VOLUME 50.

## TENSE SITUATIONS IN RECENT STRIKE CALLS OUT TROOPS

### Change in Steel Strike Results in Martial Law Five Miles E. Chicago.

### GOVERNOR DOING GREAT WORK IN CURBING TIDE

#### General Wood Participating in Effort to Relieve Serious Conditions.

Chicago, Ill., Oct. 7.—Major General Wood, commander of the Central Postal Directory, and his staff, Army, tonight took charge of the Indiana steel cities of Gary, Indiana, Harbor and East Chicago with 1,000 overseas veterans of the Fourth division, armed with cannon, machine guns and rifles and declared martial law in Gary while Adjutant General Smith with a thousand State troops declared martial law in the other two steel centers. No soldiers' uniforms may be worn in Gary by civilians under the General's orders.

No disorder preceded the action of the military today, but the troop movements were brought about by a parade without permit of 2,000 strikers from the steel mills in Gary, led by a large number of former soldiers in uniforms, and a mass meeting in a Gary park, where speakers demanded the release of strikers arrested after a riot on Saturday and the withdrawal of troops sent by Governor Goodrich, of Indiana, at the request of city officials. No sooner had Mayor Hodges, of Gary, asked Governor Goodrich for troops after a mass meeting had been held in violation of his orders, and in defiance of the 360 State troops on duty in Gary, than the Governor repeated the request sent to General Wood at Chicago.

In five hours the regulars at Fort Sheridan had been loaded in trucks and transported fifty miles to Gary. They had barely unlimbered themselves from the long ride before General Wood issued his order for martial law. The order provided that no public meetings or assemblies might be held "in any street, park or other portion of the city." However, it specifically exempted from this provision churches, theatres, motion picture houses and lecture rooms.

### FAIR WEATHER PREDICTED FOR SIXTH GAME OF WORLD SERIES

Cincinnati, Ohio, Oct. 7.—Fair but somewhat cooler weather is indicated today for the sixth of the world series games to be played here. Announcement from Chicago, says that Moran will pitch Ruether today in the lead. Most local fans believe an additional game Wednesday will not be necessary. Opposing this view it is probable that Gleason will pitch Kerr, who is the only pitcher to score a victory over the Reds. With Kerr and Ruether pitching the game should develop into a pitchers battle that might exceed even the work of pitchers in previous games.

### GEN. VON DER GOLTZ JOIN THE BOLSHEVIKI FORCES

Copenhagen, Oct. 7.—General Von Der Goltz, commander of the German forces in the Baltic provinces, whose activities recently led to sharp exchanges between the allies and Germany has with his staff joined the Russian Bolsheviki forces, according to a Berlin dispatch to the National Tidende quoting the Petrograd telegraph agency report. No confirmation of the report is obtainable here.

### INDUSTRIAL SITUATION IN CHICAGO REMAINS UNCHANGED

Chicago, Oct. 7.—The general industrial situation at most of the steel mills in the Chicago district has remained unchanged during the last 24 hours. Dawn, however, found Indiana Harbor and East Chicago, Indiana, under martial law, patrolled by State troops, with Gary, Indiana, the site of the United States steel corporation under military control of Federal troops. A generally threatening situation, rather than violence itself, led Governor Goodrich, of Indiana, to issue orders for troops.

## SLIGHT PROGRESS FEATURES EFFORT ON PEACE TREATY

### Senator McCumber Makes Principal Speech Favoring League Covenant.

### SHANTUNG PROVISIONS HAVE NOT BEEN REACHED

#### Four Speeches Feature in Day's Activities With Several Deferments.

Washington, Oct. 7.—Consideration of the peace treaty in the Senate today did not reach the reading of the printed text, leading up to the Shantung provision, on which the next fight will be made. The day's progress comprised four speeches, with a small attendance and listless interest in the proceedings.

The principal speech was by Senator McCumber, of North Dakota, Republican member of the Foreign Relations Committee, who declined to sign the majority report recommending amendments and reservations to the treaty and the League of Nations covenant. Other speakers were Senators McCawley, Illinois, and Lenroot, Wisconsin, Republicans, and Walsh, Democrat, Montana. The discussion related to much ground heretofore covered, although Senator McCormick devoted some attention to the British-Peiping treaty.

Some senators anxious to speed up the treaty, had indicated that it might be possible to jump right into discussion of the Shantung question with prospect of a vote within the next few days. There was scarcely a reference to it, however, and as the debate

(Continued on page four.)

## SAYS PITT COUNTY LAND SALES HAVE BEGUN IN EARNEST

### Atlantic Coast Realty Co. Pauper Speaks of Activities in Section.

The Ginger Jar, a semi-monthly paper published by the Atlantic Coast Realty Co., of Petersburg, Va., has the following to say regarding the opening of land sale season in this section of the state.

The usual good business which we receive each fall from Eastern Carolina has started our way in real earnest with a tip-top sale in Pitt county near Greenville on September 20th. "Kinch" Cobb, the company's walking advertisement down in the county in which we were born in February of 1910, had charge of the advertising campaign and the results of the sale is proof that it was well done.

