PALMER OUTLINES PLANS TO REDUCE HIGH COST LIVING

Promises Reduction of Prices After His Plans Fully Materialize PROGRAM OUTLINED FOR FAIR PRICE COMMITTEES Effort to be Made to Put Mayors and District Attorneys Behind Issue.

Chicago, Dec. 17.—Attorney-General Palmer today pledged the full power of the Department of Justice in the prosecution of hoarders and profiteers in a talk in which he outlined to 400 city officials heads of civic organizations and club women of Illinois the program of this department in combatting the high cost of living.

A plea for the assistance of every man and woman in the country in a national fight against high prices was made by Mr. Palmer at the meeting which was called by Governor Lowden.

Explaining the plan of action, whereby fair price committees in every community become agents of the Federal government in enforcing its decrees, Mr. Palmer laid down a program of five conservations which if carried out, would do much to deal a death blow to the high cost of living. They are:

One—Organization of fair price committees in every city and country, backed by mayors and prosecuting attorneys, with the committees supporting the United States district attorneys.

Two—Organization of women to refuse to buy anything but actual necessities until prices come down.

Three—Holding of "conservation" and economy meetings in every community under the auspices of civic bodies.

Four—Influence of mayors and prosecutors to be brought to bear on the warring elements to prevent factional disturbances in industry and particularly to bring about an industrial peace at least six months duration.

Five—Remobilization of the four minute men to deliver "work and save" addresses in theatres each night.

"Despite all objections and obstacles, I propose to go through with this campaign," Mr. Palmer declared. "If industrial conditions do not get too bad during the next few months we can bring real relief."

The wage earners were in the class of the rich, in that their incomes, as a rule, had kept pace with the rapidly mounting cost of living, Mr. Palmer added. The salaried worker was the man who had felt the full brunt of higher costs because he had been the last to obtain relief.

The chief causes of the high cost of living, he pointed out, were decreased production, incident to the war, inflated currency, due to government borrowings and heavy taxes, which, he charged, were passed on by business men to the ultimate consumer.

"One of the greatest crimes of the day is idleness," said the Attorney General. "We must stop the factional disturbances in industry and increase production. If men and women would save 10 per cent more work prices would come down 20 per cent, and if they would economize and save 10 per cent more this problem of the high cost of living would be solved."

When the spider captures a fly he considers it a net gain.

TOMLINSON WILL SPEAK HERE SATURDAY EVENING

Mr. L. S. Tomlinson of Wilson will speak in the courthouse in Greenville, Saturday at 11:00 if it is rainy. If not, and it is clear and warm, he will speak on the square in front of J. R. & J. G. Moyer's Store. His speech will be "How we can make permanent the prosperity of the South."

HOUSE PASSES ON BILL FOR CONTROL OF SUGAR SUPPLY

Measure Will be Sent to Conference and May be Delayed for Sometime. PRICE AND MOVEMENT WILL BE CONTROLLED Republicans Condemn Wilson for Failure to Purchase Cuban Supply.

Washington, Dec. 17.—By a vote of 256 to 34 the House late today passed the Senate bill continuing the Sugar Equalization Board through 1920. Amendments retaining in force the war-time powers of the government for controlling prices and movements of sugar were approved necessitating the sending of the measure to conference committees of the two houses.

While the only disputes to be settled in conference are the continuance of the war-time powers permitting licensing control of the sugar business, and the requisitioning of stocks or refineries, leaders in congress were doubtful whether an agreement could be reached before the holiday recess. As passed by the Senate the bill repealed the license control and contained no reference to the requisitioning power.

Opposition of the bill's supporters to the repeal of these powers, and the unanimous criticism of the Sugar Equalization Board that the senate bill would serve no useful purpose were placed before the house committee before it decided earlier in the day to recommend continuance of the powers. The board declared it should be vested with these powers, as well as the power to place an embargo on exports.

The House Interstate Commerce Committee began hearings today on the proposal to place an embargo on sugar, but deferred final action until Friday. Several members of congress (Continued on page four.)

OFFICIALS DECLINE TO COMMENT UPON MEXICAN ATTITUDE

Second Note Concerning Jenkins Has Not Reached Department at Capitol.

Mexico's reply to the American note renewing its request for release of Consular Agent Jenkins had not reached the state department early today. An official declined to comment on the text as given in Associated Press dispatch last night from Mexico. The Carranza government now maintains that the Jenkins case has taken on an entirely different aspect since release of agent under bail, and expresses hope that "this case shall no longer disturb good relations which it sincerely hopes exists between American and Mexican people." After Jenkins was released under \$500 bond, furnished without his knowledge, officials here said there had been no change in government attitude.

BELGIAN GOVERNMENT HAS REFUSED NEUTRALITY PLAN

Brussels, Dec. 17.—The Belgian government will refuse absolutely to return to its state of neutrality, according to independence of Belge. Declarations soon will be made by Premier Delacroix on the subject who will specify government viewpoint, the newspaper adds.

