

## EXCELLENT RACES FEATURE MATINEE IN CITY YESTERDAY

### Christening of Local Race Track Featured by Auspicious Circumstances.

### TWO THOUSAND PEOPLE ATTEND OPENING RACES

### Three Class Races Attract Attention and Interest in Every Heat.

The christening of the new race track of the Eastern Carolina Fair Association by a special matinee occurred in this city yesterday evening under auspicious circumstances, featuring in three separate and distinct class races that were hotly contested throughout every heat and attracted no little interest from the large crowd in attendance from various sections of the county. Marie Dewey, owned and driven by Bud Anderson of this city won out in three successive straight heats out of five, the first two being won by "Cornstalk," driven and owned by Jess Wingate also of this place. The time in this race was practically the same during every heat averaging around one minute and nine seconds. In the class B. race, "Woodrow," owned and driven by Simon Moyer, of Greenville won out in the three last heats out of five, time averaging around one minute and thirteen seconds.

The pony races were interesting from beginning to end, being participated in by boys of this city and county. These races were divided into three classes owing to sizes of the ponies, and the fact that one or two of the boys failed to appear with saddles the one-fourth mile was covered in bareback style peculiarly interesting in every way. The winners in these races were Harry Wingate, of Ayden, Class A, Robert Williams, of Greenville, Class B; Robert Arthur, of Greenville, Class C.

The christening of the race track proved an unusual drawing card and surpassed the expectations of promoters in the splendid crowd in attendance from virtually every section of the county. The day was ideal for such an occasion, with the exception of much dust and rather high wind, but even this failed to detract to any extent from the intense interest manifested from the first to last heat. All horses showed up to splendid advantage, evincing the fact that the short training period had done wonders in bringing them around in shape for the event.

Only four horses participated in the Class A. races, but the way in which they covered the half mile track in each heat proved conclusively that they will play up largely in the racing to be staged here from time to time throughout the year. The six horses in Class B. covered the territory in a commendable way, and while they were a little behind the faster ones in the first race they showed up to good advantage and may furnish better material in the future.

The names of horses, owners and driver follow as they left the pole in the first heat: Class A. "Cornstalk," owned and driven by Jess Wingate; "Marie Dewey," owned and driven by Bud Anderson; "General Bown," owned and driven by Mr. Hardy; "Don Aristocrat," owned and driven by Mr. Causey, all of Pitt county. Class B. "Woodrow," owned and driven by Simon Moyer; "Golden Seal," owned and driven by Dr. Arnold, of Farmville; "Mover," owned and driven by Elisha Moseley; "Friendly Todd," owned and driven by Willis Moseley; "Pat," owned and driven by Arthur Mayo; "Lucile," owned and driven by Mr. Forbes.

In the pony races the following boys participated: Class A. Elmer Dixon; Harry Wingate, Francis Cutry, Frank Wilson. Class B. John Hassell, Robert Williams, Albin Dunn, Joyner Wingate. Class C. Norman Winslow, Robert Arthur and D. S. Smith.

Purses in the two first races were \$75, while in the pony races \$10 was awarded the winner.

Judges of races were Messrs. J. Mac Horton, of Farmville and Dunk Patrick, of Ayden.

## FOUR HOUSES ARE WRECKED BY FIRE HERE EARLY TODAY

### Four Negro Houses in Newtown Destroyed by Flames With \$2000 Loss.

### TWO MEN INJURED IN WRECK OF FIRE TRUCK

### Sheriff Dudley and Officer Stokes Receive Painful Injuries in Wreck.

Fire of an undetermined origin completely destroyed four negro houses in the Newtown district of this city this morning about 8:30 o'clock involving loss estimated between \$2000 and \$3000. Quick and effective work on the part of residents and neighbors resulted in the saving of much of the furniture in all the houses with the exception of the first two which were burning furiously when fireman arrived upon the scene.

Several lines of hose were put in play immediately following the arrival of the fire department but owing to weakness of water pressure effective work was not accomplished until the fire truck returned to the business center of the city and brought direct pressure into action. Sheriff Dudley and Policeman Stokes were painfully injured when the fire truck ran into a tree at the intersection of Evans and 12th street on its return to the scene of the conflagration, and the entire hood of the truck was virtually demolished. Just at the time of the accident, Driver Howard was going at a rapid clip, and as far as can be ascertained, partly lost control of the machine in the sand when making the turn at the corner.

