

PLAN TO RESTORE SOCIALISTS VOTED DOWN BY SENATE

Democratic Leader of New York Makes Principal Motion of Session.

MEMBERS SUSPENDED TO RECEIVE HEARING SOON

Move Made to Reconsider Resolution by Which They Were Suspended.

Albany, N. Y., Jan. 13.—An attempt to reinstate the five suspended Socialist members of the assembly failed last night.

Mr. Donohue first introduced a resolution calling upon the assembly to allow the Socialists to resume their seats until such time as that body might by a proper vote decide the charges contained in the preamble of the Adler resolution by which they were barred from further proceedings last Wednesday.

"The inference has gone abroad throughout the entire nation," Mr. Donohue said, "that the men who have been indicted by a resolution presented by the majority leader have been convicted before they have had an opportunity to be heard. Their constituencies are deprived of representation here and I believe they ought to be presented."

"I condemn Socialist principles and propaganda. We of the City of New York know how insidious and invidious it is, but if a mistake had been made in denying these men seats in this body every member ought to be enough of a man to stand up and say so. When the members of my party reached Albany this evening they thought the only safe, sane and honorable thing to do was to admit that they had been hasty in denying five duly accredited members seats in this body."

With the exception of eleven New York City Republicans, those supporters.

Assemblyman Hamil, Democrat, of New York, and McKee, Democrat, of the Bronx, introduced resolutions designed to make the Assembly, instead of the judiciary committee, the court to hear the cases of the suspended Socialists. Consideration of both resolutions was deferred until tomorrow morning.

In the upper house Senator Julius Miller, Democrat, of New York, had prepared a resolution to put the senate on record as declaring that in its judgment the Assembly reconsider its action of last week. Majority Leaders Walters, however, blocked Senator Miller's plan by moving an adjournment before the order of motions and resolutions was reached.

REGULAR MEETING OF NATIONAL BANK CONDUCTED TODAY

Ten Per Cent. Dividend Declared by Institution in Annual Meeting.

FORMER OFFICERS ARE UNANIMOUSLY REELECTED

Donation of \$1,000 Is Made to Campaign Committee of Chowan College.

The stockholders of the National Bank of Greenville held their annual meeting this morning in the office of the bank. The meeting was called to order by President J. L. Little, and the roll call showed a considerable majority of the shares represented.

The report made by Cashier F. J. Forbes showed the condition of the bank as of the close of business Dec. 31, 1919, when the total resources were \$2,182,051.37 and deposits \$1,901,003.23. The cashier also reported that the net earnings of the year were 32 percent of which the directors had ordered a cash dividend of 10 percent paid to the stockholders, 15 percent carried to the surplus fund and the balance to undivided profits.

GREAT RIVALRY IS EXISTING BETWEEN PRINCIPAL NATIONS

Airplane Rivalry Between British and United States Draws Attention.

Rio De Janeiro, Jan. 13.—There is a keen rivalry between airplane manufacturers of the United States, France, Great Britain and Italy for the privilege of developing commercial aviation in Brazil. All of them have had representatives here for months endeavoring to interest the government in their projects or to obtain concessions permitting them to operate aerial freight and passenger lines.

The British Handley-Page Company has obtained a government concession to establish an air line for passengers and cargo between the principal cities of Brazil but no British machines have yet arrived. It is said that \$2,000,000 has been set aside to develop air routes by this concern along the entire coast from Pernambuco to Buenos Aires with stations at eight points on the way. It is stated that powerful machines of the four-motor type capable of carrying a ton of freight and 25 passengers will be used. The British company proposes to operate the lines until Brazilian companies are organized to take over the business and buy the airplanes.

One American company has two expert aviators and four machines here but it is not known that they have done anything other than to give some exhibition flights. Application has been made to the government for permission to establish a limited passenger service in the vicinity of this city.

