

STEEL OPERATORS OF COUNTRY CALL FOR RECOGNITION

President Wilson Issues Appeal to Wait to After Labor Conferences.

PLANS TO BE EFFECTIVE ABOUT SEPTEMBER 22D

Union Officials Have Refused to Indulge in Speculation, Is Reported.

(By The Associated Press.) Washington, Sept. 11.—Regardless of the request of President Wilson that they take no action pending the coming industrial conference, representatives of organized workers in the steel industry late today called a strike, effective September 22, to compel recognition of their unions and of the principle of collective bargaining by the United States Steel Corporation.

The executive council of the 24 unions representing the workers made known their decision in a statement issued after they had requested the President by telegraph for a "more definite statement," as to the possibilities of arranging a conference with steel corporation officials and after they had received a reply from the President asking that they withhold action until after the industrial conference.

The President's telegram was not made public by the steel union heads but its content became known in Washington tonight through press dispatches. In their statement the executive council merely said they had not been advised that the efforts of the President have been any more successful than the efforts of the men.

Union officials firmly refused to indulge in any speculation regarding the extent of the strike, though a declaration attributed to Judge Gary of the Steel Corporation, that the steel workers were not more than 10 per cent organized was ridiculed as erroneous. The steel corporation was said to employ about 262,000 persons and the entire industry is nearly 400,000. In some places, it was said, the men are 95 per cent organized, and at virtually all mills, organizers have been active for weeks and still are working to obtain recruits for the unions.

GREAT DAMAGE REPORTED IN KEY WEST FROM LATE STORM

Key West, Sept. 11.—Great property damage, suspension of telephone, telegraph and train service have resulted from tropical storms which have swept this vicinity. Shipping is almost at a standstill. One body has been recovered, three men are missing and fourteen have been rescued from the dredge Grampus. The city may be forced to appeal for aid in repairing the immense losses.

CAPTAIN MATLOCK KILLS BROTHER OF BANDIT CHIEF

Marfa, Sept. 11.—Gregorio Renteria, brother of the bandit who kidnapped the two American aviators and held for ransom, was shot to death by Captain Matlock, who recently rescued the Americans.

THREE PERSONS KILLED IN BOSTON STRIKE RIOTS

Boston, Sept. 11.—Three persons have been killed a score injured in a three days' rioting following the policemen's strike. State troops have volunteered and policemen numbering 45,000 are under orders to restore conditions even if necessary to fire into crowds. Looting and disorder subsided after the first clash of the mobs with the military in which two rioters were killed and several wounded. The city is approaching normal condition today.

PERSHING ATTENDS FINAL RECEPTIONS IN NEW YORK

New York, Sept. 11.—Pershing attended the final reception, luncheons and mass meetings of the American legion prior to his departure for Washington where he will head the parade of the first division next Wednesday.

AYDEN WINS FINAL CONTEST IN GAMES WITH PETERSBURG

Amateurs Yesterday Defeated Leaguers by Score of Twelve to Six.

LEAGUE TEAM PLAYED POORLY DURING GAME

Ayden Gained Lead in Seventh Inning, Hitting Opposing Twirler Hard.

With both clubs playing splendid ball for five consecutive innings Ayden yesterday afternoon had a complete walk-over of the strong Petersburg league team which has been playing exhibition games in that place for the last three days, by the score of 12 to 6, and while the visitors in the beginning of the sixth inning sent five runners over the rubber, they apparently went completely asleep after that period of the game with the locals taking advantage of the opportunity by slugging Buckhorn unmercifully to the final ending of the game.

It is believed that a better played game would have never been seen on the Ayden diamond had the Petersburg aggregation measured up to its usual standard, for it was more than evident after the fifth frame that they had the advantage of the locals, but for some reason or other a certain legarthic state gained ascendancy over the players, giving the home boys an opening which was taken without question and played to a rather advantageous ending, if such it was considered by the (Continued on page four.)

FOREIGN RELATION COMMITTEE URGES RATIFICATION SOON

Says Economic Situation of Nation is Based Upon an Early Reply.

Washington, Sept. 11.—Rejection or alteration of the peace treaty by the United States would result in the loss by this country of all concessions gained from Germany at Versailles, according to a minority report. The senate foreign committee today filed a report urging the speedy ratification of the treaty without amendments and reservations, and accused a majority of the committee of delaying the report which could have been made last July, and who declared that the early signing would help restore unrest. The league of nations organizes the world for peace, says the report, and establishes a principle of arbitration in international disputes, giving the parties to controversy nine months for adjusting disagreements amicably. Economic advantages are to be gained by the United States through the treaty and the difficulty to force Germany to sign separate peace was emphasized.

STORM ABATING IN HAVANA SO SAY LATEST REPORTS

Havana, Sept. 11.—The storm is reported to be abating. Several are dead and thousands of dollars worth of property is damaged.

LOVE AFFAIR WAS CAUSE OF MURDER

Washington, Sept. 11.—The murder of Peter Catron, an American citizen in Mexico last month resulted from rivalry between Catron and Eleno Cerquera for the affections of Villasana, a resident of Fuentes ranch, where the crime was committed, the Mexican embassy announced today on receipt of the results of the investigation conducted by its government.

