PRESIDENT SENDS COWAN'S NAME TO HOUSE FOR PLACE

**Wilmington Booster Nominated
for Collector of Customs
in That City.**
**AYDLETT WILL TAKE UP
HIS DUTIES IMMEDIATELY**
**Retiring District Attorney Asks
to be Relieved of Present
Position.**

Washington, D. C., Jan. 15.—President Wilson today forwarded to the senate the name of James H. Cowan, at present secretary of the Wilmington Chamber of Commerce, for appointment as collector of customs to succeed Col. Walker Taylor, who resigned several days ago to devote his time to private business.

The North Carolina Senators expect early action from the committee on the Cowan nomination and neither one anticipates any opposition in the Senate to Mr. Cowan's appointment. The Senate was perfectly willing for Collector Taylor to have a substantial increase in salary when the bill was up some months ago and members of the House hope to iron out the opposition in that body so that Mr. Cowan may get the increase which the senate favors.

It was announced from the office of Senator Simmons today that the Attorney General had authorized Judge Henry G. Connor, of the Eastern District Court, to designate at once E. F. Aydllett, of Elizabeth City, as acting United States attorney, pending action on the nomination by the Senate.

This move was made at the instance of retiring United States Attorney Thomas D. Warren, of New Bern, who declined to encounter further opposition in the senate over his confirmation. Mr. Warren desires to be relieved of duty at once and Judge Connor has been instructed to appoint Mr. Aydllett in time for him to begin the preparation of the criminal cases which are slated for the special term of Federal court beginning in Raleigh on February 7th.

The Aydllett nomination had not been sent to the Senate up until today. The Attorney General, on the endorsement of the North Carolina Senators, has recommended Mr. Aydllett to the President and the President is expected daily to rush the nomination over. It is believed by the North Carolina Senators that there will be no opposition to the confirmation of the Elizabeth City man.

Senator King, of Utah, referring to a number of communications he has received within the last few days urging ratification of the peace treaty after the plan advanced at the Jackson Day dinner by William Jennings Bryan, paid a great tribute to Senator Simmons.

"Apparently the press—and particularly the Republican press," Senator King said, "has been interested in emphasizing the idea that Mr. Bryan is the leader of the Democratic party and that he came to Washington and promulgated a new plan concerning the ratification of the treaty, and that under his influence and leadership Democratic Senators are about to abandon former views and ratify the treaty in pursuance of the plan submitted by him."

"Mr. Bryan is a great American and a very conspicuous figure in the Democratic party and in the nation," continued the Senator from the once Mormon State, "but it would be improper to say that he suggested a new plan of dealing with the treaty, or developed a novel theory in dealing with this grave and important matter."

**HUNGARIAN GOVERNMENT TO
RECEIVE PEACE TERMS TODAY**
Paris, Jan. 15.—Peace conditions will be handed late today to Hungarian delegation. Summary of terms will be made public tonight.

NEW LAND SALES COMPANY FORMED BY LOCAL PARTIES

**Greenville Pitt Land Company
Organized Last Night in
This City.**
**COMPANY COMPOSED OF
MUCH OUTSIDE CAPITAL**
**K. W. Cobb Will be Business
Manager When New Con-
cern Opens Up.**

The Greenville Pitt Land Company was organized in this city last evening by several of Greenville's most prominent business men and outside capital. The organization of this company, which will have for its purpose the buying and selling of real estate, both private and auction sales, will be backed by men of influence and character, and will be one of Greenville's and Pitt's largest assets.

The company will have an agency to represent the Atlantic Coast Realty Company in Pitt, and with this added to their endeavors to handle real estate, it is expected to become a power in the business affairs of this city and county. Mr. K. W. Cobb, of this city and who has for the past eight years been connected with the Atlantic Coast Realty Company, and also a stockholder of the company, is to be business manager of this new company. Mr. Cobb has been in the real estate business long enough to be thoroughly familiar with real estate deals to know the value of land, and will make a most capable and efficient manager for the company. He will have his office in The Reflector Building, just off of Evans street, on Third street next to the Western Union Telegraph Company. An unlimited amount of success is predicted for this company, as it is composed of men that are interested in the future of Greenville, Pitt county, and the individual man. Its organization comes at a most opportune time, as people are realizing as never before, what it means to own a

GALLI CURCI WILL SING FOR RALEIGH AUDIENCE JAN. 21

**Noted Italian Singer Scheduled
for One Night Engage-
ment in Capital.**

The world has heard from returning impressarios during recent seasons that there are no singers in Europe worth bringing over here. This was said to be as true of Italy as of other European countries. But suddenly there came a brilliant blaze of Italy. For the first time in years there are coming to this country sopranos who, according to the reports from other cities, are to renew the glories of the Italian operatic stage as it existed previous to the '70s.

