FUEL RESTRICTION IS ORDERED TO BE SUSPENDED TODAY

Suspension of all Restriction in South Ordered by Administration.

TRAIN SERVICE WILL BE RESUMED AT ONCE

Thousands of Industries Will Resume Operation in Every Locality.

Atlanta, Ga., Dec. 13.—Suspension of all restrictions on the use of fuel and reinstatement of train service curtailed during the nation-wide strike of bituminous coal miners was announced here tonight by the Southern regional coal committee acting on authority received from Washington. Bunkering of vessels will be resumed, inland flying vessels being given preference, then coastwise shipping, ships flying the American flag in overseas service and last ships flying foreign flags.

The order suspending fuel restrictions is effective immediately, and trains will be restored at 12:01 a. m. Monday. In cases where resumption of certain passenger train schedules would interfere with movement of coal the trains will not be put back until the situation clears up.

The orders mean that thousands of industries throughout the South which have been shut down because of lack of coal will be in operation in a short time and that stores which had to observe short hours where their light, heat or power came from consumption of coal, wood, or gas may return to normal hours in time to take care of the Christmas shopping. The railroads, too, will be put in a position to take care of the rush of holiday travel.

In issuing its announcement of suspension of fuel restrictions the committee thanked the "people of the south who have observed so loyally" the regulations and at the same time asked that coal still be conserved as much as possible. As a result of the strike the country lost production of between thirty and thirty-five million tons of coal.

Regional directors of railroads were given authority tonight by Director General Hines to remove restrictions on the use of light, heat, and power derived from coal as soon as the coal situation warrants.

The regional directors also were authorized to restore train service removed or curtailed to meet the coal shortage due to the bituminous miners' strike as soon as the fuel supply in the various regions justifies.

Sending out the instructions constituted the first step by the government in the light of expectation that miners would accept the government's strike settlement proposed and return to work.

Director General Hines, in announcing his action, said conditions in the regions varied greatly and coal still was being shipped from the East to the West but that removal of restrictions might be shortly justified.

The railroad administration received unofficial estimates during the day that from 65 to 70 per cent of the miners had gone back to work. Private reports to operators said that in Indiana nearly all the men had returned, but elsewhere a good deal of delay was being shown.

Chief Administrator Garfield's resignation, sent to President Wilson yesterday, was discussed by White House officials who expressed the belief that it would be accepted, though it was not indicated that the President as yet had acted. The work of the Fuel Administration, it was said, probably would be transferred to the railroad administration. Dr. Garfield refused to discuss the matter.

SMALL FIRE LAST NIGHT LITTLE DAMAGE RESULTS

About 8 o'clock last night an alarm was turned in, caused by a fire at the residence of Mrs. Hattie White on Greene street. The roof to the kitchen was burning, supposed to have caught from sparks. The blaze was quickly put out with chemicals, but little damage resulting.

PITT COUNTY CLUB ELECTS OFFICIALS FOR ENSUING YEAR

University Students of Club Bring About Re-Organization Thursday.

SAM WORTHINGTON IS ELECTED PRESIDENT

George D. Manning, of Bethel, Also Elected Secretary-Treasurer.

Chapel Hill, Dec. 13.—All of the men from Pitt county were called together at a meeting the past Thursday night in the county club room of the Y. M. C. A. for re-organization of the county club. There were eighteen representatives of the county present who displayed no little interest in the affairs of their county at Chapel Hill. Former president of the club of last year, Mr. Howard Hooker, was not present, having finished school, therefore, the meeting was called to order by Mr. Cary Harrington, president of the club during the years of 1917-18, who called for election of officers for the year. Sam O. Worthington, of Winterville, was unanimously elected president and George D. Manning, of Bethel, being elected secretary-treasurer.

Other men of the county who were in attendance at the re-organization meeting were: J. F. Bowen, Greenville; Robert E. Carson, Bethel; David J. Chapman, Grifton; M. J. Crisp, Falkland; Hart P. Faucette, Grimesland; Ralph L. Fleming, Greenville; Cary L. Harrington, Greenville; R. S. Harris, Winterville; Chas. O. Laughinghouse, Greenville; Warner M. Lewis, Greenville; James L. Little, Greenville; James S. Moore, Bethel; James Perkins, V. Stokes and James M. Smith, of Greenville; Jack H. Spain, Greenville. (Continued on page four.)

