STATE DEMOCRATS TO VOTE SUFFRAGE IN LATER SESSION

Special Session of Legislature Requested to Settle Amendment Question. HOEY FOR RATIFICATION; OVERMAN SOLID AGAINST

Raleigh, April 8.—The Democratic State convention last night adopted a plank in the party's platform recommending that the Democrats in the special session of the legislature in July ratify the proposed nineteenth amendment to the Federal Constitution giving women the right to vote.

Suffrage sentiment, after a trial skirmish earlier in the afternoon yesterday, had won by three to one a place for Mrs. John S. Cunningham, of Durham, as honorary delegate to the national convention. But the lines were not drawn and the issue was not presented until the report of the platform committee brought before the convention a plank calling upon the legislature to reject the Susan B. Anthony amendment and to submit to the voters of North Carolina in the November election an amendment to the State Constitution, giving women the right to vote in North Carolina.

While Miss Sue White, representing the national suffragist headquarters in Washington, was busy distributing suffrage literature about the convention, two anti-suffragists, representing the Woman's Rejection League, spread some anti-suffrage loggers among the delegates. Both the anti-suffragist agents were from Virginia, Miss C. P. Davis, of University, and Emma Wilson Morris, of Richmond. They stated that they had come into the State at the instance of Miss Mary Hilliard Hinton and North Carolina anti suffrage association.

The Democratic platform in addition to the suffrage plank is devoted to a lengthy discussion of State and National issue. It endorses the national and State administrations and includes a separate paragraph about the administration of the navy.

"We view with great pride," the platform reads, "the able and successful administration of the affairs of the navy department by our distinguished Secretary of the Navy and we denounce unjust and unpatriotic efforts of the Republican party to discredit the great record of the navy in the war for purely partisan purposes.

Reviewing the national achievements of the party in peace and war, the platform denounced the Republican war on President Wilson, the submarine attacks on the peace treaty and added this:

ARGENTINE STILL FAVORS HIS NATIONAL TANGO

Buenos Aires, April 9.—The Argentine has retained its affection for his national dance, the tango, despite the introduction of American "jazz" music and syncopated melodies in the programs of Argentine balls and dances. This was shown during the balls held in a recent carnival when tango tunes outnumbered the fox-trot and one-step in a proportion of three to one. Several American waltzes, however, are very popular. The Argentines call the syncopated music "Yanqui" tunes.

Some native musicians have grown rich composing tangos. One of the most popular here is called "Parí y Agua" Bread and Water. The title of another is translated as "Flower of the Mud."

COUNTY LEGION TO HOLD MEETING IN CITY NEXT SUNDAY

American Legion Post to Meet in Court House to Decide Bonus Question. FRENCH DIPLOMAS TO ALSO BE DISPOSED OF

On Sunday afternoon at 3:30 o'clock there will be held in the court house in Greenville a very important meeting. The gathering will be under the auspices of the American Legion. To this meeting are invited all ex-service men, soldiers and sailors. Posters have been distributed throughout the county calling attention of the men to the fact and it is expected that there will be a large crowd present. The Pitt County Post of the American Legion was formed here in Greenville on Friday night, December 20, 1919. At this meeting officers were elected for a term of three months. Dr. Laughinghouse of Greenville was elected commander of the Post. Dr. Cecil Garrenton of Bethel was elected vice commander of the Post. Second vice commander, Harvey Turnage, Farmville. Finance officer, W. T. White, Ayden. Adjutant, J. H. Rose, Greenville.

There are several matters to be discussed at the meeting on Sunday, chief among which is the question of the proposed bonus for service men. Legislation is now pending in congress relative to the matter and each post of the Legion throughout the United States is being asked to take some action in the matter. A vote will be taken at the meeting and the result of the vote forwarded to the headquarters of the American Legion, and also to our congressmen and the committee in congress which has jurisdiction over the matter. There are quite a number of men who are opposed to the bonus, and there are quite a number who are in favor of it. It will be interesting to watch the meeting on Sunday in this (Continued on page eight.)

TOWN MACCABEES TO HOLD MEETING ON MONDAY NIGHT

Great Preparations Under Way for Celebration at High School Building.