These reports of such sudden fame came out of Chicago, where these artists have been appearing for the first time. The greatest of the triumphs which any of these new Italian singers has enjoyed came from Amelita Galli-Curci.

She was 26 years old the day she made her first appearance with the Chicago Opera Company, and achieved the greatest success that any coloratura soprano ever enjoyed there after a first appearance.

Patti, Sembrich, Melba and Tetrazzini, all these celebrities were carried out of the memory of Chicago public by the altitudinous notes of the new star. As she had sung without a contract Cleofonte Campanini sent for her and then and there made a contract for her services for a term of years.

Galli-Curci will be heard at the Raleigh Auditorium on January 21, as the second attraction of the Rotary Club's series. The ticket sale starts next Tuesday.

ITALY IS PLANNING TO CELEBRATE ITS VICTORY IN SPRING

**Several Disturbances Have Pre-
vented Celebrations in City
of Rome.**

**WORKMEN ENGAGED IN
PREPARING HIGHWAYS**

**Great Event Is Being Antici-
pated With Interest in
Every Section.**

Rome, Jan. 14.—Italy has not yet had its victory celebration. The ceremonies which were to have taken place early this month to be postponed because of the d'Annunzio incident and the unsettled political conditions. But preparations continue and when the palms of victory are handed to the heroes of the great war early next spring it will be a celebration not excelled since the most glorious days of the Roman Empire.

Workmen are now engaged in making highways by which the troops may pass along exactly the route followed by the forces of Titus and Constantine when they returned to Rome along the Appian Way and made their way through the Roman Forum to the capitol. The victorious army will march under the famous arch of Constantine, through the arch of Titus, past the ruins of the Coliseum, which Titus built after his conquest of Jerusalem, through the historic ruins of the Temple of the Vestal Virgins, up the main Forum, past what remains of the Capitoline Hill to the Altar of the Father and the monument erected to the illustrious Victory Emanuel II.

Since the days of the Empire the center of Rome has undergone many changes and it will require much temporary reconstruction to make it possible for troops to follow the ancient course of victors. Steps have replaced the ancient highway leading from the Roman Forum to the capitol. Consequently it will be necessary to build

(Continued on Page Three)

DEATH TRAINS ARE FEARFUL FEATURE IN SIBERIA REGION

**Member of Red Cross Commis-
sion Tells Interesting Story
of Situation.**

Tokio, Jan. 14.—The death trains constitute a fearful feature of the Siberian railroad, says Colonel R. B. Teusler, American Red Cross commissioner to Siberia. Into these trains are packed at the front, say, 500 refugees most of them suffering from typhus or some other disease and infested with vermin.

The trains are sent eastward from Vladivostok. None of the towns along the way want the refugees to be added to their own troubles so the trains are passed along, the refugees dying on the way. By the time the train reaches Vladivostok frequently more than half the sufferers have died. As the bodies are removed from the cars every morning, fresh passengers are likely to be thrust in their places.

Another feature of the suffering of the inhabitants according to Colonel Teusler, is the towns composed of dug-outs are to be found in many places. They consist of hundreds of holes dug in the ground in which the inhabitants are herded. Smallpox is frequently among them.

Colonel Teusler said that underwear is one of the greatest needs of the Siberian people. Many girls of people formerly well-to-do are now clothed in rags. If they could have ribbons and single faces, he said, it would help to support the morale of the people.

I have a few desirable Virginia farms for sale, excellent tobacco farms near Norfolk, Va., South Hill has good tobacco market, with six large tobacco warehouses. K. W. Cobb. Sat. Tues. Thurs.

