

SAYS CHANGES ARE GOOD FOR SUCCESS IN SUFFRAGE FIGHT

Assemblyman Lyons Thinks Delaware Will Probably Ratify Amendment.

RECESS OF TEN DAYS BRIGHTENS SITUATION

Says Factions Have Employed Every Legitimate Means for Final Success.

Washington, May 2.—The chances that the Delaware legislature will ratify the Susan B. Anthony amendment to the Federal constitution when it reconvenes Wednesday are better than they have been at any time since the session opened more than a month ago.

Though the recess of ten days has served to brighten the situation for the suffragists, Mr. Lyons is by no means confident that Delaware is going to ratify.

In fact, he believes that the members of the lower House opposing ratification have gone on record so bitterly against ratification until they cannot about face without sacrificing political fortunes.

While personally insisting that he has employed every legitimate means to bring about ratification, his own attitude justifies the charge made by Democrats that the Republican party bosses do not want to see the suffrage amendment ratified in time for the women of the nation to be voting in the November election.

He construes the recess of the Delaware body as a victory for the suffragists which may be productive of a sufficient change in sentiment to force the ratification resolution through the house.

Just at the time when the success of the amendment in Delaware seemed most assured, it is said here, the suffragists were set back by the injection of the risk question, a play staged by the woman's party that had a boomerang effect.

De Valera pointed out to the Delaware solons that the Irish platform called for equal suffrage whereupon "Bill" McNabb, leader of the bi-partisan opposition group, renounced his "allegiance" to the Irish cause and set about to add to the strength of the 18 votes he had already "hog tied and made ready for delivery."

PINETOPS DECIDES TO BE MEMBER OF CAROLINA LEAGUE

Sends Notice of Decision to League Officials in This City Today.

FIVE CORNERED LEAGUE SEEMS NOW INEVITABLE

Five Cities Show Willingness to Schedule for Present Number Clubs.

The Pinetops base ball club has unconditionally accepted the agreement for admission into the Eastern Carolina Baseball association and is ready to play ball immediately.

In the meeting of directors of the association conducted in this city last Friday evening there was much indecision in evidence concerning Pinetops' participation during the season because the town only had one or two representative present and they were not authorized to state emphatically whether admission would be applied for and were unable to place the required sum of money involved in the forfeit.

Now that all five cities have shown a willingness to present the forfeit and abide by the by-laws drawn up at the recent meeting here, it is only a matter of a short time before training

ANNETTA RIBECOVA TO APPEAR HERE IN CONCERT TONIGHT

Kathryn Riggs Also Will Appear in Attraction at Training School.

Annetta Ribecova and Kathryn Riggs the two artists who are to appear in the concert to be given at the Training School at 8:30 this evening, under the direction of the End of the Century Club, assisted by the Edgar Allan Literary Society, have arrived and are in fine shape for the concert.

Annetta Ribecova has been singing in Florida during the season at Palm Beach and other famous resorts. She is on her way back to New York and from there goes to fill engagements at Ocean Grove and in Canada.

Tickets are \$1 and will be on sale at every drugstore in town and at the door.

May weather starts off with making fine comfortable.

ARGENTINA POLICE SLYLY OUTWIT RED ELEMENT IN RIOTS

How Police Put Down Communist Revolution Told by Informed Party

RADICAL ELEMENTS HAD PLANNED REIGN TERROR

Detectives Sent Among Laborers to Discover Already in Progress.

Buenos Aires, May 3.—How the police of Argentina, before the date set for the "Communist Revolution" in combination with the recent general strike here, outwitted the Reds and prevented the uprising has just been revealed to The Associated Press correspondent.

Radical elements, mostly of foreign extraction, had planned the reign of terror for the same day on which the Kapp revolution in Germany began.

The police, who had learned of the plot long in advance, however, on the night before the revolution was to take place, descended upon the communist resorts, arrested nearly 300 men and women and confiscated several arsenals of bombs, arms and ammunition, together with large quantities of anarchistic literature.

The government, it developed, sent detectives among the communists, some of whom joined their organization and actually helped to manufacture the bombs with which the reign of terror was to be started.

The communists, it is alleged, formed part of a labor organization known as "The Fifth Congress of Anarchism" which some time ago separated from

PRESIDENT WRIGHT GIVEN GOLD WATCH BY CLASS SENIORS

Handsome Watch Presented by Young Women of Training School Today.

