

## ENDING OF STRIKE WILL NOT CHANGE FUEL RESTRICTION

Early Relaxation of Regulations Not Expected Soon, Garfield Says.

### NO IMMEDIATE REMEDY HAS BEEN SUGGESTED

Coal Mined Will be Permitted to Run as Billed Out in First Orders.

Washington, Dec. 11.—Expressions by government officials of satisfaction and relief at the settlement of the nation-wide strike of bituminous coal miners were coupled tonight with warnings to the American people that early relaxation to the drastic restrictions on the consumption of coal must not be expected.

Fuel Administrator Garfield immediately on receipt of word that the miners in Indianapolis had agreed to accept the President's proposal, declared that immediate removal of regulations on soft coal consumption was not to be considered.

Director General Hines in a formal statement asserted that dislocation created by the strike could not be remedied instantly. The public, Mr. Hines said, will be expected to continue conserving fuel until normal conditions are restored, but just as soon as practicable restrictions will be rescinded or modified.

"As a preliminary to bringing back normal conditions," said the Director General, "coal mined will be allowed to run as billed, except the tidewater and export embargo will continue; orders placed for coal to Western regions, Pocahontas and Allegheny regions will be cancelled, but coal billed on these orders prior to cancellation will be permitted to go and be expedited so that these cars can be promptly released for mines." The Railroad Administration, Director General Hines announced, would aid in meeting the needs of other consumers by reducing its supply to a ten-days margin. The administration has been maintaining a fifteen-day supply.

It was intimated that the President already had practically decided on the appointments to the commission and was awaiting only the returns of Attorney General Palmer from Indianapolis before announcing the names of the three members.

"The dislocation which the strike has created in the production, transportation and distribution of coal cannot be instantly remedied," said Director General Hines in his statement, "and pending readjustment it is highly important for the public to continue to exercise great caution in the consumption of coal, and it is hoped there will be a due appreciation of the difficulties which cannot be immediately overcome."

"During the strike the weekly production of coal was cut from 11,000,000 to 12,000,000 tons to about 5,000,000 tons and this much reduced tonnage was mostly mined in Pennsylvania and West Virginia. Widely distant portions of the country which were ordinarily dependent upon other coal fields had to be supplied from these and other unusual sources of supply. The result has been that the railroad administration has been compelled to transport coal over the most unusual routes and for distances far in excess of what is normal. A period of time will be required for the complete relocation of this equipment and meanwhile it is not to be anticipated that all mines can be supplied with cars to the full normal extent."

## GERMANY TO DEMONSTRATE IMPOSSIBILITY OF DEMANDS

Berlin, Dec. 11.—The foreign affairs committee of the national assembly decided today to send mission experts to Paris with an exact list of all dock material in Germany in an effort to demonstrate to the supreme council the impossibility of Germany carrying out the entente demand as contained in notes handed the German delegation at Versailles the past Monday.

## TWO LIQUOR CASES HEARD IN SESSION OF COUNTY COURT

Five Women of Red Light District Up on Charge of Selling Whiskey.

### ONE OTHER WHISKEY CASE DISPOSED OF

Both Cases Dimissed With Certain Provisions Regarding Conduct.

A number of important actions have been disposed of in county court which has been in session in this city for the past several weeks, including a number of special liquor charges which have been given sentences of more or less interest. Many of these cases came directly from the city mayor's court, being numbered among important captures made by city police within the past month and which have attracted more than ordinary interest among people who have been watching efforts of both city and county authorities in reducing the whiskey traffic.

There were only two actions in yesterday's session of court, both whiskey cases, involving the prosecution of five women of the red light district who were arrested several weeks ago by the police for selling whiskey, several quarts being found on their premises. Two Serians of the city also were involved in the same raid making it one of more than usual importance. The action was thrashed out completely in the session yesterday, and after prayer for judgment had been presented by the defense in submitting to the charge, the cases was suspended upon payment of cost and an agreement that the defense should refrain from part-

## SIBERIAN SECTION SLOWLY REGAINING FORMER POSITIONS

Relief Committee States that Country is Recovering from Effects of War.

