PRESIDENT VETOES PEACE RESOLUTION IN SHORT MESSAGE

Declares He Cannot be Party of Program Offered by Republicans.

HONOR OF THE NATION WOULD RECEIVE STRAIN Message Declares Program Would Surrender Right of the Entire Nation.

Washington, May 27.—President Wilson vetoed the peace resolution today and informed congress he could not become a party to the peace program framed by Republican leaders of the Senate and House, because he considered it would put "an ineffaceable stain on the Nation's honor."

To establish technical peace by such a method, the President said in his veto message, would be to effect "a complete surrender of the rights of the United States, so far as Germany is concerned," and to relinquish all the high purposes which led the Nation into war and which were embodied in the rejected treaty of Versailles.

The President's act apparently brought to another and final deadlock the efforts of the present administration and congress to agree on a peace settlement. Republican leaders conceded they had no chance to pass the resolution over the Executive's veto, though an attempt will be made in the House tomorrow, and on both sides it was predicted that the issues of the treaty controversy would have to be fought out in the political campaign, with Democrats and Republicans blaming each other for the failure to consummate a state of peace.

In his message the President did not indicate whether he might again submit the treaty to the Senate for ratification, but he said the resolution raised again the question of whether the United States cared to draw apart from the rest of the world or to join with other nations in attaining the ends to which the treaty was framed.

The veto had been expected by the Republican leaders and they made plans to close the incident promptly by a record veto on re-passage of the resolution. The message went first to the House, where its reading was greeted with cheers by Democrats and derision by Republicans. Without discussion it was agreed to take a veto at noon tomorrow.

The general prediction on the Republican side was that the resolution would fall short by only a few votes of the two-thirds necessary to re-pass it. In the Senate, however, it was conceded that the prospect was altogether hopeless, the Democrats standing almost solidly with the President.

For the most part, Senate and House leaders refrained from comment on the President's action. The general tenor of the talk on the Republican side, however, was that the Executive and not congress now must bear the responsibility if the Nation continued technically at war, while among the Democrats, it was reiterated that the Nation still would hold the Republican Senate to account for its failure to ratify the treaty.

Representative Fess, of Ohio, chairman of the Republican congressional committee, declared in a formal statement that the President alone was to blame and that the people were with the Republican leaders in their attempt to end through the resolution an "intolerable situation."

RODMAN TO SPEAK TO COUNTY LEGION ON MEMORIAL DAY

Distinguished Washington Soldier to Deliver Address at Exercises.

FRENCH DIPLOMAS WILL BE GIVEN TO RELATIVES Barbecue Dinner Will be Served to Soldiers Following Exercises.

The Pitt County Post of the American Legion will celebrate next Monday, May 31, as memorial day. It promises to be a big day for all ex-soldiers and a day which will long be remembered by the citizens of Pitt county. The exercises will begin at 10:30 o'clock in the court house. After a short business meeting of the Legion the regular exercises will begin. The speaker for the day will be Colonel Rodman, of Washington, N. C., who served with the 30th Division and who is well known in this section of the State. He is a splendid speaker and a treat is in store for all who hear him at the conclusion of his address the presentation of the French Memorial diplomas, to the families of the deceased soldiers, will take place.

Pitt county lost many noble sons in the great war for democracy, and a large number of relatives will be here to receive these beautiful diplomas at the close of the exercises a barbecue dinner will be served, in the Long building store which is to be occupied by J. L. House & Co., to all white returned soldiers and sailors.

Dinner will also be served for the colored returned soldiers and sailors, the place to be announced on Monday. The colored citizens are invited to the speaking. The entire gallery will be (Continued on page five.)

ARMENIA MANDATE MAY BE DECLINED BY UNITED STATES

Senate Committee Reports Resolution for Immediate Declination.

Washington, May 27.—Declination of an American mandate over Armenia was regarded by leaders of both parties in congress as a certain result of the adverse action taken today by the Senate Foreign Relations Committee.

In response to President Wilson's request of congress for authority to assume for the United States a mandate over Armenia, the Senate committee today, by a vote of 11 to 4, reported a resolution declaring that "congress respectfully declines to grant to the executive the power" asked.