At the Training School at the morning assembly period there was an affecting scene when the president of the Senior Class presented to Pres. Wright in the name of the class a handsome watch.

Miss Mildred McGotter, president of the Senior Class in her presentation speech expressed in simple language and in a very few words that rang true, the great regard and affection the class feels for President Wright.

The greatest reward is the realization of having been of some real service to any of you to help you to be better or stronger or to render more efficient service, then I feel that what I have done has been of real value.

The Seniors had kept their secret well therefore the occasion was a surprise to the school.

POTEAU'S RECITAL ENJOYED BY LARGE CROWD SATURDAY

Song Recital by Noted Baritone Features at Training School Saturday

VARIED PROGRAM HAD FAVORITE FOR EVERYONE

Miss Bertolat Renders Accompaniments Charming and With Simplicity.

The song recital by Dr. Hubert PotEAU was very greatly enjoyed by the music lovers of Greenville who were so fortunate as to be at the Training School on Saturday evening.

The program was so varied that all present found some special numbers that appealed strongly, so it is difficult to say just what the favorites were.

Miss Bertolat played the accompaniment charmingly with sympathy and in complete accord with the spirit of the singer.

The people of the community and the school are indebted to the Sidney Lanier Literary Society for this musical treat.

CLARK GETS HEAVY FINE FOR SETTING FIRE TO CITY JAIL

Young White Man of City Fined \$167 by Mayor for Being Disorderly.

William Clark, white man of this city, was fined \$167.00 by Mayor D. M. Clark in Mayor's Court this morning, as the result of an attempt to destroy the city jail by fire last night several hours after he had been incarcerated by officers on charge of drunkenness, disorderly conduct, driving an automobile while in the state of intoxication and one or two minor charges instituted by the police subsequent to his activities during the day.

Clark's troubles were precipitated in rapid succession yesterday afternoon for after becoming intoxicated, he entered the segregated district of the city and evidently was to lively for the inmates.

Several hours after his arrest, Clark evidently became disoriented with environments of the city guard house, piled up all available bed clothing in the center of his cell, asked for a match through the bars intervening between his liberty, and then set the pile of clothing on fire.

KANSAS PLANTERS PRODUCED RECORD CROPS LAST YEAR

Approximately 150,000, 000 Bushels of Wheat Produced During Year.

AVERAGES SHOW LOSSES OF 43 CENTS PER ACRE

Exhaustive Analysis Shows Labor Conditions Responsible for Failure.

Topeka, May 3.—Kansas farmers raised the record wheat crop of 1919—approximately 150,000,000 bushels, which was marketed for \$200,000,000—at a loss of 43 cents an acre, state average, according to Secretary J. C. Mohler of the State board of agriculture, who bases his conclusion on an exhaustive analysis of the crop and questionnaires of 2,040 wheat growers in all counties in the state.

The report states that if the return to the crop had been equal to the cost of production, "as calculated in this investigation," the average farmer would have received:

A moderate rate of interest (5 percent) for the use of capital represented by land, building, and equipment for wheat.

The going wage of a farm hand for his labor; for the greater part of his time to wheat \$55 a month and board.

A compensation of \$2.50 a day for his services as a manager for the time devoted to wheat, an average of 97 days a year.

Sufficient allowances to cover necessary repairs and replacements.

One-third his house rent.

Some protection against crop failures, through charging to the acres harvested the cost of seed and seeding the acres that are on the average abandoned annually.

Secretary Mohler said: "A considerable (Continued on page six.)"

HOOKS ANNOUNCES HIS CANDIDACY FOR THE LEGISLATURE

Ayden Man Urged to Enter Race for Honors of Office for This Section.

At the solicitation of many of the leading men of Pitt county, I have decided to become a candidate for the House of Representatives. I have long nourished an ambition to serve the people of my county in the legislature, and now that the opportunity has presented itself, I will offer my candidacy subject to the primary to be held on June 1st, 1920.

MANY DELEGATES TO BE CHOSEN FOR GREAT CONVENTION

Indiana Will Hold Preferential Preferential Primary for Convention.

SEVERAL STATES READY TO SELECT DELEGATION

Utah Republicans Hold Convention Today and Maryland is Also Ready

New York, May 2.—Fifty-four delegates to the Republican National Convention and 68 delegates to the Democratic National Convention, will be selected in primaries and State conventions to be held this week.