A representative of a large American financial institution who recently investigated the possibilities of commercial aviation in Brazil said that this country did not at present offer a profitable market for American airplane manufacturers but he added:

"The foreign manufacturer who remains on the ground during the lean years and aids in the development will eventually receive financial reward, and what is more important, he will place the nation he represents in a position of greatest influence in South aeronautics."

GREENVILLE GOING AFTER COLLEGE IN SANGUINE MANNER

Chamber of Commerce Trying to Raise \$10,000 by Nightfall Today.

THREE SITES HAVE NOW BEEN GIVEN COMMITTEE

Representation from Greenville to Present Offer in Ahoskie Tomorrow.

Since the soliciting committee from the chamber of commerce began work last Saturday morning in soliciting funds and sites to present to authorities of Chowan College for the establishment of that institution in this city, if moved from its present location in Murfreesboro, it has been apparent that renewed interest has been created in every part of the city, resulting in enthusiastic response of business men and educational leaders that will give Greenville one of the strongest competitive positions probably of any other single city when offers are submitted to the board of trustees of the school in Ahoskie tomorrow.

According to reports issued from the chamber of commerce yesterday evening, following conclusion of the day's soliciting, Greenville had raised practically \$27,000 in cash donation since the meeting Saturday night in which the soliciting campaign was inaugurated, and while this sum is considered large, members of the committee feel satisfied that the sum may be increased to \$50,000.

D'ANNUNZIO STILL PROVES PUZZLE IN ITALIAN SITUATION

Foreigners Are Puzzled Whether to Believe in Him or Not in Future.

Rome, Jan. 13.—Foreigners who visit Fiume and enjoy the hospitality of Gabrielle d'Annunzio, the "poet-warrior," who rules there, are by no means agreed as to whether his adventure in Fiume should be supported.

Two American women who recently returned from that city are enthusiastic about the poet. One of them said that he seemed to her only the "embodiment of a spiritual movement," and that "his enthusiasm carries one away from all thought of him other than as the herald of his great idea. He seems to be a voice from another world."

A hard-headed American journalist said on returning to Rome: "It is all bunk. Its the worst pipe dream I ever ran into."

Some dreamers and idealists may sympathize with d'Annunzio's adventure; but I cannot see anything but harm in it for Italy. It is a blow to the discipline of the army and navy and a menace to the Italian government. At first it was rather amusing, but one gets tired of farce."

Apparently there is a wide divergence of views among Italians as among foreigners as to the value of the d'Annunzio expedition. Many Italians who are enthusiastic about it at first have chilled on second thought. This especially is true among members of the conservative parties who attribute the great gains of the socialists in the recent general elections to the extreme nationalist movement as typified by d'Annunzio.

BIG CROWD HEARS COLLEGE BAND AT TEACHERS SCHOOL

Capacity Audience Greeted A. & E. Cadet Band Here Last Evening.

ATTRACTIVE PROGRAM PRESENTED BY CADETS

Soloists Also Pleased With Several Numbers Peculiarly Pleasing.

Easily one of the most interesting visits yet paid to the East Carolina Teachers Training School is that of the Band of the a cadet corps of the State College of Agriculture and Engineering, with Miss Annie McDade of Peace Institute and Prof. Lehman of State College, as solo singers.

Last evening this aggregation gave a concert in the school auditorium which greatly pleased a capacity audience. Capt. Price, the director of the band, had arranged the program most attractively and it was a continuous performance, without any waits or intermissions.

The band selections were as follows: 1. Debutante, overture, Myers. 2. Officer of the Day, march, Hall. 3. Golden Rod, waltz, Huff. 4. Lassus, Trombone, rag, Fillmore. 5. National Emblem, march, Bagley. 6. Juanita, (on three muted cornets.) 7. Mignonette, overture, Baumann. 8. Hush-a-bye Baby, cornet solo, Logan, (by Mr. Taylor.) 9. Loyalty, march, Bagley. 10. Trombonology, rag, Rogers. 11. March.

