NUMBER 79.

SENATOR JOHNSON ASKED TO RETURN TO SENATE DUTIES

Republicans Made Ready for Voting Test on Treaty During Next Week.

SENATOR HITCHCOCK IS INSISTING FOR ACTION

Chairman Lodge Intends to Call Up the Issue Every Day, It Is Said.

(By The Associated Press.) Washington, Sept. 19.—Republican leaders made ready today for the first voting test next week on the German peace treaty and its League of Nations covenant.

Until this message to the California Senator was sent by Sen. Borah, of Idaho, after a conference late in the day with Chairman Lodge of the Foreign Relations committee, the report had persisted around the Capitol that Senator Johnson might be absent several weeks.

The treaty will be called up for consideration tomorrow, after a two-day interruption, for continuous consideration. Actual reading of the pact which stopped short Tuesday after article three of the league covenant had been reached, is considerably more of a job than the man not familiar with senatorial discussion of international questions might imagine.

FIFTY THOUSAND PERSONS HEAR WILSON IN SAN DIEGO

San Diego, Sept. 19.—Fifty thousand persons are expected to hear President Wilson here today. The city and harbor are gaily decorated and rousing welcome is being given the chief executive.

DANNUNZIO AND FORCES ARE STILL IN COMMAND OF FIUME

Rome, Sept. 19.—Although the time limit for the surrender of D'Annunzio and his forces who captured Fiume expired last night, they were still in command of the city today. Plans for the food blockade are being pushed by General Badoglio.

STRIKERS ABANDON PLANS FOR COURT ACTION, SAID

Boston, Sept. 19.—Striking policemen have abandoned plans for the court action meeting called for tonight to tabulate the vote of various unions on the strike, and the talk of a general walkout has been revived. Police commissioners are filling places of the striking policemen which were declared vacant.

PEACE TREATY PRESENTED TO BULGARIAN PEOPLE

Paris, Sept. 19.—The peace treaty was presented to the Bulgarian representatives by the allies at the French foreign office this morning. General Thcodoroff, head of the Bulgarian delegation blamed the Bulgarian government for throwing his country in the world war, but said that the people have realized that they must accept the outcome. Representatives of 27 governments were present. Frank L. Pope appeared for the United States. Bulgaria has been allowed twenty-five days in which to make any observations on the peace terms.

BIG CROWD GREET'S FIRST APPEARANCE OF NAUGHTY WIFE

Capacity Audience Present at Opening of Theatrical Season Last Night.

SEVERAL GOOD FEATURES INCLUDED IN THE PLAY

Cast Composed of Eight De-serving Actors With Appropriate Scenery.

Whether or not the general run of people throughout this section of the country have ever entertained the slightest idea concerning the necessary accomplishments of a naughty wife it is more than possible that those constituting the large audience in attendance at the opening of the theatrical season of White's theatre last night were given a decidedly accurate insight into modern methods of matrimonial felicity in the presentation of Selwyn & Company's initial engagement of "The Naughty Wife," which was filled with enough well interspersed comedy to make the entire attraction interesting from the beginning to end.

"The Naughty Wife" proved an attractive feature for the opening of the opera season in Greenville, and while of course, there were the usual number of disappointing features carried along with practically every show, taking the attraction as a whole, it is possible that the managers of the theatre could not have secured a better.

OVERDUE LINER IS SAID BE STRANDED NEAR CORAL ISLES

Vessel, It Is Said, Has Probably Been Stranded Near Some Shoals.

New York, Sept. 19.—The Spanish passenger steamship Valbanera, owned by the Pinnilos Line and now more than a week overdue at Havana with a large number of passengers on board, is believed to have been disabled by the Gulf hurricane of last week and stranded on some shoal or coral key, according to Captain F. L. Miller, master of the Ward Line steamship Mexico, which arrived here today from Havana.

Since the storm passed through the gulf wireless signals from the Valbanera have been heard by the Key West and Havana wireless stations, but the listeners could not determine the position of the ship.

Definite information as to the number of passengers on the Valbanera, could not be obtained, Captain Miller said, but it was placed as high as 1,000.

Cayo Sal Bahams, of Salt Key Bank, was suggested as a possible point where the ship might have gone aground and when the Mexico left Havana several vessels had to set out in search.

Shortly after midnight when the train left Hariana the five masked bandits smashed in the rear door of the mail car and at the point of revolvers ordered the mail clerks to hold up their hands. The five clerks were then gagged and bound.

The bandits, seizing the bags containing the currency, jumped from the train as it slowed down in approaching St. Thomas. The robbery was not discovered until the train reached Capigance, the next stop, where the conductor found the clerks securely tied.