Utah Republicans hold a State convention at Price tomorrow, at which delegates are chosen, four district delegates and four at large.

Sixteen delegates to each National convention will be elected of the Presidential preference primary in Maryland tomorrow.

Kentucky elects 26 delegates to the Democratic National Convention at a State convention at Louisville on Tuesday.

California holds a State-wide primary Tuesday to choose 26 delegates each to the Republican, Democratic and Prohibition National convention.

On the Democratic ticket in California Henry H. Childers, of Los Angeles, who favors a liberal interpretation of the National prohibition amendment, is running as a lone candidate against a group of 26 unpledged candidates.

There are four Republican candidates in the preferential Presidential primary in Indiana on Tuesday. They are Governor Lowden, General Wood, Senator Harding, of Ohio, and Senator Johnson.

The names of no candidates for the Democratic Presidential nomination will appear on the ballot in Indiana, although voters have the privilege of writing in names of candidates if they so desire.

Boost the Greenville baseball club and inspire its leaders to have the winning aggregation of the Eastern Carolina league.

Next Saturday will be circus day in Greenville. Again we'll preside at the red tenonade and peanut booth, futilely hoping current events will take care of themselves until after the big show, at least.

If Berlin, Germany, could get by with May Day without demonstrations or disturbances of any kind, it looks like the entire world might be in a complete state of peace and tranquillity. Disrupted political elements have done much to retard German recovery from several years of warfare, but if riots and revolution can be eliminated for the next several months its recovery no doubt will be rapid.

May Day demonstrations in various parts were somewhat below the average, although several small riots occurred in which two or three persons lost their lives. But as to anticipated strikes, none occurred, and officials are sanguine that the sentiment created by the riots may pass away without further disorders occurring. In America radical elements were felled before the day of demonstration came, and it is safe to say little will transpire that will sway sentiment from its present fixed place.

May Day activities in Canada featured in a strike of fifteen thousand coal miners, protesting against the arrest of one of their leaders. If the strike should have been in this county wonder what the senate would do about it. Would it have been "outlawed" or simply called a voluntary walkout of employees. In either case, strikes are strikes, production is decreased, the county suffers harm in many ways, so whatever version senatorial powers might give of the affair, it is plain that strikes generally are preconceived without investigations being necessary to ascertain this point.

In defending the issues of President Wilson in an address before the New York Press Club Saturday evening, Bainbridge Colby, it is believed, did exactly what thousands of other admirers of the president would have done if they had been in his place. It was only natural that he should have spoken favorably of Mr. Wilson, some would say, but simply because Mr. Colby holds a high position in executive circles of the government is no reason he should defend the chief executive; but he did it, and did so no doubt with clear consciousness of doing the right as he saw it. The president is still the greatest statesman that has ever lived regardless of encomiums and impassioned attacks upon him, and although he has been severely handicapped by physical disabilities within the past several months, he still occupies a high place in the opinion of admiring people throughout virtually every part of the nation.

UNIQUE MONETARY SITUATION.

The United States and South American and Oriental nations, which as a consequence of the war have an abnormal proportion of the world's stock of gold, may reasonably expect a persistent drain on their holdings of the metal until an approximate world equilibrium has again been restored, the National Bank of Commerce in New York says in the May number of its magazine, Commerce Monthly. This will compel the nations so situated to readjust their credit structures within themselves. At present, the bank declares, the world monetary situation is unique as a result of the war which overturned the currency systems of Europe.

A return to the gold standard throughout the commercial world seems to be the most practical solution of the current monetary problems, according to the bank. To bring about this return, it says, the prevention of additional inflation, the more or less gradual reduction of the volume of outstanding currency and credit and the increase of production are necessary. A prediction that gold will be employed for money uses more effectively in the future than it has been in the past also is made.

It is shown in the article that between 1913 and 1918 the money stocks of gold in France decreased from \$1,200,000,000 to \$664,000,000; in Great Britain from \$830,000,000 to \$506,000,000; in Russia, from \$1,012,000,000 to \$412,000,000, and in Germany, from \$916,000,000 to \$720,000,000. Meanwhile in the United States the gold money stock had increased from \$1,05,000,000 to \$3,165,000,000. Using the year 1913 as a 100 per cent. basis, currency in the larger countries had by 1919 increased as follows: United Kingdom, 24 per cent. France, 375 per cent. Italy, 435 per cent.; and Germany, 875 per cent. During the same period the currency expansion in the United States reached only 171 per cent.