SEVERE SHORTAGE OF BREAD CAUSES GREAT SUFFERING

People of Petrograd for Months Have Been Unable to Obtain Good Bread. FLAXSEED BREAD ARE USED IN MANY REGIONS Bartering Practiced in Petrograd and Moscow Causing High Prices.

Helsingfors, Finland, Dec. 17.—The only bread the majority of the residents of Petrograd have been able to obtain for months has been the so-called "duranda," made from flaxseed skins from which the oil has been pressed. M. Saponen, a Petrograd art dealer who recently succeeded in escaping from Bolshevik Russia to Finland, who discloses this situation says the bread is highly irritating and causes stomach trouble.

M. Saponen expressed the opinion that, if the Allied blockade continued, the worst months for Bolshevik Russia would be March and April. He stated that, though unemployment was general in Petrograd, it was difficult to hire workmen owing to their weakened condition and apathy. The proletariat class, who are not allowed food rations, get nothing except what they manage to buy surreptitiously by selling their furniture and other possessions.

"Bartering is extensively practiced in Petrograd and Moscow as well as in the country," continued M. Saponen. "No one may legally possess more than 5,000 rubles. When people have nothing more with which they may trade they must join the Communist party in order to get work. That is difficult however, for the bourgeoisie. All the educated people try to move into the country where conditions are better." Last March, foreigners, who up to (Continued on page five.)

MISTAKE IS MADE IN PREDICTING END OF WORLD TODAY

Astronomer Denies Having Made Such an Emphatic Statement in Past.

Ann Arbor, Mich., Dec. 17.—Professor Albert Porta, generally credited with having predicted an end of the earth today on account of the position of the planets, made no such flat statement, according to information received in University of Michigan circles here. Porta, who is said to be an amateur astronomer now living at Los Angeles, predicted beginning of about the middle of December and continuing until the middle of January a series of terrific storms and earthquakes and volcanic eruptions. Opinion is expressed here that these forecasts were strongly enlarged upon in telling until end of the world prediction was attributed to Porta. Porta never has been an University of Michigan professor.

LANE DENIES REPORTS OF HIS INTENDED RESIGNATION

Washington, Dec. 17.—Secretary Lane issued statement today denying published reports that he had placed his resignation before the president, but disclosed the fact that he intends to leave the cabinet when he can do so without adding to the president's burden of worries.

ELLIS ISLAND HAS RECEIVED GREATER INTEREST RECENTLY

Open Door to the Depressed of Every Land Under Direct Investigation. HUNDREDS ANARCHISTS AND RADICALS ARE HELD United States Immigration Prison for this Port Located There.

New York, Dec. 17.—Ellis Island known for years as "the open door to the oppressed of every land" and which has become the subject of a Congressional inquiry by reason of its new character as a place of detention for hundreds of anarchists and other "dangerous" radicals, is really three small islands in New York harbor about one mile southeast of Manhattan. Their total area is approximately 20 acres.

Upon these islands, known as No's 1, 2 and 3 are nineteen large and small buildings of brick and stone, many of them handsome structures of four and five stories, used as the United States Immigration Station for this port and through which, from July 1 to December 1 last, nearly 80,000 aliens entered the Land of Opportunity and Freedom. Hundreds of "undesirables," it should be stated, were at the same time sent back to the lands of their birth. The immigration service here employs 372 workers including inspectors who board incoming ships.

It seems an incongruity that Ellis Island which, in summer, gives the foreigners his first glimpse of the wonders of the New World's metropolis, a pleasing view of beautiful lawns and flowers, well kept buildings and a fine harbor with the marvelous skyline of New York in the distance, should have metamorphosed during the war into a big detention place for political criminals. FARM BRINGS FINE PRICE IN AUCTION SALE DURING DAY

Adelaide Fleming Farm Sold This Morning at Auction for \$70,725.93.

The Adelaide Fleming farm, located two miles from Greenville, was sold by the Atlantic Coast Realty Company today and brought the handsome sum of \$70,725.93. This farm contains 205 acres and was bought by Messrs. R. L. Smith, W. H. Dail, Harvey Briley and Thad Moore. Messrs. A. R. Dupree and K. W. Cobb, are due credit for the wonderful success of the sale, as they have put on an extensive advertising campaign, and have done everything possible in bringing the sale to this satisfactory termination.

BERGER WILL RUN FOR CONGRESS ON SOCIALIST TICKET

Wisconsin Not Surprised, However. DISTRICT IS LOOKED ON AS SOCIALIST STRONGHOLD Berger Carried District Several Years Ago, but Vote Was Revoked.

Milwaukee, Wis., Dec. 17.—Vistor L. Berger is the issue in the special election called for Dec. 19 in the fifth congressional district of Wisconsin. The Socialist leader, who was elected to the present Congress but denied his seat following his conviction for violation of the espionage act, is again the nominee of his party. He is opposed by Henry H. Bodenstab, a republican, whose candidacy is backed also by the democratic organization and a local society known as "The Good Government League."

