## WILSON OUTLINES PEACE PLANS FOR COUNTRY'S FUTURE

Needed Remedies Presented to Congress for Restoration of Business.

### URGES LEGISLATION TO REVISE TAX SYSTEMS

Necessity for Having New Tariff Laws Are Explained in Full Form.

Washington, Dec. 3.—Congress got into full swing today with receipt of the President's annual message and inauguration of actual legislation in both the senate and house. The message was read separately to each body with floors and galleries crowded. When it was concluded both Senate and House began a nine months of work ahead. The Senate took up the Cummins railroad bill, hoping of its passage before the Christmas holidays. House leaders arranged for immediate attack on the annual appropriation bills carrying almost five billions as submitted by the department.

The house adopted during the day the conference report on the Edge bill, authorizing foreign trade financing corporations and the measure now goes to the President for approval.

In the senate no formal move toward final disposition of the German peace treaty was made and the President's message made brief reference to it with a view to a special message later. Congress also will receive a special message on the railroads.

The senate may act tomorrow on resolution authorizing investigation of the Ford-Newberry election contest from Michigan, and charges by Senator Watson, Republican, Indiana, that Federal trade commission employees were engaged in socialist propaganda. Adoption of both was predicted. An effort to broaden the federal trade commission inquiry to include investigation of many general activities was expected.

Republican house leaders, in conference today, considered the legislative program but without final decision. Representative Mondell, majority leader, said appropriations must be "held down" as much as possible and conferences with the legislative steering committee for further discussion of a more definite program for the supply bills will be held later.

### COMMISSIONERS IN SESSION IN GREENVILLE YESTERDAY

At the regular monthly session of the Pitt county board of commissioners here Monday an advisory board to the Pitt county road commission was appointed which consists of the following men: S. R. Ross, Pictolis; J. L. Perkins, Carolina township; E. L. Mayo, Bethel; J. S. Spain, Belvoir; R. E. Pittman, Falkland; Dr. E. B. Beasley, Fountain; McD. Horton, Farmville; J. S. Elks, Beaver Dam; R. T. Cox, Winterville; C. J. Tucker, Ayden; J. A. Stocks, Swift Creek; B. A. White, Greenville; W. L. Smith, Chicod. A contract for rebuilding the Pillsboro bridge which was washed away some time ago, was let to Mr. A. P. Gilbert, of Durham. The contract will involve an expenditure of \$15,073.77.

### CONGRESS IS BUSY TODAY CUMMINS BILL BEFORE SENATE

Washington, Dec. 3.—Congress got down to business today with its leader determined to have some constructive legislation enacted before the Christmas holidays. The Cummins railroad bill was before the senate while five billion dollar appropriation bill was submitted to the house.

### PEOPLE IN INDIANA THROWN OUT OF WORK

Gary, Ind., Dec. 3.—Eight thousand steel workers were thrown out of work here today when the American sheet and tin plate company was forced to close on account of the coal shortage. It is also reported that concerns and plants of Elwood, Ind., employing nearly 5000 have closed for the same reason.

## OTTOMAN EMPIRE SUFFERED SMALL LOSS DURING WAR

Actual Expenditures Increased Less Than Any Other Nation.

### TOTAL COST OF FIGHT AMOUNTED \$600,000,000

indebtedness Was Decreased by Constant Requisitions in Germany.

Constantinople, Dec. 3.—The war debt of the Ottoman Empire is said by experts to have increased less than that of any other nation. Her bonded indebtedness was increased by only one new loan of about \$80,000,000, and adding to this other increases in obligations such as home military requisitions and advances from Austria and Germany, her war expenses ran to only \$600,000,000. Consequently, allowing for various offsets, her postwar indebtedness amounts to about \$1,000,300,000. This would make it appear that Turkey "ran the war on a shoe string," financially, as compared to Great Britain with her \$40,000,000,000 war debt, or France with \$30,000,000,000, and the United States with \$25,000,000,000 and Italy with possibly \$15,000,000,000. It will be recalled that on paper the Ottoman Empire mobilized nearly 4,000,000 men, yet she escaped with something like the war expenses of a country like little Rumania or Bulgaria.

