

THE HARDING CLUB TO BE ORGANIZED IN COURT HOUSE

Wonderful Career of This Pitt
County Citizen Places Him
in Front Ranks
**HON. F. C. HARDING FOR
LIEUTENANT GOVERNOR**
Served Three Years in Senate;
Now Member Board of
Trustees E. C. T. T. S.

Tonight at 7:30 o'clock the citizens of this county will meet in the Pitt county court house to organize a "Harding for Lieutenant Governor" Club.
Hon. F. C. Harding was born in Stonewall, Pamlico county, February 12, 1860. At the age of four years he moved to Aurora, Beaufort county, and from there he moved to this city in 1884, and has made his home here ever since. He graduated from the University of North Carolina in 1883, and took a post graduate course with the degree of L. L. B. in the University in 1884. On January 1st, 1886, he opened a law office in this city and is at present one of the most able lawyers in this state. Since his college days he has had a most wonderful career and his whole life has been devoted to the uplifting of this county and its citizens. He served as chairman of the board of elections for four years, and as chairman of the Democratic executive committee for six years. For twelve years he was a member of the board of trustees of the Greenville Graded Schools, during which time the school made wonderful progress. He was also a delegate to the national convention in Baltimore, which nominated Woodrow Wilson, as president of the United States, and was elected for first district in the campaign of 1912. For three terms he served his county in the senate, during which time several important matters, concerning the county, were brought up. In each and every case the Senator made it known that he was a loyal Pitt citizen. He was president pro tem of the senate.

He is at present enjoying one of the largest law practices in the state. He is also a member of the board of trustees of the Eastern Carolina Teachers' Training School, also chairman of the board of trustees for the North Carolina Orthopaedic Hospital School, for crippled children of sound minds. He is a member of the board of directors of the Greenville Cotton Mills, and a member of the board of directors of the National Bank of Greenville.

With this wonderful career, nothing remains for him but to become Lieutenant Governor of the State, which he has served so efficiently. If the state were searched for men to fill the office, no more fit man could be found than this loyal citizen, of our commonwealth, Hon. F. C. Harding.

Pitt county is expected to rally to a man, and put this honorable citizen in the place which he so justly deserves.

MR. S. J. EVERETT WILL FURNISH OPTION BLANKS

If members of the Pitt county branch of the American Cotton Association, who have low grade cotton which they wish to sell, will apply to Mr. S. J. Everett, he will furnish them with option blanks.

Mrs. Percy McMillan, of Elizabeth City, is visiting Mrs. N. S. Fulford.

CAROLINA CLUB HOLDS REGULAR MONTHLY SESSION

The Carolina Club met in regular monthly session last evening, with a large number of its members present. The resignation of Secretary J. C. Lanier, who leaves this afternoon for Cuba, was tendered and accepted.

SENATE RESUMES CONSIDERATION OF THE PEACE TREATY

Senate, Without Debate, Accorded to Request of Senator Lodge, Republican.

A MODIFICATION IS SUGGESTED BY LODGE

An Effort Will be Made to Hold the Debate Within Reasonable Bounds.

Washington, Feb. 16.—Consideration of the peace treaty was resumed in the open senate today by unanimous consent.

Without debate the Senate acceded to the request of Senator Lodge, the Republican leader, that the treaty be taken up.

To start the parliamentary machinery toward a possible compromise Senator Lodge moved adoption of a modification in the first of the Republican reservations adopted last session, and another season of debate began. Senator McCormick, Republican, Illinois, one of the irreconcilable opponents of ratification began the discussion with a prepared speech attacking with a prepared speech attacking the treaty.

The reservation which Senator Lodge moved to modify related to withdrawal from league membership.

In accordance with the agreement reached a week ago to formally call up the treaty today for further debate, a number of senators of both sides had prepared speeches. Among them were Senator Thomas, Democrat, of Colorado, and Senator McCormick, Republican, Illinois, both listed as irreconcilable opponents of ratification. The latter announced he would speak today and the former tomorrow.

While the discussion is proceeding on the floor the negotiations for compromise on reservations will be continued. Leaders announced they would endeavor to hold the debate within reasonable bounds in order that actual consideration of reservations may be taken up within a few days.

The reservations comprises as tentatively agreed upon in the recent informal bi-partisan committee conferences are the basis on which the negotiations today were being carried on.

PRES. WILSON'S NOTE ON QUESTION CAUSES SURPRISE

Newspapers Comment on His
Action in Regard to
Adriatic Question.

Later information appeared to soften the stiff-necked positions credited to both parties. This consisted of messages from Washington that too sweeping a construction has been given to the President's words, fortified by news from Downing street that the council had not finished composing its answer. Nevertheless Premier Millerand's cheerful observation to the reporters on Friday—"there is not a cloud ahead"—is taken as purely diplomatic optimism.