CAROLINA CLUB IS TO RESUME USUAL ACTIVITY SHORTLY

Officers For Year Elected at Re-organization Meeting Last Night.

Reorganization was the ascendent topic of discussion at the annual meeting of Carolina club members conducted in the club rooms in this city last night in which officers for the future were appointed and other matters of importance taken up for stimulating renewed interest in organization endeavors. The meeting was presided over by former president, L. C. Arthur with J. C. Lanier, acting as temporary secretary for the evening. J. B. Kittrell was appointed president, succeeding Mr. Arthur, with J. C. Lanier being definitely decided upon for active secretary during the present year.

Following discussion of re-organization a committee was appointed for the purpose outlining plans for an active campaign in the interest of awakening old and new members to the importance of co-operated efforts in the club's welfare, and to consider other problems necessary in effecting eventual success in all issues connected with the future. The re-organization committee is composed of Messrs. L. Z. Smith, W. Z. Morton and Charles Cobb.

A board of governors was appointed, consisting of Messrs. W. Z. Morton, Dr. C. O'H. Laughinghouse, R. H. Wright, Charles Cobb, C. T. Munford, Jr., and L. J. Smith. The club will meet again next Wednesday night to resume consideration of a number of other matters which were unable to be reached at the meeting last night.

More rain is making it rough on the Christmas shoppers.

The tobacco market closed the week with a block sale Friday. Sales are very heavy for so near the holiday closing.

BRITISH COAL BILL MEETS REBUFF IN BUSINESS CIRCLES

Government Is Forced to Suspend Discussion of Objectionable Part.

LIMITED PROFITS OF MINERS NOT PLEASING

House of Commons Gives Issue Set-Back in Early Stages of Fight.

London, Dec. 13.—Another rebuff was met by the government in the House of Commons when it was obliged to temporarily suspend discussion upon second reading of the coal bill which limits profits of coal mine owners to fourteen pence per ton for the year ending March 31, 1920. This bill is the government's method of redeeming its pledge to the miners' federation to give legislative effect to the report made by the coal commission headed by Sir John Sankey.

Coal mine owners and business men generally have started a strong agitation to secure the withdrawal of the bill.

Andrew Bonar Law, government leader in the House of Commons, refused to withdraw the measure but gave a pledge that limitation of profits should not extend beyond March and should not be applied to any other industry. Miners also oppose the bill on the ground that the limitation of profits would cease in March. They argue that the limitation should continue until the nationalization of miners or some similar policy may be carried into effect.

Rejection of the bill was moved by several members who strongly criticized it. William Adamson, a miners' leader, predicting that the passage of (Continued from page one.)

BENNETT GRAY TO BE GIVEN HEARING HERE NEXT WEEK

Negro in Fight Here Thursday Night Captured by City Authorities.

Bennett Gray, one of the two colored men who last Thursday night shot and slightly injured Hardy Lee Gray, also known, in an encounter occurring in Perkins town, in the western section of this city, over fifteen gallons of monkey rum which the latter had in his possession at the time, was last night arrested by members of the city police force at the home of his wife's parents about two miles from this city. It was not known at the time of the fight that either of the two men doing the shooting were injured, but when Gray was found by the police it was discovered that he was suffering from a bullet wound in one of his arms, causing great pain. He was brought to the city to be placed in jail, but was later released under \$500 bond for appearance here next week when a preliminary hearing will be given.

Both Bennett and Chester Gray disappeared immediately following the fight which was interrupted by residents of the vicinity and it was thought they had made good their escape until Policeman Whichard was last night informed concerning Bennett's condition and his whereabouts. A short time later the darkey was in custody of the law until bond could be arranged. Chester Gray, who assisted Bennett in relieving their victim of the monkey rum, has made good his escape, but it is expected that he will be apprehended shortly.

Although Hardy Lee Gray was shot one time with a shotgun, several times with a pistol, and then battered over the head with the shotgun until it was broken so that further use was impossible, he has survived the encounter up to this time with injuries causing only ordinary inconvenience and worry.

CANTATA GIVEN BY SEVERAL CHILDREN OF MODEL SCHOOL

Splendid Entertainment Presented at Training School Yesterday Evening.

