## VETERANS OF CIVIL WAR IN REUNION IN GREENVILLE TODAY

Forty-three Members of Bryan Grimes Camp Respond to Roll Call.

### MAYOR CLARK DELIVERS ADDRESS OF OCCASION

Appropriate Exercises Conducted in City Cemetery Over Comrades.

With forms and features a little bit more drooped and attenuated than usual from years of consecrated service in the interest of their country, some forty odd members of the Bryan Grimes camp of the Confederacy gathered in annual reunion in this city today, scattered flowers over the graves of dead comrades, heard a splendid address by Mayor D. M. Clark, enjoyed the usual barbecue dinner, and then adjourned each and everyone voting the occasion of greater importance and special significance to those who over fifty years ago fought for that which they thought was right and met defeat at the hands of the determined, insistent soldiers of the North, who, with the fixed purpose of sustaining the Union, battled for four successive years before their mission was accomplished.

In the parade to the cemetery it is possible that never before did the old veterans show up to better advantage as they lifted their stiffened, slim figure in response to the bugle call to fall in line. Not a single one of them appeared forgetful of the days when the same bugle notes called them forth upon a mission in which life and death swung like a pendulum through their ranks, taking one and leaving another, to live and realize the true greatness of the cause in which they fought and lost. The same spirit seemed to fill them again today as memories of the old days were recalled for the moment by the military activities of the Boy Scouts, and as each fell in line, caught step with seeming difficulty, swung off in direction of the cemetery, spectators watching intently every movement, swelled with pride and admiration at the natural gallantry and sublime atmosphere of the South each veteran displayed in every motion of the body and haughty, yet humble, tilt of the head.

Six veterans failed to respond to the roll call at the assembly hour this morning, and as each name was read, an expression of sorrow passed over the small gathering as each man realized in unison that in a few short years the camp would survive only through imperishable memories to those left behind. Those reported dead since the last reunion were: John R. Whitehurst, James Sutton, James A. Harris, J. R. Congleton, J. H. Bryant and Craven Sumrell. Immediately following the roll call election of officers took place with J. J. Laughinghouse being re-appointed camp commander, W. A. Hyman, Lt. Commander, G. W. Williams, secretary.

Shortly after the business meeting of the camp services were conducted at the court house, preceded by prayer by Rev. W. H. Moore and songs by high school girls. Preceded by the Boy Scouts, and followed by the high school girls the veterans then marched to the city cemetery and scattered flowers over the graves of old comrades.

Returning to the court house they assembled in the court room and heard Mayor D. M. Clark deliver the principal address of the day. The speaker reviewed briefly the participation of Southern soldiers in the great conflict between the North and South, carefully presenting developments taking place during the intervening years. The address was particularly impressive and forceful and tended to inspire the thought that recollections of the Confederacy will ever remain among the most treasured thoughts in Southern life.

Immediately after the address dinner was served to veterans and their wives in the corridor of the court house in which a splendid spirit of sympathy and understanding were shown by visitors invited to participate in the day's activities.

## PHILLIPS TO HEAD SALVATION DRIVES IN THIS TERRITORY

Presbyterian Pastor Named Chairman for Salvation Army Campaign.

### ASKS CO-OPERATION OF PEOPLE IN THIS CITY

Campaign Will Last Only Few Days, and Quick Work is Necessary.

Rev. S. K. Phillips, of Greenville, N. C., chairman of the Salvation Army in this county asks the co-operation of his friends and the friends of the Salvation Army to help put the campaign over-the-top. "The Salvation Army campaign is on practically, and will last but a few days, consequently it behooves everybody to do their duty as soon as possible in order that the people of this state may show their appreciation for the worthy work of a band of people who risked their lives for the comfort of our boys in France, and who are now preparing for an extension of its work in times of peace.

"The Salvation Army did nothing new in the great World War. Its army of workers only transferred their activities to a field of battle between men, for it has been fighting a battle of vice, poverty, sin and misery in our own fair land for fifty years and has won many a battle in its work of relieving suffering. It reclaims yearly thousands of girls who have gone astray. There is hardly a county in the southern states that does not contain men and women out into the world too weak to fight the battle of existence and who sooner or later are helped by the Salvation Army.

"It makes very little fuss about its charitable work, but it is constantly at it and hundreds of thousands of people can testify to its worth in the cause of humanity.

