

OFFICIALS REVEAL RADICAL PLOTS TO KILL MANY PEOPLE

Assassination of Officials Planned as Part of May Day Demonstrations. EUROPEAN REDS AIDING IN CARRYING OUT PLANS Attorney General Palmer Says Plots Were Carefully Laid for Agents.

Washington, April 29.—Plots against the lives of more than a score of Federal and State officials have been discovered by the Department of Justice as part of radical May Day demonstrations, Attorney General Palmer announced tonight. The assassinations and assaults, Mr. Palmer said, were included in the May Day program organized by the Communist Labor party and other radical elements and were in addition to strikes and other disturbances intended by the radicals as an effort in behalf of peace with Soviet Russia. State officials marked as "victims" have been notified by the department, the Attorney General added, of the information in the hands of the Federal government and their co-operation requested repressing radical demonstrations. The department has information, according to the Attorney General, that the instigators of the May Day demonstrations here have been working "in direct connection and union" with the leaders of disturbances set for Europe. As in Europe attempts are being made to incite strikes in all basic American industries, Mr. Palmer said, although he did not believe they would be successful. "I am not going to prophesy what will happen," Mr. Palmer said. "I am just making public some of the things our agents have discovered. But if a will to upset our nation's whole scheme of living counts for anything, the radicals may cause some trouble."

Mr. Palmer said that while he could not disclose the nature of the Communist Labor party's plans in connection with further strikes, leaders of that organization have concentrated on several important industries and that the demonstrations planned threatened to cause trouble in the way of walk-outs.

All of the propaganda, advocating May Day disturbances referred to "inhuman treatment" of the Soviet government of Russia by the United States and the allied powers, Mr. Palmer continued. In foreign sections of industrial centers, appeals for "peace with Russia" have been employed as the main method in stirring up dissatisfaction with this government, Mr. Palmer said. Strikes and disorder, he added, simply are meant to emphasize to American officials the threats of the radicals that relations must be resumed with Russia. Tons of inflammatory literature have been circulated in the last month by express and freight and secretly distributed by local leaders, according to information obtained by department agents. The Communist Labor group also has sent numerous "personal emissaries" into cities where the field was deemed ripe, Mr. Palmer reported. These men have been under constant surveillance by Federal agents and it was through their activities that the government was first able to establish definitely the aims of the group for May Day disturbances.

DEPARTMENT OF JUSTICE WARNS OFFICIALS OF DANGER

Washington, April 30.—Warning that they had been selected by radical elements for assault or assassination as part of the May Day demonstration has been received from the department of justice agents by more than a score of federal and state officials.

Judging from the weather, April has handed out, it will not be wise to lock up the coal bin nor take 'em off until after the cold spell in May.

LARGE DELEGATION OF METHODISTS TO BE AT CONFERENCE

General Conference at Des Moines to be Largest Delegated Body in World. SESSION TO CONTINUE THROUGHOUT MONTH OF MAY Inter-Church World Movement to be Discussed During Conference.

Des Moines, April 30.—The General conference of the Methodist Episcopal church which meets in Des Moines, May 1st, is one of the largest delegated bodies in the world. Over 850 delegates have been elected for the 107 annual conferences in the United States and the twenty-seven conferences in foreign lands. The general conference meets every four years and the session will last probably throughout the entire month of May. It is the legislative body for the whole Methodist Episcopal church composed of 4,175,502 members and over 20,000 preachers. The sessions be held at the Coliseum.

This session of the general conference is not only the largest ever held but unusual also in the number of important issues which will be decided. The most important matter that will come up is the question of the union of the North and South branches of Methodism. A joint commission of fifty representing the Methodist Episcopal church and the Methodist Episcopal church, South, has been at work during the last four years. A plan of union has been agreed upon which will be submitted to the general conference at Des Moines. Very great interest centers in the action of the conference on this plan. The Methodist Episcopal church divided into

LIVES SIX DAYS IN SEALED GLASS BOX IN TESTING OXYGEN

College Professor Makes Test to Find How Much Oxygen is in Blood.