New York, Dec. 11.—Allan M. Gale of the Serbian Relief Committee, commenting on a recent despatch from Belgrade stating that Serbia was on her feet again, having recovered from the immediate effects of the war, said:

"The Serbian Relief Committee of America and all who are giving their lives and strength to the work, know that great as the results accomplished appear in the aggregate, they are, in comparison to the need, pitifully small. Much is made of the fact that this year's harvest gives the new kingdom a surplus in cereals above its needs, that the food situation is under control and that actual starvation no longer menaces the people. But these facts have been long known by the relief agencies and all interested in Serbia, and have been very widely published by them. And it should be equally well-known that the harvest includes the crops of Bosnia and Herzegovina, which as Austrian territory during the war, suffered very little real damage."

"There will perhaps be no genuine starvation in Serbia through the winter, through the food supply, neither in quality nor quantity, is suitable or sufficient for the restoration of health and strength of young children. One slight indication of this is to be seen in the recent shipment by Mr. Hoover's Administration of relief of four large cargoes of powdered milk for use in central and southeastern Europe, including Serbia."

"I Jugo-Slavia there are 500,000 fatherless children of whom 150,000 are absolutely destitute. Among them tuberculosis, eye and skin disease are rife. Of these children, up to July, less than 2,000 had been provided for, largely because of the tremendous difficulties attending the work in a utterly disorganized community."

## GERMAN INDUSTRY IS DOING UNUSUAL BUSINESS OF LATE

Newspapers Claim Splendid Progress During Fall Trading Season.

### FOREIGN ORDERS ARE INCREASING RAPIDLY

Employees Are Demanding Increased Wages in All Parts of Nation.

Coblenz, Dec. 11.—German industries generally this fall have been doing the greatest business in more than five years, according to German newspaper accounts. Foreign orders have been coming in for months, various industrial centers have reported. Many factories are said to have on hand more orders than they will be able to fill in six months or more. On all sides employees are demanding increased wages, and many labor difficulties have arisen with indications of unrest among the German workmen for at least some months.

No extensive sales of German goods to foreign buyers are recorded in the German newspapers but American army officers who keep account of the industrial and economic situation assert that it is an established fact that foreign buyers are taking advantage of the low value of the mark to purchase German products wherever possible. In Coblenz, Belgian buyers recently have been purchasing chinaware, kitchen utensils, aluminum ware, and other articles of general use.

The situation has reached such proportions that the Ministres of Economics and Finance have been discussing the advisability of establishing a duty

## SMALL TRACTS TO BE OFFERED IN LAND SALES SOON

Atlantic Coast Realty to Sell the Jackson Place December 13th.

The Jackson place, subdivided into small acreage tracts, will be sold at auction by the Atlantic Coast Realty Company Saturday, December 13th at 10:30 a. m. This property is located on the Greenville and Ayden road, one mile south of Winterville, N. C., seven miles from Greenville, N. C. A survey has been made of this property for the National Highway, a hard surface road for a distance of about one-quarter of a mile. Each tract will therefore, have a frontage on the National Highway. Stores, churches and schools are furnished by Winterville, N. C. The property consists of 70 acres of which about 1-2 are cleared, and in a high state of cultivation.

The property will be sold on very easy terms. It contains prolific soil and will produce splendid crops. Prof. Astolfo's Royal Italian band will furnish the music.

On the same day, Saturday, Dec. 13th at 2 p. m. the Geo. Mills and Dixon farms, on Black Jack New Bern highway at Black Jack, five miles from Grimesland and 12 miles from Greenville, N. C., will be divided into choice small farms and sold at auction. Both contain 112 acres of high class farming land. Improvements consisting of dwellings, tobacco barns and other necessary buildings are on both farms. It is a splendid farm good investment, and investors will do well to see it, before buying elsewhere. Prof. Astolfo's Royal Italian concert band will play at the sale. Ask Mr. Cobb.

The Missionary Society of the Memorial Baptist church will meet Friday afternoon at 2:30 o'clock with Mrs. J. F. Davenport and Mrs. Florence Dancy. Note the change in time which was made on account of the children's play at the Model School at 8:00 p. m.

## SHIPPING BUSINESS IS OF GREAT NEED IN SOUTH AMERICA

Immense Increase in Shipping Industry Desired by Southern Republics

### LACK OF SHIPS CAUSING GREATER SPECULATIONS

Expansion of Trade With England and Europe Considered Necessary.

