NUMBER 22

THE VINES HOUSE IS NOW READY FOR TEACHERS HOME

Teachers Return After Holidays and Find the Vines House Ready

THREE STORY BUILDING BECOMES TEACHERS' HOME

School Board Raising the Purchase Price of this Splendid Building.

The Greenville graded schools opened this morning after a two weeks holiday. All the teachers have returned, and all of the out of town teachers will live in the Vines House, which has been recently purchased to be used as a teachers home. The matron is Mrs. B. K. Mason, of Blackstone, Va., and the school board was indeed fortunate to secure her services, as she comes to our city highly recommended. At a recent meeting of the school board the house was officially named the Vines House, in memory of the work which Mr. and Mrs. Vines, the recent owners of the house, have done in the hotel business. The option for the building was secured on November 10, 1919, with the furniture and fixtures going in with the sale. The building was in such perfect condition that no remodeling was found necessary. A deed for the \$35,000 purchase price, will be drawn this week. The building is located on fifth street, in one of the most desirable parts of the city. It is a large story brick structure. The first story comprises the kitchen, dining room, reception room and the living apartment of the family of Prof. Swanson. The second and third stories will be devoted to bed rooms, which will be used by the teachers with the exception of four rooms which will be rented to parties already occupying the building. Twenty teachers will be located in the building, with rates fixed temporarily at \$30 and \$32.50 per month, with the difference depending upon the size and accommodations of rooms. Other parties in the building will pay current expenses. In working out the plan and in figuring expenses, it is believed that these rates will meet all requirements, but if found that it doesn't support, prices will be raised accordingly. The school board is privately raising the purchase price of the building, until some bond issue is provided. The people will have an opportunity to help when the issue is settled as to bonds. The purchasing of this handsome building will mean a great deal to the future life of the teacher and to the education of our city. It was a wise step on the part of the school board, and they are to be congratulated upon their successful undertaking.

The school during the winter and spring session expects to enroll 850 students with the enrollment as follows: High school 250, Erans Street graded school 350, Model school 225 and Cotton Mill school 30. The domestic science class, which has been recently installed, has been newly equipped and is second to none to be found in the state. An art and basketry department has also been installed, and this with the music department are as good as can be found any where. The school also boasts of one of the best libraries in this section of North Carolina. Taking the school from every angle, it would be hard to find a better or more up-to-date school system in North Carolina.

JANUARY 5TH, 1920
The ladies of this section organized the "End of the Century Club" with Mrs. R. R. Cotten, president; Mrs. W. H. Grimes, vice president and Mrs. J. L. Little, secretary. (This club has remained in active existence through the twenty years and been a decided factor for good to the community, many good things coming through its efforts.)

FIRE IN DANVILLE WILL CAUSE LARGE DAMAGE \$800,000

Damage of Approximately \$800,000 Caused by Conflagration in Va. City

FIRE HAD ITS ORIGIN IN STORE OF Z. V. JOHNSON

Fire Spread Rapidly Before the Firemen Could Respond Destroyed Many Stores

Danville, Va., Jan. 5.—Fire which destroyed half a dozen buildings in the heart of the business section of this city and caused approximately \$800,000 damage, largely covered by insurance in the four hours it raged was subdued after a stubborn fight at 1 o'clock this morning. Daylight revealed a vacant patch with only walls of the five story grey stone Masonic building standing and surrounding buildings scorched and windows shattered. The Dudley building, recently completed, had a narrow escape with small damage. Workmen under the city engineer dynamited the tottering walls of the Masonic building today. After the fire was brought under control a brisk north wind accompanied by snow set in and firemen were busy for some time with flying embers. The cause of the fire is a mystery. It was discovered shortly after 9 p. m. Saturday when suddenly a tongue of flames shot from the department store of the Z. V. Johnson Co. Before the firemen had responded to the alarm the fire had spread with amazing rapidity to the Broadway Theatre, the Main Street Cafe, Goode and Company's Shoe Store, Jacob's Drug Store and Parker Book Store along Main street. The building of the Danville Register and Danville Bee became endangered and employees working on the Sunday morning issue of the Register had to leave. The building, however, was only slightly damaged. So threatening were the flames that assistance of fire companies (Continued on page two.)

