ALLIES LIKELY TO BE SERVED NOTICE OF TREATY STATUS

Dipomats Think Allies Will be Notified of Defeat of the Treaty.

WILSON PROBABLY WILL ANNOUNCE FUTURE PLANS
Opinion Varies in Senate and House Concerning Course to be Taken.

Washington, March 23.—In the absence of any authoritative prediction of what President Wilson would do with the unratified treaty with Germany, the impression gained weight in diplomatic circles today that the first step probably would be a notification to the other powers that ratification had been refused by the senate.

Diplomats holding that view pointed out that such a notification could be given to clarify the status of relations between the United States and the other powers, regardless of what decision the President might make later on the question of the treaty's resubmission to the senate or negotiations of a separate peace.

In some quarters it was predicted that Mr. Wilson might, however, combine a notification of the treaty's failure with an announcement of his future purpose in the matter, in order that the nations that have ratified may be advised of what course they can expect developments here to take.

Senate leaders are understood to have been influenced in part by such a possibility in their decision to delay action on a declaration of peace, preferring to know what the President will do before they take any further steps. Today there was some discussion of the peace declaration proposal in informal conferences among Senators, but it was predicted that it would not come on the floor for two weeks or more.

There are many varieties of opinion in Senate and House, both of which could have to act on a peace resolution as to the exact form the declaration should take. Mild reservation Republicans have told their party leaders they would be adverse to including any statement of policy which would regard the treaty and the League of Nations as dead, while Republican irreconcilables want questions of policy left out of the resolution entirely.

In predicting that a notification might be sent to the other powers of the Senate's return of the treaty to the President, diplomats pointed out that the case had taken a different aspect since the adverse ratification votes in November. On that occasion the treaty was not sent back to the President and it was possible for him to preserve silence as it was well understood that the pact having been left with the Senate, the initiative in further action was left wholly with that body.

WESTERN DISTRICT GERMANY HELD SOLIDLY BY RADICALS

Copenhagen, March 23.—The whole western industrial district of Germany is held solidly by radicals, and disaster is inevitable if the government troops interfere there, according to telephone information received from Berlin. The Social Democrats learn that purely the workers government is on the point of formation without the co-operation of Bourgeois party.

MONROE, LA., SUFFERS HEAVY LOSS BY FIRE

Monroe, La., March 23.—Fire here today destroyed the water and light plant, leaving the city without fire protection and closing all industries including newspapers, using electric power.

FOUR CASES GIVEN TRIAL IN MONDAY'S SESSION OF COURT

Three Divorces Granted and Non-Suit Proceedings in Cox Mfg., Co., Case.

DIVORCE PROCEEDINGS GET FAVORABLE ACTION
Several Other Cases Are On Docket for Remainder of Civil Session.

The beginning of the second week session of civil term of Pitt county superior court yesterday was marked principally by decisions in three suits for divorce and non-suit proceedings in the case of A. G. Cox Manufacturing Co. vs. Corbett Buggy Co., and Argo Motor Co., the four cases consuming practically the entire day's session.

Absolute divorce was granted in the cases of Willis Coward vs. Annie Coward, Rachel Evans vs. Levi Evans and Maggie Norris vs. Church Norris, all colored people of this county, and evidence in every instance was sufficiently convincing to justify the bonds of matrimony being annulled, although statements were presented having a tendency of reducing the enormity of charges precipitating the suits.

Non suit proceedings was taken in the case of A. G. Cox Manufacturing Co., after the plaintiff failed to produce evidence forceful enough to substantiate claims against the defendant. The case came about as a result of A. G. Cox & Company purchasing from Corbett Buggy Company and Argo Motor Company a shipment of automobiles that failed to measure up to expectation. The motor car company was notified of the condition of the (Continued on page two.)

PARIS MERCHANTS PLAN ABOLITION OF CITY FOOD BOOTHS

Firms Stirring Up Agitation to Cut Out Sales All Over the City.