London, Dec. 11.—One of the greatest needs of the South American republics today is an immense increase of merchant shipping, says Sir Ismael Torral, head of the Chilean Mission, which has just been entertained in England.

"We lack ships for the trade of Europe," Senor Tocornal asserted. "We need ships in abundance if we are to reach the full plenitude of our merchantile power. We are anxious to expand our trade with England and with Europe in general. With America we have had important commercial associations and much machinery in Chile is of American or German manufacture."

"To turn to political matters, the recent references to the Republic of Peru in connection with Chile in the European press have perhaps left unexplained the actual state of affairs, or rather, the origin of the question. There is a treaty which must be fulfilled, and the Chilean government is ready to meet all its obligations. After our war with Peru and Bolivia, 1879-1883, we received the province of Karapaca as an indemnity. For frontier purposes, we were given possession of Tacna and Arica for a period of ten years, at the

## BILL STROTHER IS VISITING FRIENDS IN THIS TERRITORY

"Human Fly" Passes Through Raleigh on His Way to Stantonsburg, N. C.

Raleigh, Dec. 11.—"Bill" Strother, a North Carolina boy, known all over the United States as the "Human Spider," passed through Raleigh yesterday on his way to his home at Stantonsburg to spend the Christmas holidays there. Young Strother was in Raleigh two years ago and while here did some spectacular climbing of the Citizens Bank Building and the Masonic Temple Building. He was here in the interest of the Elk's war relief work.

"Bill" Strother was not able to get "Over There," but did well his work here for the Red Cross and the Liberty Loan campaigns. He has been from coast to coast, and while in Atlanta he defeated Harry Gardner, "The Human Fly," in a race up the State Capitol building by 38 minutes.

At Atlantic City Strother sold \$65,000 worth of bonds and was highly complimented by the officials there for his work. Lieutenant Colonel Roosevelt, for the American Legion of one of the Western States, presented Strother with a gold watch with engraving on the back, and also wrote him a very complimentary letter. Miss Rachel Crothers, play-wright, in behalf of the Stage Women's War Relief Fund, also wrote a commendatory letter to the dashing marvel in appreciation of his work for them.

Strother has had one fall. While in Long Branch, New Jersey, he fell three stories, and caught himself on the edge, and succeeded in crawling into a window to await the arrival of a doctor to dress his injured knee and arm.

Bill Strother will be here before the Christmas holidays and will give an exhibition for the benefit of the local Salvation Army organization.

Every day is a good day if you make it so.

## LOCAL MARKET TO CLOSE DOORS FOR SEASON HOLIDAYS

Greenville Tobacconists Decided to Close Wednesday, December 17th.

### MARKET WILL RE-OPEN ON JANUARY THE 6TH

Decision Was Reached at Meeting of Tobacco Board of Trade Yesterday.

At a meeting of the Tobacco Board of Trade conducted in this city yesterday afternoon for the purpose of determining closing and re-opening dates for the holiday season of the Greenville tobacco market, members of the board were unanimous in the proposal of Wednesday, December 17th to begin the closing period with January 6th being decided upon for the date of re-opening. Indefinite dates had been proposed sometime in advance of the meeting yesterday, but after consideration of the local situation, all members were in favor of the dates mentioned above.

The closing of the tobacco market for the holiday season this year brings to a conclusion possibly one of the most eventful seasons in the history of the tobacco industry in this section of the state, and while not any of the tobacconists claim the honor of "setting the world afire" with their endeavors they have nevertheless brought about one of the most remarkable eras since early stages of tobacco production. Greenville has made a record peculiarly gratifying to those who have taken pride in the gradual expansion of the market and industry too, having already passed the 30,000,000 pound mark in number of pounds sold with an

## FLEMING FARM IS TO BE PLACED ON SALE EARLY DATE

Splendid Property Near Greenville to be Sold on December 17th.