## AIRSHIPS WILL BE EXHIBITED IN BIG AERO CLUB AFFAIR

Comprehensive Exhibits to be Included in Atlantic City Meeting.

Philadelphia, May 10.—One of the comprehensive exhibits to be shown at the coming exhibition of aerial supplies and all types of flying machines at Atlantic City, N. J., by the Aero Club of America, from May 10 to May 30, is expected to be the display by the board of appraisal, survey and sale from the Philadelphia navy yard.

One feature of the exhibit will be the daily flights made by experienced aviators. The flights will be made in various types of machines that will be placed on sale by the navy department.

A centre of attraction probably will be the Liberty motor, which will be set up in running order to demonstrate its efficiency and the horsepower that can be developed from a gallon of gasoline. It is intended to equip one of the F-5-L type of planes with a complete radio apparatus so that during the flights spectators may communicate with the machine. The machine also will be equipped with complete ordnance equipment, including the Lewis and Davis types of guns.

There will be on view a complete assortment of the various accessories that are required in making extensive flights.

## LOCAL RACE TRACK TO BE CHRISTENED BY MATINEE TODAY

Track of Fair Association to Open Racing Season for This Part of State

### SEVERAL FAST HORSES TO PARTICIPATE TODAY

Pony Races Will Conclude the Program for Activities of the Evening.

The christening of the new race track of the Pitt County Fair Association will be staged in this city this afternoon by special matinee races in which several horses from various parts of the state will participate, concluding with two separate class pony races in which boys of the city and county will take part. It is expected that several hundred people will be in attendance to witness the first races of the track, and while the fair grounds are not altogether completed, the track is in splendid condition and will afford the horses one of the best opportunities of the year in showing what they have in them.

Many of the best and fastest horses of this section of the country have been in training under the direction of Dr. Price for several days, and while some of them will require considerably more attention before they will be ready for active participation in the races to be staged from time to time during the year it is confidently expected that virtually every horse now receiving attention will be in splendid condition by the time the schedule for the year's races will become effective.

The horses participating in the races today are exceptionally fast, considering their class, and it is believed the several hundred people attending the event will be more than pleased with the exhibition. They have showed up mighty fine on the track during (Continued on page two.)

## MEXICAN GENERAL IS REPORTED TO BE REFUGEE IN MEXICO

Commander of Federal Forces Leaves in Automobile After Defeat.

Washington, D. C., May 9.—Official confirmation of the occupation of Mexico City by rebel forces at noon Friday, May 7, was received today by the State Department from the American Embassy. There was no disorder and no foreigners were interfered with, the message said.

"Communication was re-opened with the American Embassy and the information received up to 7:00 o'clock tonight indicated there had been no disorder in connection with taking over the city nor was there anything of a disquieting nature regarding the safety of Americans or other foreigners." The State Department's announcement said. "No reference was made to President Carranza.

"The Embassy reported troops constituting the advance contingent of Pablo Gonzalez took control of the Mexican capital May 7. This advance guard was under the direct command of General Jacinto Trevino who upon effecting possession of the city issued a formal assurance of complete guarantees. In this announcement he advised commerce and industry and banks and other institutions to continue their normal operations and threatened drastic punishment of speculators in articles of necessity. A new chief of police and a military commander for Mexico City were appointed.

"General Obregon was on his way into Mexico City from the West while Gonzalez was entering from the South. He sent assurances to the embassy on May 7 that there would be no disorders at Mexico City.

The sixty-eight young ladies in the class, the members of the faculty, the officers of the school, and others connected with the institution were the guests, making about a hundred and twenty guests. Harding, a member of the board of trustees and Mrs. Harding, Mrs. Jarvis, Mrs. Beckwith, lady principal, Dr. and Mrs. Laughinghouse, Mr. and Mrs. Richard Carter Stokes, and Miss Nellie Mauldin, class advisor. ## BIG REBEL FORCES CAPTURE CAPITOL OF MEXICO FRIDAY

Washington Receives Information of Capture and Occupation of City.

Laredo, Texas, May 9.—The number of casualties in the battle today which resulted in the capture of Nuevo Laredo by Mexican Revolutionists tonight was officially placed at seven dead and 17 wounded, one probably fatally. These figures include the casualties of both sides.

Efforts to interview Gen. Reynaldo Garza, commander of the Carranza forces in Nuevo Laredo district, here tonight following his escape from the town in an automobile failed, and reports that he had been wounded could not be confirmed.