The record of the Turkish war indebtedness is unique. The Empire met war costs by requisitions and by printing in Germany 135,000,000 Turkish paper pounds, or nominally about \$88,000,000 but this, according to the experts, cannot be considered a government liability.

It is not a financial burden as it bears no interest, and also the proper administrative body of the Peace Conference can at will have it cancelled.

Turkey's paper money, it is claimed, has not depreciated as much as that of her Allies. Counterfeiters do not seem to have operated here extensively due to the lack of Bolshevism and good printing presses. In Mesopotamia Turkish paper money is refused since the British occupation, which the Turks do not consider fair since the paper money was issued for whole of the Ottoman Empire which made war as a whole.

## SUGG PROPERTY IS TO BE OFFERED IN SALE THIS MONTH

Fifth Street Property Will be Sold at Auction December 11th.

The B. B. Sugg property, subdivided, will be sold at auction by the Atlantic Coast Realty Company, on Thursday, December 11th, at 2:30 p. m. The property is the best available residential property in Greenville. It is located on Fifth Street, just beyond the Atlantic Coast Line Railroad, in front of the E. B. Ficklen home place. It is only a few blocks to the business section, stores, schools, churches, banks, warehouses, railroad depots, etc. The street and sidewalks are already paved and the lots are furnished by city electric lights, water and sewerage. This promises to be another successful sale, and Mr. Cobb expresses bright prospects for the sale. Ask Mr. Cobb.

## BAPTIST CAMPAIGN CONTINUES TO GET GREATER INTEREST

State Headquarters Reports Body Goes Into Full Swing Following Receipt of President's Message.

### RAPID GAIN LOOKED FOR IN SEVERAL LOCALITIES

Effort to Raise \$75,000,000 Meeting Favor Throughout the South.

Raleigh, Dec. 3.—According to the reports that have come into the State Headquarters of the Baptist 75 Million Campaign here in Raleigh, the churches of the State that have sent in the amount pledged have raised nearly five million dollars.

Miss Bertha Carroll, Corresponding Secretary of the Woman's Missionary Union states that she has received reports from two hundred and fifty societies and the total amount reported is \$350,000. She expects reports from one thousand other organizations by next Sunday night.

Dr. W. R. Cullom, campaign organizer for the State, is receiving encouraging reports, and it is evident that in practically every section of the State, the workers are staying with the campaign and many calls have come for additional pledge cards.

Dr. Walter Johnson, campaign director is urging pastors and church campaign directors to report to him Wednesday night in order that the progress of the campaign toward the goal of six million dollar mark may be known. All churches will make a final report next Sunday.

North Carolina will certainly go beyond the six millions, said Dr. Johnson, if every canvassing team in every church stays on the job all of this week and next Sunday. Practically all of the larger churches have reported and only one million dollars to be secured for these are hindrances, he says to their progress.

## BROWN FARM HAS BEEN SUB-DIVIDED FOR FUTURE SALE

Splendid Farm Land to be Offered for Sale Thursday, December 11th.

The east side of the Wiley Brown farm has been subdivided, and will on Thursday, December 11th at 10:30 a. m., be sold at auction by the Atlantic Coast Realty Company. These small farms are located on the road from Greenville to Red Banks, 1 1/2 miles from Greenville, the city from which can be furnished all conveniences for the farm. They contain 100 acres of land with 75 cleared and in a high state of cultivation. The soil is some of the most prolific soil in this section of the state and will produce all crops such as corn, cotton, tobacco, potatoes. The entire farm is level and well drained, with plenty of wood for all purposes. The land will be sold on extremely easy terms of one-fourth cash, balance in 1, 2, 3 and 4 years. Mr. K. W. Cobb, of this city, is conducting the advertising campaign and he will be glad to give any information concerning the sale.

