

MORRISON STATES RADICALS ARE NOT CAUSE OF STRIKES

Secretary of American Federation of Labor Challenges Palmer Statement.

SAYS REVOLUTIONISTS WERE NOT IN WALKOUT

Organization of New Labor Board Only Result of Activity in Capitol.

Washington, April 16. - Attorney General Palmer's conclusions that the "outlaw" railway strike was traceable to activities of radicals and revolutionists was sharply challenged tonight in a statement issued by Frank Morrison, secretary of the American Federation of Labor. An independent investigation of strike causes by the railway executives, the statement said, revealed "just a plain, ordinary strike for more pay."

"If there were enough revolutionary power in the United States to create such an outbreak as this," Mr. Morrison said, "the condition would be serious indeed. But there is no such power. The absolute failure of the Attorney General to grasp the true situation is amazing."

The department of Justice had no additional announcements to make tonight to support its conclusion. The only development of the day affecting the government's connection with the strike situation was to organization meeting of the Railway Labor Board which met with seven of its nine members present, elected officers and determined to take up, beginning tomorrow, the whole question of railway wages at the point where the bi-partisan discussion between men and employers dropped it some days ago, unable to reach a conclusion.

While tactics of the rail strikers were wrong and disavowed by organized labor, Mr. Morrison's statement said this should not prevent an "honest" understanding of the facts. His own viewpoint as to causes of the strike he added, was based on reports gathered by employers' representatives not in sympathy with the strikers.

"I point to these reports and the evidence they contain as an evidence of governmental stolidity in dealing with the situation," Mr. Morrison continued. "While the government, through the Attorney General is contemplating repression and punishment, treating the strike as a crime, the real employers know that the strike is an outbreak against economic conditions."

"After reading the digest of these reports, the conclusion is inevitable that whatever the merits of the strike, it is chiefly just a plain, ordinary strike for more pay."

New York and New England investigators reported they had found strike sentiment "strongest among the intelligent and conservative men," Mr. Morrison said. Many of the strikers have served for long periods on one railroad he added, and never before were known as agitators. Other observers found "no virus disloyalty or revolution in the ranks of the disaffected workers except the usual evidence of extremists who are 'riding' the strike as some times happens to be the case."

Mr. Morrison declared the railroad executives were "fully informed" as to the character of the strike and "they know that the outbreak is under no revolutionary direction."

SPLENDID SERVICE.

The people living on Dickinson avenue west of the Coast Line are singing praises to "Jones" and if you ask them which Jones they with one accord will say "Our Motorcycle Jones" for he is truly on his job. This section has been considered a free automobile race track all time, until the city has seen fit and proper to put Motorcycle Cop to stop such dangerous and reckless driving on this excellent thoroughfare. Jones is the 100 per cent man in the right place.

Greenville has as yet taken no more in this matter, but individuals are beginning to talk overalls.

BASE BALL LEAGUE ORGANIZED IN CITY FRIDAY AFTERNOON

Eastern Carolina League, Composed of Four Cities, Finally Completed.

LARGE DELEGATIONS OF FOUR CITIES PRESENT

Williamston Will be Given Admission if Another City is Secured.

Representatives from Tarboro, Pinebluffs and Washington met with representatives in this city in the chamber of commerce rooms yesterday afternoon and organized an Eastern Carolina Baseball Association. Tarboro was represented by Messrs. T. J. Farrar, R. G. Shackell, M. S. Brown, H. D. Hardison, and H. T. Bryan. Pinebluffs was represented by G. H. Webb, W. A. Gardner, A. M. Webb, W. E. Cobb and Harry Fagon. Washington's representatives were Jessie Harrington, E. Hartley, P. P. Maxwell, Frank Kugler, Sr., and Frank Kugler, Jr. Several other towns had expressed a desire to enter the league but did not send representatives.

The following officers were elected: W. H. Dail, Jr., of Greenville, president; H. T. Bryan, of Tarboro, vice-president; D. J. Whichard, Jr., of Greenville, secretary and treasurer. The presidents of each of the local clubs and the president of the association are to compose the board of directors. Mr. Dail being absent, the meeting was presided over by Mr. Frank Kugler, Jr. of Washington.

The by-laws and schedule of games were not decided upon, but it is thought that the players will be played in the field in June, the season to continue through September. Williamston is ready to enter the league but another town will have to be decided upon before it can become a member. The league as it now stands is composed of four towns, but with the admission of named later it will become a six of Williamston and another town to (Continued on page two.)

