

NINE PERSONS ARE REPORTED DEAD IN LATE RACE CLASH

Two White Men and Seven Colored Dead as Result of Clash in Arkansas

SECRET SHOOTING CAUSE OF FATEFUL OCCURRENCE

Organized Negroes and Sheriff's Posse in Close Combat all Day Long.

(By The Associated Press.)

Helena, Ark., Oct. 2.—Elaine at midnight was quiet after a day of fighting between organized negroes armed with high powered rifles and Sheriff's posses in the streets of that town and in the country nearby, as a result of which two white men and seven negroes are known to have lost their lives and a third white man is in a critical condition here with a bullet wound in his head. The fighting virtually ceased with the coming of darkness.

The quiet, however, holds the tenseness of waiting. At dawn the posses are expected to begin a hunt for the disaffected negroes of the southern part of the county who are said to be waiting for them in the canebrakes.

The known dead as a result of today's fighting are: Clinton Lee, discharged soldier and member of the Sheriff's posse; James A. Tappan, former lieutenant, also member of the posse, and seven unidentified negroes. Lee at first was reported to have been killed accidentally, but it was learned late tonight he was shot in the back from a considerable distance.

These deaths are in addition to that of W. A. Adkin, special agent of the Missouri Pacific Railway, who was shot down from ambush when the automobile in which he was accompanying Deputy Sheriff Pratt and a negro trusty to Elaine, stopped near a negro church at Hoop Spur, two miles from that town for slight repairs. Pratt, who was wounded at the time, the trusty escaping and telephoning the first news of the incident.

Tappan, who as a prominent business man here, succumbed in a local hospital late today to the wounds he received in this morning's fighting in the streets of Elaine. Proctor, who was also brought here, is not expected to live according to physicians.

DEVELOPMENTS TAKE PLACE IN RIOTING IN ELAINE, ARK.

Helena, Ark., Oct. 2.—After a day of turbulence in the lower part of the county and night of tension in Helena, indication today is that an early return to normal conditions is probable, following race war in which several battles were fought two miles north of Elaine, yesterday. The best information this morning showed that seven negroes and three white men were dead, with many of both races injured. The arrival this morning of five hundred United States troops from Camp Dix accompanied by the governor eased the tension. The arrest of twenty alleged instigators of rioting, including one white man said to have been leader of negroes, is also believed to have removed the principal source of trouble. Prisoners were under heavy guard. The white man was identified as U. S. Bratten, son of U. S. Bratten, of Little Rock, attorney and former postmaster of that city. Bratten is being held on murder charge on account of the death of special officers Adkins killed from ambush Tuesday.

ONE NEGRO SUSPECT UNDER ARREST IN OMAHA RIOTING

Omaha, Oct. 2.—One negro suspect is under arrest today in connection with attack on white woman yesterday. Military authorities who have been in control of the city since Sunday rioting, refuse to say where negro is confined or make any statement as to extent of evidence against him. The attack was one of a series of thirty-eight similar crimes occurring here since June 1st. Every precaution has been taken to prevent another outbreak similar to that Sunday night.

There are as many ways to win a woman's heart as there are women.

COUNTY PLANTERS JOIN ASSOCIATED COTTON INTEREST

Branch of American Cotton Association Formed in City Yesterday

OFFICERS FOR ACTIVE SERVICES APPOINTED

Attorney S. J. Everett Delivered Principal Talk of the Meeting.

Although there was only an ordinary attendance of farmers and business men present at the meeting conducted at the court house in this city yesterday afternoon for the purpose of organizing a branch of the American Cotton Association, there was much interest in evidence from the opening session until the closing, which resulted in forming an active branch for the county with \$1200 being raised in pledges and contributions as a required quota necessary for permanent membership.

Active officers to begin work throughout this section were appointed during the early stages of the meeting, but owing to the fact that several details will have to be completed before they are approved by the national association their names are withheld until everything has been completed.

The meeting convened promptly at one o'clock, and was presided over by J. J. Laughinghouse. Mayor Clark introduced the speaker of the evening, Attorney S. J. Everett, who outlined the purpose of the cotton association and the great work which has been accomplished in every part of the county through efforts of its members. Mr. Everett spoke earnestly for several minutes, dwelling upon the direct importance of organization among the farmers, showing the difference between not being organized and in having some definitely outlined source by which the direct influence of many of the most prominent men of the section could be brought in forcefully and effectively in accomplishing objects of more than ordinary consideration to the farmers (Continued on page eight.)