The afternoon papers displayed stirring headlines, in which "bombshell" was the favorite word. If not a bombshell it was an entirely unexpected ruffling of the waters about the Parliament houses, where it appears to have been assumed that so long as America had not even a representative at the conference table her voice would not be heard in the debates.

London, Feb. 16.—President Wilson's note to the Peace Conference on the Adriatic question has furnished London political and newspaper circles with a surprise and interest surpassing that evoked by the Wilson-Lansing correspondence. The Lansing incident was regarded as an American family affair, toward which foreigners should be merely disinterested spectators. The President's reappearance as a determined party in the peace negotiations was (Continued on page four.)

ALLIES SEND NOTE URGING DANGER OF KAISER IN HOLLAND

Immense Sacrifices of Allies Entitle Them to Ask for Re-consideration.

POWERS CANNOT ACT 'TIL HOLLAND CONSENTS

Allies Tell of the Ineffective Supervision of Former Emperor of Germany

London, Feb. 16.—The note sent by the Allies to Holland again urges the danger of the permanent presence of the former Emperor under what is declared to be a fatally ineffective supervision of a few kilometres from the German frontier. It begs Holland to reconsider the question of asylum for the ex-ruler.

The note contends that the immense sacrifices of the Allies entitle them to ask the Netherlands to consider the Allied viewpoint, but the powers do not ask that she depart from her traditions and policy. The powers point out that the League of Nations has not yet reached a state of development permitting it, or any tribunal created by it, to take the needful prompt and effective action.

The note expressed surprise at the absence of any word of disapproval of the former Kaiser's crimes in the Dutch reply, and reminds the Queen's government that by the adherence to its viewpoint it would assume the direct responsibility of sheltering a criminal from justice and for that propaganda which is dangerous to Europe and the whole world.

Following is the text of the note sent by the Allied powers to Holland, regarding the extradition of the former German Emperor:

"The immense sacrifices made in the general interest by the powers during the war entitle them to ask the Netherlands to reconsider its refusal, based on its weighty, but entirely personal consideration of a state which held aloof from the war and cannot perhaps, appreciate quite accurately all the duties and dangers of the present hour.

50 NEW CASES OF INFLUENZA WERE IN REPORT MONDAY

Five Cases Pneumonia and 4
Smallpox Cases in Monday's Report.

Fifty cases of influenza were reported to the Pitt county health officer yesterday. This shows a decrease compared to the reports which have been made for the past several days. The smallpox epidemic seems to still be in existence, as new cases are reported each day. Yesterday's report contained four new cases. People are still being vaccinated and it is helping in a wonderful way to check the spread of this dread disease. The number of cases of pneumonia reported to the health officer yesterday, shows quite an increase, as five cases were reported. The Pitt county board of health is still giving the situation their undivided attention.

LITTLE BOY VACCINATED IN MIDDLE OF HIS BACK

Last week Mr. Furry Tripp, who lives near Greenville, brought his children to have them vaccinated one little boy, Perry, would not be vaccinated so he returned home without it. A few days later, he asked his little sister to scratch his back, with the result, that he now has the best vaccination of all the children and it is right in the middle of his back. Mr. Tripp says that he is resting very well, but the little boy can't understand why he is vaccinated, when the doctor didn't touch him.

BOARD OF HEALTH SAYS EPIDEMIC IS MOVING EASTWARD

Believe Worst Has Passed and Pneumonia and Deaths Greatly Reduced.

DEVELOPMENT SHOWED UP IN MANY COUNTIES

Three Counties Furnish 1,800 of the 3,000 New Cases Reported Yesterday

Raleigh, Feb. 16.—Moving slowly from the Piedmont section of the State where it gained its first foothold in the present outbreak, the epidemic of influenza, entering its third week, seems to have reached its peak and is steadily declining, in the belief of officials of the State Board of Health. There were materially fewer cases reported during the day from counties that have been sending considerably high reports and most of those that did come in were from the eastern counties.

Three of the counties reporting during the day were responsible for 1,800 of the 3,000 new cases. These counties, each with 1,000. Currituck reported 500 and Swain with 500 sent additional cumulative reports with the additions that many of the number indicated had already recovered, some few had died and the disease was apparently under control. The new cases for the day were only 1,200.

Health authorities are interested in the progress of the disease eastward, reversing the process of 1918 when it first appeared in Wilmington, and swept westward to the foothills before it spent itself. It was first brought to the State with a shipload of Porto Rico negroes brought to work on the construction of Camp Bragg at Fayetteville. It gained in the seaport city until more than half the 40,000 population was stricken and more than 250 people died.

