

DANIELS DECLARES SIMS IS TRYING TO PRUSSIANIZE NAVY

Criticisms of Navy Department Show Tendency of Prussian Standards.

MANY OFFICERS DISLIKE CONTROL BY CIVILIAN

Former Charges of Admiral Show Desire to Damage Ranking Officers.

Washington, May 17.—Desire "to Prussianize the Navy Department" was ascribed by Secretary Daniels today as one of Rear Admiral Sims' underlying motives in criticizing the department's conduct of the war.

"The original charge showed hostility to certain officers and a desire to damage the ranking officers who directed the operations during the war," said Mr. Daniels speaking of Admiral Sims' critical letter of January 7, and the evidence has disclosed a desire to misrepresent the secretary of the Navy because he was not a rubber stamp secretary.

Mr. Daniels said the committee desired to raise the general staff issue he was willing to go to the country with it. If Congress approved the plan he declared it would "create a general staff on the German model and name some von Tirpitz to rule the Navy."

"Most of those who advocate this radical departure seek to camouflage their Prussian ideas," the secretary said. "They say they do favor a civilian secretary and have not thought of a naval officer for secretary."

Mr. Daniels asserts that all recent secretaries had been confronted with a struggle to keep the navy under civilian control and quoted former Secretaries Wells, Long and Meyer, and former Assistant Secretary Darling to show the strenuous efforts they found necessary to keep authority in the hand of the civilian secretary.

Mr. Daniels reviewed his relations with real Admirals Fiske and Fullman retired, formerly his aids. Admiral Fiske he asserted, in combination with six other subordinate officers in the department and a member of congress who was a former officer in the navy undertook surreptitiously and secretly to impose his ideas as to the duties of the Chief of the Naval Operations.

"Admiral Fiske surreptitious legislation had it passed, the Secretary added, "would have put an officer of the navy in a position where he would have had the power and authority of the Prussian chief of staff, von Tirpitz and the Kaiser himself, combined in one."

BRYAN ABSENT AT OPENING OF NEBRASKA CONVENTION

Omaha, May 18.—William Jennings Bryan was absent at the opening of the Nebraska Democratic convention in this city today, but his brother Charles W. Bryan was present and declared that unless the Lancaster county delegation was seated he would leave the convention.

FOUR CASES GIVEN CONSIDERATION IN COURT YESTERDAY

First Week's Session Adjourns on Account of Lack of Witnesses.

ACTION RESULTED FROM REQUEST BY PLANTERS

Second Week's Work Will be Given Consideration Next Monday Morning.

After disposing of five cases, the first week's session of the civil term of Pitt county superior court, which convened in this city yesterday morning, was brought to final conclusion yesterday evening on account of requests from various parts of the county that the first week's term be abandoned.

There was some discussion in evidence regarding the requests for postponement at the opening session yesterday morning, but this was soon eliminated by insistent appeals from other territories, conveying the same request, and stating that many litigants and witnesses would be compelled to leave their crops in bad condition if forced to attend court during the present week.

There were two divorce suits resulting favorable consideration in the opening session yesterday morning, and two controversies of long duration, involving...

SCHOOL CARNIVAL ACCLAIMED GREAT TREAT BY PUPILS

Mock Carnival at Training School Proved Splendid Success Many Ways

The Mock Carnival given by the Junior class of the Training School, May 15th was a great success.

The class netted a neat sum which goes to the establishment of Blue Ridge fund in their class. A certain amount retained as a nucleus for C. A. to send delegates to the Blue Ridge Convention this year, and a amount retained as a nucleus for future Y. W. C. A. work in that class.

About 6:30 last Saturday evening, the "May Day" procession, consisting of the May queen and her attendants, paraded Fifth street to the driveway of the campus, halting at the throne. Here the party grouped about the queen and beautiful Hawaiian girls sang and played their Ukuleles for the queen's entertainment.

The queen, Miss Robble Clause, was driven by Little Miss Inez Van Dyke, in a beautifully decorated pony cart.