Pitt county also has had the honor of the second sale for that section of the State for the season. Then comes the good old county of Wayne, closely followed by one of the best counties of the entire State—Wilson. During the early part of October we have several large propositions to handle in the latter county. And you can just rely in Wilson to contribute her share of business to the Atlantic Coast Realty Company.

While the knowledge of our superior service has been pretty well spread throughout many of the Southern states, from which states our business is rapidly increasing, the people of dear Eastern Carolina know us better, and for that reason we get busy where others are not allowed to even look in.

Let us ever be mindful of the confidence we have won in the minds of our clients where ever we have operated, and be ever on the alert to improve that service if possible, which has placed us in a class to ourselves in the sale of real estate at auction.

Mr. E. P. Prunty, of Greensboro, is spending a few days in this city.

## CRIME IS SAID TO BE ON INCREASE IN GERMAN LOCALITIES

### Great Wave of Crime Occasioning Alarm in Many Parts of Country.

### ROBBERIES BECOMING OF GREAT SERIOUSNESS

#### Various Schemes Concocted in Carrying Out Villany in Hun Districts.

Berlin, Oct. 7.—Germany has increasingly taken to crime since the revolution, and the once orderly empire, where pickpockets were almost unknown, and holdups and robberies created a sensation, is undergoing an epidemic of crime. Probably no system has proved more effective than, in these days of uncertainty and change, playing the official or impersonating a soldier, or a policeman.

Recently two clever criminals who discovered that a certain man had concealed in his house 115 thousand-mark notes of the old type and liable to confiscation had frightened him into surrendering the money on the promise of escaping prosecution.

A real official, who had nosed out the plot, entered just in time to see the transfer of the money and reality did confiscate it, besides arresting the three men.

More successful was another false official scheme. Here a group succeeded in inducing a man who had hoarded fifty thousand-mark bills to sell them at a handsome profit. The deal was in progress when fellow conspirators, posing as officials, appeared and confiscated the money and robbed the man.

## KOREANS RECEIVE ATTENTION OF THE JAPANESE MISSION

### Resolution Adopted Pertaining to Recent Sufferings of the People.

Karuiawa, Japan, Oct. 7.—The conference of Federated Missions of Japan has adopted resolutions concerning the disturbance in Korea, declaring that "we have been forced to believe that the reports are substantially true and that the people of Korea have endured sufferings which are unjust and unnecessary."

These sufferings in resolutions add, might easily be ended once for all if the methods of administration were directed "of that harshness and cruelty which are so strangely at variance with the high and enlightened principles according to which Japan proper is now governed and with the kindness and humanity which Japan, as a people, abounds."

The resolutions express faith that the Japanese government will inaugurate a more just system. They add: "We bear testimony to the passion for enlightenment which is an indomitable impulse throughout the heart of the nation, and which has brought about such general progress during the half century since Japan was opened to the world."

"We have rejoiced in the many improvements brought about in Korea since that country came under the authority of the Japanese government. We do not wish to condone any mistakes the Korean people may have made nor disregard the inherent difficulty always attached to such an administrative task as that in hand in Korea."

"But we wish to give clear and public expression to our unmingled sympathy with those of the Korean people to whom recent troubles have brought cruel and unmerited suffering. And we wish to give our moral support and this is the chief reason for making this statement—to any steps looking to a real and permanent bettering of conditions in Korea."

EDITOR HARPER'S MAGAZINE DIES AT HOME IN NEW YORK

New York, Oct. 7.—Henry Mills Alden, editor of Harper's magazine since 1860, died here today in his 82nd year.

## MEXICO OBSTINATE IN POSITION TAKEN ON OIL QUESTIONS

### Association of Producers Think Carranza Government is Justified.

### CONFISCATION THOUGHT TO BE ABSOLUTELY RIGHT

#### Proprietorship of Coal Mines Also Receiving Greater Consideration.

Washington, Oct. 7.—In formal representations filed with the State department, the Association of Producers of petroleum takes issue with recent declarations made in Mexico City by Leon Salinas, acting head of the Mexican department of industry and commerce and chief of the Oil Bureau of that department, justifying the Carranza government's attitude on the confiscation question. Beside refuting statements by Salinas, the petroleum producers again charge that the acts of the Carranza government against the laws of Mexico itself and in contravention of the accepted laws of nations.

"It is admitted," says the statement, "that the question of proprietorship of coal lands in Mexico and the Spanish colonies was subject of contention, but nowhere in the Spanish laws or subsequent ordinances of the Spanish Crown was petroleum treated as the King's patrimony or the property of the nation. If any contention did exist it was set at rest in Mexico by the Mining law of 1884."