This year it first appeared at Fuquay Springs, early in January and moved rapidly westward. Some western counties have been particularly hard hit. Forsyth county has had upwards of 10,000 cases, several hundred pneumonia cases and scores of deaths. Davidson county has suffered severely from (Continued on page four.)

SLEEPING SICKNESS CAUSING TROUBLE IN AN ITALIAN CITY

Famous Scientist Explains the
Disease as Appears to
His Study.

Rome, Feb. 16.—Sleeping sickness, or sleeping headache, as the Italian scientists prefer to call the malady which has appeared in Rome and several other Italian cities, is believed by Prof. Giuseppe Sanarelli, the distinguished Italian bacteriologist, to be the same as that which followed other waves of influenza. Pope Benedict XIII died from influenza in 1730. The after effects of the epidemic at that time were so baneful that his successor Benedict XIV waived the fasting of churchmen during Lent and similar action was taken by Pope Leo XIII in 1890, when there was another wave of influenza, or la grippe.

Professor Sanarelli, who has been studying the disease, says that the best way to avoid sleeping sickness is to keep the powers of resistance up to the highest point, as it seems to attack chiefly persons who are in a run-down condition. He also warns the public not to be unduly alarmed about the disease, and says he is unwilling to concede it is highly communicable or contagious until the actual cause of the malady is determined. And he does not think the germ will be discovered until after extensive experimentation with the brains of monkeys, such an expensive work that it can be carried out only with the aid of the millions of some philanthropic millionaire like John D. Rockefeller.

SENATE REQUESTS SHIPPING BOARD DEFER SHIPS' SALE

Senate Wants Sale of German Liners Postponed Until Action is Taken.

ALL SHIPS MUST BE SOLD UNDER AMERICAN FLAG

Sale Will be Arranged to Suit Convenience of the Board and Purchasers

Washington, Feb. 16.—The shipping board was requested today by the senate to defer sale of the German ships for which bids have been submitted until some definite senate action is taken on the subject.

Despite protest voiced in the senate and elsewhere and court proceedings designated to stay the action, the shipping board today received bids for the thirty former German liners. When the ships first were offered by groups in the services in which the board had planned originally to operate them no bids were received, but spirited bidding developed later for individual vessels or selected groups to run in specified services.

While the bidding was in progress these developments came:

Associate Justice Bailey, of the district supreme court, took under advisement the application of William Randolph Hearst of New York, for an injunction to stop the sale of the vessels. He will give a decision Friday.

White house officials announced that President Wilson would inform the senate that there was "no basis" for reports that there was an agreement between the shipping board and British interests for the sale of the vessels. Information as to this report is asked in a resolution by Senator Brandegee, republican, Connecticut.

Just before the White House announcement was made, the public auction at which bids for the ships were received, began at the shipping board with representatives of more than a score of shipping companies present.

Chairman Payne was unable to conduct the auction as he had been summoned to appear in person in the district supreme court in proceedings (Continued on page four.)

UNPAID TAXES ON AMERICAN MINES CAUSES A DEBATE

Views of Both Government and
Mine Owners Were
Presented.

New York, Feb. 16.—Unpaid taxes on American mines amounting to \$200,000,000 were involved in a lively discussion at an open forum held on the subject of mine taxation at the 121st annual meeting of the American Institute of Mining and Metallurgical Engineers here today. Views both of the government and the mine owners were presented, the discussion being led by Ralph Arnold, of the United States Internal Revenue Department, J. R. Finlay, J. Parkes Channing and R. C. Allen, vice president of the Lake Superior Ore Association.

Other interesting subjects listened to by the 1,000 or more delegates and their friends included the reading of a paper by Herbert Hoover which outlined "a comprehensive and constructive plan for the better working of the bituminous coal industry." Among the big questions around which the discussions raged during the week-end coal strike and for which the engineers, operators and coal experts sought solutions were: "Why is production intermittent? How and when do the irregularities occur?"

There will be good speaking at the organization of the Harding Club in the court house tonight.

MAYOR D.M. CLARK PRESENTS FACTS CAROLINA STREET

Feels It His Duty to Present
Facts for Approval or
Disapproval.

STREET TO BE CLOSED IS 40 FEET BY 132 FEET

Says Public Has Never Used it
For Ingress or Egress to
Adjacent Property

It has been brought to the attention of your city officials that there has been some criticism of the action of your board of aldermen in authorizing the closing of a small portion of Carolina street between the Atlantic Coast railroad and Atlantic Avenue, so that the Imperial Tobacco Company could make certain enlargements for the purpose of increasing its capacity for handling the farmers tobacco. As this is a matter of the utmost public importance, touching a vital industry to which Greenville owes much of its growth and prosperity, and as your board desires the full light of publicity on all of its actions, I feel it my duty to present the facts for your consideration and approval or disapproval, prior to the time for final ratification of the resolution closing the street.