The fifth district is looked upon as the socialist stronghold in Wisconsin. Berger carried it several years ago when he was elected to Congress the first time, and again at the regular election in November, 1918. At the latter time he had a plurality of more than 5,000 votes, polling 17,320 against 12,450 for Carney, democrat, and 10,678 for Stafford, republican. Carney instituted the contest which resulted in Berger's loss of his seat.

Berger was the unanimous choice of a mass meeting called hurriedly because of lack of time for taking the usual party referendum. The Berger meeting approved his "entry act, work and writing." The platform on which Berger seeks reelection reiterates many of the Socialist party principles and declares against prohibition, against "the impertinent presumption of any clique or party in the House of Representatives to dictate whom the district is to (Continued on page four.)

SAYS COOPERATION OF DAIRY WORKERS IS ESSENTIAL NOW

North Carolina Extension Service Gives Advice About Herding Stock.

West Raleigh, Dec. 17.—The difficulty in getting good pure bred bulls for North Carolina dairy herds can be partly lessened by organization cooperative bull associations, thinks the dairy experts of the Agricultural Extension Service. Better bulls at less expense to each farmer are possible by the cooperative method, and the number of bulls required each year to supply dairy herds is less.

The cooperative bull association is an organization of farmers of one community, a bull being provided for each block or group of farmers in the community, and all the bulls paid for by the entire association. Not fewer than three bulls and often four or five are purchased. From 15 to 30 farmers are represented in the association, and from 50 to 150 cows in a block. If the bull is expected to serve cows belonging to farmers outside the association, this should be considered in determining the number of herds in each block, for it is not wise to figure on each bull serving more than 150 cows.

The advantages of the cooperative association, according to the extension workers, are these: Better bulls are used, and the expense to each farmer is less. The period of service of good bulls is greater, and the poor bull is found out early enough to be condemned. One breed is developed in a community which is a great advantage when it comes to marketing surplus stock.

HOEY ELECTED TO CONGRESS BY NICE MAJORITY IN NINTH

John Motley Morehead, Republican Opponent, Again Buried by Heavy Vote DEMOCRAT ELECTED BY A 2 THOUSAND MAJORITY Mecklenburg Rallies Readily to Democratic Principles in Big Vote.

Shelby, Dec. 17.—A thousand enthusiastic friends of Clyde R. Hoey celebrated tonight on his election to congress over J. M. Morehead by an estimated majority of not less than 2,000 nor more than 2,500 when the Republicans confidently expected to elect their man. Cleveland county gave her favorite son 3,217 against Morehead's 1,306, a majority of 1,911, the largest Democratic majority Cleveland county has ever given in her history.

Hoey carried 20 of the 23 precincts in Cleveland. Returns are incomplete from several counties in the district with four small precincts in Burke making Hoey has a majority of 65. Gaston, which gave Webb Democratic majority of 1,000 last year, gave Hoey only 203. Hoey has a majority in Lincoln of 167, and in Mecklenburg a majority of 2,163. Catawba went Republican by 234, practically the same majority Jones had against Webb, Mitchell's Republican majority is reported at 850, while Madison gave Morehead 1,000 majority. Yancey and Arroy had not been heard from tonight when local Democratic headquarters closed up.

Hoey will take his seat in congress after the holiday recess.

Clyde R. Hoey, Democrat, of Shelby, was chosen in the special election in the Ninth District today to the seat in congress vacated by E. Yates Webb, who was recently appointed to the Federal bench, defeating John M. Morehead, of Charlotte, Republican. On the face of the incomplete returns from practically all the ten counties in the district, with complete returns from all the larger counties, the Democratic majority ranges between 1,500 and 2,000.

Mr. Hoey said late tonight over long distance telephone that he estimated his majority at 2,000 at least. Mr. Morehead said reports at Republican headquarters here indicated a majority of 1,300 to 1,400 for Hoey.

In the 1918 regular election, Mr. Webb received a majority of 4,152 over his Republican opponent, Charles A. Jones, of Lincoln.

The League of Nations was one of the chief issues in the campaign, Hoey being an advocate of the plan while Morehead is an opponent.

Mecklenburg county, including Charlotte, gave Hoey 2,163 majority against a majority of 3,199 for Webb last year. Hoey's home county, Cleveland gave him 1,911 majority against a majority of 1,272 for Webb in 1918. Gaston county, which gave Webb about 1,000 majority last year, gave Hoey only 203 majority today. Other Hoey majorities by counties are Lincoln, 167 and Burke 78, while his majority in Yancey is estimated at 200. Official returns give Morehead 777 majority in Avery county and estimates give him 1,000 majority in Madison and 850 in Mitchell.

*To the American People*

IT is the declared purpose of the United States Government to restore the railroads at an early date to the control of their owners.

The Association of Railway Executives represents those upon whom at that time responsibility will again rest for the prompt and successful movement of the country's commerce.

