

WOMEN'S CLUBS TO FIGHT HIGH PRICES IN LOUISVILLE, KY.

Church Leaders Also to Assist in Curbing High Prives of District.

THOUSANDS JOIN ISSUE FOR CUTTING HIGH COSTS

Cheaper Living Committee Will Direct Work and Provide Information.

Louisville, May 8.—Leaders of churches, and women's clubs and social workers here are engaged in a city-wide drive to induce residents of Louisville to join in a campaign to cut down the cost of living by curtailing reckless buying at high prices. Thousands have already joined and it is hoped eventually to enlist 200,000 persons.

The movement was inaugurated by Louisville club women. It was endorsed and given impetus by the Presbyterian Minister's Circle, the Crescent Hill Forward Club and the Conference of Social Workers. Churches have approved it and United Trades and Labor Assembly and the Building Trades Council have been asked to join in a permanent organization.

It is proposed to organize a Chapter Living Committee to be composed of representatives of many civic organizations.

Mayor George W. Smith has given the movement a semi-official endorsement by announcing his adherence and Mr. Smith has promised that her household will be conducted so near as possible along the lines of economy suggested by the promoters of the idea.

The drive against reckless buying is headed by the Rev. Dr. Charles W. Welch, president of the Louisville ministerial association, who is aided by a committee including in its membership a Roman Catholic priest and a Jewish rabbi as well as representatives of women's clubs.

"Buy no new clothing, shoes or other wearing apparel," is the first plank in the economy platform. "Wear what you have, no matter how shabby or out of style," it continues and adds: "Reduce the consumption of meat in each household; abstain from candy, soft drinks and other confections; deposit money in the bank and keep a record of money saved through practicing economies."

"If the people of Louisville will take this movement seriously," said the Rev. Dr. Welch, "we actually can force down prices here on the necessities of life. Persons generally are spending money like drunken sailors; labor, which should be producing essentials, is devoted to non-essentials. This is not the time for overalls, except for working people. We don't want fads—what we do want is at least 200,000 Louisville people to join this campaign. Let's make it a badge of honor to wear old clothes, carry lunches to the office, abstain from sweets and buy nothing not absolutely needed. Then watch prices drop."

NITTI PREVENTS FALL OF ITALIAN CABINET

Rome, May 7.—Attempts to bring about a vote which might result in the fall of Premier Nitti's cabinet were made by the opposition in the chamber of deputies. The premier frustrated them by declaring he would not consider any such vote as implying lack of confidence in the government.

He said he wished to prove he did the ministry's policy and proposed not desire to escape a real vote on such a vote should be taken on Friday.

The spirit of the indomitable parades of the southwest remains a blessed memory. The sturdy men of the cloth who pioneered the way into the Golden West in the fact of such almost insurmountable difficulties as an unknown country, fierce Indians, hunger and thirst will never be forgotten.

CITY ALDERMEN IN BUSY SESSION HERE THURSDAY EVENING

Several Important Matters Taken Up in Regular Monthly Meeting.

EXTENSION OF SEWERS RECEIVED ATTENTION

Water and Light Commission Asks for Money for Needed Improvements.

Several matters of more than usual importance were taken up at the regular monthly session of the board of aldermen conducted at the city hall in this city last Thursday night, and while only tentative action was possible in a number of issues preliminaries were sufficiently satisfactory to justify favorable conclusion at a later date. The meeting was presided over by Mayor D. M. Clark with the following present Messrs: Hearne, Tyson, Tunstall, Van Dyke, Hooker, Hassell and Bowen. Alderman Hadley being absent on the account of other pressing business matters requiring his immediate attention.

The minutes of the last meeting were read and approved. Alderman Hearne motioned that the town provide for the issuance of bonds in an amount necessary for sewer extensions in parts of the city where this was found necessary.

The motion was presented as a result of several applications for sewer extensions from various parts of the city and as definite action was not taken the matter was referred to proper committees for consideration. It was ordered that a light be placed on every corner from the town ravine to the town limits eastwardly.