That portion of Carolina street proposed to be closed is 40 feet wide and 132 feet long, fronted on the south by the northern end of the Imperial Tobacco Company's factory and on the north by property also owned by the Imperial Tobacco Company upon which there is now a wooden building connected with the main factory by means of a pipe crossing Carolina street.

This street has never been opened or developed across or beyond the railroad, and the public has never used it for ingress or egress to contiguous or adjacent property west of the railroad or east of Atlantic Avenue.

In fact the street is cut in two on the west by the railroad and is blocked to the east between Atlantic Avenue and Clark street by a house built in the middle of the proposed street by Mr. C. T. Munford and later sold. Therefore to open Carolina street as far as Clark street one block east of the Imperial Tobacco Factory, it would be necessary to buy this property and remove the house. East of Clark street to Pitt street, Carolina street has never been proposed, and to attempt to buy this property at present prices for an opening through this built up section would be folly, tending towards municipal bankruptcy.

Westward from the Imperial Tobacco Factory the street could be opened to King's Row by means of a railroad crossing, but no public benefits would be derived therefrom, as this section is already trapped by a street just north of Carolina street which connects with Bonners Lane and Clark street.

With foregoing facts before your board it was decided that that portion of Carolina street proposed to be closed existed almost entirely on paper, and was worthless to the town as a thoroughfare.

And after careful consideration of the following facts, it was unanimously decided that said portion of said street was of tremendous economic importance to the town and county in the development of our principal industry, a tobacco market. Hence the proposed closing of said portion of said street for the use of the Imperial Tobacco Company for a consideration of \$3,000.

During last fall the tobacco market was forced to close for several days due to lack of factory re-drying facilities and space. During these days thousands of pounds of tobacco that would have been handled in Greenville was turned to other markets. To meet this situation the Imperial Tobacco Company and other large buyers proposed to enlarge their plants and put on triple sales. This action of the Imperial authorities however, was based on the assurance from your City officials that they would be allowed to build across that portion of Carolina street heretofore described. But before considering this request your board was assured by Mr. W. I. Skiles (Continued on page four.)

TUESDAY, FEB. 17TH, 1920.

Greenville is going to stand right still in the way of population until there are more houses for people to live in.

The newspapers and magazines may talk about unrest on the farms, but the farmer who is living at home is about the best fixed man we know of.

Don't be uneasy that congress will not adjourn by June. The members are going to miss the two national conventions after doing little but play politics for a whole session.

The Literary Digest wants to know what would happen if the farmers go on a strike. Don't imagine that the farmers are going to show such little judgment as to stop their own source of supply.

They say it is "trade and labor conditions" causing such interest in Cuba as to demand more steamers to accommodate the travel in that direction. Never heard "booze" called by that name before.

The women had just as well be taking interest in candidates who are to be nominated. All of them who want to vote are going to have that privilege in the November elections, or we are no prophet.

If overcoats are to go higher, as is stated, then the men folks might return to wearing heavy shawls like some of us remember they used to do. They did not look bad either, and there is no longer so much demand for pockets the shawls would answer every purpose for a wrap.

While the New York World is making a noise over Bryan being paid by the Anti-Saloon League to make some prohibition speeches, the question might be asked if the World is not being paid by the whiskey interests for the space it uses against prohibition? What's the difference?

THRIFT.

Without me no man has ever achieved success nor has any nation ever become great. I have been the bedrock of every successful career, and cornerstone of every fortune.

All the world knows me and most of the world heeds my warning.

The poor may have me as well as the rich.

My power is limitless, my application boundless.

He who possesses me has contentment in the present and surety for his future.

I am of greater value than pearls, rubies and diamonds.

Once you have me no man can take me away.

I lift my possessor to high planes of living, increase his earning power, and bring to realization the hopes of his life.

I make a man well dressed, well housed and well fed.

I insure absolutely against the rainy day.

I drive want and doubt and care away.

I guarantee those who possess me prosperity and success.

I have exalted those of low degree, and those of high degree have found me a helpful friend.

To attain me you need put out no capital but personal effort, and on all you invest in me I guarantee dividends that last through life and after.

I am as free as air.

I am yours if you will take me.

I am THRIFT.—Gastonia Gazette.

Show your interest in Pitt county's candidate for lieutenant governor by being in the court house tonight and joining the Harding Club.

THE EAST IN A GRIP

OF A COLD WAVE

Washington, Feb. 16.—Another cold wave gripped the eastern portion of the country today, the cold area extending from Canada to the Gulf, and from the Atlantic to the Mississippi river.

At the weather bureau it was said that the cold snap would be of short duration, however. The forecaster predicted that temperatures would begin to moderate tonight in the Ohio Valley and the upper lake region and would continue to moderate in those districts and in the East Gulf and Middle-Atlantic States, Tuesday.