The local tent of the Maccabees are making great preparations for their celebration next Monday night at the high school building. The speaker for this occasion is considered one of the greatest fraternal orators in the south, and those that are fortunate enough to hear him will be well rewarded, for they will hear something that will remain with them in after years.

The local tent will hold a private session at 7:30 o'clock for the purpose of witnessing the new Flag Service of the order, after which they will march to the high school building where the state banner presentation ceremonies will take place.

Some local prominent men are on the program, so a regular feast of speaking by good orators is in store for the men of Greenville and the surrounding country Monday night.

FARMVILLE WILL HAVE A COMMUNITY HOSPITAL

Among the new incorporations, of this state, is included the Farmville Community Hospital, Farmville, with an authorized capital stock of \$150,000 with \$20,000 paid in by R. L. Davis, J. W. Holmes and A. C. Nash. This speaks well for our adjoining city, and a successful future is predicted for the hospital.

FIVE PERSONS ARE UNDER ARREST FOR TROUBLING MEXICO

Pretentious Plots Discovered for Revolution in Mexican Centers. OTHER ARRESTS EXPECTED TO FOLLO IMMEDIATELY

El Paso, April 8.—Five persons were under arrest today and the federal grand jury had evidence which might lead to other arrests in connection with what federal officials said was one of the most pretentious Mexican revolutionary plots ever conceived on the border.

But for the arrest by military forces in the Big Bend district of a boy and a girl carrying messages to Francisco Villa, officers admit the plan for the seizure of Lower California and simultaneous campaigns against Sonora, Sinaloa and Chihuahua might have developed into serious proportions.

The messages, carried by Andres H. Villegas and Concepcion Perez, the latter said to be a niece of Villa, furnished information which led to the arrest at Los Angeles of Colonel Lamberto Chavez, of Villa's army, on a charge of attempting to smuggle arms into Mexico, and at Mexico the arrest of A. Borboa and his aids on a similar charge.

Chavez is said to be a colonel in Villa's army and Borboa had in his possession, a proclamation naming himself governor of Lower California and naming his aide as chief of the army.

According to details of the alleged plot, made public yesterday, the revolutionists were to cross into Lower California from the United States, seize arms and ammunition of which there is a big supply, and conduct simultaneous campaigns against Sonora and Sinaloa, while Villa launched a vigorous campaign in Chihuahua to divert federal troops from the other two commonwealths.

BENSON SHOWS TO APPEAR HERE FOR WEEK-ENGAGEMENT

Popular Carnival to Play City Under Supervision of Ball Club.

The Jas. M. Benson Shows have made their final arrangements for the vacant lot behind the postoffice, for which to exhibit their fifteen cars of shows, sides and free attractions to be exhibited in Greenville for the benefit of the local base ball club, pending the decision of the city council tonight on whether to grant license to carnival companies in the city.

In case such licenses are not granted by the council the James M. Benson has made arrangements to exhibit their attraction on the circus grounds.

According to the Kinston, New Bern and Goldsboro newspapers the James M. Benson shows are of the highest type and most up-to-date attraction of its kind that has been exhibited in these cities for some time. Both morally and refined in every detail.

Two representatives of this show, Mr. J. A. McDowell and Mr. E. D. Boswell are in the city and will represent the James M. Benson Shows at the council meeting tonight.

BASE BALL NOTICE

At 8 o'clock tonight there will be held at the Chamber of Commerce a base ball meeting to elect officers. A further hearing in regard to the "league" will also be a topic. It is your duty and mine to attend this meeting promptly at 8 o'clock.

CIVIL COURT TERM WILL OPEN IN CITY MONDAY, APR. 12

Criminal Term Will Convene Monday Morning of the Following Week. BOTH SESSIONS TO BE OF SPECIAL INTEREST

The April term of Pitt county superior court, for the trial of civil and criminal cases, will open in this city for two weeks' session next Monday morning with Judge George W. Connor of Wilson, presiding. There are only a small number of cases on calendar for hearing in the first week's session of civil court owing to the recent two sessions, but the criminal term to open on 18th promises to furnish several cases of more than ordinary interest.