OCEAN GOING TUGS TIED UP BY STRIKE OF MANY SAILORS

Boats Along the Atlantic Coast Inactive as Result of Decision.

Norfolk, Oct. 2.—Every ocean going tow boat from Texas to Maine was tied up today at noon when the masters, mates and engineers struck for the higher scale of wages which has been demanded. The operators of the tugs refused to accede to the demands of the men and the strike resulted. G. W. P. Overman, business manager of the Masters, Mates and Pilots association, stated this morning that not an ocean-going tug would be active after noon today and that the strike order went the whole length of the Atlantic coast.

It was made plain by Mr. Overman that the strike does not include steamers or tow boats operating in New England waters. It does include however the big tugs used for towing barges of coal to northern ports and the loss of this coal tonnage will be severely felt by the New England states particularly.

The wage scale demanded by the strikers follows: Masters \$312.50 per month, first mates \$210.00 per month, second mates \$185.00 per month, chief engineers, \$287.50 per month, assistant engineers \$210.00 per month and second assistant engineers \$185.00 per month.

The operators of tow boats who have refused to meet the demands of the strikers declare that the strikers want the whole hog and would leave nothing for the owners.

FRENCH PUBLIC IS CONCERNED ABOUT ENEMY RELATIONS

Resumption of Traffic With Germany Causes Serious Considerations.

COUNTRY CAN'T AFFORD TO CLOSE ITS RELATIONS

In Fact, the Situation Involves Worry in Every Incident, Is Said.

Paris, Oct. 2.—The impending resumption of commercial relations with the enemy of yesterday is causing the French public at large a good deal of misgiving. Many would keep the German out at all cost, but cooler heads realize that France cannot afford to close the door upon a customer of a billion francs annually. There is however, a fairly unanimous feeling that if the German is to come back to France he must come back in some recognizable shape and not disguised as too often before.

Incidents such as the following do not serve to put the public mind at ease. A woman of good social standing of Lille recognized yesterday, in the person of a cashier in one of the big department stores of Paris, a former German officer. She had good reason to remember him as one of the invaders who had been quartered upon her home in Lille.

Challenged as to his identity, the man stoutly denied his Teutonic nationality. He spoke French perfectly, his papers were to all appearance in order, and the accuser at first found scant credence on the part of the management. Then she remembered that the man had once boastfully exhibited his arm, on which the portrait of the former German Emperor was tattooed. The cashier-officer was dismissed and the newspapers are now demanding that employers shall be held responsible for the civil status of their employees.

A cheeky girl with painted cheeks is cheeky.

GERMAN SCHEMES AGAINST ENGLAND WITHOUT EFFECTS

Scheme to Trap Grand British Fleet Foiled in Every Attempt, Said.

London, Oct. 2.—German U-boats tried to bottle up the British Grand Fleet in the Firth of Forth during the latter part of the war, says a London paper, which describes this as the most ambitious tactical operation undertaken by enemy undersea craft.

The scheme aimed at the blocking off of the entrance to the Forth by the sowing of a big minefield. Three months of hard work were devoted to the task by a considerable fleet of submarines, the mines being laid in the shape of a half-moon. But minesweepers had discovered the plan and, as fast as the mines were planted, they were cleared away.

It is recalled that other similar attempts to trap the fleet were made in 1915 in the Moray Firth, when over 400 mines were laid, and in 1916 at the Orkneys. In round numbers, on these three occasions, the Germans laid 1,100 mines at a cost of \$1,000 each. The King Edward was the only fighting ship that fell victim in these operations.

Enormous numbers of mines were laid by the Germans off Harwich. It was found that these fields were spread regularly at ten-day intervals, so the British sweepers occasionally left portions of these waters unswept so that when the next batch of submarines came along they ran afoul of their own mines.

The task of clearing British waters of mines is almost completed.

MUCH TOBACCO IS EXPECTED IN CITY FOR FRIDAY SALES

Closing of Market Today Approved by Majority of Farmers, Is Said.

PROTECTED INTERESTS IS FULLY APPRECIATED

Preparations Made for Handling Sales Quickly Tomorrow Morning.

