ISSUES APPEAL TO FARMER FOR HELP IN FUTURE ACTIVITY

Acting President of Railroad Brotherhoods Serves Notice on Senate. ACTION WOULD DEPRIVE MEN OF ECONOMIC RIGHT Leaders See An Attempt On Part of Railroads for Return Ownership.

Washington, Oct. 27.—Charles S. Barrett, president of the National Farmers' Union, and one of the farmers' representatives in the national industrial conference here, issued an appeal today to the farmers to be prepared to aid our beloved country in her present hour of need.

"Menaced by entrenched privilege on the one hand and a perilous 'red' propaganda on the other," said Mr. Barrett, "the nation is facing the most dangerous situation since the civil war. Although reclining in plenty, though business was never better, though employment was never more general, the country is sitting on a powder magazine which threatens at any moment to explode, bringing devastation and untold suffering in its train.

"The failure of the industrial conference to accomplish any concrete thing makes necessary an offensive and defensive alliance between all constructive forces of the country against the common enemy of extremism. It places the question where it was before the conference assembled and leaves an adjustment to the individual and collective common sense, common history and common patriotism of the people.

"In this crisis in the nation's history, the farmer must get to the helm and he must stay at the helm until the the ship of state is brought safely into the haven of rest."

A plea for "real sanity" also was made today by Secretary Lane, who acted as chairman of the industrial conference. In announcing what he had written the President supporting the recommendation that a new body be created to carry on the work for which the conference was called, Mr. Lane said he wanted to see "a new conference of leading minds that will think in practical terms, a real council of national defense against the kind of civil war which some seem to think another irrespressible conflict."

PURCHASE OF DIRIGIBLE R-38 IS EXPECTED, IT IS STATED

MEASURES TO MEET THE COAL STRIKE BEING CONSIDERED

Washington, Oct. 27.—Measures to meet the situation which would result from the threatened strike of coal miners was considered today by administration officials. No reply from officers of the United mine workers of America to the demand of the president that the strike would be called off is expected until after the miners' executive committee meets in Cleveland Wednesday but meantime officials took notice of the statement of Union leaders that it would be physically impossible to withdraw the strike order by November first. The administration program for dealing with strike not be disclosed until the strike develops.

Railway Men Not in Favor Strike Laws

Charles Barrett, of the Farmers Union, Depending Solely on Farmers.

ASSISTANCE IN FUTURE ABSOLUTELY NECESSARY Plans in Which Co-Operative Measure Will Prove Effective Are Outlined.

Washington, Oct. 27.—Timothy Shea gave notice to congress tonight that the Brotherhood of Locomotive Firemen and Enginemen, of which he is acting president, would not observe pending anti-strike legislation if enacted into law.

Such an attempt to single out railroad employes and deprive them of what he termed the economic right of workers to strike to prevent injustice, must be accepted, he said, in connection with other information which the railroad brotherhoods have, as a foregone conclusion that the railroads con-

PHYSICIAN PRAISES MINISTERS OF CITY IN HOSPITAL WORK

Dr. Whitfield, of Grifton, Writes Letter of Commendation to Headquarters

The following letter from Dr. William Cobb Whitfield, of Grifton, commending the ministers of the county for their splendid efforts in behalf of the establishment of a memorial hospital in this county has just been received at campaign headquarters in this city, and as it is expressive of a sentiment rapidly gaining in proportion in every section, it is therefore, of more than ordinary interest to those interested in the project.

I am delighted to know that there are prospects for a modern Hospital for Pitt county. Such is an institution the whole county has needed for a long time, and a hospital would be indeed a suitable memorial to our war heroes and a great blessing to the county and surrounding country.

The ministers of the county are to be highly commended for taking the lead in this important matter. It shows in the most practical way, their interest in and sympathy for suffering humanity.

The citizens of the county are to be congratulated upon the interest taken by our ministers, and should rally to a man and assist them in this great enterprise. I think it would be a good plan to give every man, woman and child in Pitt county an opportunity to contribute to this noble purpose. It would not only popularize the idea, but cause them to feel proud of the fact that they could personally aid in erecting a suitable memorial to our beloved sons who fought so valiantly that we might live, and at the same time build an institution to care for our loved ones who are stricken with disease or meet with an accident.

Wishing the project great and speedy success, I am

This letter speaks for itself. It rings true on a great undertaking. It encourages those who have entered this campaign to believe that it is going to succeed. Every physician in the county has been advised about the matter, and asked to pledge his best support. Letters have come from a good number of them and not one has been unfavorable. A little later a copy of the letter which was mailed to them will be published, and a list of those who are heart and soul behind the undertaking.

