Chairman Lodge is Planning to Present Peace Treaty for Open Debate.

MEXICANS ABANDON THE ANNUAL CELEBRATION

The Mexican Celebration of Independence Will Not be Held.

PEACE TREATY TO BE PRESENTED FOR OPEN DEBATE IN SENATE

(By The Associated Press.) Washington, Sept. 15.—Chairman Lodge is planning to present a peace treaty for open debate in senate and a long controversy is expected over the amendments and reservations.

MEXICANS HAVE ABANDONED ANNUAL CELEBRATION

Puebla, Sept. 15.—Mexicans have abandoned their annual celebration of the independence of Mexico from the Spanish rule following the lynching of two Mexicans accused of killing a policeman.

GENERAL BADOLIO ON HIS WAY TO VISIT IN FIUME

Rome, Sept. 15.—General Badoglio deputy chief of the Italian armies is on his way to Fiume as a result of Captain Gabriel D'Annunzio's occupation of that city with armed forces. Premier Nitti has characterized the occupation as contrary to the government's policy and calls it "sedition."

EFFORTS ARE BEING MADE TO RESTORE WIRE CONNECTION

Dallas, Tex., Sept. 15.—Efforts are being renewed to restore wire communication with Brownsville and Corpus Christi, Texas, which was cut off by the storm.

TWO MILLION DOLLAR LOSS IN KEY WEST, IT APPEARS

Key West, Fla., Sept. 15.—With business returning to normal and the debris of last Tuesday's hurricane rapidly being cleared away, the sun came out here today for the first time in a week, drying the rain-soaked city.

Loss from the hurricane which tonight was away across the Gulf and preparing to strike the mainlands, was estimated today at \$2,000,000. About half of this appeared to have been sustained in damage to naval property here. Shippings of all kinds suffered heavily. Almost all local fishing and wrecking vessels were either beached or sunk and half a dozen steamers were grounded. No lives were lost in Key West and comparatively few in nearby waters. Mayor Cleare, by courtesy of military officials, has sworn in a number of service men as special policemen to guard the city at night, and in a proclamation requests every citizen to assist in the work of restoration.

SHIPYARD WORKERS TAKE DAY OFF AND ARE DISCHARGED

New York, Sept. 15.—Thousands of shipyard workers who took half holiday Saturday in defiance of employers orders to remain on the job were discharged when they returned to work this morning.

THE CITY SCHOOLS OPEN TODAY WITH SPLENDID RECORD

The City Schools Opened today With Largest Attendance In It's History.

PLANS HAVE BEEN MADE FOR PHYSICAL COURSE

Work This Year Will Include a Course in Physical Training.

The Greenville Graded Schools opened this morning with a record breaking enrollment, and with every member of the faculty present. In the High School the per cent of enrollment was larger than ever before and also in the first grade. For several weeks past Prof. Swanson has been preparing for the opening, seeing that the enrollment was to be larger than ever before, so this morning everything was in readiness and it took only a short time to assign each pupil to his or her place. The opening was taken up in giving each child a list of books and other matters of importance, so that on tomorrow work can begin in real earnest.

There has been a tendency, in the past few years, of pupils dropping out of school when they reach High School so it is very gratifying to the faculty and to the people of Greenville to know that people are realizing as never before the advantages which the Greenville High School offers, and are keeping the children in the higher grades.

The school this year will have a course in physical training, because in order to have a well trained mind one must have a healthy body, so this course will be equally as important as the mental course.

With the present outlook the school will make the best record in its history this coming session, and great things are being expected both by the faculty and patrons.

LAND OF ENGLAND CHANGING OWNERS UNDER LAND BILL

Large Tracts Being Acquired by County Councils which Are Selling Them.

London, Sept. 15.—The land of England is changing ownership under the operations of the land settlement bill. Large tracts are being acquired by county councils which are selling them in small holdings to persons who make annual payments for them.

Until the enactment of the measure England was the only country in Europe which denied to the smaller cultivators of the land sufficient facilities to enable them to purchase their holdings. In German 86 per cent of the cultivated land was owned by the men who worked it while only 12 percent of the small agriculturalists of England owned their own farms.

Before the war the government energetically opposed the policy of occupying ownerships for Englishmen, Welshmen and Scotchmen, but helped Irishmen to own the ground they till. Thus far 410,000 holdings containing 13,500,000 acres have been sold to Irish farmers, leaving only about 50,000 holdings to be sold. But the English farmer is just as anxious as any to own farm, and under the new law he will soon do it.

ANOTHER COTTON PANIC SIMILAR TO 1914 IS EXPECTED

Atlanta Grower and Banker Presents Reason for Making Statement.

CONDITIONS THAT ARE ALARMING TO THE SOUTH

Amendments to the Warehouse Act of Importance to Dealers.

