## THE BIG GAME OF BASKET BALL TO BE PLAYED TONIGHT

### Greenville Team Is Ready for Scrap With Wilmington on Local Court

## THE SECOND GAME OF CHAMPIONSHIP SERIES

### People Are Urged to Co-Operate With Boys and Help Win Great Game.

The big game will be played tonight Friday March 12 at 8 o'clock at Forbes and Morton's warehouse on Dickinson Avenue. The Greenville team is in fine fettle, and are just exactly ready for the scrap. The team had its last workout last night on their court, and exhibited a remarkable piece of teamwork. Mack Brown scored eleven field goals in about twenty-five minutes of play.

Down at the High School building this afternoon the students held a "Pop" meeting. Yells were practiced, songs were sung, and the whole school showed that it is heart and soul with the team. It would be hard to find a single member of the student body who does not believe with all his soul that the Greenville High School team is going to lick the Wilmington team tonight. The cheer leaders will be out on their job tonight, and all students of the school and former students are urged to hang together tonight at the game, in order that the rooting may be as loud as possible. And what the team wants is not so much applause when it is ahead or when it should happen to be behind. When the hometown team lags behind a little in their play, then is the time for the hometown rovers to come to the front.

There is going to be a tremendous crowd at the game tonight and it is going to be hard to keep the floor-clear at all times. The people of Greenville are urged to remember that whenever any of the crowd surge on the floor, and interfere with the play, a foul must be called on the home team, and whenever a foul is called on the home team that gives the visiting team a free throw for the goal.

The Wilmington team is scheduled to reach here at 5:30 by way of the Norfolk Southern. They were supposed to leave Wilmington this morning at 7 o'clock. The members of the team will be entertained in the homes of the Greenville people and everyone is urged to be courteous to them and show them a good time while in the town.

The game will be called at eight o'clock.

## FLOODED STREAMS IN MISSOURI & MENACE TO LIFE & PROPERTY

Branson, Missouri, March 12.—Flooded streams have added a menace to life, and property in southwest Missouri where a tornado yesterday killed at least 13 and injured others who are expected to die. Unestimated property damage. Every stream in the Ozark Hills Bank are full or overflowing. It is believed that the death list will be increased according to later reports.

## IRA GORGE BREAKS LOOSE AND STARTS DOWN RIVER

Pittsburg, March 12.—Ira Gorge, 20 feet high, stretching eight miles broke loose at Allegheny river last night at Freeport, and started a rush down the river smashing flat boats, barges and house boats. The crash was heard for miles.

## 18,000 SCHOOLS WITHOUT TEACHERS ON ACCOUNT OF POOR PAY

Washington, March 12.—Bureau of education reports say that eighteen thousand schools closed up to February 13th for lack of teachers, through a failure to provide adequate salaries.

## WINSTON-SALEM BLAZE CAUSES BIG LOSS TO MERCHANTS

### Started in Kress Store and Spread to Others \$160,000 Damage.

Winston-Salem, March 11.—The interior of the building and entire stock of goods owned by S. H. Kress and Company, located in the block on the north side of the court house square, was completely destroyed by fire early this morning entailing an estimated loss of \$125,000. Of this amount \$75,000 was on stock, \$30,000 on fixtures, and \$40,000 on building.

It is stated that the Kress Company carries its own insurance and that the entire loss is covered on both the stocks and building.

Five enterprises on Main street under the rear of the Kress store suffered more or less damage from water and smoke. J. B. Vernon, grocer, was probably the heaviest loser. He carried a stock estimated in value at \$15,000. The damage was about nine thousand. The others who suffered damage include Gordon Brothers, tailors, and men's furnishings whose stock is valued at nine thousand, with five thousand insurance. Two cafes were damaged, their plants being valued at seven thousand. Vereen Brothers' barber shop, with a five thousand dollar equipment, was slightly damaged by water and smoke. The lot damage from the conflagration was about \$100,000.

The fire originated in the Kress store basement, but just how will probably never be known.