Miss Adelaide Fleming's farm will be subdivided and sold at auction, Wednesday, Dec. 17th, at 10:30 a. m. by the Atlantic Coast Realty Company. This farm is located two miles of Greenville, and one mile from House Station. It adjoins the V. C. Fleming and J. L. Wooten farms, and is without a doubt one of the best farms on the south side of Tar river. The soil will produce all crops grown in this section of the state especially tobacco and cotton. Splendid buildings are already on the farm, and it is one of the most desirable farms for sale, in this county. It will be sold on easy terms, 1-4 down and the balance in 1, 2, 3, 4, 5 and 6 year payments. One attraction of the sale will be a free barbecue dinner and another will be the company of the Atlantic Coast Realty Band, which plays at all the sales.

Persons who are anticipating investing in a good farm, should attend this sale. For information see Mr. A. R. Dupree advertising representative at the Proctor Hotel or K. W. Cobb, local agent.

## COAL WILL BE ROLLING RAPIDLY BY NEXT WEEK

Indianapolis, Dec. 11.—A general operation of the soft coal mines is predicted for tomorrow. Coal will be moving rapidly by the first of next week, in the opinion of the operators here. Officials of the United Mine Workers who last night sent telegrams to the locals telling them of the miners' general committee here yesterday, accepting President Wilson's proposal to return to work, are confident that there will be no delay on part of members of the union returning to the mines.

## LA FOLLETTE TAKES UP TWO LONG DAYS ON RAILROAD BILL

Senate Listens To Two Attacks on Railroad Bill Longer Than Usual.

### DISCUSSION PROBABLY WILL CONTINUE TODAY

Only Slight Intermission Is Promised Until the Measure Is Settled.

Washington, Dec. 11.—Attacking the Cummins Railroad bill as a measure especially designed to help the roads with their return to private operation, Senator LaFollette, Republican of Wisconsin, declared in the Senate today that its enactment would "constitute the greatest stain on legislation in the history of the American nation."

Contending that government ownership was the ultimate solution of the railroad problem, the Wisconsin Senator declared the plan had not been given a fair test, because there had been an organized press and railroad attempt to discredit it. In framing the bill to meet conditions arising with the end of war time Federal control, Senator LaFollette said that the Senate inter-state commerce committee had not given a full hearing to the army of railway employes, vitally concerned in the future policy of dealing with the great transportation systems.

When the Senate recessed tonight Senator LaFollette had not concluded his address after speaking two days and running and he will resume tomorrow. There was no indication as to how much more time he might require and leaders say they now had no idea when the bill might be passed.

Senator LaFollette held the floor continuously through the session and after he had been talking two hours Senator King, Democrat, Utah, went to his rescue with a demand for a quorum which gave him a twenty minutes' breathing spell. For some time the Senate sat idle and twirled its thumbs while efforts were being made to round up a quorum, finally obtained by breaking up a committee meeting.

While Senator LaFollette was assailing the Cummins bill Robert S. Lovett, president of the Union Pacific system, in a statement sent to members of Congress, declared the measure "had the merit at least of recognizing the facts of the railroad situation and the course of grappling with them in an honest attempt to solve the problem."

Judge Lovett described what he considered as the good and bad features of the Cummins and the Esch bills, declaring that the "most amazing" provision of the Esch measure as amended by the House dealt with labor.

"It effectually perpetuates every wage increase and every working rule or regulation made by the Railroad Administration during the stress of the world war and abnormal conditions resulting therefrom," he said. Mr. Lovett objected to the section of the Cummins bill declaring 5 1-2 per cent of the value of railroad property as determined by the Interstate Commerce Commission as a "reasonable return" and confiscating all in excess of six per cent upon such value.

**REPORTS STATE THAT THE COAL STRIKE IS SETTLED**

Washington, Dec. 10.—John J. Keegan of United States employes compensation commission, advised Secretary Tumulty, at the White House this afternoon that Secretary Green, of Miners Union, had informed him over long distance telephone, from Indianapolis, that the President's proposal for a settlement of the bituminous coal strike had been accepted. Keegan had arranged for a direct telephone wire between the White House and the hall at Indianapolis where the miners met and said that the message from Green was received about 3:15, eastern time.

**SPEEDY SETTLEMENT OF THE COAL STRIKE IS FORECASTED**

Indianapolis, Dec. 10.—The settlement of the coal strike today and a speedy resumption of work was strongly forecasted this morning by officials of the United Mine Workers before the organization's general committee resumed consideration President Wilson's proposal for ending strike. The prediction was made in the face of strong opposition which developed yesterday and which probably will prolong argument for and against president's plan.