PULP SUPPLY HAS ABOUT GIVEN OUT IN MANY SECTIONS

Source of Paper Supply Will be Completely Exhausted in 17 Years.

Washington, D. C., Jan. 13.—In less than 20 years 95 per cent of the pulp and paper mills of the country, mainly those in the east, will have practically exhausted their supplies of spruce hemlock, and fir—the principal woods from which the paper on which newspapers are printed is made.

The annual cutting of these woods in the New England States and New York is approximately 3,262,000 cords, and at this rate the supply will last approximately 17 years. The estimated annual cutting in the Lake States is 3,030,000 cords, and if continued will exhaust the supply in that region within 18 years. Pennsylvania, Maryland, Virginia, and North Carolina, with their smaller forest resources, are even worse off, the annual cutting being calculated at 1,470,000 cords, at which rate the spruce, hemlock and fir will last but ten years. Only in Alaska, Washington, Oregon, and California, are the reserves in no immediate danger of exhaustion if the cutting continues at the present rate of 2,218,000 cords a year.

These figures of special interest because of the present paper shortage, are included in estimates compiled by the Forest Service of the United States Department of Agriculture. The data indicate the demand for a nation-wide policy that will put privately owned forests on a permanently productive basis and will also result in utilizing mill waste for paper making.

SULTAN OF TURKS WILL HAVE SINGLE WIFE FOR FUTURE

Next Ruler Will Have Only one Wife, According to Recent Decision.

SHE WILL BE ENTIRELY FREE AND VERY CONTENT

Think They Have the Making of a Great People in New Changes.

Constantinople, Jan. 13.—Turkey's next Sultan, Abdul Medjid, now the heir apparent, will be the first to have but one wife, and as such she will enjoy the same romantic position as the celebrated Roxalana, the all-powerful favorite wife of Suleiman the Magnificent whose tombs for centuries have attracted visitors to the Suleiman mosque in Constantinople.

Abdul Medjid is regarded as one of the most interesting personalities of Turkey. For 3 years he was a prisoner in the house of his father, Abdul Aziz, who was Sultan for 15 years until his deposition and death in 1876.

"I was happy during those long years" he said to The Associated Press "because I married early, at twenty-four, married for love, and then I used my time improving my mind, drawing wisdom from the works of the world's philosophers." He is no longer officially a prisoner. Since the dethronement and sudden death of Abdul Hamid in 1908, and the advent of the young Turks, he has won his freedom.

MANY FOREIGNERS LEAVING AMERICA FOR NATIVE HOME

Practically One Million Have Left Country Since Armistice Was Signed.

New York, Jan. 13.—Nearly 1,000,000 foreign-born laborers have left the United States for Europe since the armistice was signed and 1,000,000 more will depart as soon as passport regulations are made less strict according to a statement issued here by The Inter-Racial Council of which General Coleman du Pont is chairman.

Tens of thousands of aliens are reported to be giving up their jobs preparatory to returning to their home lands, it was said, and many of these "as the result of racial prejudices will take back with them stories about America which will make this country less attractive to immigrants."

"The independence that has been granted the countries of Europe," it was stated, "and the fact that 30,000,000 persons, women largely, are drawing aid from their governments in the form of pensions, are factors which detract from the incentive heretofore existing for foreigners to seek their fortunes in the United States."

A nationwide educational movement among 30 nationalities in this country, having for its purpose the endeavor to "adjust the foreign born to American life," has been undertaken by the council which has held numerous conferences with leading representatives of each race. More than 400 industrial and financial organizations of the country are said to be interested in the council which advocates "a liberal attitude on the part of the public toward immigration" as a result of the reported unskilled labor shortage.

AMERICA EXPECTS TO CALL SOLDIERS OUT SIBERIA SOON

Complete Repatriation Czech Slovak Forces Expected Early Date.