## COS AVERY OF PITT RECEIVES A PARDON

Cos Avery, of Pitt county, convicted last May in the recorder's court of violating the liquor laws and sentenced to two years on the county roads, was pardoned Wednesday by Governor Bickett, who states that Avery has made a good prisoner and that the Pitt sheriff, who is one of the most alert officers in the state in the suppression of liquor traffic, thinks the pardon should be granted.

The court officials are of the same opinion.—Raleigh Times.

## G. E. & T. CO. DEPOSITS PASS TWO & QUARTER MILLION

We have been noticing the statements of banks in neighboring towns of their condition at the close of business on February 28th, and have yet to read one that makes a finer showing than the Greenville Banking & Trust Co. This bank now has deposits running well above two and a quarter million dollars with total resources of nearly two and a half million.

## GREENVILLE COTTON MILLS HOLD THEIR ANNUAL MEETING

### The Mill Is Doing a Large and Prosperous Business According to Reports.

The annual meeting of the stockholders of Greenville Cotton Mills was held yesterday. The business of the past year showed a net earning of \$34,000, of which a ten percent cash dividend was paid and the balance, \$24,000, added to the surplus fund. The mill is doing a large and prosperous business.

The stockholders and officers were all re-elected as follows: Directors—F. C. Harding, G. B. W. Hadley, R. Williams, E. G. Flanagan, R. R. Cotten, R. L. Smith, E. B. Higgs, J. R. Spier, S. J. Everett, W. H. Norris, J. G. Moye.

President—J. G. Moye.  
Vice President—R. R. Cotten.  
Secretary—R. Williams.

## SPLIT ON QUESTION OF MINERS' WAGES IN COAL FIELDS

### Commission Appointed by President Wilson Unable to Agree on Question.

## REPRESENTATIVES HOLD FOR INCREASE 35 PER CENT

### Majority Recommends Wage Increase of 25 Per Cent for Workers.

Washington, March 11.—The commission appointed by President Wilson to settle the strike has split definitely on the question of wage increases and hours of work.

The majority—Henry M. Robinson, chairman, representing the public, and Rembrandt Peale, representing the operators, in a report submitted to President Wilson today, is understood to have recommended a general wage advance of approximately 25 per cent and that hours and conditions of labor remain unchanged. This increase includes the 14 per cent granted after the miners returned to work.

John P. White, representing the miners, refuses to concur in this settlement. He is preparing a minority report in which it is reported that he will recommend a seven hour day and a wage increase of approximately thirty-five per cent.

In advance of the publication of the two reports, officials of the United Mine Workers of America would not discuss the probable course of the miners. Since their representative on the commission had refused to accept the majority decision, however, it was regarded as certain that they would not accept the settlement proposed.

William Green, secretary of the miners' union, after a conference with Secretary Tumulty at the White House late today, said there was no radical difference between the majority and Mr. White, and expressed the hope that the differences would be ironed out at a joint meeting between the operators and the miners.

President Wilson in inviting the members of the commission to undertake a settlement said it was important that their conclusions be reached by unanimous action. Since the commission's decision is not unanimous, there is much speculation as to the President's next step.

The operators would not discuss this matter in advance of a decision by the President but it was plain that the miners and some administration officials expected Mr. Wilson to invite the two sides to get together on the basis of the majority and minority reports and seek an amicable settlement.

## WOMEN IN LONDON TO RECEIVE ADVICE OF NEW COMMITTEE

### Committee Consists of Fourteen Members Well Known Social Workers.

London, March 12.—Women who are out of work or whose earning capacities have suffered as a result of the war now have the benefit of the direct help and advice of the central committee on Women's Training and Employment, which has just been appointed by the minister of labor as a standing committee. The new committee has been empowered to take over the balance of the Queen's "Work for Women" Fund and a further sum of \$500,000 has been allocated to it by the National Relief Fund.

The new committee, which consists of fourteen members, all well-known social workers under the chairmanship of the Marchioness of Crewe, will begin at once to train eligible women to qualify as teachers of domestic science, higher grade cookery, physical science and welfare work, and a selected few will be introduced to the medical and legal professions.