Washington, Sept. 15.—"Cotton producers are ready to make another crop and, true to history, the price declines as the time draws nearer for the cotton to be sold," remarked Wm. H. Clegg, a farmer and banker of Atlanta, Ga., in an interview in Washington. "The radical decline for the last few days seems to forebode another cotton panic similar to those of 1914 and 1918. The present crisis in the cotton market is caused by several unfavorable conditions which demand attention. The principal trouble is that the European market is practically closed because of the almost prohibitive rates of foreign exchange. To illustrate, it takes nearly \$1.20 of English money, 1.00 of French money, \$2 of Italian money and nearly \$4 of German money to buy \$1 worth of American cotton. These conditions are alarming the cotton producers in the South, because they export a large part of their cotton.

"The depressed financial conditions in Europe can be handled by the Federal government without loss, and by prompt action the cotton producers may be saved \$500,000,000 on the 1919 crop. There can be no relief save through the government. Let the United States take charge of the present cotton at a fair price, carry it to war-stricken countries of Europe, freight added; sell it to those countries on time, issuing bonds against it, and relieve the situation.

"This is not asking the government (Continued on page four.)"

TRAINING SCHOOL FOR WORKERS WILL BEGIN TONIGHT

Training School for \$75,000,000 Campaign Begins in Church Tonight.

The Baptists \$75,000,000 campaign training school, to train workers in the local churches of the Roanoke and Nense Atlantic Associations, which is to be held in this city in the Memorial Baptist church will begin in this church tonight at eight o'clock with Dr. Charles Anderson as Deaa of the school.

The school will hold its sessions for two and one half days each week, for four weeks, and will begin on Mondays and close on Wednesdays at noon.

The entire course will be given in lecture form and the public is cordially invited to attend.

The \$75,000,000 campaign is a big undertaking and is for a great cause, and the prayers of every Christian man and woman will be needed to carry it through.

BIG PROBLEM FOR GERMANY TO SOLVE CONFRONTS HER

War Material Worth Millions of Dollars Must be Disposed of.

NEWSPAPERS STATE NO EFFORT BEING MADE

Big Stocks of Wagons, Guns and Materials Are Stored at Military Posts.

With the American Forces in Germany, Sept. 15.—How to dispose of war material worth many millions of marks is a problem confronting Germany military authorities. Press reports from various parts of Germany indicate that great masses of guns and other war material are rusting on old drill grounds or are being sold for junk.

Illustrated papers recently published a photograph of an enormous stock of shell damaged cannon which were to be broken up in Westphalia for the metal. Newspapers say that on the old artillery drill ground at Oldenburg there are more than 1,000 wagons and guns in various stages of wreck, awaiting purchasers. Some of the editors have been demanding that something be done at once to get old baggage wagons and other former war vehicles into the hands of the farmers who are much in need of wagons.

Article 169 of the Peace Treaty states that "within two months of the coming into force of the present treaty German arms, munitions and material, including anti-aircraft material existing in Germany in excess of the quantities allowed, must be surrendered to the governments of the principal Allied and associated powers, to be destroyed or rendered useless."

Misses Lallah Brown, Adelaide Taft and Annie Higgs went to Kinston this afternoon.

IMPLICATE NEGRO MATE AS MURDERER OF ROBIE COKRUM

Three Members of Crew Say Ship's Skipper Was Killed On Board Vessel.

Wilmington, Sept. 15.—Charles L. Lacey, negro mate of the schooner William H. Sumner, which ran aground in Topsail Inlet a week ago, was implicated as the murderer of Robie E. Corkrum, the vessel's skipper, this afternoon when three members of the negro crew broke down under interrogation of an agent of the department of justice, who is handling the case in collaboration with Assistant District Attorney Whitehurst, of New Bern.

According to their story, the skipper was shot to death at 7:45 o'clock on last Monday morning, the fatal shot being fired with Corkrum's revolver, which Lacey had secured during the night. Failure to tell all they knew about the affair during the examinations in the past two days, they said, was because of fear of Lacey, whom they stated was a dangerous man. They asserted that jealousy over Corkrum's promotion to captain of the ship was one of the chief motives for the killing.

The dead skipper and the negro mate were members of the crew of the William H. Sumner for several years as first and second mate, respectively. Rigid examination of Lacey after the three negroes had told their story failed to shake his version that the skipper came to his death at his own hands presumably because of despondency over the fact that his vessel met disaster on his initial voyage as its captain.

The next development in the case will be the hearing, which has been set for Monday, September 22, before a United States commissioner here.

BOXING CLUB TO BE FORMED IN N. Y. AT AN EARLY DATE

Boxing Club to be Formed With Many Prominent Men as Members.

ORGANIZATION WILL BE KNOWN SPORTING CLUB

The Club Will be the Most Impressive Organization Ever Formed.

New York, Sept. 15.—The formation of a membership boxing club, which will include among its sponsors and supporters some of the most prominent men of the country, was announced here tonight. The organization will be known as the International Sporting Club of New York and will be modeled, to some extent, along the lines of the famous National Sporting Club of London. Plans for the erection of a \$500,000 clubhouse to be located at 55th street and Sixth avenue, in the heart of the city, are in the hands of contractors and it is hoped to open the arena early in February with an international bout in which Jimmy Wilde, the English Flyweight champion of the world, will be one of the contenders.