JAPAN ALONE TO ASSIST FORCES IN THE FUTURE

Rapid Progress of Soviet Forces Causes Apprehension in Many Sections.

Washington, Jan. 13.—Decision to withdraw the American troops from Siberia upon the completion of the repatriation of the Czech-Slovak forces next month has been reached by the American government.

The troops were sent to Siberia in accord with an agreement between the United States, Japan and the Entente powers to aid the Czechs and protect the Siberian railroad. Japan has been notified by the United States of the cancellation of that agreement in so far as it affects the presence of an American military expedition.

When the Czechs have been removed, the American Railroad commission, headed by John F. Stevens, which has been in Russia since before the fall of the former Czar's government, will leave Vladivostok for home and the American soldiers under Major General Graves, will follow as soon as transports can be made available. Presumably the same ships which are to take the Czech-Slovaks across the Pacific will be used. Two of these vessels, the President Grant and America, are expected to leave New York within a few days.

With the departure of the Americans, Japan will be left alone to assist in the efforts to stem the eastward march of the Bolsheviks. The rapid progress made by the Soviet forces have been a source of apprehension in Japan and the cabinet at Tokio has been considering means of combatting what Japanese officials regard as a serious menace.

Suggestions have been made that Japan materially increase its force of 30,000 troops in Siberia and it has now opened negotiations with the American government with this end in view. So far as was learned today, however, no agreement has yet been reached.

The American force numbers about 8,000 men and was sent into Siberia last summer. Its presence has been the subject of numerous spirited debates in the senate and resulted in the adoption of a resolution calling upon President Wilson for a statement of the administration's policy. In reply to this resolution, the State Department said the purpose of sending the expedition was solely to assist the Czechs and to guard the railroad in the meantime.

TUESDAY, JAN. 13TH, 1920.

QUESTION NO. 21.

What Pitt county newspaper has for thirty-eight years upheld the courts in the administration of justice, at all times urging the people to respect the court, obey the law, be upright and law abiding citizens, live peaceably with their neighbors, and make their county a good place in which to live? Ask ex-Judge H. W. Whedbee.

Some people who do not claim to be egoists view their efforts very complacently just the same.

Probing radical activity in this county is something like probing a sore place in some politician's heart.

When production is increased probably prices may be encouraged to come down a single notch.

Som fellows are asking, "Where is Uncle Sam." And the only reply is, "we dunno—he's not in the league."

The announcement that the steel strike has finally ended causes one to remember there has been such a thing.

The allies and Germany have a peace treaty, but not America. The senate wouldn't permit that.

Holland may find itself completely inundated if it should fail to grant extradition of the former German Kaiser.

The "Soviet Ark" will land its burden of reds at Helsinki, Finland. And it is to be hoped they will remain there.

Loquacious business men who have been telling us that prices are coming down sometime in the future were right. But when, please?

If the weather man is not more particular around home than he is in dishing out weather, truly he must have a bad time with his wife.

Reports say that congress is to take up a number of important questions during the present week. Of course, people are expecting to hear of unusual accomplishments.

Congress has at last decided to deal severely with sedition. It would probably be better for the American people had this step had been taken sometime ago.

Some of those Republicans who have been talking "Americanism" so much are destined to use a mouth wash before they can familiarize themselves with the true meaning of the term.

Those Carranza followers who have been charged with injecting radical elements to greater activity in this country may find themselves on a little ark, too, bound for the hills of Mexico.

AMERICA AND GERMANY NOW.

The signing of the peace treaty between allied nations and Germany apparently has placed the United States in a position entirely out of the ordinary and exceptionally contrary to prospects several months ago. We entered the war upon the same principles of all other countries participating in the alliance, we fought for the same things, sustained demoralized forces in moments of incapacity, helped arrange terms of the treaty, but yet we are unable to be among those to sign the agreement putting practically the entire world at peace.

