Republicans Abandon Plans for Passage of Bill After Long Wrangle

### FOUR HOURS CONSUMED IN FINAL CONTROVERSY

Debate Concluded Behind Closed Doors With Better Arrangements.

Washington, April 30.—After a four-hour wrangle, House Republicans late tonight abandoned plans for passing the soldier relief legislation next Monday and adjourned their party conference at midnight without setting a date for action.

Wide differences of opinion developed in the conference, the opposition centering principally against a sales tax to raise part of the \$1,800,000,000 needed for carrying out provisions of the bill. Representative Mondell, the floor leader, announced that another party conference would be held late next week, the exact date to be fixed by Representative Townner, of Iowa, conference chairman.

The debate, conducted behind closed doors, was said to have been a bitter arraignment of the sales tax, which, it was contended, would impose unnecessary burdens upon the poor.

Various proposals were brought up, but action was not taken on any of them. A resolution, approved by the Republican steering committee, sought to pledge the entire Republican membership to support the bill as drafted by their colleagues of the ways and means committee but Mr. Fordney after presenting it, told the meeting that adoption of the proposal would not be considered as binding. Representative Johnson, South Dakota, leader of the "insurgents" in the fight against the sales tax, had proposed that the legislation be sent back to the Ways and Means committee with instructions to eliminate that feature and adopt some other form of raising revenue. Similarly, Representative Little, Kansas, had moved to eliminate the sales tax by direct action of the conference along with his direction that a levy of taxes on big incomes be submitted.

Another proposal also was placed before the Republicans by Representative Morgan, Oklahoma, who favored an authorization of one hundred million dollars to be used as directed by the Federal Farm Loan Board in lending money to former service men for carrying out the provisions of the bill for aiding them in buying farms or city homes. This, with the three other proposals remained as unfinished business for disposition at the next party conference.

## STUDENT SHOTS TEACHER

### SIX TIMES WITHOUT INJURY

Chattanooga, May 1.—Jackson Cotter, a student in the Summerville, Ga., high school is in jail for firing six shots at his teacher, Professor Ransom as the latter left school. Ransom escaped injury owing to bad aim. The shooting is said to be in revenge for a severe thrashing.

## TWELVE THOUSAND WOMEN TO WEAR STAPLE CLOTHING

Pittsburgh, May 1.—Twelve thousand members of the congress of women's clubs have pledged themselves to wear only staple clothing until prices drop, and have placed a two weeks' ban on potatoes.

## CITIES HEAVILY ARMED FOR RADICAL VIOLENCE

New York, May 1.—May Day found cities throughout the country under strong police and military guard in anticipation of possible acts of violence by the radicals. Soldiers and governors of the Islands were in readiness to respond to instant duty in New York.

County commissioners will meet Monday.

## FIVE CLUBS READY TO PLACE FORFEIT FOR LOCAL LEAGUE

All Cities Reported Ready in Meeting Yesterday Except Pinetops.

### SALARY LIMIT FOR ALL CLUBS DECIDED UPON

Pinetops Aggregation Will be Given Until Tuesday to Present Forfeit.

At a meeting of the directors of the Eastern Carolina Baseball Association conducted in the Chamber of Commerce rooms in this city yesterday afternoon tentative plans for the formation of the various clubs were arranged, including the adoption of by-laws, the hearing of a large delegation of enthusiasts from Williamston clamoring for admission into the league, settlement of the salary limit for players, and several other matters directly pertaining to permanent organization of the clubs comprising the league.

Directors of the league and delegations comprising five cities of the eastern section of the state attended the meeting and presented proposals from the respective cities relative to initial plans for organizing the league: Williamston, which for sometime had been requesting admission, was represented by several prominent business men of the town who not only were ready to place the forfeit price, but wanted to be admitted at once without giving the matter further consideration. Pinetops, the fourth club desiring entrance into the association, was not prepared to place its forfeit, and it now rests between the two places, as to which will go in first. If in event Pinetops shall be ready to place its forfeit by Tuesday five clubs will compose the league. (Continued on page eight.)

## LABOR FEDERATION FAVORS ACTIVITIES OF ARMY WORKERS

Georgia Federation of Labor Heartily in Favor of Present Endeavors.

Atlanta, Ga., April 27.—Emphatic endorsement of the Salvation Army's work and the forthcoming appeal for funds set for May 10 to 20 is contained in a resolution adopted by the Georgia Federation of Labor at its recent annual meeting in Savannah.

The resolution was introduced by the committee of resolutions and was passed by a rising vote, the only one of thirty three resolutions to be thus honored.