DEFINITE PLANS TO BE MADE FOR THE DISABLED SOLDIER

Officials of Federal Government and Prominent Men to Meet in New York

New York, Jan. 5.—Officials of the Federal government and prominent New York men will confer here tomorrow at the Banker's Club at the invitation of Mrs. Wendell Phillips, president of the Carry on Association, "to make definite plans for the expansion of the Association's work of housing and colonizing of disabled soldiers." The organization, now operating in several cities, and supplementing the help the government gives through pensions and vocational training, provides board, lodging, laundry and entertainment for disabled soldiers for \$10 a week while the veterans are being taught new trades and professions. Its work is said to have the approval of The American Legion and the Federal authorities. All the government departments concerned with the problem of the disabled soldier, it is said, will be represented at the conference, including R. G. Cholmley Jones, head of the War Risk Insurance Bureau, Uel Lambdin, director of the Federal Board of Vocational Education and Colonel Rucker, representative of the Surgeon General of the United States army. The public, it is said will be represented by Franklin D'Olier, grand commander of The American Legion, Lieutenant Colonel Theodore Roosevelt, John D. Rockefeller, Jr., William Follows Morgan, Ogden Mills, Colonel Francis Robbins, Colonel William Donovan, C. A. Coffin, Mortimer Schiff, George E. Vincent, Captain Cosmo Hamilton, Charles H. Sabin and others.

ATTORNEY GENERAL PALMER WANTS ALL NEWSPRINT DATA

Attorney General Asks Trade Commission to Re-Open Its Investigation

HIGH PRICES SOURCES OF GREAT MANY COMPLAINTS

Publishers Bring Forth Many Facts; and Prices Fixed by Commission

Washington, Jan. 5.—The Federal Trade Commission has been asked by Attorney General Palmer to re-open its investigation of the Newsprint Manufacturers' Association members of which produce a large proportion of the paper used by American newspapers. The Attorney General's formal request, filed yesterday and made public today, was said to have been actuated by scores of complaints from newspaper publishers asserting that the agreement in settlement of the anti-trust suits against the manufacturers' association had not been complied with. This agreement primarily provided that the manufacturers observe prices fixed by the trade commission until three months after the war and that small publishers not be made victims of preferential treatment. Questions on which Mr. Palmer asked the trade commission to base its investigations and submit a report are: "Whether the manufacturers who signed the settlement agreement have actually produced the daily tonnage of newsprint paper which they subjected to the terms of the agreement." "Whether the manufacturers have offered the amount of tonnage for sale to the trade." "How much of the tonnage the manufacturers have sold to dealers and other middle men and at what prices, and whether the so-called middle men have observed the maximum commissions pursuant to the settlement." (Continued on page four.)

Y.W.C.A. ENTERTAIN STUDENTS WITH A DELIGHTFUL SOCIAL

Y. W. C. A. of the Training School Entertains With "A Village School."

The Y. W. C. A. of the Training School gave a delightful social on Saturday evening. A "Village School" was the feature of the evening. All the guests were requested to come dressed as they dressed when they attended school as children. The school lunch was popcorn, served in bags. The teacher rewarded the pupils with this Miss Minnie Love Stephens was the teacher. When the roll was called each scholar answered to her name with a nursery rhyme. The first grade dramatized a story. A prize was awarded to the one who could tear the best animal from a piece of paper. The evening was greatly enjoyed. The first Y. W. C. A. vesper services of the new year were conducted by Misses Thelma Leonard, Mildred Maupin and Alice Best. The subject was, "The God We Trust."

SAM UNDERWOOD, JR. RETURNS FROM WILSON HOSPITAL

Mr. and Mrs. S. B. Underwood returned last night from Wilson bringing with them their little son, Sam, Jr., who has been confined in the Moore-Herring hospital in that city for quite awhile. The little boy was operated on for peritonitis, three operations being necessary before he could be called out of danger. He has had a hard pull for his life, but stood it with patience and is back home again. The many friends of the parents as well as those of Sam, Jr., rejoice with them, that the little fellow is so much improved.

