FOSTER IS PLACED UNDER RAPID FIRE IN SENATE PROBES

Union Secretary Subject to Severe Grilling by Members of the Senate.

REFUSES TO TELL OF CHANGES IN SENTIMENT

Fails to Answer Questions Unless Newspaper Men Are Excluded, Said.

Washington, Oct. 4.—William Z. Foster, secretary of the general committee, conducting the steel strike, when confronted today before the Senate labor committee with his writings advocating various forms of revolutionary socialism declared under a grilling fire of questions that his views had changed.

How much they had changed, Foster declined to tell the Senators, unless they excluded newspaper correspondents from the room, while he did it. This the committee did not do.

Armed with books Foster had written during his career in labor circles which advocated revolutionary socialism and sabotage and with copies of the I. W. W. organ "Solidarity," containing articles contributed by him from Europe, where he went in 1911 as a representative of that organization Foster was pressed into a lengthy explanation of the doctrines and views he advocated in 1914 and earlier years.

Foster first attempted to parry the questions, at the outset refusing to answer until newspaper reporters were excluded from the room, on the ground that "lying, prejudiced newspapers have misconstrued and misrepresented my personal opinions with the whole idea of injuring the cause of 300,000 steel workers." He was finally crowded into a declaration, when Senator McKellar, Democrat of Tennessee, reading many quotations from his works, demanded that he say whether or not he still adhered to his beliefs.

"Those are not my views now" he said, in a subdued tone, after listening to his own words repeated, declaring "the state to be a meddling, capitalistic institution," and advocating violence in strikes and calm acceptance of bloodshed as necessary to the forwarding of the revolutionary cause.

PRESIDENT WILSON SAID TO BE RESTING BETTER

Washington, Oct. 4.—President Wilson's condition was more favorable early today, having had good night's rest, said a bulletin issued at 10:50, today by Grayson. Bulletin reads: "White House, 10:50 A. M. The president had a good night's rest and his condition is more favorable. Signed, GRAYSON."

BRIGHT LEAF SOLD FOR HIGH FIGURES HERE DURING WEEK

Market Disposed of 2,123,698 Pounds in Four Day Sales Period.

OVER \$1,000,000 PAID OUT DURING THE WEEK

Average of \$50.84 Featured Throughout Entirety of Sales, Is Stated.

Notwithstanding the one day closing of the tobacco market in this city this week an enormous amount of bright leaf received direct disposition during the four days' activities with both planters and tobaccoists being well pleased with the final outcome. There were approximately 2,123,698 pounds of the bright leaf sold throughout the entire four days at an average of \$50.84. The total amount paid out for this amount was slightly above \$1,000,000, which distributed among the great number of farmers selling here for the week, placed a great amount of money in circulation in every part of the county.

Sales were not seriously congested at any time during the week, and as a result, warehouses and factories have been enabled to handle the offerings with no little expedition at all times. Good sales, it is said, are looked for next week, with a continuance of high prices, equally as good if not better, than the present week. Farmers from adjoining counties who sold

MRS. WILSON DIED AT HER HOME HERE DURING THE NIGHT

One of City's Oldest Citizens Passes Away in Her 85th Year.

At 12 o'clock last night at her home on Dickinson avenue there passed away Greenville's oldest citizen and one of the sweetest women this town has ever numbered among its inhabitants, in the death of Mrs. Martha E. Wilson.

Mrs. Wilson was the widow of the late Mr. S. B. Wilson and was in the 85th year of her age, and practically her whole life was spent in this community and proved a blessing to all with whom she came in contact. Incident to the approach of old age she has been an invalid for nearly two years, and while death is sad at any time hers was not unexpected. A member of Memorial Baptist church who was always at her place in the services of the church when health would permit, a kind and generous neighbor, a devoted wife and mother, it can be truly said that hers was the life of a consecrated Christian, and that death to her was only the passing from this world to a brighter world beyond. The memory of this good woman will be held sacred and revered not only by her children and relatives, but by a host of friends who esteemed her most highly.

She is survived by five children, all of whom with one exception reside in Greenville and were at her bedside when the end came. They are Mr. W. B. Wilson, Mr. Frank Wilson, Mrs. Ollen Warren, Jr., Misses Naumie and Lillian Wilson. Also one sister, Mrs. Annie Thomas, of Durham.