"WHEREAS it has been made known to the Georgia Federation of Labor that the Salvation Army is to inaugurate during the period of May 10 to 20 its second annual home service fund campaign; and

"WHEREAS in the minds of your committee no welfare organization had a greater part in the winning of the war nor in betterment of humanity either before or since that struggle, therefore

"BE IT RESOLVED That this body indorse fully the work that the Salvation Army is doing and is trying to do, lending its every moral support to its unique activity.

"BE IT FURTHER RESOLVED That we urgently request our affiliated members wherever they may be to remember the Salvation Army during the days of its campaign and to give of their time and substance as they may be able to further its usefulness."

The action of the Georgia Federation of Labor follows a recent indorsement, given the work of the Salvation Army and its appeal for funds with which to continue its labors, by Samuel Gompers president of the American Federation of Labor, and President Maurer of the Pennsylvania Federation of Labor.

## ARTICLE PRESENTS ADDITIONAL FACTS IN IRISH MURDERS

Recent Assassination in Ireland Explained by Discovered Article.

### GUERRILLA WARFARE WAS PRECONCEIVED AFFAIR

Development of Guerilla Movements Was Being Planned, Is Believed.

Dublin, May 1.—An article entitled "guerilla warfare" which sheds new light on assassinations in Ireland has been discovered in the effects of Paul John Vignoss of Cork, recently tried by court-martial and sentenced to six months' imprisonment "for having in his possession an issue of the official organ of the Irish volunteers."

"It is the duty of volunteers to recognize in all their plans, in methods of training and study and in their general outlook, the existence of this state of guerilla warfare and all that it implies," says the article, which has been made public in an official communication. "It is our business to develop those guerilla tactics which we have found most serviceable in dealing with actual conditions in Ireland at present, and to bring them to the highest pitch of perfection of which they are capable. It is our business to wage war against the forces of the invaders whenever and wherever we find it can be done most effectively.

"Of all forms of small wars, that most dreaded by imperialist armies of conquest is prolonged guerilla warfare in which they are unable to obtain a moment's security nor gain any opportunity of effectively crushing their foe. Particularly do they dread the adoption of well-organized guerilla tactics (Continued on page eight.)

## BAPTIST SERVICES BROUGHT TO FINAL ENDING LAST NIGHT

Series of Revival Services Concluded After Splendid Success.

Dr. John Jeter Hurt, who has been conducting services in the Memorial Baptist church, closed the series of services last night by preaching a strong sermon on the subject, "When the Roll is Called up Yonder." Dr. Hurt during his stay in our city has preached some plain, forceful sermons. In many cases they were so simple that even the smallest child could understand them. He knows the Bible and can explain its teachings in a wonderful direct way. His coming to Greenville has meant much to the Christian, and his splendid preaching and earnest work have won many hearts for God. Dr. B. W. Spilman was present last evening and expressed his pleasure at being in Greenville and especially of being in the Memorial Baptist church, where he, twenty-seven years ago, preached the gospel from the same pulpit. He was again presented the gavel which Mr. D. J. Whichard presented him at the State Baptist Convention in Raleigh. Mr. Moore stated that he borrowed it to have it finished. A great deal of history is connected with the gavel, and Dr. Spilman values it highly. Mr. Taylor, who has been conducting the singing, has also endeared himself to the people of Greenville. His singing has been enjoyed by the large audiences which have been attending the services. This series of services will long be remembered by the people of our city.

Large acre yields of cotton mean smaller costs per pound. Suppose 300 pounds are produced at a cost of \$60 an acre—the cotton costs 20 cents a pound. With acres cost only \$45 and yield 150 pounds, the cotton costs 30 cents a pound to produce.

## WOMEN IN TURKEY FIND NEW PURSUIT SINCE RECENT WAR

Emancipation of Women Features in Evolution in Various Centers.

### MINISTER'S WIFE TELLS OF PREVAILING AFFAIRS

Education Forms Large Part of Development in All Territories.

Constantinople, May 1.—A striking illustration of the general emancipation of Turkish women which has been affected by the war is afforded by the designation of Mrs. Halide Edib Hanem, as Minister of Education, in Mustafa Kemal's cabinet.

Mrs. Hanem is the wife of Dr. Adam Bey, formerly president of the Turkish Red Crescent; and until recently Mustafa Kemal's Minister of Health. She is 35 years old, the mother of three children, a devout Mohammedan and has attained fame as the author of several strongly pan-Islamic novels.

Shortly after Turkey entered the war the need for nurses became so great that women, for the first time, were permitted to accompany the armies and enter military hospitals as relief workers. They are to have demonstrated remarkable efficiency in taking care of the wounded, a fact which soon made it possible for Turkish women to enter university classes with men. At the present time, however, they are still barred from theatres and amusement of various kinds, except special performances for women only.