Before this date neither coal nor petroleum had been developed in Mexico at all; the law of 1884 simply cleared up a matter in question. From that time therefore, rights to coal and oil were acquired by Americans under this law and the laws to the same effect of 1892 and 1910. By the expenditure of vast amounts of money, American individuals and companies have given a value to these lands relying upon the laws of Mexico. Their tenure was never questioned; in fact it was repeatedly ratified by acts of Mexican courts and the Mexican government

### JOHN DIXON FARM READY FOR SALES ON OCTOBER 17TH

#### Splendid Farm Near Grimesland Will be Sold at Auction, as Stated.

Mr. K. W. Cobb, publicity representative of the Atlantic Coast Realty Company, has just commenced an advertising campaign in the interest of the sale of the Joe John Dixon farm, on the Dixon road four miles from Grimesland, which will be sold by the above company Friday October 17th, 10:30 A. M.

The announcement of this sale has created no little interest in the Grimesland section owing to the splendid quality of land and the fact that this large farm is to be subdivided into small farms.

The land is located on the Dixon road four miles from Grimesland and about fourteen miles from Greenville. The property consists of 549 acres, and is said to be some of the most productive and fertile farm land in this section of the state.

The advertising campaign is well under way, for the sale of this property, and Mr. Cobb believes that many interested people will attend. Women and children are also invited to be present. Free lunch will be served, cash prizes given away and the music will be furnished by a good band.

## CHRISTAIN CHURCH EXTENDS WELCOME TO YONG WOMEN

### Training School Students Given Pleasing Reception Last Evening.

The members of the Christian church in the city gathered at their church last night to give a welcome to the Training School students who are members of the church and their friends. From eight to ten o'clock the church was a scene of welcome never to be forgotten by those who attended, so royally was the welcome given.

An interesting program was informally rendered during the evening and the singing by Miss Idol of the high school faculty was very highly enjoyed. The readings by Mrs. W. C. Harris delighted all and her talent along this line won for her a score of new friends and admirers. The get acquainted spirit prevailed throughout the evening and that it had successfully taken hold of everyone present was shown in the singing of the old folk songs at the close of the program. It was the hope of all who attended that the church would soon again open its doors for another evening of this kind.

### CHAMBER OF DEPUTIES TAKE FURTHER ACTION

Paris, Oct. 7.—The chamber of deputies committee on the peace treaty has approved in principle the proposal to call upon allies from inter-allied pool toward indemnifying allied combatants for their war expenditures.

## HARDING IS GIVEN GREAT PRAISE FOR RECENT ACTIVITIES

### Surveyor of This City Commended by Atlantic Coast Realty Company.

### RESIGNATION IS CAUSE OF REGRET, IT IS SAID

#### Will Engage in Construction of Concrete Roads in Eastern Carolina.

In referring to active services of Mr. Jarvis B. Harding, of this city, who recently tendered his resignation as chief engineer of the Atlantic Coast Realty Co., the Ginger Jar, a semi-monthly paper published by the above company, has the following to say:

Jarvis B. Harding, for two years in charge of the engineering department, has tendered his resignation effective today, and is no longer affiliated with us, which fact will be learned with regret by every member of our organization who has been so fortunate as to know Jarvis.

L. B. Dutrow has been chosen as his successor and from this date is recognized as chief of the engineering department.

In the leaving of Jarvis we have lost a good man, for few men there are that possess the knowledge of civil engineering that he does, and the service meted out by him while in the employ of our company has been very satisfactory. Since being connected with us there have been many men under supervision or direction with much less experience. And these same engineers today, many of whom are still with us, rank with the highest in engineering. And, while increased knowledge of the profession has been attained through hard study of their work, they contribute their success to the business and brother-like relations with the former chief.

Friend Jarvis tenders his resignation to accept the position of engineering of the building of the concrete has since 1912 continuously recognized rights so acquired under Mexican law by collecting taxes upon the lands

(Continued on page eight.)

## INSTANT ACTION IS URGED IN MEETING NATION INDUSTRY

### Public Representative Desirous of Speeding Up Industrial Conference.

### GATHERING MET FIRST IN WASHINGTON CITY

#### Baruch, Personal Friend of Wilson, Active in Directing Affairs.

Washington, Oct. 7.—Representatives of the public evinced a spirited desire for action, rather than oratory, at the opening session today of the industrial conference called by President Wilson.

Apparently with the determination of differentiating this conference from many similar gatherings held in Washington the public's delegates demanded that sessions be held night and day, if necessary, to establish a basis for harmonious relations between capital and labor during the present abnormal economic conditions. Bernard M. Baruch, of New York, one of these delegates, was active in directing the affairs of the conference, which was considered significant in view of his close friendship with President Wilson and his frequent visits to the White House.

After the appointment of committees on nominations and rules, the conference adjourned to meet tomorrow morning. Gavin McNab, of San Francisco, a representative of the public, was mentioned prominently for permanent chairman of the conference, but members of both committees declined to indicate what their recommendations would be.

A motion to adjourn by W. D. Mahon, one of the delegates of the American Federation of Labor, brought the first indication that the men named to represent the public, who prepared to force results. Thomas L. Chadbourne, of New York, who sat with Mr. Baruch, took the floor immediately.

"All the men on both sides and in the middle of this hall," he said, referring to the seating arrangement whereby the delegates of capital and labor were on either hand of the public's seats, "are here to work as rapidly as possible and to adjourn as little as possible; and I know that the men in the middle of this situation want to carry on these conference day and night if necessary to get through. I would like very much to see the motion changed so we can meet again this afternoon or evening."