PRESBYTERIANS TO HEAR WALTHALL IN REVIVAL SERVICES

Noted Singer of Springfield to Conduct Song Service for Meeting.

Rev. D. K. Walthall, D. D., of Waynesboro, Va., will arrive on Tuesday next, to preach through the series of services to be held at the Presbyterian church. Dr. Walthall is a very successful pastor and a preacher whose messages are deeply spiritual and full of a practical exposition of the Book of Books. He is always in great demand in the Synod of Virginia, and the Presbyterians of Greenville feel highly pleased that they were able to secure his help for ten days. He will conduct a Bible study in the afternoons at 4:00 o'clock, and will preach every night at 8:00.

Clarence O. Pardo who will have charge of the music, is a tenor with a most delightful voice. He has been singing all this past year throughout the state, and wherever he has been, his singing has been beautiful and uplifting. During the war, he was in charge of the military musical program in one of the largest camps of the South, where he demonstrated that singing on the march, made the miles seem shorter and the burdens seem lighter. Miss Bertolett of the faculty of the East Carolina Training School will accompany him, and all who know how skillfully Miss Bertolett plays the pipe organ, will know what to expect from these two gifted musicians. Miss Bertolett and Mr. Pardo will be heard at both services on Sunday, and all during the week.

POLITICAL ISSUES RUNNING EPIDEMIC IN NATION CAPITOL

Political Picketing, Both Peaceful and Militant, Swaying Washington.

EVERY CAUSE GETTING SPECIAL CONSIDERATION

Question of Preserving Peace Demanding Attention of Police Officers.

Washington, April 17.—Political picketing, often of the peaceful sort, and more often with militant accompaniment, is running epidemic in Washington again and the thousands of tourists who make the national capital their Mecca all year round again see bands of women slowly parading about the streets bearing banners with a wide variety of inscriptions. Seemingly, every cause which wishes to impress its demands, arguments or protests on "the powers that be" ultimately adopts the picketing system which was first introduced in the capital by a branch of the woman suffragists about ten years ago. The latest to adopt the method are women espousing the cause of Irish freedom and there have directed their protests against the British embassy. Their campaign has caused somewhat of a flurry because it is not without its international aspects.

The British embassy, for instance, is foreign territory, whether the sidewalk in front of it is American territory or no one has essayed to decide. Moreover, there is a federal law which penalizes any person who "assaults" a diplomatic representative of a friendly power. Whether the picketing of the embassy is an annoyance to the British diplomats, and whether an annoyance is an assault within the technical meaning of the law is an additional question.

Then there is involved the question of preserving the public peace, for disturbance often grow out of the picketing. Often, some woman passerby, (Continued on page three.)

N. H. D. WILSON TO HOLD REVIVAL FOR LOCAL METHODISTS

Presiding Elder of This District Will Begin Simultaneous Meetings.

Rev. N. H. D. Wilson, who will preach at the Jarvis Memorial Methodist church during the simultaneous meetings, does not come as a stranger. He holds a high position in the work of the Methodist church in Eastern Carolina. Owing to his ability as a constructive leader he has been given many responsible positions.

He was rocked in a Methodist cradle by godly parents. He graduated at the State University at the head of this class of '86, and joined the North Carolina conference at Greenville in 1891.

He has rendered valuable service to his church and community by doing well the tasks given to him. Twice has he been appointed Presiding Elder, and in this position he renders valuable service to his church and the Kingdom.

Those who desire to hear sound Christian doctrine preached with force, and to learn the way of life may profitably hear this man of God at the Jarvis Memorial Methodist church. Hours of service: 9:30 A. M. excepting Monday and 7:45 P. M.

BELGIUM RAPIDLY RECOVERING FROM RECENT CONFLICTS

Country Making Rapid Progress Towards Industrial Peace and Prosperity

INDUSTRIAL OUTPUT INCREASING RAPIDLY

Villages Destroyed During the War Are Being Rebuilt in Many Sections.

Brussels, April 17.—Belgium has made rapid progress toward industrial recovery since the armistice largely owing to the fact that the country has had no serious strikes, says M. Jasper, Minister of Economic Affairs. He estimates that the nation's industrial output has now attained perhaps 70 per cent of its prewar record and that its mines are producing as much coal as in the year before the war.