Solid Republican support given the resolution in committee is expected by leaders to continue in the Senate. One Democrat on the committee, Senator Shields, of Tennessee, also opposed the mandate. Of the four Democrats who opposed the resolution—Senators Hitchcock, of Nebraska, Williams, of Mississippi, Smith, of Arizona, and Pittman, of Nevada—only one, Mr. Williams, was said to favor the mandate. The other three Democrats opposed the resolution on other grounds and were said to oppose the President's request on principle.

The resolution is to be brought before the Senate for debate and disposal as soon as legislative matters permit, with little doubt entertained by either party as to its adoption.

PALMER APPROVES FEDERAL CONTROL FOR COMMODITIES

Committee of Lawyers Condemns Campaign of Department of Justice.

ILLEGAL MEASURES USED INSECURING EVIDENCE Procedure in Many Instances Not in Accordance With Legislation.

Washington, May 27.—Flat opposition to government ownership or railroads, endorsement of federal control of manufacture and distribution of "necessary commodities" and elimination of excess taxes in favor of higher taxes on incomes from investments, characterized the reply of Attorney General Palmer to the recent questionnaire submitted to Presidential candidates and others by the national board of farm organizations.

Dealing specifically with the question of the five great meat packers, Mr. Palmer said the recent federal court decree, entered after long negotiations between packers and government, was the longest step yet taken toward their control.

He explained the effect of the decree at length and added: "I do not want to appear brutal in using the term, but this decree makes butchers of these five great packers, and nothing else. They are no longer a serious menace to the food table of America by control of substitutes for meat."

The right of free speech, Mr. Palmer said, must be "carefully guarded and preserved."

"I would have men preach as radical doctrine as they will," he continued, "so long as they strive to make that doctrine effective by peaceful methods." (Continued on page five.)

TIMBER INTERESTS OF STATE SHOWING GREATER ACTIVITY

Perpetuation of Forests Receiving Greater Attention Everywhere.

Raleigh, May 28.—At last some of the users of timber are taking an active and constructive interest in the perpetuation of the timber supply. For many years some owners of standing timber in various parts of the country have been trying to prevent forest fires which destroy such property as has a present market value, but young growth has to a large extent been neglected and reforestation has scarcely been thought of.

In North Carolina for example the reported damage to young growth alone last year was over half a million dollars, while the total damage from forest fires was given as one and a quarter million dollars. Yet there is no strong or concerted movement on the part either of the timber owners or users in this state to prevent this annual loss and thus help to secure a permanent timber supply.

During and since the war our attention has been drawn very forcibly to the alarming shortage of timber suitable for paper and pulp and especially for newsprint. Quite recently we have been assured, however, from some unknown and rather questionable source, that the whole problem of a future supply will be solved by the Alaskan forests, the effect being to discount any plans for the conservation of our own domestic supply.

The American Paper and Pulp Association, made up of the leading manufacturers of paper in the United States, is not however to be misled by this idea. It is of the opinion that the American people themselves must practice conservation and it has boldly and wisely taken the lead among American industries

KEEL OF WORLD'S LARGEST WARSHIP TO BE MADE SOON

Battleship Lexington, to be Constructed at Plant in Quincy, Mass.

MOST POWERFUL VESSEL OWNED BY THIS NATION Powerful Armament, High Speed and Equipment Will be Unequaled.

Quincy, Mass., May 28.—The keel of the world's biggest warship will be laid down here within six months. The battle-cruiser Lexington combining in a degree unequalled by any ship of war now built or building the qualities of powerful armament and high speed, has taken form in drawing and awaits the arrival of materials to be advanced from the hands of the architect to those of the builder.

By fall it is estimated, the prospective queen of the United States Navy will become a ship under construction instead of an ambitious plan.

The Lexington is the name-ship of a class of battle-cruisers which will give Uncle Sam within four years a fleet of six big-gun fighting ships unmatched by anything then afloat. Her, sister-ships, the Constellation, Saratoga, Ranger, Constitution and United States, are also under contract. They bring names out of the old navy with which to develop for the first time capital vessels of the post-war fleet a traditional back ground for fresh exploits.

With the others of its class, the Lexington will displace 43,200 tons and will have the power of 190,000 horses, as measured in mechanical terms. Its length of 574 feet is within 46 feet of the length of the Leviathan, monster passenger (Continued on page four.)

TURKISH OFFICIAL GREATLY OPPOSED TO ALLIED TREATY

Kemal Pasha Says It Would be "Death Warrant" to Turkish People.