### KING OF ITALY SIGNS ROYAL DECREE RATIFYING TREATIES

Paris, Oct. 7.—King Victor Emmanuel of Italy has signed the royal decree ratifying the German and Austrian treaties, according to Milan dispatch reports.

### LANE CHOSEN SECRETARY OF INDUSTRIAL CONFERENCE

Washington, Oct. 7.—Secretary Lane has been chosen permanent chairman of the industrial conference in session here and will accept.

### BOAT CREWS WALK OUT ON STRIKE TODAY, IS STATED

New Orleans, Oct. 7.—Marine engineers, master, mates and pilots of tug boats of the gulf district from Key West to the mouth of the Rio Grande, went out on a strike today for higher wages.

### FINE FARMER MAKES FINE SALE AT STAR

A grand many handsome sale sars being made these days at the Star, one of which was made Monday by W. A. Shivers & Harris, who live in the Winterville section. The following is their sale, including every pile they had:

Pounds	Price	Amount
126	91	\$11,466
158	95	15,010
66	96	6,336
188	98	18,424
62	98	6,076
58	100	5,800
658		\$63,112

Average \$95.92.

you are you are you are

**Back the Fighting Eagle**

**Buy More Liberty Bonds**

**BUNCO MEN ARE STILL HOT AFTER THE COIN**

But New Securities Offered by Government Are Calculated to Go Far Towards Ending Their Business

Farmers are a great deal more prosperous than they were a few years ago. Nobody knows this any better than that suave and oily gentleman, the "bunco man." The farmer's prosperity has made him a shining mark in these gentry. The fake security man, the stock company promoter and the wily sharper are mighty busy persons just now and a great many of them are "working the country," and working it hard.

Do you recall the "miracle wheat" proposition of a few years ago? Maybe not by that name, for it had a good many names. One of its aliases was "Jerusalem wheat." Another was "Egyptian wheat." However, the name doesn't matter much for it was all the same thing. Most farmers will recall it, anyway.

When the farmers would not fall for the story any other way they were told that if they would give \$10 or maybe \$20 a bushel for the seed they could sell the whole harvest back in the fall for the same price per bushel that they paid for the seed.

Of course, some people bought and paid for the seed. And they went ahead and sowed it and waited a year full of trustfulness but the sharper who was to take the crop off their hands failed to show up. They found that they had a very poor grade of wheat, anyway, and it dawned upon them that they had been stung and stung hard and deep.

Right now a good many farmers are being offered all sorts of investments, oil stocks and plantation stocks and a whole lot of other stocks. Some of these are offered in exchange for War Savings Stamps and Liberty Bonds. Some of them, too, are just about on a par with the "miracle wheat" that came from Egypt or Palestine. It will pay about such dividends. It is likely not to pay a cent one way or another. In a few years it will be valuable only as waste paper.

The same United States government that more than a year ago promised the American farmer \$2.26 for his wheat, and is making good every day, is now offering the farmer an investment that is just as safe as the wheat that he grew on his farm this year after it is stored in his granary.

New Treasury Saving Certificates, simply a development of the familiar War Savings Stamps, can be had. These certificates are offered in denominations of \$100 and \$1,000 on the identical terms of the War Savings Stamps.

Eighty-four dollars and twenty cents invested in a \$100 Certificate will grow into a \$100 bill by January 1, 1924. Multiply these figures by ten and the words will apply to a \$1,000 certificate. Or the youngsters, or the person with limited means to invest, may pay \$4.21 for a War Savings Stamp and on January 1, 1924, it will be a \$5 bill. These securities draw four per cent interest, compounded quarterly.

War Savings Stamps do more than add dollar to dollar. They begin to multiply.

Vitalize the saving habit. Buy War Savings Stamps.

Lend money to your government. Buy Thrift and War Savings Stamps.

Own a part of the United States government. Buy Thrift and War Savings Stamps.

A stamp in time saves dimes. Buy W. S. S.

Opportunity knocks. It's knocking now. Buy W. S. S.

**BANKS GAVE SPLENDID AID IN LOAN DRIVES**

Public Should Now Help Them in Their Efforts To Make Country Even More Prosperous.

By Carter Glass, Secretary of the Treasury. No group of men in the United States measured up to the test of the great war more admirably than did the bankers. The success of the United States Treasury Department in floating over \$21,000,000,000 in Liberty Bonds and Victory Notes during the last two years was due in no small measure to the patriotic co-operation of the banks. They took a most active part in each of the loan campaigns.

They subscribed generously for themselves, made loans to their customers in order that they might buy bonds, and sold bonds on installments to accommodate those having small savings. In other words, the banks did everything possible to promote the sale and distribution of government securities.

The banker can render an equally great service in reconstruction by co-operating with the government in its movement to teach the people of the United States the lessons of sound finance and wise investment. In promoting this cause the banker will aid his institution and the financial situation in general at the same time.