Two clowns following the procession rolling a wheel borrow, added much fun to the general carnival spirit. There were many attractive booths where punch, cream, sandwiches, flowers, flower baskets, souvenirs and confetti were sold.

Madam Zingaria, palmist, prophesied many futures—some happy—some sad.

Three brightly dressed Gypsy girls strolled about the campus selling fortunes, and a wounded American soldier, hobbling on a crutch, sold peanuts and candy.

The Junior class deserves much praise for the success of the carnival and also the precedent they established for classes to take an active part in aiding the Y. W. C. A. to send delegates to the Blue Ridge convention. Immediately after its organization, last fall, this class gained 100 per cent of its members for members in the Y. W. C. A.

COTTON CROPS OF SOUTHERN STATES IN BAD CONDITION

Mr. H. A. White Tells of Observation on Recent Trip to New Orleans.

GEORGIA AND ALABAMA CROPS IN POOR SHAPE

Excessive Cold Rains and Late Spring Causes Seed Not to Germinate.

A reporter of The Reflector had quite an interesting interview with Mr. H. A. White, secretary of the Southern Cotton Seed Crushers' Association, who has just returned from a meeting of the association in New Orleans. In the very recent years Mr. White has made annual trips in May to New Orleans in the same capacity as on this last trip. He is a man of keen observation, and wherever he goes makes note of general conditions, especially as they relate to the cotton industry, for comparison with his own section.

In this connection Mr. White said "I have never been on such a trip and taken these observations without returning home filled with greater pride for eastern North Carolina and Pitt county in particular, which is really the garden spot of the world." On this last trip more than any other I was impressed with the vast difference between this immediate section and others through which I traveled. No such crops were in evidence anywhere as right here in eastern North Carolina, in fact the best seen on the entire trip were before passing the border line of Pitt county. The farmers of Pitt county have possibilities and opportunities...

LABOR PARTIES TO ASK GREAT BRITAIN FOR SOVIET PEACE

Demands to Be Made for all Allies to Also Make Peace in Russia.

London, May 18.—Demands that Great Britain and her allies in the war make peace with the Soviet government of Russia will be submitted to the annual conference of the Labor Party, to be held at Scarborough in the latter part of June. The Independent Labor Party which is affiliated with the federated Labor Party has suggested a resolution for adoption in the convention which proposes not only recognition of the Soviet government but that fraternal greetings be sent to the Russian Socialist republic. Another proposal calls for an international conference of all labor parties through the world and requests that the Russian government would be expressly asked to send delegates here.

The Hampstead Labor Party has given notice that it will propose a motion that the Labor Party secede from the Second International.

The Birmingham Central offers a resolution declaring that the Allied peace treaties grossly violate the professed objects for which the governments of the Allied and Associated nations entered the war.

The Glasgow Trades and Labor council suggested the adoption of a resolution in favor of the cancellation of the war debts of the Allied nations and advocates an international loan and the establishment of machinery for a world organization of raw materials in order to restore European production.

The Independent Labor Party asks for democratic control of foreign policy and establishment of international standards of labor conditions. It requests that the convention put itself on record as opposed to all militarist and imperialist projects had program. Eight resolutions have been sent in by local labor parties dealing with Ireland, a...

THREE SCHOOLS OF COUNTY DECIDE TO CONSOLIDATE SOON

Hanrahan, Jacksontown and Littlefield Adopt Ambitious Plan of Work.

EFFICIENT SCHOOL TO BE BUILT IN DISTRICT

One Building Conveniently Located Will Serve All Three Districts.

That section of the county served by the schools at Hanrahan, Jacksontown and Littlefield is to put on foot perhaps the most ambitious consolidation project yet attempted in Pitt county. As the result of a conference held with patrons of these schools Saturday by A. G. Cox, chairman of the board of Education, and county superintendent, S. B. Underwood, it was unanimously decided that the three districts would be consolidated and an efficient school established near the center of the combined district.