Those constituting this Association are keenly conscious of their accountability to the public.

They have accordingly determined to present as fully as they can, the fundamental facts and considerations which they themselves

must face in their efforts to provide satisfactory railroad service.

It is hoped to engage the interest of the whole American people, whose welfare is so vitally dependent upon adequate transportation.

The country can grow only as the railroads grow. The railroad problem must be solved—and solved rightly and soon—if our country is to prosper.

It is to promote that prosperity—permanently and in the interest of the whole people—that railroad executives will present to the public the situation as they see it.

WEDNESDAY, DEC. 17, 1919

People who forget to do their Christmas shopping early generally are the ones who have long faces on Christmas day.

Germany wants to clear up the dispute over the peace treaty, so it is said. And, of course, Germany is by itself in its desire.

You can mark it down that when the American Legion appears before congress that body is going to sit up and take notice.

There are thousands of men who would rather battle with the booze bottle than to stay home and help wifey fight the high cost of living.

If that investigation into the paper situation by congress has been the cause of the recent slight decline in prices we are certainly thankful, even as thousands of other publishers.

The thrift habit appears to be pretty well instilled in the minds of some people throughout the nation, but with others, it is an absolute impossibility.

The world has become so modernized that it would be only natural to see Santa Claus come swooping down Christmas in a trim looking little aeroplane.

The supreme court's decision in the war time prohibition question certainly gave whiskey supporters the heart trouble and dissipated many fond hopes for a merry, merry Christmas.

The gradual removal of coal restrictions in many localities is causing people to become more interested in industry, and some men to really go to work who never thought such possible.

Those people who were fortunate enough to have Christmas savings accounts are going to fare much better than those who have been spending freely throughout the year without thought of saving.

James W. Gerard has signed a minority nominating petition for becoming a candidate for president of the United States, to make the world safe for Democracy, so it is said, just as if all of them haven't claimed the same thing.

The leech is out only for what it can seize and suck a living from. Some folks are just that way. Greenville has some, too, folks with no initiative or endeavor for community good, but simply hangers on drawing their existence from the efforts of others.

The utter lack of appreciation of values in this time of prosperity will result in baneful effect on future when a reaction comes. People seem to have no regard for the worth of a thing that they are about to purchase or invest in. Because they have the money, the higher the price the better pleased they seem. The idea of thrift and saving something for the future is forgotten.

President Wilson has certainly put the burden on the Republican party, where it belongs; in his refusal to recommit to the senate the league of nations and peace treaty with concessions or amendments. The Republicans are responsible for the treaty not being adopted by the last congress, and they will be responsible for whatever comes of it from now on. And the people are going to hold them responsible for it.

MAIL YOUR PACKAGE NOW!

Reports from virtually every section of the country indicate that postmasters are expecting one of the busiest seasons in many years, and are preparing in every way possible to take care of the great volume of mail so that inevitable congestion may be avoided. It is certainly pleasing to note that such intense interest is already in evidence among the mail distributors of Uncle Sam's for it assures everyone that the Christmas bundles are going to receive early delivery. Immediate delivery of Christmas parcels, however, cannot be expected at all times, for as the holiday season draws nearer the trains become more congested, mail pouches become larger and more burdensome, and even the greatest efficiency in the postoffice and on the trains, too, cannot at times assure the impatient recipient of more than ordinary speed in deliveries. The condition of mail service, particularly during Christmas, should be realized by every person, in every section, and if there are any presents to be sent through the mails all haste possible should be used so that they will not have to wait until the last moment and then risk a chance of being late or even getting lost in the congestion. In such cases, it is only natural to expect that your present will go through safely, and not incur delay as in thousands of other cases where procrastination seriously retarded work of government officials far more than the worry caused the sender by not mailing parcels in time. It should be just as easy to expedite efforts in avoiding delay in transportation as it should be in other instances when quick and concerted action is necessary, and if people are not sufficiently interested in their own personal affairs as to facilitate work of others, there is little reason to believe that they could expect other than to be confronted with delay in everything undertaken, whether mailing a Christmas package or not.

Confirmed statements from government headquarters say that unusually heavy mails are anticipated, and every effort will be made to take care of probable congestion even to the last moment, but the government will be unable to properly dispose of its great volume of business unless given support from the public. In such cases, there is only one thing to be done, and that is to do your Christmas shopping early, and send out all packages to go through the mails immediately, or as early as possible. "Mail early" and "Remember the Mail Man" are two slogans proposed for the holiday season by Mr. Burleson, and should his suggestion be heeded the situation will be far better than it will be if not properly regarded.

SUGAR AND CONGRESS.