Mrs. Halide Edib Hanem is, perhaps, the most celebrated pioneer in the movement for the higher education of Turkish women. She was the first Turkish girl to graduate from the American woman's college here, despite the persistent opposition of former Sultan Abdul Hamid, who forced her to discontinue her studies many times. ## STATE CALLS OUT SOLDIERS TO STOP EFFORTS OF MOBS

Hartford, Conn., Troops Sent to Bridge in Danger of Destruction.

Hartford, Conn., May 1.—Col. Charles Z. Burpee, of the first State guard regiment here, at 1 a. m. this morning called his staff out.

It was given out officially by Col. Burpee that the call was sent to all officers and men of the State guard as the result of a telephone tip that the East Hartford bridge were to be blown up before dawn.

Colonel Burpee immediately summoned Capt. Arthur C. Woodward and hundreds of telephone calls for members of the State guard were put in. Inside of half an hour about 75 men had responded, cordons were thrown about the capitol and the State armory and a detail was on its way to the bridge. From all points in the city additional guardsmen were hurried to the armory.

## DR. SHAMHART PREACHES A SPLENDID SERMON

Dr. W. P. Shamhart preached another splendid sermon in the 8th street Christian church last evening on the subject, "Six Steps to Heaven." Mr. and Miss Tuttle sang a duet "Almost Persuaded." There will be no services in two churches tonight, but there will be two services tomorrow at 11 A. M. and 8 P. M. The public is cordially invited to each of these services.

Building and Loan shares have been going rapidly today.

## LABOR CONDITIONS IN EUROPE SEVERE IN MANY SECTIONS

Approach of May Day Finds Situation in Condition of Ferment.

### SITUATION IN FRANCE EXTREMELY THREATENING

Demonstrations Against Economic Situation Monetary Anticipated.

Paris, May 1.—The approach of May Day, the traditional date for strikes and labor demonstrations in Europe finds the labor situation throughout that continent in a condition of ferment, with prospects of a general 24-hour strike in Paris, threat of a general railway strike throughout France and disturbed conditions in most European countries.

May Day in Europe is vastly different from May Day in the United States. While in America labor unions make a special effort to enforce their demands on May Day, those of Europe have always regarded this as a favorable date for demonstrations and strikes.

The situation in France appears to be more threatening than elsewhere on the continent. Labor leaders in Paris will attempt to "stop everything but the clock" for 24 hours on Saturday, May 1, as a demonstration against present economic conditions. The labor situation was made more perilous there by decision of the congress of French Railway Workers to call a general strike in France to enforce revolutionary demands. The success of this strike depends, however, upon cooperation by the General Federation of Labor, the conservative wing of the French Railroad organization.

All branches of syndicalist labor in Belgium except the railway men have been called upon to take part in the general 24-hour strike on May 1. So far as known here no special demonstrations have been prepared for May Day either in Spain, Germany or Italy. (Continued on page eight.)

## GYMNASIUM TO BE BUILT BY TRINITY COLLEGE STUDENTS

Plans Completed for Drive for Funds to Build Memorial to Soldiers.

Trinity College, Durham, N. C., May 1.—Plans have been completed for the drive for funds to build the Memorial Gymnasium at Trinity in honor of her twenty-two sons who gave their lives in the world war. May 1 to May 10 has been set as the date of the drive and it is expected that during that period excellent progress will be made toward the commencement of work this summer.

Already \$35,000 has been pledged, and the purpose of the drive is to increase this amount to \$125,000. By the opening of the college year 1921-22 it is expected that this new structure will be in use by Trinity students and serving as the scene of athletic events between Trinity and other colleges of the state.

The drive in Harnett, Pitt, and Lenoir counties will be in charge of Rev. J. M. Danile, of Dunn, assisted by local alumni.

One hundred thousand little children are wards of the Salvation Army in this country. In Salvation Army activities and institutions they find almost the only brightness in their lives.

More than 2,500 erring girls are yearly cared for in the 24 maternity hospitals and rescue homes maintained in this country by the Salvation Army. The record shows a vast majority of these girls are permanently rescued.

## RADICAL VIOLENCE NOT EXPECTED TO OCCUR DURING DAY

Checking of Confidential Reports Causes Restoration of Confidence.

### RADICAL ELEMENT TO BE WATCHED CLOSELY

Gigantic Propaganda Demonstrations Planned in Many Places Today.

Washington, April 30.—After checking over confidential reports from all parts of the country, government officials expressed confidence tonight that threatened May Day demonstrations by radicals would not result in any nationwide attempt at violence.

While taking this view of the situation, the Department of Justice renewed its warning to local authorities everywhere that if the radical elements were to be kept under control every law enforcing agency, State and Federal, must be awake and equal to the dangers real and fancied.

Assistant Attorney General Garvan, who directed raids on Communist and Communism Labor party organizations in January, declared as he went home for the night that late reports indicated what violence might occur would be sporadic.