A council of government was formed in the captured town by the rebel leaders today. The council immediately reinstated all Federal officials except Juan M. Garcia, chief customs collector, and ordered indefinite closing of all saloons and clubs.

The International Bridge was opened to persons desiring to enter Texas, and hundreds of Americans visited the town this afternoon. Strict order was enforced by the revolutionary officials, they reported.

"It was good to have the Confederate veterans with us in their annual reunion today.

## THE STATE COLLEGE TO STAGE CLOSING EXERCISES MAY 22

Dr. Oxley, of Ohio State University, to Deliver Commencement Address.

### DR. RICE TO DELIVER BACCALAURATE SERMON

Lieut. Gov. Gardner to Deliver Alumni Address on the 24th of May.

Raleigh, May 10.—The state College finals will begin May 22 and continue through May 25. Dr. William Oxley Thompson, educator and minister, and president of the Ohio State University since 1899, will deliver the annual commencement address on May 24th. Dr. John Andrew Rice, pastor of the First Methodist church of Sumter, S. C. will preach the baccalaureate sermon; and Hon. O. Max Gardner, lieutenant governor and prominent candidate for governor will make the alumni address. All are usually strong men and they will be heard by the public with a great deal of pleasure.

Dr. Thompson is a native of Ohio, being born in Cambridge, Guernsey county, Nov. 5, 1855. His father was a shoemaker and young Thompson served his apprenticeship at his father's bench. Early in life he felt the urge of ambition and after preparing himself by work in a small summer school, he entered Muskingum College at New Concord in the winter of 1869 being then but fourteen years old. It was nine years later when he received his degree due to scant preparation before entering and also to the fact that he was forced to earn all of the money to pay his expenses. Immediately after graduation in 1878 he went to Lawn Ridge, Ill., where he farmed during the summer and taught school in the winter.

While still in college he felt the call to the ministry, but it was not until the fall of 1879 that he was able to enter the Western Theological Seminary at Allegheny City, Pa. His theological education too, was made possible by school teaching and preaching. He was graduated from the Seminary in 1882 and became pastor of the Presbyterian church at Longmont, Col., where he remained until 1885.

## LIVING ORGANISMS INCLUDED IN AMBER PROVE BIG FEATURE

Scientist Makes Discovery of Organisms Older Than Microbes of Egypt.

Paris, May 10.—Living organisms, imprisoned in amber and believed to be incomparably older than the microbes found in Egyptian papyrus, have been discovered by Dr. Galippe, of the French Academy of Science, and it is thought by some biologists that these organisms may probably be among the very early elements possessing life, to inhabit the earth.

Amber is said to have been formed in the very early stages of the earth's history but Dr. Galippe is convinced the micro-organisms could only have been imprisoned in the amber while it was in course of formation.

As soon as these organisms were set free from their prison they are said to have manifested very evident signs of life and, when carefully cultivated, developed great activity. The organisms are of course elementary but this fact detracts little from the marvel that they are living survivals from a period far earlier than that of prehistoric man.

### THE END OF THE CENTURY CLUB TO MEET TUESDAY

The End of the Century Club will meet tomorrow afternoon at 4 o'clock with Mrs. F. C. Harding.

## AUSTRIA PREPARES TO ORGANIZE ARMY UNDER LATE BILLS

Army to Succeed Volkswehr to be Formed Hurriedly Under New Provisions.

### SOLDIERS' COUNCILLORS GIVEN VOICE IN ISSUE

Few Men Have Already Applied for Enlistment Regardless of Conflict

Vienna, May 10.—Austria is trying to organize an army to succeed the Volkswehr under the provisions of the bill hurriedly passed during the panic that followed the German revolution. It is to be composed of 30,000 men. The treaty prohibits any aviation force.

The Socialist elements fought for a workingmen's army with great powers vested in the Soldiers' Councillors, exceeding in practice the authority of the officers themselves. They were unable to obtain all their demands but the Soldiers' Councillors were given a voice in the adjudication of complaints and in all disciplinary measures provided for in the military code.

The Conservatives, however, won their point in securing the allocation of recruiting in the provinces on a population basis and in provisions prohibiting political activity by the military forces. These provincial units are to be garrisoned within the province itself and no man can be foisted upon a unit in a province in which he was not recruited without the consent of the province itself, and the men must be bona fide citizens of their province.