## LAST EFFORT BEING MADE TO AGREE ON TREATY IN SENATE

### Leaders Get Their Scattered Forces Together for the Decisive Attempt.

## STILL TRYING TO REACH COMPROMISE ARTICLE 10

### As Result One Semblance of Cohesion Was Restored Among Advocates.

Washington, D. C., March 11.—During a truce in the peace treaty debate yesterday, senate leaders marshalled their scattered forces to another and decisive attempt to reach a compromise on Article Ten.

As the result some semblance of cohesion was restored among the compromise advocates on the Republican and Democratic sides of the chamber, the total of votes that could be counted for any compromise still was short of the necessary two-thirds, and the leaders expressed little hope of final agreement.

Reurrecting the new Republican substitute for the Article Ten reservation, the Republican leaders agreed on some change in wording in the hope that they might regain the support of the handful of Republican Senators whose refusal to support the substitute yesterday started a general breaking up of the whole compromise situation. It was understood that they had not entirely succeeded tonight and it remained uncertain whether the revised substitute would be offered when the debate is resumed tomorrow.

Among the Democratic compromise advocates who claimed upwards of thirty Democratic votes for the substitute last night, work was continued aggressively and the leaders asserted they had made further gains during the day. Late in the afternoon, however, Senator Hitchcock, of Nebraska, the Democratic leader, started a determined counter-offensive against the new reservation with the result that the status of compromise on the Democratic side became almost as uncertain as it was among the Republicans.

## JOSEPH B. HIGGS, JR., ELECTED SPONSOR FOR SENIOR CLASS

### One of City's Most Attractive Little Boys to be Sponsor '20 Class of G. H. S.

A few days ago the Senior Class of the Greenville Graded School selected Little Joseph Benjamin Higgs, Jr., the son of Mr. and Mrs. J. B. Higgs as sponsor for their class. Joe-Joe as the little fellow is known by his friends, is one of Greenville's most attractive children. He is only four years in age and size, but in brains any one would judge him to be at least six years of age. He has never seen a stranger, and his attractive personality, and charming manner have won for him this honor. He now pays visits to the senior class, and amuses them with his baby songs and speeches. He fully realizes that this honor has been bestowed upon him, and when questioned concerning it, he quickly informs you that he is going to have his picture in the high school Annual. With this dear little boy as sponsor, the 1920 class of the Greenville Graded Schools will be one of the most successful and best prepared classes that has ever graduated from the High School.

## THE RIVER BRIDGE TO HAVE CONCRETE FLOOR

The county highway commission has let a contract to have the bridge crossing the river here reinforced and the wood floor replaced with concrete. The wood floor to the bridge has been very unsatisfactory and expensive to keep in repair, and the change to concrete, while costing considerable at the time, will be a great saving to the county in the future.

## MEXICO NOT CERTAIN AS TO EXACT NUMBER OF CANDIDATES

### Presidential Election Less than Six Months Off; Situation Obscure.

Mexico City, March 12.—With the presidential election less than six months away, the political situation in Mexico is so obscure that it is impossible to state definitely whether there are three or six candidates.

President Carranza has been emphatic in his statements that he intends to retire when his term of office expires next December. He has declared for honest elections and a peaceful transfer of power.

A recent conference of seventeen Mexican governors held in the national capital took cognizance of their chief's attitude by issuing a manifesto to the people in which they pledged their support to the legally elected president. The governor's conference was declared by the local press to have deep political significance inasmuch as elaborate plans were made by the executives for holding elections, each governor to exercise complete control over the voting in his state.

One significant part of their program was the elimination of the federal army from politics. This was in accord with a recent order from the war department, made at the direction of President Carranza, to the effect that army men must not meddle in politics.

Generals Obregon and Gonzales are conducting vigorous campaigns each being aided by an official newspaper. Ignacio Bonillas is a favored candidate although as yet he has not forsaken his ambassadorial duties in Washington.

If the present administration favors one of the three announced candidates—Obregon, Gonzales or Bonillas—it has kept the fact carefully concealed. Obregon and President Carranza appear to have broken after a friendship of year's standing and El Monitor Republicano, the Obregon organ, is vehement in its attacks upon the president.