The club, which will operate under a charter from the Army, Navy and Civilian Board of Boxing Control and the National Sporting Clubs of America, both incorporated bodies, will be the most impressive organization ever formed in this country for the purpose of staging boxing exhibitions under the membership plan. The building will be constructed of marble with a number of reading and dining rooms as well as a large lounge. There will be one or more smaller clubs with separate quarters within the main club buildings.

The dressing rooms for the boxers will be in the basement and the contesting will enter the ring there and (Continued on page four.)

NAUGHTY WIFE TO BE PRESENTED AT WHITE'S THEATRE

Popular Attraction to Appear at White's Theatre Next Thursday Evening.

Have a healthy, cheery view of life, and it will be the easiest thing in the world to have the comedy spirit of which we hear so much as being elusive to most women. It is not a trait requiring like the poetic gift, being born in one. It can be acquired like thousands of other traits or habits.

So says Gertrude Walters who plays the acquisitive widow in "The Naughty Wife" which comes to White's Theatre on Thursday, September 18th for one night only.

Miss Walters has long been held up as a rare object, a woman who has the comedy spirit, and it was upon this subject that her interview harped, with the result of the foregoing uttered authoritatively. Yet, playing through the words like a strong light behind a diaphanous veil, was that same comedy spirit which was mentioned. She radiates cheer, even in her serious conversation.

The trouble with most women, continued Miss Walters is that they are ever feeling in the want of something. They are eager for that which is not, searching for something to desire, hunting for means of pleasure when all they have to do is sit still, look about them, essay the things that are, being introspective without being profound, and there it is served on a golden platter, all the joy that can fill them. Future-hunters, can never be joyful. To be joyful means happiness, and what else in the world do we seek but happiness.

It is all summed up in one word, dissatisfaction. People go on all through (Continued from Page 7)

EXPLOSION OF OIL TANK CAUSES BIG FIRE IN NEW YORK

Fire Which Was Caused by Explosion Spread Over Area of 20 Acres.

THREE MEN ABOARD FIRE BOAT REPORTED DEAD

Late Last Night Little Progress Had Been Made in Checking the Flames.

New York, Sept. 15.—More than 2,000 fire fighters, perhaps the greatest force ever concentrated in New York at any one point, at midnight were battling with flames which not only caused damage to Standard Oil Company property in Long Island City, amounting to millions of dollars, but resulted in injury of more than two score of persons.

Three men on one fire boat were reported killed, but at a late hour tonight this had not been confirmed. The fire starting early this afternoon from the explosion of an oil tank in the Stone and Fleming Works, a subsidiary of the Standard Oil, on Newtown Creek, spread over virtually the entire area of the plant, which covers 20 acres, and thence to the Columbia Distilling Company's buildings of the same side of the creek, the Peter Geoghegan Glue Works and American Agricultural Company's plant across the water and the Green Point bridge.

At the same time, flames carried across the stream by blowing oil, threatened the Platt Works of the Standard Oil on the opposite bank.

Following a series of explosions this afternoon and evening, the fire spread so rapidly that, in addition to a dozen fire boats and three-score fire companies, a signal was sounded summoning back all members of the department who had gone off duty. This is the first time since the two platoon system was introduced in this city that an emergency has arisen necessitating a recall signal. Every man who could be spared in Manhattan was sent across the East River. When late tonight it became evident little progress had been made in checking the flames, Fire Chief John Kenton was returned from his vacation to take charge of the situation.

CAMPAIGN TO REGAIN PLACES FOR POLICEMEN IS BEGUN

Boston, Sept. 15.—A campaign to regain for striking policemen the places lost by an order of city authorities was begun today with assistance of Gompers and other heads of American Federation of Labor. The city is quiet and part of the military forces have withdrawn from patrol duty. Police Commissioner Curtis who refused to employ the strikers agreed to a conference today with the union chiefs.

STRONG SPIRIT OF COMPROMISE AWAKE

SENATOR SIMMONS SAYS THAT MUTUAL CONCESSIONS MUST INEVITABLY BE MADE.

TO SECURE RATIFICATION

Substitute Resolutions Drafted and Discussed at Length in Private Cloakroom Conferences.

Washington.—Marked indications of a compromise in the senate controversy over reservations to the league of nations covenant came from both democratic and republican sources after Republican Leader Lodge had announced that the peace treaty would be reported to the senate and probably taken up for consideration next week.

Probably the most important development of the day was a statement to the senate by Senator Simmons, of North Carolina, prominent in administration leadership, declaring "some concessions in the way of reservations will have to be made to secure its ratification." Although "utterly" opposing some of the Lodge reservations, Senator Simmons said he was suggesting a compromise on "conservative reservations of an interpretative character."

Republican senators continued efforts to compromise differences over a reservation to Article 10 of the league covenant. Senators McCumber, North Dakota, Kellog, Minnesota, and Lenroot, of Wisconsin were said to have drafted substitute reservations which were discussed privately in lengthy cloakroom conferences.

PRO-GERMANISM IS AGAIN RAISING ITS HEAD HERE.

