan Beach this afternoon finishing third in the 440-yard American Athletic Union championship contest. The race was won by Ethelda Bleibrey, Women's Swimming Association of New York, in six minutes, 30 1-5 second, a new American record.

**DEEDS OF TRANSFER FILED SINCE REPORTS SATURDAY**

The following deeds of transfer have been filed in the office of the register of deeds since the reports of Saturday afternoon:

- Abner Eason to J. L. Fountain, consideration \$900.
- J. L. Fountain to J. W. Jefferson, consideration \$925.
- H. B. Bullock to James Brown, consideration \$150.
- B. M. Garrett and wife to J. B. Johnston, consideration \$5000.
- J. McDixon to E. B. Dickens, consideration \$2500.
- R. E. Hagan to G. M. Shirley, consideration \$2600.

**1920 Model K-46**

The Buick Model K-Six-46

**Buick Touring Coupe**

THE BUICK Model K-Six-46 is a true Coupe model, with permanent sides and roof, an exceptionally wide body, and its graceful contour eliminates all open spaces between the body and fenders. From the outside, the appearance of the car is low, rakish and well-balanced, but there has been no sacrifice of interior head room. The rear fenders are new in design, with touring car running boards. Top, window casings and sashes, are fully metal covered, eliminating the possibility of checks and open joints.

The deeply upholstered interior is finished in a new and improved fabric, without bindings. Back of the driver's seat is a carrying space, with another in the rear deck. Electric side lamps are mounted on the cowl and a dome illuminates the interior. The double-latch doors may be locked from the outside.

North Carolina's Most Modern Department Store.

A great many more people than had ever before thought beyond the day are now looking into the future with the assurance that a steadily growing bank account brings. This change in viewpoint may be said to be the direct result of the war. The war taught them how to save, the meaning of saving, the actual value of thrift.

During the Liberty Loan drives the people were asked to lend money to the government. Many did not have the ready cash, but they bought bonds anyway, saving money to pay for them week by week. The money thus saved bit by bit, now amounts to an assured "nest egg" which the chances are, they would never have acquired under other conditions.

But that isn't all. We used to be called the most profligate people on earth. Perhaps we were, for it was come easy and go the same way for most of us. Then war came, and we found we could not only do without a great many things we had considered necessities but save money as well.

Are you saving money regularly so that you will be prepared for whatever the future may bring? Look ahead and be ready, either for increased prosperity with the opportunity for a splendid investment of the money you have saved, or for the "rainy day" that any of us may have to face.

Mrs. Harry Smith and little son, of Weldon, who have been visiting her parents, Mr. and Mrs. Ollen Warren, Jr., returned home this afternoon.

**ACCEPTS POSITION WITH HART AND HADLEY**  
Mr. James E. Moore, who for the past year has been serving in the arm has received his discharge from the service and accepted a position as bookkeeper for Hart and Hadley.

### MULES SEE DAYLIGHT AFTER TEN YEARS IN COAL MINES

Grass Valley, Col., Aug. 14.—Forty mules some of which recently had their first glimpse of daylight in ten or fifteen years, are being returned to the underground working in the Empire and North Star mines here after a brief sojourn in the open.

The mules' "visit" to daylight resulted from the miners' strike here recently. The mine pumps were stopped and as the water began to fill the workings it was necessary to bring the mules to the surface. They had been used in hauling ore cars on the dirt level.

### SEVERAL CASES BEFORE MAYOR CLARK TODAY

Mayor Clark had quite a full docket for this morning's session of court. There were nineteen cases disposed of and several continued. The cases disposed of were:

**White.**  
There were two cases against R. E. Currin, one for disorderly conduct and the other for driving automobile by Five Points without stopping. In each case he was fined \$5 and made to pay costs.

There were three cases for driving improperly lighted automobiles at night. These were against Norfleet Hart, Oscar Edwards and T. H. Tyndall. Judgment in each case was suspended upon payment of costs.

W. H. Dall for speeding was fined \$5 and costs.

Charles White for speeding, second offense, was fined \$25 and costs.

In case against B. J. Pulley for selling cigarettes to boys under 16 years of age, judgment was suspended upon payment of costs.

Hugh Blount was fined \$5 and costs for reckless driving.

**Colored.**  
George James, Oscar Sugg and A. L. Cafney were each fined \$5 and costs for speeding.

Judgment was suspended upon payment of costs in case against Jack Belcher for sleeping in depot.

Alex Blow and George Wooten were each fined \$5 and costs for reckless driving.

John Roberson charged with assault paid the cost.

Harrison Atkinson for second offense of speeding paid a fine of \$25 and costs.

Lula Williams for disorderly conduct was fined \$5 and costs.

Case against Harrison Atkinson for driving automobile while intoxicated was dismissed.

The case against Andrew Smith for having in his possession fourteen bottles of monkey rum will be tried at 3 o'clock this afternoon.

### SHERIFF BRINGS IN ANOTHER BIG HAUL OF TIGER LIQUORS

(Continued from page one.)

Shade Urkins next came in line of action, and it was then that the officers came in contact with certain conditions which strongly indicated that the man was either contemplating starting a small army all his own, or beginning a new attack upon the Germans sometime in the near future. A five gallon keg of monkey rum was located buried under the earth in the hog pen while another keg containing four full gallons was found hidden away in the chicken coop. An investigation of the man's home showed that he had a late model Marlin rifle in his possession, two shot guns, a pistol and several rounds of ammunition for each separate gun.

It is believed that the court will deal severely with the two darkeys because they have been connected with the demoralizing influences of that locality for some little time, conducting houses of ill repute, with several women inmates. It is more than probable that they will be given a hearing some time today, and there is little doubt entertained that severe sentence will not be given in each case.

### CO-OPERATIVE WAREHOUSE ASSOCIATION ORGANIZED

West Raleigh, N. C., Aug. 18.—Farmers of Hertford and Bertie counties are promoting the formation of a warehouse association to be known as the Chowan Co-operative Warehouse Company according to a plan that should commend itself to the farmers of the State at large. As a result of several meetings held with the farmers and business men by Messrs. Wm. R. Camp, E. W. Gaither and J. C. Anderson, of the Agricultural Extension Service, sufficient stock has been subscribed with which to begin and a charter has been secured.

The plan is to build or lease a chain of warehouses for the storage of cotton, peanuts, corn and other farm products and to keep down expenses of operation by bringing them under the State warehouse system and by having them run by one competent manager with an assistant manager for each \$100,000 is to be secured by getting every farmer and friendly banker and merchant to take at least one share of stock at a par value of ten dollars per share. Chairman for each of the townships, who together constitute the organization committee for each county, have been appointed. Each chairman will appoint two in each township to make a canvass of every farmer to take stock. Canvassers will be paid a percentage of three to five per cent for their services. Ten per cent of the stock will be required to be paid down and notes taken for the balance, whenever subscribers have not the cash to pay for the full amount of shares subscribed.

The Chowan Co-operative law of North Carolina. The organization of a warehouse company under the co-operative law gives the shareholders greater authority than under corporation law.