FOUR UPPER GRADES PARTICIPATE IN PLAY

"The Moon Queen" and Pageant of Seasons" Embraced all Attractions.

The children of the Model School yesterday afternoon presented in the auditorium of the Training School a charming entertainment in two parts. The primary grades gave a cantata, "The Moon Queen," and the four upper grades, a "Pageant of the Seasons." Each grade took a particular part which it worked up as a unit, but all were blended together so that the whole made a wonderful complete performance.

The grouping into pictures and the rhythmic movements, skipping and dancing of the children made exceedingly attractive scenes. This picturesque effect were heightened by the pretty light and glittering costumes, and by the artistically decorated stage decoration.

In the cantata, "The Moon Queen," clouds and breezes, the girls of the second grade dressed in fluff pink and the boys in white suits, skipped in, followed by the rain-drops, the first grade dressed in spangled white, pitter-pattered in. Ed Anthony, in raincoat and hat, was spokesman for the rain, and Eloise Garrett for the clouds. A lovely rainbow, represented by Virginia Perkins, came out and dispersed the rain-drops and clouds.

The Sun, Wayland Hart, accompanied by the prince of sunbeams, John Hassell, followed by the sunbeams, the third grade, dressed in golden yellow, took possession of the stage. Later the sun gave place to the moon as queen. This part was taken by Rebecca Lee Smith. Polly Fulford was the Evening Star and William Stewart Bost was the (Continued on page four.)

AMERICAN LEGION TO ORGANIZE HERE FOR ACTIVE WORK

Local Post Will Form Definite Organization Approaching Friday Night.

Attention! Ex-soldiers, sailors and marines. The Pitt county post of the American Legion will be organized in Greenville next Friday night at 7:30 o'clock. Every man jack of you is expected and urged to be present and give your support to this great cause. From all over the country come reports of the organization of the veterans of the world war into this Legion, and of their stand for Americanism against the Bolshevist tendencies.

The American Legion will be the greatest thing in your life when once it gets into operation and you become acquainted with its purposes and ideals. It is an organization of veterans of the world war for the purpose of preserving the fruits of the victorious but bloody struggle, to see that the ones who won the war get full consideration from their government, and to keep our country one hundred per cent American. Just as the Ku-Klux after the Civil War performed an invaluable service, the American Legion has a still greater duty to perform in forming a backbone of the nation with the four million men who left their homes and went forth to war. Such an organization cannot fail to have an important bearing upon the future destiny of our country.

Every one is especially urged to make a great effort to attend this meeting and assist in the formation of the Pitt county post. Don't forget the date, Friday night, Dec. 19th.

GERMAN DISORDER CAUSES INCREASE IN COST OF LIVING

First Year of Revolution Brings About Decline of Value in Moneys.

PAPER COMMENTS UPON SITUATION BITTERLY

Production of Coal has Decreased Alarmingly in Every Territory.

Berlin, Dec. 13.—Results of the first year of the revolution in Germany are summarized by the Socialist Monthly as comprising a decline in the value of the mark, increase in the cost of living, decreased production of coal and steadily mounting public debts. The paper casts a balance for the year in a bitter and sarcastic vein.

It points out that the mark has declined in value within the year from 72 Swiss francs to 20.25 francs. It gives a long list of articles of food showing increases ranging up to 100 percent for butter, and nearly 200 percent for eggs. The paper states that the cost of transportation has increased.

The production of coal is asserted to have declined from 190,000,000 tons a year before the war to 70,000,000 tons in the first year of the revolution. This is not withstanding an increase in the number of persons employed in the mining industry, exclusive of war prisoners who now have been sent back to France and Belgium.

Debts and taxes are declared to be steadily growing into an unbearable burden for the taxpayer. The paper asserts that Germany's debts will aggregate on April 1, 1920, 212,000,000,000 marks, exclusive of debt to the entente. The deficit of the Prussian railroads for the year of the revolution is declared to total at least 3,963,000,000 marks.

In conclusion the paper warns the people of Germany that they must pay for these "achievements of the revolution."

WOOTEN FARM TO FEATURE IN SALES DURING DECEMBER

Valuable Property Will be Sold at Auction by Atlantic Coast Company.