Paris, March 23.—Food merchants here are stirring up an agitation for the abolition of the municipal booths scattered all over the city for the sale of the public of food and wine at less than current retail rates in private stores. Those opposed to these so-called Vilgrain booths, or wooden huts, contend that the city is selling in them groceries, potatoes, wine and other supplies at prices so low as to injure commercial interests.

On the other hand M. Flancette, municipal councillor within whose department these organizations lie, is strongly in favor of continuing them and intends to ask the Council to develop them and other municipal establishments. For this purpose, it is proposed to contract with Canada for a loan of 150,000,000 francs to purchase Canadian foodstuffs for provision in Paris.

As an example of benefit which the booths confer upon the public in helping to bring down the cost of living, it is stated that a can of unsweetened condensed milk is sold in the booths for 1.50 francs, for which grocers in their stores demand 2.25 to 2.50 francs. In the municipal butchers' booths meat is sold for 35 to 35 percent cheaper than in ordinary butcher stores and the municipal fish stores are declared to have proved a great success.

URGES IMMEDIATE ACTION ON BONUS FOR SERVICE MEN

Brigadier Crawford Says Congress Should Speed Up on Bonus Measure

LOAN FOR HOME OR FARM GIVEN HEARTY APPROVAL
Declares Remuneration for Former Service Men Would Alleviate Social Unrest.

Atlanta, Ga., March 23.—Government remuneration for former service men in the war with Germany and early action by congress on the bonus measures pending before that body is strongly urged by Brigadier A. W. Crawford, of Atlanta, commander of the Salvation Army in the department of the Southeast in a statement issued Saturday.

While Brigadier Crawford is not particularly committed to any form of remuneration for the soldiers he declares his experience with former servicemen, thousands of whom including many who were disabled have been aided by the Salvation Army throughout the country, convinces him that in thousands of cases government aid in some form is absolutely essential while in hosts of others it would serve to make better and substantial citizens.

"The government should do something for the millions of men to whom it entrusted the Salvation of the republic," says Brigadier Crawford, "and it should not be put off by government red tape until the war with Germany has become ancient history, and the men who took part in it are bent with age."

GREATER INTEREST IS NOW EVIDENT IN COUNTY HOSPITAL

Fund for Erection Memorial Hospital Increasing in Pleasing Manner.

There is an increased interest throughout the county in the hospital movement. As the people come to understand the plan and the method of conducting the hospital they readily not only endorse the plans but subscribe to the fund. One of Greenville's best lawyers recently confessed that he did not know how the hospital was to be run and maintained and consequently was not very enthusiastic about the proposition, but after he understood the proposition he remarked that he did not know how a better plan could be worked out, and that he was ready to back the project with his money.

COUNCIL PLANS TO MAKE FUTURE WAR AN IMPOSSIBILITY

Federal Council of Churches Plan Conference With This Object in View.

EVERY DENOMINATION TO BE URGED TO HELP ISSUE
Declares Remuneration Proposed of Prominent Church Workers Everywhere

New York, March 23.—Preliminary arrangements for an Ecumenical conference, the first since the Reformation to represent "Christians of every faith and land," have been approved by the administrative committee to the Federal Council of the Churches of Christ in America, it was announced here today by the Rev. Charles S. MacFarland general secretary. One of its objects is to make future wars impossible.

Dr. MacFarland said that in order to have the assemblage the most widely representative gathering of modern times, one that would embrace every Christian denomination, all "questions for discussion are to be limited." He declared that the conference would be "less doctrinal and theological in its purpose than the World Conference on Faith and Order which is being promoted by the leaders of the Episcopal church looking toward the reunion of all Christendom."

The projectors, he said, are desirous that the conference shall be held only when the churches of all the nations are ready for it. "They hope," he said, "that the contacts of this gathering may furnish a genuine basis for brotherhood and understanding." Already, he said, church federations of the Scandinavian countries of Switzerland and America, are backing the movement which is expected to take definite shape after the meeting of an international committee to be held in Geneva, Switzerland, next August. This committee is expected to issue the invitations to the leaders of the various Christian faiths.