The finance committee was instructed to devise ways and means to raise (Continued on page four.)

THINKS EXCESSIVE PROFITS OF TRADE BOOST HIGH PRICES

Labor Not Responsible for High Prices, Secretary of Board Says.

Washington, May 7.—A study of profiteering in American industry, made under the auspices of the railway brotherhoods, was presented to the railroad labor board today in support of the railway workers' demands for higher pay and to refute the charge that increased labor costs are responsible for the high cost of living.

Prepared by W. J. Lauck, former secretary of war labor board, the study seeks to show that profiteering in industry is the fundamental cause for high prices in practically all commodities. It gives many statistics to support that contention.

Calling attention to the many war-made millionaires, the study contends that a three-fold relationship exists "between high prices, profiteering and the addition to the quota of millionaires" and that the increase in the wealth of the wealthy is an "unanswerable" refutation to all attempts to charge labor with profiteering, and to all attempts to hold labor responsible for the high cost of living.

"For, if invested wealth gets a larger return," said the study, "a larger proportion of the national income than formerly, the man who gives personal service or labor is bound to get a smaller proportion. The menace of the future lies in the probability that the vast profits which are still held in reserve will be capitalized in order that, under the pretext of a fair return on capital, those who own them may continue to take the larger proportion of national income, even at the expense of every great suffering on the part of the workers, when the overstimulation of war has passed away."

MAIN'S CIRCUS TO APPEAR HERE FOR TWO SHOWS TODAY

Old Circus Aggregation Arrived Early This Morning from New Bern.

MAMMOUTH PARADE WILL BE STAGED NOON HOUR

Two Full and Complete Performances to be Given at Noon and Night.

At an early hour this morning the Walter L. Main circus arrived from New Bern and a large crowd of youngsters were at hand to watch the unloading and setting up of this large city of canvases.

The youngsters were not all school children, for their parents and grandparents were there too. What is it about a circus that makes a dignified business man a bare-footed boy again?

The white tops were erected near the A. C. L. tracks and all morning the lots were crowded with throngs responding to "The Lure of the Sawdust." Small boys were constantly getting in the way of the men in an endeavor to help with visions of a "free pass" before them.

Remember when you carried water for the elephants?

At noon a long line of glittering parade passed through the business section of the town and three bands and a steam and an air calliope played the sort of music that is particular to circus and needless to say the clown band was escorted through the streets by half the boys in town.

For years the Main Circus has enjoyed the reputation of being "America's Best" and they have strived always to live up to their reputation. From the appearance of the parade (Continued on page two.)

BANKERS DISAGREE WITH OFFICIALS OF LEADING RAILWAYS

Tell Senate Committee \$500,000,000 Not Needed for Railways.

Washington, May 7.—Bankers called before the senate inter-state commerce committee today did not agree with the testimony of railroad executives yesterday that the government should loan \$500,000,000 additional to the roads for new rolling stock. They said, however, that no great part of the \$610,000,000, which the railroad presidents estimated to be necessary for new equipment to relieve present congestion could be raised from the public.

Jerome G. Hanauer, of Kuhn, Loeb & Co., New York, chairman of the committee of investment bankers suggested that instead of making additional appropriations for cars, congress, extends the period of the \$300,000,000 loan already provided for the roads from five to fifteen years; that some money be used in the betterment of terminals, and perhaps in the increase of motive power; and that the roads be so managed as to expedite the movements of cars, and reduce to a minimum requirements for new equipment.

Chairman committee asked the opinion of the witness on a plan of giving a government guarantee for the payment of interest and principal on sums borrowed by the railroads for new equipment.

"The securities issued would then sell entirely on the credit of the government," Mr. Hanauer replied, "and carrying a much higher rate of interest would badly affect the value of liberty bonds and all other outstanding obligations of the United States. Investors would naturally sell the securities of lower yield to make the higher ones."