Near freezing temperatures were registered along the Gulf Coast as far west as the Mississippi river this morning with killing frosts in Northern Florida and Georgia.

The cold snap was not as severe as some which have gone before it this winter, according to weather bureau officials, but it was accompanied by general high winds which added to the general discomfort.

Except in the New England states, northern New York, and some points, in the middle west, where snow was falling, the weather was clear over the eastern part of the country.

CRIPPLED STEAMER

IS ADRIFT IN GALE

Boston, Feb. 16.—The shipping board steamer Red Mountain, disabled and adrift in a heavy gale, about 1,000 miles east of New York expected assistance today from the steamship Elmsporr, also a shipping board vessel, according to radio messages intercepted here.

Captain Gott, of the crippled steamer, said the tubes in all boilers had blown out and the vessel would have to be towed to Halifax for repairs. She was bound from Galveston to Havre.

NEW YORK AGAIN

BURIED IN SNOW

New York, Feb. 16.—Railroad trains and electric car systems were today slowly breaking through the snowdrifts piled up yesterday when a six-inch fall of snow was accompanied by a 58-mile-an-hour gale, temperature near the zero mark. Trains from east, west and south, were many hours late and many had been cancelled. Traffic on interurban electric lines was suspended for more than twenty-four hours.

EASE THE PAINFUL RHEUMATIC TWINGE

Sloan's Liniment will bring comforting relief quickly

NEVER breaks faith, Sloan's Liniment doesn't. Just penetrates without rubbing and eases the external pain and ache, rheumatic twinges, lumbago, neuralgia, sciatica, lame, sore, strained muscles, bruises, sprains.

For 38 years it has gone ahead winning new friends, holding old ones, strengthening its reputation as the World's Liniment. Clean, effective in relieving the aches and pains of men and women, this old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day — keep it handy.

All Druggists—35c., 70c., \$1.40.

TURKEY DISCLAIMS ALL RESPONSIBILITY FOR THE DEATH OF AMERICANS

Constantinople, Feb. 16.—Turkey denies all responsibility for the maintenance of order in the Aintab region, where James Perry and Frank Johnson, representatives of the American Y. M. C. A., were killed recently. This stand is taken on the ground that French and British troops are jointly occupying Syria and that Aintab is well within the armistice lines, it is learned on good authority.

The government probably will not make any official statement regarding its responsibility for the death of Perry and Johnson until the investigation now in progress has been completed.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of grippe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege.

For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 60c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

Liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

MRS. ALVIN DUPREE IMPROVING
The friends of Mr. and Mrs. Alvin Dupree, in this city, will be pleased to learn that the condition of Mrs. Dupree, who has been suffering from influenza-pneumonia, is greatly improved, and unless some change takes place to cause complications, she will soon be restored to health.

Mr. G. C. Andrews, of Kinston, is visiting relatives in this city.

MR. J. C. LANIER LEAVES FOR ERMITA, CUBA
Mr. J. C. Lanier left this afternoon for Ermita, Oriente, Cuba, where he has accepted a position with the Ermita Sugar Corporation. His friends in this city, wish him much success in the business.

MR. H. H. SUMMERELL FOUND DEAD UNDER STORE
Mr. H. H. Summerell, aged 62 years, of Grifton, N. C., was found dead, Saturday afternoon, under the store of Mr. C. J. Tucker, in Grifton. Mr. Summerell, had just recovered from an attack of influenza, and the doctors state that he died from natural causes. Mrs. Summerell died only a few days prior to his death. He was one of the county's best citizens, and his death comes as a shock to his many friends.