FAIR AND WARMER TO BE PRESENTED IN TOWN TONIGHT

Popular Attraction to Play Single Engagement at White's Theatre.

Spaeth & Company will present their newest big success, "Fair and Warmer" whose fame has spread all over the country on the strength of its year-long run of unprecedented prosperity at the Eltinge and Harris theatres, New York, and six months at the Cort Theatre, Chicago, at White's Theatre tonight.

Avery Hopwood, author of this farce classic, is also the author of "Seven Days" and "Nobody's Widow," and started the long-run farce on the career it has never since abandoned. So Mr. Hopwood is fairly entitled to his rank as America's first master of farce writing.

Spaeth & Company, who present "Fair and Warmer" established their reputation as picks of winners by "Within The Law," etc. When they followed this success with "Fair and Warmer," the sea-cross said "Trust Spaeth and Company."

In "Fair and Warmer," Avery Hopwood uses just the idea he knows best how to put thru its paces—satiric and richly humorous complication arising from the fact that two respectable young persons try to be wicked without knowing how, and end by covering themselves with ignominy, while the pair at whom they aimed their wickedness, as retaliation, so joyously set free.

JURORS SELECTED FOR APRIL SESSION OF COUNTY COURT

Men Drawn to Serve on Jury for Civil and Criminal Court Named Today

CALENDAR FOR SUPERIOR COURT NOT YET COMPLETE
Civil Session Begins April 12th, and Criminal Term on April 19th.

The list of jurors drawn for the April term of Pitt county superior court, for the trial of civil and criminal cases, was this morning released from the office of Register of Deeds J. C. Gaskins following the issuance of notice to respective men from each township selected for both terms. The list this time contains the names of a number of prominent, well-informed men from various parts of the county, and gives assurance of splendid judgment throughout both civil and criminal sessions.

The calendar for this term of court has not yet been completed owing to a number of cases which have not been entered by city and county attorneys, but it is expected this will be accomplished within the next several days and due announcement given when they may be expected to be taken up for consideration by the court. The docket generally is fairly well supplied with both civil and criminal actions, and judging by the number already in evidence this session will be no exception in the least sense of the word.

The following jurors have been drawn to serve during civil term, beginning Monday, April 12th, and criminal term, beginning Monday, April 19th.

AMERICA FIRST TO BE PRESENTED BY SCHOOL CHILDREN

Splendid Rehearsal Held Yesterday Evening in School Auditorium.

A splendid rehearsal of the musical play "America First" was held in the auditorium yesterday after school and the piece was put together. This rehearsal demonstrated the ability of the students to give a high grade performance which will take place on next Friday night.

Exceptionally clever "stars" in the play are Miss Katherine Perkins as the young widow, and Jimmy Barber as the newspaper correspondent. Their turn "brought down the house" and leaves no doubt of the success of these two talented young persons. Another rehearsal will occur this afternoon and all the folk dances will be practiced.

Miss Mary Wright as "America" in the dance of the Allies is simply irresistible in grace, expression and intelligence and well represented "America."

The play is being given for the benefit of the Boy Scouts.

SOUTH DAKOTA TO SELECT DELEGATES FOR CONVENTIONS

Primary to be Held Tomorrow to Decide Upon Presidential Preference.

WOOD APPEARS TO HAVE REPUBLICAN MAJORITY
Candidates Also to be Nominated for Senatorial and Congressional Issue.

Sioux Falls, S. D., March 23.—South Dakota voters will in their primary tomorrow instruct their delegations to the national conventions whom to vote for as a presidential preference on the first three ballots in the democratic and republican national conventions. They will also nominate senatorial and congressional candidates and complete state tickets.

There are three sets of candidates for presidential nomination in each party. General Lenard Wood, endorsed at a republican meeting last December and President Wilson, similarly endorsed by a democratic meeting, are designated as majority proposal candidates. The republican majority slogan as announced in eight words, the legal limit, is "Patriotism, progress, prosperity, honesty, economy, law and order." The democratic slogan is "For lasting peace under the League of Nations."

