

CARRANZA BACKED RADICALS IN PLOT FOR REVOLUTIONS

Senator Fall Submits Evidence to Show that Radicals Were Interested.

BORDER STATES WERE TO HAVE BEEN SEIZED

Plans of Revolution Obtained by Senate Sub-Committee from Minutes.

Washington, Dec. 9.—Evidence that radicals in Mexico with the knowledge and support of President Carranza plotted to instigate a revolution in the United States and to seize the border states acquired by the American government in 1848, is contained in the memorandum presented to President Wilson by Senator Fall of New Mexico, chairman of the Foreign Relations sub-committee investigating the Mexican situation.

Plans for the proposed revolution were obtained by the sub-committee from the minutes of a meeting last Oct. 15 in Mexico City of Lodge Twenty-three, an organization of extreme agitators and members of the Industrial Workers of the World. The Mexican president is linked most directly with the plot through correspondence in which he recommends three men for special consideration because of their connections with "the plan they desire to put into practice in the state of Texas." These men, the committee states, have been identified as active agents of Lodge Twenty-three.

The memorandum which contains an abstract of the evidence collected by the committee was delivered to the President by Senator Fall Friday night and made public late today.

The notes of the October 15 meeting of the Radical Lodge declare "there appeared three delegates, two Americans and one Mexican, who had arrived from the United States, and who claimed that 'the society' would be able at the beginning of next November (that is, November, 1919) to call a general strike of all miners and metal workers in the United States, that they have three million adherents in that country where they will be able to seize one western and two Atlantic ports, that a large number of American soldiers were preparing to take sides with them, and that they proposed to establish a capital of a reformed government of the United States in the State of Colorado; that when such a revolution was successful the Mexicans rendering their assistance, the border states which were acquired by the United States under the treaty of 1848, would be returned to Mexico."

The three men referred to are the same, the memorandum states, as those mentioned by Carranza in letters of which the committee has secured photostatic copies. The first of these letters, dated June 4, and addressed to Manuel Aquirre Berlanga, Mexican Minister of Gobernacion, says:

"Senator Lino Caballo, bearer of this letter, is the person who, in company with two friends, will bring to you the manifestos and the plan which they desire to put into practice in the state of Texas.

"This plan being very favorable for Mexico, please aid them in every way and give the necessary instructions in the frontier states.

"I remain your affectionate friend. "V. CARRANZA."

CLEMENCEAU WILL CONFER WITH LLOYD GEORGE SOON

Paris, Dec. 9.—Clemenceau will go to London tomorrow to confer with Premier Lloyd George on serious questions of the present hour, according to newspapers.

ACTION ON THE MEXICAN SITUATION IS RESTRAINED

Washington, Dec. 9.—Further action on the Mexican situation as far as the government is concerned is in abeyance today, pending further developments from various sources. The state department is waiting the arrival of the Mexican reply to the latest American note on the Dieguez case.

HOLIDAY EXERCISE HELD AT TRAINING SCHOOL MONDAY

Annual Christmas Music Recital Was Rendered During Monday Night.

VARIETY OF MUSIC IN ALL PARTS OF PROGRAM

Varied Selection Rendered by Different Members of Music Class of Year.

The annual Christmas musical recital at the Training School last evening was enjoyable, not only to music lovers but to all who heard it and was rich in musical values to music students. There has perhaps never been a music recital in this school when all those who were on the program showed up so well, and played with such ease and freedom.

There was a variety of kinds of music so that each one in the audience found something that appealed especially. From the first number, which was Nevin's "Ophelia," played in a soft and pleasing manner by Misses Thelma Speir and Virginia Pigford, to the brilliant closing number, Chopin's "Polonaise," played by Miss Myrtle Moore, the playing was fine and the attention good.

Miss Kathleen Jones played two numbers in a clean, clear-cut style. Miss Miriam Burbage played Godard's "Waltz" fluently and spontaneously. Miss Alice Best gave a good interpretation to Fritzi's "Lullaby," displaying skill in the use of rubato. Miss Helen Robinson played in a musically graceful manner Goller's "Choppy," and Miss Blanche Farbow brought out the poetic qualities in Chamade's "Scarf Dance." Perhaps the most artistic number on the program was Reinecke's "Gondoliera," played on two pianos by Misses Christine and Carrie Evans.

Each of these played solos, Miss Christine Evans playing with elegance and delicacy Laek's "Arabesque," and Miss Carrie Evans, playing with the spirit of the composer in Schytte's Aeolian Harp. Miss Ellye Hollaway (Continued on page five.)

NO DECISIONS ARE RENDERED AGAINST PROHIBITION ACTS

Supreme Court Fails to Return Decision on Constitutionality of Measure.

Washington, Dec. 9.—No decision on the constitutionality of the war-time prohibition and the Volstead enforcement act was rendered today by the supreme court and there was no indication when a decision would be handed down.

Arguments on the constitutionality of the acts were advanced by the court at the request of the government and a decision had been expected generally when the court reconvened today after a recess of two weeks.

As Monday is the regular opinion day of the court a decision is not to be expected before next Monday, if then.

The cases on which the constitutionality of the war-time act was attacked were from Kentucky and New York while that on which the validity of the enforcement act was contested reached the supreme court from New York.

Arguments in appeals from Baltimore and New Orleans involving the right to manufacture beer containing 2.75 per cent alcohol are to be heard by the court this week. Government attorneys, it was understood, offered to submit these cases on printed briefs, but attorneys from the other side declined. Because of this insistence to argue the cases, officials familiar with the court's procedure believed an opinion on the larger question was withheld to permit the presentation of any further arguments attorneys for the brewers might desire to present.

HAWAII CONTINUES TO RECEIVE GREAT WAVE PROSPERITY

Annual Report of Governor McCarthy Shows Splendid Growth for Year.

EXPORTS ARE VALUED AT \$83,343,648 TODAY

Enforcement of Prohibition Act Has Resulted in Marked Decrease of Crime.

Washington, Dec. 9.—Continued prosperity in Hawaii was noted in the annual report today of Governor C. J. McCarthy. Exports of all kinds, including sugar and other foodstuffs, were valued at \$83,343,648, while imports were \$10,923,921, a decrease of \$965,407 compared with the year before.

Enforcement of the Prohibition act has resulted in a marked decrease in crime, Governor McCarthy said, but "there is a large quantity of illicit liquor manufactured, and the Federal authorities are endeavoring to stamp out this traffic." Utilization of stills made of galvanized iron has poisoned the liquor in some cases, the report stated. Jail sentences instead of money fines were suggested as a check on the traffic.