Mrs. E. H. Underhill, of Washington, is visiting friends in this city today.

THREE CASES ARE HEARD IN SESSION COURT YESTERDAY

Some Little Time Required in Disposing of Three Hearings Yesterday.

JUDGE KERR IS STILL IMPRESSING THE COURT

Decision of Presiding Officer Meets With General Favor, It Is Said.

Although there was some little time required in the completion of extended arguments in cases coming up for final disposition in yesterday's session of Pitt county superior court, the regular routine was conducted rapidly and without very slight interruption from the usual sources bringing about delay in such sessions. There were only three cases disposed of during the day but those were involved in several legal technicalities which demanded some little attention from the presiding judge, and precipitated long drawn out arguments on the part of representative attorneys.

Judge Kerr continues to impress the court favorably, and although he has done everything possible to expedite work, there are times when it is almost an impossibility to hurry up the regular legal grind resulting from lack of evidence produced and other things of absolute necessity in bringing the hearings to completion. His efforts are directed solely with the intention of giving the judicial advice and accuracy of judgment so imperatively in demand (Continued on page eight.)

FORDSON TRACTOR DEMONSTRATION IS GIVEN YESTERDAY

Flanagan Buggy Company Entertained Many Farmers Near This City.

Yesterday on the farm of Mr. J. B. Galloway, near Grimesland, the John Flanagan Buggy Co., of this city entertained the farmers of this section and a large crowd of business men with a Fordson Tractor demonstration and a barbecue.

Several representatives of the Henry Ford & Son, incorporated, of Charlotte were present and demonstrated the wonderful pieces of machinery, showing just what each piece could do. Mr. W. S. Murchison, of Raleigh, was present and helped with the demonstration. Mr. J. N. Mays, representing the Towers and Sullivan Manufacturing Company was present and gave a demonstration of the McCoy Disc Plow, showing just how this piece of machinery can work with the Fordson tractor. Mr. R. C. Hipps, of Atlanta, Ga., representing the Roderick Lean Manufacturing Company, demonstrated the Roderick Lean Harrow and Mr. Hall, of Richmond, demonstrated the Oliver plow.

In the demonstration the tractor with the harrow, plow and other pieces of machinery broke up the ground, dug ditches, tore up stumps and several other interesting stunts.

At one o'clock the demonstration stopped for dinner, which was served in the grove and it was certainly enjoyed by the large number of guests present. After dinner the demonstration was continued and lasted until nearly four o'clock.

It was an enjoyable as well as helpful occasion and will long be remembered by all present. The John Flanagan Buggy Company is to be congratulated upon the wonderful success of the demonstration.

Mrs. W. H. Ricks, and her daughters, Misses Bessie and Imogene Ricks, have returned from Norfolk, where they have been visiting Miss Margarette Forman for the past several weeks.

BLOCK SALES ARE AGAIN IN SWAY ON TOBACCO MARKET

Tobacco Market Is Completely Flooded With Golden Leaf Today.

SEVERAL HOUSES WILL NOT GET SALE TODAY

Probably Between 700,000 and 800,000 Pounds of Tobacco Here.

Contrary to the advice of local warehousemen of this city urging that the farmers of the surrounding territory refrain from overcrowding the market during the early part of the season, the market in this city today is completely flooded with the golden weed, and several of the houses have already issued statements of blocked sales and that the buyers will not be able to reach houses before sometime tomorrow morning.

Wagon loads of the bright leaf have been arriving in the city ever since an early hour yesterday afternoon, many of the farmers coming from a long distance in order that their product might be sold on this market. The night was filled with activities in every division of the industry, and at an early hour this morning several of the warehouse floors were completely flooded with wagons standing on the outside waiting admittance. Although practically every warehouse has made necessary arrangements to take care of heavy sales, the forces are worked to their utmost capacity today, and will not be afforded the slightest intermission in the breaks which will (Continued on page four.)

NAUGHTY WIFE TO BE PRESENTED IN GREENVILLE SOON

Popular Attraction to Appear at White's Theatre September the 18th.

Selwyn and Company have put over another. That was the consensus of opinion after the opening of "The Naughty Wife," the hilariously funny farce which comes to White's Theatre on Thursday evening, September 18th for one performance only.

The truth of the matter is that the comment was most deserved. No one firm of managers have produced more successful farces than Selwyn and Company. In some uncanny fashion they have the knack of doing that sort of play in just the way the public wants it done.

First came "Twin Beds" then the record-breaking engagement of "Fair and Warmer" and now "The Naughty Wife."

One secret of the success of the farces produced under the management of Selwyn and Company is the excellence of the cast that has always been chosen to present it. "The Naughty Wife" is no exception to the rule and Reeva Greenwood, Gordon Eldrid, Gertrude Walthers, C. Elwood Farber, Irma Heath, W. H. Crosby and others to whom have been entrusted the leading roles, are all known for their ability as farceurs.

Seats will go on sale at White's Music Store Wednesday, September 17 at 9 a. m.