NEWSPAPER ARTIST BECOMES STAUNCH FRIEND FOR ARMY

D. E. Randall Won Over Through Act of Mercy of Salvation Forces.

PRIVATE CITIZENS ARE AWAKENED TO ACTIVITIES

Commendation From Artist Help People to See Splendid Accomplishments

Atlanta, Ga., May 8.—How the Salvation Army, through an act of mercy, made a fast friend of a well known newspaper artist several years ago was related today by the artist himself to a representative of the Salvation Army in Atlanta.

The artist is D. E. Randall of the Atlanta Georgian and Sunday American. In 1913 Mr. Randall was in Roswell, New Mexico. One day a man nearly dead from tuberculosis stepped off the train. He had only \$2 and no friends, but doctors had told him New Mexico was his only chance for life. He had no place to sleep and was suffering from lack of nourishing food.

Mr. Randall became interested in the man. He visited private citizens, city officials and various charitable organizations. These were already taxed to the limit by the throngs of invalids that were there seeking health, but one or two kind-hearted persons agreed to aid the man for a week or so.

"The man was facing death from starvation and disease," says Mr. Randall, "and something had to be done for him right then. I had tried every source I knew but the Salvation Army. I saved the man for the last because I knew they were hard pressed. I went to the officer in charge and asked him what he could do."

MEMORIAL DAY TO BE OBSERVED HERE IN USUAL MANNER

Confederate Veterans Will be Given Usual Reception and Good Time.

Although nothing more than tentative arrangements have been completed for the reception of Confederate veterans in this city Memorial Day, the committee on arrangements yesterday evening announced that Hon. F. C. Harding of this city had been chosen to deliver the principal address of the day, and as he is well and favorably known by every veteran throughout the district, it is assured that his message will be of greater interest than any other in several years.

As customary the exercises will take place in the courthouse in the morning, and at noon the veterans will march to Cherry Hill cemetery to pay respects to late comrades. In the march to the cemetery it is probable that the Boy Scouts and other organizations of the city will participate to make the event of its usual significance to old soldiers coming from various parts of the county to mingle in the continually thinning ranks of old comrades.

The usual dinner will be served in the corridor of the court house immediately following the morning and noon exercises, and it is expected that practically every man who attended the exercises last year will be present, with the exception of one or two passed away since that time.

Banks and other public institutions will close in observance of the day, and it is the purpose of the committee of arrangements to make the occasion one of more than ordinary importance and impressiveness to those who respond to the call of the thinned ranks of the old Confederacy.

INSURANCE AGENTS GIVEN BANQUET BY DISTRICT MANAGER

Entertains Agents of Territory in Splendid Way.

GREENSBORO MANAGER PRINCIPAL SPEAKER

H. B. Gunter Outlines Plans for Million Dollar Business for Year.

Representatives comprising virtually six counties of the Eastern section of the state were in attendance in this city last night at a banquet given by Mr. J. C. Oates, district manager of the Southern Life & Insurance Company, the occasion being for the purpose of instilling a greater spirit of co-operation among agents representing the company in this section of the country and with an end in view of making the total sales of insurance for this district go beyond the million dollar mark for the next year.

The banquet was featured by unusual enthusiasm throughout its entirety, and the principal address of the evening delivered by Mr. H. B. Gunter, of Greensboro, general agency manager of the Southern Life & Insurance Company was filled with a number of important questions necessary to the success of future activities in this section of the country. Among prominent representatives present during the evening were: J. D. Foster, of Tarboro; P. L. Loden, of Oak City; T. T. Grimes, of B. F. Rives, of Robersonville; H. A. White, E. W. Harvey and J. S. Willard, of Greenville; H. B. Gunter, Greensboro and Dr. J. C. Green, examining physician of this district.

It is the purpose of representatives (Continued on page two.)

GREATER INTEREST EVIDENT IN GAMES THROUGHOUT SOUTH

Olympic Contests Receiving Attention in South American Regions.