Three murder cases, consisting of two charges of manslaughter and one first degree murder issue will come up for hearing during the criminal term, and while there are a number of other cases of more or less importance to come up for consideration throughout the week, it is believed that a greater part of the session will be consumed entirely in the hearing of the above cases which have been pending for some length of time. Moses Dew and Henry Brown, colored are to be tried under separate charges of manslaughter while Fernando Stancil, also colored, will be tried for first degree murder.

The session promises to be of more than general interest as the excellent work of Judge Connor in three past terms proved satisfactory in every way, therefore, it is expected that important issues will receive the same deserving action as those in former terms. The following cases will be heard in the civil term to open next Monday morning:

Monday, April 12, Armour Fertilizer Works vs. Bullock; Ward vs. Commissioners; Barfield vs. Cannon.

Tuesday, April 13; Outlaw vs. Bank; (Continued on page eight.)

ITALIANS RECEIVE INVOY OF AUSTRIA IN KINDLY MANNER

Late Developments Show that Other Nations Were Opposed to Movement. AN UNUSUAL SITUATION RESULT OF OCCUPATION

Rome, April 8.—Means of meeting grave needs of the Austrian republic and establishment of rapid communications with the United States through Trieste, are objects which have brought Dr. Karl Renner, Austrian chancellor, to Rome. He told the Associated Press yesterday he hoped to arrange important commercial relations with America and that Austria desires to resume cordial intercourse with Italy.

"I am at the Italian capital," he said, "representing the new Austrian democratic republic, which has nothing in common with the traditions of the Hapsburg monarchy. My visit here is of interest to America as I am aiming at the re-establishment of safe and rapid communications with Trieste, our outlet toward the United States, with which I hope to arrange important commercial relations. We are in such condition as to need assistance from all countries, whether near or far and must trust to the generosity of the American nation.

"The Austria which I represent is totally different from what Italy knew in the past. There are no differences between us and Italy, since the Adriatic question now concerns Italy and Jugo-Slavia. In fact, no Austrian minister when the empire was allied with Italy, was received as cordially as I have been, although I represent a former enemy. The loss of Southern Tyrol is a painful wound for us, but I trust time will heal it, hoping that as relations between the two countries become more intimate it will be easier to solve the question also according (Continued on page eight.)

JUDGE LINDSEY IN SPLENDID ADDRESS HERE LAST NIGHT

Juvenile Court Exponent Pleases Good Audience at High School.

Humorous and pathetic, but intensely human was the story of Mickey, Johnny, Tommy and Ikey, as told by Ben Lindsey, "the kids' judge" of Denver, Col. in the high school auditorium last night. The work most worth while of all, is that of saving a child from a life of crime and shame, and making a law abiding, self-respecting citizen of him, and this can be done often by just "giving him a chance." That is what the juvenile court does. It also believes that "all children are good if they are only understood," and results prove that the methods undertaken are the right methods in dealing with youthful offenders, and juvenile courts are being established all over this country and in other lands.

Judge Lindsey's lecture should be heard to be appreciated. It was a great privilege for Greenville to have this noted man come to us to tell his own story.

SAYS FRENCH ARE RESPONSIBLE FOR OCCUPYING CITIES

Dr. Renner Declares He Represents a Republic and Not Hapsburg. TELLS OF GRAVE NEEDS OF AUSTRIAN REPUBLIC

London, April 8.—After a long conference which the French Ambassador, Paul Cambon, had with Premier Lloyd George today, and a full discussion of the French-German incident by the cabinet council, at which the French view was fully explained to the British ministers, an authoritative statement was issued to the effect that France acted entirely on her own initiative in deciding to occupy German towns; that Great Britain, the United States, Italy, and Belgium were all opposed to the plan and that France's action has caused a delicate situation.

The matter is under discussion of the British and French governments and the hope is expressed that the situation may be eased.

The statement recites various expedients suggested for dealing with the Ruhr situation, among others, the sending of allied officers with the German troops to supervise the Germany withdrawal. Another alternative was that the decision should be left with the German government, with the situation that unless the status quo was sufficiently restored the allies themselves would occupy German points to enforce their demands. The statement proceeds:

"The German government appears to have acted precipitately and France to have responded by adopting a plan which was only intended a last resort method and even then to have been the affair of the allies and not of any one of them simply."