It is this provincial arrangement that the Socialists opposed most bitterly. They desired a purely national army and its recruitment as largely as possible from the working classes. On the one hand will be an army of peasant lads, and on the other of industrial classes from the manufacturing centers.

The contest between the provinces and the central government, or in other words between the conservatives and the socialists, is further illustrated in the curious provisions that not only is each provincial government empowered to frame the service rules for its own contingent, but the soldier takes oath to uphold the laws of both the central government and those of his province. As there is much conflict in these it is not unlikely that a time will come when the army will not know just what it is to do.

In spite of the active efforts of the Socialists, particularly the Workingmen's Councils, to spur recruiting, a few men have applied for enlistment in Vienna or the other industrial centers while reports from the provinces are even more discouraging. The enlistment has been open for a month but only a very small fraction of the required 30,000 men have presented themselves.

### MERCHANTVILLE HAS SOAP AND SUDS WAR ON HAND

Merchantville, N. J., May 10.—Merchantville has a soap and suds war on its hands. Washerwomen want more money and housewives have declared a lockout.

When the negro women formed a union and posted a scale of \$3 a day for doing the family wash and \$3.50 for a day's housework, the employers became indignant.

The Woman's Club of Merchantville voted for a lockout and refuse to pay.

MONDAY, MAY 10, 1920.

The exportation of sugar would be prohibited under a bill at the present time pending in the house, and judging by the enormous demand in virtually every part of the country, such a bill is not altogether untimely or out of season in the least.

Senator Johnston says Herbert Hoover's campaign in California was one of the most expensive ever exposed to the American people, and as he is talking about a member of his own party there may be something in his accusation after all.

Secretary Post, of the department of labor, no doubt found it to his interest to explain to department of justice officials that his sympathy has never been with radical element in this country, and that in handling cases of deportation he tried faithfully and sincerely to determine whether accused parties were guilty. The statement, coming as it does after much discussion of the rounding up of several radicals before May day, may have tendency of relieving the assistant secretary of accusation brought against him, but before the investigation is concluded it is safe to say that many things will be brought out of interest to the public. He may have been actuated by a desire to perform his duty in fairness to the government and to radical element too, but this point must be proven, and it stands to reason that it will be shown one or the other was neglected.

The administration of Sheriff Dudley in this county has been possibly one of the most satisfactory of many years, for his activities have been featured by a desire to do the right thing under all conditions, and this he has adhered to faithfully, regardless of conflicting opinion and sentiment, and today his record will favorably compare with any other executive throughout the country. In the performance of his duties, Sheriff Dudley has adhered steadfastly to those principles so absolutely essential to an advanced and intelligent class of people, and although at times confronted by danger and apparently insurmountable obstacles his efforts have been unerringly for the right and in the interest of bettering the social moral standards throughout every community under his jurisdiction. In dealing with the whiskey traffic and criminals he has accomplished a distinct success in every way, for the sale and manufacture of illicit whiskey have decreased to no little extent and probably will be curtailed to a greater degree in the future. The county has indeed been fortunate in having such a man in office, for his work has been of an exceptionally high class and of unusual efficiency. Such administrations are uncommon, and there is little doubt but that Pitt county people are truly appreciative of the splendid service in eliminating and discouraging crime.

## CAMPAIGN OPENS.

Throughout the United States the work of raising \$10,000,000 needed by the Salvation Army to carry out its plans next year for aiding the poor and unfortunate, was started Monday. The organization has laid its budget before the people, who are asked to provide the required funds within the next ten days. Franklin K. Lane, former secretary of the interior in President Wilson's Cabinet, is national chairman of the second home service fund appeal of the Salvation Army and the volunteer workers and Salvationists throughout the country have gone out to carry the appeal of the great organization they serve to the hearts and homes of the American people.

Salvation Army officials hope not only to continue all their present humanitarian activities, but to widen the scope of many of them. If the answer falls short the plans for expansion and extension must be abandoned and the present work perhaps curtailed.

Only a small portion of the work is self-supporting. The rescue homes for unfortunate women; the hospitals, including the maternity hospitals which care for thousands of mothers of the poorer classes; the sium settlement demand constant financial aid. The fresh air camps, the prison work and the founding homes are supported wholly from the home service fund. The evangelical work, the bureaus, which yearly give away great quantities of food, clothing and other supplies to those in dire need, as well as many activities and institutions, derive their support from the same source.