Sioux Falls, S. D.—Declaring that pro-Germanism again had lifted its head in this country, President Wilson declared in an address here "that every element of chaos" was hoping there would be "no steady hand" placed on the world's affairs.

"I want to tell you," said the President, "that within the last two weeks the pro-German element in the United States again has lifted its head."

Declaring the peace treaty provision for an international labor conference would give labor a new bill of rights, the President declared the treaty was a "laboring man's treaty" in the sense that it was a treaty drawn up for the benefit of the common people.

The political settlements themselves, said the President, were made for the peoples concerned. He asserted that the document laid down forever the principle that no territory ever should be governed except as the people who lived there wanted it governed.

STRIKE OF 600,000 RAIL MEN AGAIN THREATENED.

Detroit, Mich.—Definite action by the end of this week on the threatened strike is expected of the convention of the United Brotherhood of Maintenance of Railway Employees and Railway Shop Laborers, which opened its session here with more than 2,000 delegates from the United States, Canada and Panama canal zone present.

The membership has already voted power to the executive committee to call a contingent strike of the 600,000 unless wage demands and working agreements asked of the railway administration of the United States and the Canadian government are granted.

W. VIRGINIA PLANS TO END ARMED MOB MOVES.

Charleston, W. Va.—Vigorous measures are to be taken by the state of West Virginia to prevent a recurrence of the events of the past few days when armed men marched across the country threatening to violently invade a neighboring county.

SMALL PACKERS SAY THAT THEY ARE NOT IN DANGER.

Washington.—Independent packers of the country can protect themselves from the "big five" packing companies without the aid of the Kenyon and Kendrick bills, the senate agricultural committee was told by John S. Felin, representing the independent concern.

"We are able to take care of ourselves," said Felin. "Leave us alone. We've had our troubles during the last two years with the license system and we don't want any more of it."

PROSPECTIVE PRODUCTION IN SPRING WHEAT CROPS

Washington.—A further decline of the spring wheat crop reduced the prospective production 17,000,000 bushels during August, but corn had a good month and shows a prospective output 70,000,000 bushels larger than indicated last month, according to the government crop report.

There were reductions in the forecasts of oats, white potatoes, tobacco and hay, but an increase in buckwheat and sugar beets.

North Carolina Overseas.

Matthew Hale, president of the quasi-public South Atlantic Maritime corporation and general chairman of the sister company, the South Atlantic Export company, is on a tour of North Carolina, South Carolina, Georgia and Florida in the interests of the latter organization now being formed by the business men of the south Atlantic states for the purpose of stimulating trade with Latin America.

The export company, like its sister corporation, the South Atlantic Maritime corporation, is a quasi-public company controlled by directors representing both the stockholders and the four south Atlantic states.

At the offices of Mr. Hale it was announced that North Carolina had oversubscribed her share of the organization fund. The city of Wilmington alone had oversubscribed her allotment by 300 per cent. The organization committees in the three other states were reported as actively rounding up the bankers and other business men.

Other New Enterprises.

One new Raleigh company and one for Mount Airy filed incorporation papers with the Secretary of State.

Amusement Facilities Company, Raleigh; social clubs; authorized capital \$30,000, subscribed \$4,500; duration, 30 years; Fred C. Jones, William H. Wynne, H. H. Nowell, all of Raleigh, incorporators.

W. S. Wolfe Drug Company, Mount Airy; authorized capital \$25,000, subscribed \$6,000; W. S. Wolfe, F. G. Wolfe, both of Mount Airy; W. M. Taylor, Winston-Salem, incorporators.

Of Interest to Tourists.

It will be an announcement of distinct interest to hundreds of members of the Southern Presbyterian church, and to many others in the territory of this church, to know plans are being formulated for extensive improvements at Montreat, the summer assembly of this church, before the opening of another conference season, which will be in the summer of 1920. Announcement has been made that the Mountain Retreat association confidently expects to erect another hotel at Montreat.

The society, which was organized in 1899, now includes veterans of the Philippines, Cuban, Mexican and Boxer wars and of the great conflict lately ended.

NEARLY FORTY AMENDMENTS

Cummins Railroad Bill Proposing Penalties in Strikes and Lockouts Will Also Receive Attention.

Washington.—Transfer of the peace treaty from the foreign relations committee to the senate as the final step toward ratification will be the principal event this week in congress. Chairman Lodge, of the foreign relations committee, is expected to report the treaty with recommended amendments and reservations, and thereafter the treaty is expected to have exclusive right of way on the senate floor.

While the amendments numbering nearly 40 are under fire, negotiations will proceed as to "mild" or "strong" reservations, which generally are regarded as the crux of the entire controversy. Indefinite debate is expected on the treaty.

The general investigation into Mexican affairs will be opened by the senate foreign relations sub-committee, of which Senator Fall, Republican, New Mexico, is chairman. The inquiry is expected to continue several months. Rev. Dr. Inman, of New York, of the league of five nations, has been called as the first witness scheduled.

Prohibition enforcement legislation enters its final stage with conferences between senate and house managers.

The Cummins railroad bill, proposing private ownership and operation under federal control, with strikes and lockouts penalized, will be taken up by the senate interstate commerce committee. The house committee will continue its hearings.