Cambridge, Eng. April 30.—Joseph Barcroft, a reader of physiology at Kings college here, has lived for six days in a hermetically sealed glass box. The experiment arose out of a 30 year old controversy as to whether it is possible to calculate the amount of oxygen in the blood from a knowledge of the amount of oxygen in the breath. The test was also made to demonstrate whether it was necessary that airmen should have oxygen apparatus when flying at a great height. It proved that oxygen was necessary to flying men but it did not prove to what height they could fly with safety.

While in the box Barcroft kept a record of his sensations and made scientific observations. He said he suffered from sleeplessness, but otherwise did not experience much inconvenience except on the last day when the atmosphere became extremely rarified. He then had headaches and nausea. He was watched continually while in the box. He took food and slept in to small compartments fitted up which wicker chairs, a table, a small bed and bicycle on which he exercised every morning.

FAVORS SEASONAL COAL RATE BILL IN AMERICAN CENTER

Interstate Commerce Commission Approves Establishment of Issue. REDUCED SUMMER RATES MEET GENERAL APPROVAL Alleged Difficulties of Storing Bituminous Coal Are Exaggerated.

Washington, April 29.—The Interstate Commerce Commission favors unanimously the bill of Senator Frelinghuysen, republican, New Jersey, to establish seasonal coal rates, Commissioner Clark today told the senate sub-committee investigating coal conditions. The principle of reduced rates in the summer to stimulate production and shipment of coal in the lean season is sound, Commissioner Clark declared. The entire commission, he said, believe the plan should be tried out.

Because the great lakes are closed to transportation in winter, Mr. Clark said, there is some basis for lake carriers' opposition to the Frelinghuysen bill. The lake shippers, he said, would not be able to participate in the higher rates proposed for the winter season. Illinois bituminous coal, therefore, he stated, would have a summer advantage over Pennsylvania and West Virginia in competition in the northwest states.

Alleged difficulties of storing bituminous coal, Mr. Clark said, are "very greatly exaggerated." He declared the bituminous coal industry is overdeveloped and that if sufficient transportation were available there would be an oversupply.

"But any plan that will equalize the supply and demand in the public interest," he said.

STATE GOVERNORS ENDORSE ACTIVITY OF ARMY WORKERS

Salvation Army Endeavors Highly Commended in Various Districts.

Atlanta, Ga., April 30.—Among the great number of federal, state and municipal officials who have endorsed the work of the Salvation Army and its campaign for funds set for May 10 to 20 are the governors of several states representing every section of the country.

The latest endorsement from a chief executive of a state to reach the southern headquarters of the Salvation Army in Atlanta is from Governor R. A. Cooper of South Carolina.

After highly commending the Salvation Army's labors in behalf of suffering humanity Governor Cooper expresses the belief that the high esteem in which the organization is held by the public generally is due to the simple, direct and practical manner in which the Salvation Army has always set about to aid humanity.

In this connection Governor Cooper says:

"It gives me pleasure to speak a word of approval of the work done by the Salvation Army, and of the work it proposes to do. Your organization is held in great respect by those who know of its aims and of its accomplishments. It has a wide field for Christian service; and that field, to a considerable extent, is one which other Christian organizations have not explored so thoroughly as you have. I think the simple, direct and practical manner in which the Salvation Army always has set about to aid humanity is the explanation of the high esteem in which the organization now enjoys."

WOMAN KIDNAPED AND BANNED BY DETROIT POLICE

Edna House, Captured After Exposed as a Pro-Hungarian Agent. FUGITIVE SOLDIER HELPED IN WORK Related to Connected With Holdings in Siberia.

Detroit, Mich.—Wearing a natty gray suit with a trig hat to match, green crepe de chine waist and white slippers, Edna House, 35 years old, confessed kidnap artist, arrived at police headquarters from Kansas City, Mo., in the custody of a police matron and Detective Paul H. Wencil. Miss House, who is a trained nurse, is charged with robbing a man.

Nothing was purchased with the \$300 taken March 23 from Nathan H. Anderson, 251 LaBelle avenue, Highland Park, collector for the Atlantic & Pacific Tea Co. Following the prearranged plan, Anderson was engaged in conversation by Miss House who left a store at 76 Dix avenue, the girl telling him she wished a position with the company.

A man, who, the girl says, was Phillip H. Carter, fugitive soldier, then drove up in a taxi, forced Anderson with a revolver to enter the car, and the bandit pair took him to a room at 1242 Brooklyn avenue, where he was robbed and locked in.