The amount sought was not determined arbitrarily, but by compiling the estimated financial needs of the various districts and corps. These individual amounts are required to carry on the work in the different localities. The effort of each community, therefore, will be to raise the sum named in its own budget, and practically all the money raised in a given section will be spent there.

The Salvation Army lassie has asked: Will my work go on?

Between May 10 and 20 America gives her answer.

The lassies know where real need and suffering exist and they know the means of reaching it.

Negro troops in charge of the French government in the Saar region of Germany are proving a source of terror to women of that district, and several cases of brutal assault have been reported, while women in many instances, have completely disappeared. The consider the "black disgrace," as it has been designated in several regions, and it may be the situation will be less accentuated within a short time. This action of the part of the negro troops has called forth a storm of indescribable indignation in Germany, and it is said, if the crimes were really known in their true light, the entire civilized world would be horrified at the enormity of the crimes and their awful reality. The French government should be the first to appreciate the position of Germany, and it matters not how ruthless the nation may have one time been, it is up to the conqueror to protect the conquered, and particularly under extreme conditions such as those described. Civilization demands this, and as the laws should be inviolate in every territory and under all conditions, it is up to allied nations to protect the women subjected the such disgraceful and heinous crimes as those perpetrated in Germany.

American marines have been ordered to Key West to take part in the Mexican revolution in event American life and property should be considered in the slightest danger. The action is no doubt advisable, for the present unsettled state of affairs in that territory are ominous to the careful observer, and suggest the probability of American interference in its own interest. The revolution is becoming more severe and intense from day to day, and if fighting should be started by rebel forces, the assistance of American troops will be absolutely necessary in protecting its own interests, if for no other purpose.

## LOCAL RACE TRACK TO BE CHRISTENED BY MATINEE TODAY

(Continued from page one.)  
The short training period, and there is not the slightest doubt but that all three classes of races will be hotly contested and full of interest from beginning to end.

The christening of the track today marks the beginning of an interesting period in the sporting circles of this territory, and the fact that the track is one of the best throughout this section of the country will undoubtedly prove a big drawing card to owners of fast horses who heretofore have failed to take part in races staged on many of the best tracks of the state. The promoters here are sanguine for the outcome of the season, and every indication points to excellent racing throughout the entire year.

The following horses with names of the owners have been entered in the races, the purses being \$75 in both races.

Class A. Trot and Pace—"Sorrell Gilding," owned by Levi Hardy; "Bay Gilding," owned by Jess Wingate; "Brown Gilding," owned by Mr. Causey; "Bay Mare," owned by Ben Anderson.

Class B. Trot and Pace—"Bay Gilding," owned by Simon Moye; "Bay Mare," owned by Frank Savage; "Dun Horse," owned by Arthur Mayo; "Sorrell Mare," owned by Dr. Arnold; "Sorrell Mare" owned by Joe Forbes; "Black Mare," owned by Jim Clark; "Bay Mare," owned by Tucker and Clark.

The following boys have entered for the pony races, the purse for both classes being \$10 each. Class A. Dick Wingate, D. S. Smith, Jr., and Frank Wilson, Jr. Class B. John Hassell, Arthur Dunn, Bennett Moseley, E. C. Williams and R. C. Planagan.

## PRESIDENT WRIGHT ENTERTAINS YOUNG WOMEN OF SCHOOL

(Continued from page one.)  
Yellow and white, the colors of the senior class, were served by Misses Pearl Wright and Mary Corbett, niece

of Mrs. Wright. The dining room was artistically decorated in white lilies and yellow candles. The table in the center of the room, with the lilies and candles and yellow tulle, gave the keynote to the color scheme. The lovely evening dresses of the young ladies harmonized wonderfully with the festive decorations.

Misses Meade, Bertollet and Falmesstock played a number of selections on the piano.

Eleven o'clock came all too soon, but the guests departed with the feeling that this was surely the most delightful reception any senior class had ever had.

## LOCAL MANAGER FOR OVERMAN.

Mr. H. A. White has been selected as campaign manager in Pitt county for Senator Lee S. Overman in the coming primary. This is a combination of the right kind. Senator Overman could not have a better local manager than Mr. White, and Mr. White could not have a better candidate to work for than Senator Overman. It is a safe prediction that Pitt county's vote in the primary is going to be practically unanimous for Overman. While any other man has a right to aspire to fill Senator Overman's place, the people recognize the fact that he is too useful a man in his position to be put aside merely to satisfy the ambition of another.