About 70 per cent of our material which was taken out by the Germans has been returned to us," added H. Jasper. "The money taken by the Germans from the Belgium treasury has been returned but Belgium has thus far received no indemnity from Germany. At the beginning of the armistice 600,000 of our people were without work. Our recovery has been made in spite of the fact that more than one-half of the Belgians who had to flee before the Germans are still in France unable to return because they have no homes here."

Belgian villages destroyed in the war are being rebuilt, says M. Jasper. In the district of Ypres 18 villages have been restored to such an extent that local administration has been resumed. "If the United States would do for Belgium what she has just done for Poland, establish a credit for her, most of our problems would be solved," declared the minister of economics.

The weather just won't let the river get right for those who are waiting to go fishing.

BANK ORGANIZED IN GRIMESLAND LAST THURSDAY EVENING

New Institution Organized Following Meeting of Town Business Men.

Following an enthusiastic meeting of Grimesland business men conducted in the high school building in that place last Thursday night preliminary plans for the organization of a banking institution were formed with \$25,000 paid in capitol stock and authorized capital of \$50,000.

One hundred business men of Grimesland attended the meeting and no little interest was in evidence throughout the evening. The meeting was presided over by Mr. J. C. Galloway with Mr. J. H. Brooks acting as chairman. Stock was disposed of rapidly, and there is every indication that the organization, when finally completed, will be one of the best represented in this section. Further announcements will be made regarding arrangements within the next several days, or immediately following issuance of the charter, when it is expected plans will have taken more definite shape.

ONE CASE DISPOSED OF IN CIVIL COURT YESTERDAY EVENING

George Hicks Rendered Judgment Against Norfolk Southern Railway.

APRIL TERM CONCLUDES IN FINISHING DOCKET

Criminal Term of Superior Court to Open on Approach ing Monday.

The civil term of Pitt county superior court which has been in session in this city for the past week, was brought to final conclusion yesterday evening following disposition of several important actions which had been on the calendar for several weeks awaiting final decision. There were a number of unimportant matters taken up for consideration during the week's activities, and while the docket was not congested, there were, however, more than the ordinary run of cases which were rapidly disposed of immediately following preliminary plans during opening sessions.

There was only one case disposed of yesterday, but this was possibly one of the longest drawn out cases throughout the entire week and had some of the best legal talent of this section represented. The case was that of Geo. Hicks vs. Norfolk Southern railway, which was precipitated by injuries received by the plaintiff several weeks ago when an engine of the Norfolk Southern backed into his horse and buggy, throwing him to the ground and maiming the horse. Both sides showed that mistaken intention on the part of engineer and plaintiff were chiefly responsible for the collision, for both stopped and did everything possible to avoid the accident. The jury returned a verdict awarding Mr. Hicks \$250 damage.

The criminal term of superior court will convene here next week, and as there are a number of important actions on docket it is more than probable that the session will be of more (Continued on page three.)

TUTTLE WILL SING DURING REVIVAL AT CHRISTIAN CHURCH

Waynesboro Minister Will Take Charge of Services Here Tuesday Night.

Mr. Tuttle is a talented singer that has sung the gospel from ocean to ocean. He has been much in demand at Chautauquas and assemblies. Dr. Sherrhart, pastor of the Christian church, was very fortunate to reach Mr. Tuttle at the time he had a cancelled date and secure him for this meeting.

He is accompanied by Miss Mary Tuttle, his sister, who is an accomplished musician. For several years she taught voice in one of the leading colleges but for some months has been traveling with her brother as special soloist.

This is a rare opportunity for music lovers to hear these singing evangelists that are different from the ordinary

LARGEST DEED RECORDED IN PITT COUNTY

The largest deed ever filed in Pitt county was filed this week when a deed for \$400,000 was made by J. O. and W. E. Proctor to N. O. Warren, trustee. The Greenville-Pitt Land Company, Atlantic Coast Realty Company, S. T. Hooker et al., bought this property from Proctor Bros. paying \$400,000 cash for it, making it the largest real estate deal ever handled in Pitt county. The deed required \$400 worth of stamps.

The criminal term of superior court will begin Monday.

CARRANZA DESIRES TO BRING SOLDIERS THROUGH AMERICA

Sends Request to State Department Requesting Passage to Stop Rebellion.