Most of these reports showed that the radicals were preparing gigantic propaganda demonstrations, but meetings are scheduled in many places and it is at these that trouble may develop, according to Mr. Garvan. The department he said, would allow "those gatherings to talk themselves blue" but government agents would observe tenor of agitation. Agents have been instructed "not to incite or excite trouble in any such assemblages."

It was disclosed by Mr. Garvan that several members of congress, three Federal Judges and an attorney recently active in investigating radical disturbances had been marked for assassination. With the early discovery of the plots, however, Mr. Garvan believed the officials, against whose lives the plots were directed, now are amply protected.

Appeals of the Communist Labor leaders for May Day strikes appear not to have met with a kindly reception, although there were threats of strikes in some sections. Thousands of workers may lay down their tools tomorrow but Mr. Garvan believed this would be more in the nature of a declaration of a holiday than with a malicious intent to cause a great tie up.

Timber workers in Wisconsin and Washington may remain away from work, according to reports. Federal agents advised, however, that their latest information disproved claims of direct collision between those workers and the radical leaders.

Mr. Garvan called attention to the apparent unlimited amount of money employed by the communist labor part in fomenting disorders, declaring that, at no time in history, had a radical movement been so plentifully financed. He traced the source of these funds to Amsterdam and thence to Russia.

The amount of radical literature circulated within the last week was described by Mr. Gavan as "amazing" as he pointed to the scores of different periodicals, pamphlets and circulars together with special editions of radical newspapers piled in his office, appealing for a "May Day show of power." Exponents of direct action, he continued, were taking advantage of an opportunity while the nation awaited developments "to lay their incendiaryism on the people's doorsteps."

## OFFICIALS REVEAL RADICAL PLOTS TO KILL MANY PEOPLE

Assassination of Officials Planned as Part of May Day Demonstrations.

Washington, April 29.—Plots against the lives of more than a score of Federal and State officials have been discovered by the Department of Justice as part of radical May Day demonstrations, Attorney General Palmer announced tonight.

The assassinations and assaults, Mr. Palmer said, were included in the May Day program organized by the Communist Labor party and other radical elements and were in addition to strikes and other disturbances intended by the radicals as an effort in behalf of peace with Soviet Russia.

State officials marked as "victims" have been notified by the department, the Attorney General added, of the information in the hands of the Federal government and their co-operation requested repressing radical demonstrations.

The department has information, according to the Attorney General, that the instigators of the May Day demonstrations here have been working "in direct connection and unison" with the leaders of disturbances set for Europe. As in Europe attempts are being made to incite strikes in all basic American industries, Mr. Palmer said, although he did not believe they would be successful.

"I am not going to prophesy what will happen," Mr. Palmer said. "I am just making public some of the things our agents have discovered. But if a will to upset our nation's whole scheme of living counts for anything, the radicals may cause some trouble."

Mr. Palmer said that while he could not disclose the nature of the Communist Labor party's plans in connection with further strikes, leaders of that organization have concentrated on several important industries and that the demonstrations planned threatened to cause trouble in the way of walk-outs.

All of the propaganda, advocating May Day disturbances referred to "inhuman treatment" of the Soviet government of Russia by the United States and the allied powers, Mr. Palmer continued. In foreign sections of industrial centers, appeals for "peace with Russia" have been employed as the main method in stirring up dissatisfaction with this government, Mr. Palmer said. Strikes and disorder, he added, simply are meant to emphasize to American officials the threats of the radicals that relations must be resumed with Russia.

Tons of inflammatory literature have been circulated in the last month by express and freight and secretly distributed by local leaders, according to information obtained by department agents. The Communist Labor group also has sent numerous "personal emissaries" into cities where the field was deemed ripe, Mr. Palmer reported. These men have been under constant surveillance by Federal agents and it was through their activities that the government was first able to establish definitely the aims of the group for May Day disturbances.

**Two Congressmen Split Meeting of Republican Members of Committee.**

Washington, D. C., April 29.—Opposition among House Republicans to a sales tax for raising part of the \$1,800,000,000 needed for soldier relief led today to an open break at the final meeting of the Republican members of the Ways and Means Committee called to complete the draft of the measure. Representatives Young, North Dakota, and Frear, Wisconsin, bolted and joined in conferences with Republican insurgents to lay plans for the opposition fight at their aptly caucused tomorrow night. Their withdrawal from the ways and means committee conference left the Republicans with a majority of only one in the full committee, if one bolting member votes with the Democrats.

Republican committeemen finally completed the committee draft of the relief bill today making few changes in the general scheme. In adopting the sales tax of one per cent on gross monthly business, the Republicans decided this levy would not apply unless the aggregate sales exceed \$1,000 instead of the previously adopted limit of \$500. Other forms of taxation approved by the Republicans include a tax on all stock exchange transactions and increased taxes on incomes tobacco and real estate sales.