## MISS ADA JAMES ENTERTAINS Complimentary to Senior Class of Greenville High School.

On last Friday evening at her beautiful home on Fifth street, Miss Ada James, delightfully entertained complimentary to the Senior Class of the Greenville High school, of which she is a member and their teachers. The house was decorated with the class colors, blue and gold, crimson roses, snowballs, pink roses and other cut flowers.

Upon arrival the guests were welcomed by Miss James, and shown to the punch bowl which was arranged on a beautifully decorated table in the hall, and presided over by Misses Nell White and Hannah Dixon. From the punch bowl the guests passed into

the parlor. This room was decorated with crimson roses and the lights were shaded with red Crepe paper. After entering the room a lively floral contest was engaged in. Mr. Mack Brown, being the successful contestant was awarded a pot of pansies. From the parlor the next room entered was the living room. This room was decorated with snowballs and roses. From this room the guests were invited into the kitchen, where a kitchen contest was engaged in. Miss Emily Moye being the successful contestant was awarded a potato masher, tied with the class colors. The contest caused a great deal of merriment. From the kitchen they were invited into the dining room. This room was especially beautiful. The entire decorations carried the color scheme of blue and gold, the class colors. In the center of the table was arranged a large silver basket filled with yellow iris, tied with blue tulle. The candle sticks contained yellow and blue tapers with yellow and blue tulle tied around them. The candies on the table also carried out the color scheme. An ice course in the shape of flowers, with cakes in the class colors was served by Misses Nancy King, Linda Warren, Gladys Bagwell and Mary Blanche Patrick. Before leaving this room Miss James announced that as the class was soon to separate, that she thought it would be interesting to know the future of each. As a result small fortunes tied with the class colors was presented each member of the class, and these were read aloud. Much merriment was caused by the reading of them, and if they prove true great things are in store for the class of '20.

From the dining room the guests passed into the living room where a pleasant hour was spent in music and conversation. It was one of the most delightful parties of the season, and will long be remembered by the members of the '20 class.

Royal Arch Masons meet tonight for work in the Royal Arch degree.

A considerable party representing the two Baptist churches here will leave tomorrow morning for Washington City to attend the Southern Baptist convention.

That's the way we make that worn old tire of yours. Our vulcanizers do wonders with worn shoes and inner tubes. Doubles, often triples, the life of your tires. Isn't it more economical to pay us for good vulcanizing than to buy new tires—especially now when the cost of new tires mounts daily?

## BURGLARS PLAYING HAVOC IN PARTS OF GERMAN TERRITORY

Revolution Profiteers in Perpetual Fear of Bold Berlin Robberies.

SCORES OF HOLDUPS ARE PULLED OFF IN DAYTIME

Cases of Housebreaking Have Been Quadrupled Within Three Years.

Berlin, May 8.—In these disturbed days, when the "revolution profiteer" the successor of the war profiteer—flaunts his newly acquired wealth in the face of an impoverished populace, robberies and burglaries in Berlin increase at an abnormal pace. Street signs are full of announcements offering rewards for the return of stolen goods, and in one of the main business streets of Berlin a fancy goods store displays this notice.

"Gentlemen burglars are requested not to break open the shop front nor to tamper with the locks. There is nothing to steal here. All property is removed from the shop windows at night."

There have been scores of hold-ups, and the other day a man was stripped of his clothes, shoes and hat and left on the sidewalk in his underclothes.

It is no task for hotel guests to leave any portable property of any description in their rooms. Articles of clothing have a way of vanishing into thin air, and hotel proprietors decline all responsibility. Police statistics indicate that the number of hotel robberies has trebled within the last five years.

To leave typewriters unpadlocked is sheer culpable negligence on the part of the owner. The Berlin criminal police has been obliged to organize a special department dealing exclusively with stolen machines.

Cases of housebreaking have quadrupled within the last three years. Articles of clothing, bedclothes, carpets and curtains are the objects most desired by the thieving fraternity.

Dishonesty among factory hands has grown to a deplorable extent, the police say. Leather belting disappears wholesale; it is cut up and sold to shoe repairers.

Nor are churches, cemeteries and museums immune from robberies, the booty carried off being mostly ancient gold ornaments and jewelry.

Tell Senate Committee \$500,000,000 Not Needed for Railways.