SCORES OF PEOPLE KILLED IN MEXICO IN AN EARTHQUAKE

Center of Disturbances Believed to Have Been Near Large Volcano.

TEN CITIES SHAKEN BY THE EARTHQUAKE

Seismic Disturbances Felt Throughout Entire Southern Republic.

Mexico City, Jan. 5.—Scores of persons have been killed in a violent earthquake which occurred in many parts of Mexico last night. The center of the disturbances is believed to have been near the volcano of Orizaba. Incomplete press reports indicate that the state of Vera Cruz suffered more than any other section, although seismic disturbances were felt throughout the entire republic. Advice from Cordoba say that 30 dead have already been accounted for in the village of San Juan Coscomatepec, where many houses were destroyed. There are unconfirmed reports of a similar catastrophe in the village of Huatusco. At Jalapa, further north, fifty victims of the earthquake have been counted including numerous dead. Lack of communication with the other small towns and villages in the theatre of the disturbances makes even approximate estimates of the casualties impossible. The earthquake caused great alarm in the large cities, marine disturbances have occurred off Vera Cruz City, and there were some casualties, too, although the number is not known, with considerable destruction of property. From San Juan Coscomatepec it is reported that the shocks still continued Sunday. Information secured from the government observatory at Tacubaya show that there were three distinct shocks, the strength of which decentralized the instruments. The first shock, which oc (Continued)

EMPLOYEES OF LAND COMPANY RECEIVE BIG BONUS CHECKS

Atlantic Coast Realty Company Send Checks of 50 per cent Bonus on Salary.

The employees of the Atlantic Coast Realty Co. in this city, were made happy Sunday morning when they received a bonus check for 50 per cent their yearly salary. Besides the 50 per cent of their yearly salary, they also received 30 per cent on their 50 per cent on their Nov. salary, and 75 per cent on the December salary. The Atlantic Coast Realty Co., which did over \$11,000,000 worth of business last year, is perhaps one of the largest land companies operating in any section of this country. They employ reliable, efficient men and they show their appreciation of their endeavors by paying them splendid salaries and also a bonus on their year's work. While the company shows their appreciation, the employees also show theirs by working for the interest of the company, and by doing all in their power to make the company successful.

STORE OPENS AGAIN AFTER BEING CLOSED FOR FEW DAYS

The store in Forbes town which before Christmas was run by Hodges & Co., and which has been closed for two weeks has opened again. The store carries an up-to-date line of groceries and offers good service. They also sell gasoline and oil, and they invite their customers to give them their trade for the new year. It will, in the future, be known as the Hodges Supply Co.

MEMORIAL BAPTIST WORKING TO SECURE CHOWAN COLLEGE

Memorial Baptist Church Deacons Resolve to Help to Get School Here.

BELIEVE INSTITUTION WOULD BE PROSPEROUS

Determined that They Will Help Chamber of Commerce in Every Possible Way

At a conference held Sunday morning, Jan. 4th, Greenville Memorial Baptist church unanimously adopted the following: Whereas, several months ago it came to our knowledge that the trustees of Chowan College were contemplating the removal of that college from Murfreesboro, N. C., to another location; And whereas, we had a conference, through our pastor, soon thereafter with one of the trustees of Chowan College regarding the matter, and through our pastor made known the information obtained from this trustee to the Chamber of Commerce of this city at a called meeting; And whereas, we through our pastor laid this matter before the Roanoke Baptist Association in session at Wilson, N. C., in October last. And whereas, having learned that the trustees of Chowan College had decided to move the college to another location, we, through our pastor, conferred with one of our State denominational leaders with the view of eliciting his support in helping to bring Chowan College to Greenville, to which effort this leader heartily pledged his co-operation. Be it therefore resolved; That this church continue to give its hearty support to the effort to bring Chowan College to Greenville, and hereby appoints Dr. C. J. Ellen, D. J. Whichard and J. C. Tyson as a committee to co-operate with the Greenville Chamber of Commerce to this end.