## SPRING HAS ARRIVED IN FIRST DISTRICT OF NORTH CAROLINA

### Congressman Small Starts a Movement for Flowers in His Territory.

Spring has arrived in the First Congressional District of North Carolina. If there is any one who doubts it, a letter which has been received by nearly every woman in the district will explain the change of climate in the "first."

Here it is: "My dear Madam: As I glance through my office window today, I see no handiwork of Springtime of flowers. The skies are heavily overcast. The chill air of Winter lingers. Fog and obscure the buildings. Even the mist dampness envelops the bare trees and posing dome of the Capitol unwillingly emerges from the humid gloom.

"But the witchery of hope enables me to beckon the gentle zephyrs and balmy sunshine of May, when Spring unlocks the flowers to paint the laughing soil and 'Hangs her infant blossoms on the trees.' It is of you and that glad day I am thinking.

"If you love flowers, and every woman does, perhaps a tiny packet of seed forwarded by mail may, under loving care, nurtured by sunshine and shower, tempt a smile beautiful than its bloom.

Very sincerely,  
"JOHN SMALL.

"P. S.—If this packet does not arrive within two weeks, a letter will start another to you."

Royal Arch Masons meet tonight.

## CHARTER FOR PITT COUNTY HOSPITAL TO HONOR HEROES

### Certificate of Incorporation of Pitt County Memorial Hospital Corporation.

## AUTHORIZED CAPITAL STOCK IS \$500,000

### To be Divided into Fifty Thousand Shares of Par Value of Ten Dollars Each

This is to certify, that we, the undersigned, do hereby associate ourselves into a corporation under and by virtue of the laws of North Carolina, and do hereby severally agree to take the number of shares of capital stock in said corporation set opposite our respective names, and to that end do hereby set forth:

1. The name of this corporation is Pitt County Memorial Hospital Corporation.

2. The location of the principal office of the corporation in this State is at Greenville, N. C.; but it may have one or more branch offices in places of business anywhere in the State of North Carolina.

3. The objects for which this corporation is formed are as follows:

(a) To build, equip and maintain a general hospital for the treatment of all diseases as a memorial to the sons of Pitt county who served and died in the world war.

(b) To buy, lease or otherwise acquire land, to receive and hold and use for the purposes of said corporation any and all donations of every kind and description including both real and personal estate and to convey the same and to do all things therein necessary and requisite to the successful maintenance and conduct of a general hospital.

(c) And in order to properly prosecute the objects and purposes above set forth, the corporation shall have full power and authority to purchase, lease, and otherwise acquire, hold, mortgage, convey and otherwise dispose of all kinds of property both real and personal, both in this State and in other States, territories and dependencies of the United States, to install, maintain and operate all kinds of machinery and appliances, to operate the same by steam, hand, water, electric or other motive power, and generally to perform all acts which may be deemed necessary or expedient for the proper and successful prosecution of the objects and purposes for which the corporation is created.

The total authorized capital stock of this corporation is five hundred thousand dollars, divided into fifty thousand shares of the par value of ten dollars each; but the corporation may organize and begin business when ten thousand dollars of the capital stock composed of one thousand shares shall have been subscribed for. The stock in this corporation shall not participate in any of the profit or earnings of the corporation, but all profits and earnings shall be faithfully used and applied for the purpose of maintenance, enlargement and the like of said corporation. That said stock shall not be transferable to any person by the original subscriber thereto, or by any other person, but the same shall be treated as a donation by the subscriber, for the purposes of building, equipping and maintaining said hospital as a Memorial as hereinbefore set forth.

5. That the affairs of this corporation shall be managed, exclusively by a board of directors, who shall consist of one person from each township in Pitt county, an dthe chairman of the board of county commissioners of Pitt county, who shall always ex-officio be a member of said board of directors. That Jesse Allen Stokes, of Swift Creek township, Pitt county, and Paul Dayemport of Pactolus township, Pitt county, and C. L. Parker, of Belvoir township, Pitt county, are hereby appointed directors from said township for a period of one year from the 2nd day of February, 1920; and that S. M. Jones, William McArthur and A. G. Cox be and they are hereby appointed directors for said corporation for a term of two years from the 2nd day of February, 1920 of Belvoir township and William McArthur

FRIDAY, MARCH 12, 1920.