Policeman Stokes was pitched bodily (Continued on page four.)

## PRESIDENT WRIGHT TELLS CLASSES OF STATE EDUCATION

### President of Training School Talks of Meeting in Greensboro Recently.

President Wright made a report this morning to the students of the Training School on the Educational Meeting in Greensboro last week, giving them some idea of the splendid spirit that dominated this co-operative body of business and professional men and women, and outlining some of the definite things that were determined upon.

He is a member of the sub-committee appointed to draw up for the legislature an educational program, which will embody the needs in a report of 250 or 300 words.

"Human Progress rests upon education, was the key-note of the meeting. Some of the chief ideas that came forth at the conference were these:

"The public schools belong to all the people, and the public school buildings should be open forums." "The laborer is worthy of his hire," and even the school teacher shall get a living wage the salary should be for twelve months, as the teacher has to live twelve months in the year, but some of the teachers should spend vacation working in the community, but with extra pay; the community must provide homes for the teachers; the school term should be at least 33 weeks a year; there should be equal pay for equal credits for the teachers, and the salary schedule has been mapped out for the present, with the hope that it will increase as funds increase, the smaller schools must go, and the consolidated schools take their place, a standard high school must be available and accessible to every boy and girl in the state, and health must be taught in every school in the state, so that health information will reach every home.

## STRIKES IN FRANCE FAIL TO INTENSIFY LABOR CONDITIONS

### Nationalization of Public Utilities Further Away Than Ever Before.

### FREQUENT CLASHES ARE REPORTED IN PROGRESS

### Federation of Labor Issues Appeal to Unified Socialist Party.

Paris, May 10.—Leon Jouhaux, master spirit of the French federation of labor, has failed apparently to strengthen the movement for nationalization of public utilities by ordering a strike on transportation lines, subways and tramways in Paris. At 10 o'clock this forenoon, omnibuses were going about as usual, but there were only a few cabs to be seen.

Frequent clashes occurred during the forenoon between taxicab drivers and strikers. Tramways were working regularly, but remained within the walls of Paris and did not enter the suburbs. Men operating them were not attended, as on May Day, by notice or soldiers. Autobuses continued to circulate and there were no attempts at violence against them.

The strike is complete at Marseilles and St. Etienne, and is effective at Lyons. The congress of the federation of police of France and the colonies, scheduled to take place tomorrow at Nancy, has been cancelled by order of M. Steeg, minister of the interior, because of the strike situation.

Interest now centers on whether Leon Jouhaux decides gas and electrical plant workers shall be called out. The executive committee of the labor (Continued on page four.)

## SAYS COUNTERFEIT THRIFT STAMPS IN SALES OF DISTRICT

### Postmaster Whichard Issues Warning Against Unwise Purchases.

Postmaster D. J. Whichard at Greenville today issued a warning to thrift persons hereabouts to be on their guard against buying counterfeit War Savings Stamps. Fraudulent blue stamps of the 1919 series have been made by counterfeiters, the postmaster has been advised, and are being sold to the unwary.

"But the frauds can be easily detected," the postmaster said. "Ben Franklin's picture appears on the stamp, and in the counterfeit stamp, old Ben seems to have the mumps in his left jaw. Indeed, there is a pronounced swelling. Then under the portrait the lower of the two left dots is comparatively indistinct, and the vertical opening between the lines in the lower left part of the numeral '2' in the date '1924' is closed. The principal feature of the fraud, however, is the swollen cheek."

"It should be remembered that the counterfeit is only of the 1919 series, and, like the original, is blue. Blue War Savings Stamps can no longer be bought from post offices or other authorized agencies. Only the 1920 stamps, which are red, are now being sold by agencies. Sales of last year's stamps are not legal. No one should buy a 1919 stamp, though it is true that some have been improperly offered for sale."

"Everyone who bought 1919 stamps last year may feel perfectly safe," the postmaster said in conclusion, "because the counterfeit was not made until after the first of this year. The blue stamps had then been withdrawn from sale by the authorized agencies, and the red 1920 stamp was being sold. Don't buy any 1919 stamps, and keep a look out for the picture of the man with the mumps. If you see one let me know."