The Littlefield district had just recently voted a local tax, which put them on the same plane as the other two districts and made the consolidation possible. The matter was presented to the meeting Saturday at some length by Messrs. Cox and Underwood, and the people called on to express themselves freely. It was shown that by consolidation this community could have a school with from four to six teachers to begin with, and could ultimately develop into a standard high school. Not only were the people willing to consolidate, but they expressed themselves unanimously as being in favor of the erection of a handsome brick building rather than to undertake to get along with a frame structure. It was the sense of the meeting that the community should have a commodious brick structure with auditorium, music room, domestic science department...

ZIONISTS REQUEST BRITAIN TO PLACE JEW IN PALESTINE

Would Have All Territory Restored as National Home For Jews.

Leeds, Eng. May 18.—British Zionists are demanding, now that Great Britain has received a mandate in Palestine, that the British government fulfill its promise to restore that country as a national home for Jews. Some of them betray some apprehension that the claims of the Arabs to Palestine may prevent a full realization of the Zionist hope.

"We want to begin our great work" says the Rev. J. E. Goller of Leeds. "We are ready to begin tomorrow." "We are ready to provide money, \$50,000 or \$100,000 is nothing once we are sure of our position and to arrange for the emigration of Jews—not only from England, but from Poland and elsewhere to Palestine.

"We must know definitely if the British government is going to stand by its promises, or betray the soul of the Jewish people? The promise was distinctly that of a national home, which means, ultimately, a Jewish state in Palestine.

"There has always been drawn across the source of Jewish nationalism the red herring of Pan-Arabic ambitions. We declare that we are prepared in Palestine to deal justly, fairly, and generously with the Arab problem, but for the Arabs to want Arabia, Mesopotamia, and Palestine as a triple Arab Kingdom, ere they have proved their capability of governing a single autonomous unit, is tragically absurd.

COUNTY LEGION TO OBSERVE MAY 31ST AS MEMORIAL DAY

Appropriate Exercises to be Conducted at the Court House During Day.

FRENCH DIPLOMAS WILL BE GIVEN TO RELATIVES

Ex-Soldiers Throughout County Urged to be Present During Occasion.

The Pitt county Post of the American Legion will observe Monday May 31 as Memorial Day. On that date there will be appropriate exercises held at the court house at Greenville, beginning at 10:30 in the morning. At the conclusion of the exercises The Memorial Diplomas issued by the French Government to the next of kin of the deceased soldiers will be presented. The War Department has sent to the local post of the Legion forty-one of these diplomas. Not all of these men were from Pitt county but this is the post nearest to the homes of the men at the present time. Following is a list of the nearest of kin of the deceased soldiers of both White and Colored. The War Department did not furnish the Legion with the information as to which of the soldiers were White and which were colored, and so at the present time the Legion is endeavoring to find out which is which. The list follows:

Mrs. Della Clark, Williamston, N. C., Joseph Monroe Cox, Winterville, Mrs. Seleta Moore, Farmville, Mary Boyd, 219 North St., Greenville, Mrs. Carter, Stokes, Harry Tyson, Greenville, Mrs. Dettie Cannon, Grimesland, James R. Gay, Fountain, Mrs. Martha E. Corey, Ayden, William Sessions, Parrelle, Henry Carter, Ayden, Jerry Williams, Fountain, Pattie A. Edwards, Fountain, H. C. Cobb, Farmville, Slade Lancaster, Grifton, B. GREAT MEMORIAL DEDICATED TODAY HONORING SOLDIER

The Memorial Amphitheatre Erected in Arlington Cemetery Unveiled.

Washington, May 18.—To the memory of the soldiers and sailors who fought the battles of the United States in all wars, a great Memorial Amphitheatre was dedicated today in Arlington National Cemetery.

The ceremonies were attended by veterans of three wars, members of the diplomatic corps, cabinet, Senate, House and other government officials and a large gathering of people. A procession of army and navy marine corps detachments, veterans of the Grand Army of the Republic and allied organizations, Spanish War veterans and World War veterans led by Major General Nelson A. Miles "retired" preceded the ceremonies.