Governor Frank O. Lowden, of Illinois, republican, and James W. Gerard, democrat, were selected for presidential nomination by delegates to the December conference who were not satisfied with the majority choice and known as minority proposal candidates. The republican minority slogan is "Economy, efficiency, protection, peace, agriculture promoted, one flag." The democratic minority candidate is running under: "Make and keep the world safe for democracy."

Senators Miles Poindexter, of Washington, and Hiram Johnson, of California, are known as republican independent candidates, having been named by filing a petition of at least one percent of the total vote of their party at the last election. James O. Monroe, of Illinois, is the petition candidate so nominated for the Democratic ticket. Poindexter's slogan is: "American government free from class or foreign control." Johnson's is "Americanism, freedom of speech, press, justice, with law and order."

SPRING FEVER ATTACKS OLD AURORA BOREALIS

New York, March 23.—Aurora Borealis was attacked tonight with spring fever. He kicked up his heels, danced all over the sky and put telegraph wires out of commission from the Atlantic seaboard to the far west.

The wire chief at Western Union headquarters tried to take the patient's "pulse," but reported the company had no instruments strong enough to measure the voltage in the electrical currents which swept across the heavens. Nature's skylarking in the northland made telegraphy an impossibility for fifteen minutes—a record in this vicinity—and caused a flurry in newspaper offices all over the country, when news westward bound was held up.

There were interruptions in telegraph service early in the evening but the complete tie-up came at 9:45. By 10 o'clock the Western Union reported it was beginning to record some of its circuits but a realignment or balancing was necessary.

PREPARATIONS BEING MADE FOR TRANS-ATLANTIC FLIGHT

New York, March 23.—Thirty enlisted men of the United States Navy leave Friday for London preparatory to attempting a trans-Atlantic flight with the R-33, sister dirigible of the R-34 which negotiated the flight last October. The R-38 is slightly larger than the R-34 and was purchased by the United States from England.

TUESDAY, MARCH 23, 1920.

The quiet way in which national railroad systems were transferred from government management to private ownership is evidence that Uncle Sam must know more about railroading than was anticipated at the beginning of the war when roads were turned over for his supervision.

President Ebert may be in control of the German nation now, but with guns spitting fire and kegs of gunpowder ready to be touched off at a minute's notice, as some papers state, we shouldn't think his position would be the most comfortable in the world. It is all right to look after the government interest, but as to the gunpowder, it might be advisable to evacuate until the capitol city is blown to pieces, or until reactionary forces get ready to lay down arms and quit.

William Jennings Bryan thinks the recent defeat of the peace treaty is a disgrace to America and a crime in the eyes of the world. No one wants to dispute the "Commoner's" word, but wonder why this declaration wasn't made sooner. The crime wouldn't have been so intensified.

PLANT GARDENS ON VACANT LOTS.

Vacant city lots would not be of much value for growing corn or wheat, but these valuable pieces of dirt are often just the place for growing a good vegetable garden. Often the soil is rough and covered with stones and all sorts of waste materials, but most people who live in cities and towns do not get enough outdoor exercise anyway, and the labor necessary to clean off the trash and pile the stones to one side do them good. Some of the best home gardens have been grown on vacant lots that was not much more than a stone pile to begin with. In one case enough old foundation stones were removed to build a wall along the two exposed sides of the lot. The soil was then leveled and a few small loads of manure spaded into it. The garden was planted while neighboring apartment-house dwellers looked on from their windows, doubt on every face, but the garden grew and flourished, and many were the smiles of appreciation of the good things that were handed them by the owner of the garden.

If the land is not shaded too great a part of the time, almost any vacant lot can be turned into a food garden, but it is often necessary, pretty nearly, to make the soil.

Free booklets that tell how to garden will be sent on application to the United States department of agriculture, Washington, D. C.

FEBRUARY EXPORTS SHOW DECLINE.