Great Britain, Italy, Belgium and the United States, it is declared, all felt that the task of restoring order should lie with Germany, and all were opposed to their regular forces being called upon except as a last resort, to undertake what was virtually police duties. It is pointed out that France feared some ulterior motive on the part of Germany and doubtless acted in good faith, but, adds the statement, "the immediate result is that responsibility for her action cannot be shared by the allies as a whole, and certainly there is no intention on the part of the British government to allow British soldiers to act as police between hostile German factions and incur all the odium of such a position, to say nothing of its risks."

BUSINESSMEN MEN REQUESTED TAKE OVER OLD DOMINION LINE

Baltimore, April 9.—Virginia business men and congressmen requested President Stebbins, representing merchants and miners, to take over the business of the Dominion steamship company from Norfolk to New York, with promise to submit matter to directors.

JUDGE BEN LINDSEY ADDRESSES STUDENTS OF TRAINING SCHOOL

Judge Ben Lindsey, whom President Wright introduced as "the man who has done more than any other man to save the boys of this state to good citizenship, visited the Training School and made a talk to the students yesterday afternoon. It was indeed a privilege to hear him.

He told of how the whole procedure of the courts had changed from hurting people to helping them. The largest school in the world was the school of crime to which the delinquent girls and boys went in the days before juvenile courts were established. He told of the establishment of the detention home schools in place of the jail with all of its suggestiveness. We have learned how to bring out the good that is in a boy and turn the evil to good. Every penitentiary now has teachers, and the work is carried on for the good people also.

RESOLUTIONS FOR DECLARING PEACE PRESENTED TODAY

Four Tar Heel Democrat Congressmen to Participate in the Fight.

POU WILL OPEN FIRST ATTACK OF THE DAY
 Congressman Kitchin Will be in Charge of the Democratic Forces.

Washington, D. C., April 7.—The lines are tightly drawn in the house anticipating the opening guns on the peace resolutions to be called up tomorrow shortly after the house convenes. At least four members of the North Carolina delegation will participate in the debate, and first and last, other entries from the Tar Heel battleground may speak.

Representative Edward W. Pou, as senior minority member of the Rules Committee, will attack the special order brought in by the House Rules Committee to limit debate on the rule to two hours, and on the peace resolution to seven hours. The rule will also make it impossible for amendments to be offered to the resolution, and the only motion likely to be in order will be to recommit the resolution to the Foreign Relations Committee. Representative Pou is expected to point out that seven hours is not sufficient time to debate an unprecedented resolution involving an issue which the senate has been unable to settle in nearly a year. The Republican whip is expected to hold his adherents in line on the motion to adopt the rule. A strict Democratic party vote is anticipated in opposition.

During the debate on the rule and the peace resolution proper. Representative Claude Kitchin will command the "forces in the field" as the active Democratic leader. Former Speaker Champ Clark bears the relation of a chief of staff to the attack. Mr. Kitchin will consume a part of the debate in attacking the Republican mode of bringing a doubtful status of peace between the United States and Germany.

Major Charles M. Stedman, a member of the Foreign Relations Committee, will participate in the debate and attack the peace resolution as a minority member of the committee which reported the substitute for the treaty of peace, including the covenant of the League of Nations.

The fourth Tar Heel to engage in the struggle will be Representative Weaver, who will likewise oppose the resolution. Champ Clark has requested the Asheville congressman to engage in the combat actively, and his role may be likened to the sharpshooter.

With a minimum of nine hours a day on the rule and the resolution a vote is not anticipated before Friday, when the entire Tar Heel delegation will have formed for the roll call. The continuation of the debate on Friday permits the North Carolina congressman who are attending the Democratic State convention at Raleigh today to vote against the resolution.

FRIDAY, APRIL 9TH, 1920.

Hitting the high cost of living is somewhat like tossing stones at the stars. Results are about the same anyway.

General Wood probably thinks that shielding one's hat in the presidential ring is something like tangoing with adversity.

It's curious, but natural we guess for a fellow to knock his home paper, and then walk several blocks out of his way for the everyday editions.