COAST REALTY CO. BUYS OUT PROCTOR BROTHERS ESTATE

**Nearly Entire Estate of Grimes-
land Men Bought for
Practically \$400,000.**

**SPLENDID WOODSLAND
INVOLVED IN THE DEAL**

**Farm and Town Property, With
Exception of Homes,
Also Included.**

The Atlantic Coast Realty Company and associates on yesterday closed the largest real estate deal ever put over in Pitt county, by purchasing the entire Proctor Bros., real estate, with the exception of their homes, in Chicod, Pactolus and Grimesland townships at the rumored consideration of \$400,000. The land contains 2700 acres with nearly 1700 acres of woodland. This soil is some of the most prolific in the county and is splendid tobacco and cotton land. The purchased land consists of all town property, with exception of homes, the store of J. O. Proctor & Bros. with all contents included, the Bank Building in which the Grimesland Branch of the Greenville Bank and Trust Company, conducts business, the electric plant, saw mill, grist mill, blacksmith shop, cattle, horses and sheep.

The property will be subdivided and a part of it offered for sale at public auction about February second. Messrs. Proctor are some of Pitt's most successful business men, and have always done their part in making the outside world realize that Pitt county is on the map. Their selling out comes as a surprise to many, but they have other objects in view. Mr. J. O. Proctor leaves at once for Florida to spend the winter. He is a great sufferer of asthma and goes to Florida to recuperate. Pitt gives him up with much regret. Mr. W. E. Proctor has no immediate plans for the future, but it is sincerely hoped that he will remain in this county.

SUPT. SWANSON TO SPEAK AT MEETING OF TEACHERS SOON

**Will be One of Principal Speak-
ers at Association Meet-
ing in Edenton.**

Supt. H. G. Swanson, of the city schools will be one of the speakers at the meeting of the Department of Superintendence of the National Education Association at Edenton next month. There are more than 5000 members of this department and Mr. Swanson is taking high rank to be called upon to participate in their discussions. He will discuss "The Personal Qualifications of Instructors and the Laboratory Facilities for Exemplifying Hygiene and Physical Education Tests in Teacher-Producing Institutions, with a view to Adequate Preparation of Teachers for Using Such Tests in the Public Schools."

ADDITIONAL LOSS OF LIFE IS REPORTED FROM MEXICO

Mexico City, Jan. 15.—Reports from Puebla state, tell of a terrible loss of life in that region as a result of earthquake on January 3rd. In Vera Cruz state the death toll seems growing. Reports from Coahuila declaring a number dead in that city and nearby villages makes the total reach nearly to \$3000.

Mr. J. W. Ferrall, who has been here in the interest of the A. C. Realty Co., left this morning for Wilson.

I have a few very desirable Virginia farms for sale, excellent tobacco farms near Norfolk, Va., South Hill has good tobacco market, with six large tobacco warehouses. K. W. Cobb. Sat. Tues. Thurs.

ALLIES ARE DOING GREATER INJURY IN RUSSIAN CENTERS

**Military Leaders Declare They
Are Working Greater
Harm Than Bolsheviki**

**DEMOCRATIC MOVEMENT
IS CONSIDERED URGENT**

**General Gajda Says So Called
Bolsheviki Must Establish
Government.**

Vladivostok, Jan. 15.—General Rudolph Gajda, formerly commander of the Czech-Slovak forces in Siberia, declared before he left here for Shanghai that "the allies are doing Russia more harm than the Bolsheviki and the sooner the allies leave it the better it will be for Russia."

General Gajda with his Czech-Slovak troops defeated the Bolsheviki at Perm. He led the revolutionary movement which took place here November 18, was captured by government authorities and agreed to leave Siberia.

"All the allies have done in Russia," he said to The Associated Press correspondent, "is to support black monarchs—Kolchak, Denikine, Yudenitch and the Atamans. All the future can hold is absolute monarch or absolute Bolshevism. The Center group, the Social-Revolutionaries, the Social-Democrats and the other smaller groups of similar political orientation will be unable to assume leadership. All Siberia west of Lake Balkal will fall to the Bolsheviki, and from Balkal to the Pacific will be Japanese dominated provinces controlled by the Atamans."

General Gajda stated that he believed that the only people who can tie Russia together again are those who are now known as Bolsheviki. These so-called Bolsheviki he termed them, are not the Reds of the days of terror in European Russia. Today, he said, there is a national movement in Russia for a clear democracy and that the crude form which is now being dis-

(Continued on page two.)