The closing of the tobacco market in this city today on account of the circus being here has met with the approval of all parties concerned, it was stated early this morning, and particularly with the farmers, who have expressed themselves as being appreciative of the efforts of Greenville tobacco interests in protecting them from the slightest probability of loss in any way possible. The decision to close the market was reached at a short session of tobacco men yesterday morning who realized that there would be hundreds of farmers desirous of attending the attraction here throughout the day, and if the market should remain open, warehouse floors would be crowded to such an extent that sales would be delayed and deferment occasioned in every part of the day's activities.

There is little doubt entertained that the closing was the most appropriate way of meeting the demands of the time, and in taking the step, there is very little reason to believe there will be a single planter opposed or feel that he has been delayed in disposition of his product in the least. Several loads of bright leaf reached the market shortly after the closing yesterday evening, but the farmers will not be occasioned the slightest trouble as it will be carefully taken care of until reopening of the sales Friday morning.

At the closing yesterday evening prices were holding their own in every way, with superior grades commanding figures gratifying to the farmers who have been fortunate enough to produce such grades during the season. (Continued on Page Five)

SURPLUS FUND TO BE EXPENDED FOR LOCAL ENTERPRISE

Chautauqua Committee Will Give Ticket Sale Surplus to Some City Club

The local committee of the Radcliffe Chautauqua, which will play in this city for three days beginning October 11th and continuing through the 14th, has just announced that the surplus proceeds derived from the ticket sales for this attraction will be turned over to some organization of the city to be expended in the promotion of some public enterprise. The action was determined at the early meeting of the committee but was not divulged until yesterday morning following definite arrangements of plans for the coming chautauqua. There are several attractive features on the program for the three days, and it is expected that ticket sales will be unusually large.

TURN YOUR CLOCK BACK AT 1 A. M. SUNDAY, OCT. 29

Washington, Oct. 2.—General uncertainty as to when the clocks of the nation may be turned back and daylight saving abolished seems to have resulted from the recent action of congress in repealing the daylight saving act. In answer to numerous inquiries of this have pointed out that clocks may not be turned back until the last Sunday of October, or October 26 at 1 A. M.

Generally speaking, the shortest day is the day before pay day.

COLORED FOLK OF MISSISSIPPI SAID TO BE PROSPEROUS

Investigation by Chicago Committee Shows Contentment in All Centers.

RETURN OF SOUTHERN DARKIES CONSIDERED

School Facilities and Conveniences in South Considered Excellent.

Chicago, Oct. 2.—Exceptional happiness contentment and prosperity among the negroes of Mississippi is reported by a committee of Chicago white and negro men after an investigation of conditions in that state. The committee was delegated to visit Mississippi by the Chicago Association of Commerce, the federal bureau of labor and by organized labor to which had been referred a question of aiding the return of Southern-born negroes to the south.

A written statement prepared by the committee said: "The happiness, contentment and prosperity among the colored race in Mississippi is much greater than the committee expected to find. We know no place where greater happiness and prosperity prevail among them."

School facilities were found to be good, churches adequate, housing conditions being improved rapidly and race relations good, according to the report, while the industrious negro is afforded excellent opportunities to become a land owner. No police oppression, imposition or "lawlessness" was found. Negro workers in the saw mill districts were reported happy and contented.

Many of the farm laborers were found to be working on the share system. Negroes having no capital, teams or implements are equipped by the land owner, receiving, usually, a half of the crop they produce, while those with teams and implements are given two-thirds. The statement continues: "We found that the average worker who cultivated what is known as the (Continued on page four.)"

CIRCUS ARRIVED IN CITY AT AN EARLY HOUR OF MORNING

Rhoda Royal Shows Ready to Exhibit at Munford Field Evening and Night.

The Rhoda Royal Show train arrived early this morning from the east and proceeded to unload their equipment to their grounds, where tent after tent soon transformed the grounds into the appearance of a real tented city. The appearance of this circus has long been cherished, with in the hearts of a great many, especially the juvenile element for it holds dear to the younger heart as well as many of the older on account of the many educational features that will be presented in way of educated ponies, horses, dogs, wild animals, which under the tuition of the master mind, have been taught to perform stunts that are not only pleasing to the eye, but educational as well. The long program embraces many arenic features, including the famous riders the stickneys, late of the Forepaugh-Sells, Ringling Bros. Shows and more recently from Europe. The Grand Military Equine drill, and the garden of roses, performed by horses beautiful, and many other features to numerous to mention. The parade will be eliminated on account of conditions, however, neither pains nor expense has been spared on this the first visit of the Rhoda Royal Hippodrome Shows in our midst to afford the amusement loving public the opportunity to gaze upon one of the best well conducted and organized combination circus and wild west enterprises extant. 2 performances will be given promptly at 2 and 8 P. M. Doors open at 1 and 7 P. M.

