## RESERVATION FOR ARTICLE TEN GETS FAVOR OF SENATE

Latest Decision Probably Will  
Put Treaty Issue in Next  
Campaign.

### SIMMONS ENDEAVORS TO SECURE COMPROMISES

Fourteen Democrats Vote With  
Republicans in Effort to  
Complete Issue.

Washington, March 15.—Reaffirming its disagreement with President Wilson on the desirability of the peace treaty controversy, the senate adopted today by a vote of more than two to one the new Article Ten reservation framed by the public leaders.

Its action brought to an end, at least for the present, the protracted effort for a compromise that would insure ratification and the senate's decision was accepted generally as hastening the treaty toward another deadlock from which it could be released only by a verdict at the polls next November.

Fourteen Democrats voted with the united Republican membership for the reservation, but this defection from the administration ranks fell far short of the number that would be required to ratify. It was conceded that others probably would swing over on the reservation roll call, but administration leaders backed by a definite assurance that the new reservation was unacceptable to the President, declined an appointment that their forces would swing beyond the danger point.

The reservation, adopted after many efforts to modify it had been rolled under by the solidly united Republican majority follows in general form the one adopted last November. It is as follows:

"The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources, or any form of economic discrimination, or to interfere in any way in controversies between nations, including all controversies relating to territorial integrity or political independence, whether members of the league or not, under the provisions of Article Ten, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, which under the constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall, in the exercise of full liberty of action, by act or joint resolution so provide."

On adoption of the original Article Ten reservation last November the vote was 46 to 23 with only four Democrats, Senators Reed, Gore, Smith, of Georgia, and Walsh, of Massachusetts, voting in the affirmative.

## SAYS FRANCE AND AMERICA MUST BE IN FULL HARMONY

Premier of France Asks Friend-  
ship of United States in  
the Future.

### TWO COUNTRIES MUST CONTINUE CLOSE TIES

Millerand Says Nation Is Not  
Asking No Charity, But  
Friendship.

Paris, March 15.—Premier Millerand today put aside the German crisis long enough to discuss the relations between France and the United States and the conditions of international credit. He said to a representative of the Associated Press:

"France and the United States must continue the close friendship which always has been maintained between the two countries. No feeling misunderstanding must be allowed to trouble their relations. To that end the sooner misunderstandings are dispelled the better.

"Without going into the purely political question, it appears to be an open question time to recall how the United States that France is asking for charity. The greater part of money borrowed abroad spent in the common interest of all the civilized countries a fact which might form the basis of a claim for special consideration, but such is not our intention.

"We do not request cancellation of our debts. We only ask time to breathe and to recover our strength after four and a half years of exhausting war. Our propositions are those which any debtor would feel proud in making in (Continued on page four.)

## FRANCE AROUSING ITSELF TO DANGER OF FUTURE DEATH

Government Takes Over Fight  
for Higher Birthrate to  
Stop Extinction.

Paris, March 15.—France is at last arousing itself to the danger of dying out. The privately conducted, uphill fight for a higher birthrate has been taken over by the government through the creation of a higher council of natality. This council of thirty, appointed by J. L. Berton, Minister of Hygiene was asked to act immediately. Mr. Berton, father of five children, is known as a strong friend of large families. Three members of the new cabinet are advocates of measures to increase the French birthrate.

War cost France roughly 1,500,000 lives. A low birthrate, during the war years, cost France 1,272,735 loss of population. These statistics, made into striking pictures to illustrate their effect on the nation, industry and war-dangers are being used in a rigorous campaign by the national alliance, for the increase of the French population. This campaign is being conducted by letters to members of parliament, posters, a magazine, The Woman and the child, and through the many socially and politically powerful persons interested in the movement.

### GREENVILLE WINS ROTARY LOVING CUP AT CONVENTION

A telegram was received from Dr. J. A. Ellen this afternoon, stating that Rotarians of this city were today awarded a handsome loving cup for carrying the largest attendance of Rotarians of any other city attending the gathering of Rotary Club members in session in Greenville, S. C. this week. Greenville's attendance was fifteen percent, higher than any other city represented, and consequently, claimed the honor promised to competitive cities.