Washington, May 7.—Bankers called before the senate inter-state commerce committee today did not agree with the testimony of railroad executives yesterday that the government should loan \$500,000,000 additional to the roads for new rolling stock. They said, however, that no great part of the \$610,000,000, which the railroad presidents estimated to be necessary for new equipment to relieve present congestion could be raised from the public.

Jerome G. Hanauer, of Kuhn, Loeb & Co., New York, chairman of the committee of investment bankers suggested that instead of making additional appropriations for cars, congress, extends the period of the \$300,000,000 loan already provided for the roads from five to fifteen years; that some money be used in the betterment of terminals, and perhaps in the increase of motive power; and that the roads be so managed as to expedite the movements of cars, and reduce to a minimum requirements for new equipment.

Chairman committee asked the opinion of the witness on a plan of giving a government guarantee for the payment of interest and principal on sums borrowed by the railroads for new equipment.

"The securities issued would then sell entirely on the credit of the government," Mr. Hanauer replied, "and carrying a much higher rate of interest would badly affect the value of liberty bonds and all other outstanding obligations of the United States. Investors would naturally sell the securities of lower yield to make the higher ones."

SELLS CLOTHING WITHOUT PROFIT.

Topeka, Kas., May 7.—An old established Topeka clothing store today advertised that all men's suits for 24 days would be sold without profit to the store. E. T. Haskney, state fair price commissioner, will audit the store books to ascertain whether the suits are sold at cost.

### ANNOUNCEMENT.

To the Democratic voters of the Fifth Judicial District:

I have entered the Primary for the office of Judge in this District.

I have practiced law for the past 18 years, during which time I have assisted in the prosecution of the Federal docket for about 7 years. Since entering my name for the judgeship I have resigned the office of Assistant U. S. attorney.

Before beginning the practice of the law I had fourteen years experience in business, beginning life as bank book-keeper at the age of 16 years.

I shall not make a canvass of the district for the Judgeship. My conception of the duties and responsibilities of the high office of judge is such that in my view a canvass, and the methods of the political campaign, usual and perfectly proper for other offices—purely political, tend to cheapen and lower its tone. I would rather lose the nomination and never hold the office than lower it a hair's breadth from the high plane of honor and dignity on which our fathers have placed and kept it in North Carolina.

I shall appreciate the support of all democrats in the district; and if by their sufferages I should be elevated to the Superior Court bench. I assure them that its high traditions shall be upheld, and in the administration of the office justice shall be meted out to all men alike.

This April 28th, 1920.

**ERNEST M. GREEN.**

### ANNOUNCEMENT.

I announce my candidacy for commissioner of Labor and Printing in the June state-wide Democratic primary to succeed Hon. M. L. Shipman, incumbent, and will appreciate your vote and support at the polls. Ask any one who knows of my services in and about the legislature since 1909.

April 22, 1920.

**DAVID P. DELLINGER.**  
Gastonla, N. C.

### FOR THE LEGISLATURE.

At the solicitation of many of the leading men of Pitt county, I have decided to become a candidate for the House of Representatives. I have long nourished an ambition to serve the people of my county in the legislature, and now that the opportunity has presented itself I will offer my candidacy subject to the primary to be held on June 4th, 1920. In announcing my candidacy I wish to state to the voters of Pitt county that the work to be done in the legislature is not new to me. I know every detail. I was engrossing clerk of the senate of North Carolina for six years, from 1909 to 1915 and the experience I received in this position will be worth lots to me as a member or the house of Representatives. Pitt county is a great county, one of the richest in North Carolina, and as such is entitled to recognition. If you the good people of this county feel that I can be of service in helping to place Pitt county at the head of the list where she rightly belongs, I will take great pleasure in serving you.

Yours to serve,  
**W. E. HOOKS,**

## Summer Reasons For This Sedan

Triple Springs Insure Riding Comfort on All Roads.  
Overland Four-Door Sedan Insures Comfort  
In All Weather

THE SUPERIORITY of the Sedan for autumn, winter and spring is even more emphasized in the wide range of summer motoring. It's thick permanent top is a cooler shield from boiling sun. Breezes are freely admitted or entirely excluded at will. Rain, dust and sudden cold, are shut out at your command by heavy plate glass which never cuts off your vision or leaves you feeling "Shut in." Now the Overland Sedan adds to all this convertible convenience, the riding comfort of Triple Springs, and extraordinary light weight economy.