SENATE PLANS TO VOTE AMENDMENT IN SESSION TODAY

Both Democrats and Republicans Reach Agreement for Day's Activities

DEMOCRATS CONFIDENT ISSUE WILL NOT PASS

Action Will Clear Way Everything So Treaty Can be Considered, Said.

(By Associated Press.)

Washington, Oct. 2.—The first vote on amendments to the German peace treaty will be taken in the Senate tomorrow afternoon.

Formal agreement was reached late today by Republican and Democratic leaders to call up at 2 o'clock the 36 amendments proposed by Senator Fall, Republican, of New Mexico, adoption of which would eliminate the United States from representation on numerous foreign commissions created by the treaty. The agreement provides for discussion under the five minute rule and a vote before adjournment tomorrow night.

Democratic leaders declared tonight that all of the amendments would be beaten. Some Republicans admitted privately that the vote would not be an accurate test of the line-up of the forces on the question of ratification of the treaty with its League of Nations covenant. Indeed some Democratic spokesmen have stated that they would inform President Wilson that as matters stand now the treaty cannot be ratified without reservations.

Action by the Senate on the Fall amendment will clear the way for consideration of the pact and hasten its final disposition. The opinion was expressed today by a Senator high in the council of the majority party, that treaty discussion might end in two weeks with his vote immediately thereafter.

SENATOR REED RECEIVED BY BOMBARDMENT OF EGGS

Ardmore, Okla., Oct. 2.—Whether official investigation will be made of demonstration here last night when eggs were thrown at United States Senator Reed, of Missouri, who was on a platform to deliver address in opposition to the peace treaty and league of nations, is subject of considerable discussion today. Reed left Ardmore last night and belief prevails that incident is closed.

EVERYTHING IN READINESS FOR SECOND GAME OF SERIES

Cincinnati, Oct. 2.—Baseball enthusiasts were greeted by clear skies this morning and it appeared that weather conditions would not interfere with the playing of the second game of world's series this afternoon. Indications are that Claude Williams, southpaw, will pitch for Chicago today while Moran announced that Salee will appear on the mound for Cincinnati.

WILL INVITE GOVERNMENT TO NEGOTIATE WITH ALLIES

Paris, Oct. 2.—The peace treaty committee of the chamber of deputies has decided to introduce after ratification of treaty with Germany, a resolution inviting the government to negotiate with Allies with a view of establishing co-operative action in settlement of financial question.

KING ALBERT AND QUEEN ARRIVED EARLY TODAY

New York, Oct. 2.—King Albert, Queen Elizabeth and Prince Leopold received a noisy welcome to New York when arrived at dawn today by firing salutes as the transport George Washington steamed past the outer harbor fortifications. Secretaries Lansing and Baker were in the receiving party at the pier to welcome the visitors.

Boasting of being honest doesn't prove it.

THURSDAY, OCT. 2, 1919.

THE MEMORIAL HOSPITAL.

If ministers of the city are so thoroughly interested in the proposed establishment of a memorial hospital in this city that they can give a big part of their time in an effort to raise \$100,000 as an endowment fund for the institution, it appears to us that there should be hundreds of people throughout every section of the county who would assist in making the issue one of the greatest successes in many years, especially so since it is for the purpose of perpetuating the memory of the young men from this county who gave their all in the interest of a greater civilization and for the preservation of certain fixed principles which have ever played an ascendent part in the lives of the American people.

It is true that the memorial hospital has been suggested from time to time as one of the most appropriate ways in which the courageous spirit of our young men could be commemorated but for some reason or other the question has received only a certain amount of attention heretofore with only slight action being taken in its interest. The county ministry, however, has removed the prospect of any failure in the future because an announcement has been made that the endowment fund will be raised and turned over to the county commissioners to be wisely distributed in building and equipment necessary in giving the county a institution capable of caring for the demands for future years.

The memorial hospital plan of appreciation has received recognition in many parts of the country where people have been considering a memorial to their respective heroes, and the fact that Pitt county people have at last definitely decided upon such a worthy tribute, is certainly pleasing to those who have been watching developments from time to time. The county ministry deserves the sincere thanks of the entire locality for the splendid spirit which it has exhibited for the past several days, for it is solely through its efforts that renewed interest in the memorial has been created and people brought to a realization of their duties towards those who gave their all in the interest of better civilization.