### NEW BORN JOY RIDERS TAKE TO THE DITCH

New Bern, N. C., Dec. 3.—A party of automobilists, two young men and several young women, received a shaking up and the driver of the car is said to have suffered a few broken bones when the car went into a ditch out near the water works last night. The party were out joy riding when the accident occurred, and while attempting to make a turn at a rather high rate of speed the car was ditched. Fortunately there were no serious results of the spill.

## CONGRESS STARTS OUT ON BIG MASS OF NEW BUSINESS

Senate Begins Work on Railroad Issues

### NO MOVE MADE TOWARD FINAL DISPOSITION OF GERMAN PEACE TREATY.

Washington, Dec. 3.—A diversified legislative program to restore a peacetime business status, revise the tax system, curb excess, reduce the cost of living and rectify labor and farming conditions was recommended by President Wilson today in his message to the new session of congress.

The President asked for new tariff laws based on the nation's changed relation to the rest of the world, suggested that the income and excess profits tax schedules be simplified, advocated steps to improve rural conditions and promote production, and declared for a "genuine democratization of industry" to protect both labor and capital.

The railroad problem he reserved for a future message and he made no statement of his intentions regarding the peace treaty or Mexico. Many of his recommendations were the same as those submitted to the special session last spring and several of them are embraced in legislation already being formulated in the two houses.

To meet the cost of living the President asked extension of the war-time food control bill, Federal regulation of cold storage, readjustment of food transportation and establishment of a system of Federal licensing for all corporations engaged in interstate commerce.

He prepared the causes of unrest to be official and temporary and made no reference to the senate's failure.

## GRADED SCHOOL IS TO GIVE OPERETTA THURSDAY EVENING

Students of Evans Street School to Present "The Rose Dream."

Tomorrow afternoon at 2 o'clock at the Evans Street Graded School, the pupils of the school will give two operettas entitled "The Rose Dream" and "A Visit to Mother Goose's Island." About one hundred and fifty or one hundred and seventy-five children will appear in costume. Parties, from Fairy land and all of mother Goose's friends will be present with their many little stunts which will please the entire audience. This is the first of a series of entertainments which will be given by the children of the city schools, and all parents and friends of the children are invited to see them in their initial appearance. The school always give good entertainments and as this one deals with the imaginary side of life and with character which all children love, it promises to be a great success.

### RECORD PRICE MADE ON COTTON EXCHANGE TODAY

New York, Dec. 3.—Another record price was established on New York cotton exchange today when December cotton contracts sold at 40 cents a pound. This was in advance of one dollar and fifty cent per bale over yesterday's closing and an increase of approximately twelve per pound over low levels of last September.

### GERMANY DECIDES NOT TO SIGN THE PROTOCOL

Paris, Dec. 3.—Germany has decided not to sign the protocol presented here by the allies as a condition for putting the peace treaty into effect. The peace conference has been notified.

## WOMAN LABOR TO FILL THE BILL IN PARTS OF FINLAND

Hundreds Already Are Engaged in Practically Every Branch of Business.

### SLEEPING CARS ARE GUARDED BY WOMEN

Visitor is Surprised by Conditions.

Helsingfors, Dec. 3.—An astonishing sight for the stranger in Finland is the number of women engaged in almost every field of employment. In England during the war one became accustomed to the sight of women performing various kinds of work in which previously only men were engaged. But in Finland the visitor gets the impression that the women are doing everything. They even serve as porters on sleeping cars.

Not only are they at heavy manual work in fields and factories, but they have become skilled as mechanics and have invaded business offices to an extent that is probably undreamed of in any other country.

In banks, the proportion of women employees to men appear to be about 10 to 1. In the biggest financial institutions in Helsingfors, women hold positions involving great responsibility and calling for exceptional ability.

At the Finnish Foreign Office, the Associated Press correspondent noticed that women were holding offices that would be entirely beyond the aspirations of their sisters in the State Department at Washington or the British Foreign office.

This change has come about almost overnight. Finland's man power has been greatly depleted, and a large part of what is left is required for military service.