The W. L. Wooten farm, subdivided, will be sold by the Atlantic Coast Realty Company, Friday, Dec. 19th at 10:30 a. m. This splendid farm is located at Simpson, N. C., six miles from Greenville, and is one of the best farms, in Eastern North Carolina, for sale. The soil is very productive and will produce all crops grown in this section, especially cotton, tobacco and corn. A splendid three teacher school, church and stores are within a few minutes walk from the farm. It contains 140 acres, of which about 60 are cleared and the balance in woods. The entire property is level, well drained with hardly a foot of waste land.

Improvements on the farm consists of one seven room dwelling in perfect condition, conveniently built and large rooms, two tenant houses, two tobacco barns, one pack house, numerous stables, barns, sheds and out buildings. Nearly all the buildings face the public road. Simpson station is only a quarter of a mile away with the Norfolk Southern railroad within sight of the farm. The land will be sold on extremely easy terms of 1-4 cash, balance in 1, 2, 3 and 4 years. Investors could not do better than invest in this valuable piece of property, as it is one of the best farms in Pitt county. Ask Mr. Cobb.

One touch of nature keeps the whole world on the lookout for new sensations.

IRISH CLAIMS ARE EARNESTLY URGED BEFORE CONGRESS

Claim of Irish Republic to Recognition as an Independent Considered.

ADVOCATES PERSISTENT REQUESTS TO SENATORS

Supporters Declare Congress Should Take Definite Stand in Issue.

Washington, Dec. 13.—The claim of the Irish republic to recognition as an independent government was brought to congress again today and was debated in militant fashion through an all-day session of the House Committee on Foreign Affairs.

A crowd which jammed the committee room and bisected adjoining corridors punctuated the proceedings with cheers and with hoots of disapproval as the opposing speakers presented their arguments, and many times threw the session into disorder by yelling gratuitous insults to witnesses.

Its supporters declared it presented a opportunity for congress to do all it could constitutionally toward a full diplomatic recognition and its opponents condemned it as an effort to involve the United States in a dangerous foreign situation.

Late in the session charges of pro-Germanism on the part of the country threw the meeting into a furor which the committee quelled with difficulty after the chairman had warned against insults to any of the witnesses. Interruptions so prolonged the hearing that the committee's plan of continuing today was abandoned, and the arguments will be resumed tomorrow.

Justice Daniel F. Cohalan, of the New York Supreme Court, and Frank P. Walsh, who headed the Irish-American delegation sent to Paris during the peace negotiations, appeared to espouse the cause of Irish freedom and ask for passage of the bill. The arguments in opposition were made by George T. Lemon, of Troy, N. Y., president of the National Federation of Presbyterian Patriotic Societies, and others.

Ramon de Valera, president of the Irish republican government, who came to Washington yesterday to confer with Irish-American leaders, did not appear at the meeting, but Harry Boland, secretary of the republic's "parliament," sat with Justice Cohalan and Mr. Walsh and frequently advised them in the presentation of their case.

The provisional government, these speakers argued, clearly was a de facto government, having a complete executive and parliament organization, an effective army of 100,000 and united popular support.

ATLANTIC COAST LINE TO RESTORE SERVICE DEC. 15TH

The following telegram has just been received from the Atlantic Coast Line Railroad Company regarding reinstatement of passenger train service:

"Referring to our notice of withdrawal of passenger trains from December ninth, we will appreciate if you will give notice that all trains withdrawn will be restored 12:01 A. M., December 15th, and will be operated on official schedule in effect at that time."

**COAL MINERS ARE
URGED TO RESUME
OPERATION EARLY**

International Officials Preparing Appeal to be Sent to 4000 Miners.

Indianapolis, Ind., Dec. 12. — Members of the United Mine Workers of America are urged to return to work with the least possible delay in order that the public needs for coal may be promptly met in a circular prepared by the International officials of the organization this afternoon and which will be sent to the 4,000 local unions as soon as it can be printed.

The circular was issued to supplement instructions sent out last night by wire and contains an explanation of the action of the general committee in voting to accept the President's proposal for settlement of the strike.

Acting on the directions contained in the telegrams of last night, many miners reported for work today and indications were that practically all mines which have been idle since the walkout on October 31, will resume operations today. Reports from several mines told of hoisting of coal as early as noon today and operators here stated that coal will be moving by noon Monday.

Attorney General Palmer, who came to Indianapolis following his conference with miners' union heads in Washington Saturday night, left today for French Lick Springs, Ind., and tomorrow will leave there for Washington.