## FRANCE READY TO STRENGTHEN ARMY ALONG THE RHINE

Measures Looking to Arrests of  
Members of New Regime  
in Progress.

### GOVERNMENT WILL NOT BEGIN CONTROL PAPERS

Kapp Government in East Prussia Quiet; Little Rioting Reported.

Berlin, March 15.—Measures looking to arrests calculated to prevent an uprising against the new regime have been abandoned, according to a statement issued here yesterday, but a communist named Levy is said to be imprisoned. The government is reported to have decided not to exercise control of newspapers, all of which including the Vorwarts and the Freiheit will reappear tomorrow.

Prince Joachim Albrecht, who has been confined to Moabit prison since his attack on allied officers at the Hotel Adlon ten days ago, has not yet been liberated.

Announcement was made by the new government late tonight of reports from Munich that the Bavarian socialist government had resigned and that the troops were in control of that city. The reports added that the cabinet would meet on Tuesday to form a new government.

Another announcement by the Kapp government stated that conditions in East Prussia were quiet, civilians and militia guarding the railways and the post offices.

As regards Hamburg, the government statement said the situation there (Continued on page three.)

## UNDERWOOD SAYS HE HAS NO POWER TO CHANGE RULING

Superintendent of Education  
Replies to Parents Con-  
cerning School Laws.

To Patrons of County Schools:  
Occasionally parents come to me for exemption of their children from the operations of the compulsory attendance law for work on the farms. I have no authority to make such exemptions. The enforcement of this law is in the hands of the county superintendent of Public Welfare, Mr. M. K. Blount. If a child between eight and fourteen years of age is absent from school, it is the duty of the teacher first to notify the parent, giving him an opportunity to render a written excuse. If this excuse is not sufficient, or if he is in doubt about it, or if no excuse is offered, it is her duty to report the absence to the county superintendent of public welfare, who will then take the matter up with the parent.

Excuses and exemptions are not granted in advance. The matter must take the regular course. The teacher is compelled to make these reports, and is herself guilty of a violation of the law if she does not do so.

As the spring opens up, I notice a growing increase in absences. Some of these, of course, are unavoidable. Others I am sure, could be corrected. Of course the farm work must be carried on. I wish our people could see that it is still more important that the school work go on. Our children are entitled to an equal chance with tobacco and corn and cotton. Agricultural wealth achieved at the cost of the mental and spiritual development of our children will prove to be real poverty. "We must not grind the seed corn."

Please think on these things.  
Respectfully,  
S. B. UNDERWOOD,  
County Supt. of Schools.

## CIVIL SESSION OF COURT OPENED IN THIS CITY MONDAY

Regular March Term of Civil  
Court Begins With 40  
Cases on Calendar.

### TWO DIVORCES RECEIVE ATTENTION DURING DAY

Two Other Cases Compromised  
and Work Begun in Land  
Controversy.

The regular March term of Pitt county superior court, for the trial of civil cases, convened in this city yesterday morning with Judge George W. Connor, of Wilson, presiding. Practically the entire morning hours were consumed in preliminary proceedings, at shortly before noon adjournment regular routine was begun resulting in the disposition of a number of minor cases before evening adjournment.

Although there are from 40 to 50 cases on docket for consideration during this session there are not any, however, of more than ordinary importance, and it is believed they will be disposed of before the closing of court two weeks hence. It is expected that work will proceed rapidly immediately following initial proceedings yesterday and that compromises in a number of actions will help conclude the session with calendar cleared completely.

There were two divorce suits receiving favorable action in the evening session yesterday. They were: Annie Rollins vs. H. A. Rollins, white; Joe Reddick vs. Addie Reddick, colored.

Other cases receiving consideration, following compromise action on the part of representative attorneys were: Franklin Fire Insurance Co. vs. Atlantic Coast Line railroad, compromise; Mrs. Sophia Shelburn vs. New Hampshire Fire Insurance Co., compromise proceedings.