Some weeks ago we issued 500 season tickets, price for men \$10, plus war tax and \$5 plus tax for ladies and children over 6 years, no charge under six. The reason these tickets were issued, was not to finance the park, but to feel public sentiment. We feel that Greenville is large enough to have a modern amusement park and most everyone agrees with us, but so far we have sold eleven tickets. Which is not very encouraging, when we guarantee to refund the money to any one not satisfied June 1st. It is our desire to equip a modern park, with many play ground features, but candidly unless the ticket sale has increased by Saturday, May 15th, we will postpone many contemplated features. Tickets for sale by Mr. Shep Morton and at Tunstall's store. Remember we don't ask for donations but sell you a season ticket, with a guarantee, your money's worth or your money back. # To the People of the Fifth Judicial District

I take the privilege of announcing my candidacy for the office of judge of the superior courts of the Fifth Judicial District to succeed Judge Guion.

Prior to the present Primary Law candidates were nominated by delegates in conventions, but now a part of the responsibility of the selection of a candidate for public office rests upon each voter of his party. This being true it is fair to the voters that the candidate give to them a frank statement about himself that will throw light on his fitness for the office he seeks. For this reason the following facts which tend to show my preparation and fitness for office are submitted.

I am forty-four years of age; read law at the University of North Carolina and was licensed to practice law in 1903. At once I opened a law office in Greenville. In 1905 I was elected mayor of Greenville and held that office for four years. I was succeeded by Judge Whedbee. During his term he became judge of the superior court and resigned the office of mayor. I was appointed to succeed him as mayor, and again held that office for three years. In 1913 I entered into co-partnership with the late Gov. Thos. J. Jarvis for the general practice of law. This co-partnership continued until his death. In April 1915 I was elected judge of the County Court of Pitt County and have presided over that court since its establishment, and now desire to enter the larger field of usefulness.

The people of Greenville and Pitt County having trusted and honored me as a man, lawyer, mayor and judge of their County Court, and I desiring to continue my services as a judicial officer ask to be nominated for judge of the Fifth Judicial District on the Democratic ticket, on the 5th of June.

Faithfully,

FRANK M. WOOTEN.

We, the undersigned members of the Bar of Greenville, appreciating and having implicit faith in the integrity, the legal ability and moral fitness of Frank M. Wooten, now judge of Pitt County Court; believing him to be well qualified to fill acceptably the office of Judge of the Superior Court, Fifth Judicial District to succeed Judge O. H. Guion, do hereby heartily endorse his candidacy for said judicial trust, and cheerfully commend him to the Democratic voters of this district for their support in the Democratic primaries in June.

Louis W. Gaylord,	J. L. Simmons,
M. K. Blount,	B. F. Tyson,
Lewis G. Cooper,	D. M. Clark,
H. W. Whedbee,	James L. Evans,

To the voters of the Fifth Judicial District:

Judge F. M. Wooten, of the County Court of Pitt County, is a candidate for the office of judge of the Superior Courts of the Fifth Judicial District, and we, who are familiar with his private and public life, know him to be well qualified in character, learning and disposition for that high office, and do heartily endorse his candidacy, and do commend him to the voters of the district. His career as mayor of Greenville for seven years and judge of the County Court for five years has well established in Pitt County Judge Wooten's disposition and ability as a judicial officer, and we endorse it.

Respectfully submitted,

# Hon. Cameron Morrison CANDIDATE FOR GOVERNOR

"Thinks more of men than money."

"Never straddled a public question."

"Was not born with a silver spoon in his mouth, but had a fierce struggle in his tender years to keep the wolf from the door."

"He would not be Governor of a class, but of all the citizenship of the State."

Archibald Johnson, leading Baptist Statesman, Superintendent Thomasville Orphanage, Editor of "Charity and Children."

"I am for him because he knows more about North Carolina folks than any man running. He is an example of an unselfish public man, who has for twenty-five years fought the battles of Democracy without reward.

"Opposed to Woman Suffrage, he has had the manhood to stick. The Suffrage Amendment threatens to bring the negro question again into our politics, and he knows best what to expect and how to handle it.

"A splendid type of the self-made man; and having tasted both poverty and prosperity, he will not be unfamiliar with the problems of every North Carolina home."—W. F. Evans, Morrison manager for Wake county, and former Pitt county citizen.