The position of America in this instance is, indeed, a peculiar one. More so probably from the fact that its congress should have been so long in decided upon the issue and so obstinate in arranging certain reservations to be presented to other nations involved before ratification and signing of the protocol by Germany became inevitable. But has this been the real cause for delay and why should America of nations must eventually be forgotten very regrettable occurrence, however, for every principle which our American statesmen made extant while assisting in forming the treaty and league of nations must eventually by other by other countries before the issue is complete.

The situation, as we have said, is peculiar and extraordinary. The entire world, as far as the treaty embraces, is virtually at peace with the exception of the United States and Germany. Is it going to be advisable for us to make separate terms of peace with the Hun, or is it to be absolutely necessary to demand certain revisions in the present treaty, which has already been signed by countries equally as powerful as our own. Such action would be highly improbable. The pact was accepted by the others, and if the American senate cannot accept those terms, there is only one alternative, and that is to make separate peace which Germany which would require some time, and much dickering before anything reasonable could be accomplished.

The significance of the whole issue is that America is completely on the outside. Separate peace with Germany is inevitable unless our people can accept that signed by other nations. Armies have been withdrawn, Europe is in perfect peace, and America is daily slipping in a position peculiar indeed to those who have followed the war from its early stages to the present date. Probably now those senators who have been such serious objectors to the league of nations and so desirous of compromise of reservation may come to the conclusion that the time for action has come at last, and that American people as a whole are going to express their sentiment in the issue before it is complete.

We are to deal with Germany singly and as individuals, and now that the matter has practically been taken from the hands of opposing elements, it may be that the day will so dawn when American principles will be as supreme abroad as they were when the treaty was written and the league of nations incorporated as a supreme factor.

Think of five thousand quarts of "high grade booze" being seized by the government at one time. There are, we suppose, a number of fellows who would be glad to have the same authority of the government.

Ahoskie has announced its intention of going after Chowan College with determination of winning. But it is certain that Ahoskie does not know that Greenville is in the ring to stay, too.

It might be perfectly alright to consider putting any kind of human being on his honor except a Red, for that would be nothing more than eventual disaster for one conducting the experiment.

If people continue to drive their automobiles faster than allowed in the city limits police authorities should take stringent action in stopping them. Traffic cops, mounted on motorcycles, if necessary, should be placed on Dickinson avenue because the street is so narrow that cars speeding around the corners of intersection streets frequently imperil the lives of pedestrians as well as those riding in automobiles. Immediate action is demanded, and it is upto the police to draw the lines just a little tighter until speeding is stopped.

Carter Glass declares that another liberty loan will be necessary if congress isn't mighty careful how funds are handled in the future. And it is to be hoped that carefulness will be the keynote in all business within the next several months.

That telegram urging speedy ratification of the peace treaty just sent to the capitol by William Jennings Bryan will assuredly have much effect. Especially so since he has played such an important part in condemning the league.

Brussels has been proposed as the capital of the league of nations instead of Geneva, Switzerland, because the United States has failed to ratify the treaty. That sounds bad, because there are many American statements who would have enjoyed the beautiful scenery of the latter place.

For the second time in the last few days Victor Berger, socialist representative-elect from Milwaukee has been denied a seat in the house of representatives at Washington. Which, after all, goes to show that America's law makers still have a little decency left in some things.

Everytime we read a news story the Mexican border some American has been killed, or something has occurred to bring the two nations to more strained relations than formerly. This cannot continue very long before the American government will demand something to the contrary.

Unconfirmed reports indicate that Greenville is making some mighty fine bids for Chowan College. To tell the truth, there is little reason to believe, the town will not receive the institution as other cities in competition may become discouraged before we get through. Then we win, of course.

Jack and the Beanstalk may have accomplished some mighty wonderful stunts in fairyland, but they didn't do anything at all in comparison to what Republicans think they are going to do before the league of nations is settled. And as for fairly story their success may live in narratives only.

