NUMBER 14.

AUSTRALIAN URGES PREPAREDNESS ON THE NAVY LEAGUE

Minister of Navy Tells Navy League Why Military Future Is Essential. TELLS MEMBERS TO SPEND LAST DOLLAR PROGRAM Cannot Afford to Let Rifles Rust Yet Awhile, Though Peace Is Declared.

Sydney, Australia, Dec. 26.—Sir Joseph Cook, Minister for the Navy, is urging military preparedness upon Australians. At the annual meeting of the Navy League, he said: "Spend your last dollar on preparing for a fight to the last. We have signed the peace, but Europe is still full of mutual hatreds, even among the allies. Until there is a general movement for disarmament, as I hope there soon will be, we must trust to the League of Nations—and keep our powder dry. "We cannot afford to let the rifles rust yet awhile, though we have a League of Nations which we hope will be fruitful," he told the National Rifle Association. "Our rifles must be kept well oiled, and you must be able to shoot them as in times gone by if this country is to be safe. We may yet need our rifles here in Australia." To the Women's Reform League, Sir Joseph said: "Our hope must be centered in the League of Nations. It is the one great hope of the world, but if we cannot make it effective in the near future we had better get ready for the next war, which will otherwise come as surely as the sun rises."

APPEALS TO WORLD TO STOP GREAT SLAUGHTER

Berlin, Dec. 26.—An appeal to world workers asking their governments to take steps to stop alleged slaughter of communists and socialists in Hungary has been sent out by the Austrian social democracy.

SOVIET REPUBLICAN ENVOY ARRIVES IN CITY OF NAPLES

Rome, Dec. 26.—A Soviet Republican envoy charged with special mission to the Italian government arrived in Naples yesterday, according to a Rome dispatch.

SIX MEN DEAD AS RESULT OF TOO MUCH BAD LIQUOR

Hartford, Conn., Dec. 26.—Six men are dead here and three are dying from the effects of liquor which the police believe was wood alcohol containing coloring matter.

WOMEN MUST HELP WITH LEAGUE NATIONS

London, Dec. 26.—"The success of the League of Nations idea is dependent upon the intelligent co-operation of the women," says Miss A. Helen Ward in an article in the League of periodical. The writer suggests the organization of a Woman's Bureau of the League of Nations and that the women should be appointed for their general fitness for the purpose of the League, rather than merely as experts in what are known.

POINCARÉ'S SUCCESSOR TO BE ELECTED AT EARLY DATE

Paris, Dec. 26.—President Poincaré's successor will be elected January 17th according to an inference generally drawn by the Parisian press from Premier Clemenceau's statement in the chamber that his cabinet would definitely resign that date. It is also deduced from the Premier's declaration that he will be a candidate for the presidency, which means that he will be elected virtually without opposition. Speculation regarding Clemenceau's successor as head of the cabinet is eclipsing the discussion as to the next president of the republic. Alexander Miller, and Governor Alsace-Lorraine seem to have great lead as far as conditions are concerned.

Red Men meet tonight.

EDITOR JETER HAS REIGNED POSITION IN STATE SERVICE

Will Leave Agriculture Extension Bureau Beginning First of January TO BE CONNECTED WITH FERTILIZER COMPANIES Trained Agricultural Leaders to be Concentrated at Atlanta Soon.

Raleigh, N. C., Dec. 26.—As announced in the daily press, Mr. F. H. Jeter, agricultural editor for the North Carolina Extension Service, has resigned his position with the state agricultural workers to engage in like service for the soil improvement committee of the Southern fertilizer association. Beginning January 1st, Mr. Jeter will be located in Atlanta. In his new field of work, Mr. Jeter will have charge of the informational work with reference to a more intelligent use of fertilizers on the different soils and for the different crops. The soil improvement committee, which he will be connected with, has been established by the fertilizer companies for the sole purpose of informing farmers about this product. For several years the agricultural experiment stations of North Carolina, and other states, have been working on fertilizer tests to see just what is needed to produce maximum crops by the proper use of plant foods.