MONDAY, SEPT. 15, 1919.

It has been said time and again that Greenville has a way of getting things when the town goes unitedly and persistently after them.

The Reflector wants to say that there is a prospect in the change of location of a prominent educational institution that is well worth looking after and making a strong effort to secure.

A recent school census of New Bern shows that city to be getting near the 20,000 mark in population. The hardy a doubt that when the government census is taken next year figures are going to show remarkable changes in a number of North Carolina towns.

There is no need of anybody complaining over being pulled for violating the traffic laws were made with the view of safety and regulation, and should be obeyed.

streets afford an inviting place for speeding is no reason why the laws should be set at naught and lives endangered by speeding through the streets.

The city schools had a most gratifying opening today and there is every prospect of a most successful session. That this may be accomplished the parents and interested citizens of the community should give their hearty cooperation to the superintendent and faculty by not only visiting the schools occasionally but also by encouraging their children to punctuality and close attention to their studies.

Governor Bickett proved a mediator indeed in going personally to High Point and bringing about an amicable adjustment of the trouble that has existed there for several weeks between the manufacturers and union laborers.

That Greenville's tobacco market is attracting attention far and near is shown in the fact that you can hear it discussed wherever people congregate.

It comes in timely again at a session when so much money is finding its way into the hands of the farmers in return for their crops, to remind them that the banks are the places to keep this money in and not any old place about the home.

The housing proposition is one that continues to be a matter of much concern in Greenville. That there are not near enough houses to meet the demand is apparent to all, and the further growth of the town will be handicapped to the extent that this need remains unsupplied.

rise with the entire roped enclosure to the arena proper by means of an elevator device thus doing away with the usual tiresome preliminaries preceding a bout.

According to the prospects of the club the officers include Major Anthony J. Drexel Biddle, president; Hon. Franklin K. Lane, Gen. Coleman Du Pont, Admiral W. S. Sims and Justice Bartow S. Weeks, vice-president; while the Admission and Ballot Committee numbers among others Warren Barbour, Charles Dana Gibson and Charles H. Sabin.

NAUGHTY WIFE TO BE PRESENTED AT WHITE'S THEATRE

(Continued from page one.) their young years being dissatisfied with the things that are, and then they wonder why they cannot find happiness. Not that I would have them banish seriousness or consideration for the big things of life.

Another cause is their dependence upon others to furnish their amusements for them. Of course, it is good for us that there are so many such dependents, but I know our tasks as amusements would be so much easier if we had to play to contented minds.

for money, but for government credit and guarantees. If the cotton producers sell their cotton on a credit to those European countries, those contracts must be made negotiable and converted into a liquid asset that may be handled in regular commercial channels.

Rockingham.—Two murders came to light with the alleged confession by W. Foster Parsons, now in Richmond county jail, that he killed during the past three weeks two negro jitney drivers from Hamlet, threw their bodies in the woods and stole the cars.

Rocky Mount.—Flat refusal was given the request of the Home Telephone and Telegraph Company for an increase in telephone rates for this city at the meeting of the joint legislative Chamber of Commerce committee. Throughout the lengthy session the government was made the scapegoat and Burlington heralded as its rider.

Morganton.—The North Carolina School for the Deaf was the scene of a great home-coming reunion of the former students of that school which lasted through the rest of the week. Over 150 were present to partake in the celebration of the twenty-fifth anniversary of the opening of the school.

Shelby.—The convention of the Ninth district letter carriers was held here with the largest attendance that has ever been present, there being 45 representatives from the counties of Mecklenburg, Gaston, Lincoln, Catawba, Burke and Cleveland.

True Bill Found.

Charlotte.—John Wilson, whose argument with Chief of Police Walter B. Orr is alleged to have started the riot that caused five deaths, was indicted by the Mecklenburg county grand jury on the charge of inciting a riot. A true bill was returned against Wilson after the facts in the case had been carefully investigated.

Wilson is the brother of Clem Wilson, who was knocked in the head by a policeman when he crowded the policeman "too close."

GEN. PERSHING RETURNS TO DESK AND CORRESPONDENCE

Washington, Sept. 15.—General Pershing today returned to his desk in the war department and is clearing up his correspondence.

NEEDLESS LOSS BY EXPOSING COTTON

FARMERS ARE LOSING YEARLY \$30,000,000 BY EXPOSURE OF COTTON TO WEATHER.

\$2.50 A BALE LOW ESTIMATE.

More General Use of Warehouses, Both Bonded and Private Would Put Stop to Ruinous Waste.

Washington.—Cotton raisers are losing \$30,000,000 annually on an average from weather damage to bales of cotton left in the open, the department of agriculture declares in a statement. Enough "pickings" to represent at least \$2.50 are lost from each bale exposed to the weather and frequently the losses are greater.

Southern farmers are urged by the department to store their cotton and stop this waste. Attention is called to the warehouses, licensed and bonded under the federal warehouse law which the department says furnish best receipts—good for cash at any bank—cheaper insurance and better service. The department does not confine its recommendations to bonded warehouses. Use of private warehouses more generally would do much to stop the big loss, it declares.