When General Pershing gets through preparing his report giving an account of activities of the American army while in Europe the public then will certainly be furnished with adequate reading matter for a while at least. The statement, when completed, probably will be one of the most notable ever before issued by any general, especially an American officer, and that there will be many things in it which will be of much interest to the historian is not doubted in the least. General Pershing accomplished much in his short struggle against the Germans but the fact that he carried out the desire of the American people to the minute in winning the war quickly, causes the completion of his service to be without the slightest reproach. He has served the nation and served it wonderfully well, and that reason if for no other, he will go down in history as one of the greatest military leaders in the history of the world.

It may sound all right to hear that Ohio has troops on guard in strike centers ready to preserve order at any cost, but what we have seen of similar situations in the past causes us to believe that it would have been better to have gone at the matter differently. It is true that armed forces are necessary to bring strikers to realization sometime, but invariably when men are impressed by the fact that they are being defied naturally, they are driven to rashness which otherwise would not have been contemplated. The situation must be coped with, not with armed forces or arrogance, but with a firm determination that differences must be settled before strikes become possible. This could have been done in many cases, but heretofore action has been too late to accomplish any real good.

The capture of whole divisions of the Bolsheviks by Finnish troops will no doubt go a long ways in settling the operations of such forces in the immediate Russian territories, for with troops hard pressed in other centers it is certainly more than evident that something more important than the recent capture will be reported real soon. It is to be hoped so anyway, for the dangerous doctrine disseminated by such forces throughout many parts of the country are doing much in bringing about unsettled conditions on which some time will be required in effecting settlement.

The closing of the Wilson tobacco market goes to show that Greenville has not been alone in experiencing difficulties for the past season. The two markets handle practically as much tobacco as any others throughout the section, and the fact that they have been forced to close in order to give growers time to catch up with work and buying interests. Such co-operation will certainly have much to do with future efforts of warehousemen in both cities because the planters must realize that everything is being done in his behalf through such action.

President Wilson has been advised, it is stated, that it is too late now to consider a continuation of government sugar control throughout next year, as foreign countries already have purchased enormous supplies making such impossible. It is deemed advisable to permit American buyers to buy any amounts possible for future use, and while definite action has not been taken, it is assured that something will be done in the future to protect the country of any future shortages.

The way Mayor Clark and city officials are getting behind the blind tigers of the city is going to have much to do towards cleaning up such things in the future. People who realize what such efforts will mean should do every-

thing possible in encouraging the officials, for in this way the whiskey traffic will receive one of the most severe jolts in several years.

COLORED FOLK OF MISSISSIPPI SAID TO BE PROSPEROUS

(Continued from page 1)
one mul: crop was able, using the year 1918 as a criterion, to produce a sufficient crop to net him, over and above all living expenses, from \$500 to \$1,500 a year. We found several men who began work under the tenant system and who now own their own plantations and are themselves employers of negro labor and are worth from \$10,000 to \$175,000. These facts were secured from the negroes themselves and we had the privilege of riding with them and surveying their farms in automobiles they own.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