DEPARTMENT NOT READY TO ACCEPT STATEMENT

Former Ambassador Draws Gloomy Picture of Prevailing Conditions.

Washington, April 16.—While the State Department was considering today a new phase of the Mexican problem, a request from the Carranza government that its troops be given passage across American territory to attack revolutionists in Sonora State, Henry Lane Wilson, former ambassador to Mexico, was drawing a gloomy picture of the situation beyond the border before a senate investigating committee.

Mr. Wilson asserted that "the unfortunate and mischievous policy of the present administration toward Mexico" was responsible for the conditions he described. That policy, he added, had "bound the United States to maintain Carranza in power and with him the legend that there is peace and order in Mexico."

The State Department did not make public the text of the Mexican request, nor was any official intimation given as to the nature of the reply to be made, or when it would be sent. The only comment made was that the government was "under pressure" from Mexico to comply. The request contemplated movement of Mexican federal forces by rail through El Paso to Douglas, Arizona, where they would re-cross the border to attack Hermosillo, capital of Sonora.

Mr. Wilson, who was appointed to the post in Mexico City by President Taft and continued there during the early months of President Wilson's first administration before his resignation was accepted, said both official and personal records he had kept justified his arraignment of the administration's Mexican policy.

"To date," he said, "it has cost the people of the United States upwards of a half billion dollars; it has led to the violent death of 300,000 Mexicans, and to the death by pestilence and famine of 500,000 more. It has caused, up to this week, the murder of 605 American citizens within Mexico; it has kept 80,000 of our troops on the bar."

William J. Bryan, as Secretary of State, "ran the state department like the back kitchen of a restaurant," Mr. Wilson said. Almost every diplomatic representative of the United States sent to Mexico since the fall of Diaz, and some officials at the department, he added, had been unable to tolerate the Mexican policy.

Much of the former ambassador's testation was devoted to the story of the Madero revolt against Diaz and the following revolt against Madero. The policy of the United States, I said, had first become "impossible" when it involved an interference in Mexico to overthrow Huerta.

JUVENILE COURT SENTENCES COLORED BOY TO COUNTY JAIL

Julius Bass, sixteen year old colored boy, was yesterday sentenced to a temporary term in the county jail by J. F. Harrington, judge of the juvenile court of this county, on a charge of store breaking. Bass had been up before juvenile court on two former charges, being placed on probation and good behavior, but this week he was caught at his old game and brought up again for trial. The jail sentence is merely temporary and will not continue longer than other arrangements can be made for the boy's future.

Heretofore Greenville has seldom had a carnival that was not attended by some disturbance, but with two carnivals this week everything has been orderly.

Tonight finishes the carnival here. Rain last night spoiled the weather.

SATURDAY, APRIL 17, 1920.

If railroad managers lose this year like the government lost last year probably some mighty good stock will be for sale at a bargain.

Persons desiring to bring high priced clothes down within reach should get behind the overall club movement in this section of the state and wear the garment until they see results.

Over seventeen thousand elevator employees of New York city are reported to be out on a strike, so what would be novel than to hear that wives of the same elevator employees should go up on the boys' board. Assuredly a change would be reported immediately, and there would be little reason for asking for intervention on the part of the senate.

Suffragist leaders are very confident now that Delaware is going to ratify the amendment to the national constitution, according to latest news reports received from that territory, and while very naturally no one doubts the statement, we were just wondering why so many of the principal leaders are looking anxiously in North Carolina's direction.

Rumors of a new attempt to overthrow the German government have resulted in unusual precaution on the part of government officials in protecting the interest of principal cities, and particularly in the cities where executives reside. Peace guards, so it is stated, have been placed around many public buildings, and every effort is being made to avoid a recurrence of recent disorders. It is no doubt more than advisable for the people to be prepared, and it is to be hoped the impending state of belligerency may be nipped in the bud before it goes any further.

APPEAL FOR SALVATION ARMY.

Earnest appeals for support of the Salvation Army and hearty commendation for the work it is doing along the home sector are found in letters written to Miss Evangeline C. Booth, commander of the Salvation Army forces in the United States, by Josephus Daniels, secretary of the navy, and Wm. C. Sproul, governor of Pennsylvania. Secretary Daniels says:

"The Salvation Army is dear to the heart of every American who has heard the tales of their sacrifices for the fighting men on land and sea. The long years of service in their battle with evil gave to the Salvation Army a quiet steadfastness of soul; a happy courage which smiled serenely in the face of death and cheerily met every hardship with a song. They are still singing their brave songs as they wage their never ceasing war. Peace has come, the fighting men have laid aside their swords, the soldiers of the Salvation Army never rest, but battle on. Their cause is the cause of every true American—their forgetfulness of self in service is for us to emulate—their cause is for us to support."