Living conditions in that country are anything but pleasant, even though the war has been won, therefore, this nation is peculiarly blessed by not having to labor under the same restraints of wartime.

The German note handed the German delegation at Versailles the past Monday has been considered by the council of ministers, so news reports state, and while no decision has yet been rendered, it is expected that a favorable reply will be rendered during the week. Objectionable features of the treaty have been eliminated, as far as the German is concerned, so there is little reason to expect that the issue will not be concluded finally with this last consideration.

Now that the coal strike has eventually decided to accept the government's offer of a 14 per cent increase and return to work it is expected that the coal restrictive orders will be eliminated as soon as this becomes advisable. The present supply of coal in many sections will not permit a removal of curtailment orders immediately, for if this should be done, a situation of extreme seriousness would result and relief would appear further away than ever. However, if restrictions are removed gradually every section will soon have its usual supply of coal, and will hardly realize there has been a strike.

LOCAL MARKET TO CLOSE DOORS FOR SEASON HOLIDAYS (Continued from page one.)

average that would do honor to any market of the state. Planters throughout this section of the state who have sold their product on the local market are unanimous in expressions of pleasure resulting from the high prices received since the early part of the season, and it is this fact the holidays one of the most notable principally which makes the closing for of all year's work among city tobacco-nists. Farmers have sold here from the extreme eastern section of the state, and as others nearer by, have enjoyed the outcome of efforts in their behalf. Millions of dollars have been put in circulation with each week's sales, and this has done much in making the section enjoy prosperity that has been unbroken since the beginning of the season.

TWO LIQUOR CASES HEARD IN SESSION OF COUNTY COURT

Continued from page one. Participating in the liquor traffic in the future. The defendants were Grace Burt, Essie Hall, Mattie Anderson, Elizabeth Burnette, Helen Graham, Mitchell Saleeby and George Saleeby. The other case disposed of during the day involved a charge of selling liquor preferred against Pompei Gaskins and Oscar Grimes, two colored men of the Grifton section. They pled guilty and the court released them with provisions that each pay to the town of Grifton the sum of \$100.

GERMAN INDUSTRY IS DOING UNUSUAL BUSINESS OF LATE

(Continued from page One) on exports on the ground that "a large part of the German exports is being sold at sacrificial prices." The Cologne Chamber of Commerce, in calling attention to the arge purchases of goods by foreigners, says that in view of the low value of the mark, these foreign purchases constitute nothing more than a "commercial plundering of Germany." The chamber as well as others in Frankfort and elsewhere, have advised German merchants when selling to foreign buyers, to charge prices somewhat in proportion to the actual value of the goods in the markets of the world.

expiration of which a plebiscite was to be taken, and whichever country was chosen by the voters was to pay a sum of money to the country which lost on the plebiscite. Up to the present moment, no plebiscite has taken place, owing to the intransigent attitude of Peru a sto who shall have the vote. Chile wishes everybody to be given the right to vote, but Peru is not in accord with us about this. That is, shortly, the root of the question. There is no danger of war, however, between the two countries.

We are on very good terms with the other two A B C Powers; the frontier difficulties with the Argentine have been satisfactorily settled of course. Chile was the first South American nation to submit to arbitration, in 1903, when we accepted King Edward's solution of the difficulties with the United States.

The Monroe Doctrine, of which the world hears so much from time to time, means a Continental policy, for America, North and South. It originated, it is said, in the brain of the English statesman, George Canning. At the time of the Holy Alliance in Europe he instructed the British Minister at Washington to suggest it to the American government. An exchange of letters followed between Monroe, Jefferson and Madison in 1823. The Monroe Doctrine was the outcome.

**NEW OFFENSIVE IS PLANNED AGAINST RUSSIAN CAPITOL**

Stockholm, Dec. 11.—A new offensive against Petrograd is being planned according to an interview with C. G. Lianzow, head of the Russian north-west government, printed in Helsinki newspapers.