Any time New York, Chicago and Boston, agree on anything, it is pretty safe to say the rest of the country will follow suit. "The Naughty Wife," a farce by Fred Jackson which will be seen at White's Theatre on Thursday evening, September 18th, was originally presented in New York.

After an engagement lasting months there, it went to Boston and played a limited engagement to absolute capacity. The Chicago engagement followed and critics and audiences in the three cities agreed that it was the funniest show seen in each of those cities during the entire year. (Continued on page eight.)

CARDINAL MERCIER SPIRITUAL PRINCE OF BELGIUM FOLK

Noted Catholic Held in His Esteem by People Throughout the Country.

STIRRED WORLD IN HIS POSITION AGAINST HUN

Several Notable Occasions of Career Are Given to Public Consideration.

New York, Sept. 11.—Belgium's beloved spiritual prince, guardian of the welfare of 2,500,000 Roman Catholics in the little kingdom whose first fierce resistance stayed the German avalanche Cardinal Desideratus Mercier, was born on November 22, 1851, in Braine d'Alleud, a village only a few miles from famous Waterloo.

Typical of the heroism of King Albert's countrymen, this physically frail but intellectually powerful prelate of the church stirred the whole world to admiration of his courage when, on the first war Christmas, in 1914, with Germans everywhere in Belgium, he issued his famous Pastoral letter, denouncing the invader and urging his people to resist in these words:

"Germany has violated her oath. We can neither number our dead nor compute the measure of our ruins. Occupied provinces are not conquered provinces. The authority of the invader is no lawful authority. Therefore, in soul and in conscience you owe it neither respect, attachment nor obedience."

Later, in protesting against the deportation of the Belgians for forced labor, he threatened Germany with "the (Continued on page eight.)

CITY SCHOOLS TO OPEN FOR SESSION COMING MONDAY

New Physical Program Will be Introduced at the High School, Said.

The city high school will take a big step forward when it opens next Monday with a new program in physical education for every student in the school. The work will be under the direction of Miss Corinna Mial for the girls and Mr. Rose for the boys. As many students as care to do so may volunteer for play and out-of-doors games and they will be organized into tennis and basket ball teams and will take their daily exercise in that manner. All students who do not wish to engage in the games will be organized into gymnasium classes and will be given regular and systematic exercise in normal gymnastic exercises. The best of physical examination by competent doctors will be made of every student and the entire work will be conducted with the single aim in view of the strengthening and up-building of the health of the students. The time has arrived when school authorities must give proper attention to physical education, and the Greenville High School intends to make the beginning now. It is up to the schools to develop the body as well as the mind.

The faculty of teachers is complete and it is not believed that our schools will suffer from a shortage of teachers as many near-by towns are doing. The following is a list of the teachers who will be on hand for the opening next Monday.

- Evans Street School. Ivey Paylor, Principal, Fourth Grade. Jane Bryan, First Grade. Christine Johnston, Second Grade. Mae McCurry, Third Grade. Elizabeth Evans, Third Grade. Anne Dixon, Fourth Grade. Eva Keeter, Fifth Grade. Ruth Wyche, Fifth Grade. Lillian Mason, Sixth Grade. Model School. Miriam MacFadyen Principal, First Grade.

WOOL GROWERS IN CHARGES AGAINST OUTSIDE FACTIONS

Wyoming Wool Grower Believes Outsiders Interfering in Packing Probe.

FEDERAL COMMISSION BIASED IN ITS PROBE

Believed That Investigation Are Not Directed as They Should be.

(By The Associated Press.) Washington, Sept. 11.—Findings of the Federal Trade Commission in its investigation of the meat packing industry "were directed and controlled, not only in the investigation itself, but in the recommendations of the commission," for regulation as embodied the Kenyon and Kendrick bills, Dr. J. M. Wilson, president of the Wyoming Wool Growers Association, charged in a statement filed today with the Senate agriculture committee.

The controlling influence, Dr. Wilson's statement added, was exercised "by a small number of men" in the American National Livestock Association chiefly in the association's market committee.

"I have been a member of the executive committee of the association for several years, and did not approve this plan," Dr. Wilson said, "and I think the facts are now due congress, the public and particularly the great mass of producers who are not in sympathy with this movement."

Dr. Wilson quoted at some length from the proceedings of three recent conventions of the Livestock Association and said that considerable sums of money had been raised and spent in propaganda to bring about such an investigation. W. B. Colver, member of the trade commission, was quoted in the Wilson statement as telling the 1919 convention of the association that "we did what you told us to do."

FORTY-FIVE PERSONS ADRIFT IN STORM NEAR CAPE FLORIDA

Miami, Sept. 11.—Forty-five persons sons are reported to be adrift in small boats between Fowey rock light house and Cape Florida as a result of storm. Boats have left to rescue them.

TROPICAL STORMS MOVING TO NORTHWEST, IS STATED

Washington, Sept. 11.—The weather bureau reports show tropical storms about 200 miles southeast of the mouth of the Mississippi of Pensacola with the movement still toward the northwest.