Miss House, who wears her brown hair bobbed, smiled and flushed when asked about the robbery.

"Oh, yes. We had planned the hold-up for a couple of weeks, but the man always had someone with him who spoiled our plans," she told Detective Wencil.

FIFTY MARKETS TO OPEN IN TOKIO FOR ADJUSTING PRICES

Additional Stores Plan Opening to Bring Down High Cost of Living.

Tokio, April 30.—Fifty more public markets to sell food and other necessities will be established here and in the suburbs by the Tokio prefecture, 50 similar markets opened last year to adjust the price of commodities having shown satisfactory results.

A general slump in prices of stocks occurred today on the Tokio exchange. The drop was most noticeable in the cotton spinning companies. Prices of rice and silk also declined, due, it is believed, to the tightness of the money market. For the past week prices of various rice have had an average decline of six percent.

BIG LOG COSTS SAW MILL \$250

Vancouver, B. C. April 30.—A great log, that appeared sound and clean, cost a mainland saw mill \$250 this week. When the big circular saw bit into the timber it flew to pieces, and investigation showed a 25 pound shell imbedded in the center. The tree had been brought from a point up the coast and had probably been used years ago as a target for guns of British naval ships cruising on the Gulf of Georgia. The shell is of the tupe used by the navy about twenty five years ago.

HUNGARIANS ENTER DIRECT PROTEST IN ODENBURG DIVISION

Accession of Pro-Hungarian City to Austria Brings Out Criticisms. AUSTRIAN COMMISSIONS HOOTED BY BIG CROWDS Budapest Government Present Proposals for Restoration of the City.

Odenburg, German West Hungary, April 30.—Red, white and green posters with legends of protest against the separation of this pro-Hungarian city from Hungary, and its accession by Austria as soon as the peace is ratified, appear in nearly every house and shop windows.

Two Austrian commissioners, sent here to make preliminary arrangements for taking over the administration of the town, upon arrival were hooted and jeered by a great crowd, vegetables were thrown at their carriages and black flags hung from most of the public and other buildings. They seem powerless, it is said, and are now virtually voluntarily interned in their offices here.

This little city, which the Hungarians call Sopron, is the metropolis of that stripe of territory which the peace conference took from Hungary and gave to Austria on economic, ethnological and strategic grounds.

Its loss has caused the Budapest government to make various proposals to Austria in an effort to retain it, all of which have been refused. Meanwhile the men here very generally wear the Hungarian colors in their coat lapels and the woman on their hats or as hair ribbons. The Austrian charge that the demonstration against their mission was a governmentally instigated plot.

BAPTIST SERVICES ARE TO END WITH TONIGHT'S SERMON

Revival Series at Memorial Church Will Conclude After Good Work.

Dr. John Jeter Hurt, who is conducting the series of services in the Memorial Baptist church preached a powerful sermon last evening on the subject, "The land of beginning again." His sermon was perhaps one of the best which he has preached. Over the top of the gate which leads to the land of beginning again is written repentance. Unless we repent we can not enter. God stands on the outside and says to every sinner to repent, "Repent, which make the pavement that leads into this land is written repentance. Push on, don't give up, and we will some day enter this wonderful place of peace the land of beginning again. Every man can begin again, and God will give them strength to endure unto the end. Mr. Taylor sang a beautiful solo. Two new members were received into the church. Tonight at 8 o'clock Dr. Hurt will preach his farewell sermon. The public is cordially invited to attend. Prior to the service at 7:30 o'clock Miss Tanner will give a short talk to the young people and all who wish to attend on the subject "Why our church should have a B. Y. P. U."

REPUBLICAN PARTY OF HOUSE BREAKS OVER SALE TAXES

Two Congressmen Split Meeting of Republican Members of Committee. JOIN WITH INSURGENTS IN EFFORT FOR DEFEAT Leaders Decide to Make Sales Tax Effective Probably in January.

Washington, D. C., April 29.—Opposition among House Republicans to a sales tax for raising part of the \$1,500,000,000 needed for soldier relief led today to an open break at the final meeting of the Republican members of the Ways and Means Committee called to complete the draft of the measure.