It was stated today that the government intended to proceed with the grand jury investigation of charges of violation of the Lever Act and anti-trust laws through conspiracy to limit the production of coal. These charges involve both miners and operators. On the other hand, it was indicated that charges of contempt made against 84 officials of the mine workers for alleged violation of the Federal court injunction against the strike, probably would be dropped.

Acting President John L. Lewis, of the United Mine Workers, left for Washington this evening to attend a conference of National and International union heads called by Samuel Gompers, president of the American Federation of Labor. Prior to his departure, he received a message from President Wilson commending the miners' officials for their action yesterday and replied in a telegram which carried assurance of further co-operation of the miners in efforts to reach a settlement, satisfactory to all sides.

SAYS CAPITAL HAS ABOUT DESTROYED FLAG OF GERMANY

Newspapers of Berlin Comes Out in Bitter Comment Upon Local Conditions.

Berlin, Dec. 12.—"German capital has deserted the flag, says the Vorwaerts in a bitter comment on the decline in value of the German mark.

Numberless cases are occurring in which the German sellers do not allow payment of their wares in Germany but establish accounts abroad which are exempt from taxation, declares the paper. To the damage of the German rate of exchange, continues Vorwaerts the German beggar sells his rags in the world market at what prices he can get and ignores the opportunities to get foreign moneys into Germany and thereby raise the mark.

Capitalists who find tax evasion profitable refer to the German economic crisis with a shrug of the shoulders and lay the blame to the government and financial politics.

The Vorwaerts states that German leather especially has been sold abroad at prices less than in Germany and with no other object than to transfer the producer's fortune to a place where it will not be taxed.

"For their own sakes several thousand illegal traders and capitalists are robbing their country and committing a theft of food by driving prices upward," the paper charges.

"Through pressure of the rate of exchange German war bonds can be bought in Switzerland for ten marks and the loan is bought up in quantities by those who realize that Germany must ultimately be given help and that the mark will rise.

The newspaper declares that some means must be found for preventing the exportation of goods to foreign countries.

MAUDE TABOR VICTIM OF FOUL PLAY, IS SAID

Lawton, Mich., Dec. 12.—Maude Tabor, former teacher of languages in the west, whose body was found concealed in a trunk in the Tabor home here ten days ago, came to her death as the result of hemorrhage during induced parturition in the opinion of Dr. A. S. Warthin, University of Michigan pathologist.

Dr. Warthin submitted a report of his laboratory analysis of the woman's vital organs at the resumption of the coroner's inquest.

The expert's testimony was accepted by some officials as disposing of the murder theory, but when asked if other charges might be lodged against the woman's mother, Mrs. Sarah I. Tabor, her brother, Walter Tabor, whose extradition is being sought from California or others connected with the case they refused to divulge any further plans they might have.

Dr. Warthin stated that apparently Miss Tabor had been attended by a person with some technical skill as the body had been partially embalmed and there were no signs of disease that might have caused death.

Joseph C. Virgo, an undertaker of South Bend, recalled to the stand, changed his previous testimony and admitted that he was married to Miss Tabor who was 46 years of age, at La Grange, Indiana, in 1915. He also told of his five other marriages and submitted to several hours' questionings as to his relations with Miss Tabor.

Virgo maintained throughout that

he advised the dead woman against resort to an illegal operation and denied knowledge of her death except that he was told by the mother that Maude Tabor died in the west.

PEOPLE ARE SENDING CHRISTMAS PARCELS

Postmaster Whichard says that the recent suggestion to mail Christmas parcels early is already showing effect at the local postoffice. Already parcels marked "Do not open until Christmas" are being mailed in considerable number. With many trains discontinued sending mail car space less available, the large Christmas shipments are going to cause congestion, and parcels held back for mail until a day or two before Christmas are not likely to be delivered by that day. Those who have their parcels ready for sending should let them be going to destination.

ATTRACTIVE SPEAKER

Presbyterian Church Sunday Afternoon.