WILL BANKRUPT THE RAILWAYS, HE SAYS

Washington, Sept. 11.—Continued operations of the railroads as at present will result in bankruptcy "or sky high" rates, Senator Lenroot, Wisconsin, today declared before the house interstate commerce committee hearing on the railroad reorganization problem. He urged adoption of his plan calling for creation of a national railways corporation to provide for the unification of the roads with an operating board of eleven members, chosen from the interstate commerce commission, state commissions, business men, farmers, rail employes and stockholders.

FEWER CIGARS WERE USED DURING YEAR

Washington, Sept. 11.—Fewer cigars and less chewing and smoking tobacco were used in the fiscal year, 1919 than in any of the last seven years, internal revenue statistics just issued by the treasury department show. Cigarettes, however, show a rapidly increasing use, this year's consumption on which taxes, have been paid, being more than two and a half times larger than in 1913.

One reason conjectured for the increased consumption of cigarettes is the increase of smoking among women. The official report, however, does not touch upon that.

GENERAL PERSHING SPEAKS TO YOUNG SET IN NEW YORK

Distinguished Warrior Greeted
by Thousands of Children
of the City.

New York, Sept. 10.—Standing before a veritable forest of American flags held in the hands of more than 30,000 school children packed into the sheep meadow in Central Park this afternoon, General Pershing personally thanked them for their patriotism during the war.

"The patriotism of the children of America," he said, "has been an inspiration not only to the grownups but to the boys who carried the rifle at the front."

The children, representing the public schools of the city, had waited in the park for nearly three hours to get a glimpse of the Commander-in-Chief. When his car came into view the chorus of cheers arose so high that it seemed to sweep through the park and be echoed back by the tall apartment buildings and residences on either side.

The ceremony itself was very brief, occupying less than 15 minutes. It opened with a "salute to the flag" led by the Boy Scouts and recited by the children present. This was followed by the singing of the national anthem after which General Pershing was introduced. The Commander was visibly affected by the greetings, as were his two sisters who occupied seats on the platform and whose eyes were wet with tears.

After the ceremony hundreds of children broke through the police lines in an effort to shake the General's hand. Several were successful. Policemen with outstretched hands and legs tried to stem the tide of crowding youngsters, but several enterprising lads crawled through the policemen's legs and rushed for the General's automobile.

The General leaves for Washington Friday morning, stopping in Philadelphia for a few hours as the guest of that city. He will parade with the first division in Washington next Wednesday.

PLACES HIGH COST OF LIVING AGAINST LABOR SITUATIONS

Farmers of Nation in Meeting Place Responsibility on Cost of Labor.

Albany, N. Y., Sept. 10.—Officials of the New York State Grange, representing 125,000 farmers in a statement issued here today placing responsibility for the high cost of living upon labor,

declared that "an economic adjustment must be made if the world is to be fed and agriculture preserved." The indictment of all workers except those engaged in agricultural pursuits is made by Sherman J. Powell and W. N. Giles, master and secretary, respectively, of the grange, who allege that strikes have been an important factor in raising the price of food, clothing and shelter.

"The first factor in a happy life is three meals every day," says the statement. "The next is adequate clothing and housing to keep the body warm. The war has only hastened what every thinking agriculturalist has been for years was surely coming. Rural workers have not received the support and encouragement which the urban workers so easily obtained in the form of

better schools, roads, churches, houses, shorter hours and higher wages for work under more favorable conditions. This had the result of steadily drawing from the country its population to an alarming degree. Now, instead of going into a study of our situation and developing a remedy, our laboring brothers of the city purpose to remedy our trouble by arbitrary measures without any real knowledge of the cost of producing the necessities of life.

AN ORDINANCE.
Regulating the conduct of Hotels, Inns, Restaurants, Lunch Counters, Boarding Houses, Bakeries, Creameries and Ice Cream Factories in Greenville, N. C.
1. That any person, firm or corporation operating or conducting a hotel, inn, restaurant, lunch counter, boarding house, bakery shop, creamery or ice

cream factory in the town of Greenville shall, before employing or permitting any person to work in such place in the preparation, serving or handling of food, including milk, cream or ice cream, require or said person a certificate from a reputable physician of the town of Greenville or from the Health Officer of the County, that he or she is at the time of such employment free from infectious, contagious or communicable disease. And no person who has recently recovered or been exposed to any such disease shall be permitted to resume such work in such place until he or she has secured a permit from the County Health Officer to resume such work.

2. The proprietor, manager or person in charge of such business shall keep on file in the place of business for a period of twelve months from date of such certificate or permit, all certificates as to the health of employees or permits from the Health Officer in regard thereto, and such certificates or permits shall at all time be open to inspection by the Health Officer or Food Inspector of the town of Greenville.

3. That the County Health Officer shall, upon application and without making any charge therefor, make an examination of all persons who may apply to him with a view of procuring employment or resuming work in any of the above mentioned places and shall certify as to the condition or health of such person as disclosed by such examination.

4. That all such places of business shall be thoroughly screened so as to keep out the flies, and the premises, appliances apparatus and cooking utensils shall be kept and maintained in a clean and sanitary condition.