ROBINSON CIRCUS TO APPEAR IN CITY TUESDAY MORNING

Mammoth Parade Will Take Place During Morning Hours Preceding Show.

With 3 trains of extra length railroad cars, 1472 employes, 326 of the world's famous arenic artists, 500 horses, 100 cute little high stepping ponies, tents that comfortably seat 10,000 people and a mile long parade, the John Robinson circus will visit Greenville tomorrow, Tuesday October 28th.

Hundreds of residents of the surrounding territory are preparing for the gala day and will journey to Greenville by train, auto and behind their own driving horses. John Robinson is a household word here. The show is about the oldest in the United States, having been organized in Ulica, New York, in the spring of 1824. It has exhibited continuously since that time and has grown from a show hauled in five wagons to a monster aggregation second to none. The third generation of Robinsons is now in charge and new season John Robinson the Fourth will take active charge. This young man, twenty-five years old, has just returned from France and the battlefields.

The menagerie with the John Robinson circus has been greatly augmented during the winter. There are forty cages of rare wild animals including "Congo," the only baby Hippopotamus in captivity. Fifteen of the largest and best trained elephants in the country are also John Robinson's. The performance in the three rings, on the two stages, in the aerial enclosure and around the wide hippodrome racing track is said to be the best the John Robinson folks have ever presented to a discriminating public.

Recognition Services Are Held in City

Services in Interest of Young Woman's Association Held Yesterday.

SEVERAL ATTRACTIVE FEATURES ON PROGRAM Interesting Topics Regarding Past Work of Organization Set Forth.

The recognition services of the Young Women's Christian Association of the Training School were held last night. One hundred and twenty new girls were formally admitted into the Association. The service was the beautiful candle service, showing the symbolism of Christian workers as light-bearers. The members of the council, holding lighted candles, stood in line and the new members filed past lighting their candles, while the entire Association sang "Lead Kindly Light." Afterwards, the new girls stood, holding their candles, and sang "Let the Lower Lights be Burning." This form of service is used every year.

Mr. S. B. Underwood delivered to them a message that sank deep into their hearts. His theme was "The glory of the commonplace." He read the story of the Transfiguration, and made vivid the circumstances of the "mountain top vision," but followed the story still further, showing how the inspiration received on the heights led the disciples down into the valleys for work among people. Christ came, not to reveal himself to the few only, but to the whole world, to uplift all mankind, to relieve suffering, to strike off the fetters of sin, to help mankind

NEW WAY IS FOUND TO BEAT TAX MAN IN GERMAN CENTER

German Nobleman Advises People to Spend All Money Before Taxes Are Due.

ERSBERGER TAX SYSTEM CHEATED IN UNIQUE WAY Several Instances Are Cited in Which the Government Has Been Bit.

Berlin, Oct. 27.—a brand new way has been found to beat the new Ersberger taxes, and a German nobleman, who served throughout the war as a cavalry captain, is the one who has made the discovery. It is very simple—you simply spend all your money before the taxes fall due.

The Baron of ancient family, whom the correspondent has known for years telling of his plan, seemed not to care who heard him, for he spoke in a loud voice. He was immaculately clad in a new suit that probably cost 2,000 marks, and wore a new pair of shoes, that Berlin's most famous boot maker would make for 500 marks.

"That suit is just about the finest thing that can be bought or made in Germany," said the Baron. "And what is more, I have several of them. All brandy-spandy new. I have suits to keep me for the next five years.

"See those shoes? Well, I had them made and nine more pairs. I never had so many shoes in my life, but I've got enough now to last some time. And everything else in accordance. New shirts, socks, underwear, the best money can buy. I haven't spared a mark, because I am going to get rid of all I possess before the end of January when I have to make my tax declaration. The Baron then continued to tell of having gone from Berlin to Cologne, from Cologne to Frankfurt, from there to another city, and finally back to Berlin, to avoid the tax collector. The agent had caught the Baron finally in Berlin, had served him with the legal papers making it necessary to make a tax declaration within three months. So the Baron began to see whether he could use his fortune up before that time.

CHILEAN CRUISER ESMERALDA SAILED NORTHWARD SUNDAY

San Diego, Oct. 27.—The Chilean cruiser Esmeralda sailed northward yesterday and other units of the Chilean fleet are preparing for sea duty. Steps following the reports that probable a revolution is in formation of the Peruvian government making military preparation in southern part of that country for alleged purpose diverting the popular attention from the revolt which it is said to be impending.