The dedicatory exercises were under the auspices of the Grand Army of the Republic to whose efforts credit is given for the inception of the Memorial and for 18 years of work for it. Secretary Baker, Secretary Daniels, both members of the commission which had charge of the construction of the memorial; and Colonel D. M. Hall of Columbus, O., commander in chief of the Grand Army of the Republic, were the principal speakers.

The great structure of white marble, built by the government at a cost of \$825,000 stands in the Southern part of Arlington National Cemetery amid the graves of thousands of the Nation's dead. Near it are the main Memorial, where the battleship Maine's fighting top stands sentinel over the graves of the men who lost their lives when the vessel was sunk in Havana harbor, and the Confederate Memorial, surrounded by the graves of the southerners.

MANY TEACHERS IN CONFERENCE HERE SATURDAY EVENING

Teachers Comprising North-Eastern Part of State in Two-Day Session.

PRES. WRIGHT SPOKE DURING FRIDAY EVENING

Conference Conducted by Miss Hattie Parrott, of State Examiners.

A conference of the teachers who are to teach in the county summer schools in the north-eastern section of this state was held at the Training School on Friday and Saturday. Miss Hattie Parrott, a member of the State Board Examiners, who has charge of this district, called the meeting and presided over it. There were nearly fifty teachers and superintendents in attendance.

These people came here for business and they made every hour of their stay in Greenville count. There were three sessions the first day and two sessions the second, and even the luncheon hour was used for business. There was a program covering the different subjects in the curriculum, instructions concerning the administration of the county schools, and taking up every point these teachers need in taking charge of this work, and round table discussion.

On Friday evening Miss Muffy gave a demonstration on community singing, teaching the members of the conference how to show them how to teach them to sing.

President Wright made a talk after this in which he made the people see exactly what situations they were to face, what they would have to do, the kind of students they would have to teach, and made them realize the importance of the task. Most of the students in these county summer schools are these teachers who have not had the advantage of the best training and cannot get credits in the State schools; many of them are not even high school graduates, therefore the teachers will have to reach down to them and pull them up, instead of trying to hold them to ideal standards. President Wright gave the visitors the benefit of the experience the faculty of the Training School had in the first years, before they fully realized exact conditions in the schools. He told them how to take hold of these people just where they are and how to make them grow six weeks bigger in that time, but showed how useless it was to attempt to make them what they should be in so short a time. Their aim should be to stimulate the ambition of these students to be something and to do something.

Many of these girls who are teaching without sufficient training want to go on further to school and have tried to get into the schools but there is not room for all in the schools, therefore something must be done for them at their homes. Mr. Wright gave statistics as to the amount of training the public school teachers in North Carolina have had. There are 12,577 white teachers in the state 3000 have had as much as two years beyond high school; 4,255 have had some high school training, but 5,733 are below the high school in their training. Nearly 800 schools in the State were closed this year for the lack of teachers, but this shortage shows why these untrained people are in the school room. Now that the teaching profession is about to become a real profession, we must get to work to train those who enter it.

Those who are going out this summer to do this work realize the great service they have opportunity to render.

Of the twenty-two counties in Miss Parrott's district, eighteen are going to hold these county summer schools. The teachers who attended the conference were earnest, intelligent workers. A luncheon was served to the visitors by the Domestic Science Department of the Training School, at twelve o'clock on Saturday. On Friday afternoon the ladies of the town gave the visitors automobile rides around the town.

CONSOLIDATION OF SCHOOLS.

The vital facts on the consolidation of rural schools, which has attracted wide-spread interest in the state, are presented in the latest publication of the bureau of extension at the University of North Carolina by Dr. Edgar W. Knight, professor of rural education at the University.