5. That all employees handling foods or foodstuffs or working in the kitchen or dining room at such places shall wear clean and sanitary clothes and keep their hands and person in a cleanly condition.

6. That all bakeries shall, when bread is cooked and as soon as cooled, wrap same in clean paper and deliver in clean baskets or packages.

7. That all dishes used in any such place shall be rinsed in clean hot water after being washed.

8. That no toilet shall be located in or open into any room where food is prepared, stored or served.

9. That it shall be the duty of the Food Inspector to inspect all such places of business from time to time, and it shall be unlawful for any person to in any way interfere with said Inspector in the charge of his duties.

10. That all restaurants or lunch counters shall be scored according to the United States standard score shall be posted in such places of business in a conspicuous place to be designated by the Food Inspector and it shall be unlawful for any one, other than the Food Inspector or such person as the County Health Officer may designate, to remove the same.

11. That any person, firm or cor-

poration violating any provision or requirement of this ordinance shall, upon conviction pay a fine of FIVE DOLLARS (\$5.00). Each day any violation is allowed to continue shall constitute and be a separate and distinct offence.

12. This ordinance being made for

the preservation of public health shall be published in a newspaper in the town of Greenville and shall take effect on 1st day of October 1919.

Passed by the Board of Aldermen in regular session September 4th 1919.

D. M. CLARK, Mayor.

Schlitz FAMO

Is Stimulating and Refreshing

Largely by reason of the manner in which carbonic acid gas is combined and liberated.

In sodas and charged waters carbonic acid gas is impregnated under a very high pressure, and escapes before the drink is taken into the system.

In Schlitz Famo carbonic acid is combined with extractive substances, and from these substances it is gradually liberated in the stomach—thereby utilizing all the beneficial properties and precluding any tendency to flatulence.

Schlitz Famo is a *worth-while* cereal beverage, non-intoxicating, healthful and satisfying. Good and good for you.

On sale wherever soft drinks are sold. Order a case from

THURSDAY, SEPT. 11, 1919.

With the opening of the city schools next Monday morning it is expected that one of the most eventful sessions of the entire city will be started, especially so from the recent announcement giving information of the intention of authorities to institute a special program designated to extend physical education for every child attending the high school. It is understood that various games will be provided in an effort to increase out-door recreation. Various recreational features for the girls will be under the direction of Miss Corrina Mial, while the boys will be under the direction of Mr. Rose, the principal for the approaching session. It is believed that no little good is going to result from the new endeavor, and especially from the gymnasium exercises and attention of doctors well acquainted with the situation. Physical exercise is absolutely essential to mental development, for it is universally recognized, and particularly so since the war, that physical training is about as necessary as mental development for without one the other is incomplete, therefore, the greater should be the aim of every school throughout the country in seeing that both necessities of complete education are provided.

In speaking before a great concourse of people at Sioux Falls, South Dakota yesterday President Wilson in saying that he would gladly die to save the peace treaty undoubtedly uttered a sentence that will go down in history with famed words spoken by the illustrious statesman. There cannot be the slightest doubt entertained that the President is not sincerely in earnest in his efforts in behalf of the league of nations, and while of course criticisms have been uttered far too freely in the matter, it is generally believed that people of this great nation believe in the genuine sincerity of the leader's mission. In fact, if they did not there would have been a rebellion long before this time, necessitating probably not such great resistance on the part of prominent opponents. Little can be said further regarding the matter for it has been discussed, criticized and wrangled over to such a great extent that a majority of people are becoming nauseated with greater opposition.

With the opening of the city schools drawing near parents throughout the entire city should be preparing to do everything possible to co-operate with faculty in making the year one of the most promising and auspicious in the history of the city. In fact, nothing should be left undone that will even indirectly detract from the success at this time anticipated by the faculty, for where there is the slightest dissension in the homes, naturally, it will find its way to the school room, even though the parent should endeavor not to have it so. There is every prospect in evidence for unsurpassed accomplishments throughout the entire session, and with the undivided support of people who fully appreciate the helpful environment of school influences, there cannot be anything more expected than a year filled with increased activities and development in every school. Co-operation is absolutely essential, and for that reason, little should be left undone in seeing that the teachers have this unconditionally.

It is said that the steel situation is becoming serious in this country, and there are prospects of workmen going on a strike at most any time on account of unsettled conditions throughout the entire country. The news is very satisfactory, indeed, to a majority of people of the nation, for the fact is everyone is getting tired out of strikes and would much prefer seeing the workmen retain their places until there are chances of things being remedied. Unsettled situation cannot possibly be remedied until the working class realizes that nothing can be accomplished by determined resistance over influence which they have little control.

Merchants in every section are now becoming just a little more cautious in their efforts to reap excessive profits on goods which have a direct and unlimited market demand, for with government men hanging around and ready to begin personal investigation at almost any time, the situation assumes a very dangerous and uncertain hue to those interested in a continuance of the illegitimate practices. Everything is being done to eliminate profiteering, and when men are brought face to face to squaring up invoices with government agents there is one thing sure, and that is they'll get everything coming to them in the long run.