The Finnish business woman is remarkably keen and intelligent. She has a kind of masculine interest and absorption in her work that seems to admit of no margin for sentiment or frivolity. She dresses simply and smartly, as do the majority of the city-bred women of this country. An American walking through the principal streets of Helsingfors might well believe, judging from the costumes and brisk walk of the Finnish women, that he was in the heart of Chicago.

## MAYOR ASKS THAT COAL MEASURE BE OBSERVED IN CITY

Gives Reasons Why Town People Should Comply With Curtailment Order.

In an interview with the mayor of Greenville this morning he stated that business, with the exception of grocery stores, meat markets, and barber shops, must close at 4 o'clock, no light will be allowed after 4 o'clock in any place of business except in the above named exceptions. Failure to comply with these regulations will cost the loss of light entirely and subject the violator to Federal prosecution. There is no law governing the use of lights in the residences, but the citizens of Greenville are urged to co-operate with the government in saving coal. The merchants and other business men have to close, and why can't the homes do with as little light as possible? Several persons have their front porch lights on, and have lights on all over the house, when there is no reason for it. Therefore the people are urged to use less light and help out in this crisis, if not they may have to do without any light, as the coal question is becoming a serious thing.

Mr. J. B. Latham, of Ocean View, Va., is here visiting friends at his home.

## COAL SUPPLY NOW BEING DIVIDED IN NUMBER SECTIONS

Rationing of Present Supply Begun in Sections Suffering Shortage.

### PRODUCTION HAS PASSED LITTLE UNDER AVERAGE

Members of Congress Give Situation Attention, Beginning With Profit.

Washington, Dec. 3.—Government agencies today awaited developments in the coal strike situation, though action was taken in widely separated communities to make effective coal rationing ordered by the fuel administrator. So far as reports were available, production in the bituminous fields dropped yesterday and today to a little below the daily totals of the previous week, but this was expected. Operators and others watching results were told that the government intended to stand pat for the rest of the week, taking no other steps than those outlined by the rationing order until it was fully determined whether public demand would induce mine workers to resume work.

In carrying out Dr. Garfield's program for the maximum use of local production in rationing coal to meet emergencies and constantly changing conditions, the St. Louis regional coal committee ordered late opening and early closing for retail stores. In New York the Tide Water coal exchange ordered the cessation of bunker coal supply for foreign vessels. Elsewhere state and municipal authorities took similar steps to conserve the diminishing coal supplies.

In congress the situation was given general attention. Senator Johnson, Democrat, of South Dakota, introduced a resolution calling upon the Secretary of the Treasury to report the actual profits made by coal operators between 1916 and 1918, a subject much mooted since the Fuel Administration ordered miners' wages increased 14 per cent without allowing any increase in the price of coal. Its immediate consideration was opposed by Senator Street, Republican, of Utah, who suggested that it go over for a day or two as he believed concurrent action by the house would be necessary to justify publication of the figures.

Senator Thomas, Democrat, of Colorado, put into the record an open letter sent by him to President Gompers, of the Labor Federation, criticizing the miners in strong terms for their walk-out.

"If this strike is not a conspiracy in restraint of trade," the latter said, "words have no meaning. It is a strike in name only. It is a vast upheaval, threatening alike the people and their institutions."

The letter was intended by the Colorado Senator as a response to speeches of Mr. Gompers, defending the strike. Senator Phipps, Republican, of Colorado, added a statement by Colorado operators to the effect that 1919 production had resulted in a net loss for the first six months of the year of four cents per ton.

Director General Hines today authorized regional directors, after careful review of the coal situation, to eliminate passenger trains that may be spared with the least inconvenience to the traveling public.

### STATE RULINGS BY THE REGIONAL COAL COMMITTEE

Atlanta, Ga., Dec. 3.—A modification of the coal saving order whereby stores and other business houses may open before 9 a. m. and stay open after 4 p. m., provided they use no heat, power and light produced by coal or wood or gas, and they further modify the unrestricted use of power sources and exclusively from hydro electric plants was announced today by the committee here.

WEDNESDAY, DEC. 3, 1919.

Do your Christmas shopping early and help the nation conserve its limited supply of coal.