BULLOCK SCHOOL AND BETHEL SCHOOL ARE CONSOLIDATED

Fourth Truck in the County is Bought to Transfer Children to Bethel.

The Bullock school, located about four miles from Bethel, has consolidated with the Bethel graded schools, and a truck has been bought to carry the children to school. This is the fourth truck to be bought by the county, for the purpose of carrying the children to school. This consolidation of schools is without a doubt one of the best and most progressive steps taken towards the advancement of education, in this state. Pitt county is doing her part in the advancement of this particular phase of education, and if it keeps up at the rapid rate at which it has been going, the one teacher school will soon be a thing of the past.

ELECTRIC SERVICE CUT OFF THROUGH SUNDAY MORNING

To make some repairs to the machinery at the water and light plant, all electric service in town was cut off Sunday until early in the afternoon. It being a cloudy morning the work room of the postoffice was so dark without lights that the clerks on duty could not see to distribute the mails, and were delayed in getting it in the patrons' boxes. The churches whose pipe organs get power from the electric plant were also deprived of their usual music at the morning services. Miss Lena Dey Humber who has been spending the holidays with her parents, left this afternoon for Raleigh to resume her studies at Meredith College.

ABBAS BEN FARNAS DIED IN FIRST AIR PLANE ACCIDENT

Arabian Scientist Was the First Victim of Flight Disaster in 783 A. D.

WONDERFUL ASTRONOMER AND GREAT INVENTOR

Abbas Ben Farnas Declared to Have Invented Plane With Clockwork Motor

Paris, Jan. 5.—America's claims to pioneering distinction in the field of heavier-than-air flight ignore the obscure, but none the less authentic fact that the first human being to invent and fly an airplane was an Arabian scientist and mechanical engineer named Abbas ben Farnas, who died in the first airplane accident recorded in history, in the year 783 A. D., during the reign of the Caliph Haroun al Raschid. Abbas, who not only was famed as an astronomer but as an inventor as well, conceived, according to historical documents still in existence at Bagdad, the idea of effecting mechanical flight as a means to approaching the heavens and aiding astronomical observation. With the consent and assistance of the Caliph, the set to work to construct a machine in the likeness of a bird, with a clockwork motor to actuate the wings. When the contrivance was completed Abbas, in the presence of five Caliph and a great multitude, actually effected a sustained flight of several seconds, but in landing his machine was wrecked and the inventor was hurled headlong against a tree and killed instantly. The secret of the first airplane's construction died with the inventor. Al Raschid offered huge inducements to other eminent scientists to pursue the study of aviation and restore and improve the Abbas ben Farnas machine, but none was found with sufficient genius to repeat the pioneer flier's exploit, although scores of attempts were made, and at least one other eminent contemporary of the Great Caliph met his death in attempting mechanical flight. This second victim of aviation was the famous encyclopedist Ismael ben Hamad El-Jamchuri, who in testing a primitive form of glider fell from the roof of Nesabour mosque and died of injuries.

FORMER GREENVILLE MAN BURNED OUT IN DANVILLE

Sunday's papers gave account of a large fire in the business section of Danville, Va., Saturday night. The fire started in the store of the Z. V. Johnson Company and spread through the block, causing a loss of nearly seven hundred thousand dollars. Some years ago Mr. Johnson lived in Greenville and was connected with the store of Mr. C. T. Mumford. His friends here regret to learn of his loss in the Danville fire.

BACK TO FARM MOVEMENT NOTED

According to a report just issued by the Vocational Summary it appears that the back to the farm movement has started in earnest. The report states that 19,850 pupils over the country were enrolled in agricultural subjects in vocational schools during 1918 and 1919. The report further states that this is an increase of 4,442 students being trained in this subject. It is interesting to note that this is only the second year in which practical instruction of this sort has been within reach of the average child of school age. The Bureau of the Census approximates an increase of one million farms in the United States during the last ten years. This increase, together with the increase of agriculturally trained men to operate them, has secured the future of agriculture in America. Joe Epstein, Baltimore, writes to be with us Monday, Tuesday and Wednesday. Complete showing of Spring Wools. Place your order now and advanced price plan. L. L. M. 300. 300. 300. 300.