A complaint has been issued, so it is said, by divine worshippers of Colorado, stating that airplanes fly so low in that section of the country that they disturb religious worship on Sundays. In accordance with this belief, certain towns have requested the airman that fly at a higher altitude during hours for service. With this new development, it is expected that very soon some complaint may be heard from Mars informing people of the earth that they must fly at a lower altitude, in which event, of course, the airplane will have to be abandoned so that the worlds may be in complete harmony.

Now that Austria has dropped out of the limelight by signing the peace treaty the news-reading public will no doubt be wondering what other nation is going to spring out into the limelight through opposition to certain things over which they have little control. Austria has wrangled to no little extent before realizing the futility of continuing with the same idea, and it is certainly sure that it did the right thing by being submissive enough to recognize the uselessness of endeavoring to better terms than those presenting

With the report of the Senate Foreign Relations committee it is expected that the league of nations' opponents will begin a more determined campaign against the compact between the nations of the world. There is little doubt, however, that people will not think for themselves in the matter, and whether or not the senate committee sees fit to disapprove of the covenant, opinions will be firm and unwavering at all times.

The House Agricultural committee undoubtedly did something that will have a direct benefit to the entire nation in passing the bill limiting the cold storage of foods to 12 months, and although some little time will be required before the action will be really effective in every part of the country there is little reason to believe that it will not accomplish its purpose in every way.

BLOCK SALES ARE AGAIN IN SWAY ON TOBACCO MARKET

(Continued from page one.)
occur throughout the entire day. It is conservatively estimated that there are between 700,000 and 800,000 pounds of the golden weed already on the market, and while the block will no doubt continue throughout the latter part of the week, it is believed that the floors will be completely cleared by the last sale Friday afternoon.

Splendid prices are no doubt accountable for the great influx of the weed at this stage of the season, and although warehousemen have done everything possible to assure the planters that high prices for the better grades may be expected for some little time, without the slightest break in demand occurring in sometime, their statements have had very little effect so far. There are many farmers who have had their crops curtailed by heavy rains and floods, and the fact that they stand a good chance at coming out of the big end of the horn through the present demand and high prices is no doubt accountable for the great rush in marketing their offerings. It has not been expected that such undue haste would occur, but now that the tobaccoists have been so forcibly impressed with the fact every facility will be provided to expedite the sales

during the remainder of the season. Prices in the sales yesterday were firm and unwavering with the exception of the inferior grades which, of course, were not very much in demand. This will continue, it is believed, and the more careful the planters become in preparing their offerings for the market the better will be the prices.

AYDEN WINS FINAL CONTEST IN GAMES WITH PETERSBURG

(Continued from page three.)
hundreds of people attending the game from the surrounding territory. Hoguard and Carson, both Eastern North Carolina boys did the firing-line work for the Ayden aggregation, and although the former was hit up several times for safe singles, opportune head work on his part and heavy hitting by team-mates turned the tide

of victory in favor of the home boys. Buckhorn and Koger formed the battery for the visitors, and while they might have done much better work had they been in some league game with pennant honors swinging in the balance, it is an assured fact they would have played an opposite game such as they gave the spectators on the Ayden grounds. The big southpaw could have easily held the locals at his mercy, which he plainly showed in the early stages of the game, but out of weariness or exhaustion from heavy work of the season, he evidently didn't pitch in usual form.

George Sugg, of Kinston, well known throughout this section of the country and particularly in the big league circles as an umpire of no little ability, umpired the game up to the seventh inning when he retired and was succeeded by Conrad Lanier of this city.

Suggs showed that he had been on the diamond before, in fact, his decisions were always close and decidedly in the

right and accurate from long experience with the game. Petersburg started off the sixth frame of the game in a hustle and bustle, and with a two base hit to the outfield by Kroger two men were sent across the rubber who had been put on bases by slight hits. Three other runners were sent home during this inning with the last tally coming in the seventh inning.

Ayden also started the ball rolling in the sixth frame when Shirley hit to right field for two bases scoring Litchfield and Carson and wild playing was responsible for Shirley going home in this inning. In the seventh six more men were sent across the rubber by the home boys, while in the eighth three others went home. Heavy slugging on the part of locals during the two innings was responsible for the downfall of the visitors.

The crowd on the tobacco market today looked almost like a circus day.

Valuable Farm Property For Sale

Betty Wales
Dresses

Distinctive Serge Dresses

THE Serge Dress is more popular than ever for Autumn wear. In the smartness and individuality of these dresses, Betty Wales has surpassed herself this season.

There are conservatively tailored models for the woman and girl who go to business; bloused and belted fashions for the girl at school and play. Some are trimmed so effectively that they will stand out even on formal occasions.

The Betty Wales Serge Dresses we are now showing are the first of the season.

Every week or two for months to come new models will reach us—fresh from the Betty Wales Studios. They are authoritative in style and material.

Every Betty Wales Dress is unconditionally guaranteed.

We are the exclusive agents in this vicinity for Betty Wales Dresses. Models and sizes for Misses and Women.

NEW MISSION PLAN IS

ADOPTED IN MONTANA

Nashville, Tenn., Sept. 13.—The Home Mission Council, representing a number of Protestant denominations in the United States, has selected Montana as a practicable field for trying out a new Missionary policy.