Action was begun late yesterday evening in the land controversy case of (Continued on page four.)

## HART PUNISHED BY NAVAL OFFICERS IN FIGHTS SATURDAY

Secretary of Republican State  
Convention "Black Jack-  
ed" by Sailors.

Washington, March 15.—George L. Hart, of Roanoke, for the last sixteen years secretary of the Republican State committee in Virginia was attacked and "black jacked" by two naval petty officers and severely lacerated about the head while accompanied by Mrs. Hart on the way to the congress hall hotel here Saturday night.

Several members of congress declared they would call the attention of congress and Washington officials to this attack on Mr. and Mrs. Hart in speeches in the house today, in the belief that vigorous steps should be taken to bring to an end the wave of crime now sweeping national capitol.

Mr. Hart, who was recently designated to be official reporter of the Republican National Convention at Chicago, said he had quietly reproved the men on a street car which was crowded, for jostling Mrs. Hart and himself. Hart and his wife left the car at New Jersey avenue and B. street, right at the entrance to the house of representatives, to go to their apartment in congress hall.

The couple had taken only a few steps in the direction of their hotel when one of the men rudely jerked Mrs. Hart from the side of her husband and then both proceeded to beat him over the head with a black jack. An X-ray will be taken today to determine if Mr. Hart's skull is fractured.

It was a gorgeous sunset yesterday evening.

## PRISON FORCES IN GERMANY HELPING TO LOCATE GRAVES

Red Cross Assisted by German  
Prisoners in Finding Graves  
of Americans.

### SEVERAL GRAVES ARE LOCATED AFTER SEARCH

Only Three Thousand Graves  
Have Been Photographed  
Up to Present.

Washington, March 15.—The Graves Registration Service of the army and the American Red Cross have received invaluable aid from German prisoners detailed to help the searchers in the task of locating the graves of American soldiers who fell behind the enemy lines. The Red Cross is photographing for the families the graves of all the American dead that can be found.

Twelve bodies were recently found through the assistance of one of these prisoners who recalled their burial. The German remembered that after a counter-attack, when the Germans recaptured a village, several Americans had been buried in a certain spot hurriedly, he recalled, for another onslaught was momentarily expected. He described how the bodies had been placed in three rows in a shell-made grave, and led the American Red Cross workers to the spot. The bodies were found and after identification were given a reburial in Romagne, the largest cemetery in France.

Of the 80,000 graves of American soldiers in France, only 3,000 have not yet been photographed. The majority of the 80,000 are of men who fell during the time when the 27th and 30th divisions were brigaded with French and British troops in Somme region, and their graves are scattered through the Barle-Duc and St. Menohons sections. They will all be transferred in the spring to Romagne cemetery and re-photographed for the purpose of accurate and definite record.

## REFUGEES IN CAMP ALONG STREETS IN SOUTHERN RUSSIA

Fifty Thousand Refugees Camp  
ing in Streets, Awaiting  
Transportation.

Novorossisk, Russia, March 16.—Fifty thousand refugees from all parts of Southern Russia have been camping in the streets of Novorossisk for several weeks waiting for transportation to take them across the Black Sea to a place of safety. Most of them are families of officers and leaders of the army of Denikine. All the resources of the American Red Cross mission to South Russia have been employed in extending relief to the refugees.

Shelter of any description has been crowded with humanity. Idle factory buildings, grain elevators and rooms used as offices during the day have been filled with refugees at night. Thousands have spent their days walking the streets and at nightfall have spread their blankets and scant coverings upon the pavement to sleep. Hospitals have been filled to overflowing and medical supplies have run low while hundreds of cases of typhus developed every day. Each morning found hundreds dead in the streets.

### PEACE REIGNS IN BERLIN;

REPORTS OF STRIKE FALSE

Lisbon, March 16.—Peace reigns here and quiet has not been disturbed recently. Reports that serious state existed here are only rumors, but they could not be immediately denied owing to condition resulting from telegraph and postal strike.

Fishermen have been catching a few shad down the river.