Taxes, it was decided today, would be effective next January 1, with the cash bonus payments to be made in installments, beginning April 1, 1921. For the other forms of relief, including land settlements home purchases, vocational training and paid up insurance, the Republican committeemen decided of appropriate \$25,000,000 to be available for carrying out these plans when the bill is approved by the President. The sales tax, the Republican committeemen also decided should apply to hotels and restaurants, but by increasing the exemption limit to \$1,000 a month, they pointed out that only the big caterers would be subject to this levy.

The conference of insurgent Republicans late today, attended by a score of members from half as many states, voted to place on record all Republicans objecting to the sales tax but favoring the relief bill. To this end they began the circulation of petitions declaring their attitude and claimed that fifty signatures had been obtained. By this plan, which they described as "friendly" they seek to convince party leaders of the impossibility of enacting the bill as drafted by the Republican committeemen.

SATURDAY, MAY 1, 1920.

Swat the fly before he makes you mad you'd fight him a duel in his own backyard.

The Allies have made Holland responsible for the kaiser's future. Probably with the responsibility so plainly the Netherlands government may not feel so confident of the future.

The government may complain of a shortage of resources, but when we are informed that the nation's expenses are over eighteen million dollars a day it is easily believable that a shortage of finances is in evidence.

Housewives who failed to clean up their premises during Greenville's recent clean-up campaign will find it advisable to do so now before the weather gets too hot and energy so decidedly indisposed towards labor.

The first clash with rebel troops by Carranza followers may have indicated an early victory for the government, but it is safe to say that the election will be passed and forgotten before the factionalism is driven out of the mountainous regions of the country.

When the overall movement is complete it will then be time to form a shoeless movement tending to bring down the high prices of footwear. When this is accomplished we'll go hatless, sockless and hungry until prices are given an incentive for becoming normal.

A protectorate for Germany is hardly necessary now, although a Swiss commission thinks so. It might have been advisable before the war, but now that the kaiser is safely packed away in Holland there's little need of anything except good sound ideas of reconstruction.

Persons desirous of witnessing good baseball here this season should do every thing possible to see that the local club is kept well financed so that the players will not have to worry over where the next money will be coming from. Donations should be given freely, for in this way the organization will be a great success.

Think of Republican members of congress having a split over anything when they haven't anything else to do but dispute with Democratic friends. But they did just the same, and sales taxes was the cause of it all. It has been reiterated all along that taxes would ruin the country before long, and now that it has started in the Republican ranks we are inclined to believe it is true.

Frustrated plots of radicals in this county by department of justice officials will make the passing of the May Day exercises of little interest to Radical leaders, particularly so since the assassination of federal and state officials will not be possible. The work of the department was timely and not at all too soon for with a few more days before them the Red element could have done irreparable damage in many territories and got away with it.

## RATIFICATION OF THE TREATY.

Although little has been said of late concerning the peace treaty with Germany we are reminded however that the issue still remains open for public discussion by Mr. Bryan, who declares that Democratic senators should do everything possible to bring about its ratification before the approaching primaries, although no mention was made as to what method of procedure should be employed in accomplishing this almost inhuman task.

Mr. Bryan probably forgets that Democratic members of the senate recently did everything within their power to effect some amicable conclusion of the treaty controversy, but were defeated by Republican obstinacy hardly before the measures were proposed, and that regardless of persuasion from authority sources, the measure was voted down by an overwhelming majority and then sent to President Wilson to be redrafted, as some proposed, but which will be made an open issue in the coming presidential campaign.

Under such conditions where would Mr. Bryan begin to bring about immediate ratification of the treaty. Does he propose that members of the Democratic party submit to Lodge's reservations, which, as the president stated sometime ago, would cut the heart out of the treaty or would he suggest that ratification take place with certain mild reservations such as presented shortly before the matter was turned over to the president. In either case it is apparent that practically every principle which democracy has sustained throughout the campaign would necessarily have to be given up in order to do as the Great Commoner suggests, and that American prerogatives as leading nation of the world would be abandoned entirely.

This advice sounds good to Republicans, but appeal directly to the heart of Democrats, it should have been proposed a month ago when it would have counted for something and when Mr. Bryan's influences as a political leader would have had a tendency of swinging sentiment in the treaty's behalf. The issue as it now stands is irrevocably doomed to its present fate, and will be carried into the campaign so that its opponents may have the satisfaction of knowing whether American people desire reservations such as those mentioned by Senator Lodge.