At a meeting held by the Council in New York last January, it was decided to survey some state with this purpose in view, and a committee was selected to take charge of the project and put on the survey.

This has been carefully done and Montana was the field selected. The survey showed a population in the state of 750,000 with 49,000 church members, representing nine Protestant denominations: the Northern Baptists and several branches of the Methodist and Presbyterian churches.

A called meeting of the Home Mission Secretaries of the denominations doing work in Montana was recently held in Butte, and after days of con-

ference they agreed to divide the territory between their respective churches. Bishop H. M. Dunboise and C. L. McCausland, Presiding Elder of Montana District, represented the M. E. Church, South.

Each church was made absolutely responsible for the territory assigned, and it was mutually agreed that no other church will be allowed to enter it. Between twenty-five or thirty additional towns were given the M. E. Church, South, in addition to those already in operation.

Bishop H. M. DuBoise will have the Episcopal supervision of this Conference and is very much enthused over the movement. The Centenary Movement, through which the Southern Methodist Church raised \$53,000,000, will make it possible to send new Missionaries to this field.

This movement is experimental. Should it prove practicable and fruitful of good results, the plan may be adopted in other Episcopal districts.

COMMISSIONERS' SALE OF LAND.

North Carolina, Pitt County. In the Superior Court. Harvey Roberson vs. Riley Jenkins.

By virtue of power vested in us by that decree of the Superior court of Pitt county, and entered in the above entitled action at the August term, 1919, we shall offer for sale at public auction at the court house door in the Town of Greenville to the highest bidder for the 6th day of October, 1919, the following described parcel of real estate, lying, being, and situated in Carolina Township, in the County of Pitt, and State of North Carolina, to-wit:

Adjoining the lands Gabel Jenkins, Wade Williams, Mack Bryant, and others, and bounded on the north by the lands of Frank Pollard and Walter Harper, on the south by the lands of Wade Williams, and on the west by the lands of Gabel Jenkins, and on the east by the lands of Walter Harper, and being all of that certain land set out and described in a certain deed of trust from Riley Jenkins to John T. Ross, of record in the tax assessor's registry in Book Z-9, at page 473, et seq.

and in that certain deed from John Rollins to Riley Jenkins, to which reference is made, and containing 28 acres, more or less.

This 3rd day of September, 1919. H. W. WHEDBEE, ALBION DUNN,

MUNICIPAL BONDS FOR SALE.

Sealed bids will be received by the commissioners of the Town of Ayden, North Carolina, on bonds to be sold for public school improvements in said town of Ayden, until noon Thursday, the 18th day of September, 1919, said bonds being sold under Chapter 73, of the Revisal of 1905, and amendments thereto to sell bonds, in the sum of seven thousand dollars.

Interest payable annually at 6 per cent. Bonds dated on or about August 15th, 1919. Deposit of \$500.00 required with each bid.

Right reserved to reject any and all bids. S. J. WORTHINGTON, Mayor of Ayden, N. C.

COMMISSIONER'S SALE.

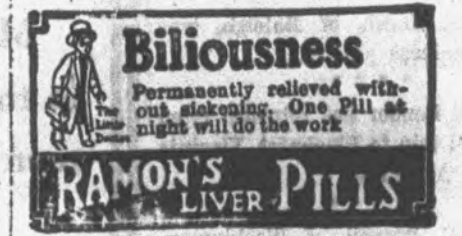

North Carolina, Pitt County. In the Superior Court. E. W. Spier, et als. vs. Oscar Taft, et als.

By virtue of power vested in us by certain decrees of Pitt Superior Court made and entered in the above entitled cause at the March term, 1919 of said court and supplemented by decree at the August term 1919 thereof, we will offer for sale at public auction, before the courthouse door in the Town of Greenville, N. C., to the highest bidder, for cash, at 12 o'clock noon, on Monday the 6th day of October 1919, the following described lot or parcel of land, lying and being situated in the town of Greenville, N. C., and more fully described as follows:

Situated on Washington and First streets, being that lot known as Lot No. 62 in the plot of the town of Greenville and known as the Samaritan and Odd Fellows Lodge lot and being the same lot conveyed to Charles Patrick, Thos. Wilkes and Stanley Boyd, composing the Board of Trustees representing Lodge No. 113 known as Good

Samaritans by William Whitehead and recorded in Book Y-3, page 207, reference to which is hereby made, except that part of said lot heretofore sold by the said Lodges to Henry Duff.

This September 6th, 1919. F. M. WOOTEN, C. C. PIERCE, Commissioners.

GERMAN TREATY IN HOUSE TODAY FOR FURTHER DEBATES

Document Returned 2 Months After President's Return, After Making.

Washington, Sept. 10.—The German peace treaty, six months in the making, will be returned to the senate tomorrow by the Foreign Relation Committee along with a majority report containing amendments to the treaty and reservations to its League of Nations covenant.

The treaty will go back to the Senate exactly two months to the day from the date it was laid before the body by President Wilson. Senator Hitchcock, of Nebraska, ranking Democratic member of the committee, will present a minority report within the next two days, and general debate will begin Monday, to continue almost without interruption until final action is taken.