In seeing no reason for Sims' criticism of the American navy Admiral Rodman is only voicing the sentiment of the majority in every part of the country.

Saturday marks the closing of Greenville's clean-up campaign, and it is to be hoped practically every yard in the city will be perfectly clean before the day comes to an end.

An Atlanta policeman was called upon to stop a row at the Republican convention in that city. Before the issue is over troops may have to be called out to prevent petty disagreements in many other parts of the country.

A new bill before the public in Japan gives the government's approval of organized labor. Which possibly suggests some strikes in that region after the measure is passed successfully.

Lieut. Belvin W. Maynard evidently likes to visit Raleigh and take its members of the "fourth estate" for a trip in the air. There's good publicity in such trips, and naturally any high-minded fellow likes that.

The senate committee favors giving a larger appropriation for the American navy, which is suggestive of a certain amount of appreciation of what North Carolina's son is doing in its interest.

If reports are true action soon will be taken to set aside the divorce of Mary Pickford, now Mrs. Douglas Fairbanks, as a result of finding of Attorney General Richards of Nevada, who claims to have found evidence of conspiracy and collusion submitted before the divorce was granted. The action no doubt will be much interest to people in every part of the country who have followed with no little interest the career of Mrs. Fairbanks in the movies where she has gained possibly one of the most enviable reputations of any single woman of her age. At the present, as for the past few months, she has been pretty much in line of public opinion, yet there has been little censure with the majority because of her popularity upon the screen. However, if the court should nullify the decree of divorce there will be more to talk about, and people will have an opportunity of expressing possibly more than they thought.

A DEMOCRATIC CONVENTION.

The way the Democratic convention in Raleigh fired off its big guns yesterday, is suggestive of more than ordinary activity throughout the entire convention. The big speakers of the occasion, at least some of them, have already made first impressions, so the remainder of the session certainly should be interesting. Woman suffrage, labor program, and other measures to make the platform truly progressive, are yet to be considered, but it is a safe bet to guess that not a plank will be omitted which will in any way keep the convention from measuring up to present national standards. North Carolina is the center of discussion among suffrage leaders of the country just now, for it is one of the remaining five states necessary in making the suffrage amendment a part of the national constitution, and naturally, its convention is being closely observed. Whichever way the tide may turn, whether for or against woman suffrage, the gathering of state democrats will mark an eventful era in political issues in the territory, and bind the party together more securely for taking part in momentous questions to arise in the future. The platform must be thoroughly constructive, based upon broad-vision, conscientious judgment and interest of state and nation, for only through this route will the goal of real democracy be reached and maintained steadfastly in the face of the most severe opposition. What democrats will do is not the question, but what democrats are going to do is the vital question before the state convention. And you can bet it will be observed too.

THE NEW PLEASURE RESORT.

The conversion of Forbes' mill pond and surrounding property into a pleasure resort for people of Pitt county, as announced through these columns yesterday, is possibly one of the most pleasing things that has transpired in the community in some little time, for people have long realized the necessity of some place for recreation during summer evenings, and will find in development of this pond a realization of their constant desire for a place of amusement. Forbes' mill pond, as we see it, is one of the most desirable locations available for a place of diversion and recreation, and with the proposed pavilion, several steel boats, plenty of fish, ideal bathing houses, we do not see why it should not appeal directly to those desiring freedom of country air, away from the din and bustle of city commerce, and why it should not prove a source of benefit to everyone in this section of the county.

Messrs. W. P. Clark, A. T. Tripp and Claude Tunstall are to be congratulated upon their efforts in providing such a splendid place for the summer months, and there is little reason to doubt but that the undertaking will be successful in every way and a pleasure to lovers of open air sports in this city.