The funeral service will be held in Memorial Baptist church at 5 o'clock Sunday evening, conducted by the pastor, Rev. W. H. Moore, the interment following in Cherry Hill cemetery. The pall bearers will be as follows:

Active—C. W. Wilson, R. T. Burnett, J. C. Gaskins, John Horne, S. B. Underwood, J. H. Waldrop, B. L. Crow, H. D. Hodges.

Honorary—J. J. Laughinghouse, A. J. Moore, J. L. Wooten, E. E. Eustler, W. I. Skinner, E. G. Flanagan, Mr. Tyndall, R. C. Flanagan, Paul Clodfelter, R. H. Wright, J. L. Carper.

HARDING TO SPEAK BEFORE STUDENTS OF LOCAL SCHOOL

Will Deliver Address at Tenth Anniversary Training School Tonight.

SEVERAL FEATURES WILL BE ON NIGHT'S PROGRAM

Public Cordially Invited to Attend Event at School During Evening.

The tenth anniversary of the opening of the Training School will be celebrated in the auditorium of the school this evening at 8 o'clock. An address will be delivered by Hon. F. C. Harding, who is a member of the Board of Trustees.

There will be other interesting features. The public is cordially invited to attend these exercises.

On October 5, 1909, the doors of the school were opened first to students, therefore this marks the eleventh opening, and the beginning of the second decade. While the school has grown greatly in the ten years, the reputation of the school has far outgrown its capacity, which is proved by the fact that more students were turned away this fall, because of the lack of room, than were accepted. There should be five hundred students in the school now instead of less than three hundred, and there would be if the building program had kept pace with the reputation.

The people of Greenville should go to the Training School this evening. It is an opportunity for them to find out what the school has been doing and what it proposes to do. The town is proud of the record the school has made. Come out this evening and help the school celebrate.

THE WHITE FARM WILL BE SOLD AT AUCTION OCT. 13

Atlantic Coast Realty Company Will Conduct Sale of the Property.

Mr. K. W. Cobb, publicity representative of the Atlantic Coast Realty Company, has just commenced an advertising campaign in the interest of the sale of the Captain White farm, located about four miles from this city, which will be sold at public auction by the above company Monday, October 13th, 10:30 A. M.

The announcement concerning the sale of this property has created more than general interest in this section owing to the splendid quality of the land, and the fact that it is to be subdivided into small farms, within easy range of the tenant considering owning a farm of his own for the next planting season. The land is located on the road between Reedy Branch church and Warren Bell's store, one mile from the store, four miles from Greenville and three miles from Winterville.

The property consists of about 230 acres, of which about 80 is cleared and in a high state of cultivation. Of the remaining 150 acres some can be made ready for the plow with but very little work. There is an abundance of cord wood on this part of the farm. There are one new six room residence, two tenant houses, four tobacco barns, and one large new pack house. Practically all buildings are situated on the public road which the farm faces for a distance of about one-half mile. Each tract will have a road frontage.

The advertising campaign for the sale of this property is well under way, and Mr. Cobb believes that many interested people from this section will be attracted to the sales as a result of the extensiveness of the campaign.

There is no good reason why a man should not marry and settle down if he has previously settled up.

AMERICAN PEOPLE MUST CONTRIBUTE TO COMMON POOLS

English Writer Says that Mandatory Powers Should Receive Attention.

EACH SPHERE MUST BE IN COMPLETE ACCORD

America Must Rise Rapidly to a Sense of Its Responsibility, Is Said.

London, Oct. 4.—"If mankind is to move forward in step, America, Canada, Australia, New Zealand, South Africa, each in their own sphere, must contribute their stream of effort and illumination to the common pool," says the Round Table in discussing the responsibilities of the nations for the future of the world.

"What that means in practice we cannot now do more than mention," the editor continues. "That it means the acceptance of large mandatory responsibilities by America goes without saying. A nation of 100,000,000 possessed of far greater wealth than any other in the world cannot continue self-centered in her own home and grow to the full stature of national manhood."

"America laid herself open to the charge of selfish indifference to anything but her own interests by the slowness with which she recognized her duty in the war, and the consequently comparatively small sacrifice which she made for the cause of human freedom."

"She is now showing a similar readiness to try to escape from practical responsibility for the unfortunate peoples not yet able to stand alone, and consequently leave them to be exploited, and in some cases massacred, by peoples in no way qualified to have control of them. America will doubtless rise rapidly to a sense of her responsibilities. But it is urgent that she should not delay."