Representatives Young, North Dakota, and Frear, Wisconsin, bolted and joined in conferences with Republican insurgents to lay plans for the opposition fight at their apy caucus tomorrow night. Their withdrawal from the ways and means committee conference left the Republicans with a majority of only one in the full committee, if one bolting members vote with the Democrats.

Republican committeemen finally completed the committee draft of the relief bill today making few changes in the general scheme. In adopting the sales tax of one per cent on gross monthly business, the Republicans decided this levy would not apply unless the aggregate sales exceed \$1,000 instead of the previously adopted limit of \$500. Other forms of taxation approved by the Republicans include a tax on all stock exchange transactions and increased taxes on incomes, tobacco and real estate.

It was decided today, would be effective next January 1, with the cash bond payments to be made in installments, beginning April 1, 1921. For the other forms of relief, including land settlements home purchases, vocational training and paid up insurance, the Republican committeemen decided of appropriate \$25,000,000 to be available for carrying out these plans when the bill is approved by the President. The sales tax, the Republican committeemen also decided should apply to hotels and restaurants, but by increasing the exemption limit to \$1,000 a month, they pointed out, that only the big caterers would be subject to this levy.

Completing the draft of their bill, the Republicans decided to call a meeting of the full committee tomorrow to discuss the provisions. A final favorable report on the measure will not be formally sought until Saturday, but the Democrats and bolting Republicans declare they will oppose the sales tax provision.

The conference of insurgent Republicans late today, attended by a score of members from half as many states, voted to place on record all Republicans objecting to the sales tax but favoring the relief bill. To this end they began the circulation of petitions declaring their attitude and claimed that fifty signatures had been obtained. By this plan, which they described as "friendly" they seek to convince party leaders of the impossibility of enacting the bill as drafted by the Republican committeemen.

**SAYS SALVATION ARMY
DESERVES GREAT CREDIT**

Atlanta, Ga., April 28.—Feeling that the Salvation Army, both because of its record in the great war and its long period of service and usefulness in times of peace, is deserving of all credit possible to bestow it, Max Meyerhardt, city attorney of Rome, Ga., and past grand master of George Masons, has issued a statement indorsing the work of the organization and its campaign for funds in its second home service May 10 to 20.

Mr. Meyerhardt says he has learned from his son of the great service rendered the doughboys by the Salvation Army workers in France and that he splendid men and women who are serving humanity in the ranks of the Salvation Army.

Mr. Meyerhardt's statement follows:

"It gives me great pleasure to bear testimony to the splendid work accomplished by the Salvation Army.

"As city attorney of Rome during the last several years I have been brought in close contact with Salvation Army workers and with the good they have done among the poor and suffering.

"From my son, who served with the American army of occupation in Germany, I have heard the most glowing accounts of the work done by the Salvation Army during the great war. Every service man who went overseas with our army speaks in terms of highest praise of those who represented the Salvation Army abroad.

"Hence, I bear this testimony cheerfully to the splendid men and women who are serving humanity in the ranks of the Salvation Army."

Raleigh, April 29.—At a recent session of a committee of the Fire Marshal's Association of America, a special committee on loss of lives in the United States by fire during 1919, was appointed. Insurance Commissioner Young has just received notice from National Secretary O. H. Harris, of his being named as chairman of this special committee, other members being Homer Rutledge, assistant marshal of Michigan, and W. E. Mallen, general manager of the national board of fire underwriters. This special committee is the result of a conference in New York of standing committees of the National Board of Underwriters and the fire marshals' association of America. It was recognized at that co-operative session that present data of loss of lives by fire and burns was far from being complete, and it was determined to secure and tabulate as complete a record as possible for last year, thus establishing a system of reporting of such casualties as would make practical the gathering of accurate statistics in the future. FRIDAY, APRIL 30, 1920.

General Wood continues to gain over opponents in New Jersey, so it is natural to expect that he will be presidential preference after all.

That man of Tennessee who claims that twelve hens laid 20 eggs in one day probably wasn't dreaming, but he experienced double duty from his hens which thousands of other people would be glad to claim as a daily occurrence.

Boost the Greenville baseball club by donating a nice little sum of money to make its success a surety. There's nothing like money when the boys get in a tight place, and nothing like the encouragement generally engendered by good financial standing.