PRODUCERS PLAN TO BUY AND HOLD EVERY SALE OFFERED

New Orleans.—Cotton producers from ten Southern States at a meeting decided to organize a buying corporation in every county and parish in the belt with the object of buying every bale offered, then holding the staple until the minimum price, to be recommended by a committee of growers, was offered.

JOHN MITCHELL, NOTED LABOR LEADER, DEAD

New York.—John Mitchell, former president of the United Mine Workers of America and one of the most widely known labor leaders in the United States, died at the Post Graduate Hospital. Mr. Mitchell was only 48 years old.

UNION POLICEMEN OF BOSTON GO ON STRIKE

Boston.—Union members of the Boston police force went on strike. Carrying out their threat to walk out if Police Commissioner Curtis disciplined any of their number for joining the union, they reported at the evening roll call, turned in their equipment and proceeded to Fall Hall, in the South end, for a meeting.

TEXAS GIVES \$100,000 GREAT BAPTIST CAMPAIGN

Nashville.—While the drive for the funds for the Baptist \$75,000,000 campaign will not be made until victory week, November 30-December 7, Dr. L. R. Scarborough, general director, received a telegram from M. H. Wolfe, Dallas, Texas, chairman of the Democratic executive committee of that state, to the effect that he would give \$100,000 to the campaign without any designation as to how the money should be expended.

MAYOR'S COURT.

The following cases were disposed of in Mayor's court today: J. S. Harris, driving car insufficiently lighted, cost. Hugh Warren, driving car insufficiently lighted, and no car number, \$2 and cost. Bond forfeited. Joshua McJohnston, driving car insufficiently lighted, \$2 and costs. Bond forfeited. Dr. William Fountain, reckless driving, \$5 and costs. Percy Forbes, speeding, \$5 and cost. Sherwood Ragsdale, driving car insufficiently lighted, had to pay costs. Colored—Carey Battle, drunk and down, \$10 and costs. Emma Staton, disorderly conduct, \$25 and costs. Bill Whitfield, disorderly conduct, \$10 and costs. Clara May, disorderly conduct, \$10 and costs.

EMPLOYERS PLAN TO FORM A FEDERATION

Manufacturers Realize That They Must Get Together in Self Defense. Chicago, Sept. 15.—An actual start toward federation of the employers of the country as recommended by the recent "our country first" conference was made by the Illinois Manufacturers Association today by the appointment of a committee representing fifty organizations with Charles Piez, former head of the shipping board as chairman. It will ask chambers of commerce, agriculture and other bodies to introduce resolutions adopted at the conference which urged the federation of employers. "Manufacturers are awakening to the fact that they have got to present their own issues collectively at Washington if they expect to get what is their due in the way of legislation," said Mrs. Piez. "Any state of the union would be looked at for the interest of business."

AN EXPLANATION.

Several days ago in our report of the Mayor's court we stated that L. F. Evans was fined for driving a car while in an intoxicated condition. We wish to inform our readers however, that this was not Mr. Leon F. Evans who lives near this city but another person with a similar name.

REV. GEORGE F. HILL TO WED IN JANUARY

The announcement of the engagement and approaching marriage of Miss Shelton Zoeller to Rev. George F. Hill, rector of Christ church, of Elizabeth City, will be of exceptional interest, in this city on account of Rev. Hill being so well known here. The announcement was made at a social affair given in Elizabeth City last week.

Miss Zoeller is the daughter of Mr. and Mrs. W. H. Zoeller and for the past several years she has been primary teacher in the Elizabeth City graded schools and has also established an enviable reputation for her teaching of primary methods in North Carolina and Virginia summer schools.

Mr. Hill, who is now rector of Christ church, Elizabeth City, was formerly rector of the Episcopal church, in this city and possesses a host of friends here.

WHITE-BURTON.

The following clipping will be of interest to many Greenville people as the bride lived in Greenville for several years and is well known here.

Wilson, Sept. 15.—At the home of her parents, Mr. and Mrs. W. T. Burton, Miss Edna Burton was happily joined in the holy bonds of wedlock to Mr. W. C. White, a young business man of this city, last Thursday evening, the ceremony being performed by Rev. Dr. Mercer, pastor of the First Baptist church. The happy couple are spending their honeymoon in northern cities.

SPLENDID SMALL FARMS, WINSLOW FARM, SUBDIVIDED, ON PLANK ROAD TO WILSON AND WINTERVILLE ROAD, 6 MILES FROM GREENVILLE, N. C., 4 MILES FROM WINTERVILLE, N. C., AND 3 MILES FROM ARTHUR, N. C.

Saturday Sept. 20th

AT 10:30 A. M.

Land values increased more than 100 per cent all over the United States from 1900 to 1910. With the great increase in the value of crops all over the United States, isn't it reasonable to expect that the values have increased more since then they did before that time?

Can you think of anything so safe as farm land in your section, which will yield as big a return as you can get from this?