Angora, Asia-Minor, May 27.—Unalterable opposition to the treaty of peace the allies have submitted to Turkey was expressed by Mustapha Kemal Pasha, leader of Turkish national forces.

He was asked by the correspondent for a statement relative to the treaty and replied he "welcomed an opportunity to speak on the situation."

"The allied powers, led by Great Britain, condemned Turkey to death," he declared, "and began to apply their decision by the direct material manifestation known to the world. The Turkish nation naturally has declined to accept such a sentence. Our caliph and sultan, the Turkish parliament and the Turkish government, the members of which were legal representatives of the Turkish nation, were unable to resist such a verdict, and fell into the hands of the British by the sudden occupation of Stamboul."

"The Turkish nation, left without head or government in such a mortal crisis, took the responsibility for its own life into its own hands and created a people's government, composed of its own representatives in Angora, telling it the great national assembly and endowing it with legal executive powers. This assembly has chosen its executive department from the assembly itself under the presidency of the chairman of that body, Djellaladine Arif Bey.

GERMAN CHILDREN NOW BEING FED BY AMERICAN MISSION

100,000 Under Nourished Children Receiving Attention of Committee.

CHILDREN RAVENOUSLY ATTACK ALL PROVISIONS Children Swarm Like Bees to Eating Places in the Berlin District.

Berlin, May 28.—The American Friends of Service Committee now is feeding 100,000 of the undernourished children of Germany of whom there are, according to estimates based on physicians' reports, at least 1,000,000 for as the committee can feed only one tenth of them are being cared for as committee can feed only those seriously or dangerously underfed.

In a Kindergarten at Schoenberg, a huge district where the Berlin poor cluster like bees, the correspondents saw several hundred pale face children ravenously attack the meal the committee daily provides. It was a ground floor room with big windows flush with the street. Every window has a dado of swarming little ones. They stood on the side walk peering in, noses flattened against the panes, their big round eyes eagerly watching the children in the room feasting.

Most of these on the outside were in the class of merely undernourished, for whom no aid is available. Fraulein Margaret Barth, a well known educator who, as the head of the local committee, supervises all the feeding operations in the Schoenberg district, signed as she glanced at those wistful faces at the windows, and turned away.

"On the first day," she said, we permitted the parents to come see their (Continued on page five.)

LONDON-MINISTER AMAZED AT MONEY SENT TO MISSIONS

Archbishop of Canterbury Surprised at Way American Donate to Foreigners

London, May 28.—The Archbishop of Canterbury has expressed his envy and amazement at the way in which Americans are subscribing money to Foreign missions abroad. He said of the annual meeting of the Society for Promotion of Christian Knowledge that the finance of the society in this country where really in a parlous plight while across the Atlantic they some home had a genius for raising sums of money for charitable and religious objects which put England to shame.

"It made one's mouth water," the Archbishop said, "to read that the Methodist Episcopal church had secured promises for their mission work for the next five years, of \$33,000,000. Its Foreign Mission Board was able to make an annual appropriation of \$2,000,000 while the church of England was struggling along to get another \$20,000."

REPORT CONDEMNS RECENT ACTIVITIES OF INVESTIGATORS

Oppose Government Ownership of Railroads in Reply to Questionnaire.

ELIMINATION OF EXCESS RECEIVES HIS APPROVAL The Right of Free Speech Must be Carefully Guarded, Statement Says.

Washington, May 27.—Charges that the Department of Justice had committed "continual illegal acts" in connection with its recent campaign against radical activities are contained in a report by a special committee of lawyers made public here tonight by Judge King, executive secretary of the National Popular Government League. Mr. King said the committee had prepared its report under the auspices of the league and its conclusions and exhibits, contained in a pamphlet now being distributed by the league throughout the country.

Men who composed the committee were R. G. Brown, Memphis, Tenn., and Felix Frankfurter, Cambridge, Zachariah Chafee, Jr., Roscoe Pound, Mass., Ernest Freund, Chicago; Swinburne Hale, New York; F. F. Kane, Philadelphia; Alfred S. Niles, Baltimore; Jackson H. Ralston, Washington; D. D. Wallerstein, Philadelphia; Frank P. Walsh, New York, and Tyrell Williams, St. Louis.