## THREE BIG STILLS TAKEN BY SHERIFF IN RAID YESTERDAY

### Two of the Largest Rum Stills Yet Taken Captured Near Galloway X Roads.

### STILLS SHOWED SIGNS OF RECENT OPERATION

### Several Gallons of Beer Destroyed, but No Whiskey or Men Captured.

Sheriff Dudley again landed an effective blow to the whiskey traffic of this section of the state yesterday afternoon when three stills were taken in the vicinity of Galloway's Cross Roads, this county. Although no whiskey was taken in the raid, much beer in evidence displayed the fact that the stills had been in operation for some little time, and had been enjoying excellent business within their territory. No arrests were made but the officers are satisfied that white men are promoters of traffic from the three stills and believe the captures will have a tendency of discouraging the work for the next several months.

Two of the stills were probably the largest Sheriff Dudley and his men have captured during his administration as Sheriff, having a capacity of from 100 to 120 gallons each. The other was of the usual sixty gallon type found through this section and capable of producing sufficient whiskey to keep the traffic at full blast all the time. The two large stills showed signs of active operation for some time, and no doubt were mediums of an extensive commerce in various sections of the county.

Sheriff Dudley and deputies are keeping continually on the alert for stills in this section of the state, and it is believed that several more will be included among captures before the summer is over. The whiskey manufactured in the county is produced quickly and much more rapidly than corn whiskey. (Continued on page four.)

## BRITAIN IN FAVOR CHINA'S CLAIM TO SHANTUNG REGION

### Chamber of Commerce Puts Itself on Record as Favoring Annexation.

Shanghai, May 11.—The British Chamber of Commerce of Shanghai, representing the bulk of British interests in the Far East, has put itself on record as in favor of China's claims in the Shantung controversy. This is in line with action taken by American commercial organizations in China and is regarded as significant in view of the fact that a part of the English commercial enterprises in the Orient are linked with the Japanese.

"This chamber," declared A. W. Burkill, chairman of the British Chamber's directorate in his address at the annual meeting, "is in full sympathy with China in her very natural desire to have control of this province returned to her."

"When one takes into consideration that Japan in taking Tsingtao with the help of British troops, was only doing her part as an ally, her present attitude is hard to understand. "She is taking deliberate steps to control the whole of the land surrounding the harbor, docks, wharves and railroad terminals, and every obstacle is put in the way of other nationals of acquiring any property in what undoubtedly is the business center. This policy can only be construed in one way, viz, that Japan is not going to allow any other nation to have an opportunity of trading on fair and equal terms with her own nationals. We none of us want any special consideration; all we ask for is to be allowed to do business on an equal footing."

## DESTROYERS SENT TO PACIFIC COAST TO PROTECT LIVES

### American Ships Sent to Mexican Waters to Protect American Property.

### CHANGE IN SITUATION CAUSES GRAVE FEARS

### State Department Says There Are 7000 Americans in Mexico Today.

Washington, May 10.—With Mexico City, Vera Cruz and Tampico in the hands of the revolutionists, American destroyers were en route today to Mexican waters to await eventualities and to afford protection to American lives in the Mexican gulf ports.

Official confirmation of the fall of the Mexican capital was received yesterday by the state department from the American embassy which reported there was no disorder in the capital incident of the transfer of authority. Tampico and Vera Cruz also were reported quiet.

The rapidly changing situation in the southern republic had developed even another important question today and that concerned President Carranza. The American embassy report made no mention of the president and reports from Vera Cruz said that the search in that city had failed to find him. One report was that he had been arrested in Esperanza, state of Vera Cruz, but this was without confirmation here either in official dispatches or through advices to revolutionist agents.

The dreadnought Oklahoma was ordered today to proceed from New York to Key West, Fla., for possible duty in Mexican waters.

The ship will stop en route at Philadelphia to take a full company of marines from the League Island station. She is expected to arrive there tonight.

The Oklahoma should reach Key West (Continued on page four.)

## DRUG STORES ARE FORCED TO CLOSE IN REGION RUSSIA

### Advices from Moscow State That Death of Medicines Has Occurred.

Warsaw, May 11.—Advices from Moscow state that in March there was a great dearth of nearly all kinds of medicines in the Russian city and that many drug stores had been compelled to close. Scarcity of wood and coal was also reported, the information received here indicating that numerous frame houses and various other buildings of wood were being demolished to be used as fuel.

A Pole who came from Moscow within the last few weeks said that while food was terribly expensive there was plenty for those who had rubles which were worth, estimated in American money, a fraction more than one cent. A shave cost 75 rubles and soap 800 rubles a pound. Cigarettes were worth about 70 rubles each and matches 100 rubles a box.