A decided drop in exports was the outstanding feature of the February foreign-trade statement issued today by the Bureau of Foreign and Domestic Commerce. Exports were unusually small, amounting to only \$1,473,000, against exports of

\$13,000,000. For the eight months period ended with February gold imports amounted to \$43,000,000, against exports of \$362,000,000. Silver imports amounted to \$12,000,000 in February and \$68,000,000 in the eight months; while silver exports were \$10,000,000 for the month and \$137,000,000 for the eight months ended with February.

February exports amounted to \$346,000,000, the smallest since October of last year, against \$722,000,000 in the preceding month of January and \$585,000,000 in February of last year. Exports during the eight months ended with February were \$5,231,000,000, against \$4,383,000,000 in the eight months of last year.

February imports amounted to \$407,000,000, against \$474,000,000 in January of this year and \$235,000,000 in February a year ago. Imports during the eight months period ended with February amounted to \$3,235,000,000, against \$1,933,000,000 a year ago. The imports during these eight months, representing two-thirds of the current fiscal year, exceeded by \$140,000,000 the imports during the entire fiscal year ended with June, 1919.

shipment, and failing to satisfy the purchaser, suit was begun for recovery of purchase price. Both plaintiff and defense were pretty well represented, but testimony failed to produce evidence necessary to show that the defendant had not carried out its part in the transaction, and consequently, a decision of non-suit was rendered by the court. There are several cases of general interest to people in this section to be taken up during the present session, and it is more than probable the docket will be cleared completely at the expiration of the session.

LABOR PROBLEM.

December 21, 1919; new style to January 1st, 1920; with reference from March 1st to 12th.

Notice Labor of age: to the elders and nobles:
Greetings—And as far as the church extends, the word begins 1, 2, 3, 4, 5 and 6—thus the heavens and earth were finished and all the host of them, and on the seventh day God ended his work which he had made, and he rested on the seventh day from all His work which he had made. And God blessed the seventh day and sanctified it because that in it he had rested from all work which He created and made. Six divided into 312 equals 52, plus 52, or multiply 52 by 7, the answer will be 364. Or multiply 52 by 49 and the answer will be 2548; divided by seven equals 364. Answer the word complete.

Notice the First Epistle General of John, Fifth chapter and verses 6, 7, 8, 9, 10, 11, 12 with references. Also Matthew: Fifth chapter and verses 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 with references, and Dr. McDowell declared that the fifteenth verse of the eighteenth chapter of Matthew constituted the law of brotherhood and that the teachings of Christ will solve industrial problems. Now in reply to Dr. McDowell the 25th chapter of Matthew and the fifteenth verse will help to solve the problem with references. What sum can be multiplied that will make its answer equal to a sum. Divided by a number equal, each answer the same. Not over 400, not under 300 for the answer.

 HOME OF BETTY WALES

Spring Is Here!!

and there is no better time than the present to select your spring suit. For the young lady we have some nice patterns designed and made up in styles that will stand foremost among the swell dressers. Easter is approaching and you will want your outfit by that time.

Dresses & Coats

'moderately priced' is what you'll say when you see these fresh new frocks and coats. Especially will you say so when you notice the splendid quality.

Millinery

Beautiful display of hats in all patterns. Complete line of Men's Clothing, Shirts, Hats, Neckwear and Hosiery to suit all.

The Easter Costume

Inspired With Exotic New Touches

Vivid as the bright glories of Spring and as beautifully radiant—new themes, new embroideries, new drapings, new treatments—new, yet all reminiscent of the distant, delicate scent of tiny cherry blossoms.

Dresses and Gowns

Shimmering and delicate as silver moonbeams, embroidered in silk or multi-colored beadings in the style of the ancient Chinese.

SUITS, soft of line and rich of fabric, hinting in their loose treatment of the flowing garments of the Far East. COATS, embroidered in color-tones in intricate, fantastic motifs. Fascinating new BLOUSES, adorned with varihued embroidery motifs in manner of the colorful land of the Goddess Isis.

NOTABLE VALUES IN EASTER APPAREL ARE NOW BEING FEATURED IN OUR DISPLAYS