Dr. Knight shows that, though urban schools have improved notably in the past ten years, rural schools have not shown a corresponding improvement and that country children in North Carolina are not obtaining the educational advantages city children are. As 80 per cent of the state population is rural, the great proportion of children are severely handicapped in their schooling by having poorer paid and poorer trained teachers, poorer equipment, less time, cruder facilities of every kind. "The condition of rural schools is admittedly the most insistent and immediately urgent task before North Carolina today," says Dr. Knight.

He sees the solution in the consolidation of small schools into larger, better equipped schools with provision to transport children from distant places in trucks. Several one-room schools ought to be consolidated into a large school with different teachers for different grades, he argues. The plan has been tried with success in Anson, Lenoir, Craven, Edgecombe, Granville, Halifax, Orange, Pamlico, Wake, and Wilson counties. Wilson county is using this year 20 trucks to bring children to school and expects to have 60 trucks next year.

A further course of study for women's clubs has been issued recently by the bureau of extension under the title of "Our Heritage," prepared by Dr. James H. Hanford, of the English department. It contains programs for fifteen meetings tracing the development of the American tradition and spirit through literature. Though designed especially for club work, it has been arranged so that individuals desiring a mapped-out course of reading may have a definite schedule to follow. The outline contains many references to literature and announces that provision may be made through the bureau of extension to obtain needed books from the University library. This outline follows others of a similar nature issued by the bureau on "Americanization" and "Citizenship for Women," both of which have been studied by hundreds of women.

Four musicians from Flora McDonald College gave a concert, May 14, in Gerard Hall to a large and enthusiastic audience of students. The concert was held under the auspices of the woman's association of the University, composed of the co-educational students. The visiting young ladies were Misses Ruth Yardell, violinist, Julia Arrowood, pianist; Ruth McKinney, soprano, and Kathryn Beltzhoover, accompanist.

PLANT POTATOES.

If you have any garden space to spare by all means plant some of it to potatoes. This is the advice of the United States Department of Agriculture to gardeners who want to avoid the high prices for potatoes which seems to be in prospect for next fall. The early crop of potatoes in the Southern States is now well advanced and soon there will be a supply of new potatoes on all the markets. These will last but a short time, however, and can not be depended upon for use next winter. The late or main crop produces most of the potatoes that go into storage and supply the markets all through the winter months. Home gardeners can help to make this supply adequate.

Land that is now in early garden crops, in some sections may be planted to late potatoes after these crops have been removed. Any vacant or unused land, even though it may be a little rough and difficult to handle, may often be made to produce good potatoes. Even the backyard will help to produce the "spuds" for the family table if it is not too shady. There is likely to be much unused farming land this year and groups of city men could well afford to plant this land to potatoes on a share basis.

Seed potatoes are scarce and high in price, but a bushel of seed will plant one-tenth acre and should produce 12 to 20 bushels of potatoes, or a winter's supply for a family of five. Cut the seed potatoes, as they are planted, to a single good eye or two eyes if the tubers are not large. First plow or spade the ground and pulverize it, then lay off the rows three feet apart. If the land is not rich—and most vacant land is not—scatter 100 pounds of a good grade of fertilizer over the tenth acre or, better, apply it in the rows and mix well with the soil before planting the potatoes. Open the rows 4 or 5 inches deep with a hoe or a hand plow and drop the seed.

NEW INSURANCE PROVISION.

A bulletin entitled, "New Provisions for Compensation and Medical and Surgical Care and Supplies Under the War Risk Act," and officially listed as "LD-30" is announced by Director R. G. Chomeley-Jones of the Bureau of War Risk Insurance as ready for distribution.

The Circular which is addressed to former service men and a copy of which may be obtained from the Bureau of War Risk Insurance, sets forth the warning that a certificate of injury from the Bureau, within one year from the date of discharge or resignation is necessary to preserve eligibility for compensation on the part of anyone who received injury or contracted disease while in the service.