The fertilizer companies have secured a staff of trained agricultural workers which is under the direction of Dr. N. Harper, formerly Director of the South Carolina Experiment Station. Dr. Harper has assisting him, Mr. J. C. Pridmore, of the Tennessee Experiment Station, and Mr. C. A. Whittle of the Georgia State College. Director Harper is planning later to add other workers from the staffs of the other stations in the south, to aid him in this important work. The selection of Mr. Jeter is a step in this direction.

JAPS TO RESTRAIN EXPORTATIONS FOR COTTON PRODUCTS

Government to Check Advance in Prices by Stringent Measures in Future.

The Japanese government has decided to prohibit the exportation of cotton yarns and cotton tissues in order to check the advance of prices. Owing to the shortage of supply against the ever-increasing demand, the price of raw cotton has gone up 197 per cent.

It is alleged that this is in part due to speculative dealings of cotton brokers, who have taken advantage of the buoyant market and the fast falling supply to deal in futures.

The government has decided also to exempt from customs duty cotton yarn and cotton tissue imported from abroad. Several large spinners in Osaka and elsewhere have ordered cotton yarns from the United States and China and many Japanese cotton mills will augment their manufacturing capacity with other machines imported from the United States.

PRESIDENT WILSON SILENT REGARDING M'NAIRY BILL

Washington, Dec. 26.—President Wilson is withholding action on the McNairy bill for extending life of the sugar equalization board until the board has a memorandum concerning the measure. It was said at the White House today. The board requested the delay, but there is no indication what attitude will be on bill will be.

The business should hand in early for their new year announcements.

INDUSTRY EXPERTS TO TRY CAMPAIGN FOR NEW HANOVER

Demonstrations for Permanent Pastures Will be Principal Feature. NATIONAL DEPARTMENT WILL TRY EXPERIMENT Several Acres of Land Will be Used in Conducting the Experiments.

Wilmington, Dec. 26.—Demonstration of methods of making permanent pastures will be conducted on a large scale in New Hanover county by experts of the bureau of plant industry, United States department of agriculture, cooperating with J. P. Herring, county agent, and the North Carolina Landowners association. The work will be carried on in two sections of the county—Castle Hayne and Garden City. Dr. C. V. Piper, chief agronomist of the bureau of plant industry, United States department of agriculture, has returned to Washington after a tour during which he made sections of the soil in different parts of the county and selected the localities for the demonstration work.

At Castle Hayne there will be a 30 acre tract which will be divided into 20 different plots, each plot being sown with a mixture of several different kinds of grass seeds. In addition one acre will be divided into ten plots on which the following grasses will be sown, one kind to each plot: Great grass, white clover, Japan clover, Dallas grass, Italian Ryegrass, Jack snoddy, Augusta vetch, bur clover, red clover and red top. The object in this is to demonstrate a kind of grasses that will make the best pastures on the soils in this section. There will be ten different kinds of grasses growing on the same acre of land but will not be mixed.

The hope everybody had a good Christmas.

GERMAN SHIPS ARE TO BE DELIVERED TO GREAT BRITAIN

President Wilson Orders All Vessels in New York Turned Over Soon.

Washington, Dec. 26.—By direction of President Wilson, former German passenger ships of the Emperor group now in the New York harbor are to be delivered to the Great Britain shipping board, it was announced here today. The vessels are those assigned to the United States after the armistice was signed for repatriation of American troops and designated by the inter-allied naval council to be turned over to Great Britain under armistice terms already delivered to the British.

LARGEST CHRISTMAS MAIL EVER HANDLED HERE

Postmaster Whichard says the local postoffice had by far the busiest Christmas mail ever handled here, being more than fifty per cent larger than a year ago which held the previous record. Notwithstanding the immense bulk of mail, with trains running badly behind schedule, it was handled with remarkable promptness. The entire force had to work unusually hard, and with the aid of additional carriers for delivering parcels, everything that could be delivered was out of the office before closing Christmas night. They did their best to meet the needs of the occasion and are glad that the hard rush is over.

"Come Along Mary" in White's Theatre tonight.

This was the day for buying belated Christmas presents.

COPPER MINE FIRE IN REGION ARIZONA AT LAST CHECKED

Twenty Year Fire Eventually Will be Eliminated, Experts Believe. ENTIRE TOP OF MINES GOING TO BE REMOVED Several Years Will be Required Before Success Becomes Possible.