"We make no argument in favor of any radical doctrine as such, whether Socialist, Communist or Anarchist," the report says. "No one of us believes in any of these methods of conduct. We are concerned solely with bringing to the attention of the American people the utterly illegal acts which have been committed by those charged with the highest duty of enforcing the laws—acts which have caused widespread suffering and unrest, have struck at the foundation of American free institutions and have brought the name of our country into disrepute."

The office of the Attorney General, "under guise of a campaign for suppression of radical activities," the report says, "acting by its local agents throughout the country and giving express instructions from Washington, has committed continual illegal acts. Wholesale arrests both of aliens and citizens have been made without warrant or any process of law; men and women have been jailed and held incommunicado without access of friends or counsel; homes have been entered without search warrants and property seized and removed; other property has been wantonly destroyed; workmen and working women suspected of radical views have been shamefully abused and maltreated. Agents of the Department of Justice have been introduced into radical organizations for the purpose of informing upon their members or inciting them to activities; these agents have been instructed from Washington to arrange matters upon certain dates for the express object of facilitating wholesale raids and arrests."

"In support of these illegal acts and to create sentiment in its favor the Department of Justice has also constituted itself a propaganda bureau and has sent to newspapers and magazines of the country quantities of material designed to excite public opinion against radicals, all at the expense of the government and outside the scope of the Attorney General's duties."

"American institutions have not in fact been protected by the Attorney General's ruthless oppression," the report adds. "On the contrary those institutions have been seriously undermined and revolutionary unrest intensified. No organization of radicals acting through propaganda over the last six months could have created as much revolutionary sentiment in America as has been created by the acts of the Department of Justice itself."

MANDATE PROBABLY TO BE TABLED DURING DAY

Republicans of the Senate Greatly Opposed to Accepting Responsibility

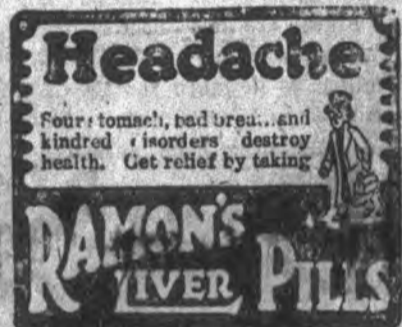

Washington, Ma. 26.—Democratic opposition developed today to President Wilson's request to congress for authority to accept a mandate over Armenia.

Senator Hitchcock, of Nebraska, administration leader in the peace treaty fight, joined Republicans opposing the measure, and there were indications that other Democrats would stand with him. Announcement of Senator Hitchcock's purpose not to support the administration in this instance was made while Republican leaders of the House were trying to agree upon the speediest method of disposing of the whole question.

The meeting of the foreign affairs committee, called to obtain the views of Secretary Colby, was postponed because of the Secretary's inability to attend, but there were many informal conferences by both parties, at which members expressed strong objection to any proposal which would send American troops to Europe or Asia. Chairman Porter indicated that the President's message would be considered briefly and then laid on the table, which would end it. Inasmuch as the Senate has failed to ratify the treaty with its League of Nations covenant, Republican members of the House committee declared there were legal objections to the President's proposal. They contended that to accept a mandate would be like doing indirectly what congress had not permitted to be done directly.

FRIDAY, MAY 28TH, 1920.

The bonus question continues to furnish much material for thought to members of the House who have been considering the issue so long, and in fact so earnestly, that even persons vitally interested in the issue probably thought it had been dropped entirely. The question, in its present form, may continue to afford ample room for discussion, but if it is to require much more time it might be advisable to drop it and take up something offering greater chances of direct settlement.

General Wood appears to be "cutting up" in the political field just at this time, but when election day comes and straw votes fail to give out any indication of his supremacy in the presidential race, the real truth of the situation may strike him more forcibly. Straw votes are entirely different from the kind that place a man in the position craved by the gentleman of military fame, but it seems a pity that he is to learn the lesson so soon, and at a time when he can even smell the dust of victory in every section of the country.

It isn't peculiar in the least that a president of one prominent union organizations in this country should have called President Wilson to worker's best friend in an address delivered before members of his organization, for the part which the president has taken in bettering conditions for the ordinary laborer has been one of the most significant issues connected with his administration. However, he has remained firm and resolute with the laborer as well as matters of government interest, giving each his earnest consideration and doing as he thought best. This fact has strengthened him considerably in public opinion and it is safe to say that the future will show his influence in national affairs more plainly than during the early part of his administration.