Chairman Will Hays appears to be playing to women of the country in his campaign supporting Republicanism. At least he says "The Republican party offers the women everything we offer the men" which appears to be placing matters upon an equal basis. It's a mighty good way to win votes in some cases, but in others, it's a safe way of spilling the milk.

There is but one Col. Fred Olds, but comparatively speaking he is a regiment within himself. No man in North Carolina has done as much as he to bring happiness to others. Always on the lookout to carry pleasure and sunshine, he has endeared himself to the people of the entire state, for he is known from the mountains to the sea. North Carolina can never repay the debt of gratitude due him.

THE successful farmer raises bigger crops and cuts down costs by investment in labor-saving machinery.

Good prices for the farmer's crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

Tax Notice!

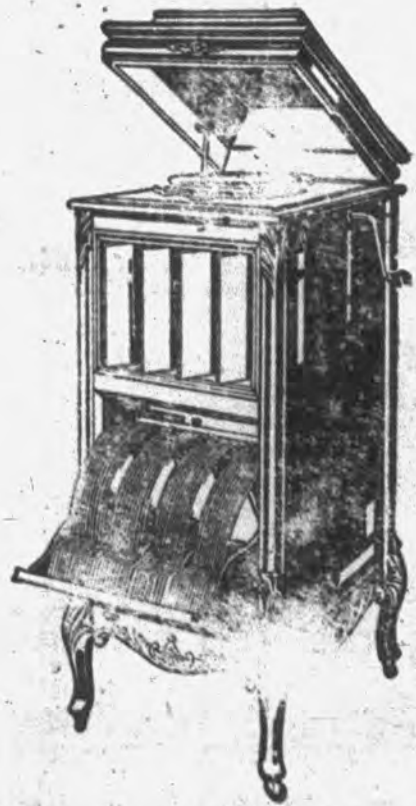

To the Tax Payers of Pitt County:
 The Legislature of North Carolina in session 1919 passed a law putting a penalty of one per cent on everybody who failed to pay their taxes before the first day of January 1920, and thereafter one per cent in addition for each month it was not paid. The Commissioners of Pitt County, realizing the fact that this was not generally known by the people, have arranged with me not to enforce this penalty until February 1st, 1920. Come in and pay your taxes at once as after that date, under the state law, I will be compelled to add the penalty to your taxes as stated above.

Yours truly,

GREENVILLE GOING AFTER COLLEGE IN SANGUINE MANNER

(Continued from page one.)

000 easily by tomorrow and have set the goal at that figure. The campaign will continue throughout today without the slightest intermission and it is expected that by nightfall the goal will have been reached with the city placed in a position where its offers will be received with unusual favor.

Up to this time there has been three sites offered for the location of Chowan College in the event Greenville's competition should prove successful, and combined with the cash donations members of the chamber feel satisfied that representatives from this city who attend the meeting of school trustees in Ahoskie tomorrow will be able to present an offer that cannot be fully considered by the authorities and then rejected. The spirit behind the city's campaign, it is believed, will have great weight when the trustees consider the proposition from every point of view, and cannot fail to realize what this will mean in conjunction with splendid offers presented by citizens through the chamber of commerce.

It is the purpose of the soliciting committee to continue activities today so that the present sum may be increased to the \$50,000 mark and beyond that if possible, and every person feeling interested in having Chowan College located in Greenville is requested to give freely so that Greenville will excel all other towns in competitive offers tomorrow. Persons who have not made any donation should call the chamber of commerce today and place their offers. This will give the committee an opportunity of making a more attractive offer tomorrow when the final decision is to be made.

Greenville people are desirous of having the Baptist institution located in their midst, and for that reason, it is believed the campaign will terminate in whirlwind fashion this afternoon with cash donations passing the fifty thousand dollar goal. An optimistic spirit is in prevalence to this effect anyway, and the concluding issues will surely surpass expectation.