New York, May 8.—With the probability of teams representing some of the South American Republics being sent to compete in this year's Olympic Games at Antwerp, Belgium, the growing interest in track and field athletics in South America was considerably stimulated on April 23, 24 and 25 when teams from Chile, Uruguay and Argentina met at Santiago, Chile in what is known there as the South American Olympic Games. The Chilians won by a total score of 61 points against 43 for Uruguay and 20 for Argentina.

While they were not strictly Olympic games, inasmuch as the first international contest of this kind was held last year between Uruguay and Chile and it is planned to hold the contests annually, they have been so designated by the newspapers as they correspond, in character, to the four year international Olympiads that are held in the northern hemisphere or Europe.

The initial South American international track contest in April, 1919, was held in Montevideo and resulted in a victory for Chile by a score of 64 points to 47. Argentina declined to enter the contest but this year her national athletic organization decided to send a team.

While the records made last year do not approach in most instances those that have been scored at the international Olympiads or by North American club and college athletes, it must be borne in mind that track athletics in South America are practically in their infancy. The Latin-American athletes have not yet had the advantage of the scientific training developed in the northern hemisphere.

BURGLARS PLAYING HAVOC IN PARTS OF GERMAN TERRITORY

Revolution Profiteers in Perpetual Fear of Bold Berlin Robberies.

SCORES OF HOLDUPS ARE PULLED OFF IN DAYTIME

Cases of Housebreaking Have Been Quadrupled Within Three Years.

Berlin, May 8.—In these disturbed days, when the "revolution profiteer" the successor of the war profiteer flaunts his newly acquired wealth in the face of an impoverished populace, robberies and burglaries in Berlin increase at an abnormal pace. Street signs are full of announcements offering rewards for the return of stolen goods, and in one of the main business streets of Berlin a fancy goods store displays this notice:

"Gentlemen burglars are requested not to break open the shop front nor to tamper with the locks. There is nothing to steal here. All property is removed from the shop windows at night."

There have been scores of hold-ups, and the other day a man was stripped of his clothes, shoes and hat and left on the sidewalk in his underclothes.

It is no safe for hotel guests to leave any portable property of any description in their rooms. Articles of clothing have a way of vanishing into thin air, and hotel proprietors decline all responsibility. Police statistics indicate that the number of late robberies has trebled within the last five years.

Shaver typewriters unpadlocked is their culpable negligence on the part of the owner. The Berlin criminal police has been obliged to organize a special department dealing exclusively with stolen machines.

Cases of housebreaking have quadrupled within the last three years. Articles of clothing, bedclothes, carpets and curtains are the objects most desired by the thieving fraternity.

Dishonesty among factory hands has grown to a deplorable extent, the police say. Leather belting disappears wholesale; it is cut up and sold to shoe repairers.

Nor are churches, cemeteries and museums immune from robberies, the booty carried off being mostly ancient gold ornaments and jewelry.

SELLS CLOTHING WITHOUT PROFIT.

Topeka, Kas., May 7.—An old established Topeka clothing store today advertised that all men's suits for 24 days would be sold without profit to the store. E. T. Haskuev, state fair price commissioner, will audit the store's books to ascertain whether the suits are sold at cost.

"Let retail clothiers take a definite stand against awaiting prices," said the proprietors, "and manufacturers will be forced to reflect."

COCA-COLA BOTTLING GO. TO OCCUPY PART HINES' GARAGE

The Coca-Cola Bottling Company of this city has bought a part of Hines Brothers' garage building and will move into the new quarters soon as possible. The Coca-Cola building will be occupied by a wholesale grocery concern operated by Messrs. Woodard & Boykin, of Wilson, so it is stated, and this too will be opened to the public as soon as the building becomes available.

Argentina is not all grassy pampas with gaily-bedecked, gaudily-bedecked gauches matching the speed of the fleet mounts, as one would naturally believe from the moving pictures depicting South American life although built at Fort Lee, N. J., or Cliver City, Calif.