Horse meat sold for 50 rubles a pound, beef bringing 650 rubles for the same weight. Pork was 1,000 rubles a pound. Black bread retailed at 350 rubles a pound, butter 2,500, and fats 2,000 per pound.

Sugar brought 1,500 a pound when obtainable and salt was nearly always to be had at 750 rubles a pound.

Clothing for men and women was so expensive that the poorer class either made their own suits or wore patched garments which they had owned for years.

MANDOLIN AND GUITAR CLUB.  
The Mandolin and Guitar Club will meet this evening at 8 o'clock with Mrs. Travis Hooker.

## WORK PROCEEDING RAPIDLY ON PARK NEAR GREENVILLE

### Development of Forbes' Mill Pond Will be Completed Last of Month.

### SPACIOUS PAVILLION AND PIER NEAR COMPLETION

### Mill Pond Property Undergoing Many Changes of Interest to County.

Over a long period of years there has from time to time been reference in the columns of The Reflector, as well as discussion among the citizens and civic clubs of the community, to the absence of a park, play ground or place of amusement for the people. Through every community needs something of this kind for recreation, Greenville has long neglected to make provision for it, notwithstanding there were inviting locations that might be utilized for this purpose.

Now there is a movement for supplying this need and providing a place for pleasurable outings and recreation with wholesome amusement added. The Clark-Tripp Amusement Co., of which Mr. C. D. Tunstall is manager, have already planned and begun work in this direction. The place selected for their enterprise is the Forbes Mill about three miles from town. One has but to go out there and see the work already done and note the plans for more to be added, to realize that the gentlemen behind this project mean to push their efforts to success and equip a park that will afford real recreation and amusement. The bed of the mill pond has been dragged and cleared of obstructions, a gravel bottom put in, a long pier built out in the pond, making an ideal and safe place for bathing. In the beautiful grove is being erected a large pavilion, the upper portion to be devoted to dancing while underneath are numerous convenient bath rooms for both men and women. The grove walks are being laid out and graveled and numerous seats will be placed along these. The buildings and grove and pond will be electric lighted from a dynamo being installed, and a deep well will provide abundant pure water. Pleasure boats will provide rides on the pond.

It is contemplated to have the park ready for opening to the public by the first of June, and it is the purpose of those in charge to surround it with every safeguard and prohibit objectionable features. The grounds will be enclosed and a small admission fee charged, yet Sunday schools and organizations of any kind wishing to have picnics or hold meetings in the grounds will be accorded free use of them under the regulations of the management.

With the co-operation and encouragement of the people there is no reason why this should not be made a resort for real healthful and innocent recreation and amusement.

## MANY LABORERS LIVING IN PORTABLE HOUSES

In the forest just west of the race track is located quite a village of laborers, living in portable houses and tents, which have been brought here by the construction company having the contract to build Pitt county's hard surfaced roads. The people occupying these tentative quarters appear to be comfortably and conveniently housed. It is noticed also that large quantities of machinery and material are being assembled and the work of construction will soon be under way in earnest. Several miles of narrow railroad track are now being laid on the road leading from Greenville to Farmville on which material can be moved on dummy cars from the supply base along as the road work progresses. Several miles of grading have already been done in readiness for the concrete road bed foundation.

ville, N. C., as second class mail matter

### Members of the Associated Press.

The Associated Press is exclusively  
entitled to the use for republication of  
all news dispatches credited to it or  
not otherwise credited in this paper and  
also the local news published herein.

Socialists have found it advisable to  
denounce old line policies in the inci-  
piency of their campaign, so now we  
all have a pretty good idea how far  
the socialist vote will get.

If the Mexican situation should be-  
come accentuated to any greater extent  
than the present probably some of  
those American warships down in that  
section may be fired into the battle,  
fearing that American life and prop-  
erty are at stake.

Louisiana may be the thirty-sixth  
state to ratify the suffrage amendment  
to the national constitution, but like  
Delaware, it remains to be heard from  
first before concluding that ratifica-  
tion is to come right off the reel in the  
first round.

Those two bills before the senate in  
Baton Rouge, one for national suffrage,  
the other for state suffrage, may not  
be creating any excitement just now,  
but before the campaign is over some  
of those legislators are going to be  
forced out of mighty good homes.