## STEPS ARE TAKEN TO PREVENT RIOTS IN BERLIN CENTER

Plans Under Consideration for  
Sending Three More Corps  
in Germany.

### FOCH TO CALL MEETING SUPREME WAR COUNCIL

Mobs Reported Busy Looting  
Houses in Berlin and Other  
Parts Germany.

Paris, March 15.—France contemplates sending three more army corps to Wiesbaden, Nelsdorf and Bonn, thus doubling her forces along the Rhine, according to the Petit Parisien. Marshal Foch will call a meeting of the supreme war council as soon as he returns from Mayence, where he will confer today with allied commanders.

Reports reaching this city state that every step has been taken to maintain order in occupied districts of Germany and that the inter-allied commission for the Rhenish province has received the German high commissioner after having conferred with allied military leaders.

Information received here would seem to indicate the utmost calm is prevailing in Germany, although the severe censorship in Berlin may be responsible for a lack of detailed news from that city.

Telegraphic communication with Berlin is interrupted, the last telegram from the French charge d'affaires there having been received at the foreign office in this city at 1 o'clock Sunday morning.

Advices from other sources, however, indicate the reactionary movement begun on Saturday morning is confined to Berlin and that mobs are busy looting stores in some quarters of the city. A general strike affecting transportation, electric power and the water supply of Berlin has been decreed, and railroad workers are said to have asked Dr. Wolfgang Kapp, the new chancellor, to leave Berlin.

A general strike affecting all public services also has been called at Kiel, Bremen, Hamburg and Regensburg while public sentiment in favor of the Ebert government is declared to be increasing in Cologne, Essen, Dusseldorf, Bochum, Duisburg, Spandau and Frankfurt. In these cities a general strike is expected today. Bread is said to be already scarce and expensive in Berlin, and there are fears the supply may fall completely.

### ADMIRAL SIMS CONTINUES WITH FACTS AGAINST NAVY

Washington, March 16.—Admiral Sims today told the investigating committee that little bluff on the part of the Germans in 1918 would have paralyzed transportation of soldiers and war materials on the part of the United States to Europe. He said the information that Germany was building two heavily armored battle cruisers to raid troopships caused the navy department to besiege cablegrams outlining impracticable suggestions.

### CIVIL WAR IMMINENT IN MANY PARTS OF GERMANY

Germany, March 16.—Civil war seems imminent in Germany as the result of the refusal of the Ebert government with the reactionary regime. Ebert demands the unconditional surrender of the new government. Berlin is in the grip of a general strike and the Paderborn dispatch says the strike will be effective throughout Germany, and only food trains running. Severe fighting is reported in Dresden, Leipzig and Brandenburg. Chancellor Kapp has threatened strike leaders with death if they interfere with public service after four o'clock this afternoon, and it is possible that crisis will follow. Ebert seems in control of south western Germany and Kapp in northwestern Germany, Prussian Silesia. So far as known, armed forces to the government are not classed, and the fighting that is reported is between the military forces and crowds.

Odd Fellows meet tonight.

TUESDAY, MARCH 16, 1920.

Tomorrow will be St. Patrick's day, but nobody is expected to see snakes.

If everybody here gets counted Greenville will make a good showing when the census returns come in.

It is hard to tell who in the senate is trying hardest to play politics. What the country wants or needs comes in for consideration based on the probable effect on somebody's chances.

"The Watchman on the Rhine" will have a man's job if he holds a check on the obstreperous Germans. The present internal troubles over there show that they are going from bad to worse.

Notice how often it crops out Sims' testimony that "I was not consulted." Must have thought he was the whole navy and was doing all the directing of the war. Since it is all over, anyway, we can't see that his opinion of how it was done is worth anything.

### SPIRITISM'S DANGER.

That story from Martinez, California, about the arrest of seven insane suspects after a twenty-four hour seance with the ouija board gives point to a statement recently made by the Right Reverend William Cabell Brown, bishop of the Protestant Episcopal diocese of Virginia. Bishop Brown was moved by the wave of spiritism in his diocese to speak on the subject.