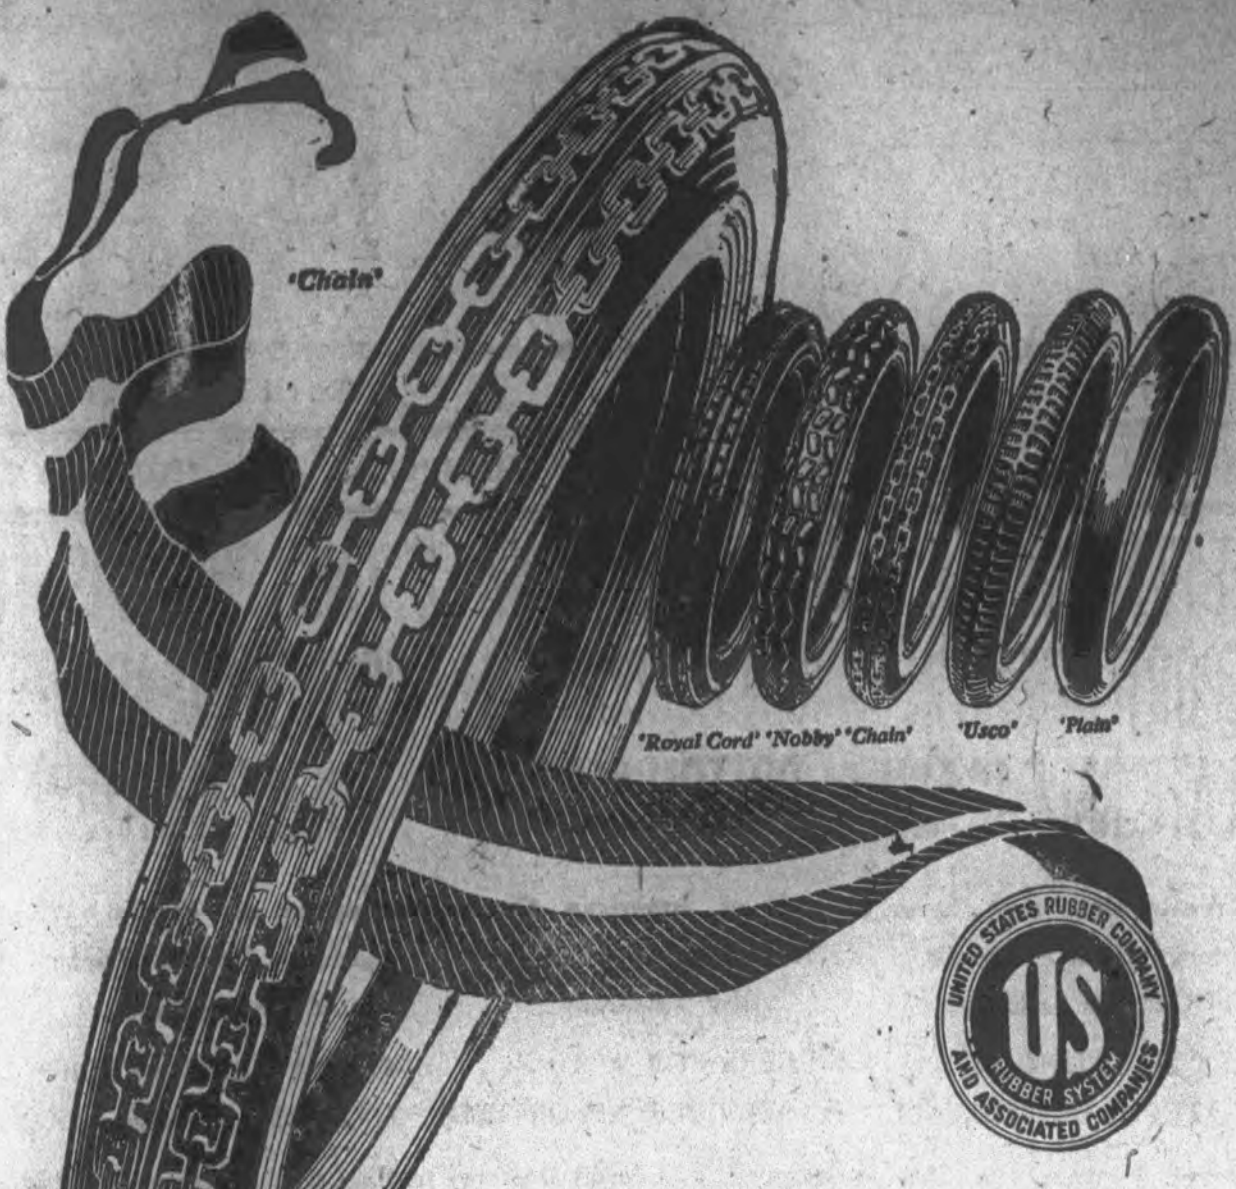

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . . It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

SAILORS SWEAR LESS

As Term in Navy Extends Profanity Decreases.

Boys New in the Service Are Most Profane, Noted Chaplain Declares.

Santa Barbara, Cal.—The profanity of the average sailor—if he is profane at all—decreases as his service in the American navy lengthens, according to Capt. E. W. Scott, chaplain of the new Pacific fleet.

"The boys who have just entered the service are usually the most profane," according to Captain Scott, who has been in the naval service 15 years, and who is, besides Capt. M. C. Gleeson of the Atlantic fleet, the only fleet chaplain in the American navy.