TWO HUNDRED EIGHTY-FOUR BODIES BURIED TODAY

Corpus Christi, Sept. 19.—Two hundred and eighty-four bodies are reported buried and a search is being continued for more victims of the tropical storms. Relief measures for the homeless are progressing, and air planes are assisting in the search for marooned persons.

INCREASED STREET CAR FARES RAISES WRATH OF PUBLIC

Mob Violence Impending in Trolley Strike in Camden, New Jersey.

EMPLOYEES AFRAID TO OPERATE REGULAR CARS

State Troops Are Being Held for Emergency, So It Is Reported.

Camden, N. J., Sept. 19.—With 300 State militiamen mobilized for emergency duty in connection with the disorders resulting from the establishment of a zone system of fares and with the entire force of policemen and firemen in addition to a number of special sheriffs' deputies doing guard duty, the New Jersey public service company today promised at least a partial resumption of trolley service in this city and points throughout the county.

Fearing mob violence, the motormen and conductors yesterday refused to take their cars from the barns and the service on all except one line was suspended. While there was less disorder yesterday than on previous days since the zone system was put into effect, reports reached the city authorities that shots had been fired at trolley cars and that threats had been made to burn bridges in various parts of the county.

M. S. R. Tyrone, of Durham, visited the city yesterday morning.

PREPARATIONS FOR WORLD LEAGUE IS NOW IN PROGRESS

England Making Preparations so that Everything Will be in Readiness.

Washington, Sept. 19.—Preparations for the organization of the League of Nations are being made in London by Sir Eric Drummond, secretary-general, and Raymond B. Fosdick, an American under-secretary, so that the league will be in readiness to function at its first meeting to be called in Washington. The date of this meeting is undecided.

Colonel E. M. House and Lord Robert Cecil and other members of the Organization committee of the League have been taking part in the preliminary organization work.

The organization committee already has adopted a resolution contemplating that member states may assign some of their own officials for service under the League and has recommended that "the governments of states members of the League shall take into consideration the services of their officials in the International Secretaries."

In preparatory work for the foundation of the International Court of Justice, the committee is understood to have arrived at the opinion that it would be desirable to invite a number of eminent international jurists to give their opinions on the constitution of such a court, and has voted to take up the question in detail at some subsequent meetings. The action of the committee is said to indicate that the work of organization such a court will be carried forward from the point where it was started by the United States at The Hague twelve years ago, when Elihu Root, then Secretary of State, in his instructions to the American delegates charged them to work for the creation of an international court about twice the size in membership of the supreme court of the United States.

LABOR LEADERS LEAVE FOR HOMES ON ACCOUNT STRIKE

Pittsburg, Sept. 19.—The labor leaders left for their homes to complete plans for the nation wide field strike which is to be called Monday.

CITY BUILDING AND LOAN ASSOCIATION HAS GOOD RECORD

15th Series of Home Building and Loan Association Reaches Maturity.

\$73,000 TO BE PAID OUT DURING PRESENT WEEK

Amount to be Issued in Money and Canceled Mortgages, Is Said.

The maturing of the 15th series of the Home Building & Loan Association of this city which occurred during the present week, undoubtedly marks one of the most auspicious occurrences in the history of the organization, for the rapid developments that have been made in each department for the past several months are graphically set forth in statements issued from the office of the secretary since the maturity of the shares, and the attentive and conservative way in which the business of each shareholder has been handled by the official board.

According to the statement just issued practically \$73,000 will be paid this week in canceled mortgages and money which, in comparative statements with other years, is the largest amount reaching a state of maturity in any year since the beginning of the organization. Rapid developments have transpired within the last several months, and with kindling enthusiasm, regarding the direct interest of the building and loan plan, people of the city are taking far greater interest than in the manner of saying.

Many beautiful homes in different parts of the city graphically portray the results of money invested in shares of the association, and while there are many people who have not awakened to the opportunities opened up through the constant development and growth of the institution the idea is becoming more thoroughly impressed.

SALE IN LUSITANIA MEDAL FORBIDDEN IN RHINE REGIONS

Hundreds of Such Medals Have been Purchased by Americans in Germany

With the American Forces in Germany, Sept. 19.—Sale of a reproduction of the Lusitania medal, which for a time was being peddled in the occupied areas, has been forbidden in the Rhine province by the oberpresident. Hundreds of the medals were bought by American soldiers as souvenirs. Writing to Colonel I. L. Hunt, officer in charge of civil affairs in the American area, regarding the sale of the medal by Germans the oberpresident says:

"I wish to inform you that such a medal has, of course, never been coined or caused to be coined by any German government. The medal is simply the outcome of misguided thrift and greediness on the part of certain private dealers who, in a most unwarrentable manner, published this tasteless reproduction and have hawked it about, without considering for one moment, that by so doing, they stimulate the animosity against Germany."