Jerome, Ariz., Dec. 26.—The fire, which for more than twenty years has burned in the upper levels of the United Verde copper mine here, is about to be eliminated by a drastic process of lowering the entire surface of the property to a 400-foot level. All attempts to extinguish it has failed. It is the general opinion that the fire was started by a slip in the rock producing sufficient friction heat to ignite the ores rich in sulphur. It has burned its way through veins of copper, gold and sulphur. The process of suppressing the fire involves the removal of 14,000,000 cubic yards of material. The area to be excavated is roughly estimated at 400 by 800 feet. Monster steam shovels are to be employed in the work. It is expected that the task of removing the entire top of the mine, and extinguish the fire, will occupy several years.

ALLIED AND GERMAN COUNCIL TO MEET CONCERNING TREATY

Paris, Dec. 26.—Conference will begin next week between allied and German delegates on measures preliminary to putting the peace treaty in effect, it was announced today. The German council did not hold session today, but announced meeting for tomorrow. The bad weather will hold on up to Christmas or longer.

SPLENDID CANTATA GIVEN BY BAPTIST CHURCH THURSDAY

Memorial Baptist Church Observes Occasion With Splendid Exercises.

A fitting close to a happy Christmas day was the exercises in Memorial Baptist church last night. The choir splendidly rendered the Christmas Cantata "Star of Bethlehem." Those taking part were: Sopranos, Mrs. W. L. Hall, Mrs. W. Z. Morton and Miss Ruebell Forbes; altos, Mrs. S. E. Gates, Miss Ernestine Forbes and Mrs. E. V. Carter; tenors, Messrs. C. W. Davis, D. S. Spain, Jr., and D. B. Carter, basses, Messrs. W. T. Lipscomb, Jr., and W. D. Carson; organist, Mrs. Lula Fleming.

The church was beautifully decorated in white in keeping with the white Christmas spirit. Above the choir shone a large electric star, this being the only light in the auditorium as the audience assembled. In front was a cross and this was also lighted while the cantata was sung. The members of the choir were robed in white and each carried a lighted candle as they marched in to their places singing "Joy to the World."

After the cantata the children of the Sunday school sang a Christmas carol, and as they sang they filed in front of the platform each laying a gift at the foot of the cross, the gift being such of their own Christmas gifts as they desired to share with thephans to make them happy. The entire exercises were most impressive of the Christmas spirit.

Notice—We will not collect any more laundry in the city until next Monday. Greenville Laundry.

WOMEN OF STATE ARE ELATED OVER TEMPERANCE PLAN

North Carolina Division Grati-fied at Work of Leading Women of State MANY SECTIONS RESPOND WITH SPLENDID RESULT Newspaper Writers, College Teachers and Others Join in Movement.

Greensboro, N. C., Dec. 26.—Mrs. Al Fairbrother, head of the Woman's Division in the North Carolina campaign for law enforcement and world prohibition, is much gratified at the way in which the leading women of the State are responding to the call to enlist in the great cause, fraught with such possibilities for this and future generations. In answer to letters asking their cooperation in arranging for temperance rallies in all parts of the state requests are being received for speakers to be sent to them, and immediately after the holiday season the speakers bureau will be kept busy filling dates—some of them in remote sections. The requests vary—some asking that a well informed woman be sent to give the needed information, while others prefer to receive these great truths from a man who has himself the trail of the serpent and speaks of a full heart with a knowledge of experience.

The women leading the movement in North Carolina headquarters at Greensboro are such well known leaders as Mrs. Thomas W. Bickett, wife of the governor as good a prohibitionist as her distinguished husband; Mrs. Clarence Johnson, former State president of the North Carolina Federal Union of Women's Clubs; Mrs. W. O. Spencer, State president, D. A. R.; Mrs. Edith Harvey, State president U. D. C.; Mrs. Lucy H. Robertson, leading educator and president emerita Greensboro College for Women; Mrs. Ade- (Continued on page four.)

DUTCH DAUGHTERS MAKING BIG FIGHT FOR THEIR RIGHTS

Organizations Are Formed for Improvement of Conditions Generally. REVISION OF HOLLAND LAWS BRINGS CHANGES Women Will Not Longer Suffer as Result of Despotic Legislation.