"The boys try to make the older men already in the navy believe they, too, are old and experienced, and they think the use of profanity the surest way to accomplish the result."

The work of the chaplains in the navy, Captain Scott said, is along a "big brother" line. They deliver talks at the Sunday services aboard ship that might not be recognized by regular church attendants ashore. They speak to the men in the service in what they know are the terms of the men in the service. They try to solve their problems and to direct them to clean thinking, clean speaking and clean living.

They urge them to industry and to take advantage of the advantages offered for promotion.

Corns 'Tween Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously. Never Falls. It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them because "Gets-It" makes them come

Any Corn Peels Off With "Gets-It" right off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "treat-em-rough" painful, foolish way. Use 2 or 3 drops of "Gets-It"—that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gets-It" the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Colored—H. C. Strong, of Swift Creek, to Maggie Hunt, Swift Creek.

Linda Carman, of Winterville, to Nancy Cox, Winterville.

MUCH TOBACCO IS EXPECTED IN CITY FOR FRIDAY SALES

(Continued from page one.)

There was not the slightest evidence of any decrease in prices, and if anything, they were bound upwards in several instances with the very best leaves bringing a price easily surpassing anything reported in this section of the state throughout the entire season. Little change was noticeable in the demand for inferior grades. This grade of leaf was purchased along with remainder of the offerings, bringing prices comparing favorably with any other market of the state, and while of course, the figure is not very large, it is very good considering the slight demand for such grades this season.

Warehousemen are making preparations for carrying the sales through Friday without the slightest delay, and while right much of the bright leaf is anticipated for the day, it is believed that this will be rapidly disposed of and the floors cleared completely by the evening. This is the prediction at the present time anyway, and it is not believed anything will occur to bring about a change to the opposite.

Made Milwaukee Famous

Women's Frocks for Fall

Expressive of Autumn are the rich copper tones, which are one reason why the new Frocks are so distinctive. Gaily contrasting and harmonizing embroideries beautify Frocks that are emphatically Fall-like in line and fabric. Silks—those who are happily familiar with and some which now make their bow for the first time—appear in modes of delightful colorfulness. In equal profusion here are comfortable and modish woolen styles. Dresses that characterize their wearers as women of discrimination and taste \$15.00 \$75.00.

BLOUSES—SMART, NEW

Deviating from a semi-tailored path, which they no doubt, intended to pursue, a number of the very newest Blouses flaunt novel necks, edged daintily with imitation filet lace. They are developed—need we say it—of Georgette crepe and so are the countless overblouse novelties and Russian effects. And certainly on dreary Autumn days no one will scorn the cheering brightness of vivid reds, greens, orange and deep blues, which are shown in abundance here. Price \$5.50 to \$25.00.

NEW SEPARATE SKIRTS

That Fashion sponsors the vogue for Separate Skirts is confirmed by the great variety of smart new Skirts modes shown. If ever there was a day for sportive plaids, certainly this is it. But not for one associate them with the plaids of bygone days, for in tones and styling they are ever so different. Perhaps in the Silk Skirts will one find the most surprises and diversity \$1.00 to \$30.00

FURS

You can't afford to be without one of our desirable Fur Scarfs, Taupe Fox, Black Fox, Brown Fox, Manchurian Wolf, Biret Wolf, Skunk, Lynx, Givic, Cat, O'possum and various other varmints. Let us show you.

COUNTY PLANTERS JOIN ASSOCIATED COTTON INTERESTS

Continued from Page 1 of the territory. He showed how farmers fail to get full value of their production by not being so thoroughly organized that their demands for legitimate prices might be recognized, explaining that great loss has resulted in many cases through improper regard for combined efforts.

The present day labor conditions were touched upon lightly by the speaker as he enumerated reasons for organized effort for future of farmers of this section, saying that adjustment cannot possibly be brought about until business men and farmers come together as a whole and assist in remedying conditions. The usefulness of cotton association, its direct bearing upon various conditions, moulding public sentiment in interest of the planter, were brought in effective during the latter part of the talk illuminating certain points which had been rather obscure in the minds of those who were not intelligently informed along special lines of work of the association. Important plans for the future were discussed interestingly during the latter part of the meeting, and while nothing more than tentative preparations were effected, it is expected that active work will begin immediately following the completion of details with main offices of the national association.