Seventy-nine corporations, including mercantile, agriculture, banking and savings and loan concerns were incorporated during the year. Twenty-six banks are in operation in the islands. Their total deposits are \$55,349,134.

Additional appropriations to improve the harbors are needed, the report said, so as to provide adequate facilities for (Continued on page four.)

KRYL'S ORCHESTRA TO PLAY HERE ON DECEMBER TENTH

Orchestral Sextette Will Appear as One Feature of Lyceum Course.

On Wednesday night at 8:30 Kryl's Orchestral Sextette will appear in a popular concert in the auditorium of the high school. The members of this company are gifted musicians and their concerts are highly enjoyable. A large audience is expected, for this is the kind of music that takes with all classes of people. J. A. MANNING ARRESTED FOR TRANSPORTING WHISKEY

J. A. Manning, white man of the Parmele district, was arrested in this city last night by Policeman Jackson and Deputy Sheriff Cayton, just as he was preparing to unload fifteen gallons of monkey rum at Forbes' store, located at the northern end of the country river bridge. He endeavored to make his escape before being apprehended by the officers and did so, but returned immediately after his automobile and whiskey had been seized and realized the futility of continued freedom from the law.

It seems, from all information obtainable, that Manning happened to meet the two officers immediately upon his arrival in the city, asking them where Mr. Forbes could be found and the location of the store. The officers, knowing of the reputation of the stores on the other side of the bridge, followed the man after he had left them and arrived at the store just as the whiskey was being transferred from the store to the store. Manning ran when he saw the officers, they fired at him without inflicting injuries, and it was when the car and whiskey had been confiscated that he returned from the nearby woodland and gave himself up.

Manning was placed under a \$500 bond immediately following his arrest, and his appearance in this city at a preliminary hearing to be given probably this week.

AMERICA EXCELLS ALL COUNTRIES IN YEAR'S COMMERCE

Annual Report of Secretary of Commerce Shows Unsurpassed Progress.

IMPORTS AND EXPORTS MAKE HIGHER RECORDS

World's Merchant Tonnage Is Large Now Than Ever, Despite War Losses.

Washington, Dec. 9.—America's trade balance for the fiscal year ended last June 30 was \$3,918,134,947, "a figure never approached in the commerce of any nation in the history of the world, said the annual report today of the Secretary of Commerce. New high marks were established in both exports and imports, exports totalling \$7,974,911,520 and imports \$3,956,776,582. Exports to Europe aggregated \$4,634,816,811; to North America \$1,291,932,342; to Asia \$603,924 and to South America \$400,901,801.

Despite war losses, the world's merchant tonnage is larger now than at any other time in history, the report said, the total tonnage being 50,919,000 gross compared with 49,089,000 in 1914. The present average efficiency of the world's merchant tonnage, however, is below that of 1914 "because of inherent reasons in construction and for extraneous reasons such as port congestion, labor troubles and management."

Net gain in steam tonnage for the world was placed at 2,500,000 gross tons, while that of the United States was 7,000,000 gross tons. Merchant (Continued on page 1.)

NEW YORK CITY TO BE CHIEF DISTRICT OF EPISCOPALIANS

New Method of Administration Will Make City What Rome was to Catholics

New York, Dec. 9.—The new method of administration of the Episcopal church adopted at recent convention in Detroit will make New York city that denomination in many respects "at Rome is to the Roman Catholic church," says the New York Herald. According to the Herald, the Episcopal church in the future will be directed by a presiding bishop and body of twenty-five, known as the council of the Protestant Episcopal church. The presiding bishop, it is stated, will be Bishop Thomas F. Gallor, of Memphis, bishop of the Episcopal diocese of Tennessee, who comes here soon to take up new work. Gallor's function are said to correspond in many respects with those of the pope in Rome and those of council with functions of Roman Catholic college of cardinals. Bishop Gallor will hold office for six years when election of a successor will be held.

EARLY SETTLEMENT OF THE COAL STRIKE IS PREDICTED

Indianapolis, Nov. 9.—Settlement of the coal strike within the next twenty-four hours was predicted here today. The executive board of the miners union is scheduled to meet this afternoon to consider the proposal made by President Wilson. The proposal is approved by the miners' officials who agree to urge the executive board to accept it as a basis for settlement. The terms of the proposal are still carefully guarded, and the miners and the government representatives have refused to discuss the matter before the meeting.

ANNUAL MEETING OF CLUB

The members of the Carolina Club will hold their annual meeting in the club rooms, Friday night at 8 o'clock. Every member is urged to be present, as matters of vital importance are to be discussed.

TREATY FIGHT HAS BEEN DELAYED TO JANUARY SESSION

Action on Covenant Has Been Deferred Indefinitely to January Session.

DEADLOCK IN SENATE BECOMES MORE SEVERE

Disagreement Between Lodge and Hitchcock Becomes Unusually Tense.

Washington, Dec. 9.—Action by the Senate on the Versailles peace treaty and the resolution of Senator Lodge, Republican, Massachusetts, proposing to declare the war with Germany at an end, tonight appeared improbable until after the Christmas recess, schedules to run from December 20 to January 5.

The deadlock over procedure as to the Versailles treaty apparently has tightened and Republican leaders agreed to defer action temporarily on the Lodge resolution. Although a meeting of the Foreign Relations committee for Wednesday was arranged, Senator Lodge said his resolution probably would await disposition by the House of a similar proposal.

Senator Lodge and Senator Hitchcock of Nebraska, administration leader, today indicated complete disagreement regarding further steps as to the treaty. The former declared the next move must come from President Wilson while Senator Hitchcock, with equal emphasis, said the Senate must act first.

"The treaty is dead so far as the Senate is concerned unless it is revived by the President," said Senator Lodge, commenting on Senator Hitchcock's contention and the President's statement to Mr. Hitchcock that he has "shifted responsibility to other shoulders," and did not contemplate withdrawal and resubmission of the treaty.

"The Senate has gone as far as the parliamentary situation permits," the Massachusetts Senator added. "Unless the President withdraws and resubmits the treaty, the Senate can take no (Continued on page eight.)

SLOVAKIA SAID TO BE WELL SUPPLIED WITH NECESSARIES

Vienna, Fifty Miles Away, Is in Starving Conditions, So It Is Stated.