That matinee race staged in Green-  
ville yesterday had the power of draw-  
ing several hundred people to the city,  
and the way it terminated no doubt  
will influence several thousand others  
in attending similar occurrences here  
during the remainder of the year.

The American Legion of New York  
has taken steps against the proposed  
issuance of a second bonus to ex-sol-  
diers of this country, and while the  
entire country is somewhat amazed at  
the attitude, it is possible, however,  
that the New York boys have a more  
accurate vision of the nation's finances  
than some of the others.

Greenville will have one of the best  
ball parks in the state when it is com-  
pleted, and it is up to the local club  
to live up to the reputation of the park.  
The spacious grandstand will be erect-  
ed by members of the Fair Association  
probably before the baseball season  
opens in this city, and in that event,  
the opening of the season will be en-  
hanced to a greater extent. The sooner  
the ball begins rolling now the better  
the whole town will like it, conse-  
quently, officials of the league should  
do everything possible to expedite pre-  
liminaries.

If high prices really are caused by  
profiteering in various sections of the  
country, as some appear to think, then,  
it is time for another senatorial in-  
vestigation. The senate, so far, has dis-  
played admirable skill in ascertaining  
the causes of the present unsettled  
state of affairs in this country, and  
if given a few more chances of in-  
vestigating the trouble may eventually  
be discovered. Indefinable worries,  
however, would be attached to this  
last issue, and if we judge rightly, mem-  
bers of the senate cannot stand any-  
thing provoking just now for Mexico  
is disturbing enough for temporary  
entertainment.

### MANY POSITIONS OPEN.

Through the Service and Informa-  
tion Branch of the General Staff, it is  
announced that there are several thou-  
sand and civil positions under the War De-  
partment now open for discharged sol-  
diers partially disabled from wounds  
or diseases incurred in the war.  
For some months past Secretary of  
War Baker, acting in conjunction with  
the Federal Board for Vocational  
Training and the Civil Service Com-  
mission, has been working on a plan  
whereby the War Department might  
provide for the partially disabled sol-  
diers under its own jurisdiction. This  
plan has now been worked out, and is  
fully described in Bulletin No. 12, just  
published.

Congress has already provided that  
in making appointments to clerical and  
other positions in the executive branch  
of the government preference shall be  
given to honorably discharged veter-  
ans and their widows or wives. This  
statute does not exempt applicants  
from the usual examinations under the  
Civil Service, but they will be requir-  
ed to attain an average percentage of  
only 65 in order to become eligible for  
appointment, while others must make  
at least 70.

Age limitations are also waived for  
veterans; they will be released  
from all height and weight re-  
quirements, except for the positions of  
guard and watchman; they will be cer-  
tified for appointment in the War De-  
partment at Washington without re-  
gard to the apportionment of appoint-  
ments among the states and territories  
and after passing the necessary ex-  
amination, they will have their names  
placed on a register ahead of those  
not entitled to preference.

### LOOK WELL TO THE LEGISLA- TURE.

Every property owner in Pitt coun-  
ty, as well as in all other counties in  
the state, has within the last few days  
received from the board of appraisers  
a notice showing the valuation at  
which his property, is to be listed for  
taxation. This new appraisal made  
under a recent amendment to the  
state constitution proposes to place  
property on the tax list at its actual  
value. While this places a very much  
higher value on all property than  
heretofore, there should be no objec-  
tion on the part of any right thinking  
person to their property being listed  
at its true value, provided the rate,  
of taxation is lowered in keeping with  
the raise in values.

The new valuations means that the  
next general assembly of the state will  
be confronted with the important and  
responsible duty of revising practically  
the state's entire system of taxation.  
This being so, if there ever was a time  
when the people should be exceedingly  
careful to select the very best men  
possible to represent them in the legis-  
lature, that time is right now. It is  
a mistake to send men to the legisla-  
ture whose ambition reaches no higher  
than themselves and who do not look  
well to the interests of the people they  
represent. Past mistakes in this re-  
spect should not be repeated. The state  
must be progressive, the counties must  
be progressive, the welfare of all the  
people must be considered, and these  
things come by selecting the best men  
to make the laws under which we must  
live.