SATURDAY, MAY 8TH, 1920

Today is circus day in Greenville again, and for one more time if never again proverbial red lemonade and popcorn will reign supreme with avid spectators from far and near.

The strike of railway men in France is near conclusion, so we are informed, but as in other statements, no mention was made as to when strikers will resume work.

The Delaware legislature has postponed vote on the suffrage amendment until the latter part of this month, which taken in its true significance, probably means the women are right behind several pompous looking representatives of the legislative body.

It is to be hoped the woodpile at Castle Dome will be kept well supplied during the Kaiser's sojourn in that territory, for if so, the Dutch government may feel perfectly safe in permitting the former monarch's propensities to be his future guide.

That embargo declared on fruit shipments bound for the North may continue for a few days, but if people in that section of the country are getting very tired of canned goods, it's a safe bet that the embargo won't continue for any length of time.

We like to hear the boys talk about baseball, but it would be much better, and probably more profitable for the club if the season is opened within the next several weeks. In fact, the sooner the ball is started rolling the better everyone will feel about the matter.

The Reflector is being issued early today so that members of its staff may be given an opportunity of taking in the circus. Such occasions generally are dear to both young and old, as virtually everything in the office is subject to feminine orders, it may be readily assumed the time off may be pleasant and profitable too.

Carranza has reiterated former refusal to vacate the presidency of Mexico, but if the rebels keep on like they have started there won't be anything else for him to do. The old boy has hibernated to the coast already, so it's either submit to demands of the revolutionists or jump in the Pacific. There's suicide in either course, so no wonder final issues are prolonged.

We are in favor of the overall movement being carried to the limit in every section of the country among members of the masculine gender, but when it comes to fair femininity doling up in such apparel, there's where we balk. The idea of conserving is advisable, but if the "wimmen folks" have got to be deprived of those bright, flimsy garments as some already have been, the overall movement can be called off for all we care. Let the men wear what they will in hitting the high cost of living, but please, Mr. Merchant, let the women have whatever they want to make them look the sublimated creatures of today.

RELIEVING SUGAR SHORTAGE.

As a simple, practical means of helping relieve the acute sugar and sirup shortage, the United States Department of Agriculture recommends the increased production of sorghum sirup which, it is pointed out, requires neither unusual skill nor expensive equipment to make. Furthermore, the methods of growing sorghum are similar to those of corn and in that respect involve little that is new to many farmers. Sirup manufacture is so simple that it can be carried on with profit by individuals utilizing small-sized outfits of a daily capacity of 100 gallons or less. Where operations on a larger scale are feasible, community plants having a daily capacity of several hundred gallons are suggested by the department.

Sorghum sirup is palatable and pleasant flavored, and is an excellent table sirup. It can also be used as a substitute for other sirups or for sugar in making certain breads, cakes, etc., and as a substitute for a part of the sugar used in making preserves and hte like. The cost of producing it at home is relatively low and usually an individual manufacturing it can readily sell any excess over his home needs to good advantage. Sorghum sirup produced during the 1919 season brought the producers from 90 cents to \$1.50 a gallon, depending on the quality, marketing conditions, etc. Thus far the supply has fallen for short of the market demand.

The United States Department of Agriculture has prepared a brief summary of information regarding the growing of sorghum, and the equipment necessary to make sirup. A copy of this circular may be had by addressing the department of agriculture, Washington, D. C.

Rhose Island Democrats favor some reservations to the league of nations, so statements from that territory indicate, and while details concerning special desires were omitted it was stated that self-determination on the part of smaller nations was one of the proposed reservations. Being small itself the state no doubt fully appreciates the position of little governments, and would be glad if the league covenant were so arranged as to make this provision definite and indisputable the days to come. If a few other states should present reservations within the next several weeks, it is possible the president would "agree to a change, but unless the requests are determined and backed by the majority it is safe to say the issue will go through as it is.