Now that the war is over the people should be impressed with the wisdom of holding their government securities and also of purchasing more, from time to time. The more generally the people of the United States absorb government securities the greater will be the ability of the commercial banks to devote practically all of their resources to furnishing adequate credit to the commerce and industry of the country.

Providing short-time credit to commerce and industry is their normal peace-time function. The sale and movement of farm crops, manufactured products and other commodities, as well as the continuous and efficient employment of labor, in fact, the whole industrial process will be promoted by permitting the commercial banks to devote all their resources to this function.

The people of the United States should, therefore, be encouraged to pay off their installments and borrowings on bond collateral as rapidly as possible, and also to purchase additional government securities as issued from time to time or in the market. If this is done the people of this country will be benefited in a two-fold way. They will free material and labor for the production of commodities which are now so desperately needed the world over. At the same time they will be strengthening themselves financially.

**HOW THEY GROW**

Plant a crop. Nothing happens. Nothing that one can see.

Be patient. The seed sprouts. The stalk pushes its way through the earth. Still no sign of fruit.

Be patient. Leaves come out. Buds open. Berries begin to form. Still no harvest.

Be patient. The fruit fills out. It ripens. It matures. Harvest at last—miraculously increased from a little handful of seed.

But the War Savings Stamp bears this. There is no element of risk.

There is no way to lose. You must win.

Your money works for you. It makes more money all the time.

War Savings Stamps work bank account wonders.

**AROUND THE WORLD WITH THE AMERICAN RED CROSS. At Saloniki.**

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.

One of the biggest distribution centers was at Saloniki, Greece, and in this picture Bulgarian prisoners of war are seen there unloading a Red Cross cargo of 2,300 boxes from a French transport. At the right is seen one of the American Red Cross camions, fleets of which were used in rushing relief to points where the suffering was greatest.

platter, sprinkled with salt and exhibited to guests. Women go unveiled and speak to men as freely as in western lands. A man is permitted to have as many as three wives at once, though by no means all of them avail themselves of the privilege. Divorce is seldom if ever practiced. At death the body is not encoffined but is merely wrapped in a shroud and buried, while the women wail a dirge.

One of the most curious of all their customs is that of having the women of the household occupy rooms which are accessible from the rest of the house only through semicircular holes at the bottom of the wall, not more than two feet high, for all the world like the entrances to dog kennels. When a guest calls at a house he is welcomed in a spacious reception room, and then, the host gets down on hands and knees and crawls through a hole in the wall in search of his wife, or wives, as the case may be, and presently comes crawling back, followed by the ladies of the household in the same undignified attitude. The women dress in jackets and loose trousers after the oriental fashion.

**SAME HONOR AS FOREFATHER**

Lost Battalion Here to Get Replica of Memorial to Revolutionary Ancestor.

Santa Ana, Cal.—Nathaniel Rochester of Santa Ana, who was a member of America's famous "Lost Battalion" and who was killed in the Argonne, will be honored here in the same fashion that his great-grandfather, Col. Nathaniel Rochester, founder of the city of Rochester, N. Y., and one of Washington's officers in the Revolutionary war, was honored in the city he had founded.

In St. Luke's church, Rochester, is a bronze tablet, in memory of a Colonel Rochester. A replica will be placed in the Episcopal church here. It will bear this inscription:

"In memory of Nathaniel Rochester, Company B, 308th United States Infantry, Born Nov. 8, 1897. Killed in France while fighting for the 'Lost Battalion,' Oct. 8, 1918."

**STOPS FLOGGING WITH HOSE**

New Hampshire Governor Orders Punishment Ended in the State Industrial School.

Manchester, N. H.—Gov. Bartlett said that he personally investigated complaints that boys had been flogged with rubber hose at the state industrial school here and he found the reports to be true and ordered the practice stopped.

The governor said he had been shown the room at the school where the floggings took place and the instruments used. These consisted of pieces of rubber a foot long, with wooden handles. The rubber for the punishment of offenses of lesser degree was hollow inside. That for the most serious offenses was solid.

The governor added that he did not intend to bring charges against the superintendent, V. B. Backus, believing him no more to blame than his predecessors.

**THIRD RED CROSS ROLL CALL**

November 2 to 11, 1919

Time to Re-Join

### LAND SALE.

By virtue of a decree of the superior court of Pitt county, made in special proceedings No. 2195, entitled, "J. S. Ross vs. Guy R. Ross, et al," being a petition, the undersigned commissioner will sell at public auction, at the court house in Greenville, on MONDAY, NOVEMBER 3rd, 1919, the following described real estate: One lot in the town of Ayden, known as lot No. 12, in Block B, of the plan of said town, and being the same land conveyed to Pattie Ross by R. E. Cox, and others, trustees of the M. E. church, and being the house and lot upon which R. L. Brown now resides. One other lot in the town of Ayden known as lot No. 4, in Block C, and being the same lot deeded to Pattie Ross by the East Carolina Land & Improvement Co. Also one other lot, known in the plan of said town as lot No. 3, in Block C, being lot deeded to Pattie Ross by W. H. Harris, et al. Lots Nos. 3 and 4, facing railroad, near corner of Second street, and East Avenue. This property will be sub-divided and

sold in smaller lots, and afterwards offered as a whole, and will be sold either for cash or one-third cash, balance in one and two years, to suit the purchaser.