If the coal strike continues much longer there will be many unintentional strikes occurring everywhere.

It is to be hoped the new members of congress will find a "regular session" somewhat different from a "special."

There may not be much profiteering going on in Greenville, but there's some of the highest-priced goods imaginable.

Santa Claus is becoming more like a buzzard every year. Some say he is coming around in airplanes this Christmas.

Coal miners may not be favorably impressed by that proposed 14 percent increase but there are thousands of others who would.

The whole country is gripped by a certain delirium of expectation of frivolity and luxury which may lead to economic disaster. Equilibrium is gone with the financier and laborer, every energy being directed in accumulating greater possessions. It can't continue but the longer the end is prolonged greater will be the shock.

The house shortage in Greenville is becoming more acute at this time than ever before. There are many families to be turned out of their homes on account of their houses being sold. In many instances, no other houses are available, neither rooms for temporary housekeeping, therefore it is readily seen that the situation is anything but pleasing to those experiencing such radical changes. House rent is advancing as a result, and has gone so high that the ordinary family man is finding an arduous task in providing for his small home under such trying circumstances. The winter will be a very serious one to hundreds of people affected by the house shortage.

## NOTICE TO THE PUBLIC.

The public will take notice that the following instructions have been sent to me, as mayor of the town of Greenville, by the Regional Coal Committee, regulating the use of light, heat and power:

**Heat.**  
1. Between the hours of 7 a. m. and 4 p. m. only enough heat (obtained from coal, gas or steam) may be used in offices, stores, warehouses, manufacturing plants as to keep the average temperature at 70 degrees F. This temperature may be maintained in theatres, moving picture houses and other places of public amusement between the hours of 1 p. m. and 10.30 p. m.  
Exception—On Saturdays the temperature may be maintained at 70 degrees between 7 a. m. and 9 p. m. in case of stores handling food and wearing apparel.

2. After closing hours on Saturdays and after 4 p. m. on the remaining week days and on Sundays, only enough heat is to be used to prevent freezing of water pipes or sprinkler systems. Where exceptions are made in certain classes for lighting, heat will be allowed during allowable lighting period.

3. In manufacturing plants or plants coming under power curtailment rules, heat (to 70 degrees) will be allowed only during that time allowed for use of power.

4. No curtailment on use of coal, steam or gas for producing hot water for hotels, restaurants or barber shops.

**Power.**  
1. No manufacturing plant or factory shall operate in excess of 48 hours per week.

Exception (a) Dairies, ice and refrigerator plants, bakeries, plants for the manufacture of necessary medicinal products, waterworks, sewerage plants, gas manufacturing plants, plants operating continuous processes (such as acid manufacture, blast furnaces, etc.) printing plants for the printing of news papers, periodicals, battery charging outfits and plants producing light or power for telephone, telegraph or public utility companies are exempted.

2. Elevator service must be curtailed as much as possible.

General exception to light, heat and power provisions—necessary operation of Federation, State, Municipal and county institutions and buildings.

**Light.**  
1. No ornamental lights, white-way or other unnecessary street lights, outline lighting, electric signs or illuminated bill boards are to be operated. This does not affect street lighting necessary for the safety of the public.

2. Stores, manufacturing plants and warehouses must not use electric or gas lights (except safety lights) except between the hours of 9:00 a. m. and 4:00 p. m.

Exception (a) Drug stores, for the sale of drugs only, and restaurants may remain open according to present schedule, but must curtail number of lights 50 per cent.

Exception (b) Railroad stations, hotels, hospitals, telephone, telegraph and newspaper offices are not included insofar as necessary lighting is concerned.

Exception (c) Lights may be used in offices of manufacturing plants for necessary accounting purposes at any time.

Exception (d). General and office lights must be cut off at 4:00 p. m. in office buildings except where office operation of vital industries is involved.

Exception (e). Moving picture houses and theatres and other public places of amusement may burn lights only between 1:00 p. m. and 10:30 p. m.

Exception (f). Barber shops may remain open from 8:00 a. m. to 6:00 p. m.