Members of the railway unions are very much oppressed by the thought that Attorney General Palmer should have warned the country of probable danger in May Day demonstrations, and have gone so far as to declare the action a "despicable propaganda against labor." Whether it was propaganda or not, it is more than evident that the Attorney General knew what he was about in making the statements, and felt perfectly secure from attack by having the hearty co-operation of department of justice officials. If radicalism is watched as intently in the future as in the past, it is assured that its principles will be completely exterminated quicker than people anticipate.

Herbert Hoover, candidate for the Republican presidential nomination, publicity declares that the California primaries haven't had the slightest tendency of changing his mind regarding the nomination, and that he expects to see campaign through to the end, hopeful, of course, that votes come his way. However, when the primaries are concluded throughout the country Mr. Hoover won't feel quite so confident of his position and may be more easily discouraged.

Immanuel Baptist Church.
Dr. Jas. B. Turner, pastor-elect.
Rev. E. J. Trueblood, of Wake Forest will preach at 11 a. m. and at 8 p. m. tomorrow. Mr. Trueblood is a member of the college Glee Club and is going to teach in Anderson College next year. You are cordially invited to hear him.
Sunday school at 9:45 a. m. Special and organized classes for each one in every family. You will receive the glad hand of welcome at this church.

Several thousand noisy fans witnessed the race and wildly cheered the winning driver.

INSURANCE AGENTS

GIVEN BANQUET BY OATES LAST NIGHT

(Continued from page 2nd.)

of the Southern Life to write some over a million dollars worth of insurance during the coming year, and as this was the principal subject uppermost in the minds of all present, it was only natural that the address by Mr. Gunter should cover the question thoroughly. He told in plain, concise terms of requisites necessary in accomplishing the end in view, and that if the goal would be reached absolute co-operation was necessary every day of the year, among all representatives, and in every office operating under the company's direction. The talk was instructive and interesting in every part and no doubt inspired the banqueters with a desire to realize the ambition in it fullest meaning at the termination of the year's activities.

The event was one of the most enjoyable of its kind conducted in this city is sometime, and there is every reason to believe it will be productive of renewed life in the company's interest throughout the remainder of the year.

MAIN'S CIRCUS TO APPEAR HERE FOR TWO SHOWS TODAY

(Continued from page 2nd.)

They will give two full and complete performances in our city, one at two o'clock and one at eight.

Among the many special attractions is Serpentina, who all winter was on exhibition at the Palace of Curioes, Broadway and 43rd street, New York City and while there was examined by numerous medical and surgical authorities who doubted that anyone could live without having a bone in her body lower than her shoulders. Don't fail to see Serpentina.

Be a child again, go to the circus and laugh at the funny old clowns.

Automobile racing has a stronghold on the sport-loving Argentinians as was evidence dby the recent 218 mile race from Rosario to Santa Fe and return under the auspices of the Gymnasium and fencing club of the first-named city.

Saddle Horses For Sale

I have on hand four good saddle horses for sale. They can be seen at the race track Saturday and Monday.

Maggie Bryan to Mills Robbins, consideration \$5180.

Sallie Odham to J. R. Tarvey, et al., consideration \$500.

J. R. Harvey, et al., to Miss Iola Ipock, consideration \$7000.

D. O. K. K. CEREMONIAL AT ROCKY MOUNT NEXT TUESDAY, MAY 11TH

A. D. O. K. K. Ceremonial for Eastern Carolina will be held at Rocky Mount Tuesday, May 11th. Several hundred visitors will be present besides a class of candidates numbering between 60 and 75.

The ceremonial will begin with a grand parade at five o'clock in the afternoon. After the parade a banquet will be served in the Farmers Mutual warehouse, and the trip across the Desert will start at 8 o'clock in the auditorium of the new Ricks hotel annex.

Several candidates will go from Greenville, besides a goodly number of members.

Messrs. J. C. Gaskin or A. B. Ellington, can give full particulars.