This October 3rd, 1919. For further information apply to J. B. JAMES, Commissioner. F. G. JAMES & SON, Attorneys.

### ADMINISTRATOR'S NOTICE

Having this day been qualified as administrator of Jesse B. Mills late of the county of Pitt, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before September 22nd, 1920 or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 22nd day of September, 1919. L. H. MILLS, JARVIS MILLS, Administrators of Jesse B. Mills.

TUESDAY, OCT. 7TH, 1919.

Statements from Denver, Colorado, appear to indicate that people of that part of the country are getting completely worn out in wrestling with the high cost of living, and as a result, prices have been slashed to such an extent that living has become reasonable. It is indeed a pity that similar action cannot be taken in other sections suffering from the same cause, for there is every reason in the world to believe that determined action eventually will discourage every effort in the interest of profiteering. High prices are not necessarily the result of excessive or unreasonable prices, but in many instances it has been found to be the case. Greater determination, and more resolute spirit is going to be necessary to bring about the desired end, and every locality can experience the same results by trying it in the future.

Strikers contending for the "right of free speech and free assemblage," no doubt are anticipating having plenty room for employing the use of both in the future, especially the railroad men who have been raising no little disturbance at every opportunity and who appear absolutely adverse to relinquishing efforts in the future. Free speech among the strikers is something that should not be permitted, as it opens a way for spreading dangerous propaganda such as that disseminated in many sections resulting in serious affairs. Bloodshed has resulted in many instances and the proposed free assemblage is accountable for that, too. Where, then, is the advisability of the slightest contention in the interest of something detrimental to civilization. There is no reason in the argument and the situation should remain just as it is.

The attitude of leading colored men of the state in attempting to bring about closer relations between the white and colored race is certainly pleasing for the condition of the country at this time brings every thinking person face to face with certain realities of more or less significance. Race riots in many sections of the country should be deplored at every opportunity for they are the result of propaganda spread among ignorant

colored people misled in the extreme. It is to be hoped greater attention will be given the situation in the near future for with intelligent advice such as that now being planned several serious situations may be averted.

Alabama cotton growers are predicting forty-cent cotton for the near future, and have placed the dollar mark as a definite goal for seed. King cotton might have fared badly in the past, but it is evident now it is coming into its own in pretty short order. Organization is doing wonderful work among growers in every part of the county, and there is slight probability of any noticeable slumps in the near future. The price has been definitely fixed by the Alabama organizations and the farmer is being urged to hold his offering until the demand has been met. Other farmers can do the same thing, with equally as good results.

With Italy ratifying the peace treaty by royal decree what would be more natural than to hear that the ratification will not be considered valid by the thousands of opponents in that center. Forces have brought about some of the most critical situations in the history of that country through the attitude of certain parties towards the treaty of peace, and a disturbance following closely in the wake of the royal decision would be nothing bordering on the extraordinary. Dissension would come about very easily now, when opponents get to work there is little doubt concerning the final outcome of the situation.

**SLIGHT PROGRESS**

**FEATURES EFFORT**

**ON PEACE TREATY**

(Continued from page 1)

was general, no effort was made to resume the reading so as to bring the senate up to the Shantung amendment, next on the list for a vote.

Senator Hitchcock, of Nebraska, leading the Democratic fight for unamended ratification, objected today to a move to set aside the treaty temporarily to consider another matter, and in doing so insisted that the senate should begin work on the pact earlier than 2 o'clock, the usual hour at which it has been called up.

Members of both houses of congress are counting on a recess about the first of next month, and as this depends, of course, upon final disposition of the treaty, the suggestion has been made by some senators, it was said, that the two parties endeavor at separate conferences to figure on how much actual talking time will be required by both sides. As it seems to be admitted by all that every senator knows now how he will vote, regardless of future discussion, there is still a growing disposition in some quarters not to prolong the proceedings by speeches, although Democratic and Republican leaders unite in declaring that attempts to shut off speeches will not be tolerated.

### "PRETTY BABY."

Jimmie Hodges new 1919 version of "Pretty Baby" the big musical success will be the offering at White's Theatre Wednesday, October 8th. With the brilliant galaxy of true and tried favorite and a host of the prettiest and best dressed chorus seen in this city in years, they can sing and dance and the more they sing the more they dance.

"Pretty Baby," this season as in the past was written by Jimmie Hodges. He is the young master of comedy, the gifted writer of words and music for songs which have made him rich and envied. For this season's entertainment he has written a laugh a minute guaranteed and introduced over a score of mad melodies, nearly all of them being the tickling sort, caught and whistled at every street corner and warranted to set a room full dancing.

It would be superflous to give special mention to each deserving artist. Suffice to say that each has won envious praise, amongst the big cast you will recognize Eddie Baye, Eva Lappin, Johnnie O'Neil, Ted Shaffer, Norman Coudy, Tom Williams, Eddie O'Neil, and his original Dixie Chorus, through their efforts they have made "Pretty Baby" the immense popular hit that it is.