The ladies of the Presbyterian church have as their guest this week end, Miss Jean McAlpine of the Assembly's Training School at Richmond, Va. Miss McAlpine will speak to a meeting of women at the Presbyterian church on Sunday afternoon at 3:30. She is a very fine speaker, and the daughter of Missionaries who have seen over thirty years service in Japan Missions. Miss McAlpine was born in Japan, and is completing her education preparatory to making her life work among the people of the Island Kingdom. The women of Greenville are all cordially invited to attend this meeting. She will also address Miss MacFadyen's Training School Class at the Sunday School hour, and it is hoped that she will consent to sing at the morning preaching service. The Christian Endeavor Society will hear her at 3:30 p. m.

OSCAR HOOKER FARM BRINGS \$33,642 IN SALE

The Oscar Hooker farm, near Grimes land, owned by Mr. George T. Adams, was sold yesterday morning by the Atlantic Coast Realty Company, the consideration being \$33,642. The property which had been subdivided into several small farms, was purchased by Messrs. J. J. Mills, P. Mills, D. L. Lewis and Heber Haddock, all of the Grimesland territory. The advertising campaign for this sale was conducted by W. P. Holt, who has been a member of the company's publicity staff in this section for the past several weeks, but will be transferred to another district within a short time.

All sales conducted by the company in this immediate locality have been creating much interest, especially the farm subdivisions, and it is expected that the rapid change of farm is going to bring about more intensive cultivation of crops during the coming planting season.

W. L. WOOTEN FARM

Splendid Small Farms, Subdivided, at Simpson, N. C., Six Miles from Greenville, N. C.

To Be Sold At Auction

Friday, December 19th, At 10:30 A. M.

Splendid small farms; W. L. Wooten farm, subdivided into small acreage tracts located at Simpson, N. C., 6 miles from Greenville, N. C. This property is well located on a good road, only a few minutes by rail from Greenville, N. C., and only a few minutes by public highway. The city of Greenville furnishes all conveniences which you may desire, fine schools for your children, churches of all denominations, good stores, banking facilities, numerous tobacco warehouses, other markets for your products, railroad connections on the Norfolk-Southern and Atlantic Coast Line railroads. This property to be offered consists of about 140 acres, of which about 60 acres are cleared, about 80 acres in woods. The entire property is level, well drained and hardly a foot of waste land. The cleared portion of this land is very productive indeed, producing as well, if not better than other farming land in this section. Very little timber, but sufficient cord wood for all farming purposes. Improvements consist of one 7 room dwelling, two tenant houses, two tobacco barns, one pack house, numerous stables, barns, sheds, outbuildings, etc. All of these buildings are in good condition and most of them are situated on the public road. Practically every tract to be offered on day of sale will have a road frontage. Besides all city conveniences being furnished by Greenville, N. C., there are stores nearby, a graded school and a church, as well as Simpson Station, about 1-4 mile distant.

Look over these small acreage propositions today. If you want to buy a good small farm in a prosperous section with good neighbors and land which will pay for itself within a very short time, you will do well to look over these small acreage tracts today with a view to purchasing at the sale on FRIDAY, DECEMBER 19th, at 10:30 A. M. Your price will do the buying on terms of 1-4 cash, the balance in 1, 2, 3 and 4 years. Free barbecue dinner served to all attending.

C. HEBER FORBES

NO OUTWARD SIGN OF GRIEF

Dumb Agony of Cossack Woman, Taking Leave of Mate, More Impressive Than Flow of Tears.

It was the square of Yurievets (on the Volga) that one of those tragic fragments which life casts up like driftwood was flung at our feet. A Cossack's leave-taking of his mate; that was all, a million times repeated in a million different izbas, in that one summer. But it was more—symbol of woman's ancient and inarticulate grief.

These shawled and booted women of the North are too burdened with earth's sorrow to weep; they are like dumb cattle in their woe. The soldier himself was openly wiping his eyes on his coarse, dusty, brown sleeve, while under both arms he clutched absurdly two enormous loaves of black bread. A dingy little child in its mother's arms fluttered uncomprehending hands in the direction of the steamer; but from the Mongol-cheeked, gray-eyed woman there was no sign.

She neither touched her man in farewell, nor offered any of those small caresses by which we seek to mitigate our grief. The sullen silence of the North had laid its finger upon her, but her eyes followed her mate with the wild, unreasonable grief of the forest sprung. She stood still staring, unaware of the baby in her arms, while the steamer moved slowly out into the gray mists. Long after dusk had closed down, I could see her face straining in the gloaming like a mask of despair.—Olive Gilbreath in the Yale Review.