The way the rebel troops acted after  
gaining entrance to Mexico City goes  
to show there are still people among  
the hills of that country who are from  
reaching the state of civilization. To  
slaughter, without provocation, after  
conquering a city, is one of the most  
ruthless procedures of war, and should  
such continue, intervention on the part  
of some interested nation should take  
place. The election of a president cer-  
tainly holds a significant meaning to  
the rebels, so the only alternative is  
to organize a provisional government  
until something more definite can be de-  
cided upon, and barbarism eliminated.

No one can blame Carranza for trip-  
ping away towards the Pacific Coast.  
In fact, if several other people had  
been in the gentleman's position they  
might be listening to be troubled wa-  
ters of the Sty instead of the friendly  
splash of the Pacific. Carranza may  
not be the wisest man in the world,  
or in Mexico, but he certainly had that  
intuitive requisite to physical freedom.

President Wilson has called on Dem-  
ocrats of the nation to stand squarely  
behind the peace treaty, and it is safe  
to say they will do just that. Reser-  
vations, all of them, mean practically  
the same thing to supporters of the  
treaty, and for that reason it is use-  
less to endeavor to incorporate some-  
thing the people as a majority do not  
desire.

ASK YOUR WIFE  
ABOUT 'EM!

**PERSONAL.**

Mr. P. J. Moore and little son, Thos. Jr., and Mr. and A. J. Moore, spent the week-end in Wilmington.

Mr. E. W. Simpkins, of New Bern, was numbered among business men in Greenville yesterday afternoon.

Mrs. Hunter Fleming and children, of Kinston, who have been visiting her mother, Mrs. H. L. Carr, returned home yesterday.

Rev. and Mrs. W. H. Moore, Mr. and Mrs. R. T. Burnette, Mr. and Mrs. T. B. Moore, Misses Maggie Daughy and Nelle Lawrence and Messrs. J. C. Tyson and W. H. Allen left this morning for Washington City to attend the Southern Baptist convention.

Mrs. C. J. Ellen and little son left this morning for a visit in Raleigh.

Mr. G. W. Barden, of Raleigh, spent the day in Greenville yesterday.

Mr. Jack Blanks went to Farmville this morning.

Mr. J. F. Lang, of Washington, is in the city today on business.

Mr. E. T. Burgess, of Elizabeth City, was here for a short time Monday.

Mr. H. W. Nelson, of Oriental, spent a short while in Greenville this morning.

Mr. W. L. Brown, who spent yesterday here at the reunion, returned to Raleigh this morning.

Mr. C. B. Redditt, of Rocky Mount, was in Greenville a short while Monday evening.

Messrs. J. L. Perkins and R. S. Woolard, of Stokes, were here on business during Monday.

Mr. and Mrs. K. A. Pittman, of Ayden, spent a short while in the city yesterday, visiting friends.

Mr. W. B. Everett, of Davis, is among the business visitors in the city today.

Mr. J. L. Hudson, of Farmville, made a short business trip to Greenville yesterday morning.

Mr. Walter Johnson and little Miss Nannie Johnson Bowlett, left this morning for a visit in Greensboro.

Messrs. R. L. Ferguson and M. B. Ferguson, of Kinston, were in Greenville several hours Monday.

**THERE'S A SCARECROW ON DUTY**

up in Wake county that is wearing a Kuppenheimer suit that was bought in 1904.

And the surprising part of it is that altho' old enough to vote, the suit still holds its original color. It is as fast today as the crows that it's scaring away.

We had this story brought to our attention by a customer of ours who buys Kuppenheimer clothes right along.

We pass it along to you, to believe, for it's true, and to remember when the time comes for you to reorganize your wardrobe.

**Kuppenheimer Suits**  
\$60 to \$75

the prices are reasonable when you consider the service you'll see.

## MR. ERNEST C. BEST DIES IN NEW MEXICO

Mr. Ernest C. Best died in Dexter, New Mexico, April 12th as the result of gas while fixing a pipe in his irrigation well. After he was gassed he fell into the water and was drowned before aid could reach him. The funeral services were conducted from Portales Baptist church on the 14th, the interment following the Portales cemetery.

He is survived by his wife, two sons, three brothers, one sister, and his mother, and his mother, Mrs. Lula Bateman, of this county. This is sad news for his friends in this county and the sympathy of the entire community goes to the grief-stricken family.

## ANNOUNCEMENT.

I hereby announce myself a candidate to succeed myself as Sheriff of Pitt county.

Subject to the action of the Democratic primary to be held in June, 1920. E. R. DUDLEY.

## NOTICE.

North Carolina, Pitt County.