To quote the bulletin: "No compensation is payable unless the disability or death can be traced to an injury or a disease incurred in the service. Many persons, however, have received injuries or contracted disease in the service and the ill effects thereof do not appear until some time after their discharge or resignation. If the disability resulting from the injury or disease contracted in the service does not occur before one year after discharge or resignation you may be unable to obtain compensation, for the law provides that when such disability or death can be traced to an injury or disease after one year after your discharge, a certificate of injury must have been obtained from the Director of the Bureau, within the year from the date of your discharge in order that the government may pay, or your dependents."

"If you were injured or contracted disease while in the service, even though the injury or disease was of a minor character, be sure to apply for a certificate of injury before one year after the date of your discharge or resignation, in order to protect yourself and your dependents. Act now.

"Do not fail to get this certificate if you sustained injury or disease in the service which, even though it may not bother you now, may become aggravated hereafter. Apply to the nearest District Supervisor of the public health service, or write to the Chief Medical Advisor, Bureau of War Risk Insurance, D. C., giving your full name, serial number, and organization and rank at the time of discharge or resignation."

A Day of Pleasure

Where is Old Blue Monday?

Do you know, there are thousands of homes where "Blue Monday" is now Bright Monday? And they are homes where the women do their own washing; other people's washing, too, for that matter.

How can wash day be a bright day? Mighty easy—by using the easy Clean Easy method of washing. In ten minutes, without scrubbing or rubbing and for only a few cents, an average week's washing is done! The only way in the world it can be done is by using Clean Easy Naphtholene Wash Soap according to directions printed on the wrapper.

Here they are in short: Soak the clothes overnight; cut up 1/2 bar of Clean Easy and dissolve it in 4 1/2 gallons of water. Boil and stir the clothes in this for 10 minutes. Rinse, blue and dry.

You'll have the cleanest batch of clothes you ever saw. Every garment sterilized, too, and free from germs. It's a wonderful way to wash clothes—and the very best way, too.

Ask your grocer for a bar of Clean Easy—one bar lasts two weeks. Notice how different it looks from other soaps.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tested medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side, joints and to prevent the grippe, Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

EMILTO AGUINALDO STILL HOLDS GOOD WITH THE FILIPPINO

Veteran Who Fought for Country's Independence Plays Big Part Politically

PEOPLE GLADLY HAIL HIM IN ALL SECTIONS

Recent Release from Hospital Denotes Popularity by Glad Receptions.

Manila, May 17.—General Emilio Aguinaldo, who fought for the independence of the Philippines and was captured by General Funston, still holds a strong place in the affections of the Filipino people. This was demonstrated when he left the hospital the other day to pay a visit to his farm at Kawit about 50 miles from Manila.

Aguinaldo has been in the hospital recovering from an operation for appendicitis but was permitted to go to his celebrate his 51st birthday.

Accompanied by his physician and a nurse, he made the 50-mile trip by automobile. Although his visit was not announced in advance, the news of his coming spread and the people of the villages along the way gathered at the roadside and the children threw flowers into his automobile. At one village the children waved American and Filipino flags and sang "Aguinaldo's March." At the home he was met by nearly all the villages headed by a band and speakers gave him welcome. After spending a night at the farm he returned to the hospital.

Aguinaldo seems assured against want. Besides the pension of \$4,000 granted to him by the legislature he owns about 2,500 acres of friar lands in Cavite province which he bought from the government, of which 300 acres are planted in rich and sugarcane, owns nearly 1,000 acres in the foothills of Cavite, where he grows hemp; is vice-president of two large vegetable oil concerns and has a handsome residence in Manila.

When he was captured by General Funston in 1901 after leading his campaign for independence, he gave his promise to Americans that he would not again take up arms.

Camels came through

on clean-cut merit!
No premiums or pull!

Camels delightfulness is due to their quality and to their expert blend of choice Turkish and choice Domestic tobaccos.

The more liberally you smoke Camels the surer you are that Camels are made to meet your taste! They have everything you ever looked for in cigarettes! You'll prefer Camels blend to either kind of tobaccos smoked straight!

Know today that you can smoke Camels liberally without tiring your taste; and, that Camels leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

You'll find it mighty interesting to compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

FOR JUDGE COUNTY COURT.