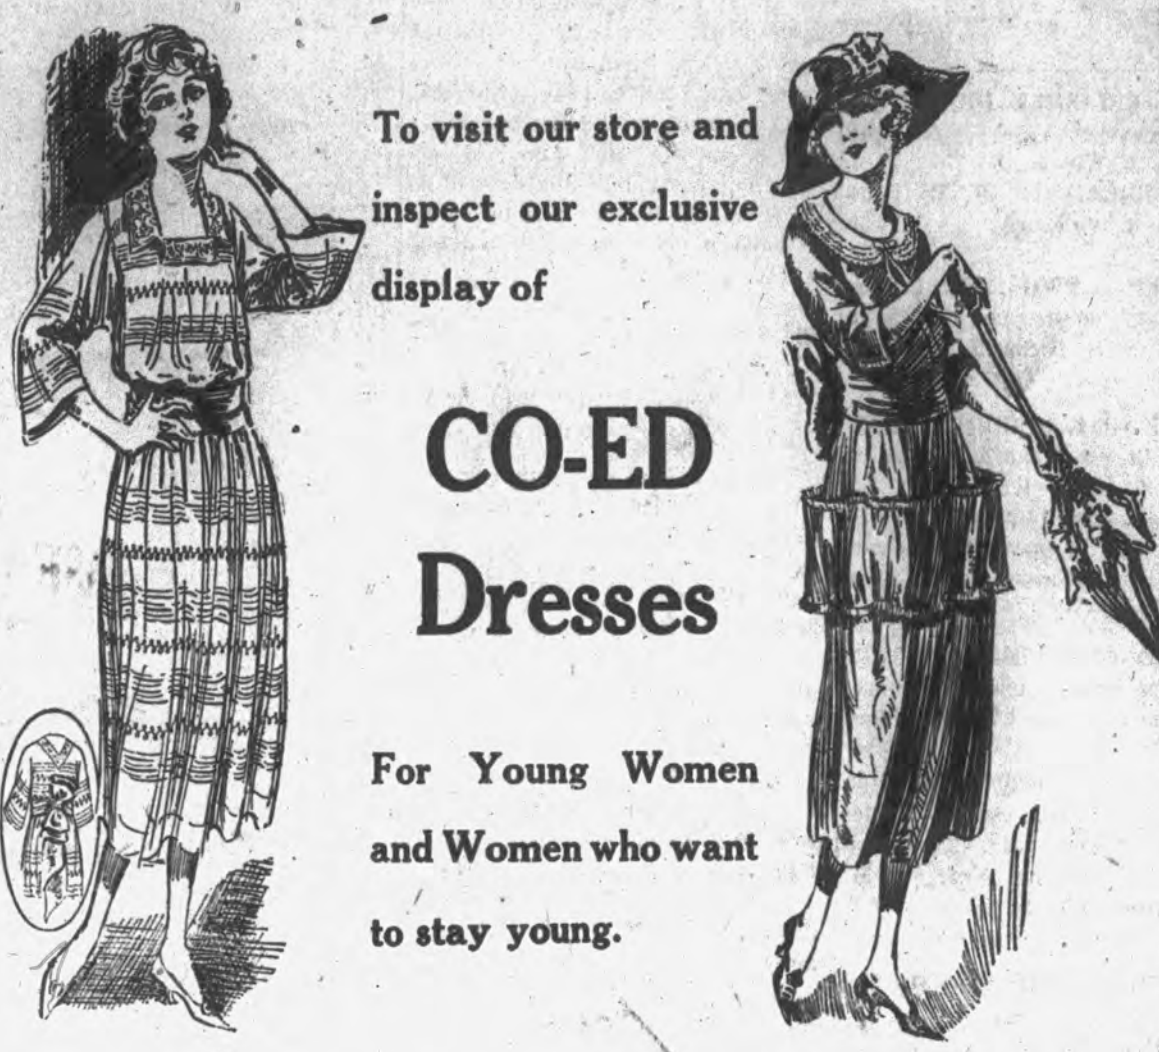

MRS. R. M. GARRETT DIES FROM PNEUMONIA
Mrs. R. M. Garrett, died at her home on Ninth street, last night after an illness of over a week, from influenza-pneumonia.
Mrs. Garrett, nee Miss Louise Troy, was a native of Durham, being the daughter of the late Rev. Troy, of that city. She has been living in this city for only a few years, but since coming here she has won a host of friends, who will be grieved to learn of her death. She is survived by her husband and three little daughters. The funeral services will be held at the Methodist church, of which she was a loyal member, Wednesday afternoon at 3 o'clock. The interment taking place in Cherry Hill cemetery.

Mrs. R. W. Elam, of Buffalo Springs, Va., arrived this afternoon to visit her sister, Mrs. J. G. Bowling.

Miss Nannie Bowling left this afternoon for Simpson, to attend the Hudson-Tucker wedding, which takes place tomorrow.

Misses Corinne and Ethel Tucker left this afternoon for their home in Simpson, to attend the Hudson-Tucker wedding.

BULLETIN

Great activity in the Fallon Oil fields.
Hotels, rooming houses, apartment houses, cottages, all full, and even the jail full of roomers, but not jail-birds.
Seven carloads of oil drilling machinery shipped from the Texas oil fields to the Fallon Oil Fields, and experienced drilling crews in Reno awaiting this machinery.
Analysis of oil seepage from the Williams ranch well by Prof. L. A. Pringle proves it to be mineral oil. This knocks out the knockers.
A. L. Robinson reports on the characteristic markings in the Fallon field, which indicate that oil will be found there.
Four or five big drills now going down in the Fallon oil fields, and as many more on the ground being set up.
A. E. Wiley, geologist, reports on salt beds in the Fallon oil fields. This salt bed is reported to be one of the largest on the American continent, estimated to contain from 1,000,000 to 6,000,000 tons of salt. The salt is refined by nature 99 per cent pure rock salt.
Now 32 oil companies in the Fallon field.
Fallon Pioneer Oil Co., gets a standard drill.
Potash in commercial quantity developed in Fallon oil fields.
—Churchill County Eagle, Jan. 17, 1920.