Pressburg, Slovakia, Dec. 8.—No where in Europe exists such a sharp contrast in food conditions as between this place and Vienna. While the great city fifty miles away goes hungry and follows meatless day, abundance, and cheap, fresh meats on the dinner table here today and every day, the climate affords, cream, butter and cheese, fresh eggs, white sugar and pastry are to be had in every restaurant. The hotels are steam heated and smoke issues from every chimney.

This was the rich hinterland of Vienna before the disruption and poured the products of its fertile fields into the capital. Now a new political boundary intervenes and not one pound of supplies may pass into Austria. The cars of the broad gauge electric line may not cross the frontier. Passengers descend at the border and walk several hundred yards to another car and soldier guards at both the Austrian and Czecho-Slovakian sides search everyone carefully. Passports are examined as if war prevailed.

A business man of this city admitted to the correspondent that the region could export food in appreciable quantities as well as large quantities of firewood. But the Austrian crown is so cheap and government regulations against sending food from the country so rigid that no negotiation seem possible.

RESTRICTIONS FOR HEAT IS BECOMING OF DRASTIC FORM

Fuel Administrator Garfield Clamps Down Lid on the Entire Nation.

DWINDLING COAL PILE MUST BE CONSERVED

Railroad Authorities Will Enforce New Regulations Interest of Coal.

Washington, Dec. 9.—Viewing with alarm the steadily dwindling bituminous coal supply, due to the miners strike, Fuel Administrator Garfield, by an order tonight, restored for the entire nation most of the drastic restrictions on lighting and heating which were in effect during the coal shortage of 1917. The limitations which are applicable to consumers of bituminous coal and coke, were made effective tonight with issuance of the order and are to be enforced by the Railroad Administration. Consumers of anthracite coal, gas and other fuels, are not affected by the order.

All street lighting, other than that necessary for the safety of the public, must be curtailed and stores, office buildings and industrial plants with a few exceptions are put on a reduced ration as to both lighting and heating.

Another of the restrictions provides that all manufacturing plants except those engaged in the making of necessary products shall reduce their operations not to exceed three days in any one week. Electric railways are required under the fuel administrator's order to reduce schedules to minimum requirements and no heat shall be provided in electric cars during the rush hours.

The restrictions were announced through the railroad administration as follows:

No ornamental lights, white ways or other unnecessary street lights, outline lighting, electric signs or illuminated billboards, show windows or show case lights, are to be operated. This does not affect street lighting necessary for the safety of the public.

No cabaret, dance hall, pool hall, or bowling alley shall be permitted to use light except between seven p. m. and eleven p. m.

Stores, including retail stores, but excepting stores selling food, and warehouses must not use light (except safety lights) except for six hours per day. Manufacturing plants shall be allowed to use light only during the time prescribed for the use of power.

Drug stores and restaurants may remain open, according to present schedules, but must reduce lighting one-half.

Railroad stations, hotels, hospitals, telephone, telegraph, and newspaper offices are not included insofar as necessary lighting is concerned.

General and office lights must be cut off not later than 4 p. m. in office buildings except necessary federal, state and municipal offices and except where office operation of vital industries is involved.

Dairies, refrigerator plants, bakeries, plants for the manufacture of necessary medicinal products, water-works, sewerage plants, printing plants for the printing of newspapers only, battery charging outfits in connection with telephone, telegraph, or public utility companies are exempted.

On Thursday, December 11th, at 10:30 A. M., some splendid small farms will be offered of the east side of Wiley Brown farm subdivided on road from Greenville to Red Banks, N. C., 1 1-2 mile from Greenville. This property is well located, being on a good road within 1 1-2 miles from Greenville, N. C., one of the leading cities of the state and which furnishes all conveniences which the farmer may desire. This farm contains about 100 acres of which about 75 acres are cleared and in a high state of cultivation, the remainder in woods. The cleared portion of this land is especially productive, the soil being of a gray loam top soil with a clay subsoil which produces fine crops of corn, cotton, tobacco, peanuts, wheat, etc. The entire farm is practically level and well drained being watered by wells. Each and every tract to be offered on day of sale will have a road frontage. On the woods land is sufficient cord wood for all farming purposes. Go out and look over these small farms today. Our representative in Greenville, N. C., will be pleased to accompany you over them for a detailed inspection. Your price is going to do the buying at the sale on the extremely easy terms of one-fourth cash, balance 1, 2, 3 and 4 years, so do not hesitate to pick out that part of the property which you desire to purchase and meet us at the sale, THURSDAY, DECEMBER 11TH, AT 10:30 A. M.

At 2:30 P. M., on Thursday, December 11th, the best available residential lots in Greenville, N. C., will be offered. This property is known as the B. B. Sugg subdivision, located on Fifth Street just beyond the railroad, in front of E. B. Ficklen home place. This property is well located, being on one of the best residential streets in the city—only a few blocks to the business section, stores, schools, churches, banks, warehouses, railroad depots, etc. In fact, Greenville furnishes good markets from which to supply your table; excellent schools for your children and in fact, all conveniences which any city of its size affords. The B. B. Sugg property has been subdivided into several high class residential lots, high and dry, with the proper street frontage. Street and sidewalk paved, and these lots furnished with city electric lights, water and sewerage. Why hesitate about buying when you realize that residential lots of the class of these lots are almost unobtainable at any price in this city? Remember, please, every time high class residential property is offered in Greenville and you fail to make a purchase, your chances are lessened just that much of securing a good sight for that future home of yours. Go out and inspect this subdivision today. You will do well to pick out those lots which you like and avoid procrastination longer by purchasing at our sale THURSDAY, DECEMBER 11th, at 2:30 P. M. COMING WEDNESDAY, DEC. 10TH KRYL'S ORCHESTRAL SEXTETTE

Practically every year for some time past, Bohumir Kryl, the famous bandmaster and cornetist, has organized an important musical company for the Lyceum department of the Redpath Bureau. These companies have invariably achieved wonderful success.

This year the Redpath management again has a Kryl company—Kryl's Orchestral Sextette, and Mr. Kryl states that it is one of the best companies he has ever organized. That it will please the Lyceum audiences goes without saying.

Miss Irene Stolofsky is leader of the Sextette and both as director and as an individual artist she is competent indeed. She has a splendid position among the younger violinists of the country.