POLICEMAN JESS WHICHARD RESIGNS FROM LOCAL FORCE

Policeman Jess Whichard, who several days ago resigned from police force of this city, yesterday began work in the capacity of deputy sheriff under Sheriff Dudley's administration. Mr. Whichard has been a member of the Greenville police department for four years and during that time proved one of the most efficient men in its employ, demanding the respect of the lawless element as well as law abiding citizens. He will enter the service of the sheriff's office well qualified for the work, and it is expected that he will be of invaluable assistance in curbing lawlessness throughout the county.

SULTAN OF TURKS WILL HAVE SINGLE WIFE FOR FUTURE

(Continued from page one.) way to liberty at least so far as travel in Asia, or in Constantinople, is concerned, and also to a certain freedom of speech. In person he looks not unlike the old fashioned gentleman farmer of England or America, Stout, bluff, hearty, his dress is of rough, loosely fitting homespun, with only the red fez which Turks wear in or out of doors to indicate his nationality. When he doesn't smile, which is not often, his greying hair and moustache and wide, Circassian blue eyes give him the thoughtful air which has led Turks to declare will be a great Sultan if the whirligig of politics, internal and international, give him his chance to fulfill his dream of salvaging the wrecks of the Ottoman Empire.

"We have the makings yet of a great people, of a people that will get ahead in the arts of peace and industry under proper conditions," he said with an air of deep conviction. "Why won't America give us a start?" he asked in a quick, pathetic manner common to many of the men of the nations defeated in the war.

"Why should we have those hostile war vessels in our harbor a year after the armistice?" he asked, pointing to the ships swinging in the Bosphorus. "Why not settle our affairs; let us rest from the wars without number which we have had?"

The Prince was looking out from a second story window, as he talked, of the Dolmabahgcheh Palace, the show place of Constantinople, where he has the use of one wing.

"Aren't the Turks anxious for an American mandate because they thereby see an opportunity to save themselves from partition and the loss of Constantinople?" he was asked.

BIG CROWD HEARS COLLEGE BAND AT TEACHERS SCHOOL

(Continued from page one.) garet, waltz, Huff. 12. New Hartford, march, Myers. 13. Southern Medley, overture, Gulenimfolder. 14. Star Spangled Banner.

Miss McDade, voice instructor of Peace Institute, sang five selections and in the singing won her way into every listener's heart. She sang: 1. The Haunt of the Witches. 2. By the Waters of Minnetonka. 3. Nobody Knows, (a negro spiritual.) 4. The Stately Ships Go On. 5. Into My Life She Came.

Prof. Lehman, of State College, sang three numbers, and was given most hearty and well deserved applause. He sang: 1. The Trumpeter. 2. Roses Everywhere. 3. When Pershing's Men Go Marching into Picardy. He is a professor of mathematics and also the director of the College Glee Club.

The party was in charge of Col. Fred. A. Olds, who made the announcements from the stage and who was introduced by President Wright. Col. Olds expressed an ardent hope for a spacious auditorium and also that the visit of the band should be an annual event, adding that next time the admirable college glee club would also come.

The following are the members of the band: P. W. Price, director; O. A. Zachary, drum-major; L. R. Harrell, R. F. Matthews, V. P. Sheppardson, W. W. Starr, C. Taylor and F. A. Scroggs, cornets; A. F. Armstrong, B. F. Norris, clarionettes; F. K. Baker, E. B. Harris, mellophones; J. F. Lewis, E. T. Kearns, R. C. Stephenson, W. C. Tucker, R. G. Kendricks, trombones; B. E. Benson, F. R. Spruill, altos; J. K. Jones, baritone; H. Pasman, saxophone. E. D. Barr, E. D. Barr, B. B. Barr Basses; L. B. Daniels, cymbals; J. D. Pell, snare drum; J. W. Kistler, bass drum. Capt. J. B. Hunter, of the Headquarters Company of the Cadet Corps was with the party.