The government crop reporting service forecasts shortage of the winter wheat and rye crops, and of course it will be expected that people are going to decrease the usual amount of each crop until the shortage can be overcome. This will be the only way to get out of the trouble until the next crop, and then it is to be hoped the situation will be materially changed.

Now that it is assured Greenville will have the pleasure of witnessing league ball this season people are desirous for training to begin so that monotony of the present period may be set aside by anticipation of snappy playing and great competition. There's nothing like baseball to drive away the blues, and if the Reds don't get us before the season opens, the blues will be easily dispelled.

The government apparently has stopped the circulation of certain kinds of Bolshevik propaganda, particularly that kind which causes the ordinary person to view it with terror, hoping against hope that it will not encourage the Reds more than usual. But still surreptitious movements are eternally in progress, and just as long as such persons remain in this county it is only a matter of course to expect disorder and trouble.

The mention of Woodrow Wilson invariably brings a storm of applause in any section of the country, with exception of Republican territories, and even in these some of the old timers appreciate the great work of the nation's executive and are not slow in expressing it when given an opportunity. Daniels brought practically every educator to his feet at the inaugural exercises of President Chase at the University this week when declaring Mr. Wilson to be the greatest man of today, and if such distinguished men as those listening to his commendatory remarks appreciate the president's splendid endeavors in the interest of this country it is safe to say a majority of common people admire him in their own way too. The chief executive is a man of broad intellect and great vision and American people are only doing the appropriate thing when honoring him as they have done within the past several years.

THE PARTY'S MISSION.

If ever the Democratic party of the country had its future work more definitely outlined it is now, for unlike past years, the nation is recovering from the effects of the past great conflict with Germany and subsequent disorders, and the momentous problem of the day is to provide constructive programs whereby people may be led back to the state of peace and tranquillity preceding the war. The party today has its troubles, its obstacles to overcome, but these are comparatively of little consideration when contrasted with the great opposition offered by opposing parties which have been fighting the administration unreservedly since the ending of the war, and which probably will present greater difficulties as the campaign for supremacy of political power draws nearer.

The fight to establish peace, to promote happiness and democracy in every region is going to be a strenuous one on every hand, for it is plain that members of the Republican party are going to contest every program with persistence and energy, and whatever the party accomplishes it will be done under severe pressure and conditions that are without parallel in the history of the nation. The Republican party is endeavoring to firmly establish its principles in every locality where there appears to be the slightest opportunity, and the fact that this is being done by fair means or foul suggests the possibility of Democratic purposes and ambitions being interrupted in many regions, although it is safe to say the majority of people by now are ready to accept the progressive spirit and high ideals of its supporters without questioning the advisability of their action.

America must go forward under all conditions. Its politics must be far more constructive than under ordinary circumstances, and regardless of pronounced efforts of leading Republicans to lower the standards of the Democratic party, democracy will come nearer toward fulfilling demands of the year than any other single thing that could be suggested. High principles, clean-cut, conscientious business policies of the party are accomplishing their end in every locality and what dissension producers may bring against its progressive ideas for the present period of reconstruction it is easy to surmise that the intelligent class of American people are inspired with the feeling that they are receiving; and will continue to receive the best the nation has to offer long as democracy reigns supreme.

American Democrats will measure up to public estimation at the convention to occur in San Francisco because they will appoint clean, intelligent men to direct the destinies of the party and also provide constructive administrative programs that will not only defy public criticism, but have a tendency of more directly convincing people of the sincerity of its missions. Political issues at their best are not playing to be toyed with by the indifferent and careless politician, and whatever is to be done, everything must be eliminated that might infuse greater discontent into the issues now floating around upon turbulent waves of public sentiment. Issues of the day rest upon the shoulders of the Democratic party, and regardless of opposition and factionalism placed in its way as an obstruction to realization of present ideals, the way must be cleared inch by inch, yard by yard, until all issues are made permanent and all future ambitions ultimate successes.

Several causes are given for the present high cost of living in various parts of the country, and that of extravagance always comes in for last consideration when it should be first. Think of the people paying enormous prices for goods that would naturally decrease in price if refused to be purchased, and count the times they are bought simply through a spirit of inordinance on part of the purchaser to vie with other persons also desiring and getting the best the market affords. In the midst of all of this we are eternally listening to complaints from every source, and no one apparently sees the slightest indication of reduction in prices. And they can't expect to until it is learned that extortionate prices are principally caused, not by lack of production or shortage of material, but

simply because people are willing and anxious to pay high prices and encourage a continuance of conditions because they fail to see the wisdom of being conservative when conservatism in purchases will do more to bring down the high cost of living than any other one thing imaginable.