Whatever the final outcome of the issue it must be acknowledged that American statements have been sadly in administrative ability, and that Republican members of the senate have done more to instill a spirit of inharmoniousness in the senate chamber than any other body of men who have been entrusted with the same power and dignity of office. America's failure to ratify the treaty rests solely upon their shoulders and they are to be given due credit for the present state of affairs.

Sugar dealers, so we are told, have entered into an agreement with the department of justice to co-operate with the government in preventing the resale of sugar to the trade to that extent where speculation will be eliminated. Just what the outcome of this endeavor will be cannot be stated at this time, but if proper spirit is exhibited good results will certainly be in evidence, and people now without necessary supplies will get their share of national distribution at reasonable prices.

Cameron Morrison appears to be strengthening his candidacy for gubernatorial honors, of the state in addresses delivered in various sections, judging by accounts in the papers, and if this be true, he is getting favor truly and well deserved in every way. Mr. Morrison is honest in his politics, and when this can be applied to a political candidate, something certainly has been said.

If the housing condition in this county becomes more pronounced courting couples, like those in London, will find it rather difficult to get a place to court. Certainly the world would run to perform its usual functions in this event, for if there's anything absolutely necessary to an American's happiness, it's making love, whether in a house or out in the open with only the star-lit sky for a canopy.

Reports from Federal Reserve agents throughout the country are to the effect that prices are continuing on the increase, with the exception of a few instances where decrease have been noticed. And all the while we are being consoled with the fact that maybe something will happen to take the spice of out of high prices—sometime.

## BREAD UPON THE WATERS

Getting money from the county boards is not the easiest indoor pastime, as many a person can testify they always have to be shown, especially in this year 1920.

The Onslow County Board of Education was in session and the district home demonstration agent was pleading for enough salary to keep the Onslow home demonstration agent on the job—also for a new car, with a self starter, to make her work more effective over the whole county. She was interrupted by a farmer who said: "Gentlemen, I have the finest little woman in the world at home, but she doesn't know anything much about cooking and serving, and she doesn't know much about sewing, and she doesn't know as much as she needs to about 'fixing up the house'. Then I've got some girls who are about grown now, and neither one of them knows how to make even a dress for herself and gentlemen, that is not as it should be. Just to show you how much we believe in home demonstration work, and how we need in my home, I will tell you that my wife and I have offered Miss McFayden a furnished room and her board free of charge just to get the benefit of a few suggestions from her from time to time. You know that I am not a rich man, and if the home demonstration work means that much to me, it must mean a good deal to the other folks of this county to."

The board decided that it could not afford to lose the home agent, and made an appropriation big enough to give a substantial increase in salary and make a new car possible.

The agent immediately went down to place her order for the car. A big gruff man waited on her and told her that there were just one hundred and thirty six orders in ahead of hers that she might expect her car in about eighteen months. Of course she looked and felt disappointed that the car could not be delivered earlier. As she started out of the door the big man called her back—his face softened, and his voice was kind. He said, "You nursed us when we had the 'flu', you may have the first car that comes in."

## TOOLS REQUIRED IN DUTCH EAST INDIES

Even—Second-hand—Articles—Find—a Ready Market on Populous Islands American makers of machine tools are now facing great opportunities if they are willing to recognize the possibilities of the Dutch East Indies as a market for their produce, says the National Foreign Council.

The demand for machine tools, lathes, drilling machines, milling machines, shapers and planers is ever increasing. The rapid adoption of intensive cultivation in the islands, especially Java, has caused the use of a great deal of machinery, with a corresponding increase in the demand for repairs and new and spare parts, all of which work has to be carried out locally.

Before the war practically every machine sold was of German make. The local engineers would not compete with the representatives of the Continental firms who always kept a full supply of spare parts to meet the local requirements. When the German supplies were cut off on account of the war, efforts were made to obtain the required tools from Great Britain. However, British manufacturers needed all the output of their shops for their own munition factories.

The local engineers, who have a good knowledge of tools, have shown the machinery users that they are able to handle the work properly and consequently the demand for their service is increasing rapidly.

The need for modern machine tools has grown so much that there is a ready sale even for second-hand tools such as can cutting machines, high-speed pillar, drills, keyway cutters, gear cutters, turret lathes and shapers. The demand is for tools—any kind of tool that will do the work, no matter its age or condition.

Babcock Brothers and National Bank of Greenville.

In the Justice Court, Before B. F.

The defendants above named will take notice that an action entitled as above was commenced against them on the 13th day of April, 1920, by the issuing of summons out of the justice court by B. F. Tyson, justice of the peace, and said action is brought by plaintiff against the defendants for the non-payment of the sum of eighty-two dollars and ten cents (\$82.10), on account of damages suffered by the plaintiffs by reason of a breach of contract had with the defendants.