QUESTION NO. 14.

What Pitt county newspaper has for thirty-eight years been an ardent advocate of good roads, urging their constructions as the best means of adding to the wealth and happiness of the people of the county, and has helped to carry every election for a bond issue to improve our highways? Ask L. W. Tucker.

CHOWAN COLLEGE.

Greenville needs Chowan College, and the college needs this city. It is one of the best colleges in this state and will mean a great deal to the city in which it decides to locate. Some of the most influential Baptists of this state, are doing everything possible to have the school come to Greenville, but unless this city makes a good offer, it will not get the school. It is up to the business men, to make such an attractive offer that the officers of Chowan College will let us have it. It is the opportunity of a life-time, and Greenville, with this splendid school almost in her hands, can't sit idly by, and let it pass. The two Baptist churches, of the city, have joined hand in hand with the Chamber of Commerce as well as other people of other denominations, and they are determined to do all in their power to secure the school. Meredith College had to turn away hundreds of girls last year on account of not having room to accommodate them, and if Chowan College could be brought here, and enlarged, it would mean a blessing to our people as well as to the people of the state. We have competition, just like we had when we secured the Eastern Carolina Teachers Training School, but if the people of Greenville will awake to the situation, we can win over our competitors just like we did when we secured the Training school.

Collector of Internal Revenue Roper has discovered that enforcement of prohibition under the Federal constitutional amendment will not become operative until 12:01 A. M. on January 17, instead of the 16th, as had previously reckoned. What's the difference? The war-time act squeezed all the wetness out of the country some time ago.

Yesterday was the first Sunday in the year, but the weather was so inclement that it was impossible for some to carry out their new year's resolution, of beginning the year in the right way by attending church. However a few faithful ones braved the weather and attended both morning and night services.

A DELIGHTFUL DINNER PARTY.

Given at the Home of Mr. E. B. Higgs Friday Evening.

The following invitation was received by a few friends of Misses Marguerit, Lella and Madeline Higgs.

Come play with us 'neath the evergreen.

We'll eat in the candle light,
Then spin a yarn by the firelight screen
At seven on Friday night.

'Tis Leap Year Now, you doubtless know,
The calendar has told you so
It's this one year, and this alone,
The ladies call their very own
So this last chance you'd better take
And come to help us celebrate.

It is safe to say that all who received this invitation were promptly on hand at the home of Mr. E. B. Higgs, on Dickinson avenue, Friday evening, Jan. 2nd, at 7:00 o'clock, where the Misses Higgs received them at the door in their usual charming manner. This merry party of young folks gathered around the firelight screen to spin yarns and talk of what the new year 1920 held in store for them. After a short while of merriment and laughter in the living room they were ushered into the spacious dining room, which was beautifully decorated with mistletoe and holly, and lighted with candles. An elegant eight course dinner was then served, by the graceful and charming Misses Elizabeth and Hortense Higgs. During the serving of the many delicious things to eat a number of unique and interesting New Year resolutions were made in contest, the prize being awarded to Prof. J. H. Rose. After dinner was over the party

gathered into the living room again where solos were rendered by Miss Madeline Higgs, Prof. J. H. Rose and Dr. B. S. Warren. Quartets by Drs. K. B. Pace, Kenneth Holloway, of Wilmington, Johnnie Humber, and Mr. C. W. Hearne and violin solo by Miss Lella Higgs. The piano was gracefully presided over by Miss Marguerite Higgs.

At 11:30 o'clock the guest reluctantly departed declaring to their hostess that it was the most delightful dinner party they ever attended. And so it was.

"Even the haughty Colonial Dame
Used to play at this Leap Year Game."

MERCHANTS NOTICE.

Tonight at 8 o'clock the merchants are requested to meet in their office at the Chamber of Commerce. Business of unusual importance is to be decided at this meeting. The officers of the Merchants Association urgently request that every member be present.

MAUDE E. LEE,
Secretary.