MERELY COUSINS OF CHRIST

Explanation of Biblical Passages That Seem to Say the Redeemer Had Brothers and Sisters.

To judge from the passages Matthew 12:44, 46; 13:55, 56; Luke 7:19; St. John 7:3, 5, 10, Christ undoubtedly had brothers and sisters. These passages, are, however, contradicted by others, from which we learn that the pretended brothers of Christ were only his cousins. Thus, according to Luke 6:15, and John 19:25, James was the son of one Alpheus, or Cleophas, and Mary, the Virgin's sister. From Matthew 27:55, and Mark 15:40, we learn that James, or Joseph, was James' brother, and, according to Luke 6:16, was also Jude. In other passages the fourth pretended brother of Christ is designated by the Jews as the brother of James, Jude and James.

It is also claimed, in explanation of this theological puzzle, that the Jews were wont to apply the term brother to cousins, to relatives in collateral line, and even to mere friends (Genesis 12:14-29). The view that the above-mentioned personages were but Christ's cousins, and not his brothers, is held by Tertullian, Origen, Ambrosius, Irenaeus and, in fact, by all the Catholic church; also prominent protestants (Grotius, Calvin, etc.) share in it.

Worms That Thrive on Ice.

F. E. Matthes of the United States geological survey described some strange worms that abound on the lower parts of the Mount Rainier glaciers. They are dark brown, slender and about an inch in length. On favorable days in July and August millions and millions of them may be found writhing on the surface of the ice, evidently breeding there and feeding on organic matter blown upon the glacier in the form of dust. "So essential to their existence," says Mr. Matthes, "is the chill of the ice that they enter several inches, and sometimes many feet, below the surface on days when the sun is particularly hot, reappearing late in the afternoon."

Real Purpose of the State.

The ultimate purpose of the state is not to rule men, to keep them in fear, to subject them to the will of others, but, on the contrary, to allow each as far as possible to live in security, that is, to preserve for each his natural right to live without harm to himself or to his neighbor. No, I repeat, the object of the state is not to transform reasonable beings into animals or automata; its object is to enable the citizens to develop in security their bodies and their minds, freely to employ their reason. The true end of the state, therefore, is liberty.—Spinoza.

GARFIELD'S RESIGNATION

IS ACCEPTED BY WILSON

Washington, Dec. 12.—The resignation of Fuel Administrator Garfield tendered last night was forwarded to President Wilson this morning by Tamm. "Of course it will be accepted," it was said at the White House. The functions of the fuel administrator handed recently through the railroad administration under Garfield's authority will be continued under Director General Hines. This does not mean that Hines will be made fuel administrator in Garfield's place, it was stated.

ALABAMA FLOOD CONTINUES

TO DO ALARMING DAMAGES

Atlanta, Dec. 12.—Unprecedented floods in Alabama, Mississippi and Georgia were receding last night and today, but the rivers are not greatly affected during the first three or four days are out of their banks and causing heavy property loss. This is particularly true around Montgomery where the swollen Alabama river almost paralyzed the city's industries but did no great damage to the city itself. The railroads are still handicapped on some lines, and have closed out on account of the washout and high water. The loss of life is comparatively small.

LAND SALE.

By virtue of the power contained in a decree of the Superior Court, in the Special Proceedings therein pending, Numbered 2294, and entitled Annie E. Andrews, widow of J. H. Andrews, deceased, Ruth L. Sell At Gorman's

The market blocked Friday, failing to sell two houses. We look for smaller sales the coming week and advise against selling if your tobacco will keep. Gormans sold Friday 227,594 pounds for \$118,428.73, average \$52.04 Scrap and common 53,662 pounds for 66,157.73, average 11.47 Leaving 163,932 pounds for \$112,271.00, average 68.48 We had but little fine tobacco and as so many had their last (cleanings of the packhouses), we had lots of medium tobacco. While prices were not so high as they were ten days ago, yet they were far from low and our many customers all went home satisfied, praising the salesmanship of Gentry & Gorman. The market sold for week 1,996,871 pounds, averaging \$55.25 Gormans sold for week 825,708 pounds, averaging 56.63 This has been the largest week Gormans ever had and we are proud of the percentage in pounds as well as the average, which is \$1.38 more than the markets' average.