Nevada's Gold, Silver and other valuable metals has made many millionaires and many more thousands wealthy, practically built San Francisco, and paid the national debt in 1865. Nevada's oil now promises to become its next, and greatest industry. It will make more millionaires, and many more thousands wealthy. You have the opportunity to be one of them. Read about it. It is within the reach of everybody.

This company owns FOUR TRACTS of the best oil land in the Fallon Oil Fields—800 acres all told—and is going to drill to the OIL.

Among those reporting favorably on the Fallon field are: A. E. Wiley, E. P. Osgood, Orlando D. Bartow, Capt. L. W. Crehore and A. L. Robinson, all of unquestioned ability and prominence.

Mr. A. E. Wiley, one of the most competent geologists in the United States, in reporting on the Fallon field says, in part:

"The belts of shale and outcroppings in Township 17 and 18, range 30 and 31, townships 19 and 20, Range 31 and 32, all bear unmistakable evidence that the underlying formation should contain petroleum in commercial quality and quantity." This company owns lands in the above described locality as follows:

320 acres in Section 27, township 18, Range 30; 160 acres in Section 3, township 18, Range 31; 160 acres in Section 5, township 19, Range 32; 160 acres in Section 31, township 21, Range 32.

AN ALLOTMENT OF 250,000 SHARES IS OFFERED AT 10 CENTS A SHARE

Subject to advance without notice... This is bedrock price and the allotment will be sold within a few days.

The first oil well struck in the Fallon Field will make these shares worth many dollars each. Order has many shares as you can afford today. Remember, one good investment is worth a lifetime of labor.

WILEY PREDICTS GREAT OIL FIELDS IN THE STATE OF NEVADA
(New York Morning Telegram.)

November 5, 1919—A. W. Wiley, a well known geologist, who was one of those who made a report on the Inspiration Copper mine prior to its purchase by the Lewisohn interests, is credited with the following prediction about the future of the oil fields of Nevada:

"I'll reverse the old saying, 'He who fights and runs away may live to fight another day,' by making all Nevada fight for me after I demonstrate that this state can and will become one of the most important oil producers in the United States.

"The mines of Nevada furnished gold and silver to pay the interest on the public debt in 1864. I'll give a practical demonstration that this state of boundless resources can produce oil in sufficient quantities to pay a large proportion of the interest on the national debt in 1920 and for many long years thereafter.

"I stand behind my report that oil abounds in Nevada. I'll remain on the job until a producing well is brought in, and if the company with which I am associated does not sink wells and make a producer at Fallon I'll do it myself.

"I believe that every man in Nevada who is now investing in oil in California, Texas, Wyoming, Oklahoma or any place else outside of Nevada, is making the mistake of his life. I think the chances are infinitely greater to secure oil in Nevada, although the field is not half proven at this moment, than any other part of the United States. I wish to emphasize this point and say to Nevadans, 'Invest your money in Nevada oil fields and help bring an era of prosperity which is yours by heritage if you use only ordinary business judgment.'

Oil seepage has again been encountered in the Fallon field, this time on the ranch of C. J. Tucker, in the Stillwater district, and in the neighborhood where the Fallon Oil & Gas Company's big drill is operating. The seepage was encountered in a well being drilled for water and appeared on the water at a depth of 187 feet, about the same depth as it did in the well on the George Williams ranch.

WANTS

FOR SALE—3 HORSES, ONE MULE and lot farming implements. W. M. Moore. 11-1f

FOR SALE—FORD ROADSTER 1918 model. Excellent condition. \$400. Phone 526-J T. I. Moore, Greenville, N. C. 6-1f

MAYOR D. M. CLARK PRESENTS
FACTS CAROLINA STREET
 (Continued from page one.)
 ner of the Imperial Tobacco Company that it would be impossible for his company to increase its re-drying capacity unless it could extend in a northerly direction across Carolina street, as its machine was so constructed that it could not be added to in any other direction.

The Imperial Tobacco Company proposes to spend from \$150,000 on these improvements and has already ordered some of the material, however we are assured by the Imperial authorities that if the Greenville public does not desire a larger market and wish to obstruct improvements, that they will do this expanding in other near-by towns and build up large competitive markets in those places. The effect of such action on the future business of Greenville, I need not stress, as any student of the history of Greenville knows the relationship of its prosperity to the tobacco industry.