West Virginia finally lined up and pulled through the suffrage amendment.

Irvin Cobb's suggestion to "make America safe for Americans" is not a bad idea at all.

Uncle Sam has decided that he has loaned the allied nations enough. Something the folks had already been thinking.

That the delegates shall go un instructed to the National Democratic convention in San Francisco, seems to be the popular idea, at least with the aspirants for the nomination. They had rather take their chances in an open convention than through the state primaries.

The faculty of Clemson College, because of a shortage of servant help, undertook to force kitchen service as one of the details for the students. There was rebellion against the order, and one student being selected for punishment as an example to the others caused four hundred to leave the school.

**THE WHEREFORE OF THE BONUS.**

To grant, or not to grant a bonus to soldiers—that is the question that is giving our congressmen trouble at present. But they, and they alone, are responsible for the predicament into which they have precipitated themselves. The soldiers did not go to war expecting a bonus on their discharge. Such an idea was unheard of in their minds when they forsook their civilian life and donned the khaki to do battle against the Hun. The one thought uppermost was to get the job done and

over with as quickly as possible and get back to work.  
But another monumental bone was pulled—a habit which this Washington government has acquired here of late. Said bone consisted in the granting of a \$240 bonus to civilian war workers in Washington. Swivel-chair occupants working in steam heated buildings in winter and under electric fans in summer were, upon their discharge handed a tidy sum of \$240 with which to start life anew. And the soldier was given one-fourth of this amount, \$60. No, the soldiers did not ask for, nor did they expect any bonus. First they heard of it was in France lying around in dreary, muddy, desolate embarkation centers waiting to come home last winter. And it did not arouse much enthusiasm at that. They knew from home newspapers and let-

ters that \$60 would not do very much for them.  
But what riled them was the fact that a "great and generous government" should make such a discrimination in favor of the civilian employe, whose service to the government during the days of the war can not be compared with that rendered by the soldier—not to mention the vast difference in compensation afforded each while in that service.  
They got themselves into this hole. Let them, in the face of 4,000,000 soldier voters, solve their own problem.  
The ex-soldier looks on in calm and amused silence. He, however, opines that if this affair is degenerating into a gigantic grab game, then he is at least entitled to his share from the pork-barrel in the promiscuous distribution of the swag.—Gastonia Gazette.

**A 'Cord Tire' Storage Battery Guaranteed Two Years**

Most automobile starting batteries are not guaranteed at all. The Philadelphia Diamond Grid Battery with the Philco Slotted Retainer is guaranteed for two years.

Like the cord tire, it not only lasts longer but all during its life can be depended upon for more reliable service. Two exclusive, patented features are: the Diamond Grid and the Philco Slotted Retainer.

1. The Diamond Grid, "built like a bridge," gives the strength to resist strain of sudden discharge and to withstand the rough jolting of hard service.
2. The Philco Retainer is a sheet of hard rubber closely perforated with long, narrow slots, placed against each positive plate, to prevent active material from falling off the plates; this adds at least 25 per cent to the life of the battery.

To you, as a motorist, these features mean not only longer life secured by a Two-Year Guarantee from the manufacturer, but more snappy starting, more reliable lighting and fewer repair bills. We repair and recharge all make batteries.

Where your wants can be supplied at the least cost.

Harrisburg, Pa., March 12.—Eighty-six boys in the schools of Lykens borough saved the game in the state game preserve in the upper end of Dauphin county by helping to get food to them during the recent heavy snow. They volunteered to shovel snow from the road into the woodland where herds of deer and numbers of grouse, pheasants and quail, recently placed there by the Pennsylvania Game Commission, were in danger of starving. Though snow drifts three or four feet high were piled in the roads the boys in one afternoon cut a path through them and enabled the keeper to save valuable game.