The Hague, Dec. 26.—The ideals and ideas of Dutch women, for centuries confined to children, kitchen and church have undergone a change and the daughters of the land of windmills and canals are making a strong fight for their rights. Several great organizations have been formed for improvement of the conditions of women. With the revision of the Dutch constitutions of women. With the revision of the Dutch constitution last year, women obtained full suffrage and the result is that now there are women in nearly every town council.

Realizing, however, that the possession of the vote alone does not decide the lot of women, the promoters of the movement are now seeking to bring about changes in the laws and regulations which discriminate against the woman economically and socially.

"According to the Dutch law," said Mrs. Wilpandts Francken, one of the leaders of the women's movement, "the father has practically all they say about education of the children. He decides as to their future, consents to their marriage and may send them wherever he likes. Of course, this is of no importance whatever in a good marriage, where father and other together debate about such things, but his power of the father may easily be abused. I know of several cases in which the father deliberately took a child away and hid it from its mother. Without the latter being able to do anything against this course, as the law was one the side of the father.

"Another thorn in the flesh of the Dutch is that she must promise obedience to her husband in the vow of marriage. Now, please don't think that these women are averse to rule and order. They only want to be the equals of their husbands, not their housekeepers.

"As things are now, a Dutch woman has to suffer almost anything from a tyrannical husband and nothing and short of adultery or bodily ill usage can rid her of his despotism. "One of the greatest obstacles these women leaders have to overcome is the conservatism of the old-fashioned women, who, especially in the rural districts, form a great part of the population. But the women who are fighting for the betterment of their sex hope in the end to succeed in conquering this prejudice."

Tomorrow will be the last Saturday of the year. It was hard to get back at work this morning.

Even when a woman is aware that she is less beautiful than other women she never forgives a man for knowing it, too.

"Smile when you can," says a poet. Postmaster Whichard says that never before did so many Christmas cards go through the mails as this season.

DO YOU GET YOUR PAPER? IF NOT, NOTIFY OFFICE

Reflector subscribers who have been failing to receive their paper regularly should notify this office immediately so that the circulation manager will be enabled to rectify the matter. This applies especially to city subscribers whose papers are delivered by carriers. Complaints should be filed every time the paper is missed, for in this way the trouble can be more easily traced and remedied. (Signed) Circulation Manager.

FRIDAY, DEC. 26TH, 1919.

QUESTION NO. 6.

What Pitt county newspaper has for thirty-eight years urged respect for the law and law enforcement, and has given its support to this end to those in authority? Ask ex-Mayor J. G. Moye, than whom Greenville never had one better.

It is a whole year to another Christmas.

Now to recover from the effects of Christmas dinner.

It hasn't been mentioned, but wonder how Kaiser Bill spent Christmas?

It's not at all too soon for that new year's resolution, providing it will hold good ones.

The next step is new year's day with its resolutions. Be sure that you make good ones.

Many an old turkey gobbler had his life saved this Christmas by the high cost of living.

There are a few more days to the first of the year, but even then, New Year's resolutions are now in order.

Late trains Christmas even made many a poor fellow reach home about eight or twelve hours late.

Christmas in Greenville was conducted upon such a sane plane that many an old liquor-head looks uncomfortable sober this morning.

Twelve policemen on the Wilson police force Christmas and not a single rest made. Truly Wilson is beginning to be a place of peace.

North Carolina Republicans are to be regarded with a speech from Hiram Johnson in behalf of his candidacy for presidential nomination.

Santa Claus failed to appear in many places throughout the country probably, but in the most of them he proved more gracious than ever.

President Wilson has issued a proclamation ordering that the railroads express companies be returned to their former owners the first of March.

There are numerous candidates out for the vacancy in the revenue service which Col. A. D. Watts resigned last week. Six thousand places do not go begging.

John D. Rockefeller was quite liberal in giving a Christmas present of a hundred million dollars to increase salaries of college professors and to advance public health work.

The government is ready to turn the railroads back to former owners, but even then they are going to be mighty hard to operate, probably more so than ever.