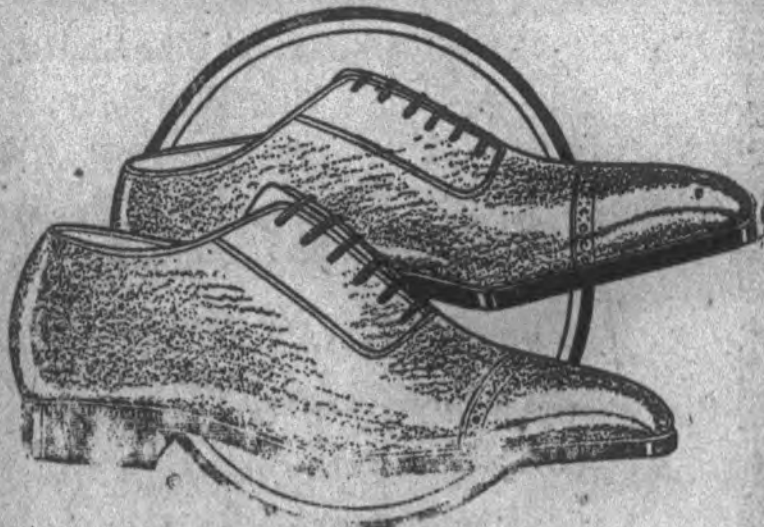

Germany claims that France has violated terms of the peace treaty by permitting her troops to occupy certain cities along the Rhine, and consequently has entered vigorous protest against such procedure. Ambassadors of both countries are silent, apparently unprepared to act immediately without first considering the extent of the violation, if there should be such in evidence, and it is believed some time will be required before the issue is finally settled. Practically all allied governments will become involved in the question of whether France was justified in sending troops to the Rhine, and the course of action to be pursued is awaited with expectancy in this nation as well as those directly concerned.

Attorney-General Palmer was prevented from speaking in Macon, Georgia, because of an acute attack of indigestion. Before he gets through with his candidacy for the presidency, however, he may be compelled to complain of a nervous breakdown.

It is apparent now that suffrage forces are turning their eyes anxiously towards Louisiana, where, if reports are true, the cause will receive pretty good representation. Whether the state ratifies the amendment or not, women are determined to vote and they are going to carry out that single determination or come to a direct split with that strong masculine opposition in certain legislative bodies.

Any Man Can Be A Capitalist

Some philosophers go to great lengths explaining why money is not the only thing to work for in life.

And their contention is a good one.

It is true that some wealthy men are miserable, but no man need be unhappy for having money. A man with money is an influence in his community. He can live well and die happy.

Poverty and misery go hand in hand. Choose your own fate—be a capitalist or a pauper.

REV. W. P. SHAMHART CONDUCTS EXERCISES AT E. C. T. T. S.

Rev. W. P. Shamhart, pastor of the Christian church, conducted the exercises at the assembly hour at the Training School yesterday morning. His talk was live and interesting, richly illustrated with effective stories. He showed a keen appreciation of the attitude of the students towards the things they are apt to hear so frequently that they become commonplace; and when he touched on an old truth he put it in a new way.

He gave, as one of the fundamental things for a teacher, the ability to think a thing through. Another is open-mindedness. The final essential he gave, and the one which crowns all others, is faith, faith in self, in others, and in the Infinite.

GERMAN PROTESTS RHINE OCCUPATION

Declares that French Troops Violate Peace Pact With Troops on Rhine.

DEFENDS SENDING TROOPS IN THE RHUR DISTRICTS

Strong Opposition Entered Against Soldiers Occupying Number Cities.

Berlin, April 7.—The German charge d'affaires in Paris was instructed today to hand to the French government a note protesting against the French occupation of Frankfurt and other territory on the right bank of the Rhine. The note, after referring to the contents of the French note of April 5, notifying Germany that the occupation had been ordered, asserts that the occupation of the towns mentioned in the French communication occurred before the note was presented to the German government:

"We must in the name of justice, reason and humanity," the German note continues, "make the sharpest protest against the action of the French army. It cannot possibly have been the intention of the treaty of Versailles to prevent Germany from restoring order as quickly as possible in the part of its territory most seriously disturbed by bands of robbers.

"The movement in the Ruhr region, if it had not been quickly opposed, would have shaken the republic to its foundations both politically and economically. The German government would have acted in excusable if it had waited longer in the optimistic hope that the insurgent movement in the Ruhr district would end without military intervention, and events so far have shown that it was right.

"Everywhere that the troops arrived the movement quickly collapsed, and the fears expressed by the allies that the very entry of the troops would make the disturbances worse and lead to the destruction of most important industrial works has up to the present not proved justified."