The defendants will further take notice that they are required to appear before the undersigned justice of the peace at Greenville on the 13th day of May, 1920 at 11 o'clock A. M. and demur or answer the complaint of the plaintiffs; and they will further take notice that if they fail to appear and demur or answer at said time and place, that the relief demanded in the complaint will be granted.

The defendants will further take notice that a warrant of attachment was issued by the undersigned justice of the peace on the 13th day of April, 1920 against the property of defendants in the National Bank of Greenville, especially against certain funds in the hands of the National Bank of Greenville belonging to the defendants, which warrant is returnable before the said justice on the 13th day of May, 1920 at 11 o'clock A. M. in the town of Greenville, when and where the defendants are required to appear and answer or the relief demanded will be granted.

Witness my hand and seal this the 13th day of April, 1920.

## LARGE DELEGATION BE AT CONFERENCE

General Conference at Des Moines to be Largest Delegated Body in World.  
SESSION TO CONTINUE  
THRUOUT MONTH OF MAY

Des Moines, April 30.—The General conference of the Methodist Episcopal church which meets in Des Moines, May 1st, is one of the largest delegated bodies in the world. Over 850 delegates have been elected for the 107 annual conferences in the United States and the twenty-seven conferences in foreign lands.

The general conference meets every four year and the session will last probably throughout the entire month of May. It is the legislative body for the whole Methodist Episcopal church composed of 4,175,502 members and over 20,000 preachers. The sessions be held at the Coliseum.

This session of the general conference is not only the largest ever held but unusual also in the number of important issues which will be decided. The most important matter that will come up is the question of the union of the North and South branches of Methodism. A joint commission of fifty representing the Methodist Episcopal church and the Methodist Episcopal church, South, has been at work during the last four years. A plan of union has been agreed upon which will be submitted to the general conference at Des Moines. Very great

## LIVES SIX DAYS IN SEALED GLASS BOX IN TESTING OXYGEN

### College Professor Makes Test to Find How Much Oxygen Is in Blood.

Cambridge, Eng. April 30.—Joseph Barcroft, a reader of physiology at Kings college here, has lived for six days in a hermetically sealed glass box.

The experiment arose out of a 30 year old controversy as to whether it is possible to calculate the amount of oxygen in the blood from a knowledge of the amount of oxygen in the breath. The test was also made to demonstrate whether it was necessary that airmen should have oxygen apparatus when flying at a great height. It proved that oxygen was necessary to flying men but it did not prove to what height they could fly with safety.

While in the box Barcroft kept a record of his sensations and made scientific observations. He said he suffered from sleeplessness but otherwise did not experience much inconvenience except on the last day when the atmosphere became extremely rarified. He then had headaches and nausea. He was watched continually while in the box. He took food and slept in to small compartments fitted up which wicker chairs, a table, a small bed and bicycle on which he exercised every morning.

### Additional Stores Plan Opening to Bring Down High Cost of Living.

Tokio, April 30.—Fifty more public markets to sell food and other necessities will be established here and in the suburbs by the Tokio prefecture. 50 similar markets opened last year to adjust the price of commodities having shown satisfactory results.

A general slump in prices of stocks occurred today on the Tokio exchange. The drop was most noticeable in the cotton spinning companies. Prices of rice and silk also declined, due, it is believed, to the tightness of the money market. For the past week prices of various rice have had an average decline of six percent.

### SALVATION ARMY TO ERECT TENT FOR POOR IN NEW YORK

New York, April 30.—The Salvation Army has announced that tents will be erected on the training grounds to house persons made homeless by the eviction proceedings. Plans are being made to care for a thousand persons.

### BUFFALO RAILROADS TIED UP AS RESULT OF STRIKE

Buffalo, April 30.—For the second time within two weeks every railroad yard here has been tied up as the result of a strike of freight switchmen and conductors.

### HARDING DENIES REPORT THAT HE IS NOT CANDIDATE

Albany, Ind., April 30.—Senator Harding has denied reports that he would withdraw from the race for the Republican presidential nomination following the Ohio vote.

### DEPARTMENT OF JUSTICE WARNS OFFICIALS OF DANGER

Washington, April 30.—Warning that they had been selected by radical elements for assault or assassination as part of the May Day demonstration has been received from the department of justice agents by more than a score of federal and state officials.

### BIG LOG COSTS SAW MILL \$250.

Vancouver, B. C. April 30.—A great log, that appeared sound and clean, cost a mainland saw mill \$250 this week. When the big circular saw bit into the timber it flew to pieces, and investigation showed a 25 pound shell imbedded in the center. The tree had been brought from a point up the coast and had probably been used years ago as a target for guns of British naval ships cruising on the Gulf of Georgia. The shell is of the type used by the navy about twenty five years ago.