The story generally current with the sale of this issue of the medals was that they were made in Munich by the manufacturer of the original which was issued in 1915 after the sinking of the Lusitania and from the same dies on which the original issue was cast. These dies, according to the story, were ordered destroyed by the German government after but twenty-eight medals had been struck off, but were surreptitiously saved by Karl Guertel, who is reported to have been the designer. The German government has several times denied that any Lusitania medal was ever issued with consent of any government officials.

STEEL COMMITTEE MAKES PUBLIC ITS REPLY TO WILSON

Eleven Reasons Are Presented Why It Could Not Comply With Request.

SEVERAL UNION LEADERS ARE RETURNING HOME

Workmen Will Walk Out Monday Unless New Developments Take Place.

Pittsburg, Pa., Sept. 19.—The steel workers national committee late tonight made public a letter it has drafted and sent to President Wilson giving eleven reasons why it could not comply with his request to postpone the steel workers' strike called for next Monday. The letter also recites the history of the movement to better conditions of the workers and expresses faith in the president's "desire to bring a conference with employers."

The national committee earlier in the day had voted down the motion to rescind the action taken at Washington calling a strike of all workers in iron and steel mills not operating under union agreement next Monday.

The meeting followed this by adopting a motion to confirm the action taken at Washington. Final adjournment was taken and the representatives of the twenty-four unions included in the national committee left for their homes to put the strike into effect.

The motion to postpone the strike until after the industrial conference at Washington, beginning October 6th was offered, it was announced, out of deference to President Wilson, who had requested Samuel Gompers of the A. F. of L. to use his influence to have the walk-out deferred.

There was considerable discussion of the motion both yesterday and today. Emphatic speeches were made against any postponement. It was declared that neither President Wilson nor others who favored a postpone-

BIG LAND SALE IS TO BE CONDUCTED HERE THIS MONTH

Sale of Winslow Farm Near This City Scheduled for September 20th.

The advertising campaign in the sale of the Winslow farm property which will be sold at public auction by the Atlantic Coast Realty Co., Saturday September 20th, has practically work yet remains to be done before the date of the sale, Mr. K. W. Cobb, manager of sales, is confident that everything will be in readiness with people in this part of the country thoroughly interested in the opportunities afforded by the occurrence.

The Winslow farm is located on Blank Road to Wilson and Winterville and Wilson road, six miles from Greenville, four miles from Winterville, and three miles from Arthur. The property contains a total of about 486 acres, of which about 1-3 is cleared and in excellent state of cultivation. The soil consists of a gray top soil with a clay sub-soil which produces excellent crops of tobacco, cotton, corn. There are six houses on the place, six tobacco barns, one pack house, stables and necessary outbuildings. An abundance of cord wood is also accessible with sufficient timber on the place to erect all buildings necessary for future building. Practically all buildings are situated on the public road. The entire farm is watered by splendid wells. Mr. Cobb says that no little interest is centered on the sub-division of this property, and that it is expected a great number of prospective purchasers will be present sales day.

Mr. A. C. Shuman, of Rocky Mount, was in Greenville yesterday evening.

VAST OIL DEPOSIT OF MEXICO DRAWS WORLD ATTENTION

Veritable Rivers of Gold in Petroleum Attracting Foreign Investors.

FOREIGN CAPITAL DOING MUCH IN DEVELOPMENT

Constant Development of Industry Gains in Interest to Government.

(By The Associated Press.) Mexico City, Sept. 19.—The vast petroleum deposits in Mexico, veritable rivers of gold to their owners, have within the past few years attracted the attention of the world, first, because their exhaustless supplies filled a demand in the commercial world which was emphasized during the war, and secondly, because of late they have formed one of the most fruitful sources of misunderstanding between the governments of Mexico and the United States.

The development of this industry by foreign capital has reached the point where dividends are declared in millions of dollars and production runs into millions of barrels.

Legislation designed by the Mexican government to divert what it terms its just share of profit into the national treasury has been met by charges of confiscation on the part of the foreign interests whose opposition has become so vigorous that President Carranza recently stated in an interview that the petroleum companies were deliberately engineering ill-feeling between the United States and Mexico.