Congress may have been rather listless and apparently unconcerned in its proceeding for the past month, but reports which have just been received indicating that its members have about definitely decided upon government control of sugar as one of the most direct and advisable means of preventing and bringing about more equitable distribution is something that causes everyone to have just a little more faith in its efforts in behalf of the people. The sugar question was not taken up any too soon, judging by the state of affairs in ascendancy in many parts of the country, and while there are very few who knew that profiteering has been going on and exports have been out of the ordinary, they have known, however, that the shortage in this territory has been exasperatingly serious, calling for something more than quiet and considerate action.

Complete government control in the price and distribution of sugar for the next several months cannot be other than advisable, and the sugar equalization board, as we see it, is absolutely without power to take action in the prevention of profiteering and improper distribution if it is not given power by congress. The McNairy bill pending in congress, does not include the two essential features, and it would be useless, mere folly on the part of the senate to take action in the matter unless the governing board is given authority to bring about conservation and prevent a recurrence of the present deplorable state of affairs.

An embargo on all sugar exports, as proposed in one instance, is not a bad idea. In fact, it is probably one of the most direct and methodical means of restraining unnecessary shipments, and a direct prevention against certain shortages promoting high prices in which profiteering plays such a prominent part. No one can doubt that our supply of sugar has been going somewhere, or that there has been a miserable number of crooked deals going on, but in either case, congress has now taken a position, which if fully adhered to, will eventually mean that sugar will be distributed freely in every community, and such things as shortages will be a thing of the past.

When it comes to wrestling with his first mustache the youth is apt to get it down.

ELLIS ISLAND HAS

RECEIVED GREATER INTEREST RECENTLY

(Continued from page one.) Inails and the foes of organized government. The fact is, Ellis Island, according to the authorities, was not intended as a prison for such offenders. Federal Judges, in the past two years, acting under the authority vested in them, liberated 557 so-called "dangerous aliens" either upon their own recognizance or in the custody of their lawyers according to Representative Isaac Siegel, a member of the House Immigration Committee which is investigating the Red peril. During the same period 677 anarchists, bolsheviks, and other radicals have been sent from various parts of the United States to New York. Of this number 85 are now in custody of Acting Immigration Commissioner Byron G. Uhl, the successor to Frederick C. Howe, who until recently, and since 1913 had served as Commissioner. A representative of the Associated Press was permitted to make a tour of the Ellis Island buildings.

HOUSE PASSES ON BILL FOR CONTROL OF SUGAR SUPPLY

(Continued from page one.) appeared before the committee to urge favorable action. In the house debate, however, Representative Fordney, Republican, of Michigan, declared "this embargo talk is nonsense" as under an agreement of the Equalization Board with Great Britain, France and Italy to keep them out of the Cuban market, the United States was compelled to export some sugar to these countries. House action on the bill resulted in "speed up" program adopted by leaders late in the day. Earlier the agriculture committee unanimously had recommended passage of the bill and as soon as its report was completed the bill was called up under a suspension of rules. A two-thirds vote of the members present thus was required to pass the measure.

BERGER WILL RUN FOR CONGRESS ON SOCIALIST TICKET

(Continued from page one.) elected as its representative" and against "meddling in the internal affairs of any foreign country—Russia, Germany, and Mexico." Bodenslab's candidacy was the outgrowth of a conference between representatives of the Republican and Democratic county committees and a delegation from the Good Government League.

Bodenslab also has announced that he is against prohibition. The nub of his platform is the declaration "to keep inviolate the fundamental principles of our government, and stand opposed to every attempt to Bergelize and Bolshevize this country."

A woman of experience says it is impossible to keep children off stair carpets in place without using the rod.

Some people are so constituted that they are unhappy unless they have something to worry about.

WHY PUSH OUT THE CLUTCH?

A good many people ask this question, "What's the use of pushing out the clutch when you start your motor, as long as the shift lever is in neutral and there is practically no load on the engine?" The question sounds like a logical one but as a matter of fact it is based on a wrong supposition. There is really a considerable load on the engine, just on account of the shaft and gears that must be turned.

Just try this test if you want to see how much this load amounts to. Turn your engine over by hand some morning with the clutch in. Then have someone hold the clutch pedal down, or fasten it down with blocks and try it again. If you turn the engine over rapidly you'll see that there is quite a difference and the lead is much greater when the engine spins at the rate the starting motor turns it.

It pays to keep in mind the fact that thickened oil has very definite braking action and this action is very greatly lessened when you push down on your clutch pedal.

CERTIFICATE OF DISSOLUTION

To All to Whom These Presents May Come—Greeting: Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Southland Motor Corporation, a corporation of this State, whose principal office is situated at No. \_\_\_\_\_ Street, in the town of Ayden, County of Pitt, State of North Carolina (S. A. Eure being agent therein and in charge thereof, upon whom process may be served,) has complied with the requirements of Chapter 21, Revised of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 27th day of October, 1919, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 27th day of October, A. D. 1919.