Exception (g). Dairies, ice and refrigerator plants, bakeries, plants for the manufacture of necessary medicinal products, waterworks, sewerage plants, gas manufacturing plants, plants operating continuous processes (such as acid manufacture, blast furnaces, etc.) printing plants for the printing of newspapers, periodicals, battery charging outfits and plants producing lights or power for telephone, telegraph or public utility companies are exempted.

Exception (h). On Saturday nights, time of closing mentioned under paragraph 2, will be extended until 9:00 p. m. for stores selling food and wearing apparel.

As mayor of the town of Greenville the enforcement of these regulations has been placed in my hands by the government authorities, and while it may seem hard on many business people, especially at this time, I wish to say, here and now, that the regulations must be strictly enforced, regardless of personal feeling in the matter. First, because the government has directed it, and again, because the coal

committee has informed me that Greenville will lose its standing on the priority list, which is class C, next to the government departments.

Those parties, if there be any, who persist in using current for light or power before 9 a. m. or after 4 p. m. will have the current entirely cut off by the water and light department, and will be deprived of same during the duration of these regulations. In addition to this, all violations will be reported to the federal district attorney for action.

In the future the fire whistle, which gives three blasts at six o'clock, will blow at four o'clock instead, and at that time all lights, power and use of coal must be discontinued, except those enjoying exceptions as set out in the foregoing regulations.

The orders received and the regulations are not requests made by the government, but rather orders of a mandatory nature, and as stated, must be strictly observed, and, as your mayor, I ask you, each individual, in the spirit of patriotic co-operation, to conscientiously do your utmost to observe these regulations, so as to make it absolutely unnecessary for us to resort to unpleasant means in their enforcement.

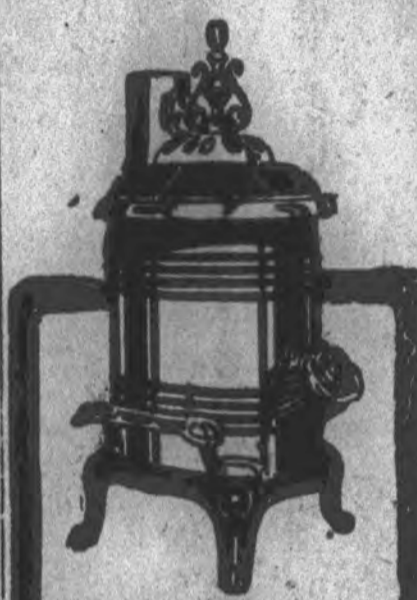

Respectfully yours,  
D. M. CLARK, Mayor.

Happy is the turkey whose head is too small to fit the chopping-block.

Cooper, Jr., of Henderson, Mr. and Mrs. George Cooper, of London, Mr. and Mrs. H. L. Coward, Mr. and Mrs. W. H. Smith, and Miss Ada Gray Dixon, of Farmville. The guests passed from the receiving line into the dining room and were received by Mr. and Mrs. Herbert White, Mr. and Mrs. George Hadley and Mr. and Mrs. P. T. Anthony. The room was perhaps the prettiest of all the house. Large silver baskets of pink roses and carnations were used in profusion and the table was especially attractive with its lace covers and a large silver basket of pink carnations in the center of it. Delicious refreshments consisting of an ice course, salted nuts and mints were served by Misses Lillian Joyner, Alice Fulford, Hannah Dixon, Rosamond Flanagan and Josephine Skinner. In passing from the dining room the guests were shown into the hall by Mr. and Mrs. James Hines and Mr. and Mrs. W. L. Best, where they were received by Mr. and Mrs. C. R. Townsend, of Farmville, and Mr. and Mrs. S. T. White. After passing down the hall they were shown into the sun parlor by Miss Emma Joyner and Mrs. Alvin Dupree, of Little Rock, Ark. In the sun parlor, in the midst of most beautiful potted plants, the local orchestra had been placed and it dispensed beautiful music throughout the entirety of the evening.