The fact that Oregon has been given little consideration in discussions pertaining to the presidency in Mexico brings one to the conclusion that "another little revolution" may be in progress in many parts of the county now pretty soon, unless sentiment changes within a short time. Oregon has ideas of his own about the presidency that haven't been correctly interpreted by political leaders in his country, but unless he receives desired recognition before political issues proceed much further it is safe to say the nation will be in a disturbed state again with little to look forward to for adjustment.

Then, too, there's Villa to be satisfied, but this can be done more easily than people suspect. Simply give the old boy a chance of a good raid with sufficient "booty" and presidential honors nor anything else can't upset the gentleman's equanimity.

UNITED, WE DIFFER.

It is surprising indeed that Methodist Protestants of the state should have seen fit to adopt resolutions endorsing the Inter-Church World movement at a recent convention held in Greensboro, for it is plainly evident, as it has been always, that an union of various denominations is an impossibility and will be an impossibility as long as the world remains realistic and spiritually inclined. It was never meant that all persons should unite in one body, with the same cause in view, for in this way church work, as well as business activity, becomes confused even with the wisest direction, and people eventually lose sight of the real principle in view.

Perpetual happiness is not gained simply by confining one's self to one thing or in one direction, for people's ideas differ in many different ways and cannot be centered upon one single objective without dissension and ultimate confusion. This is human. It is the same old fact of "difference of opinion" that we learned when reaching the stage of accountability, and as it applies to the material as well as the spiritual there is no argument that can prevail against it.

United thought and sentiment would be practicable if people had been taught this from the early ages and had something more definite and authentic to rely upon, but when it is brought forward in the age of enlightenment and intelligence of the present certainly opposition is created, and people feel perfectly at liberty in not departing from principles substantiated by their one source of direction—the Bible—and cannot be led to believe in union of thought and combination of christian ideals.

OPPOSING THE MANDATE.

The acceptance of the mandate over Armenia by the United States, as recently proposed by President Wilson, is apparently meeting with more opposition than was at first contemplated by even the most interested person throughout the country. Not because the senate expected to receive the proposal in an agreeable mood, for not even Mr. Wilson, when presenting it in his sincere way, expected that it would receive more than passing notice. However, it has produced profound attention in many circles because some of the most ardent supporters of the president have disapproved the acceptance, although it is apparent by their initial statements that opinion was not decided or based upon deep conviction that they were in the right.

Senator Hitchcock, in opposing the mandate, has established a distinct precedent when considering his former agreements with the president, but this fact does not mean conclusively that he is against it altogether, and cannot be considered as a direct expression of sentiment until the matter has been considered more thoroughly.

It's not surprising in the least that high prices are in evidence in many parts of the country when the federal grand jury in the state of New York recently returned a bill of indictment against fourteen dealers in woolen clothing on fourteen separate and distinct counts of profiteering. If this should have occurred in the state of New York where much of the clothing purchased in the south comes from, then it is only natural that prices in many districts should be high and beyond the reach of persons in ordinary circumstances. However, conditions may change materially in the future when federal agents get through their work, therefore, time and time alone can bring about a natural adjustment of conditions which not even the public in its dominating strength can control.

"The automobile as an educator" is receiving some attention in parts of the country where latest models have been received, no doubt, for after people have become more familiar with its tendency for destruction of life and property they will probably be ready for graduation-exercises and a diploma attesting the insincerity of a reckless driver in a speedy car.

The 101,4 feet of with of the gun platform broader than any passenger ship.

The Lexington which is to be equipped with electric drive, will attain a speed of 35 knots. This cruiser speed, higher than that of many destroyers is the object of much of the designing that entered into creation of the Lexington class. Armor will be sacrificed to make possible the 35 knot speed the main belt being only five inches thick at its maximum as compared with the 12 inch steel belt on most battleships, but armament will be of tremendous power. The Lexington will thus have not only the strategic advantage of high speed but will be able to fire a heavier charge over a greater distance than any other battleship for which the plans are known.