Exploitation of petroleum in Mexico for commercial purposes is confined to past eighteen years, according to a statement recently furnished to The Associated Press by the department of Commerce and Industry.

Exploration of the oil fields began about 1900 and has been conducted since by the Mexican Petroleum Company of California, the British firm of Pearson & Son, the Huasteca Petroleum Company, the East Oil Company, the Oil Company of Tepehate and others.

BEGINS PREPARATIONS FOR LABOR CONFERENCE SOON

Washington, Sept. 19.—H. B. Butler, of England, secretary of the organizing committee of the international labor conference, began preparations for the first meeting of the conference here October 29th, as provided by the peace treaty.

SENATE RESUMES WORK ON PEACE TREATY SITUATION

Washington, Sept. 19.—Senate has resumed the consideration of the peace treaty, and after the reading is finished a debate is expected to consume a week, when the first voting test is looked for. Several senators are planning to continue their attacks on the league of nations, notably Reed and Johnson who were recalled from the speaking tour by the Republican leaders and Borah.

WILLIAM Z. FOSTER DECLARES THAT STEEL WORKERS STRIKE

Pittsburg, Sept. 19.—William Z. Foster, secretary and treasurer of the iron steel workers declared today that men are ready to quit Monday in every iron steel mill and blast furnace in the United States, not operated under union agreements. Reports are that two hundred thousand workers will quit in this district. Several companies have printed appeals to workers to stay on the jobs.

CHICAGO GROCERS SELL WAR GOODS AT PROFIT, STATED

Chicago, Sept. 19.—Huge quantities of canned goods sold by the war department recently fell into the hands of packers, wholesale grocers and retailers, and was sold at a profit, witnesses testified at the city investigation into the high cost of living.

Mr. C. P. Rigler, of Rocky Mount, was here for some little time today.

**NORTH CAROLINA COTTON CROP
CONDITIONS**

Raleigh, N. C., Sept. 18.—That North Carolina is holding her own in cotton prospects is evidenced by her condition of 70 per cent for September first, being surpassed only by Oklahoma's 71 per cent condition. Of course, the prospects are very low largely on account of deficiency in number of bolls, and this condition extends all through the south, as shown by the 61.4 per cent for the cotton belt. The North Carolina figures show a preliminary estimate of 1,474,000 acres representing a 12 per cent decrease from last year, including two per cent abandonment,

a condition of 70 per cent of normal full crop. The forecasted yield at 234 pounds per acre indicates a total production of 720,400 bales for the state. The average amount of fertilizer used was 456 pounds per acre. The heavier applications being in the coastal, light and sandy soil belt.

The Cotton Belt Conditions.

The entire cotton belt an average condition of 61.4 per cent of normal, or a six per cent drop during August. This forecasts a yield of 160 rounds per acre, indicating a total production of 11,250,000 bales as compared with 55.7 per cent condition a year ago 68.4 per cent for the ten-year average. The last year's estimate at this season was

11,137,000 bales. The effect of the cotton boll weevil and climatic conditions have been serious, practically throughout the belt.

Comments on State Crop.

The 70 per cent estimate based on the last of August, represents a condition 7 per cent lower than a year ago, about the same as 1917 and 5 per cent below the ten-year average. It is 6 per cent below last month's condition. The general conditions as found in the 523 reports averaged and used by the State Field Agent of the Co-operative Crop Reporting Service here, represents the primary source of the cotton crop information shown in this report.

**Camel
Cigarettes**

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

AGGRESSIVE TOWN MERCHANTS

find it profitable business to deliver goods right at the door of his farmer customer by motor truck hauling. The cost is small, long trips are made quickly, and it results in a much larger volume of business.

The farmer is fast learning that he, too, can deliver goods from his storehouse of Nature to the town merchants as cheaply and as quickly as they can deliver to him.

In both cases, the slow, expensive old horse and wagon method of transportation must be abandoned and motor trucks substituted.

But a very common mistake which both the merchant and farmer make is, selecting a truck that is frail and too small for heavy loads and rough roads.

The popularity of the Indiana Farm Truck is based on its special construction and the fact that it is really superior to all road conditions.

The performance of this particular truck over country roads in all sections of the State is not approached by any other make of motor truck.

Especially designed for farm hauling it has important features of construction that makes it a favorite among farmers everywhere.

Farming with an Indiana Farm Truck equipped with portable power units gives the farmer the most economical belt power obtainable for all kinds of work done around a farm.

Time payments to substantial farmers is also an additional inducement offered by the Carolina Motor Company, of Statesville, N. C., who represent the factory in North Carolina.