Charlie Darden

vs.

Lena Darden.

In the Superior Court.

The defendant above named will take notice that an action, entitled as above, has been commenced in the Superior court of Pitt county, North Carolina, for the purpose of procuring an absolute divorce; and the said defendant will further take notice that he is required to appear at the term of the Superior Court of Pitt county, to be held on the 10th day of April, 1920, at the court house in said county, Greenville, North Carolina, and answer or demur to the complaint filed in said action, or the plaintiff will apply to the court for the relief demanded in said complaint.

This 10th day of March, 1920.

J. F. HARRINGTON, Clerk Superior Court.

I. G. JAMES & SON, Atty. 17-14w4

## JUNIOR CLASS E. C. T. E. S.

### ENTERTAINS SENIORS

The Junior Class of the Training School gave a brilliant reception to the Senior Class from 9 to 11 o'clock last night. The dining hall of the school was transformed into a gay reception hall, artistically decorated in vines and plants, with cut flowers in every available place, and with festoons of class colors and class banners of both the gold and white, the Senior colors, and Yale blue and white, the Junior colors.

Each guest was escorted to the reception by a Junior. At the door they were received by Misses Nell Pappindick and Carrie Evans, and introduced to the line. In the receiving party were Miss Helen Bahnsen, the president of the Junior class, President and Mrs. Wright, Mrs. Beckwith, Miss Mary Sumner, vice president, Jennie May Dixon, secretary and Ethel Brother, treasurer.

Misses Camilla Pittard, Sara Pearson, Earle Wynne and Mamie Lee conducted the guests from the line to the punch bowl, over which Misses Elizabeth Bahnsen and Sallie Noblin presided. Around the side of the hall were arranged tables, and those who were so inclined seated themselves at these for a game of Rook. Others gathered around in groups, until after all the guests had arrived, Miss Helen Watson, chairman of the entertainment committee then took charge of the informal program, which seemed almost impromptu. Misses Fahnestock and Bertolet Meade played duets. The beautiful dance in the "Masco" by Misses Ollie Moore, Elmira Womack and Mabel Womack was given. Miss Mully playing for them. Miss Alleen Jones sang "Mother Macree." Miss Katherine Fahnestock gave several readings and later gave others, as she was called back for encore after encore. Miss Fahnestock recently visited her sister in the school and charmed the students so with her readings that they persuaded her to come over for the evening, from Washington, where she is conducting the Junior Chautauqua.

After the program the lights suddenly went out, the doors in the rear were opened and a group of Juniors appeared bearing candles and singing a mystical song about "Training School Pies," which aroused curiosity. They were singing "Pies of White and Gold" when the lights came on and three tremendous pies in white and gold were revealed on tables in the center of the room. The seniors and their adviser, Miss Nellie Maupin, were called out in three groups and made rings around the pies, and then all the Juniors made a big ring around these. At a signal, the seniors pulled cards, after each had found the one with her name on it, and pulled from the Jack Horner pie her gift with a jingle attached. One by one the Juniors were called to the front to display their gifts and read the rhymes. There were many amusing hits, both in gifts and verses.

During this part of the entertainment cream and cake were served. Misses Agnes Jones, Vivian Bass, Elfy Holloway, and Blanche Cannon were on this committee, with Miss Carrie Evans as chairman.

There are a hundred and ten young ladies in the Junior class and sixty-eight in the Senior class. The members of the faculty were also among the guests. There were over two hundred at the reception, which was one of the most enjoyable and successful of the Junior-Senior receptions in the history of the school.

## FOR REGISTER OF DEEDS.

I hereby announce myself a candidate for register of deeds to succeed myself, subject to action of the Democratic primary.

11-june-5 J. C. GASKINS.

## COMING TO PITT COUNTY

### Y. M. C. A. SERVICE TRUCK

Coming to Pitt County Y. M. C. A. Educational Service Truck.

S. K. Hunt the State county work secretary of the Young Men's Christian Association, and Lloyd Hanson, the manager of the Y. M. C. A. Educational Unit, were in Greenville Monday making final arrangements for a visit of the Unit to Pitt county.

This Educational Unit, which consists of a truck equipped with its own light and power plant, a portable moving picture projector and certain health and agricultural exhibits, has been creating quite a sensation in other sections of the state. It is sometimes called a "Rolling College," as the whole program in connection with it is educational.