GENERAL DENIKINE ON ENGLISH BOAT

Former Commander Bolshevik Forces Seeks Safety on Board Warship.

HIGH FEELING PREVAILS IN RUSSIAN DISTRICTS

Escape to Warship Succeeded Killing of General of General Romanovsky.

Constantinople, April 7. — General Denikine, former commander of anti-bolshevik forces in Southern Russia, arrived here Monday night and is a fugitive on board a British warship. Immediately after he landed he went to the Russian embassy with General Romanovsky, his former chief of staff, and it was while he was there that the latter was assassinated. General Denikine is believed to be in danger, because of the high feeling that prevails among Russian officers here, and went on board the warship under a guard of British soldiers.

General Romanovsky's murderer has not been apprehended and there is little chance that he will be caught as attaches at the Russian embassy say, so far as they can determine, nobody saw the tragedy.

Generals Denikine and Romanovsky were talking with Prince Gergarin and several other Russians in the sitting room at the embassy and the latter left to arrange for a motor car to bring his luggage from the steamer. A few minutes later revolver shots were heard and General Romanovsky was found in a dying condition in the billiard room. He was unable to speak when his friends reached him, having been shot through the heart and windpipe. Madam Denikine, who also was at the embassy at the time of the tragedy, left soon afterward with her husband under British protection. The incident created a great sensation here.

"THE MASCOT" TO BE PRESENTED BY STUDENTS OF SENIOR CLASS

"The Mascot" is a comic opera composed by Audran. The words were originally in French, but some years ago were translated into excellent English, therefore it has been popular because it is one of the few good light operas in English. It has a great many tuneful choruses in it that have been very popular. There are three big chorus groups, Peasants, courtiers and soldiers and two others with small groups, pages and Italian dances. There are places in the opera, when all are blended together in full cast chorus.

MAKE SOUTHERN WOODS PROFITABLE.

A bulletin containing numerous illustrations has been prepared by forestry specialists of the U. S. Department of agriculture for the benefit of southern farmers interested in making their woodlands more profitable. It contains suggestions regarding the marketing of many kinds of logs, and attention to the importance of wise cutting. The need of protecting seedlings in woodlands is emphasized, and the wasteful stripping of land, such as has laid are so many slopes, is condemned. Photographs show the evil results that follow shortsighted practices.

This bulletin is entitled, "Making Woodlands Profitable in the Southern States," and can be had free of charge by addressing the U. S. Department of Agriculture, Washington, D. C.

SEVERAL HUNDRED RAILWAYMEN IDLE IN CHICAGO STRIKE

Unauthorized Strike of Railway Workmen Increases in Seriousness.

Chicago, April 7.—An unauthorized strike of railroad employes, which started a week ago in the Chicago switching district by the discharge of yard conductor, tonight had spread until it had affected twenty-five railroads, and in Chicago had thrown more than 50,000 men out of work, either directly or indirectly.

More than 10,000 union railway men in Chicago and several hundred at Buffalo and at Champaign, Ill., were on

strike. Many hundreds of men in Chicago packing houses were thrown out of work for lack of live-stock.

Two "outlaw organizations, banned by the established brotherhoods as "rump" unions, had sprung up to challenge the right of the labor heads to lead their men.

In the face of this opposition from within the brotherhoods of engineers, railway trainmen, firemen and engine-men and the Switchmen's Union of North America pledged their support to railroad officers in breaking the walk-out, and to that end union railroad men throughout the country have been urged to report to Chicago to serve as strike-breakers.

"Five dollars a day is the minimum which will support a man and his family," the strikers said in a statement. Demands made to General Managers' Association were:

Toronto, Ont. April 8.—The organized butchers of this city have submitted to their employers a demand that tea be served to them at 9 a. m. daily and that they be allowed 10 minutes of company time in which to drink it. They also ask for 10 minutes in the morning to do their butcher clothes and 10 more at night to dress for the street. These demands are made part of a proposed renewal of the working agreement drawn up by the Amalgamated Meat Cutters and Butchers Workmen. Other requests are for a 44 hour week and a wage increase averaging 50 per cent. Packing plant managers declare these terms cannot be granted.