CAROLINA POULTRY CLUBS TO EXHIBIT IN NEW YORK CITY

**Will Present Exhibits at Inter-
national Show in Madison
Square Garden.**

West Raleigh, Jan. 15.—Members of the North Carolina Poultry Clubs will have an exhibit at the International Poultry Show to be held at Madison Square Garden, New York City, January 19 to 24. The exhibit will be in charge of Mr. Allen G. Oliver, State Poultry Club Agent of the North Carolina Extension Service, and will be financed by the Department of Agriculture. Mr. Oliver states that no bird will be exhibited except those owned and raised by bona-fide club members in 1919.

A special feature of this exhibit will be a number of South Carolina Rhode Island Reds selected from farm flocks of the club members. These birds are to be taken from those winning prizes at the state and local fairs, and according to Mr. Oliver, they will reflect credit on the owners, the Poultry Clubs, and the state. They will not only compete against the best birds in this country, but also against quite a number of foreign birds.

A good location has been secured in the Garden where the birds will be displayed, and every effort will be made to make the exhibit a success, not only from the exhibitors viewpoint, but to what North Carolina is doing in Poultry the people and world at large see try Club work.

This exhibit at the International Poultry Show places North Carolina in the forefront, being the first state to make an exhibit of this kind, and will give the exhibitors and visitors an idea of the work being done by our boys and girls clubs.

DESIRES FEDERAL LEGISLATIONS FOR PREVENTING RIOTS

**Federal Legislation Against
Lynchings Is Also Urged
by Senator.**

**CAPITAL CITY TO SOON
UNDERGO INVESTIGATION**

**Prominent Attorney Says Re-
cent Riots Were Not Due
to Radical Agitators.**

Washington, Jan. 15.—Enactment of Federal legislation to prevent lynchings and race rioting was urged at the initial hearing today of a Senate Judiciary sub-committee conducted under the resolution providing for investigation into recent riots and submission of a report to the Senator suggesting means of preventing recurrence of the disorders. Today's session was devoted entirely to the question of Federal jurisdiction.

Senator Curtis, Republican, Kansas, author of the resolution, presented to the sub-committee a copy of a report of the department of justice showing the activity of radical agitators among the negroes in various cities where rioting has occurred in the last six years and describing the manner in which these agitators have conducted a propaganda among negroes for the purpose of arousing unrest.

The report outlined an article by Frederick A. Blossom, secretary of the I. W. W. local of Paterson, N. J., textile workers, designed to arouse negroes. This article, the report said, was printed in the office of the Gary (Indiana) Post at the expense of Lisa A. E. Gale, of Mexico City, who the report said, was believed to be a German agent.

"It seems to me," said Senator Curtis in presenting the report, "that there is a very strong reason why the general government should take hold of this question and make a thorough investigation of it and into the activity of the radical element in this country in working up race riots."

U. S. Bratton, a white attorney of Little Rock, Ark., who said his son narrowly escaped lynching during the recent race riots in that state, argued in favor of Federal legislation, declaring the Federal constitution guarantees all citizens an impartial trial which mob rule denies. He declared, however, that the recent troubles in Arkansas was not due to radical agitators, but to the system of peonage which he alleged prevailed in Arkansas.

"The conditions that exist there are such as to demand the attention of the Federal government," Bratton said.

James Weldon Johnson, a former United States consul in Nicaragua, but now field secretary of the National Association for the Advancement of Colored People, told the committee that there recently had been suggestions that the United States intervene in Mexico because about six Americans had been killed while, during the same period, 36 negroes had been lynched in this country.

METHODIST CHURCHES PLAN UNIFICATION OF WORKERS

Louisville, Jan. 15.—Clergymen and laymen representing six million Methodists of the country attended a meeting which began here today of joint commissions of Methodist Episcopal churches, north and south, to discuss the unification of the two churches. Delegates considered it a foregone conclusion the merger will be immediately agreed upon almost immediately.