There is ample legal authority sustaining your board in closing this street, which in fact is little more than a proposed street from Atlantic Avenue to King's Row, as shown on a map. But should legal action be taken in opposition to this project, it would be necessary to carry the case to the supreme court, and we all know that that takes time, sometimes a year or two, and in the mean time what becomes of the triple sales—the Greenville market that grow, if it could—and what becomes of the Imperial's extension? Will they be made elsewhere?

In the opinion of your board the Imperial offered the town a fair market value of \$3,000 for this otherwise useless portion of said Carolina street and a cheque has already been sent here to complete the transaction, as soon as the resolution has been finally ratified and possession obtained. With this money your board hopes to make some very much needed water and sewer extensions that will greatly convenience the public.

The foregoing constitutes all of the facts in this case and public expressions are cordially invited.
 Respectfully,
 D. M. CLARK, Mayor.

BOARD OF HEALTH SAYS EPI-
DEMIC IS MOVING EASTWARD
 (Continued from page one.)
 the scourge, and so Asheville, Salisbury, Concord, Statesville, and Morganton. Eastern cities that were straitened in 1918 have suffered less seriously this year.

The report by counties follow:
 Alamance, 17; one pneumonia; one death; Bertie, 6; Chatham, 8; Currituck, 300; Dare, 11; Davidson, 293; three pneumonia; Durham, 164; Guilford, 10; Halifax, 40; Hertford, 25; Johnston, 72; Lee, 10; Ienoir, 24; Martin, 2; Mitchell, 35; five deaths; Montgomery, 36; Nash, 1,000; New Hanover,

57; Pamlico, 26; Rockingham, 2; Sampson, 65; one death, Surry, 39; Swain, 500, one death; Transylvania, 35; Tyrrell, 20; Wake, 3; Watauga, 6; Greensboro, 15; three pneumonia, three deaths; Wilmington, 29, one death; Raleigh, 91; Goldsboro, 6. Total, 3,000 influenza, 7 pneumonia, 9 deaths.

SENATE REQUESTS SHIPPING
BOARD DEFER SHIP'S SALE
 (Continued from page one.)
 brought by William Randolph Hearst, of New York, for an injunction to stop the sale. Commissioner Thomas A. Scott acted for him.
 In opening the auction, Mr. Scott read a memorandum from Chairman Payne, which said the highest bids

would have to be approved by the senate commerce committee and the house merchant marine committee and that acceptance of any bids would depend upon the outcome of the injunction proceedings in the district court.

The memorandum said these proceedings were expected to be concluded within two or three days, but that in any event checks received with the bids would be returned by Saturday if the sales were not consummated.

Commissioner Scott said the terms of the sale would be arranged to suit the convenience of the board and the prospective purchasers and that all ships sold must be operated under the American flag.

PRESIDENT WILSON'S NOTE ON
QUESTION CAUSES SURPRISE
 (Continued from page one.)
 construed as almost as threatening as his order for the George Washington to be prepared to take him home from France.
 The first versions of the event gave the aspect of an ultimatum, which meant that the council of the allies must stand by the terms which President Wilson accepted in December, or America would shake the dust of Euro-

pean affairs off her feet altogether, and also that the council had framed a stiffly worded reply adhering to its January offer to the Jugo-Slavs.

FOR SENATE.

I hereby announce myself a candidate for the State Senate, subject to the action of the Democratic Primary.

AN OLD CONFEDERATE SOLDIER 77 YEARS OF AGE VICTOR, AFTER 35 YEARS OF WAR

TO WHOM IT MAY CONCERN:
 I am an old Confederate Soldier seventy-seven years old. Have suffered with Rupture for thirty-five years. Wore a truss most of this time. Could find nothing else to do until I heard of Dr. Dunn of New Bern, and his wonderful treatment. I decided to try his treatment, and to the astonishment of all, the treatment seems to be a success. I carried out his instructions to the letter, and when I put off the truss I began to feel like a different man. I really believe I am perfectly cured. It is wonderful.

Sell At Gorman's

The market on good and fine tobacco has been stiff, prices well up, all the week. The common and medium tobaccos have shown much weakness and the house has had to buy a large per cent of what we have sold. Gorman's sold this week 309,945 pounds, average \$39.14 \$121,312.74 Other houses sold this week 245,422 pounds, average \$36.58 \$89,767.79 Market sold this week 555,367 pounds, average \$38.01 \$211,080.53

Although we averaged \$2.56 per hundred more than the other houses we sold during the week 91,161 pounds of scrap which brought \$5,620.78, averaging \$6.17. If you deduct this scrap from our sales it leaves 218,784 pounds sold for \$115,691.96, averaging \$52.88. IT PAYS TO SELL AT GORMAN'S! The market closes Feb. 20th.

SOME SALES MADE THURSDAY AND FRIDAY