J. BRYAN GRIMES, Secretary of State.

END OF THE CENTURY CLUB SEVERE SHORTAGE OF BREAD CAUSES GREAT SUFFERING

The End of the Century Club was pleasantly entertained by its president Mrs. R. Williams at her home, on Greene street, on Tuesday afternoon. Mrs. Hortense Moyer attended her first meeting as a new member (she was a member several years ago). Sixteen members were present and the invited guests were Mrs. Baseom, Miss Maupin and Mrs. Tom Moore. The club voted to remember the boys at Oteen hospital by sending a donation to be used for bringing cheer to the boys on Christmas day. A gift is to be sent to the little war orphan in France which the club is supporting.

The program was "Benard Shaw A Dramatist." Mrs. L. C. Arthur made a few remarks then read an appreciation of Shaw by Archibald Henderson. In her remarks Mrs. Arthur brought out clearly that Shaw used all of his plays as the means of getting his philosophy of life before the people. She in attractive manner read story of "Mrs. Warren's Profession" and read from the play. Mrs. Warren's own defense of her career. Mrs. T. E. Hooker read maxims from "The Revolutionist" which were enjoyed and were followed by a lively discussion.

W. L. WOOTEN FARM

Splendid Small Farms, Subdivided, at Simpson, N. C., Six Miles from Greenville, N. C.

To Be Sold At Auction

Friday, December 19th, At 10:30 A. M.

Splendid small farms; W. L. Wooten farm, subdivided into small acreage tracts located at Simpson, N. C., 6 miles from Greenville, N. C. This property is well located on a good road, only a few minutes by rail from Greenville, N. C., and only a few minutes by public highway. The city of Greenville furnishes all conveniences which you may desire, fine schools for your children, churches of all denominations, good stores, banking facilities, numerous tobacco warehouses, other markets for your products, railroad connections on the Norfolk-Southern and Atlantic Coast Line railroads. This property to be offered consists of about 140 acres, of which about 60 acres are cleared, about 80 acres in woods. The entire property is level, well drained and hardly a foot of waste land. The cleared portion of this land is very productive indeed, producing as well, if not better than other farming land in this section. Very little timber, but sufficient cord wood for all farming purposes. Improvements consist of one 7 room dwelling, two tenant houses, two tobacco barns, one pack house, numerous stables, barns, sheds, outbuildings, etc. All of these buildings are in good condition and most of them are situated on the public road. Practically every tract to be offered on day of sale will have a road frontage. Besides all city conveniences being furnished by Greenville, N. C., there are stores nearby, a graded school and a church, as well as Simpson Station, about 1-4 mile distant.

Look over these small acreage propositions today. If you want to buy a good small farm in a prosperous section with good neighbors and land which will pay for itself within a very short time, you will do well to look over these small acreage tracts today with a view to purchasing at the sale on FRIDAY, DECEMBER 19th, at 10:30 A. M. Your price will do the buying on terms of 1-4 cash, the balance in 1, 2, 3 and 4 years. Free barbecue dinner served to all attending.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for,—because they know it is worth waiting for.

Some are still waiting, but their cars are coming. December production is taking care of many orders, and January will see the great Chandler plant on a production basis unprecedented in the medium priced fine car field.

Chandler dealers will, we hope, be able to fill their orders more quickly next year, but when the first warm days of Spring come, and the country roads call, and everyone decides he wants his new car at once, there will be some waiting, again.