In countries which have developed the use of credit to a high degree, the war occasioned a similar expansion in the volume of credit, it is pointed out. In England, according to a recent estimate, the volume of bank deposits, exclusive of those in the Bank of England, approximated 1,070,000,000 prior to the war and at the end of 1919 totaled \$2,300,000,000, an increase of 115 per cent. In the United States deposits subject to check increased from \$8,520,000,000 in June 1915 to \$21,064,000,000 in June 1919, an advance of 147 per cent.

"The war played havoc with the world's money, and its restoration to soundness is one of the major problems now to be solved," the bank says. "Good money is necessary to the working of our existing industrial order. The restoration of money standards that will be reasonably uniform throughout the commercial world and reasonably stable over periods of time, clearly is desirable. A return to the gold standard, which constituted a workable system before the war, seems the most practicable way out of present difficulties.

INCREASING PAPER RATES.

Charles A. Munsey, New York publisher, presents the impression that a reduction in the sizes of newspapers would come nearer solving the present shortage of newsprint than any other one thing which could be suggested. Appearing before the senate committee investigation condition surrounding the situation in this country, Mr. Munsey expressed the opinion that it would be better for publishers to double their subscription and advertising rates in preference of having the government specifically limit the number of pages for each paper throughout the nation. The idea, as we see it, is pretty sound and should be deserving of no little consideration on the part of publishers who are up against one of the most unusual and remarkable situations in the history of the newspaper. The shortage of forests from which paper pulp is obtainable is chiefly responsible for prevailing conditions, and as several years will be necessary for the trees to regain normal size it is imperative on the part of every American paper to urge upon the government the importance of preserving such trees in order that the shortage may to some

In the next several years, some what publisher will do to cope with the deplorable state of affairs must be settled among interested parties in each locality and in the way most suitable and expedient to printers and newspapermen of these regions.

If General Pershing can go down to Panama and get by with kissing several pretty girls, as statements say, it wouldn't be advisable for young members of his army to be in "his shoes." The girls might regard the situation in a somewhat different light, and the kisses would be expensive.

(Continued from page one.) among various clubs will begin, although as yet players have not been signed. Each team will play from four to five college players, the remainder of the clubs to be made up solely of home players. This decision, according to officials, will come nearer meeting general approval of people than all professional players or all home players, and for that reason, it is conceded that all clubs will prove a greater drawing card in their respective cities than they would have under other conditions.

The Greenville aggregation has already placed an order for all requisities of the game, and while this has not been received and no players have been selected, it is assured by club officials that this will be accomplished as soon as possible so that training can begin. Definite date for opening of the season will be decided upon immediately following arrangement of schedule agreeable to the participating cities, and as each town is anxious to see the splendid exhibitions promised, there is little doubt but that every effort will be made for an early opening.

The plot was planned to place the city under control of a "Central Soviet Committee." Checking of Confidential Reports Causes Restoration of Confidence.

Places Today.

Washington, April 30.—After checking over confidential reports from all parts of the country, government officials expressed confidence tonight that threatened May Day demonstrations by radicals would not result in any nation-wide attempt at violence.

While taking this view of the situation, the Department of Justice renewed its warning to local authorities everywhere that if the radical elements were to be kept under control every law enforcing agency, State and Federal, must be awake and equal to the dangers real and fancied.

Assistant Attorney General Garvan, who directed raids on Communist and Communist Labor party organizations in January, declared as he went home for the night that late reports indicated what violence might occur would be sporadic.

Most of these reports showed that the radicals were preparing gigantic propaganda demonstrations, but meetings are scheduled in many places and it is at these that trouble may develop, according to Mr. Garvan. The department, he said, would allow "those gatherings to talk themselves blue" but government agents would observe tenor of agitation. Agents have been instructed "not to incite or excite trouble in any such assemblages."

It was disclosed by Mr. Garvan that several members of congress, three Federal Judges and an attorney recently active in investigating radical disturbances had been marked for assassination. With the early discovery of the plots, however, Mr. Garvan believed the officials, against whose lives the plots were directed, now are amply protected.

Appeals of the Communist Labor leaders for May Day strikes appear not to have met with a kindly reception, although there were threats of strikes in some sections. Thousands of workers may lay down their tools tomorrow but Mr. Garvan believed this would be more in the nature of a declaration of a holiday than with a malicious intent to cause a great tie up.