Miss Bernice Arthur is another artist of the Sextette whose work stands out prominently. She is the pianist of the company but she also features with the accordion. In addition, with her brother Edward Arthur, who has been

a drummer with the Kryl band for a number of years, she appears in a marimbaphone duet.

While the ensemble work of the Sextette is always a delightful part of the program the work of the artists in solos, duets, trios and quartettes is equally notable.

The program is carefully selected and consists of popular and classic music in enjoyable proportions.

IN ITALIAN CENTER EIGHT ARE KILLED IN SEVERE RIOTING

Rioters Attack Small Garrison,
Stop Traffic and Burn
Many Prisons.

Rome, Saturday, Dec. 6.—Eight persons are dead and 42 others are known to have been wounded as a result of the wild rioting on Wednesday and Thursday in Mantua, where mobs terrorized the city.

The rioters attacked the small garrison, cut telegraph and telephone communication, stopped railway traffic,

raided arms shops, burned prisons, freeing all sorts of criminals, and held the police and soldiers at bay until fresh troops and carabinieri arrived with machine guns and occupied the city militarily. The troops finally established order Thursday night.

The Rome newspapers tonight print full details of the situation at Mantua. The Giornale d'Italia says the Mantua chamber of labor authorized a strike without excesses. The disorders were begun by 500 strikers, who speedily were joined by the lawless element under the direction of extremists.

The crowds stormed the military barracks and fired on the garrison. The soldiers discouraged the attack by firing into the air. At the suggestion of some of the extremist leaders the mob moved on to the railway station, and seized the restaurant, where they feasted and drank wine. Those of the rioters, unable to enter the restaurant were incensed when the men inside poured wine upon the floor of the restaurant until it flowed into the street.

The rails were torn up to prevent trains from entering or leaving the station and the building itself was badly wrecked. At the suggestion, "Let us burn the jails and free the prisoners," the mob moved to the prisons, overcame the guards and ordered the astonished prisoners out, telling them a revolution had come and they were free.

The men released were all being held for common crimes. Those unable to obtain civilian clothes turned their striped uniforms inside out so as to be less conspicuous. They were given arms seized from soldiers or taken from the looted arms shops.

The proprietor of one of the arms shops raided by the mob took refuge in a room behind the shop and was burned to death in the fire the mob set after taking all the revolvers, rifles and ammunition in the store.

NOTICE

By virtue of authority vested in me by that certain order made by J. F. Harrington, clerk of the Superior court of Pitt county, N. C., in the Special Proceeding No. 2295 and entitled Annie R. Nobles guardian ad litem, I shall offer for sale at the court house door in Greenville, N. C., to the highest bidder for cash, on Tuesday, the 6th day of January, 1920, at 12 o'clock M., the following lots of land:

Situated and being in the Town of Stokes, Pitt county, N. C., and known as lots Nos. 6 and 7 in block "A" as shown on the plat of the property formerly owned by the Roberson heirs and known as the J. L. Perkins property as surveyed and platted by J. C. Fields, which said plat or map is recorded in map book 1 at page 27, Pitt county registry.

This sale will be made for the purpose of making assets with which to pay the debts of said C. D. Harrington, deceased.

This December 6th, 1919.

Old King Cotton has certainly gained complete possession of his throne now, and his price is without a peer.

The impudence of some lazy hens is appalling, especially at this time when Christmas is near.

Indications now are that the coal situation will be relieved to some extent by Christmas.

A strike of the gold miners would not be near so serious as that of the coal strikers.

Avoid the rush of the holiday season by doing your Christmas shopping early.

President Carranza may not have anything against the United States, but he can't endure talk of intervention.

The sugar shortage is something like a dose of electric bitters to some housewives, and the price a good heart stimulant for others.

Those who walk are not in danger of being pulled for speeding, but they sometimes come near to getting run over by the speed crank.

Probably when eggs advance to the one dollar per dozen mark some of those old family "dominecker" hens will come off the strike.

Good old red cows failing to give real white milk wouldn't be surprising at all during these days of strikes and shortages.

The discovery of a serum that cures the dreaded typhus has been reported from Mexico. The country has one good thing to its credit, after all.

This town could almost double its population within a year if the people could get houses to line in. They all want to come to Greenville, the best town in the State.

The way the whiskey traffic is being dealt with in many localities is suggestive that many a good man is going to be without this usual Christmas "bracer."

The government wastes enough print paper that goes over the country and fills waste baskets to largely relieve the newspaper shortage, if it wasn't so wasted.

Republican leaders at the capitol are busy giving democrats advice concerning the peace treaty, it is said. Wonder what the nature of such advice may be.

With so many passenger train being cut out, if you want to go anywhere to spend Christmas you had better start far enough ahead to get there in time.

After all the south is not going to be affected to any great extent by the coal curtailment order. Mild weather has settled in making the use of coal hardly necessary only in industries.

The fact that the postoffice made over two million surplus last year goes to show that the government also has been enjoying its share of prosperity.

Putting the United States along with Germany and China and Russia as the outsiders of the peace treaty, is classing us with mighty sorry company. But that is where the Republican party has put us.

Germany claims that Britain has violated the armistice terms by trying to enlist Hun prisoners in the Polish army. That wasn't exactly a violation; Britain simply wanted to make appropriate disposition of a certain number of Germans.

The curtailment coal order evident has caused the price of coal to slip up to the fifteen dollar per ton mark. Fortunately Greenville is not situated in the north otherwise it would suffer severely by high price and shortage too.

The curtailment of a number of passenger trains will necessarily mean that people sending gifts for Christmas will have to speed up so as to avoid congested mails. The train shortage will also bring about crowded trains and the sooner contemplated visits are made the easier and more pleasant will be experiences of the traveler.

The regular Y. W. C. A. Vesper services at the Training School, Sunday evening were conducted by Rev. T. H. Scattergood, of Richmond, Va. He chose, "One Man Soweth and Another Reapeth," as his text. He made a very strong talk on "The Immortality of Influence."

COLD WAVE IS RUSHING TOWARDS EAST SECTIONS

Washington, Dec. 9.—Indications today are that a cold wave is rushing eastwards, and means a prolonged period of cold weather. According to the weather bureau there is zero weather in Oklahoma, Texas and the Pan Handle territory. Twenty degrees or more below zero in the middle west. Cold wave will reach Atlantic states by tomorrow.

Presbyterian Prayer Meeting.