The public is indebted to the Training School for the opportunity of hearing the band, but the school is indebted to Col. Olds for bringing the band.

REGULAR MEETING OF NATIONAL BANK CONDUCTED TODAY

(Continued from page one.) at this excellent record that a rising vote of thanks was given the officers and directors for their splendid management of the institution.

On motion the rules were suspended and the entire board of directors were unanimously re-elected by acclamation.

A very important matter coming up in the stockholders meeting was the motion to appoint a committee to draft resolutions expressing to the Chamber of Commerce the co-operation of the bank in securing the location of Chowan College in Greenville, and the further motion that the bank subscribe \$1,000 for this purpose. The interest expressed by many of the stockholders in this showed that the sentiment for it was unanimous. D. J. Whichard, F. C. Harding and J. R. Moye were appointed to draft the resolutions, and their report, which was adopted by a rising vote of the stockholders, was as follows:

Being cognizant of the fact that the Trustees of Chowan College have decided to move this Institution from Murfreesboro to some other location in the state, and the town of Greenville, through its Chamber of Commerce and its other organizations, now making an effort to secure the location of the College in Greenville:

Be it Resolved, by the stockholders of the National Bank of Greenville, comprised of citizens of Greenville, all sections of Pitt county and adjoining counties, in annual meeting, on January 13th, 1920, that this bank give its hearty support to the movement to bring Chowan College to Greenville, and tenders its services to the Chamber of Commerce to this end:

Be it further Resolved, that the National Bank of Greenville contribute the sum of One Thousand (\$1000.00) Dollars, as an inducement to bring said college to Greenville;

Be it Further Resolved, That a copy of these resolutions be conveyed to the Chamber of Commerce, with the request

that the Chamber of Commerce communicate these resolutions to the board of trustees of the Chowan College. D. J. WHICHARD, F. C. HARDING, J. R. MOYE, Committee.

Immediately after adjournment the stockholders the directors were unanimously re-elected the former officers, as follows: J. L. Little, president; F. G. James, vice president; J. Forbes, cashier.

NOTICE

North Carolina, Pitt County. By virtue of a power of sale contained in a certain mortgage deed executed by Sarah Little to G. E. Harris, dated November 29, 1910, and recorded in the Register's office in Pitt county in Book T-11, page 63, the undersigned will, on Monday, the 2nd day of February, 1920, being the 1st Monday in February, 1920, at 12 o'clock noon, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following described real property, to-wit:

"Lying and being situated in Pactus Township, Pitt county, N. C., beginning at an iron stake at the corner of Burt and Sam Little's land, thence along Burt Little's line North 6-30 East 834 feet to an iron stake Burt Little's second corner, thence South 83-30 East 400 feet to an iron stake Moses Little's third corner, thence along Moses Little's line North 6-30 East 905 feet to an iron stake by John Reddings' line, thence North 83-30 West 1806 feet to a cypress, R. R. Fleming's corner on Grindle Creek, thence down the run of Grindle Creek to a stake, Sam Little's second corner, thence with Sam Little's line 1640 feet to the beginning containing 54 acres and being Lot No. 6 in the division of the lands of Miles Little."

This sale will be made for the purpose of satisfying the terms of said mortgage deed.

This the 31st day of Dec., 1919. G. E. HARRIS, Mortgagee. F. C. HARDING, Attorney.

Sell At Gorman's

The sales today all finished before twelve o'clock.

Our sale of 35,560 pounds was very satisfactory and our customers were highly pleased.

The market sold last week 191,398 pounds, average \$43.46. Of this Gorman's sold 92,856 pounds. There was a big percent of scrap and cleaning of barns in last week's sales and the average is misleading as the good and fine tobaccos sold higher than just before Christmas.

The Board of Trade has voted to put on THREE sales for the coming season. This means that Greenville will have THREE sets of buyers and do away with block sales which have caused so much trouble this season.