Governor Sproul says in part: "I like the Salvation Army because of its quality rather than its quantity. It is an organization which has been working quietly at the root of trouble. It is an army which never has sounded a retreat, which has known no armistice, and which has been prepared to face every hardship known to man, be it spiritual or material."

"Let me take this opportunity, my dear commander, to express to the Salvation Army, through you, the hope that it may continue to maintain its wonderful standards and ideals. America today needs the Salvation Army to help in the greatest problems of all history. I know the people of this state always will respond generously to any appeal for assistance whereby the Salvation Army may continue and enlarge the scope of its great work for mankind."

South Dakota newspapermen are desirous that Attorney General Palmer probe the paper shortage in this country, supposing, probably that he will do better than any other individual realizing the true seriousness of the situation. The state has certainly taken a progressive step and if it should receive the support of adjoining territories an improvement in the present deplorable newspaper situation might be in evidence within the next several months at least North Carolina is probably as seriously affected as any other state in the union, for right at this time there are many daily papers with hardly enough paper on hand for the next day's edition, with no prospects whatever of securing more than a limited supply in the next several months. An investigation would receive the approval of virtually every newspaperman in this section, for if there is the slightest chance of bettering conditions this state would like to do everything possible to assist.

Persons in this city, interested in reducing the high cost of living should do everything possible towards advocating an overall club, for if there is one thing that will have a tendency of

giving high prices an effective blow we believe it will be such an organization. Greenville, we are sure, should keep pace with other cities throughout the state realizing the necessity for such a club, and it is to be hoped the progressives, or at least, men interested in the welfare of humanity, will make every effort to make overalls of more than general interest for the next several months.

It now seems that railway managers are determined to end the present strike in northern and western districts for they have given the workmen from now until Saturday to go back to work, and probably will, after that time, accept a number of volunteers who have offered their service to relieve the situation. Something certainly must be done, and it is now up to the brotherhoods to decide whether they will do as managers say, or as they desire.

These fellows who have been advocating a ball club for Greenville can now back up their arguments with cash donations. The club will require adequate finances in its early stages and this certainly must come from people interested in the movement. If you desire good ball for the hot summer months why not donate right away. The sooner the better.

The rebelling republic of Sonora has taken the offensive in its attack on the Mexican government, but up to this time efforts have proven quite feeble and ineffectual. It is generally supposed, however, that something will be accomplished within a short time and that leaders will either be appeared or fully satisfied that their efforts are hopeless.

The department of justice is continuing its drive against strike agitators in the strike zone, so what is more natural than to hear that some of the unruly boys have at last decided to return to work. A decision certainly must be reached in the near future, that is unless the situation changes materially from what it now is.

PRESIDENT ISSUES CALL FOR SESSION OF RAILWAY BODY

**Board Has Been Confirmed and
Will Meet Today at Presi-
dent's Request.**

**EFFECTIVE AGENCY TO
END RAILWAY STRIKES**

**Department of Justice Still Con-
tinuing Drive Against
Agitators.**

Washington, April 16.—Nomination of members of the Railway Labor Board were confirmed today by the Senate and the board was called tonight by President Wilson to meet tomorrow and organize. Some of the members are already in the city and provision has been made for their assembly at headquarters of the railway administration.

The President's call was issued as soon as word of the Senate's action reached him. Administration officials have felt that the board would prove an effective agency toward ending the "outlaw" strike of railway men.

The Senate apparently shared this view. While sharp criticism of some of the nominations is known to have been expressed again today, final action was taken in an unusually brief time, considering the importance of this new government agency and of the immediate task that faces it.

Attorney General Palmer said today he believed that the chaotic condition created by the walkout was improving, but he declared that the Department of Justice was no relaxing its efforts in any direction. United States district attorneys in every strike area have made local arrests of agitators and strikers, but these, it was said, were cases where specific law violations have occurred.

Mr. Palmer declared such matters were not for "headquarters consideration," reiterating that the government expected the district attorneys to act on their own initiative with respect to prosecution of violators of law.