LEAGUE OF NATIONS WILL COME IN TO BEING FRIDAY

Paris, Jan. 15.—The league of nations will come into being tomorrow at a public ceremony in the French foreign office. Leon Bourgeois, French representative, will preside and make the opening address. American Ambassador Wallace and American representatives at the peace conference will not attend. Press comment on meeting is dwelling principally upon absence of the United States. Most of them predict absence of the United States will not be long, and say "League of Nations cannot be complete until America is represented."

THURSDAY, JAN. 15, 1920.

QUESTION NO. 23.

What Pitt county newspaper has for thirty-eight years been read eagerly by the people of the county because it gave them the news they wanted and what it printed could be relied upon? Ask your neighbor.

Reds and radicals have a way of doing things peculiarly gratifying to themselves only.

Men who aspire to congressional honors in New York state must be reliable, not Socialists.

Some men are dead game sports until funds run low, then you can call them any old thing except a sport.

If Berger can't rise above charges of sedition then he won't be able to climb the ladder to the senate.

Several new buildings in prospect for Greenville this year indicates that this old town is going forward, too.

Of course high prices were never contemplated in this section of the state, but they got here just the same.

Those fellows who chant the song of the Reds generally pale when facing the music of the secret service department.

That six million dollar bond issue for supplying Norfolk with water convinces us that the city must be experiencing a famine.

Many a perfectly good fellow will make his old winter suit of clothes blossom forth gloriously in combatting spring prices.

People talk prosperity in every section of the country, yet only one-tenth of them are savers. Where does thrift come in.

New Bern soon will vote for a bond issue of \$100,000 for the erection of three new school buildings. Again the town goes forward.

Greenville may not get Chowan College, of course, but even then she has the consolation of knowing a determined effort was made.

Six years will be required to make the United States completely dry, according to prohibition agents. And then it will be wet in certain centers.

North Carolina colleges favor ratification of the peace treaty without reservations or amendments. That's one time North Carolinians have gone right, unerringly so.

Think of a fifty per cent increase in the price of clothing this spring due to high prices paid tailors. High prices in other commodities are caused by the same thing, and it would seem advisable to call a stop in advancing wages until the situation becomes more equal.

THE STATES LEAF FUTURE.

The following statement issued by the state crop reporting service, giving North Carolina's position among other leading tobacco growing regions of the country, will be read with no little interest by people in this part of the state who have enjoyed unusual prosperity this year through bright leaf sales. Prices for better grades of tobacco have been everything that could be desired by the most optimistic tobaccoists, and consequently, the closing of the market here in February will witness the conclusion of one of the most notable seasons in the history of the county.

The comparative statement issued by the crop reporting service shows exactly what the state has accomplished, and should prove a great incentive in the industry for the coming year. The statement follows:

"Tobacco has been the primary crop to make North Carolina rank fourth in the value of all crops among the states of the nation," according to Frank Parker, director of the states Crop Reporting Service. "This enviable rank classes her next to Illinois and Iowa. This is no idle dream as it is so announced from the Federal Bureau of Crop estimates.

"We held first place in the value of the tobacco crop last year notwithstanding Kentucky's large lead in production; so it is but fair to give our competitor first place with the 1919 crop. We can still bow to her and remark, 'Our weed is recognized the world over as the best for it sold eight cents above Virginia, who is our nearest competitor in average price, and over fifteen cents a pound higher than Kentucky's crop.'

"As with cotton, the preliminary estimates were too low, there having been a natural farmers' bias downward in acreage and yield of the tobacco crop. The July estimates were for 264,000,000 pounds but the October estimates survey, together with the sales to that date, indicated a probable crop of 10,000,000 pounds. It now looks like the crop may reach more than 315,000,000 pounds with a total value of \$157,000,000. The bulk of our sales were made during the low and ascending price period while Kentucky is benefiting by the later and higher prices.

"North Carolina's sales averaged approximately as follows; July eight millions at \$21.66; August twelve millions at \$25.51; September seventy-nine millions at \$41.10; October one hundred and three millions at \$56.05; and November fifty millions at \$67.94. December sales averaged \$53.94 but the drop from November is due largely to big sales of scrap and low grades usually common at the close of the season. It is now estimated that 12,040,000 pounds of the farmers' virgin weed is still unsold. Only two per cent of the crop sales was unreported by warehouses according to the Crop Reporting Service estimates.

LETTERS BY THE MILLIONS.