### PRESIDENT WILSON SAID TO BE STILL IMPROVING

Washington, Oct. 7.—President Wilson showed further improvement this morning after a very good night, and is anxious to get back to work. White House officials said.

### APPLICATION FOR PARDON OF W. L. SIMONS

Application will be made to the Governor of North Carolina for the pardon of W. L. Simons, convicted at the August Term, 1919, of Pitt Superior Court for having in his possession for the purpose of sale a quantity of whiskey, and sentenced to eighteen months in the county jail.

All persons who oppose the granting of his pardon are invited to forward their protest without delay.

This September 23th, 1919.  
W. L. SIMONS

It a wk. 4 wks.

### ARE YOU TROUBLE WITH ANTS?

Raleigh, N. C., Oct. 7. — Though there are about eight or nine different kinds of ants which infest houses, only about three of these live in the house, while the other six enter from the lawns or yards where they have their nests. Mr. M. B. Smith, Extension Entomologist of the Agricultural Extension Service, states that none of these kinds would be very troublesome were it not for the fact that the housekeeper allows bread crumbs, particles of sugar, drippings of syrup, and other foods to collect on her floors or shelves, or be left over from supper until breakfast. Some other houses are poorly constructed, and offer excellent breeding quarters to both ants and other insects.

Any of them may be controlled by using repellents, poisons or gases. The repellents are successful only so long as they hold their odor or strength, and it is generally necessary to renew them every week or ten days. Such material as zenoleum powder,

sodium flouride and kerosene are very efficient repellents. Carbon bisulphide burning sulphur will supply gas for the destruction of the ants. The best poison, however, is the argentine ant syrup consisting of a mixture of sugar, water, sodium arsenite and honey. The poison sodium arsenite is used in a small quantity, and it takes the ant several days to die from its effect. By this means they are kept from discovering the source of the poison, and continue to eat it daily. It is a liquid, and may be placed anywhere—around the house or yard in small tin cans or glass fruit jars, with holes punched in the tops, so as to admit the ants. A piece of sponge is placed in each jar for the ants to crawl over while in quest of the poison syrup. This should be placed in a shady spot out of the reach of the children.

Bookkeepers are merely figureheads in the business.

## About Our Furs

Any one can say that their Furs are made of "carefully selected skins, skillfully fashioned, and smartly designed" yet few assertions of this sort carry any assurance of credence from the reader. Pretty phases without a reputation to back them up are worthless, with the support of a reputation they are unnecessary. The most significant characterization we can give our Furs is "they are the best values for the money that the market affords."

### FUTURE WITH LIBERTY BONDS.

"In this age of unrest, it is good business policy to safeguard our future responsibilities with government securities." That represents the attitude of the order of maintenance employees, an organization of railway men, expressed through its president, W. V. Stafford.

The stand taken by the order was expressed in a communication from Mr. Stafford to the Savings Division of the treasury department announcing that the organization had purchased \$10,000 in Liberty Bonds in the open market. These purchases were not isolated investments but followed the general financial policy of the railway employees. Mr. Stafford declared Liberty Bonds would be sound as long as anything is sound, and that if the majority of Americans hold these securities, they necessarily must be interested in the stability of the government.

In his letter, Mr. Stafford said in part: "We do not wait for conventions but from time to time invest our money in accordance with the recommendation of the officers and, to be brief, since the United States first issued a call for loans from its people, we have put ever ycent of our surplus into United States war securities. Since the closing of the Victory Loan we have purchased \$10,000 in the open market.

"We shall follow this policy because we believe that in this age of unrest it is a good business policy to safeguard our future responsibilities with government securities. They be sound as long as anything is sound.

"We also believe it is patriotic to encourage the citizen to invest in government securities directly or indirectly. If the majority of our people hold government bonds, then the majority certainly are interested in the stability of the government.

### COMMISSIONERS' SALE.

By virtue of authority vested in me by an order made in a special proceedings pending in Pitt County Superior Court, number 2208, entitled W. S. Overton and others against J. E. Overton and others, at noon Monday, November 3rd at the court house door, I shall sell to the highest bidder for one third cash and the remainder in three years that body of land in Carolina Township, containing 250 acres, more or less and known as the John S. Overton place, lying on the road leading from Stokes to Liens, touching Brier Swamp, adjoining the lands of O. C. Fleming, W. B. Roebuck, M. R. Page, J. E. Overton, John A. Whichard and others.

The said tract of land to be sold as subdivided in three tracts as follows: First: Tract of 139.8 acres with open and wood land and buildings facing road from Stokes to Liens.

Second: Tract 69.8 acres with open and wood land and buildings facing road from Stokes to Liens.

Third: Tract of 52 acres of timber land.

As appears from map made by H. L. Rivers, surveyor, which may be found at the court house, at the office of S. J. Everett, Attorney, Greenville, or W. S. Overton, Stokes.

This October 1st, 1919.