The National Personal Liberty Club is coming down from New York with the purpose of promoting greater thoughts of liberty in this state, and although the movement is a good one in its sphere, it will certainly find little room for expansion in North Carolina. This old state has been going forward by leaps and bounds along the personal liberty line for several years, and one supposing that it is not enjoying the fruits of its past endeavors will surely have great latitude for observation along many popular channels of thought. Personal liberties are prerogatives of everyone except the illicit distiller and criminal and they are dying out to such an extent that restrictions are not confined to any particular source any longer.

organized affair. The Hungarian government has endeavored, it is charged, to create the impression that this region is preponderantly Hungarian in race, tongue and predilection. The Vienna government, on the other hand, has resisted this with counter claims that the people are demigiantly Germanic by blood, language and desires.

Of late weeks there has been considerable publicity given semi-official Austrian statements that, pending their withdrawal, the Hungarians were requisitioning material of all kinds and generally wreaking their revenge in much the same way the Rumanians did to them. It was even stated in high Vienna quarters that farmers' horses were being taken away.

These reports were so persistent as to lead the correspondent for the Associated Press to attempt a first-hand investigation. This has covered ten typical villages, exclusive of this little capital, with talks here and there with peasants in the fields or along the roads.

LARGE DELEGATION OF METHODISTS TO BE AT CONFERENCE

(Continued from page one.)

Two sections—North and South—over the slavery issue in 1844. Another question which will occasion discussion is the relation of the Interchurch World Movement to the Methodist Episcopal church. Following the success of the Centenary Campaign other churches have launched into similar campaigns and are co-operating in the Interchurch World Movement. Methodist leaders are at the head of the Interchurch World Movement and the question of the relation of the different Boards of the Church to this Movement will be an important one.

The unification of all the various benevolent boards, such as the board of education, Home Missions, Sunday schools, Foreign Missions, et cetera, will be earnestly urged and advocated. Many are insisting that the different boards should be united in the interests of economy and efficiency, while others are as strenuously opposed. The proposition will doubtless give rise to animated debates.

interest," he said. "This legislation would help the producers and the miners by keeping mines in more uniform operation." "The public interest is paramount," he said. "You can't enact this or any other legislation without pinching somebody's toes. There is too much bituminous coal, too much competition. Either you must let the general public

suffer or let the operators fight it out." Coal car shortage in the winter will continue, Mr. Clark said, unless something is done to stimulate summer sales and transportation. Gluts of coal at terminals in the winter, the commissioner said, is a "very serious" handicap to all railroad traffic.

END OF THE CENTURY CLUB.

The End of the Century Club, held its regular meeting Tuesday afternoon at the home of Mrs. T. E. Hooker. The meeting was presided over by the President, Mrs. R. Williams. After the routine business was disposed of, the club made the final arrangements for the concert at the Training School next Monday night. This concert is to be given under the auspices of this club, for the benefit of the Student Loan Fund. The artists will be Annetta Ribecora, a soprano from New York and Kathryn Riggs a harpist from Washington, D. C. Instead of the regular program, Mr. and Miss Tuttle of Springfield, Ohio, who were the house guest of Mrs. Hooker, gave a musical program, which was very much enjoyed by all present.

The following were some of the selections: "Little Mother of Mine," "Stone-Cracker John," "Sweet Little Woman O'Mine," "You're Still An Old Sweetheart of Mine."
The piano logues were: "The March Wind," and "Make Believe."
After the meeting adjourned, the hostess assisted by Misses Alice Lee Hooker and Nancy Arthur served a delicious salad course.

REVIVAL SERVICES CLOSED AT IMMANUEL BAPTIST CHURCH

The meeting at the Immanuel Baptist church closed Wednesday night. Dr. Turner and Rev. Eugene Olive did excellent work while they were here. The members of the church were built up spiritually and eighteen new members were added to the church. All who met Dr. Turner are very much pleased to know that he will make Greenville his home after June.
Rev. W. R. Burrell, of Williamston, will preach at both services at the Immanuel Baptist church next Sunday. Mr. Burrell is a forceful speaker. All who heard him in the commencement address at the Greenville high school a few years ago will want to hear him again when he visits our city.