FOR SALE.

A farm two miles from Bethel, containing one hundred and eleven acres. One eight-room dwelling, one tenant house, tobacco barn and other necessary buildings. Also grapevines and orchard. Terms reasonable. Apply to

PE-RU-NA

Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your pamphlet it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

CITY BUILDING AND LOAN ASSOCIATION HAS GOOD RECORD

(Continued from page one.)
sive from day to day with the most conservative and discriminating investment or realizing just what the building and loan plan means to every community. The efficient officers have been applying their efforts very effectively for several years, and as they are full acquainted with local traditions and business advantages, there is very little reason why the future should not be filled with uninterrupted development in every branch of the association.

STEEL COMMITTEE MAKES PUBLIC IT'S REPLY TO WILSON

(Continued from page one.)
ment were cognizant of the actual conditions surrounding iron and steel mills. It was claimed that workers were eager for the strike, that they were discriminated against for union activity and that the organized workers would lose confidence in their leaders if they turned back and deserted the men at this time.

"COME ALONG" TO BE SHOWN HERE WEDNESDAY, SEPT. 24

It makes no difference how bright the lines, melodious the music or elaborate the scenery of a musical comedy, if the fair feminine chorus isn't there with youth and beauty then it can't be placed in the "hit" class.

It's gratifying to know in advance that when "Come Along" is seen Sept. 24 at White's Theatre, the girls who form the ensembles will be the cause of much favorable comment for their ability to sing and dance, and above all else look, to use a slang expression, "like a million dollars." Manager Clemson, in selecting his chorus kept in mind that youth and beauty are the greatest asset a musical show can possess and, therefore, does not need to apologize for the array of talent

and good looks he brings with him in "Come Along."

J. Paul Callan who, as a director for many years with the Shubert forces, besides having to his credit the staging of "Florodora" when presented in Paris, as well as many successes at the Drury Lane Theatre, London, has long since qualified as an expert judge of feminine good looks, and their work under his direction is a joy and delight, and from the first curtain real animation and vivacity mark each singing number.

The opinions of the leading New York dramatic critics always carry weight and two of them were as follows:

"The play on the whole is unique and refreshing."—New York Times.

"There is real humor in "Come Along."—Charles Darnton, N. Y. Evening World.

Just to hear "When You Are Happy" will keep you in that frame of mind for days to come, and "Thoughts" is a most appropriate title for the song that forms the motif of the score and is a melody which you will retain long after the last curtain has fallen.

No more sprightly or good-looking chorus than the one in "Come Along" has ever left the gay bright lights of Broadway, and the costumes, which are the last word in fashion and effectiveness, are second only to the faces and figures of the girls who wear them.

Altogether, it's a show you can't afford to miss and after this tip if you do it's your own fault. For there is only a one night's engagement. Wednesday, Sept. 24.

New Crop Recleaned Crimson Clover Seed For Sale

We are offering you crimson clover seed, threshed 1919, from one of the highest rated crimson clover seed growing counties, Franklin county.

Makes no difference who you are nor where you live, if your record is half right, we will ship you nice, new crimson clover seed at \$8.90 per bushel and 60 pounds to the bushel, cotton bags free, freight paid by us to any point in the United States.

Don't say I would order but might not get them in time to sow.

We have sufficient stock on hand to fill all orders, mail your letter to us at Maxwell, Tenn., and we will get it.

Your seed will be shipped same day we receive the order, you need not send any money if you don't want to, we will draw draft on you through some bank near you.

SELL AT GORMAN'S

Our sale was very satisfactory as to prices Thursday. The medium good and fine tobacco showed more strength than any day this week. The A. T. Company came on for several new grades. Prices on commonest tobacco were firm but not high. We believe with lighter sales these tobaccos will go higher. It looks now that we will finish all sales today, clearing the book and starting Monday with the sale card. Gorman's has 1st sale Monday, 3rd sale Tuesday, 2nd sale Wednesday, 1st sale Thursday and 4th Friday and the Best as to Prices every day.

We see no cause for anyone to rush their tobacco on the market, in fact we believe those who delay selling until the sales get lighter will get more money for the same grades. In our opinion, based on the stocks held in the markets of the world and the size of this crop, prices after Xmas will be the highest of the season. We will have a decline should the rush continue as it has since opening, as there is not drying capacity in the United States to dry what has been sold in Eastern North Carolina daisy for the past two weeks. But should a decline come you will see higher prices when the plants clean up and sales lighter.

A FEW SALES MADE TUESDAY

NAME	Lbs.	Price	Average	Amount