To prove that small farms are the order of the day the average size of farms all over the United States in 1900, according to government reports, was 138.1 acres, and the average size in the State of North Carolina was a little over eighty acres. We venture to say that the average size of farms in the State of North Carolina today is not over seventy acres. What does this call for? It calls for close cultivation and larger returns from each acre of cleared land.

Think of the prices that are being paid for tobacco. Think of the prices that are being paid for cotton, corn, peanuts, wheat and any other crops you can mention.

Remember that farm land in this section is the safest, most progressive investment and buy a small farm at our sale. This property is absolutely going to be sold to the highest bidders on day of sale and if you are at all interested it will be to your advantage to meet us on the property, **SEPTEMBER 20TH, at 10:30 A. M.**

DESCRIPTION OF THE PROPERTY TO BE OFFERED

The Winslow Farm, subdivided, into ideal farms, located on Plank Road to Wilson and Winterville Road, six miles from Greenville, N. C., four miles from Winterville, N. C., and three miles from Arthur, N. C. This property contains a total acreage of about 486 acres, of which about one-third is cleared and in a high state of cultivation. This land is all practically level and well drained. The soil consists of a gray top soil with a clay subsoil, which produces excellent crops of tobacco, corn, cotton, etc. The buildings on the place consist of six houses all in good shape, six tobacco barns, one pack house, stables and necessary outbuildings at each settlement. Sufficient timber on the place to erect additional buildings if you so desire. Also an abundance of cord wood. Each and every tract of this farm will have a road frontage and practically all the buildings are situated on the public road. The entire farm is watered by good wells.

Go out and take a look at this farm today. It is a very fine farm indeed and one which will bear inspection on your part. A prosperous neighborhood with all conveniences such as stores, schools and churches nearby. Your price is going to do the buying on day of sale on exceedingly easy terms of one-fourth cash, balance 1, 2, 3, 4, 5, 6 and 7 years. If you can't buy a small farm on terms such as these, then you are not able to buy land of any description. Possession to the purchaser January 1, 1920. Make it a point to meet us at the sale **SATURDAY, SEPTEMBER 20TH, AT 10:30 A. M.**

Atlantic Coast Realty Co.
Petersburg, Va.

On yesterday your agents, under the direction of Mr. J. W. Ferrell, sold my farm near Shelby, and in this connection I am pleased to state that the sale was entirely satisfactory and more than equaled my expectations. I was particularly impressed with your business-like method and preliminary advertising campaign previous to the sale. The sale was exciting, sensational and exciting about your methods and the sale was pleased with the manner in which the sale was handled. I am most heartily recommending your company as being absolutely reliable and thoroughly efficient in the line of work in which it is engaged.

Respectfully submitted,

Oliver Gardner

REACHING RENT PROFITEERS

Property Will Be Revalued Whose Owners Are Proved to be Charging An Outrageous Rental

Wilmington.—City council is planning through its profiteering committee to reopen the tax valuations on real estate and wherever they find a property owner seeking outrageous rentals, they expect to raise his valuation accordingly. It is also planned to look into the rents exacted by sub-letters of property, and where they discover rooms renting for almost as much as the whole house costs, they will slap a special tax on the sub-let-ter. It is strongly intimated the city government is going to make Jordan a hard road to travel for rent profiteers.

Federal agents are continuing their investigations here and day by day assert that Wilmington retail prices are higher than in any other North Carolina community so far investigated. As compared with Danville, Va., they declare local prices are from 50 to 100 per cent higher and are from 25 to 50 per cent higher than in Raleigh, Greensboro, Charlotte and other North Carolina cities investigated.

Kinston.—Sale of 75,000,000 to 100,000,000 feet of timber in Duplin county by the Deal interests, until recently operating here, has assured that county increased railroad facilities.

Parkton.—At a big mass meeting of the citizens of Parkton and community including progressive representatives of St. Paul, Lamber Bridge and Hope Mills, a board of trade was organized with 107 members.

Charlotte.—Representatives of organized labor in Charlotte have formed the "Charlotte Labor Executive Board," a separate and distinct labor organization, for the announced purpose of prosecuting those to blame for the tragedy at the car barns.

Asheville.—The National Tubercular association, in response to an invitation extended on the part of the city officials and others interested some time ago, will hold the annual meeting for 1920 in Asheville, convening here October 24 and 25.

Hendersonville.—Hendersonville, by the beginning of the tourist season next year, can boast of one of the best golf courses in the south. Dr. A. C. Tebeau, treasurer of the Hendersonville golf club, reports that the course is now about two-thirds completed.

Red Springs.—One of the largest crowds ever seen here gathered to honor Robeson's veterans of three wars. Broad Ridge, Rabbit Island, Blackhawk and Serushtowa, which make up Robeson county according to the other inhabitants, were all represented.

CERTIFICATE OF DISSOLUTION

State of North Carolina.
Department of State
To all to Whom these presents may come—Greeting:
Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution of all the stockholders, deposited in my office, that the Southern Storage Battery Company, Inc., a corporation of this State, whose principal office is situated at No. 5—Fifth street, in the town of Greenville, County of Pitt, State of North Carolina (T. T. Cox, being the agent thereof and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revised of 1907, entitled "Corporations," pre-

ferred to the issuing of this Certificate of Dissolution:

Now therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 8th day of September, 1919, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 8th day of September, A. D., 1919.