The Kinston News says a citizen of that town bought sugar the same day at three different stores, paying twenty-two cents, eighteen cents and fifteen cents respectively. It is apparent that somebody was profiteering.

Premier Nitti has announced his intention of making a new declaration concerning Fiume before leaving for Paris. And, of course, there will be something out of the ordinary for D'Annunzio and followers.

A woman's democratic party will be organized in New York today, according to reports issued Christmas. The news sounds good alright, and it is hoped it is something more than other reports issued the same time.

NOTICE.

Capt. C. B. Wilson arrived Wednesday from Washington City to spend the holidays with his father.

MRS. ALLIE JOYNER DIES AT HER HOME NEAR ARTHUR

Mrs. Allie Joyner, age 80 years, died at her country home near Arthurs last Monday. She was only sick for a short while, and her death although expected came as quite a shock to her many friends and relatives. She was perhaps one of the most remarkable citizens of this county. Her memory was wonderful, and everyone desiring now anything of the past history Pitt always went to her. She possessed a charming personality and led her attractive manner and lovely disposition until death. She is survived by five children, twenty-three grand children, seventeen great-grandchildren and a large number of relatives. The funeral services were conducted at her late home the interment taking place in the family burying ground near Arthurs.

RED CROSS CHAPTER LOOKING PARTIES WHOM CHECKS BELONG

BRILEY-LEE.

(Reported for The Reflector.)

Last Wednesday afternoon in the Christian church of this city a very quiet but pretty wedding ceremony was performed when Miss Ida Lee, of Kinston, became the bride of Mr. Arthur Lee Briley, of Greenville.

Miss Lee is the charming daughter of Mr. and Mrs. E. Lee, very prominent farmers of Lenoir county and a girl of many fine qualities, accomplishments and a good character. Mr. Briley is a man of sterling qualities and good character. They will make their home in Greenville after January 1st.

Miss Lee has for the past few months been stenographer for Mr. S. J. Everett, and during her stay here she has won many friends. Mr. Briley is also well known here being at present with the John Flanagan Buggy Company. They will make their home with Mrs. S. M. Schultz.

During the next few days merchants will be busy taking inventory for the new year.

Caldwell, a widely known newspaper writer on the editorial staff of the Charlotte Observer; Mrs. R. L. Justice, state officer in the North Carolina

Federation of Women's Clubs; Miss Mary Owens Graham, president of Peace Institute at Raleigh and a woman member of the Democratic National Committee from North Caroli-

URGES GOVERNMENT INSURANCE

A former service man, who lately returned from overseas and is now in Washington, said in a recent speech: "In France the doctrine of government insurance was preached in almost every conceivable environment—in churches and in stables, in barracks and in billets, in hospitals where dying soldiers signed insurance applications that were later ratified and the money paid to the beneficiaries; the front line trenches even were visited and not a few instances are known where insurance was taken out by a man just before going into action. I wish to say a word about the attitude toward insurance of the service

man now that he is discharged. When I left the demobilization center a month ago with the red chevron on my arm, my first impulse was to throw my hat into the air, hook my arm over a cloud and sail whichever way the wind blow. I wanted to cast aside restraint—to be free from responsibility. And then I came down from the clouds and realized that the obligation to be a good citizen in time of peace is as great as the duty to be a good soldier in time of war. "We are living in a critical period of the world's history. Everywhere unrest lifts its head. It is our duty to settle ourselves in a gainful occupation and to protect ourselves and our posterity as best we can against the uncertainties of peace, as we did against the risk of war, and the safest method of securing this protection is by holding on to our Government insurance; or, if it has lapsed, to get it reinstated.

Attention Farmers!

Just received a solid ar load of J. I. Case Transplanters. We feel that you do not need an introduction to the well-known case. Let us supply your needs.

Listen What a Dealer Says

"A short while ago we sold an Emerson New Feature Lift Sulky Plow, our customer was well pleased with the foot lift, easy of operation and lightness of draft and after his neighbors saw it in operation they also liked it, and now our supply is completely exhausted.

This shows what the farmers that use the Emerson think of it. We have thrse plows in stock. Call and let us demonstrate them to you.

Yours to serve,

Turnage and Winslow