The Bureau of War Risk Insurance at Washington received and answered four million letters during the first six months of this year, and the stream of mail is unceasing. A great deal of trouble is occasioned by failure of correspondents to write legibly, to give their names and addresses, to furnish all the information required for speedy and accurate attention to their cases. Every conceivable form of hand writing reaches the Bureau, and many times handwriting experts are unable to identify signatures. The body of a letter may be perfectly legible, but the name signed is often susceptible of many guesses.

The Bureau has received thousands upon thousands of letters with imperfect names and addresses, thousands of unsigned letters, thousands of letters containing insufficient information on which to base a settlement or adjustment of a claim or award. In writing to the Bureau, write plainly and legibly and furnish all necessary information. Better too much information than too little.

A former service man writing to the Bureau should give his name in full—first, last and middle name; his rank and organization at the time "Form 1-B" was filled in or at the time the insurance application was made; his present home address and also his former address, if the address

has been changed; his army serial number; the first, middle and last name of his beneficiary; the beneficiary's present address and also the beneficiary's former address, if the address has been changed. If an insurance inquiry, also give date of discharge from the service, and insurance certificate number. If an allotment inquiry, the allotment number should be given, or if a compensation case, the compensation number.

Thomas Evans Hughes will place his professional services at the disposal of five socialists who were recently denied seats in the senate. Certainly, he considers that generous.

Coal operators abiding by findings of the commission appointed by President Wilson show that majority of the miners favor keeping on good terms with the chief executive just the same.

President Wilson declares that the league of nations will mark the beginning of an historic era throughout the world. But present indications do not appear to include America in this new era.

Rioting in Berlin goes to show that people of Germany are not at peace yet. Workmen demand more satisfactory working conditions, and of course they will eventually get them—if like those in America.

"Bigger and better crops" should be the slogan of American farmers for the present year. Production is absolutely necessary, and if the planter curtails the crop the entire world must inevitably suffer.

South American papers have condemned action of the New York legislature in excluding Socialists from that body. And, maybe, the papers are not fully acquainted with the situation, or they would talk the other way.

Southern college students who approve ratification of the peace treaty without reservations express a sentiment approved by a majority of people of the nation. Amendments may be all right, but why waste such valuable time with incorporations when other countries have signed and placed the entire world at peace.

ALLIES ARE DOING GREATER INJURY IN RUSSIAN CENTERS

(Continued from page one.) played eventually will work itself out in a moderate social program. He said that the army that was approaching Lake Balkal from the west, the army that he defeated at Perm last winter was an officered army, with generals, colonels, captains and soldiers. It was disciplined. There was a military staff, schools and academies for training men for the army. The doctrine of communism were gone from it; personal rights in property had been established and were being maintained. The world should know more of the facts regarding actual conditions in Siberia, Gaida said.

"The democratic movement is inevitable," he concluded. General Gaida was asked if in his opinion the allies could not aid in the realization of this pure democracy of which he had spoken by lending aid to the government formed at Omsk and headed by Admiral Kolchak. He laughed heartily. Czech for "No, Never."

"No, Nikdy!" he said, which is

ITALY IS PLANNING TO CELEBRATE ITS VICTORY IN SPRING

(Continued from page one.)

date the cavalry and artillery. Part wooden roads over these to accommodate of this road has already been constructed and rises generally from the ruins of the tribune where Marc Antony delivered the funeral oration over Julius Caesar to the level of the approaches leading to the capitol steps.

Canon and ammunition carts and motor lorries will replace the chariots and mortars dragged up the famous Capitoline Hill centuries ago. There will be no elephants and camels, no prisoners in chains. But aircraft will however the ceremony and attest modern man's conquest of the air, even though he has never been able to equal the art achievements of pagan Rome when it was capitol of the entire known world and all discovered portions of Europe, Asia and Africa, were ruled from the very spot where Italian soldiers will receive their palms.

ANNUAL MEETING.

Woman's Auxiliary and Parochial Society of East Carolina.

The annual meeting will be held in St. John's Church, Fayetteville, January 20 and 21. On the Monday preceding there will be a meeting of the board of managers.

Tuesday will be devoted to officers' reports and business sessions.

Early Wednesday morning there will be celebrated the annual corporate communion for all women, at which service the Bishop's Fund will be presented.