Timber workers in Wisconsin and Washington may remain away from work, according to reports. Federal agents advised, however, that their latest information disproved claims of direct collusion between those workers and the radical leaders.

Mr. Garvan called attention to the apparent unlimited amount of money employed by the communist labor part in fomenting disorders, declaring that, at no time in history, had a radical movement been so plentifully financed. He traced the source of these funds to Amsterdam and thence to Russia.

The amount of radical literature circulated within the last week was described by Mr. Garvan as "amazing" as he pointed to the scores of different periodicals, pamphlets and circulars together with special editions of radical newspapers piled in his office, appealing for a "May Day show of power." Exponent of direct action, he continued, were taking advantage of an opportunity while the nation awaited developments "to lay their incendiarism on the people's doorsteps."

Large acre yields of cotton mean smaller costs per pound. Suppose 300 pounds are produced at a cost of \$60 an acre—the cotton costs 20 cents a pound. With acres cost only \$45 and yield 150 pounds, the cotton costs 30 cents a pound to produce.

STUDENT SHOOTS TEACHER SIX TIMES WITHOUT INJURY

Chattanooga, May 1.—Jackson Cotter, a student in the Summerville, Ga., high school is in jail for firing six shots at his teacher, Professor Ransom as the latter left school. Ransom escaped injury owing to bad aim. The shooting is said to be in revenge for a severe thrashing.

Only 200 Pounds Heavier Than the Touring Car. Rides on Triplex Springs with Comfort of Heavy Car

EVEN SUMMER EVENINGS sometimes are cool! Dust sometimes blows—or rain. You drive more—more chances with weather. And summer clothes, especially women's clothes, soil easily. Then isn't it good sense to buy a Sedan—Now? Instead of a collapsible top which you never lower, the Overland Four-Door Sedan provides a thick permanent top with greater coolness in hot sun. Plate glass windows give you control of your comfort but never cut off your vision. Triplex Springs make touring easy. Light weight provides economy.

MAYOR'S PROCLAMATION FOR LOCAL CLEAN-UP WEEK

By virtue of the power vested in me as Mayor of the Town of Greenville, I hereby declare and set apart the week beginning today Monday the 3rd day of May "Clean-up Week," and request all true and loyal citizens, who have pride in the beauty and health of our town, to not only individually and collectively observe the regulations, but to personally interest themselves in making Greenville a clean and healthy place to live in.

The town carts will carry off the trash and rubbish that you rid your premises of, but let me ask that you do not stop at cleaning your own premises—see that the people town is clean—take a personal interest in the "clean-up" program, and report any public or private places that are not receiving the proper attention. Such information will be appreciated by the authorities.

If you see a sheet of paper being blown about near your feet don't kick it aside and keep going, just pick it up and deposit it in the near by trash container, and likewise don't drop your envelopes or empty cigarette boxes where you happen to be standing, it will take very little more effort to carry it a few feet further to the trash can.

With very slight individual effort and public co-operation our town can be made a source of state pride for cleanliness, beauty and health.

All together, lets pull together and make Greenville clean.

Respectfully,
D. M. CLARK, Mayor.

OFFICERS ARE INSTALLED AT TRAINING SCHOOL

The service for installation of the new officers of the Y. W. C. A. at the Training School was held last night. The choir sang softly as both the old and new cabinet members marched across the stage and took their places. After the reading of an appropriate scripture lesson and a prayer, Miss Hensley retiring president of the association made a short talk comparing the Y. W. C. A. of the year 1919 and 1920 with the first year it was organized. She also gave a summary of the work by the Y. W. C. A. during the year. Miss Hensley handed the new president, Miss Mary Daniels the constitution of the Y. W. C. A. as she gave up her office to her. Each member of the old cabinet gave her place to the new member. Miss Daniels made a short talk on the work of the Y. W. C. A. is planning to do for the coming year.

Miss Aileen Jones sang a solo and Misses Alice Sutton and Elsie Wilson a duet.

The new officers and cabinet members are: President, Mary Daniels, vice-president and chairman of membership department, Helen Watson, secretary; Mary Sumner, treasurer; Marie Lowry, chairman of publicity department; Julia Taylor, chairman of world fellowship department; Sallie Belle Noblin, chairman of religious department, Elizabeth Babson, chairman local service department; Ruth Dean, chairman of social department Earle Wynne.