"The problem of the Dominions is different. They pulled their full weight during the war. All of them except Canada have now assumed trusteeship for backward peoples."

COUNTRY STORE IS ENTERED BY THIEF DURING THE NIGHT

Store Near Grifton Entered With Robbers Making Small Haul, Said.

Thieves last night entered the store of J. A. Stokes & Sons, located at Gardnerville, a small place ten miles east of Grifton, making a clean getaway with a small amount of money and a pretty good supply of provisions and clothing, according to reports reaching this city early this morning. Details concerning the occurrence could not be obtained, but it is understood that the party or parties connected with the occurrence had not been apprehended.

A late hour this afternoon, although officers are said to be in possession of pretty good clues. Arrests are expected to occur at almost any time, it is stated, as persons of the section are believed to be implicated.

SMITH AND SUGG MARKET REPORT

Sales blocked Friday on account of show Thursday, which gives the Star first sale Monday. We believe everything will be sold off Monday, starting off Tuesday with sales early. We have second sale Tuesday, first sale Wednesday. We are of the opinion that the town will not allow another show of this kind to come here, closing down the tobacco market and demoralizing business in general, for which the town received the sum of \$17.00. The market is stronger than at any time this season.

Choir practice in Memorial Baptist church tonight at 8 o'clock.

GATE RECEIPTS OF WORLD SERIES TO REACH GREAT SUM

Championship Games Will Net Approximately \$3,500,000, Is Stated.

TWO MILLION PEOPLE WILL WITNESS GAMES

Attendance Total Will Surpass All Former Seasons, It Is Believed.

Chicago, Oct. 4.—What the world series means in dollars and cents to the baseball fraternity can be exemplified by the statement that before the present series is completed the gate receipts for such contests played under the jurisdiction of the National Commission will reach the impressive total of more than \$3,500,000. Notwithstanding recent remarks to the contrary it is doubtful if big league baseball would have mounted to its imposing position without the aid of the world series.

The battle for the championship is the logical climax for each season's pennant races and the fact that close to two million spectators have paid almost three and a half million dollars to witness such contests places the stamp of public approval on the play beyond cavil. Since 1905, when the National Commission began its supervision of the World Series, fourteen have been played and the Chicago Americans and the Cincinnati Nationals are now engaged in a struggle for the fifteenth championship.

During the past fourteen seasons the attendance totalled 1,915,494 and as 78 games were played in these series the average attendance has been very close to 25,000 per game. In the same period these spectators have paid in the gate about \$1.80 each for the privilege of watching the play, the aggregate gate receipts for the 78 games being \$3,423,720 in round figures, which is an average of very close to \$44,000 per game.

Further delving into the figures shows that the club owners have profited to a greater extent than the players for the sums divided among the competing clubs and the leagues during the past fourteen years reaches the pleasing total of \$1,715,700, while the baseball warriors have collected \$1,370,200. The players represented

DUGGIN CONCERTS WILL BE SPLENDID ATTRACTION, SAID

Feature of Coming Chautauqua Has Good Personal With Its Company.

The David Duggin Company is one of the very first organizations of the kind on the concert stage, organized and managed by David Duggin, whose talent both as a performer and as a coach is readily manifested to his audiences. This group of artists will give two distinct programs on the afternoon and night of the first day of the Radcliffe Chautauqua.

The personnel of the organization is made up of Elizabeth Hamilton Duggin, prima donna, and David Duggin, Scotch tenor, supported by contralto, basso and piano accompanist. Mr. Duggin selects his artists not only for their capacities for solo work, but also for the ensemble effects of which he is a master coach.

A variety of offerings is embraced in their repertory of popular classics, song cycles, patriotic medleys, humorous songs and character readings. The Duggins are announced with every assurance. Their two programs will combine the gay with the cultural in keeping with the educational spirit of the general program. The note struck by the first day company, as distinguished from the other concert programs, will be a rollicking, rousing one.

SENATOR ATTACKS TIMELY VIEWS OF PRESIDENT WILSON

Senator Jones, of Washington, Charges Wilson With Undermining Public.

PRESENTS HIS VIEWS ABOUT PEACE TREATY

Three Hours of Senate Taken Up in Address, Vibrating With Criticism.