The Junior meeting has been arranged for Wednesday and we are most fortunate in securing Miss Frances H. Withers of the Church Missions House. She will address the meeting on the church school service league, explaining the plans for the new Junior work.

Delegates are requested to read the Spirit of Missions for December and January before going to Fayetteville.

Mrs. J. H. Anderson of Fayetteville wishes to receive at once the names of all delegates appointed to attend

these meetings.

Please bring note books and pencils to all meetings.

Yours faithfully,

FANNIE CHASE STATION,
President Woman's Auxiliary and Parochial Society.

BAPTIST MISSIONARY SOCIETIES

TO OBSERVE DAY OF PRAYER

The Woman's Missionary Societies of the Memorial and Immanuel Baptist churches will observe tomorrow a day of prayer for world wide missions. The service will be held in the church, the morning session beginning at 10:30 A. M. and afternoon session at 2 P. M. Every member is urged to be present and are requested to bring their Christmas offering for China.

MR. FARMER

Before making your plans for this year's crop it will pay you to investigate the good results from the use of Pamlico Fertilizers last year.

We are prepared to furnish any material desired, at the right price. Ask G. W. Peed about the results.

Place your orders early with
Local Agent Pamlico Chemical Co.

N. O. Warren

Tax Notice!

To the Tax Payers of Pitt County:
 The Legislature of North Carolina in session 1919 passed a law putting a penalty of one percent on everybody who failed to pay their taxes before the first day of January 1920, and thereafter one per cent in addition for each month it was not paid. The Commissioners of Pitt County, realizing the fact that this was not generally known by the people, have arranged with me not to enforce this penalty until February 1st, 1920. Come in and pay your taxes at once as after that date, under the state law, I will be compelled to add the penalty to your taxes as stated above.

Yours truly,

E. R. Dudley

SHERIFF PITT COUNTY.

Start Your Tobacco Right!

FEED the young growing plants with the food that will give them the right start in life. They are particular about their food. It has to be prepared especially for them, and not everyone knows how. Here is where the specialized knowledge and skill of a life-time is available to you. Mr. F. S. Royster began 35 years ago the task of perfecting a fertilizer for this exacting crop, and the success of his efforts is proven by the fact that there is more Royster Fertilizer sold for tobacco than any other single brand.

We recommend for your plant beds

ROYSTER'S BONANZA 8-3-3

ROYSTER'S ORINOCO 8-2 $\frac{1}{2}$ -3

We have an ample supply of old-fashioned foreign potash, like you used to get before the war, and it will be used *exclusively* in these brands.

IF YOU want your tobacco to have the color and texture that brings top prices, and full, oily, heavy-bodied leaf that makes for weight, start your tobacco with **ROYSTER'S** in the plant bed, and continue to feed it, when set out in the field, with the same fertilizer that gave it its start.

F. S. ROYSTER GUANO COMPANY

GREENVILLE, N. C.
 Opposite Dail Overland Company.

Forbes & Morton

The Greenville market will be open until Friday, February 20th. That gives five full weeks after this to market the crop. We advise our friends and patrons to finish grading by that time. The market has settled down with prices much stronger. We look for good prices for balance of season. We have Big Gem, Jamaica and Improved White Stem Orinoco Tobacco Seed. We will be glad to give them to our friends, the tobacco growers.

NEW LAND SALES COMPANY FORMED BY LOCAL PARTIES

(Continued from page one.) home and their own farms. Several years ago, before farms were subdivided, it took large amounts of money to buy a farm and home now every man can own a farm and make the payments, because the land companies make it easy for them to do so. Pitt county is rapidly pushing forward as the leading county of the state, and with the organization of the Greenville Pitt Land Company another forward step has been accomplished.

ELECTRICAL MACHINERY DEMANDED ABROAD Fuel Shortage Forces Europe to Use "White Coal."

The great increase in the price of coal throughout the world has made fuel economy a most pressing problem. Reports reaching the National Foreign Trade Council denote a tremendous and continued opportunity for the American Electrical Manufacturing Industry in supplying the needs of these countries which are now forced to develop their electrical power to the utmost.