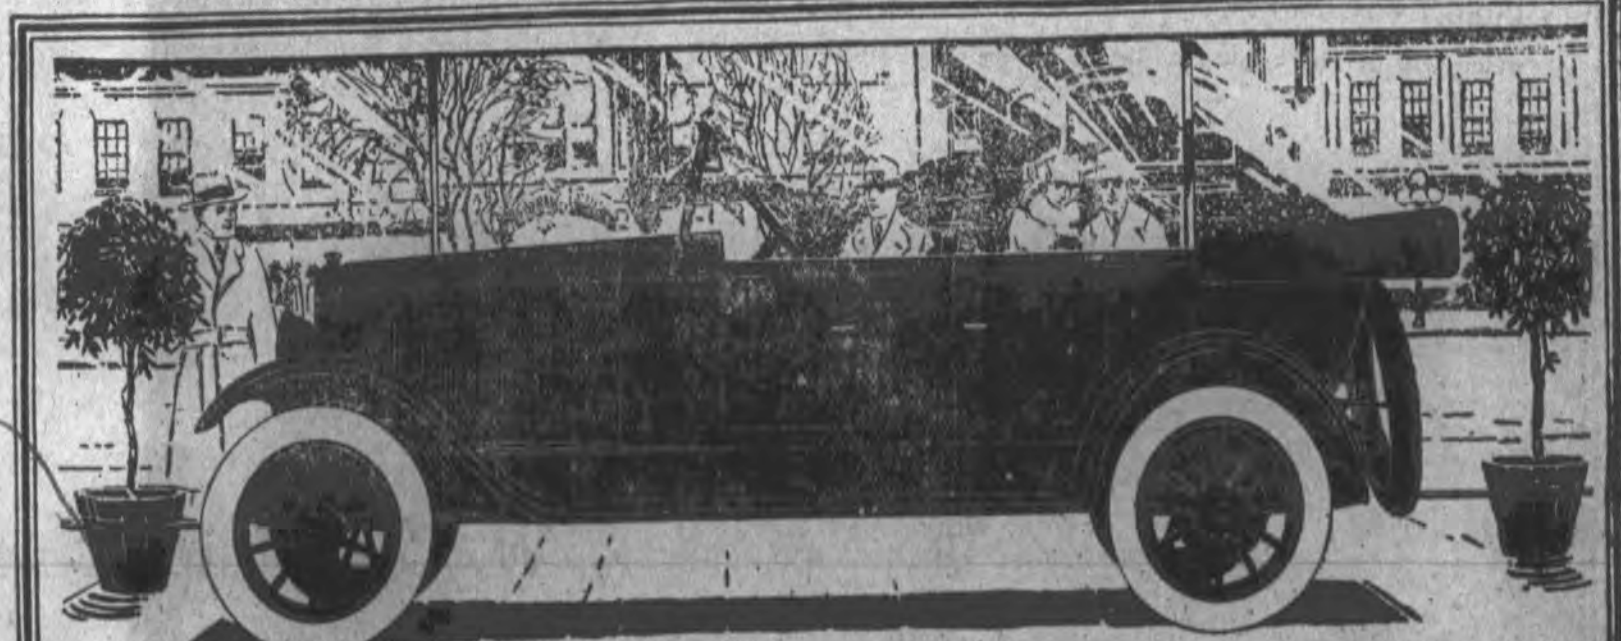

If you want your new Chandler when you want it, place your order now. If you want to be sure of getting the car of your choice, the greatest of all Sixes beyond question, drop in and see your Chandler dealer now, regardless of what the weather may be. For "Spring'll be here 'fore you know it."

All Chandler bodies are mounted on the one standard Chandler chassis, which has made the name famous. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.

**Get The Right Present For Christmas**

ONE of the customers of this store was asked that question by a friend, not long since—and the customer told us. She mentioned that friends were constantly admiring her rings—commenting upon their unique settings and the fact that she NEVER LOST A SETTING.  
 The same comments of quality and dependability might sincerely be made of every article that comes from this store. In the case of the rings, we cheerfully give much of the credit to the W. W. W. Gem Set line. They come to us guaranteed and we KNOW THEM because we KNOW THE MANUFACTURER.  
 These rings are nationally advertised and they come to us and to you with a constantly increasing prestige. They are really a TRADE MARKED ring and fully up to the highest standard demanded in this establishment.  
 We feel—an I wish pride—that our best advertising is the advertising our loyal patrons give us—unsolicited.

**W.W.W. RINGS**

In addition to Rings, this store has an exquisite line of Brooches and Pins of all kinds, Bracelets, Wrist Watches, Cuff Buttons and everything in Cut Glass. Can you imagine anything more suitable for Christmas presents?

# SUPREME COURT IN OPINION SUSTAINS WARTIME DRY ACT

Holds that Dry Period May be Terminated by President's Proclamation.

Washington, Dec. 16.—By a unanimous decision constitutionality of the war-time prohibition act was sustained today by the supreme court. The opinion, given by Associate Justice Brandeis, held in effect, however, that the war-invoked "dry" period still may be terminated by Presidential proclamation of demobilization.

In rendering its opinion, the court, however, did not act on the validity of the Volstead prohibition enforcement act, or on appeals involving the alcoholic content of beer, leaving those issues to future opinions which may be handed down next Monday before the court recesses for the Christmas holidays.

Today's decision practically swept away all hopes of a "wet" Christmas, as the possibilities of the war-time

act being repealed before constitutional prohibition becomes effective one month from tomorrow, were considered remote.

The cases decided were those of the Kentucky Distilleries and Warehouse Company of Louisville, Ky., and Dryfoos, Blum & Company, on New York, instituted for the purpose of compelling the government to release whiskey from bond. In both cases the court denied contentions of Ellihu Root and other attorneys for the distillers that the act, in violation of the constitution, takes private property without just compensation, that the period of the war emergency for which the act was passed had terminated, that the law was an interference with the State police powers and an undue exercise of the powers of congress.

Congress did not intend for the wartime act to terminate on the conclusion of the war but at the end of the period of demobilization in view of the court which held that the "conclusion of the war clearly did not mean cessation of hostilities."

"Congress, therefore, provided," the opinion added, "that the time when the act ceased to be operative should be fixed by the President ascertaining and proclaiming the date when demobilization had terminated."

# URGES REGULATION FOR IMMIGRATION IN NEW YORK CITY

Defects of Ellis Island set Forth in Statement by City Officials.

HOUSE WILL BE ASKED FOR "TIGHTENING UP"

More Rigid Inspection is Advised at all Ports of Entry in the Nation.