The Lexington in action will speak with a voice of 16-inch guns, of which she will have eight. The natives of Great Britain, France and Italy contain no gun greater than 15 inches and that of 24 knot speed, Japan includes 16 inch guns only on battleships of Unlike the dreadnought class, defiance on big guns.

Misses Ruth Andrews, Frances Whedbee, Bessie Brown and Annie Bet Smith have returned from Raleigh where they have been attending school.

MISCELLANEOUS SHOWER.

Complimentary to Miss Sallie Jackson. Last evening, Misses Jaunita Savage and Louise Tucker entertained a large number of friends, at the beautiful home of Miss Savage, with a miscellaneous shower complimentary to Miss Sallie Jackson, who weds next Wednesday.

The house was decorated with cut flowers and potted plants. Upon arrival the guests were welcomed by Misses Savage, Tucker and Jackson and shown to the punch bowl where they were served delicious fruit punch by Misses Blanche Shriver and Lucy Rowe. Tables for rook were arranged in the parlor and library and many games were enjoyed. Mrs. N. W. Jackson, making the top score, was awarded a corsage bouquet of sweetpeas. The bride-elect was presented a beautiful piece of lingerie.

After the games the bride-elect was given a ball of twine in which she found a verse which instructed her to follow the twine. After going over the porch around the posts and back to the side porch she suddenly came to a clothes-line, and there suspended from the line she found a beautiful shower of linen, silk and in fact everything necessary for a young bride to begin house keeping.

An ice course was served by Misses Annie Mae Edwards, Elizabeth Bost, Olivia More and Janie Jackson.

Miss Hazel Jackson, at the victrola, furnished music throughout the evening.

PHILATHEA CLASS ENTERTAINS

Complimentary to Miss Lizzie Higgs. On Tuesday evening at the home of Miss Martha Lee Cowell, the Philathea class of the Jarvis Memorial Methodist church entertained, complimentary to Miss Lizzie Higgs, a bride-elect and who is a member of the class. The house was decorated with roses, sweetpeas and potted plants. Two contests, a trousseau contest and advice to the bride-elect were engaged in. Small slips were given to each guest and they were asked to write six sentences giving advice to the bride. Mrs. Milton White, having the best sentences was awarded a corsage bouquet of sweet pens which she presented to the honoree. Rev. Walter Patten, then presented, as a gift from the class to Miss Higgs, a beautiful friendship circle. Delightful refreshments consisting of punch, sandwiches and creole kisses were served.

Miss Higgs has always been one of the most loyal members of the class and will be missed by every member of the class.

BRIDGE CLUB.

Mrs. Alex Blow was hostess to her bridge club yesterday, at the home of Mrs. N. L. Fulford. The house was decorated with cut flowers and potted plants. Tables were arranged in the library and parlor. Upon arrival the guests were served Coco-Cola and sandwiches, and at the conclusion of the games they were served strawberry short cake. Mrs. L. H. Bowling making the top score was awarded a bottle of Azurea Sachet.

BRIDGE CLUB.

Mrs. Earle Carter was hostess to her bridge club yesterday. Tables for the games were arranged in the library and parlor and many spirited games were enjoyed. Mrs. W. T. Lipscomb, Jr., making the top score was awarded a beautiful piece of lingerie. A salad course was served. Mesdames E. B. Ficklen and L. H. Bowling were guests of the club.

PREPARATIONS BEING MADE TO ACCOMMODATE PEOPLE

The following letter has been received from Mr. Geo. H. Turner, associate director of the Swathmore Chautauqua, and goes to show that preparations are being made to accommodate the people who attend the Chautauqua.

My dear Mr. Austin:
I am asking that 22 additional chairs be included with the equipment which will be sent to Greenville, N. C. This will, I trust, enable us to accommodate the crowd for the Greenville Chautauqua this year. We will also instruct the crew as to provisions for seating a large crowd if necessity should arise.

children feed. They wept with gratitude. We didn't let them come again. They were hungry themselves and their pinched faces were more than we could bear in a place where food was being served.

Cocoa, Milk, Flour, Sugar, Rice, Peas beans and lard are the foodstuffs supplied by the American Friends committee. Of the different menus afforded the most popular among the Berlin children is a kind of porridge made of flour, condensed milk, sugar and lard eaten with a roll.

Sixty percent flour is furnished. Fraulien Barth spoke of it with enthusiasm. "Crowds come to look at it."