Until the coal situation becomes better, the Presbyterians of the city will hold their mid-week prayer services in the various homes of their congregation, beginning this week. They will meet at Mrs. J. M. Hines on 5th street, tomorrow evening at 7:00 o'clock. The hour is made earlier so that those who wish to attend the Lyceum program at the high school, will be able to do so. Remember the place and the hour.

DR. B. W. SPILMAN PREACHES IN MEMORIAL BAPTIST CHURCH

Dr. B. W. Spilman, President of the North Carolina Baptist Convention, occupied the pulpit in the Memorial Baptist church Sunday and preached a splendid sermon, taking his text from the 1st chapter, 19th verse of Revelations. His explanation of the most mysterious part of the Bible, was wonderful and everyone was greatly benefitted for having heard him.

Dr. Spilman was pastor of the Memorial Baptist church about 26 years ago and he never fails to refer to the fact and to express his joy at being in Greenville. He thanked the church for the gavel which was presented to him at the recent State Convention, by Postmaster D. J. Whichard. He paid a beautiful tribute to Mr. Whichard, stating that he appreciated the gavel even more, because he presented it.

His many friends in this city are always glad to have Dr. Spilman visit here.

MAYOR'S COURT.

The Following Cases Have Been Disposed of Since Last Report.

The following cases were tried in the mayor's court yesterday morning. Geo. Cherry, driving motor cycle, without license, costs.

Stanley Moore, insufficient lights, costs.

Pearl Dupree, larceny of meat, costs. Jim Tucker, disorderly conduct, \$15 and costs.

Marcellus House, falling to stop at Five Points, costs.

L. C. Claytor, speeding, \$5 and costs.

W. N. Potter, driving while in intoxicated condition, \$50 and costs.

The following cases were tried Saturday:

Will Brown and Ellis Fagens, larceny of \$600 from Sam Smith, bound over to court under \$300 bond each. Brown put up bond, but Fagen on account of not being able to give bond, was placed in jail.

Bob Forbes and Garland Stroud, assaulting Judge Turner, bound over to the juvenile court.

R. E. Currin, speeding, \$5 and costs. Appealed to superior court.

The taking off of the midday A. C. I. train over this road is going to result in much inconvenience. People bear in mind that there is no travel or mail south by a one o'clock train, nor north by a five o'clock train.

WORTHINGTON IS ARRESTED FOR SELLING MONKEY RUM

Sunday night proved rather an inauspicious occasion for blind tigers in this city as Chief Brewer and Policeman Jackson raided the home of Ed. Worthington, white man residing on Reed street, finding two gallons of whiskey hidden under a tub in the man's back yard. He was given a preliminary hearing this morning, being bound over to court under a \$200 bond.

AMERICA EXCELLS ALL COUNTRIES IN YEAR'S COMMERCE

(Continued from page one.) now under construction, is more than double the pre-war output. Steel steam tonnage for the United States at the close of the past fiscal year was over 6,000,000 gross tons, four times greater than 1914 and is increasing at the rate of 350,000 tons monthly.

"The annual output of our shipyards," the report said, "exceed the greatest annual output of the world's shipyards before 1914. Steel shipbuilding plants have been extended or established with new machinery, methods, housing, and transit accommodations equal, and in some respects superior to those abroad. American tonnage clearing in overseas trade in the fiscal year 1919 was six times greater than in 1914."

The total gross tonnage of ships flying the American flag on June 30, 1919, was 12,907,800, of which 6,609,726 tons were assigned to foreign trade, 2,635,680 to the Great Lakes area and 3,662,394 to sea and river traffic.

The need for a unified commercial organization to help promote the nation's commerce was urged in the report. It was pointed out that while under the law it was the duty of the department of Commerce to "foster, promote and develop the foreign and domestic commerce" of the country, half a dozen government agencies performed functions of vital necessity to

this commerce. The department, it was argued, should have representatives in these agencies so that the whole work could be coordinated.

The secretary also said that lack of funds necessary to retain competent men was handicapping the department in promoting foreign trade. Additional appropriations were asked for various bureaus. Declaring that the commercial attaché service had amply proved its value, the report said the kind of men who were useful for this work could obtain larger salaries in the employ of companies engaged in the export business.

(Continued from page one.) achieved good and active effect in the minut she played. Fine singing quality and melody was shown in Miss Helen Watson's playing of two numbers. Misses Myrtle Moore and Elfy Holloway played Duran's "Chaconne" in a light and airy style.

The singing was excellent. The singing of the "Lost Chord" by a chorus of the entire school led by a group of girls, with solo part by Miss Ethel Pittman, was greeted with delight by the audience. The Glee Club singing of "On Wings of Song," was especially pleasing. Miss Ethel Pittman sang sweetly two numbers.

The music teachers are to be congratulated on the success of their pupils.

Red Stamps Next Year.

Red will be the color of the 1920 War Savings Stamps, according to information received from the United States Treasury Department. The stamps will be larger than those of the 1919 series and will bear the head of George Washington. They will be placed on sale at the post office and banks throughout the country on the first of the year, the official statement said. War Savings Stamps were first offered in 1918, that series being green. Those of this year are blue.

Small Farms, JACKSON PLACE, Subdivided, on Greenville and Ayden Road, One Mile South of Winterville, N. C.

SATURDAY, DECEMBER 13th

10:30 A. M.

DESCRIPTION OF THE PROPERTY TO BE OFFERED

The Jackson Place, subdivided into small acreage tracts, at auction to the highest bidders, SATURDAY, DECEMBER 13th at 10:30 A. M. This property is located on the Greenville and Ayden Road, 1 mile south of Winterville, N. C., 7 miles from Greenville, N. C. No better location in which to own a small farm. A survey has been made of this property for the National Highway, a hard surface road, for a distance of about one-quarter of a mile. Each tract into which this tract has been subdivided will, therefore, have a frontage on the National Highway. Stores, schools, churches, etc., furnished by Winterville, N. C., all other conveniences furnished by Greenville, N. C. This property to be offered consists of about 70 acres of which about one-half is cleared and in a good state of cultivation. The entire property is practically level, well drained and watered by wells. The soil is very fertile with a good body and produces as well as other land in this section, the chief crops being cotton, corn and tobacco. On the wooded part of this farm is sufficient merchantable timber and cord wood for all farming purposes. Improvements consist of one five-room dwelling one tobacco barn, with all necessary outbuildings in first class condition. Practically all of the buildings will be situated on the National Highway.