One million homeless men and women were lodged and fed last year by the Salvation Army. Countless others were aided with clothing, food, medical, legal or spiritual advice and financial assistance. The good work will go on with the funds raised in the second home service appeal May 10 to 20.

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved  
After a Few Doses of Black-Draught.

Meadorsville Ky.—Mrs. Cynthia

Higginbotham, of this town, says: "At

my age, which is 65, the liver does

not act so well as when young. A few

years ago, my stomach was all out of

fix. I was constipated, my liver

didn't act. My digestion was bad, and

it took so little to upset me. My ap-

petite was gone. I was very weak...

I decided I would give Black-

Draught a thorough trial as I knew it

was highly recommended for this

trouble. I began taking it. I felt

better after a few doses. My appetite

improved and I became stronger. My

bowels acted naturally and the least

trouble was soon righted with a few

doses of Black-Draught."

Seventy years of successful use has

made Theodor's Black-Draught a

standard, household remedy. Every

member of every family, at times,

need the help that Black-Draught can

give in cleansing the system and re-

lieving the troubles that come from

constipation, indigestion, lazy liver,

etc. You cannot keep well unless your

stomach, liver and bowels are in good

working order. Keep them that way.

Try Black-Draught. It acts promptly,

gently and in a natural way. If you

feel sluggish, take a dose tonight.

You will feel fresh tomorrow. Price

## FIVE CLUBS READY TO PLACE FORFEIT FOR LOCAL LEAGUE

(Continued from page one.)

league, and schedules for a five cornered organization will be arranged, although it is probable a sixth team will be admitted later.

Mr. W. L. Hall in the absence of W. H. Dall Jr., president of the Greenville club, presided over the meeting and presented Greenville's position in plain concise terms, showing that now the town has decided to become a member of the association nothing will be left undone to make its club a success.

Other representatives also stated their positions, and soon, as this point was settled by-laws were adopted and salary limit for players settled. Decision in this matter was reached after considerable discussion on, providing that teams would be limited to \$1650 per month for all players, and under no condition could pitchers and catchers be paid over \$200 a month, with other players salaries not to exceed \$150 per month. These limitations will be strictly adhered to through the entire season, and should any club violate the limit it will be subject to loss of its forfeit.

Plans were on foot for arranging the schedules, but owing to indecisions on the part of Pinetops in entering, nothing of any definite nature could be accomplished, and the matter was deferred until this matter has been closed. Official signing of forfeits will occur next Tuesday after Pinetop is heard from, and by-laws will be presented to each team in order that violations may be avoided. Practice it is understood will begin as soon as players can be signed up, and it is the purpose of the association to get the season started as soon as possible, although it is probable some little delay will occur before opening dates can be definitely announced.

by a civilized foe of keen intelligence and courage. Surprises, ambushes, raids on their fortified positions, sniping of their stragglers, the capturing of their arms and equipment, interruption of their communications, interference with their intelligence, are to be apprehended by them daily, and their forces are driven more and more into the position of invested garrisons in the midst of a hostile country, afraid to venture from their strongholds except in force, living in a state of perpetual apprehension. That such a state of affairs exists to a great extent in Ireland at present is obvious to all and it is the business of the Irish volunteers to see to it that it continues to grow more intense and more menacing to the invaders.

## WOMEN IN TURKEY FIND NEW PURSUIT SINCE RECENT WAR

(Continued from page one.)

In Turkey, always took a great interest in her struggle for education against such strong odds and she finally finished her course a number of years ago. Subsequently three of her sisters graduated from the same college.

Although educated in a school where the teachers were all Christians, she retained her Mohammedan faith but removed the black veil from her face as many other Turkish women have since done. She is a firm believer in the superior cultural value of Mohammed's teachings. Mrs. Hanem resided for a time in England and other European countries. She is slight in build, but has an attractive face and possesses convictions on the subject of Turkish nationalism. Because of her unusual power as an orator, she has been a popular speaker in behalf of the nationalist movement in Anatolia.

The Salvation Army has been on the job the past year. Here's part of the record: 46,500 jobs found for men and 16,747 found for women; 5,000 mothers and 25,000 tenement kids taken for a vacation in the country; 200,000 Christmas dinners given to the poor in the United States last Dec. 25; 70,000 poor youngsters given Christmas toys at the same time.

## LABOR CONDITIONS IN EUROPE SEVERE IN MANY SECTIONS

(Continued from page one.)

Several Italian industrial centers have been the scenes of numerous strikes during April, some of which are continuing. This situation generally prevails in some Spanish cities. The labor situation throughout Germany has been in a disturbed condition since the Kapp revolution but no special demonstrations have been called for May Day. Seventy-thousand industrial workers have been on strike in Vienna but there has been nothing to indicate renewed demonstrations in Austria on May Day.