HELP CLEAN UP.

Today marks the beginning of a campaign in Greenville which should be of vital interest to every citizen, since the work which should be accomplished is of such a nature that it provides for better health, more thrift, greater beauty and happiness for the entire citizenship. This is the beginning of the "Clean up and keep it up" campaign in our town. This name has been chosen because we know that no place should be giving a thorough cleaning, and then wait for months, letting trash collect, before it is cleaned up again. We want the people of Greenville to keep a close watch on their property and on the town in general, to see that no rubbish is allowed to collect from one week to the next. The Boy Scouts will visit the citizens and ask them to join the "clean up and keep it up" club. These boys are greatly interested in making their home town a better place in which to live. Be sure you do not show a lack of interest whenever they visit you.

TWO THOUSAND SHARES IN BUILDING & LOAN SERIES

The 20th series of the Home Building and Loan Association which opened Saturday went considerably above two thousand shares, making it the largest series in the history of the association, as was predicted it would be. There is every probability that the series will add a few hundred more shares before the books close. It shows what Greenville folks think of building and loan.

FOUR STILLS CAPTURED IN THIS SECTION LATELY

Sheriff Dudley and his officers have been busy for the past two days with the result that they have four more captured stills to their credit. On Saturday two stills with no whiskey were taken on the farm belonging to Mr. Ash Tripp. Mr. Tripp seeing the men moving the stills on his land notified the sheriff with the above results. Yesterday the sheriff and his officers captured two stills in the Beaver Dam section, also fifteen gallons of liquor. No men were captured in either instance.

Exery Evening From Now On

This little space will talk plain facts in plain terms about men's and boy's clothing and furnishings.

The conversation will be changed DAILY—you will never be asked to read the same copy twice.

Among other things, we expect to feature Kuppenheimer, Hickey, Freeman, Fashion Park and Styleplus clothes—there being so many strong points about these wide known garments that it won't tax our imagination to keep this space fresh, and green and well trimmed with good interesting material.

Look for our message tomorrow—we'll be standing right here on the same corner.

WALTER L. MAIN'S FASHION PLATE SHOWS.

Representatives of the Walter L. Main Fashion Plate Shows have completed all arrangements for the appearance of that World-Famous enterprise in Greenville, May 8th.

For more than a decade the Walter L. Main Shows have maintained a prominent place in the front ranks of American shows because of its unusual characteristics as a Circus; its essential quality of "Different from the other shows," its fine menagerie and its great display of fine horses. What often may be expected when it is announced that we are to be treated to such an exhibition. Surely the patrons of tented amusements will be justified in expecting an unusually meritorious performance and they will see surprising exhibitions of trained animals and skillful performers such as they have never before witnessed.

The Walter L. Main Fashion Plate exhibition in Greenville on Saturday, May 8th, giving two complete performances at 2 and 8 P. M. Also a grand spectacular street parade at 12 o'clock noon.

BAPTISMAL SERVICE IN MEMORIAL BAPTIST CHURCH

At the conclusion of the services in the Memorial Baptist church last evening a beautiful baptismal service was conducted. Dr. Hurt who has been conducting the services left Saturday, and the two sermons yesterday were preached by the pastor, Rev. W. H. Moore. Eleven young ladies and men were baptized.

YOUNG'S

ANNOUNCEMENT.

To the Democratic voters of the Fifth Judicial District: I have entered the Primary for the office of Judge in this District.

I have practiced law for the past 18 years, during which time I have assisted in the prosecution of the Federal docket for about 7 years. Since entering my name for the judgeship I have resigned the office of Assistant U. S. attorney.

Before beginning the practice of the law I had fourteen years experience in business, beginning life as bank book-keeper at the age of 16 years.

I shall not make a canvass of the district for the Judgeship. My conception of the duties and responsibilities of the high office of judge is such that in my view a canvass, and the methods of the political campaign, usual and perfectly proper for other offices—purely political, tend to cheapen and lower its tone. I would rather lose the nomination and never hold the office than lower it a hair's breadth from the high plane of honor and dignity on which our fathers have placed and kept it in North Carolina.

I shall appreciate the support of all democrats in the district; and if by their sufferages I should be elevated to the Superior Court bench, I assure them that its high traditions shall be upheld, and in the administration of the office justice shall be meted out to all men alike.