Look over these small acreage tracts today. Why not own a small farm in this section and reap the harvest which others have been reaping for years. For a detail explanation of the sale or for a walk over inspection of these small farms, see our representative in Greenville, N. C. Your price will do the buying at the sale on terms of one-third cash, the balance in 1, 2, 3 and 4 years. By all means select those tracts which you desire to purchase and be on the property promptly at 10:30 A. M. on SATURDAY, DECEMBER 13th.

NO OUTWARD SIGN OF GRIEF

Dumb Agony of Cossack Woman, Taking Leave of Mate, More Impressive Than Flow of Tears.

It was the square of Yurievets (on the Volga) that one of those tragic fragments which life casts up like driftwood was flung at our feet. A Cossack's leave-taking of his mate; that was all, a million times repeated in a million different izbas, in that one summer. But it was more—symbol of woman's ancient and inarticulate grief.

These shawled and booted women of the North are too burdened with earth's sorrow to weep; they are like dumb cattle in their woe. The soldier himself was openly wiping his eyes on his coarse, dusty, brown sleeve, while under both arms he clutched absurdly two enormous loaves of black bread. A dingy little child in its mother's arms fluttered uncomprehending hands in the direction of the steamer; but from the Mongol-cheeked, gray-eyed woman there was no sign.

She neither touched her man in farewell, nor offered any of those small caresses by which we seek to mitigate our grief. The sullen silence of the North had laid its finger upon her, but her eyes followed her mate with the wild, unreasonable grief of the forest sprung. She stood still staring, unaware of the baby in her arms, while the steamer moved slowly out into the gray mists. Long after dusk had closed down, I could see her face straining in the gloaming like a mask of despair.—Olive Gilbreath in the Yale Review.

MERELY COUSINS OF CHRIST

Explanation of Biblical Passages That Seem to Say the Redeemer Had Brothers and Sisters.

To judge from the passages Matthew 12:44, 46; 13:55, 56; Luke 7:19; St. John 7:3, 5, 10, Christ undoubtedly had brothers and sisters. These passages, are, however, contradicted by others, from which we learn that the pretended brothers of Christ were only his cousins. Thus, according to Luke 6:15, and John 19:25, James was the son of one Alpheus, or Cleophas, and Mary, the Virgin's sister. From Matthew 27:55, and Mark 15:40, we learn that James, or Joseph, was James' brother, and so, according to Luke 6:16, was also Jude. In other passages the fourth pretended brother of Christ is designated by the Jews as the brother of James, Jude and Joseph.

It is also claimed, in explanation of this theological puzzle, that the Jews were wont to apply the term brother to cousins, to relatives in collateral line, and even to mere friends (Genesis 12:14-20). The view that the above-mentioned personages were but Christ's cousins, and not his brothers, is held by Tertullian, Origen, Ambrosius, Irenaeus and, in fact, by all the Catholic church; also prominent protestants (Grotius, Calvin, etc.) share in it.

PUBLIC STILL IN DARK CONCERNING COAL QUESTION

Washington, Dec. 8.—The public is still in the dark today as to the government's latest move to settle the coal strike. Nothing of the nature of the proposal have been made public either by miners or officials but Comfort is taken in the statement by Palmer last night. He is sure that the end of the strike is in sight. The success or failure plan can not be determined until Tuesday when the Federal court at Indianapolis and the strike leaders will consider it.

IN ITALIAN CENTER EIGHT ARE KILLED IN SEVERE RIOTING

Rioters Attack Small Garrison, Stop Traffic and Burn Many Prisons.

Rome, Saturday, Dec. 6.—Eight persons are dead and 42 others are known to have been wounded as a result of the wild rioting on Wednesday and Thursday in Mantua, where mobs terrorized the city.

The rioters attacked the small garrison, cut telegraph and telephone communication, stopped railway traffic,

raided arms shops, burned prisons, freeing all sorts of criminals, and held the police and soldiers at bay until fresh troops and carabinieri arrived with machine guns and occupied the city militarily. The troops finally established order Thursday night.

The Rome newspapers tonight print full details of the situation at Mantua. The Giornale d'Italia says the Mantua chamber of labor authorized a strike without excesses. The disorders were begun by 500 strikers, who speedily were joined by the lawless element under the direction of extremists.

The crowds stormed the military barracks and fired on the garrison. The soldiers discouraged the attack by firing into the air. At the suggestion of some of the extremist leaders the mob moved on to the railway station, and seized the restaurant, where they feasted and drank wine. Those of the rioters, unable to enter the restaurant were incensed when the men inside poured

wine upon the floor of the restaurant until it flowed into the street.

The rails were torn up to prevent trains from entering or leaving the station and the building itself was badly wrecked. At the suggestion, "Let us burn the jails and free the prisoners," the mob moved to the prisons, overcame the guards and ordered the astonished prisoners out, telling them a revolution had come and they were free.

The men released were all being held for common crimes. Those unable to obtain civilian clothes turned their striped uniforms inside out so as to be less conspicuous. They were given arms seized from soldiers or taken from the looted arms shops.

The proprietor of one of the arms shops raided by the mob took refuge in a room behind the shop and was burned to death in the fire the mob set after taking all the revolvers, rifles and ammunition in the store.

NOTICE.

By virtue of authority vested in me by that certain order made by J. F. Harrington, clerk of the Superior court of Pitt county, N. C., in the Special Proceeding No. 2295 and entitled Annie R. Harrington, Administratrix of C. D. Harrington vs. Chas. R. Harrington and Blanche E. Harrington, minors and D. N. Nobles guardian ad litem, I shall offer for sale at the court house door in Greenville, N. C., to the highest bidder for cash, on Tuesday, the 6th day of January, 1920, at 12 o'clock M., the following lots of land:

Situated and being in the Town of Stokes, Pitt county, N. C., and known as lots Nos. 6 and 7 in block "A" as shown on the plat of the property formerly owned by the Roberson heirs and known as the J. L. Perkins property as surveyed and platted by J. C. Fields, which said plat or map is recorded in map book 1 at page 27, Pitt county registry.

This sale will be made for the purpose of making assets with which to pay the debts of said C. D. Harrington, deceased.

This December 6th, 1919.

TUESDAY, DEC. 9TH, 1919.

Raleigh is going to have a new seven-story hotel. Sounds good.

The turkey should worry now. The end of existence is near.

When Greenville gets more houses—yes, we will all be glad.

The chase after the dollar these days almost runs the poor thing to death.