I hereby announce that I am a candidate for judge of the recorder's court of Pitt county, subject to the Democratic primary to be held in June.

FOR COUNTY COMMISSIONERS.

We the undersigned commissioners announce our candidacy for re-election to the office of county commissioners, subject to the Democratic primary.

FOR REGISTER OF DEEDS.

I hereby announce myself a candidate for register of deeds to succeed myself, subject to action of the Democratic primary.

ANNOUNCEMENT.

To the Democratic voters of the Fifth Judicial District:

I have entered the Primary for the office of Judge in this District.

I have practiced law for the past 18 years, during which time I have assisted in the prosecution of the Federal docket for about 7 years. Since entering my name for the judgeship I have resigned the office of Assistant U. S. attorney.

Before beginning the practice of the law I had fourteen years experience in business, beginning life as bank book-keeper at the age of 16 years.

I shall not make a canvass of the district for the judgeship. My conception of the duties and responsibilities of the high office of judge is such that in my view a canvass, and the methods of the political campaign, usual and perfectly proper for other offices—purely political, tend to cheapen and lower its tone.

I shall appreciate the support of all democrats in the district; and if by their suffrages I should be elevated to the Superior Court bench, I assure them that its high traditions shall be upheld, and in the administration of the office justice shall be meted out to all men alike.

GOMPERS CLAIMS TOO MUCH MONEY SPENT BY PARTIES

Head of Labor Federation Thinks Political Expenditures Too Great.

EXCESSIVE SPENDING IS VIGOROUSLY CONDEMNED

Inexcusable Expenditures made Political Aspirants, He Says.

Washington, May 16.—President Gompers of the American Federation of Labor, discussing problems concerning political and industrial welfare, considered by the executive council, declared that money was being "expended in inexcusable quantities by those who seek political office in the interests of the enemies of labor."

In preparation for the Federation convention at Montreal June 7, Mr. Gompers said the council had given particular consideration to matters of importance in connection with the National Non-Partisan Political League.

Reports received from all parts of the country indicated, he said, "a most satisfactory progress in the campaign to defeat the enemies of labor and to elect the friends of labor."

Referring to alleged expenditures, Mr. Gompers declared "we can only meet dollars with determination, chicanery with character and falsehood with truth, which we shall do."

Mr. Gompers said:

"We find a growing determination to rid the nation of such policies as have engaged the attention of the present congress—policies calculated to repress and coerce. We find a growing resentment against governmental impotence in dealing with the high cost of living problem, a problem which is paramount in every home in the land. We have prepared a comprehensive and constructive program for meeting this great issue.

"The executive council has given consideration to the efforts generally of employers and the enemies of labor to break down the standards of living and it will lay before the convention its recommendations. The attitude of labor is and will be one of resistance to the utmost to all efforts to break down standards, either through economic or political activity on the part of the enemies of labor.

"In a number of congressional districts it has been found advisable because of the character of the candidates who have put themselves forward, to nominate trusted union men for the office and for these the prospect of victory is bright.

"We call attention to the fact that even where the primaries have been held it may be necessary because of the utterly unfit character of the candidates nominated, to still bring forward union men to contest for office in order that the people may have true representation.

"It is the determination of the labor movement to use every possible constructive effort to defeat those destructive and autocratic methods that menace the well being of our republic and those whose inability to understand the problems and the need of our time, endangers the liberty and the progress of our people. The executive council finds the outlook bright."

LAX LAWS AND MOVIES ARE RESPONSIBLE FOR DIVORCES

Washington, May 17.—Moving pictures, lax laws and intemperance are blamed for the numerous divorces in the United States by a committee of temperance and social service in a report to the Southern Baptist convention. An enactment of an uniform code of marriage and divorce is recommended as a remedy.

THE WEDDING IS NOT UNTIL NEXT MONTH

but the modern bride groom buys his raiment along with the ring—in May—so that on the morning of the ceremony he won't be waiting at the church.