SPLENDID SERMON IN 8TH STREET CHRISTIAN CHURCH

Dr. W. P. Shamhart preached a splendid sermon in the 8th Street Christian church last night on the subject, "The Faith of our Fathers." It was one of the best sermons which he has preached during the entire week. A large crowd from Farmville came over to be present at this service. The singing was especially enjoyed. Tonight at 8 o'clock, Dr. Shamhart will preach on the subject, "Six steps to Heaven."

POTEAU TO RECITE AT THE TRAINING SCHOOL

The song recital by Dr. Hubert Poteat at the Training School, on Saturday evening, May 1, under the auspices of the Lanier Literary Society, will begin at 8:30.

This is a complimentary recital, but the music lovers are especially invited.
Dr. Poteat's program is very attractive, and has different kinds of songs so as to please different tastes.

A third of the year is gone with not a sixth of the year's work done.

TOMORROW

Those who are interested in the shares in the Student Loan Fund, which opens tomorrow, be sure that you do so before the day is over. Secretary White says this is going to be a large series, and there is no reason why it cannot be made the largest in the history of the association. Those who take shares make a wise and safe investment.

EDUCATORS CHEER DANIELS TOAST TO PRESIDENT WILSON

Secretary Navy Brings Diners at University to their Feet by Compliment.

WILSON SENDS WISHES TO PRESIDENT CHASE

Daniels, as Toastmaster, Expresses Confidence in American Future.

Chapel Hill, April 28.—At the banquet given here tonight in honor of the representatives of more than 100 colleges and universities who brought greetings to the new president of the State University, Dr. H. W. Chase, Secretary of the Navy Josephus Daniels brought the diners to their feet when he, as toastmaster, proposed the toast—"To the distinguished educator, noble leader and greatest man in the world today—Woodrow Wilson."

Continuing, Secretary Daniels, who acted as toastmaster, said: "It is my privilege to bring to this institution and to President Chase the personal good wishes of President Wilson."

"The perils of peace are often more dangerous than the perils of war and we in America are facing difficult times said Mr. Daniels. "But let no man doubt that peace in its fullest sense will come to America. It has been 100 years since Belgium was invaded by Germany in every way except on the calendar. We shall never go back to those times."

"We shall never again know cheap labor or cheap products in the United States. The men who labor and toil will demand and have a right to a living wage and there some. The unrest and dissatisfaction of the present are largely of the imagination and I say to you that the man who bets on America will always win."

Other speakers tonight were: Senator George H. Hoses, of New Hampshire, representing Dartmouth College, which President Chase attended as student; President Henry Louis Smith, of Washington and Lee; Professor

Mary Vance Young, of Mount Holyoke; President Emille McVea, of Sweetbriar; President E. O. Lovett, of Rice Institute, Texas; President R. P. Pell, of Converse; Dean J. H. Latane, of Johns Hopkins; Professor John Spencer Bassett, of Smith; Professor George B. Pegrum, of Columbia.

Secretary Daniels spoke in part as follows:

"North Carolina has an aristocracy of which it is wisely proud, headed by the illustrious line of presidents of the University of North Carolina and our other institutions of learning. With us the firstborn still inherits the patrimony, but sonship is in culture rather than in blood in our aristocracy. We have today inaugurated the latest of the line of our lords of the educational manor, invested him with the hereditaments of the estate and conferred upon him succession in the line of illustrious educational predecessors. I con-

graduate President Chase deemed worthy to receive of Caldwell and Swain and Winston and Alderman and Graham, distinguished executives who made this institution a democratic community sending its rays into the remote corners and to the stretch of sand runes.

MEXICAN DISORDER TO OTHER REGIONS

Reports from Capitol City Says
Revolutionary Plans
Gain Momentum.
**FEDERAL TROOPS FAIL
TO RESPOND TO CALLS**
Several Important Cities Said
to be Occupied by Rebel
Soldiers.

Washington, April 28.—Mexican advices here today both through American and Rebel channels, continued to note a rapid spread in the revolutionary movement against the Carranza government particularly in the close vicinity of Mexico city itself. Government officials here however said, they see nothing in these rather scattering incidents immediately critical in the situation faced by the Federal authorities.