FIRE IN DANVILLE WILL CAUSE LARGE DAMAGE OF \$800,000

(Continued from page one.)

curred at 9:45 o'clock Saturday evening lasted five minutes. The second, at 10:25 was very brief, but of terrific intensity and was accompanied by terrific subterranean noise. The third shock, at 11:01 o'clock was not discernible except by the seismograph.

The panic in the capital among the ignorant classes was indescribable. Many of the people fled from their indians in the suburbs hurried to the homes and flocked to the churches. The shrine of the Virgin of Guadalupe.

From Toluca, Cuernavaca and Puebla comes similar voices of panic. Slight damage was done to the poorly constructed homes of the poor people. Panic reigned in various cities and villages in the state of Vera Cruz where the people left their homes and spent the night in the streets.

A COLD RELIEVER FOR FIFTY YEARS

Dr. King's New Discovery
has a successful record
of half a century

TRIED for more than fifty years and today at the zenith of its popularity! When you think of that, you are bound to be convinced that Dr. King's New Discovery does exactly what it is meant to do—soothes cough-ras throats, congestion-tormented chests, loosens phlegm-pack, and breaks the most obstinate cold and gripe attack. Dr. King's is safe for your cold, for your mother's cold, for the child's cold, cough, croup, croup, and disagreeable after-effects, 70c and \$1.20 bottles at your druggist's.

Bowels Act Sluggish?
Irregular bowels often result in serious sickness and disorders of the liver and stomach. Make them act as they should with Dr. King's New Life Pills. Keep the liver active—the system free from waste. 25c a bottle.

PERSONA

Mr. and Mrs. W. B. Dupree returned Sunday evening from their bridal trip.

Miss Martha Best, of Warren, who was visiting Miss Frances Whedbee, left Sunday evening.

Miss Arlene Joyner left this morning for New York to resume her study in music.

Miss Edith Lee, who has been home for the holidays, has returned to school in Lynchburg.

Miss Lallah Brown has returned to school in Lynchburg after spending the holidays at home.

Miss Louise Fleming, who has been home for the holidays, returned to school in Raleigh this afternoon.

The teachers of our local schools have returned from holiday visits to their homes and are again at their places.

Miss Margurite Higgs, who came home for the Christmas holidays, has returned to Raleigh where she is librarian of Meredith College.

Mr. Robert L. Humber, Jr., who has been home for the holidays, left Saturday evening for Cambridge, Mass., to resume his studies at Harvard.

BLOUNT-LITTLE

(Reported for The Reflector.)

The handsome Colonial home of Mr. W. J. Little, was a scene of unusual loveliness, when on Saturday evening, Jan. 3rd, his only daughter, Margaret Lee became the bride of Leighton Blount of Bethel. The entire lower floor, all thrown in one and attractive within itself, had been made especially beautiful for the occasion with festoons of Southern Smilax, and a mass of palms and ferns. Baskets of roses here and there added to the beauty of the scene, while numberless candles threw a soft glow over all, and furnished the only light. Promptly at the hour of six, and just before the entrance of the bridal party, Mr. Perry of Robersonville, in his splendid baritone, sang "At Dawn and Just You." As Mendelssohn's wedding march sounded from the piano under the skillful touch of Miss Ethel Bailey of Robersonville, little Misses Helen White, of Greenville and Blanche Halcron Moore of Bethel came down the broad stairway and with ribbons formed the aisles for the bridal party. They wore fluffy white net dresses with big bows of silver tulle. Then the ushers, Messrs. James Little, of Greenville and Judson Blount, of Bethel, entered singly from the rear hall and took their places. In like manner, came the groomsmen, Messrs. Ollan Zollcoffer, of Weldon, Allan Ives, of New Bern and Mayo Little, brother of the bride. Immediately following these, Miss Lucile Weidman of Mount Pleasant, Mich., came down the spacious stairway and took her place near the altar. Miss Weidman wore orchid taffeta, with ostrich trimmings and carried an armful of yellow snap dragons. Next came Miss Mary Miller Johnson of Wilmington, wearing peach-bloom taffeta with lace, and carrying Killarney roses. Miss Virginia Thigpen, of Washington, D. C., followed, dressed in turquoise brocaded taffeta with maline trimmings. She carried Richmond roses. Next came the dame of honor, Mrs. Nun C. Everett, of Robersonville, herself a bride of but little more than a year, wearing her wedding dress of duchess satin with imported lace and pearls. She carried a shower of white