**FOURTEEN DEATHS REPORTED RESULT OF ALABAMA FLOODS**

Atlanta, Dec. 11.—Fourteen deaths thus far are attributed to floods in Mississippi, Alabama and Georgia, property damage running probably into millions. Nearly three thousand persons are homeless in Mississippi on account of flood, on thousand at Hattiesburg and more than one thousand at Meridan. Railroad traffic in the flood area has virtually stopped. The dead included three negroes drowned at Hattiesburg when rescue boats carrying nine persons was overturned. These were drowned near Atlanta. Two were killed in Mississippi when two trains ran into washouts. One negro was drowned at Meridan; two whites and three negroes drowned in various parts of Alabama. Hundreds are marooned in various sections on account of high water. Some streams are still rising and with swift currents rescue work with small boats is hazardous.

**Callus? "Gets-It" Will Peel It Off!**

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

Small Farms, JACKSON PLACE, Subdivided, on Greenville and Ayden Road, One Mile South of Winterville, N. C.

**SATURDAY, DECEMBER 13th**

10:30 A. M.

**DESCRIPTION OF THE PROPERTY TO BE OFFERED**

The Jackson Place, subdivided into small acreage tracts, at auction to the highest bidders, SATURDAY, DECEMBER 13th at 10:30 A. M. This property is located on the Greenville and Ayden Road, 1 mile south of Winterville, N. C., 7 miles from Greenville, N. C. No better location in which to own a small farm. A survey has been made of this property for the National Highway, a hard surface road, for a distance of about one-quarter of a mile. Each tract into which this tract has been subdivided will, therefore, have a frontage on the National Highway. Stores, schools, churches, etc., furnished by Winterville, N. C., all other conveniences furnished by Greenville, N. C. This property to be offered consists of about 70 acres of which about one-half is cleared and in a good state of cultivation. The entire property is practically level, well drained and watered by wells. The soil is very fertile with a good body and produces as well as other land in this section, the chief crops being cotton, corn and tobacco. On the wooded part of this farm is sufficient merchantable timber and cord wood for all farming purposes. Improvements consist of one five-room dwelling one tobacco barn, with all necessary outbuildings in first class condition. Practically all of the buildings will be situated on the National Highway.

Look over these small acreage tracts today. Why not own a small farm in this section and reap the harvest which others have been reaping for years. For a detail explanation of the sale or for a walk over inspection of these small farms, see our representative in Greenville, N. C. Your price will do the buying at the sale on terms of one-third cash, the balance in 1, 2, 3 and 4 years. By all means select those tracts which you desire to purchase and be on the property promptly at 10:30 A. M. on SATURDAY, DECEMBER 13th.

### WOMEN AND GIRLS AGAIN SHOW RESULTS.

Raleigh, N. C., Dec. 11.—The preliminary report of Mrs. Jane S. McKimmon for the year 1919 shows that the girls and women enrolled in the club work of the Home Demonstration Division have again accomplished great things during the year. The work has been greatly extended, as there are now 62 counties organized with home agents in charge. These ladies have established 666 women's clubs, 425 girls clubs and 226 community clubs, with a total membership of 77,194.

As to some of the things which these women and girls have accomplished, reports show that there were 1,906 poultry club members who raised 70,828 fowls. At the State Fair, the club members representing Anson county won \$75 in premium money, and Mrs. A. M. Redfearn reports that these members now have on hand a good supply of poultry and poultry products for sale and use during the winter. A number of the girls have stored eggs in a waterglass for home use this winter.

Others, to the number of 588 girls and women, produced 54,612 pounds of butter which they sold at an average price of 50 cents per pound.

In canning work, the preliminary report shows that 1,362,890 quarts of vegetables and fruits, worth \$405,242.83 were canned during the year; 37,970 pounds of vegetables worth \$5,441.07 were dried; 28,190 pounds of fruit worth \$6,489.05 were also dried; 45,151 pounds of fruits and vegetables worth \$5,530.86 were brined during the same period.

It is not canning alone, however, that the girls and women in the home demonstration work have concerned themselves. At the present time the school teachers in many of the rural communities are co-operating with the home agents in giving demonstrations as to how to prepare and serve balanced meals and wholesome school lunches.

The shortage of help in the household has caused considerable interest to be shown in demonstrations of electrical plants for the operation of washing machines, electrical irons, sewing machines, churns, home lighting systems and home water works. As a result of the activity of the home demonstration agents, at least 1,116 of these electrical plants have been put in, and to date 493 washing machines have been installed. Many other conveniences, as a result of this electrical power, have also been added to the farm home.