Pending this move which will hasten final consideration by the senate of the whole question of peace with Germany, advocates and opponents of the league generally rested today in anticipation of the big battle to begin next week.

There were several informal conferences at which members endeavored to reach a compromise over the form of reservations, and Senator Spencer, Republican, of Missouri, speaking against the league declared he would be forced to vote to reject the treaty as it now stands.

Senators Johnson, of California; Borah, of Idaho; McCormick, of Illinois, all Republican opponents of the league, left here today for Chicago, on the trail of the President, to speak against it.

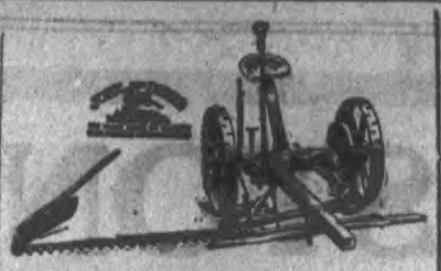

COMMISSIONERS' SALE OF LAND.
North Carolina, Pitt County.
In the Superior Court.
The Greenville Banking & Trust Co., vs. Titus Bale, Administrator, and Titus Dale, Guardian and J. R. Smith & Bro. and L. L. Kittrell, Administrator.

By virtue of power vested in us by that decree of the Superior Court of Pitt county, entered in the above entitled action at the August term, 1919, we shall offer for sale to the highest bidder for cash (or for one-third cash, the balance payable in one and two years, and secured by a deed of trust) at public auction at the court house door in the Town of Greenville at 12 o'clock noon on Monday, the 6th day of October, the following described parcel of real estate, lying, being and situated in Ayden township, county of Pitt and State of North Carolina, to-wit:

Beginning at a stake on the road leading from Ayden to Elm Grove church, and running thence an easterly course with the Nobles line to Walter Barfield's line, thence a northerly course with said Barfield's line to a ditch; thence with said ditch to the road, thence with the road to the beginning, and containing one-fourth of an

acre, more or less, and being the same place whereon the late W. T. Cannon and wife, M. L. Cannon lived, and being the same parcel of land described in the complaint filed in the above entitled action.

This September 3, 1919.
H. W. WHEEDBEE,
ALBION DUNN,
Commissioners.

CARDINAL MERCIER SPIRITUAL PRINCE OF BELGIUM FOLK

Continued from Page
reprobation of the civilized world, the judgment of history and the chastisement of God."
Fifteen thousand copies of the Cardinal's letter were seized and destroyed the printer was arrested and fined and the brave priest was kept a prisoner in his palace by order of General von Bissing "until a retraction of the pastoral had been signed." The Cardinal not only refused to retract his statements but became even more defiant.

He was given his liberty, finally, and continued to use his voice and pen against the "malded fist" in crystallizing world opinion against the Central Powers. All during the war, however, he was subjected to petty persecutions and his secretary and other aides were thrown into jail. He went through the bombardments of Antwerp and Malines and braved the perils of the common soldier.

Cardinal Mercier was created and proclaimed a member of the Sacred College on April 15, 1907. Before that he was professor in the University of Louvain, which was repeatedly pillaged and desecrated in the war. The prelate's distinguished service for Belgium throughout the war has been told in frequent news dispatches. Less is publicly known of his early record as a churchman.

The Cardinal studied at St. Romhout's College, Malines, and the diocesan seminary in the same place. He was ordained to the priesthood April 4, 1874, entered the seminary at Malines in 1877 as a professor of philosophy after taking a course in theology at the University of Louvain and five years later was called to the university as professor of Thomistic or liberal philosophy. In 1886 Pope Leo XIII appointed him a domestic prelate, with the title of Monsignor.

THREE CASES ARE HEARD IN SESSION COURT YESTERDAY

(Continued from page one.)
at times, and this he has done without variation. Several occurrences have transpired in which he was forced to take part in so that the cases could be continued without interruption, and for that reason much good is being accomplished.

Keen and shrewd judgment is ascendent in every action of the presiding official, and while of course, there are times when it is absolutely necessary to lend assistance in bringing out obscured points in controversy, his help in such cases proves very invaluable to all of those concerned. There have very few cases come up yet in which he has not always shown a certain degree of interest, and at all times his decisions are decisive and ring with a note of finality after arguments have been completed on the part of the defending attorneys. These facts have played a conspicuous part in the proceedings for the past several days and for that reason the work of the court has been successful throughout.

While there were only three cases receiving disposition in the session yesterday those were filled with several obscured points which required some little time in bringing out. The cases were as follows:

Sallie Brown vs. Neil Brown, colored, divorce absolute.

C. F. Elks vs. Board of Commissioners. Claiming damage to land by cutting road through property. The road was constructed in 1915, and is known as the Plank road leading to Farmville. The case has been in court some little time. The court rendered a verdict of \$225 in favor of the plaintiff, but the case was appealed to supreme court.

Ed. Barrett vs. F. M. Smith, the case growing out of dispute over cottonseed raised by both parties. Verdict in favor of the defendant.