There are 3-reasons why our Kuppenheimer clothes are invited to officiate at so many June Weddings. 1st. We are always prepared.

2nd. We are always particular.

And last; we are as mum as a movie.

No store in this part of the state can eclipse our showing of Bridal suits this May.

And another nice thing is this; you can wear a Kuppenheimer suit into any hotel in America and be as right as any name on the register.

Kuppenheimer Wedding Suits \$60 to \$80.

And everything else that goes with your promise to honor and obey.

DAY
18.—All political parties in Pennsylvania will hold their primary election tomorrow. The Republican and Democratic parties each will elect 76 delegates to their respective National conventions. Presidential preferences are not directly involved in the Republican primary, the contests being largely over the personnel of the delegation and to settle factional differences.

Mr. J. S. Lewis, of Rocky Mount, was among business men here yesterday afternoon.

SPLENDID SERVICES HELD AT ST. PAUL'S CHURCH

The 175th meeting of the Convocation of Edenton convened last night in St. Paul's church. Evening prayer was read by the Rev. E. M. Parkman of Aurora. The Rev. J. N. Bynum, of Bethaven preached the sermon. His text was taken from the third verse of the twenty-third chapter of Second Kings. The sermon was timely and inspiring. Mr. Bynum pointed out that the only way of peace and safety out of the present unrest of the world lay through a restoration of the Commandments and Testimonies of God in the hearts of the people of today.

By request of the Dean, the Rev. George Frank Hill, former Rector of St. Paul's, Bishop Darst thanked the Parish for the warm welcome given the Convocation. The Bishop said that the record of St. Paul's Parish during the last few years was remarkably fine. St. Paul's has given more than was asked in every call from the church

FOUR CASES GIVEN CONSIDERATION IN COURT YESTERDAY

(Continued from page one.)
ing the settlement of disputes over land, and proper distribution of funds derived from the sale of property. The divorcees receiving action were: Della Atkinson vs. Donie Atkinson, divorce absolute; Younger Pitt vs. Katherine Pitt, divorce absolute.

In the land controversy case of D. D. Bryant vs. Alice Bryant, in which the plaintiff was suing for the possession of a piece of land in the Grifton territory, action was withdrawn on account of some understanding between the parties involved. In the case of Ross vs. Ross, in which the plaintiff entered suit for the proper distribution of funds derived from the sale of land in which he was interested, judgment for distribution was rendered, bringing the case to a favorable ending to all parties concerned.

There are several cases on the calendar for next week, and it is expected that the docket will be cleared almost completely in case eventualities do not arise to interrupt usual activities. There were quite a number of actions on the calendar for this week, but they will remain for consideration at the next term.

COTTON CROPS OF SOUTHERN STATES IN BAD CONDITION

(Continued from page one.)
opportunities of reaping wealth for their labors that are surpassed nowhere, and it looks like this is the time to bend their energies to all the increased production possible.

Emphasizing this statement further Mr. White said that he was forcibly struck with the backwardness and poor condition in the cotton crops through Georgia, Alabama, Mississippi and Louisiana. The spring has been so late and such excessive cold rains that seed did not germinate and the stand is distressingly poor and unpromising. Seed are so scarce that sufficient cannot now be had for replanting. The crop of those states is several weeks late, which in boll weevil infested areas will result in more devastation from this pest than where maturity is reached earlier. He did not go in Texas and Oklahoma, but learned through conversation with representatives of these and other cotton producing states that present conditions were

much the same as in the state which he had passed.
To sum up the situation Mr. added "These conditions indicate a very short cotton crop next fall with largely increasing demand at home and in foreign countries is no telling to what fabulous the price may go. With such prospect the farmers of Pitt county eastern North Carolina will act in planting every acre they can cultivate and harvest."

The people expressed themselves as being willing to get along with their old buildings for another year, if by so doing they could have the right sort of building when they did move. Superintendent Underwood said that he had never seen a group of men more interested in the education of their children. There was not a single man who opposed the plan suggested.