Large railroad electrification projects are soon to be carried out in Italy and South Africa. In the former country, eight hundred million lire will be spent for electrification of 6000 kilometers of railroads. Portugal will probably follow in Italy's footsteps. Many of the South American countries are studying this problem, and Bolivia has just declared as public domain the watersheds of the rivers having sufficient power for that purpose. Through

Chile, many power plants are being built. In France a Bill recently passed both Houses and has become law for the canalization of the Rhone from Lake Geneva to the Mediterranean. The swiftness of the current of this river will be modified by means of a series of locks and dams, the latter being utilized to generate electric energy and for irrigating purposes. Nineteen large generating stations are to be provided which will furnish electric energy rendering from 12,000 to over 70,000 h. p. per station. It is estimated that the river is capable of generating energy equivalent to 790,000 h. p. or 4,848,000 kilowatt hours annually, which is equal to a saving of nearly 500 million tons of coal. Two hundred thousand k. w. of the energy generated is reserved for the use of consumers in Paris at the price of 2 cents per k. w. (locally generated energy now costs 10 cents). The balance of 560,000 h. p. will be utilized by metallurgical, electro-chemical and other industries in the Rhone valley, for electric traction on the Rhone, for the electrification of a portion of the

Paris, Lyons and Mediterranean Railway, pumping irrigation water and etc. The cost is estimated at 2 billion 500 thousand francs.

GODLEY TO DIE IN ELECTRIC CHAIR IN RALEIGH TOMORROW Raleigh, Jan. 15.—Churchill Godley, who is to die tomorrow in the electric chair at the state prison here for alleged criminal assault on little nine year old white girl near Smithfield, Johnson county, last May, spent the entire morning today with his wife in prayer with spiritual advisor. Mrs. Godley left the prison at noon, but she was expected to return later in the afternoon to visit her husband probably for the last time. Everything at the prison has been made ready for the execution which is to occur between

RECENT EVENTS PRELUDE OTHERS MORE IMPORTANT

Geneva, Jan. 15.—Recent events in Berlin are said to only be a prelude to others of more important which independent socialists intend to provoke on anniversary of the death of Karl Liebknecht January 16th, according to Berlin advices.

FIRE IN GRIMESLAND. A tenant house belonging to Merrs. J. O. & W. E. Proctor was destroyed by fire yesterday. The total loss will amount to about \$1500.

Nothing the matter with this hog killing weather.

NOTICE. North Carolina, Pitt County. By virtue of a power of sale contained in a certain mortgage deed executed by Sarah Little to G. E. Harris, dated November 29, 1916, and recorded in the Register's office in Pitt county in Book T-11, page 63, the undersigned will, on Monday, the 22nd day of February, 1920, it being the 1st Monday in February, 1920, at 12 o'clock noon, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following described real property, to-wit: Lying and being situated in Pactorus Township, Pitt county, N. C., beginning at an iron stake at the corner of Burt and Sam Little's land, thence along Burt Little's line North 6-30 East 834 feet to an iron stake Burt Little's second corner, thence South 83-30 East 400 feet to an iron stake Moses Little's third corner, thence along Moses Little's line North 6-30 East 905 feet to an iron stake John Reddings' line, thence North 83-30 West 1806 feet to a cypress, R. R. Fleming's corner on Grindle Creek, thence down the run of Grindle Creek to a stake, Sam Little's second corner, thence with Sam Little's line 1640 feet to the beginning containing 54 acres and being Lot No. 6 in the division of the lands of Miles Little." This sale will be made for the purpose of satisfying the terms of said mortgage deed. This the 31st day of Dec., 1919. G. E. HARRIS, Mortgagee. It-awkwks F. C. HARDING, Attorney.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery. This standard family friend has been breaking colds, coughs, gripe attacks, and croup for more than fifty years. It's used wherever sure fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 60c and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief! Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relish in it. All druggists—25c.

Sell At Gorman's

Our Tuesdays sale of 66,544 pounds was very satisfactory. This was more than half of the tobacco in town.

Today's sale is smaller and prices showed more strength than any day since Christmas. The tobacco Board of Trade met today, and voted to close the market on the 20th of February. We advise grading and selling.

Bring us your tobacco and we will send you home satisfied and drumming for Gorman's.

Gentry & Gorman

Gentry Pulls and Gorman Pushes, the Steam Plant Does the Rest.