CALA WILLIAM JENKINS WILL PROBABLY BE LIBERTY TODAY

Sanford, Oct. 27.—Cala William Jenkins, American Consular agent at Puebla, Mexico will probably be at Liberty today after being kidnapped and held prisoner a week by Mexican bandits. Word that he has been rescued was received last night by his father of this city in a brief telegram from the sister of the consular agent. The message didn't indicate whether any portion of the ransom was paid.

MONDAY, OCT. 27TH, 1919.

Do men in this day believe the Bible? Do they believe that there is a God who rules this world and who will visit His judgments upon the wicked? Do they think that the present day spirit of aggression, commercialism, graft, profiteering, nation against nation and man against man, with the disposition of greed leading to the violation of almost every law, both human and divine, will go unrebuked? Pause long enough in the mad rush to consider this passage of the scripture: "As the partridge sitteth on eggs, and hatcheth them not; so he that getteth riches, and not by right, shall leave them in the midst of his days, and at his end shall be a fool."—Jer. 17:11.

For a bunch of talkers with nothing accomplished, you can take a peep in the U. S. Senate. Doing nothing but killing time and delaying adoption of the peace treaty, while unsettled conditions throughout the country go right on from bad to worse.

If there are any fakiers along with the circus tomorrow and you get caught it will be your own fault.

overcome human limitations, to show the fatherhood of God and brotherhood of man, to bring to the world a new freedom, an enlargement of life." Those who truly follow Him, translate visions into service."

Mr. Underwood's elaboration of his idea made very clear the needs for practical service today "Christ," he said, "preached social service and if he were living today he would have rallied against child labor, and would be an advocate of social reforms. If one has been given power of any sort, that is an invitation to use it, and not only on Sundays but in the routine of everyday life, to glorify and dignify the commonplace."

template a general reduction in wages when the government surrenders control and desire such a measure to forestall a strike.
"If these interests or the legislators believe railroad employes will unhesitatingly submit to any such invasion of their rights as citizens," Mr. Shea continued, "they had better expect that thought from their minds, because I believe I speak for locomotive firemen and hostlers at least when I say that any law which deprives them of the rights of American citizens, and is not observed, not because this class of American citizens are law-breakers but because such a law would be unwarranted, un-American and contrary to American institutions."
Mr. Shea said such a law was almost certain to precipitate revolt, revolution and was in fact just what extreme radicals and revolutionary agitators desire.
"This would give them logical argument for direct action," he asserted, "with the intention of displacing the liberal and more conservative leaders and thereby overthrowing the existing social, political and industrial institutions of the country."
"If an anti-strike law is enacted, the responsibility for any upheaval which might follow lies with congress."

Many politicians believe that Clemenceau can have the honor by simply allowing his name to go before the congress. It is still unknown whether he wants it. There are indications that he would prefer to retire on his laurels as the "winner of the war." According to gossip in the lobbies of the Chamber he would be glad to have his administration approved by the choice of one of his associates in the cabinet.

STANCILL-LANCASTER.

On Saturday afternoon October 25th at 2 o'clock at the home of Mr. and Mrs. Gus Lancaster, near Rocky Mount one of the prettiest weddings of the fall season was solemnized, when Miss Lorrella Moore Lancaster became the bride of Mr. Leland T. Stancill. The ceremony was performed by Rev. W. A. Cade, of Rocky Mount. The parlor was beautifully decorated with potted plants and

chrysanthemums.

Prior to the ceremony Miss Christian Evans played Mendelssohn's Spring Song, "Because" was sweetly sung by Miss Marvis Evans, Angels serenade was softly played during the ceremony.

Little Miss Louise Stalling, niece of the bride was the first to enter, bearing the ring on a large chrysanthemum and carrying a basket of flowers. Miss Nora Lancaster, sister of the bride and Mr. J. R. Stancill, brother of the groom came down the aisle and

took their places on either side of the altar.

The bride entered on the arm of the groom and passed down the aisle to the front of the altar where the minister used the beautiful ring ceremony that united the young couple.

The bride was attired in a travelling suit of dark blue with hat and accessories and carried a shower bouquet of brides' roses.

Immediately after the ceremony Mr. and Mrs. Stancill were motored to

Rocky Mount where they boarded the north bound train for Washington City and other northern points.