When are those high-priced eggs used to buy for 22 cents a dozen?

Less than nine million bales of cotton of this season's crop had been ginned up to December first.

Old King Cotton has certainly gained complete possession of his throne now, and his price is without a peer.

The impudence of some lazy hens is appalling, especially at this time when Christmas is near.

Indications now are that the coal situation will be relieved to some extent by Christmas.

A strike of the gold miners would not be near so serious as that of the coal strikers.

Avoid the rush of the holiday season by doing your Christmas shopping early.

President Carranza may not have anything against the United States, but he can't endure talk of intervention.

The sugar shortage is something like a dose of electric bitters to some housewives, and the price a good heart stimulant for others.

Those who walk are not in danger of being pulled for speeding, but they sometimes come near to getting run over by the speed crank.

Probably when eggs advance to the one dollar per dozen mark some of those old family "dominecker" hens will come off the strike.

Good old red cows failing to give real white milk wouldn't be surprising at all during these days of strikes and shortages.

The discovery of a serum that cures the dreaded typhus has been reported from Mexico. The country has one good thing to its credit, after all.

This town could almost double its population within a year if the people could get houses to live in. They all want to come to Greenville, the best town in the State.

The way the whiskey traffic is being dealt with in many localities is suggestive that many a good man is going to be without this usual Christmas "bracer."

The government wastes enough print paper that goes over the country and fills waste baskets to largely relieve the newspaper shortage, if it wasn't so wasted.

Republican leaders at the capitol are busy giving democrats advice concerning the peace treaty, it is said. Wonder what the nature of such advice may be.

With so many passenger train being cut out, if you want to go anywhere to spend Christmas you had better start far enough ahead to get there in time.

After all the south is not going to be affected to any great extent by the coal curtailment order. Mild weather has settled in making the use of coal hardly necessary only in industries.

The fact that the postoffice made over two million surplus last year goes to show that the government also has been enjoying its share of prosperity.

Putting the United States along with Germany and China and Russia as the outsiders of the peace treaty, is classing us with mighty sorry company. But that is where the Republican party has put us.

Germany claims that Britain has violated the armistice terms by trying to enlist Hun prisoners in the Polish army. That wasn't exactly a violation, Britain simply wanted to make appropriate disposition of a certain number of Germans.

The curtailment coal order evidently has caused the price of coal to slip up to the fifteen dollar per ton mark. Fortunately Greenville is not situated in the north otherwise it would suffer severely by high price and shortage too.

The curtailment of a number of passenger trains will necessarily mean that people sending gifts for Christmas will have to speed up so as to avoid congested mails. The train shortage will also bring about crowded trains and the sooner contemplated visits are made the easier and more pleasant will be experiences of the traveler.

HAWAII CONTINUES TO RECEIVE GREAT WAVE PROSPERITY

(Continued from page one.)
The increasing number of trans-Pacific liners stopping at the islands. Concrete piers, varying from 400 to 950 feet long are under construction by the United States Engineer Service and the necessary shops for making repairs to vessels also have been provided.

Mr. Joe B. McGowan went to Richmond today.

Prof. and Mrs. L. R. Meadows have moved to the house on the corner of Evans and Ninth streets formerly occupied by the family of Rev. Lee Sadler.

VESPER SERVICES AT THE E. C. T. S. SUNDAY EVENING

The regular Y. W. C. A. Vesper services at the Training School, Sunday evening were conducted by Rev. T. H. Scattergood, of Richmond, Va. He chose, "One Man Soweth and Another Reapeth," as his text. He made a very strong talk on "The Immortality of Influence."

COLD WAVE IS RUSHING TOWARDS EAST SECTIONS

Washington, Dec. 9.—Indications today are that a cold wave is rushing eastwards, and means a prolonged period of cold weather. According to the weather bureau there is zero weather in Oklahoma, Texas and the Pan Handle territory. Twenty degrees or more below zero in the middle west. Cold wave will reach Atlantic states by tomorrow.

Presbyterian Prayer Meeting

Until the coal situation becomes better, the Presbyterians of the city will hold their mid-week prayer services in the various homes of their congregation, beginning this week. They will meet at Mrs. J. M. Hines on 5th street, tomorrow evening at 7:00 o'clock. The hour is made earlier so that those who wish to attend the Lyceum program at the high school, will be able to do so. Remember the place and the hour.

GOVERNMENT BUILDING IS SLIGHTLY DAMAGED BY BOMB

Havana, Dec. 9.—The building occupied by the department of light houses and department of public works was damaged last night by a bomb.

DR. B. W. SPILMAN PREACHES IN MEMORIAL BAPTIST CHURCH

Dr. B. W. Spilman, President of the North Carolina Baptist Convention, occupied the pulpit in the Memorial Baptist church Sunday and preached a splendid sermon, taking his text from the 1st chapter, 19th verse of Revelations. His explanation of the most mysterious part of the Bible, was wonderful and everyone was greatly benefitted for having heard him.

Dr. Spilman was pastor of the Memorial Baptist church about 26 years ago and he never fails to refer to the fact and to express his joy at being in Greenville. He thanked the church for the gavel which was presented to him at the recent State Convention, by Postmaster D. J. Whichard. He paid a beautiful tribute to Mr. Whichard, stating that he appreciated the gavel even more, because he presented it.

His many friends in this city are always glad to have Dr. Spilman visit here.

MAYOR'S COURT

The Following Cases Have Been Disposed of Since Last Report.

The following cases were tried in the mayor's court yesterday morning. Geo. Cherry, driving motor cycle, without license, costs.

Stanley Moore, insufficient lights, costs.

Pearl Dupree, larceny of meat, costs.

Jim Tucker, disorderly conduct, \$15 and costs.

Marcellus House, failing to stop at Five Points, costs.

L. C. Claytor, speeding, \$5 and costs.

W. N. Potter, driving while in intoxicated condition, \$50 and costs.

The following cases were tried Saturday:

Will Brown and Ellis Fagens, larceny of \$900 from Sam Smith, bound over to court under \$300 bond each.

Brown put up bond, but Fagen on account of not being able to give bond, was placed in jail.

Bob Forbes and Garland Stroud, assaulting Judge Turner, bound over to the juvenile court.

R. E. Currin, speeding, \$5 and costs. Appealed to superior court.

The taking off of the midday A. C. L. train over this road is going to result in much inconvenience. People bear in mind that there is no travel or mail south by a one o'clock train, nor north by a five o'clock train.