Washington, Oct. 4.—After a three-hour discussion of the peace treaty, the dominant note of which was a sharp attack on President Wilson the Senate late today decided on a breathing spell until Monday with indications that the debate would soon embrace the provisions under which the Chinese province of Shantung was awarded to Japan.

The attack on the President was made by Senator Jones, Republican, of Washington, who had expected to speak two days ago. In charging that the President "had done more to undermine orderly government than any other agency," Senator Jones declared the "tempt to coerce" the senate into ratifying the treaty unamended or without reservations "embodies the spirit of the mob and justified lawlessness."

The President's friends should tell him plainly and bluntly and promptly that the treaty has no chance of ratification in its present form, said the Senator, who added "and they will do so when he is able to receive it."

Senator Thomas, Democrat, of Nebraska, discussed the amendment of Senator Johnson, Republican of California, designed to equalize the voting power of the United States and Great Britain. He opposed this change in the League of Nations covenant as proposed by Senator Johnson, he said, because the same point was covered in the McCumber reservation for which he would vote.

Senator Chamber, North Dakota, and Senator Wadsworth, Republicans, and Senator McPherson, Democrat of Utah, spoke briefly, Senator Chamber announcing that he would later undertake to show how much "gross misinformation" had been spread concerning the British American voting proposition.

NOTICE TO TEACHERS EXPECTING TO TAKE STATE EXAMINATIONS.

The notices given out as to the time for the State examinations for applicants for state certificates contained a serious error. The examinations will be given on October 14 and 15th instead of October 7 and 8. The error was mine, and I regret it exceedingly. I trust that all interested will see this notice in time to avoid an unnecessary trip to Greenville. Under the law the examinations can not be given until the second Tuesday and Wednesday in October. This will be Tuesday and Wednesday, October 14 and 15th instead of October 7 and 8th. Please be governed accordingly.

S. B. UNDERWOOD,
County Supt. of Schools.

HIGHEST AVERAGE

The highest average ever made for a barn of tobacco on the Greenville market was made by Mr. L. F. Mills, from the Black Jack section, at Gorman's warehouse Friday. While "Monk," as his friends call him, is not the largest farmer in the county, he is one of the best as well as one of the best handlers as this sale will show:

back to their homes, but with the ordinary class, it is not so. Something must be done to restore normal conditions, otherwise even the courts will be appealed in the future.

It was no doubt appropriate that General Rozanoff, superior commander of Russian forces in Siberia, found it advisable to apologize to this government for the arrest of an American army officer and enlisted men at Inman, Sbert, several days. He has gone further than make a direct apology; it is stated, for orders have been issued for the apprehension and punishment of men connected with the incident.

There is very little doubt that Herbert Hoover's advocacy of the league of nations will not receive more than ordinary attention throughout the country, as his knowledge of conditions of the world give him a certain insight into future needs of this country that cannot be made a subject of light comment.

The extension of sewer lines to various parts of the city will certainly have much to do with the health of residents in the future. Sanitation of every description is absolutely necessary in increasing longevity, and surface closets, it matters not how clean they are kept, cannot possible answer the same purpose of the sewer line.

With the Woman's Club of the city organized for the season there is very little doubt entertained now that much good will not be accomplished during the remainder of the year with the co-operative efforts of other organizations combined.

The condition of President Wilson, while not reported serious up to this time, is occasioning no little anxiety throughout many parts of the country, especially at this time, where there are many important issues depending solely upon his efforts in their behalf.

With a community building for the city being advocated in many circles it is to be hoped that many of our organizations will not fail to give the proposal the attention which it so surely deserves.

We beg to announce that a Real Estate Co., has been organized at Robersonville, Martin Co., N. C., in the bright tobacco belt. We have now some very attractive farms with reasonable prices and terms.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schul, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the "books are right. Begin taking Cardui today. NC-134

SELL AT GORMAN'S

The market sold this week 2,123,698 pounds, making an average of \$50.84. Gorman's sold 667,034 pounds and only had three sales for the whole week. Our Friday's sale was very satisfactory although it was one of the fastest sales ever sold in Greenville. We look for much lighter sales the coming week and see no chance for any "block sales."

There were virtually two days sales sold Friday and had there been another hour of selling time, all houses would have been sold. Gorman's has first second sale Monday.