The bride is an attractive and accomplished young lady and is well known in this city, having attended the E. C. T. S.

The groom is one of Pitt's most industrious and progressive young men. Both have an extensive circle of friends who extend to them many congratulations.

American Cotton Association

Cotton, a human necessity, has blessed everybody who bought it, but has enslaved everybody who produced it. A Southern monopoly in production but a speculator's monopoly in profit.

The American Cotton Association will share the profit with the producer if it is backed by the South's brains and business interest.

This organization should have the support of every farmer, professional and business man, and we need it.

Cotton is selling for one dollar per pound in Italy, while the farmers of Pitt county get thirty-three cents. Cotton is short in Texas, and Fort Worth market is paying thirty-six cents for it. The textile industry and cotton factories of Poland, Bohemia, Germany, Belgium, France and Italy are idle for want of cotton to run on.

With money from other crops to pay our debts and not enough cotton to go around, let the men of the South stand together like our fathers under Washington, Lee and Jackson and our sons under Pershing and Sims, and get justice for our product.

The members of the American Cotton Association for Pitt County who guarantee a three year organization, showing its strength all over the South, are:

PEOPLE IN POLAND ARE SUFFERING IN ALARMING MANNER

Continued from page one.
in the raising of about \$5,000,000 with which to clothe one million youngsters sufficiently to keep them from freezing this winter.

Just a word about the youthful foster-father of a family larger than the Old Woman of the Shoe ever dreamed of. He's the type that would look equally as well in foot-ball togs as in Uncle Sam's Khaki; and he related his experiences with the characteristic modesty of a United States army man. That he is enthusiastic about his job goes without saying; yet, one gets the idea somehow, that the things he has seen and the things he has heard have left impressions that mere words cannot express.

"When I saw what those small folks were up against," quietly remarked the young officer, "I decided that I wanted to give to the job of helping, every bit of pep I had in me."

That is why he is eager to go back to Poland.

One of the first organizations he asked for aid on his arrival in New York, was the Joint Distribution Committee, which has sole charge of the disposal of all funds raised in this country by the American Jewish Relief Committee and other Jewish relief organizations, and which directs all American Jewish relief operations in Europe. The committee promptly contributed half a million dollars. This sum is to clothe Jewish children primarily, leaving the Lieutenant's other funds for children of other races.

"Do children in Poland act as other children?" repeated the lieutenant in answer to an inquiry. "Why they can't. For nearly five years these little folks have been almost constantly hungry. Naturally they're not exactly cheerful. They are listless, almost lifeless. They no longer act like children. When they are able to move, they move like little old men and women. Once, I suppose, the children of Poland laughed as they played like babies the world over. They don't laugh anymore, no, they don't cry, either, and they no longer play."

If a man has plenty of sand he always has plenty of grit.

JIM BROWN FARM TO BE SOLD BY A. C. R. COMPANY NOV. 10.

The Jim Brown farm will be sold by the Atlantic Coast Realty Company, Monday, November 10th at 2:30 P. M. This farm is located on the Grimesland road, one mile from the Pitt county court house, half mile from the corporate limits of Greenville and near the Eastern Carolina Teachers' Training School. It contains several good buildings, consisting of dwelling houses, barns, pack houses and stables. The soil is well adapted to all crops grown in this section and is splendid tobacco and cotton land.

The farm is one of the most desirable farms of Pitt county and in fact of Eastern Carolina. It is within walking distance of one of the best towns in the state, and every advantage of the city can be obtained.

The sale of this farm is expected will attract a great deal of attention as it is one of the best known farms in this section.

An advertising campaign is now being put on, and nothing will be left undone to make it a most successful sale.

If justice were really blind she wouldn't be able to wink at her favorites.

POEMS IN COLOR

The new Fall Blouses are shown in tints as exquisite as the plumage of the tropical song birds. They have risen to such popularity that today many diverse modes and designs are shown. They come in contrasting hues - rich Rubies, transparent turquoise, the yellow of beaten gold, the green of uncut emeralds, the purple of ripened grapes. But don't fail to see our navy and burnt orange combination. We all say it is rhapsody in expression. Like a burst of splendid music, when a door is suddenly opened - that is how these magnificent blouses impress one at first sight. But on second sight we can easily recognize our old time friends the plain shirt waist in Flesh, White, Navy, Black and Brown, in sober Georgette and Crepe de Chine and at prices that really seem like old times. Don't forget a large showing awaits your inspection or selection. Come to see us.