WORTHINGTON IS ARRESTED FOR SELLING MONKEY RUM

Sunday night proved rather an inauspicious occasion for blind tigers in this city as Chief Brewer and Policeman Jackson raided the home of Ed. Worthington, white man residing on Reed street, finding two gallons of whiskey hidden under a tub in the man's back yard. He was given a preliminary hearing this morning, being bound over to court under a \$200 bond.

AMERICA EXCELLS ALL COUNTRIES IN YEAR'S COMMERCE

(Continued from page one.) now under construction, is more than double the pre-war output. Steel steam tonnage for the United States at the close of the past fiscal year was over 6,000,000 gross tons, four times greater than 1914 and is increasing at the rate of 350,000 tons monthly.

"The annual output of our shipyards," the report said, "exceed the greatest annual output of the world's shipyards before 1914. Steel shipbuilding plants have been extended or established with new machinery, methods, housing, and transit accommodations equal, and in some respects superior to those abroad. American tonnage clearing in overseas trade in the fiscal year 1919 was six times greater than in 1914."

The total gross tonnage of ships flying the American flag on June 30, 1919, was 12,907,800, of which 6,969,726 tons were assigned to foreign trade, 2,635,680 to the Great Lakes area and 3,001,894 to sea and river traffic.

The need for a united commercial organization to help promote the nation's commerce was urged in the report. It was pointed out that while under the law it was the duty of the department of Commerce to "foster, promote and develop the foreign and domestic commerce" of the country, half a dozen government agencies performed functions of vital necessity to

this commerce. The department, it was argued, should have representatives in these agencies so that the whole work could be coordinated.

The secretary also said that lack of funds necessary to retain competent men was handicapping the department in promoting foreign trade. Additional appropriations were asked for various bureaus. Declaring that the commercial attaché service had amply proved its value, the report said the kind of men who were useful for this work could obtain larger salaries in the employ of companies engaged in the export business.

HOLIDAY EXERCISE HELD AT TRAINING SCHOOL ON MONDAY

(Continued from page one.) achieved good and active effect in the minut she played. Fine singing quality and melody was shown in Miss Helen Watson's playing of two numbers. Misses Myrtle Moore and Elfy Holloway played Duran's "Chaconne" in a light and airy style.

The singing was excellent. The singing of the "Lost Chord" by a chorus of the entire school led by a group of girls, with solo part by Miss Ethel Pittman, was greeted with delight by the audience. The Glee Club singing of "On Wings of Song," was especially pleasing. Miss Ethel Pittman sang sweetly two numbers.

The music teachers are to be congratulated on the success of their pupils.

Red Stamps Next Year.

Red will be the color of the 1920 War Savings Stamps, according to information received from the United States Treasury Department. The stamps will be larger than those of the 1919 series and will bear the head of George Washington. They will be placed on sale at the post office and banks throughout the country on the first of the year, the official statement said. War Savings Stamps were first offered in 1918, that series being green. Those of this year are blue.

Sale Of Real Estate At Auction

Small Farms, JACKSON PLACE, Subdivided, on Greenville and Ayden Road, One Mile South of Winterville, N. C.

SATURDAY, DECEMBER 13th

10:30 A. M.

DESCRIPTION OF THE PROPERTY TO BE OFFERED

The Jackson Place, subdivided into small acreage tracts, at auction to the highest bidders, SATURDAY, DECEMBER 13th at 10:30 A. M. This property is located on the Greenville and Ayden Road, 1 mile south of Winterville, N. C., 7 miles from Greenville, N. C. No better location in which to own a small farm. A survey has been made of this property for the National Highway, a hard surface road, for a distance of about one-quarter of a mile. Each tract into which this tract has been subdivided will, therefore, have a frontage on the National Highway. Stores, schools, churches, etc., furnished by Winterville, N. C., all other conveniences furnished by Greenville, N. C. This property to be offered consists of about 70 acres of which about one-half is cleared and in a good state of cultivation. The entire property is practically level, well drained and watered by wells. The soil is very fertile with a good body and produces as well as other land in this section, the chief crops being cotton, corn and tobacco. On the wooded part of this farm is sufficient merchantable timber and cord wood for all farming purposes. Improvements consist of one five-room dwelling one tobacco barn, with all necessary outbuildings in first class condition. Practically all of the buildings will be situated on the National Highway.

Look over these small acreage tracts today. Why not own a small farm in this section and reap the harvest which others have been reaping for years. For a detail explanation of the sale or for a walk over inspection of these small farms, see our representative in Greenville, N. C. Your price will do the buying at the sale on terms of one-third cash, the balance in 1, 2, 3 and 4 years. By all means select those tracts which you desire to purchase and be on the property promptly at 10:30 A. M. on SATURDAY, DECEMBER 13th.

ROCKEFELLER FOUNDATION
DONATES \$15,050,202

New York, Dec. 6.—Expenditures aggregating \$15,050,202 were made by the Rockefeller Foundation during 1918 for the following purposes and in the following proportions, according to the annual report of the secretary, Edwin R. Embree made public here today:

First, war work, \$11,105,226.
Second—Public health, \$1,255,000.
Third—Medical education and research, \$2,419,896.
Fourth—Miscellaneous, \$128,312.
Fifth—Administration, \$140,808.
These outlays included more than \$5,500,000 for camp and community welfare work, the United war work fund, the Y. M. C. A., Y. W. C. A., and the Knights of Columbus and \$4,529,400 for the Red Cross.
In addition to its own departmental work the Rockefeller Foundation has contributed, the report says, to the accomplishment of work undertaken by other and unaffiliated organizations.

TREATY FIGHT HAS BEEN DELAYED TO JANUARY SESSION

(Continued from page one)
Further action. The recent vote on reconsideration was final. The President, however, has power to withdraw the treaty and resubmit it, with or without suggestions.

"The Senate itself is required to act on the treaty," said Mr. Hitchcock. "Under the constitution the President is required to submit treaties to the senate for disposition. He has done this with the German treaty. The senate has not acted finally nor disposed of it. It merely has refused to adopt proposed amendments, reservations and three resolutions of ratification. The treaty still is pending in the senate on the desk of the Vice-President, and the President is not required to withdraw and resubmit it. The duty of disposing of the treaty still devolves itself upon the senate without other action by the President." Senator Hitchcock reiterated his opposition to bringing the treaty before the senate again "to have it kicked around like a football" before a compromise is reached.