Department officials have practically decided to canvass the lists of all strikers, and are expected to ask officials of

all railroad lines affected by the strike to furnish the same information as was requested of the Pennsylvania and New York Central lines Tuesday. Assistant Attorney General Garvan said he expected these lists of names to divulge the identity of the "borers from within," in the recognized labor organizations.

The department has card indexed the records of more than 60,000 radicals, and the names of strike leaders and agitators will be traced through these records in an effort to establish connection with previous activities.

Mr. Garvan said a staff of clerks already had begun the work of eliminating the "mislead from the agitators" through the process of comparison of records. This work will go on, even though the strike collapses completely, he said.

CHICAGO ATTEMPTS TO END EXTORTION IN BIG HOUSE RENT

Several Hundred People Living
in House Boats Instead
Paying Prices.

Chicago, April 16.—This city is attempting to prevent rent profiteering by regulating increased in rates and by organizing a \$100,000,000 corporation to build homes and sell them on easy payments. Meanwhile Chicago's flat dwellers have been forming unions to wage war on alleged profiteering landlords and committees in the city council have been investigating increases in rents ranging up to 100 and even 200 percent.

Several hundred families have solved their individual housing problems by making their homes in house boats moored in the branches of the Chicago river, the Calumet and lakes in south Chicago. Once in possession of a house boat, the owner only has to pay \$1 a month for the privilege of mooring his craft. If he does not like his location he can move his home boat elsewhere. Many of these boats cost \$1,000 each and have five rooms, parlor, dining room, kitchen and two bedrooms.

In some cases groups of tenants have solved the rent problem by forming co-operative companies and buying the apartment houses in which they live.

The housing corporation, which has been financed by banks and business men, has under consideration a plan to build a row of model homes in Grant Park, on the lake front. Examples of many types of standardized homes would be erected, furnished and surrounded by settings of trees and shrubbery so that a prospective purchaser of a new home could look over the styles before placing his order.

Attempts have been made to check rent profiteering by co-operation of the city council and the Cook County Real Estate board which investigated complaints and, when increases were found to be excessive, advised the landlord to withdraw his demands. In general the investigators have allowed an increase of about 30 per cent. over last year's rentals.

Mitchell Says Gambling Must
be Stopped if Sport Re-
mains Pure.

Chicago, April 16.—Gambling on baseball games will be curtailed this season, according to officials of the Chicago National league baseball club, who have started a movement against the practice. It is claimed that numerous bets are made on the strength of who the opposing pitchers are to be. This year, Manager Fred Mitchell, declared he will not announce his pitcher until the time his batting order is handed to the umpire, just before the game.

Manager Mitchell, whose home is in Boston, declared he knows of numerous instances in which the wagers were placed after the pitchers had been selected. He said he also knows of a certain hotel waiter who was paid \$5 a day by a gambler, for obtaining from the visiting manager the name of the pitcher who was to perform for the visiting club that day.

"Most of the betting is done in the pool rooms downtown," said Mr. Mitchell, "and I believe if the proprietors of these places do not know who is going to pitch they will not be so keen to accept wagers. By withholding the name of the pitcher, I believe much of the gambling will stop."

"If we desire to keep the sport pure, gambling must be eradicated. The Chicago club is to do all it possibly can to stop it. President William Veeck always has taken steps to keep it out of the ball park in Chicago, and I am going to attempt to keep the men in the pool rooms from betting out the pitcher a tthe last moment."

"Gambling is not to creep into the game and ruin it for the future fans and players if I can help it," Mitchell continued, "and if there is the least suspicion of it on my team an investigation will be made and the man or men who are apprehended will not stay a minutes."

Any Man Can Be A Capitalist

Some philosophers go to great lengths explaining why money is not the only thing to work for in life.

And their contention is a good one.

It is true that some wealthy men are miserable, but no man need be unhappy for having money. A man with money is an influence in his community. He can live well and die happy.

Poverty and misery go hand in hand. Choose your own fate—be a capitalist or a pauper.

Let Me Take The Risk

There isn't a week goes by in this town that some car owner doesn't have his car or his tires stolen, his car burned up, smashed-up or a collision, or cause an accident to some pedestrian or fellow driver. If insured I settle all damages without trouble or expense to the owner. If not insured you dig deep down into your bank roll to pay the claim.