There are three young men with the unit representing various departments of the work. In addition to a general manager, there is an agricultural expert who in co-operation with the local farm agent will put on various demonstrations in several different sections of the county. There is also a young man who represents the state board of health as well as the "Y" who speaks on rural sanitation and Social Hygiene. The county health officer will direct his activities while in this county.

Mr. Hunt and Mr. Ranson met with the county superintendent of public instruction, the County Welfare officer and the county health officer and determined on the community centers to be visited in this county. The unit will be at Bethel Monday, Tuesday Wednesday, May 17-18, Stokes Thursday and Friday, May 20-21; Grimesland Monday, Tuesday and Wednesday May 24-26 and Arthur Thursday and Friday, May 27-28.

This educational program has the backing of all the local, state and national organizations interested in getting an agricultural and social hygiene message to the rural people. The manager will probably arrange with the local ministers and officials a meeting for men and boys in Greenville Sunday afternoon, May 23rd.

## FOUR HOUSES ARE WRECKED BY FIRE HERE EARLY TODAY

(Continued from page one.)

over the rails of the truck on his head in the center of street, and while his injuries are not considered serious the momentum of the compact could produce abrasions to become more severe. Sheriff Dudley was thrown forcibly against the side of the truck and sustained a dislocation of the left arm, which although painful, is not considered serious. F. D. Haskins, assistant superintendent of the water and light commission, the only other occupant of the truck, escaped without injuries by landing on the ground squarely on his feet, running as fast as the momentum of the compact could produce.

Three of the houses destroyed in the fire were owned by Taft & Vandyrke, the other being the property of the occupant, Burt Leggett.

## THREE BIG STILLS TAKEN BY SHERIFF IN RAID YESTERDAY

(Continued from page one.)

key or better grades, and for that reason a still is in one place for a short duration and then moved again. This keeps the officers on the lookout in all places and under every circumstance and has resulted in record apprehensions for the county.

Just received full line of Georgette, Chiffon, Graduating Dresses. McKay Company. 11-6t

## STRIKES IN FRANCE

### FAIL TO INTENSIFY

#### LABOR CONDITIONS

(Continued from page one.)

federation is in continuous session. The general federation of labor has issued an appeal to the united socialist party, says the Echo de Paris, although in the past it has always signified to the party its unwillingness to have the latter involved in strike movements, because that would introduce the elements of politics into purely trade questions. A manifesto is published by Humanite, apparently as a result of the appeal, endorsing the action of the federation, and asking all socialists to support it.

Certain socialist deputies are reported to have asked Premier Millerand for an interview for the purpose of discussing resumption of work.

## DESTROYERS SENT TO PACIFIC COAST TO PROTECT LIVES

(Continued from page one.)

West several days ahead of the transport Henderson, which is now en route to League Island to take on an additional force of 12000 marines. So far as could be learned no orders have been issued to either vessel to proceed further than Key West.

The department early today had received no report from the four destroyers which were due to Tampico yesterday.

Estimates of the state department place the number of Americans in Mexico at between 6,000 and 7,000. This number includes radicals and draft evaders who crossed the border to escape arrest or court proceedings.

The department had no additional advices today from the American embassy or from any of its agents in Mexico.

## MARRIAGE LICENSE ISSUED SINCE REPORT YESTERDAY

The following marriage license has been issued by the register of deeds since the report of Monday evening:

Miss Norville, of Falkland, to Thurman Edmundson, of Martin county.

Just received full line of Georgette, Chiffon, Graduating Dresses. McKay Company. 11-6t

# Good-by Old Wash Board

THREE cheers for Clean Easy! This wonderful soap is the best friend a woman ever had. Forget the old scrub board—those aching in the back and knuckles. You don't have to worry with them any more.

## Here's the Remedy!

Get a cake of Clean Easy Naphtholein Wash Soap. Shave off half of it into 4½ gallons of water, and let it dissolve. Boil your clothes in it for ten minutes, stirring with a stick. Presto! Every garment is free from dirt and grime.

The dirtiest overalls, shirts and clothes "come clean" when Clean Easy starts to work!

There's nothing like it. We wish every woman in the world could just try Clean Easy once. What hours of trouble and miserable work could be saved!

Just think! Ten minutes of boiling—and wash day is over! Get your cake now! Don't wait a minute, but prove to yourself that happy Mondays are here to stay in the Clean Easy Way!