New York, Dec. 16.—Some of the defects of Ellis Island and seven recommendations which the Congressional committee will make to the House for a "tightening up" of immigration regulations throughout the United States particularly as they apply to anarchists, bolshevists and other ultra radicals, were indicated here today by officials of the United States Immigration Station and by Representative Isaac Siegel, a member of the committee which has been investigating this port of entry.

These recommendations, according to Mr. Siegel, will include (1) Naturalization Courts in large cities; (2) a method of requiring all young Americans to take the oath of allegiance upon reaching 21 years; (3) abolition of the office of Commissioner General of Immigration; (4) appointment of an Assistant Secretary of the Department of Labor to supervise all immigration affairs; (5) mandatory legislation providing for more rigid inspection at Ellis Island where 80 percent of incoming aliens arrive; (6) a military immigration patrol on the Canadian and Mexican borders; (7) more drastic penalty for ship owners who permit alien members of crews to desert.

Reinstatement of train service in the south is certainly pleasing to that great number of people who will be compelled to wait to the last minute before going home to spend the holidays.

### COMMISSIONERS SALE OF LAND.

In the Superior Court, Before the Clerk. Jesse Fleming, Administrator of Delzora Fleming, and Jesse Fleming, heirs: at law of Delzora Fleming. vs.

Isaac Eborn and Rowena Eborn, infants under the age of 21 years, appearing by their guardian ad litem Henry Eborn. By virtue of power vested in us by that decree of the Superior Court of Court House door in the Town of Greenville, to the highest bidder for cash, on Saturday, the 20th day of December, 1919, at 12 o'clock noon the following described parcel of real estate, lying, being and situated in Pactolus Township in the County of Pitt, and State of North Carolina, to-wit:

Lots Nos. 1 and 2 in Block "G" in the plat of the Town of Pactolus, as surveyed and platted by the East Carolina Land and Improvement Company, and being the same parcel of land that Pitt County made in the above entitled action on the 18th day of November, 1919, we shall offer for sale at the 1919, was conveyed to the late Delzora Fleming by C. B. Bradley and wife, and recorded in Book E-9, at page 108 of the Pitt County Registry, to which reference is made. This the 18th day of November, 1919. ALBION DUNN, Commissioners. 19 11w-4wk

### ADMINISTRATOR'S NOTICE.

Having qualified as administrator of the estate of the late William Haeris, of Pitt county, North Carolina, this is to notify all persons having claims against said estate to exhibit them to the undersigned administrator, or his attorneys, within twelve months from this date, or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment This November 13th, 1919. J. H. HARRIS, Administrator. F. G. JAMES & SON, Atty's. 13-11 w4k

### NOTICE.

By virtue of authority vested in me by an order of the clerk of the Superior Court of Pitt County, N. C., in the Special Proceeding now pending in the Superior Court of Pitt County entitled, Arden L. Tucker, Guardian for Susan E. Taylor, Arden L. Tucker, Jr., Bruce W. Tucker and Helen Tucker, minors, Ex Parte, which said order was approved by Hon. John H. Kerr, Judge holding the courts of the Fifth Judicial District, in term; I shall on the 15th day of December, 1919, offer for sale at the court house door in Greenville, N. C., at 12 o'clock M. to the highest bidder for cash, the following tract of land:

Lying and being in Chicod Township, Pitt County, N. C., adjoining the lands of Isaac Taylor, the lands of Major Gaskins, the land formerly known as the Jesse Sutton land, the lands of L. A. Taylor and others, containing 100 acres, more or less and being the tract of land known as the John A. Riddick place and purchased by Susan E. Tucker from F. C. Harding and wife by deed of record in the register of deeds' office of Pitt County in Book 1-10 at page 274." This November 14th, 1919. F. C. HARDING,

### NOTICE.

North Carolina, Pitt County. Catherine Forbes vs. Claude C. Forbes.

In the Superior Court. The defendant above named will take notice that an action, entitled as above, has been commenced in the Superior Court of Pitt County to obtain from the defendant an absolute divorce and the defendant will further take notice that he is required to appear before the clerk of the Superior Court at his office in Greenville, North Carolina, on Monday, January 5th, 1920, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint. This December 1st, 1919.

## Sell At Gorman's

All sales finished Tuesday around three o'clock.

Gormans sold Tuesday	137,152 pounds for	\$66,249.58, average	\$48.30
Scrap and common	33,564 pounds for	3,100.20, average	9.24
Leaving	\$103,588 pounds for	\$63,149.38, average	66.96

The market is easier than it was two weeks ago, but the average above is misleading as there is but little fine tobacco in the sale. So many are winding up and bring the remainder, what has been left, from time to time, that a good part of the sale is medium (in ordinary times this would all be classed as common tobacco) much of it sells from 25 to 35 and cuts the average badly.

All our customers went home satisfied praising Gentry & Gorman's salesmanship, many coming back, thanking us for their sales and telling us they had made a much better sale than they had expected, from the reports they had been hearing. We close today and will re-open January 6th.