Miss Helen Roberson, cousin of the bride was maid of honor. She wore emerald maline with ostrich trimmings and carried purple sweet peas. Master Marion Blount of Bethel, nephew of the groom, carried the ring in the heart of a lily. He wore a Lord Fauntleroy suit of black velvet with white satin blouse and white kid gloves.

The bride was never more lovely than when she came down the broad stairway on the arm of her father, Mr. W. J. Little, who gave her in marriage. They were met at the foot of the stairs by the groom with his brother, Marvin Blount, of Greenville as best man. They advanced together a few steps to an immense palm before which had been placed the satin pillow for kneeling, and here the impressive ring ceremony of the Methodist church was performed by Rev. W. E. Trotman, of Bethel. The bride was charming in her handsome gown of Dutchess Satin with bodice embroidered with pearls and rhinestones. Her veil of real lace was arranged in coronet style and reached to the end of the train caught here and there with orange blossoms. She wore a platinum and diamond lavalier, a gift of the groom and carried a shower bouquet of brides roses and sweet peas. Her magnificent court train, embroidered in pearls, was carried by Master Robert Joseph Mayo of Bethel, a cousin of the bride. He wore a Lord Fauntleroy suit of black velvet with white satin blouse and white kid gloves. An informal reception followed the ceremony, after which Mr. and Mrs. Blount went by automobile to Rocky Mount where they left for a tour of Florida. Her going away

dress was of blue tricotine with natural squirrel trimming and embroidery. She wore a brown coat with accessories to match. Mr. Blount is a very charming and attractive young woman and because of her rare and genial personality has a host of friends wherever she is known. She was educated at Flora McDonald Col-

lege and St. Mary's, afterward taking a finishing course at National Seminary in Washington, D. C. They will be at home in Greenville where Mr. Blount will be connected with the old firm of J. R. & J. G. Moye, which has recently passed into other hands.

SCORES OF PEOPLE KILLED IN MEXICO IN AN EARTHQUAKE

(Continued from page one.)
from nearby cities was asked. In the buildings destroyed a number of professional men were housed and they were busy today looking for offices of which there is shortage in the city.

ATTORNEY GENERAL PALMER WANTS ALL NEWSPRINT DATA

(Continued from page one.)
Newspaper publishers throughout the country recently have felt keenly the high prices of print paper. Many of the complaints made to the Attorney General, it was said, declared that the manufacturers had not lived up to their agreement in the matter of supplies or prices. The United States district court for the southern district of New York, which entered the decree finding with members of the newsprint manufacturers two years ago, still retains jurisdiction in the case. Mr. Palmer will transfer any evidence which the trade commission obtains before that court for action.

Mr. Jack Spain, who has been spending the holidays at home, has returned to Chapel Hill to resume his studies. Misses Mallsie and Holly Causey, of near Ayden, are visiting their sister, Mrs. L. P. Wayne.

BLIND FOLLOW MANY VOCATIONS
About seventy-five soldiers, sailors and marines who have been totally or partially blinded during the war are now taking vocational retraining at the Red Cross Institute for the Blind at Baltimore through the Federal Board for Vocational Education.

It is interesting to note that poultry raising and dairy farming, store keeping, and salesmanship are among the vocations in which these men become proficient.

It is explained by the experts that the men develop a short of sixth sense which, if properly trained, enables them to "see" better than a good many whose eyesight has not been impaired in the slightest degree.

FIRST SNOW OF THE WINTER
This section had the first snow of winter Sunday morning. There was not much of it, but enough to make the ground white for the remainder of the day.

Weekly Weather Forecast.
For South Atlantic and East Gulf States: Low temperature and unsettled weather with rain probably by middle of week.

St. Paul's Church.
Tuesday—Holy Communion 10 A. M.