SENIOR CLASS

Of Greenville High School Presents Their Annual Play "Mr. Bob."

"Mr. Bob," a college mate of Kathrine Royson pays her a short visit. Kathrine's cousin Phillip, thinks her a man. Mystery, romance and good humour surround this little bit of deception.

Come and enjoy a good laugh at White's Theatre Friday, May 14th 8.30 P. M.

Admission 55 and 80c war tax included.

CHICHESTER'S PILLS

GIVE YOUR MONEY A CHANCE TO TALK OUT LOUD

There are some clothing stores in this country where a \$50 bill is almost as silent as an iron deer on a Congressman's lawn. And there are still some stores where the same amount of outlay stirs up a volcano of value and gives you just the pattern you like in an all wool, hand tailored Spring Suit.

Ever since Spring selling began we have been talking and advertising the strength of our values—now, we are going to give you a concrete example to think about.

For \$50, \$55 or \$60

you can pick out a suit here that will be just a little bit nicer than any ready to wear suit you ever owned.

And if this sounds too strong—and we hope it does—we'd like to have you ask us to prove it!

CITY ALDERMEN IN BUSY SESSION HERE THURSDAY EVENING

(Continued from page one.)
funds to make sewer extension necessary in the town primarily for the purpose of laying sewerage along Reade street, southwardly, Fourth street easterwardly to the corporate limits of the town and along Dickinson Avenue. Westwardly from the present corporate limits to the Norfolk Southern crossing, and from Fourteenth street Evans street together with other necessary extensions of sewer and water. This committee was ordered to report at the next regular meeting of the board.

Mr. W. L. Hall, as chairman from the Chamber of Commerce reported the willingness of this body to co-operate with the committee or the board of alderman in the purchase of a new cemetery site. The cemetery committee, through their chairman, Mr. C. D. Tunstall, reported that this committee had nothing to report, therefore the issue was continued. Mr. Tunstall said that the chamber of commerce had been asked to meet with this committee in regards to the purchase of a new cemetery.

Members of the water and light commission, through the superintendent, Mr. Williams, presented a lengthy report in reference to much needed improvements to the water and light

plan showing that the approximate cost of these additions would be about \$44,000. It was ordered that the water and light commission be instructed to purchase the necessary equipment asked for in the report provided the cost thereof would not exceed \$50,000, and no payments were to be made under six months from this date.

The street committee, through Chairman Tyson, reported that he had two surveys made of the streets as reported by Mr. Johnson in the vicinity to the warehouse owned by Messrs. Johnston & Foxhall and Gentry & Gorman. He had invited Mr. Gorman to be present at the meeting of the board to present his side of the matter as the board had heard Mr. Johnston's side. However, Mr. Gorman was not present, and for that reason Mr. Tyson asked that the matter be continued.

The mayor was ordered to make necessary improvements in the fireman's room by putting on new cover on the pool table, etc., in order to make the hall more attractive so that the organization could induce more members to join.

The market committee was asked for its report. This report was presented through Chairman Bowen, who stated that the sanitary condition of the market were not up to the usual standard. Mayor Clark state that he had a conference with several ladies of the Woman's club and had asked them to co-operate with the committee of the board of aldermen, on the streets cemetery and market, and submit their suggestions and offer advice to the board. This was in the form of a motion and carried. It was ordered that salaries of Policemen Leslie Hines and J. L. Whichard be increased from \$110 to \$125 per month and that Policeman Jones be made assistant tax collector. Policeman Whichard's salary was raised on this account of him joining the duty of three officers and the increase was granted Jones an account of additional duties imposed as assistant collector.

AS GOOD AS NEW
That's the way we make that worn old tire of yours. Our vulcanizers do wonders with worn shoes and inner tubes. Doubles, often triples, the life of your tires. Isn't it more economical to pay us for good vulcanizing than to buy new tires—especially now when the cost of new tires mounts daily?