The best available information, it was added, arms were nearly equal in numbers.

As indicative of the characters of the reported defections in the Federal ranks, rebel agents here said the force which joined the rebels standard in Morelos making possible the occupation of Cuautla was from the "Supremos Poderes," the famous organization of picked troops used since the deposition of Diaz, as a guard for the national capital. They also viewed the break in the garrison in Chihuahua as reducing the menace to the revolutionary forces in Sonora from that quarter. Until the rebels operating in almost every part of the country are co-ordinated Mexico City is in no serious danger, military men here believe, except by coup d'etat or from a raid that chance turned into a more important movement. The largest operating units are still those controlled by Carranza and with the exception of Sonora, Sinaloa and a few other states controlled by the rebels, the balance of power was said to rest with the government.

News from the southern part of Mexico confirmed reports that Cuernavaca, Puebla and Cuautla were in rebel hands and Zapatistas had gathered in some strength in the southern part of the State of Mexico adjoining the Federal district.

REDUCED RATES FOR PHILATHEA CONVENTION

Asheville, N. C., April 29.—A rate of 1-3 fares for the round trip from any point in the state of North Carolina and Philathea Association to be held to annual convention of the Baraca in Wilson, North Carolina, May 27th to 30th inclusive, has just been announced by the Southeastern Passenger Association of Atlanta, Ga., in a letter received by Mrs. N. Buckner, general secretary of the Baraca Philathea Union of North Carolina.

Large preparations are being made by the people of Wilson for the entertainment of delegates and visitors to this convention and the Atlantic Christian College has been secured and will be operated as a Baraca and Philathea boarding house during the convention. The private homes of Wilson have also been offered for the use of the delegates. A special rate of \$2 a day for room and board has been made for accredited delegates from the classes of the state.

Several special cars will be run to carry the delegates to Wilson. Salisbury and Western North Carolina have already made arrangements for their cars.

THINKS CARRANZA FORCES SHOULD BE STYLED AS REBELS

Lind Declares that Followers
of President Are Simply
Revolutionists.

Washington, April 28.—John Lind former governor of Minnesota, described to the senate committee investigating Mexican affairs, his efforts as a special emissary of President Wilson to get the late Victoriano Huerta to abdicate his power as dictator in Mexico and allow a new government to be set up there in 1913. Mr. Lind refused to detail conversations with the Mexican or instructions given him by the President except as they were outlined in printed memoranda which he submitted.

"My object, according to my instructions, was to bring about an adjustment between the contending powers," he said, "so that the country could have peace, and a de facto government be set up which the United States could recognize."

"We wanted to get a free and fair election," Mr. Lind continued. "Huerta rejected all propositions, declaring the Carranza forces were rebels and should be treated as such."

Americans in Mexico at the time, he said, wanted Huerta recognized. Those engaged in agriculture, he added, desired intervention by the United States while "the American mining interests in the north were against it."

"Through I'll admit that the struggle for power among a few is to some extent the cause of Latin-American disorganization," Mr. Lind said, "the primary causes, it seems to me, are social and economic. In the tropical plantations owned by Americans, I saw men working almost as slaves, guarded by men with revolvers and whips and locked up at night."

**ANTHRACITE MINERS TURN
DOWN OPERATORS' OFFER**
New York, April 29.—Representatives of the anthracite mine workers have notified the operators that their counter offer of a wage increase approximating 15 per cent was rejected and declined to accept their proposal for arbitration, according to a statement issued here tonight by the sub-committee appointed to negotiate a new wage agreement for the hard coal workers.

The presentation of the miners reply resulted in the negotiations going into a deadlock. Neither side attempted to moderate their stand. The operators, however, asked that the committee take an adjournment until tomorrow.

We Believe in the Farm

We take pride in the record made by the farmers of this community and look for still greater achievements for the coming season.

To the farmers, as well as to the man in town, the bank is the financial center of the community, and institution for advice in working out of many of his problems. However capable and competent a farmer may be in the management of his affairs, he is glad to avail himself of the service a bank offers.

We back up our faith in the farm by offering our farmer clients—and those we hope to make our clients the full facilities of this institution, and every assistance possible, consistent with sound banking.