S. J. EVERETT,  
Commissioner.

### HARDING IS GIVEN GREAT PRAISE FOR RECENT ACTIVITIES

Continued from Page 6 and upon the product. roads in several counties of Eastern Carolina.

Mr. Dutrow, who succeeds Mr. Harding came to the company about ten months ago highly recommended in his profession, and his services have proven of the very highest order. Prior to being with us the new chief held many responsible positions in civil engineering, including the erection of concrete bridges and the building of roads, being a graduate in C. E. from W. & L. University. Like his predecessor, Mr. Dutrow's friends with our organization are numbered by every man of the company, and we congratulate him upon the honors won

### CRIME IS SAID TO

#### BE ON INCREASE IN GERMAN LOCALITIES

(Continued from page 70)

owner.

An airplane was used to capture criminals when the authorities got wind recently of an attempt to carry 20,000,000 marks on an express train to Munich whence they were to be smuggled across the Swiss border.

Robberies at railroad stations from freight cars have been increasing to a great extent. Countless cases of false papers for the delivery of goods have been discovered, usually after it was too late.

The discovery of two freight-car loads of bacon lying on a siding at a suburban station led to the discovery of a huge swindle originating in Holland, conducted from the Rhineland, and making use of false bills of lading. Many railroad men were involved in a small way for their share in handling the faked bills of lading.

The constant swindling extends to every imaginable kind of food and raw material. A young man appeared recently at a storehouse in central Berlin and asked to have some cases stored. When the warehouse watchman saw the cases he was suspicious because they came from the imperial textile plant at Zwickau. So he reported the presence of the cases. Investigation showed 5,000 yards of textiles worth 120,000 marks and the young man was captured by a ruse. He had procured the cloth on a forged order bearing the signature of the textile authorities.

#### ADMINISTRATOR'S NOTICE.

Having this day qualified as administrator of Mrs. Clemmie Allen, deceased, late of the county of Pitt, North Carolina, this is to notify all persons having claims against the estate of said deceased, to exhibit them on or before the 7th day of October, 1920, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 7th day of October, 1919.  
J. H. MANNING,  
Administrator of Mrs. Clemmie Allen.

Many a self-possessed girl would like transfer her possession to some man.

### WILL LONDON HAVE SKY-

#### SCRAPERS IN THE FUTURE

London, Oct. 7.—The old question of whether London is to have skyscrapers is being revived because of the high price of property in the business section and the lack of space in office buildings.

The government buildings in Whitehall are four stories high, but it has been found necessary to add a story to the war office to meet the demands of the department. One well known architect in touch with the government's plans expressed the opinion that unless the new and the old ministries were content to do their work outside of the area devoted to governmental activities skyscrapers were inevitable in Whitehall.

Generally speaking, however, London does not like tall buildings. Percy Tubbs, past president of the Society of Architects, declared that if the skyscraper was to come it would be necessary to widen the streets.

"But space in London is not so scarce as it is in New York which is an island," he said. "I think the traffic problem will not become so unweildy that we shall be afraid to let London expand any further outwards and we will be compelled to expand it upwards. Personally I always feel that where skyscrapers abound the man in the street moves in the bottom of a well.

American architects who are here erecting a huge department store have repeatedly asked for permission to extend the main building high enough to accommodate not only the present business of the concern but to provide for the future, and have met with no encouragement whatever.

#### CHOICE CUT FLOWERS.

Sweetpeas, Carnations, Orchids, Sparagon and Lilies. All kinds of flowers arranged in the latest arts, for all occasions. Mail and wire orders, promptly executed by

# SELL AT GORMAN'S

The sales are smaller today and should all finish soon after dinner. Gorman's sold Monday 166,820 pounds for \$82,354.71, averaging \$49.61. We had more soft order and slightly damaged tobacco in this sale than we ever saw in one sale. We caution our friends to pay more attention to the order. With the shortage of labor to hang the tobacco, no buyer will pay as much for soft order tobacco as he will for a dry pile, as the "soft" will damage before he can work it. Note the market's average for September as sworn to before the supervisor as \$38.27 and Gorman's of \$39.29. Had we averaged less than the market by several dollars we would have told you and not been ashamed of it; since we sell so much scrap and common tobacco. IT PAYS TO SELL ALL GRADES AT GORMAN'S.

We have 3rd sale Wednesday, 2nd Thursday and 1st Friday.

A FEW SALES MADE MONDAY:

NAME	POUNDS	PRICE	AMOUNT	AVE	GENTRY PULLS AND GORMAN PUSHES	J. A. Crisp	470—70, 80, 96, 98	378.68	80.60
Holloway & Manning	568—67, 80, 90, 94		\$497.96	87.70		Hughes & Cannon	404—79, 85, 90, 95	351.84	87.11
H. E. Worthington	676—76, 93, 96, 100		574.60	85.00		D. A. Windham	574—83, 92, 99	519.82	90.56
L. E. Sugg	1158—81, 81, 84, 85, 85, 87, 93, 95		979.18	84.56		B. F. Lilly	318—70, 92, 100	270.44	85.04
						S. B. Hardy	784—77, 78, 85, 91	636.42	81.18