After lingering a while and enjoying the music the guests passed into the tea room where they were received by Mr. and Mrs. C. L. Porter and Mr. and Mrs. Carey Warren. The tea was presided over by Mrs. J. L. Wooten and Mrs. Hugh Ragdale and served by Mr. and Mrs. R. M. Garrett and Miss Nannie Bowling. In the library the guests were received by Mr. and Mrs. T. E. Hooker and Mr. and Mrs. E. W. Moseley and welcomed by Mr. and Mrs. T. A. Person. In one corner of the room amid a profusion of roses and other cut flowers, the punch bowl had been arranged. It was presided over by Misses Estelle Greene, Pattie Wooten, Clara Carroll, Iver Shelburn and Messrs. Burney Warren, James Ficklen, James Cooper, of Henderson and Herbert Waldrop. They were shown from the library into the hall by Mr. and Mrs. E. B. Ferguson and Mr. and Mrs. Tom Moore, and were received by Mr. and Mrs. T. M. Hooker and Mr. and Mrs. W. E. Hooker.

It was one of the most enjoyable receptions of the season, and Mr. and Mrs. Flanagan proved an ideal host and hostess.

Immediately after the reception, Mr. and Mrs. Flanagan entertained the Cooper-Smith bridal party. A large wedding cake, beautifully decorated, was cut. Miss Ada Gray Dixon cut the ring, and Mr. Cooper the thimble. The question as to who shall be the richest wasn't answered as the dime was never found. The orchestra played several selections and after an ice course was served the bridal party reluctantly departed.

**LADIES OF ROUND TABLE CLUB MEET WITH MRS. WINSLOW**

Members of the Round Table Club were delightfully entertained by Mrs. J. E. Winslow on Tuesday afternoon at her home on Fifth street. After a short business session, during which the members voted to send twenty-five dollars and fifty cents as a Christmas offering to the soldiers at Oteen, the program for the afternoon was taken up. This consisted of: Paper—"Maderia and Coney Islands" by Mrs. Jeter. Paper—"Madagascar" by Mrs. Fitzgerald. Reading—Short clippings from the "Life of Napoleon on St. Helena" by Mrs. Baker. A delicious ice course was served. The club was glad to have as guests of honor Mesdames George McConnell, Kirby, of Urbana, Ohio, Miss Morgan, Miss Morris and Miss Lancaster.

## CONGRESS STARTS OUT ON BIG MASS OF NEW BUSINESS

...to verify the peace treaty in saying that restlessness was due largely to the nation's hesitation in determining its peace policy. The Federal government, he declared, should be armed with full authority to deal in the criminal courts with those who promote violence.

In an extended discussion of labor conditions he declared the workers had the cause for complaint in many matters and that there should be a "full recognition of the right of those who work, in whatever rank, to participate in some organic way in every decision that directly affects their welfare."

He asserted that the right of individuals to strike must be held inviolate but added that there must be a firm stand against "the attempt by any class to usurp a power that only government itself has a right to exercise as a protection to all."

### POSITIVE PROOF.

Should Convince the Greatest Skeptic in Greenville.

Because it's the evidence of a Greenville citizen. Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it: P. M. Johnston plumber, 1008 Chestnut street, Greenville, says: "I used Doan's Kidney Pills some time ago for kidney trouble. I suffered a great deal with pains in the small of my back, bad headaches and was nervous. I started taking Doan's Kidney Pills and can say they brought me great relief. I always have a box of this remedy on hand."

Price 60c at all dealers. Don't simply ask for a kidney remedy-get Doan's Kidney Pills-the same that Mr. Johnston had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Sell At Gorman's

All sales finished Tuesday before four o'clock. Prices were full up on all grades. Today's sale is smaller and should finish before dinner.

Gormans sold Tuesday 137436 pounds for \$97748.97, average \$70.32  
Scrap and common 21718 pounds for 1942.90, average 8.94  
Leaving 115710 pounds for \$95,806.07, average 82.80

Note the scrap and common tobacco cuts our average \$12.52 per hundred and bear mind that this common tobaccos come from a common barn of tobacco and the best still further cuts the average. No house can or does get more for any grade than Gormans.