He said that during his many years of service as a missionary in Brazil he conceived it to be his duty, because of the prevalence of belief in spiritism, to make as profound a study of it as he could. He had more than twenty years' opportunity to make that study, and he considered that, so far as lay within his ability to judge, he might speak with some authority. He had reached several conclusions, concerning which his opinion was definite and fixed.

As to the mediums, he said, nearly all of them—certainly all of them who made a profession, or trade of the work—were either dishonest or otherwise immoral, and were generally both. As to the believers in, or followers of, spiritism who were active in practices connected with it, they might be divided into two general classes those who followed the thing long enough to become convinced of the folly or wrongness of it, and those whose minds became either weakened or warped.

He went on to say that it would be foolish to say there was "nothing in it." There were, he said, many things he could not explain and would not attempt to explain. But, and on this one point, he was firm—whatever is in it does not come from God, but from the spirit of evil.

Whether Bishop Brown's conclusions are flawless or not, is not to be decided by discussion—though he is a wise and scholarly man of long and varied experience. But it is not to be doubted that nervous, tense, long-continued gropings for contact with hidden things, efforts to project the body's senses into the realms of the soul, are fraught with danger to all except the strongest of minds.

The California case is only an extreme example. If the case of Sir Oliver Lodge is cited by way of de-

nia, it might be replied that Sir Oliver has a remarkable brain. Or it might be replied that even the most remarkable, the most brilliant, brains are not always free from twists. Julius Caesar thought more of his piffing poetry than of his great campaigns.—Ledger-Dispatch.

was not clear. It added:

"In Mecklenburg-Schwerin no strikes have taken place. General Lettow-Vorbeck (former commander of the German troops in German East Africa) has taken charge of the troops who are supporting the new government. Saxony is quiet and troops are neutral. General Meroken has ordered that no strike take place. Stettin, Hanover, Hesse and South Germany are quiet."

## Help the Operators Serve You Better

Telephone subscribers are urged to call by number and not by name. In a community of this size the operators cannot possibly remember the names all subscribers; when you call by name you delay your service and hamper its efficiency.

All telephones are known to the operators by numbers which are on the switchboard directly in front of them. The directory is your index to the switchboard and should be consulted before making a call.

Call by number and help the operator serve you better.

When You Telephone—Smile.

the interest of both himself and his creditor."  
The Premier referred to the ruinous fluctuations in the rate of exchange. "If France is obliged to meet her obligations abroad at present rate of exchange she would be forced to pay two and a half times what she owes," continues the Premier. "Thus, after spending for the common good, thirty billion (30,000,000,000) francs borrowed from her friends, she would have to pay forty-five billion (45,000,000,000) francs as France's premium to these same friends. Of course that is not what they mean to require from us."  
After mentioning the suggestion made by the United States that France could raise the value of the franc by increasing exportations Premier Mellrand said "We ask nothing better than increased exports. We must first however manufacture and we cannot make the things for foreign trade until we have factories in which to manufacture them."

# EASTER!

That give a delightful expression to feminine beauty and charm. The grace of a rounded arm, the loveliness of the neck, the beautiful curves of the body, the trimness of a well shod foot—of what avail are all these charms of womanhood without a beautiful setting.

Our dresses are the sympathetic interpreters that every girl or woman need to enhance their charms

Neither young—girly nor mature, neither prim nor audacious. Our Frocks are just right. They cleverly combine the smartness of the most exclusive dress making with the bewitching charm of North Carolina womanhood.

Lustrous materials that give real wear; exquisite workmanship to the minutest detail; and extraordinary values are the distinctive traits of our stylish Easter Dresses for Spring wear. They are wonderful—you should see them—we beseech you.

## Suits, Coats, Blouses

We realize that the final arbiter of style is

## Good Taste

be it Suit, Coat or Dress, we feel assured that an Epicurean of style, would smack at the good taste shown in our selection of Spring costumes. We really believe, we have a beautiful showing. Easter only three weeks hence. Let us show you.