BY HOST OF BUGS

VISITORS CAME UNHERALDED AND REMAIN WITHOUT ANY WELCOME OR INVITATION.

COMING VEILED IN MYSTERY

Witty Reporter Interviews an Oldest Inhabitant Who Recalls a Similar Invasion Along About '18.

Raleigh.

Forty million hopping bugs! Raleigh, the capital city, invaded by the great green host. The visitors came unheralded and remained without receiving an invitation to stay. Millions upon millions of them were to be seen along the white way of Fayetteville street, and a billion or two turned into McDowell for a peep into the lighted windows of stores.

Where the visitors came from was not ascertained. Whether they were bound was likewise a mystery. The oldest citizen recalled that back in '18 there was a similar visitation, while another said it was a common thing for these visitors to drop in on Raleigh to give it the once over.

Bill McDevitt, of Kinston, who is an authority on bugs, says these hopping bugs are matured from the green clover worm, which has started such havoc recently. They came to Kinston last week and put things out of business for a while. Like some city folks, they seem to like the country in their youth, but in their maturity they hit for the towns.

Meeting of Superintendents.

The west central district of North Carolina county superintendents of education comprising superintendents of 20 counties in the western part of the state held a two day session in Charlotte last week. Following the address of welcome and response, several pertinent discussions on matters connected with education in its various phases in the state were held.

Carolina, in the hope that it will strip for action as it strips for action. An urgent appeal has been issued by the Salvation Army that pledges due September first be met promptly.

"The Salvation Army kept faithfully its trust in the world war and stood the acid test," declared Brigadier A. W. Crawford, in charge of the Salvation Army work in the department of the southeast, with offices in Atlanta, in his appeal for payment of these pledges.

"And I believe the people who subscribed to our Home Service Campaign Fund last spring will keep faith with the Salvation Army," he added.

"The work this fall and winter will be four-fold. The full quota of soldiers who went to war will be back. Thousands will need jobs and the helping hand of the Salvation Army.

"The Salvation Army stood by them to the last on the battle line—it will not desert them now."

Farmers Enter Protest.

Washington (Special).—North Carolina farmers are worked up over the efforts to reduce the cost of living by hitting the tiller of the soil. They are writing to their congressmen to see that they are not made the goats. Senators Simmons and Overman have received a number of protests.

On the other hand builders and manufacturers are urging that something be done to reduce the cost of materials so that they can continue in business. The cost of lumber has advanced to such an extent that it will be impossible for one to build a house.

A letter from a clothing man protested that it would not be right to make it illegal to exact more than 33 per cent on clothing. He has heard a report that the limit would be fixed at that figure.

Most of the North Carolinians who write do not want the price fixed on foodstuffs.

William J. Bryan was here. Once more he denied the story that he is to be a candidate for the senate from North Carolina.

"I am not from North Carolina," he said. "I have a summer home there, and a winter home in Florida. I live in Nebraska."

AUTO RUNS INTO GLASS WINDOW
AND CAUSES GREAT DAMAGE

This afternoon about 12:30 a car
 driven by Patrick Nelson ran into the
 big glass window in front of Mr. S. G.
 Wilkinson's Understanking Establish-
 ment breaking it into pieces. The
 total damage will amount to about \$300.
 From all reports Patrick, who is only
 a child, was coming down Washington
 street and as he reached the corner he
 slowed down for the Texas oil wagon
 to pass. After the wagon passed, in-
 stead of turning the car went straight
 ahead running into the window.

Three Killed in Auto Accident.
 Crisfield, Md., Sept. 15.—Edward W.
 McCready, a wealthy Chicago manufac-
 turer, and Miss Margaret Steinbach, a
 nurse of that city, were instantly killed
 this morning, and the former's eight-
 year-old daughter, Sue Ann McCready,
 died a few minutes later, when the au-
 tomobile in which they were riding
 was struck by a train on the Pennsylv-
 ania railroad about 10 miles from
 here.

A Worthy Achievement in Color Harmonies

An instinctive appreciation of the color of
 Footwear, best adapted to your fall dress
 is one of the features of our Shoe service.
 In the shades of Brown Beaver, Field-
 Mouse, the soft and dark grays and in the
 combination there is a first hand knowl-
 edge of the right thing.

Our boots are correct and we can give
 you a correct fit.

SELL AT GORMAN'S

The market sold this week two and half million pounds and we have had no such mixup as last week. Gor-
 man's sold this week 528,260 pounds, giving us to date 951,626 pounds, and only sold 16,000 pounds of our
 Friday's sale. The balance of Friday's sale will be sold first thing Monday. Then the buyers will go to first
 sale, sell these, then back to sell what we get in for Monday's sale. We believe everything will be cleared
 up Monday. The common tobaccos showed much st ronger the last two days and we believe prices will con-
 tinue high throughout the crop; provided judgment is used in selling. Keep the green and dead black leaves
 to themselves when tying.