FOR SALE — 50 HOGS WEIGHING from 50 pounds to 150 in good shape for fall fattening. R. E. Tripp, Bonnerton, Beaufort County, N. C. 2-20

MUCH INTEREST IS EVIDENT TOWARDS COTTON MEETINGS

(Continued from page one.) discussions, with active officers to carry on the work for the present year. It is believed that a good crowd of people will be in attendance at the meeting during the latter part of the session, for every indication suggesting this was evident at the opening session when men from various parts of the county were present.

FOR SALE—ONE LARGE SOW AND seven pigs. Price \$65. Pigs two months old. Write Robert R. Faithful, Greenville, N. C., R. F. D. Box 140. 1-6t

COMMISSIONER'S SALE OF VALUABLE TRACT OF LAND

By virtue of the powers conferred upon the undersigned by an Order duly made by Hon. J. F. Harrington, Clerk of the Superior Court of Pitt County, on the 29th day of September, 1919, in a certain special proceedings pending in the Superior Court of Pitt County, entitled: J. B. Rives, R. C. Rives, J. R. Rives, C. E. Rives, J. H. Melton and Wife Mary Della Ann Green, and Annie Lynn Rives by her next friend, R. C. Rives, and Lucy E. Rives, widow of the late J. B. Rives, Ex parte, the undersigned Commissioner will expose to public sale before the Court House in the Town of Greenville, to the highest bidder on Monday November 3rd, 1919, at 12:00 M. the following described tract or parcel of land to-wit: "Situate in the County of Pitt, State of North Carolina, and in Belvoir Township, bounded by the lands of Ed Warren, the lands of R. J. Cobb, Tar River and the Public Road known as the River Road, leading from Greenville to Tarboro, beginning at a walnut tree on the road, and runs with said road to Gorham's line (now Cobb's line), to Tar River, then up Tar River to a stake (corner of lot No. 6 assigned to Peter Rives in the division of his father's land, also named Peter Rives, and now owned by J. E. Warren,) then North 78 E. with the Warren line to the beginning, containing 93 acres more or less."

Terms of Sale either Cash or One Fourth Cash and balance due in one, two and three years, secured by deed of trust on land, interest payable annually on the deferred payment.

This September the 29th, 1919.
R. C. RIVES,
COMMISSIONER.

STATE COLLEGE DAY AT UNIVERSITY OCTOBER 3RD

West Raleigh, N. C., Oct. 2.—Preparations are under way to make North Carolina State College Day, October 3rd, a State-wide event. On this date, or as near thereto as possible, each of the twenty-nine county and city alumni associations will hold its annual meeting and celebrate the anniversary of the founding of the college, October 3rd, 1880, thirty years ago.

The counties and cities having associations, which are expecting to meet locally for this occasion, are: Alamance, Beaufort, Buncombe, Craven, Catawba, Cumberland, Durham, Forsyth, Gaston, Guilford, Harnett, Iredell, Lenoir, Mecklenburg, Moore, New Hanover, Pasquotank, Pitt, Richmond, Roberson, Rowan, Wake, Wayne, and Wilson counties; Atlanta, Ga., Birmingham, Ala., New York City, Washington, D. C., and Tidewater, Va., at Norfolk.

The objects of these associations, as expressed by the Tidewater, Va. group, are to continue the friendships formed in college days; to aid and cooperate with the General Alumni Association; to encourage the development of athletics; and to aid in the progress and betterment of the North Carolina State College.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the afflicted part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

Sloan's Liniment is sold by all druggists, 35c., 70c., \$1.40.

Next Claude Tunstall.

SELL AT GORMAN'S

No sales today on account of the circus. Gorman's sold Tuesday 232540 pounds for \$119,021.93, averaging \$51.20 for the entire sale. We had in this sale 31,290 pounds which sold from 1c to 15c and this averaged \$9.95. Deduct this from the total sale and it gives us 201,250 pounds at an average of \$57.59. This gives you an idea of how a small amount of common tobacco effects an average. We never saw medium and fine tobacco so high. Get the dead black leaves out and keep the colors together and it goes out of sight. The only tobacco that fails to sell high is the mixed colors and when the dead black leaves are not taken out. Watch the order of your tobacco. Some tobacco is being sold which is too wet. If you are not selling at Greenville with Gorman's come see our sales and you will drive to us next time regardless of what sale we have.

Gorman's has 2nd sale Friday and 1st sale Monday.

A few sales made Wednesday. Note we change these daily to keep you posted.