Another new activity of the division which is proving to be very popular is the work with the muscadine type of grape. With the James variety, it is reported that club members in 11 counties have planted 2,274 vines during the year. Club members in 29 counties report that they have made 6,030 gallons of grape juice and 1,744 gallons of other grape products.

### GERMAN DELEGATION IS CONSIDERING PEACE TREATY

Paris, Dec. 10.—Germany's delegation at Versailles today is considering what is looked upon as the last word of the supreme council of the peace conference, relative to the signing of the protocol of the treaty of peace.

Elimination of the clause providing for coercion by the allies in case of Germany's failure to execute the treaty's provisions and alteration of the claim for indemnity for German warships sunk at Scapa Flow are the most important concessions made by the council in its note delivered last night.

Economic effects of the turning over of the allies' German dock and harbor machinery by way of indemnity will be the subject of an inquiry to be conducted by the reparations commission. At the same time, however, the council places on Germany responsibility for the sinking of the Admiral Von Reuter's interned fleet.

German demands for modification of

the treaty clauses calling for the surrender of Germans charged with violations of the laws of warfare as well as those dealing with the repatriation of prisoners of war are rejected.

The status of America in relation to the treaty is held not to alter the effectiveness of the pact and German objections along this line are described as "pretended rights."

Germany is told it is "vain to seek to delay" the operation of the treaty that the allies await the signature of the protocol without further loss of time.

Failure of the United States Senate to ratify the peace treaty is directly responsible for the refusal of the German delegates to sign the peace protocol, according to Ernest Mahain, professor of political economy and international law at the University of Liege.

Professor Mahain, who was one of the Belgian government's delegates to the International labor conference, called for home today on board the French line steamer La Touraine. The ship left for Harve after several days

delay caused by lack of coal.

Professor Mahain, in criticising the senate for its failure to ratify the peace treaty said that a situation had been created compelling Belgium to extend its borders if the allies decided upon a greater military occupation of Germany and that Belgium would have to assist in protecting the Rhine frontier.

Professor Mahain as well as other delegates to the labor conference who returned on aL Touraine, expressed confidence that much good had been accomplished by the sessions.

### NOTICE

By virtue of authority vested in me by an order of the clerk of the Superior Court of Pitt County, N. C., in the Special Proceeding now pending in the Superior Court of Pitt County entitled, "Arden L. Tucker, Guardian for Susan E. Taylor, Arden L. Tucker, Jr., Bruce W. Tucker and Helen Tucker, minors, Ex Parte," which said order was approved by Hon. John H. Kerr, Judge holding the courts of the Fifth Judicial District, in term: I shall on the 15th day of December, 1919, offer for sale at the court house door in Greenville, N. C., at 12 o'clock M. to the

highest bidder for cash, the following tract of land:

"Lying and being in Chicod Township, Pitt County, N. C., adjoining the lands of Isaac Taylor, the lands of Major Gaskins, the land formerly known as the Jesse Sutton land, the lands of L. A. ### AMERICA HAS NOW ADOPTED

#### "HANDS OFF" THRU SIBERIA

Honolulu, Dec. 10.—The United States has notified Japan that America has adopted the "hands off" policy in Siberia and will send no further assistance to Koichuk forces, according to a Tokio cable published here by the Japanese newspapers.

The traveling people are missing the trains that have been taken off.

## Sell At Gorman's

Wednesday's sale showed very soft in order and this effected prices. The dry ordered tobacco sold fully as well as it has been selling. All sales finished by 4 o'clock.

Gormans sold Wednesday 138,510 pounds for \$73,921.45, averag \$53.32  
Scrap and common 35,798 pounds for 3,008.03, average 8.40  
Leaving 102,712 pounds for \$70,913.42, average 69.04

We had lots of the cleanings up of the crops, as so many had their last load, this effected our average very much.

The Board of Trade has changed the closing for the Xmas Holidays to Wednesday, December 17th and will re-open on January 6th.

We have 1st sale Friday, 4th sale Monday, 3rd sale Tuesday, 2nd sale Wednesday.