Why take such chances when a few dollars will shift the burden and the expense over to me? You may be out of luck tomorrow. Today is the time to shelter yourself with Auto Fire Insurance, Auto Theft Insurance, Collision, Property Damage or Liability Insurance. I write it all.

MR. AND MRS. T. J. MOORE ENTERTAIN.

Last evening at the home of Mr. and Mrs. E. B. Ficklen, on Fifth street, Mr. and Mrs. Thomas Jefferson Moore delightfully entertained at a beautiful reception complimentary to Mr. and Mrs. Andrew Jackson Moore, who have just returned from their bridal tour. The house was a scene of loveliness with its decoration of spring flowers, maline streamers and burning tapers. The guests upon arrival were welcomed by Mr. and Mrs. N. W. Outlaw and shown to the foot of the stairs where they were received and ushered to the cloak room by Mesdames L. C. Arthur and B. W. Moseley. From the cloak room the guests passed into the parlor where they were welcomed by Mr. and Mrs. E. V. Carter and Mr. Edward Batchelor. This room was decorated with yellow jessamines and crepe paper festooned around the chandelier. The punch bowl was arranged on a beautifully decorated table in the bay window and delicious fruit punch was served by Mr. and Mrs. N. O. Warren, Mr. and Mrs. E. B. Ferguson and Mrs. R. J. Cobb.

From the parlor the guests passed to the front hall where they were received by Mr. and Mrs. H. L. Hodges, Mr. and Mrs. W. L. Best, Miss Claudia Lewis, Messrs. David Moore and B. S. Warren.

The hall was a tower of loveliness with its decorations of spring flowers. They passed from the hall to the living room where they were introduced to the receiving line, in which were Mr. and Mrs. Thomas Jefferson Moore, Mr. and Mrs. Andrew J. Moore, Mrs. E. B. Ficklen, Mr. J. B. James, Mrs. Robert Brown, of Greenville, Tenn., Mr. L. H. Pender, Miss Estelle Green, Alice Howson, Jamie Bryan and Messrs. Herbert Waldrop and Thurman Moore.

From the receiving line the guests passed into the dining room where they were received by Mr. and Mrs. A. M. Moseley, Mr. and Mrs. E. E. Eutsler. The decorations in this room were perhaps the most beautiful of the entire house. Pink maline streamers were gracefully suspended from chandelier to an immense bowl of snap dragons in the center of the table. On either side of the table stood a lovely red rose. A little part from the flowers burned two green tapers. At the head and foot of the table stood Mr. and Mrs. Albion Dunn and Mr. and Mrs. James Hines, who served bon bons, cakes and ices designed in colors of pink and green, assisted by Misses Linda Warren, Ada James, Marguerite Manning and Nancy Arthur. The

room also was decorated with Killarney roses.

The guests passed from the dining room to the rear hall where they were received and shown out by Mrs. Nannie Jeter, Mrs. H. S. Ragsdale and Mrs. Jack Kilgore. The local orchestra furnished music during the evening.

TONIGHT CLOSERS LORMAN-ROBINSON CARNIVAL

To night is the last night of the Lorman-Robinson famous shows at the American Legion carnival and with good weather all indications point to big crowds.

Many of the shows announce that there will be a change of program and different songs, dances and monologs will be presented at the Cotton Blossom Minstrel show which has been drawing big audiences all the week and which many declare is the best show of its kind ever seen hereabouts.

Prof. Percy Abbott, manager of the illusion show has made many friends here and his remarkable feats of legerdemain and sleight-of-hand have created a deal of comment. Prof. Abbott is not alone a magician but also a hypnotist and a producer of some unique illusions. He has travelled all over the civilized world and is now preparing for a trip to China and the Far East which will start at the close of the present season when his contract with the Lorman-Robinson famous shows terminates.

Chas. R. Stratton, manager of the shows pronounced his entire satisfaction with shows engagement in Greenville and he said that, if the weather had been more favorable that the shows would have had a really profitable engagement here. Mr. Stratton, is a show man of long experience and he has many old friends here in Greenville. His earlier life was spent with the circus and he has oftentimes exhibited through both the Carolina's with such well known organizations as the Barnum and Bailey, Buffalo Bill, Ringling Bros., Howes Great London and other like organizations.

The Lorman-Robinson shows will leave Greenville early Sunday morning for Plymouth, N. C. where they are billed to appear next week.