The committee began work in Germany in the latter part of February. The Kapp revolution and the consequent disorders in Saxony and the Ruhr greatly interfered with operations.

PALMER APPROVES FEDERAL CONTROL FOR COMMODITIES

(Continued from page one.)
But the right of free speech is not the right of unbridled speech without responsibility. There must be a line beyond which men cannot go without being held responsible for injury to their fellows or the government, and that line must be drawn at the point where there is a promise, threat or implication of the use of force or physical violence to accomplish reform which is advocated in public speech.

Stating his views as to "direct dealing between producer and consumer," Mr. Palmer said:
"I believe the time has come when, in the interests of the producer on the far hand the consumer in the centers of population, there should be government regulation of exchanges dealing in foodstuffs and in securities or corporations whose business has to do with commodities which are known as necessities. The profits of speculation on these exchanges add to the price of foodstuffs where directly traded in, and in the case of shares of stock are ultimately borne by the commodities."

Twelve Cylinder Packard Draws Crowd

Alton Packard, Master Cartoonist and Humorist Extraordinary, is not a car but a cartoonist. In fact, he may be said to be a car-tune-ist, for the musical part of his program is as tuneful as the cartooning is clever. The Louisville Courier-Journal says of his work, "Vanity Fair," "Alton Packard, was undoubtedly the very best entertainment feature of the splendid Chautauqua program."

This platform favorite has been here on the opening night of the Chautauqua. His program will be superlatively fine in every feature. He calls it "The Musical and Cartoon Review" and it is both comical and musical.

Packard says, "I first started cartooning on the school bus and in turn practised teaching music on us boys. We were as busy as a one-eyed cat. I drew cartoons of the teacher and the teacher drew blisters on me. Almost daily I was invited to the woodshed where I was warmly applauded. My cartoons and jokes always got a hand and teacher was a hard-handed applauder."

This boy grown to manhood has developed his natural tendencies to the point where he is perhaps the best-known platform cartoonist in the country.
His "Review" will be preceded by the Del Mar Ladies' Quartet in an instrumental and vocal program of unusual merit and popularity.

Prominent Citizens of Bethel Endorse M. K. Blount for County Judge.

The friends of Mr. M. K. Blount in endorsing his name for Judge of the Pitt County Court, subject to the vote in the Democratic Primary on June 5th, feel that he is especially qualified for the office.

He is a son of Mr. M. O. Blount, of Bethel, who for thirty-five years has been a prominent farmer and merchant in Pitt county. He is a graduate of Randolph-Macon College and of the Law school of the University of North Carolina, having also studied law at Columbia University, New York. He was admitted to the bar and began the practice of law in 1916 and since that time has been located in Greenville. In conjunction with his practice of law, Mr. Blount has served as county superintendent of public Welfare for the past nine months and has been School Attendance Officer for the county.

Mr. Blount is a young man of irreproachable character, unquestionable integrity and firm in standing for what he believes to be right. In our opinion, if he is elected as Judge of the Pitt County Court he will make a firm, efficient and capable officer. We hope that the voters of Pitt county will support him in the Democratic Primary to be held the fifth day of June.

GERMANS MARVEL AT AMERICAN WAY OF GOOD PUBLICITY

Magazines From This Country Produce Surprise in Hun Territory.

BERLIN WRITER TELLS OF FEASTING ON ADS

Ham Advertisements Causes Writer to Compare Conditions With Germany

Berlin, May 27.—Germans marvel at American magazines especially at the advertisements. A writer in a Berlin paper tells of feasting his eyes on the pictures of food in a popular American weekly.

"Who has to advertise ham in order to get rid of it in Germany?" he facetiously asks. "But the unfortunate American who has a ham to sell must first buy, for a dreadful lot of money, a whole page in a magazine and, at another terrible price, hire an artist to paint a picture of his ham."

The writer rhapsodizes over that picture, however. He tells his readers what the ham looked like:

"A cross section. White layers of fat, Salmon pink flesh, with streaks of fat like the rays of the sun."

It amazed him to find that, in addition to the picture, the owner of the ham "finally has to sing its praises in sweet words."

"How we pity," he exclaims, "the American who possesses a ham."

Turning over the pages, the writer came upon an advertisement of rubber soles. Evidently he thought they were used for the purpose the Germans make of their "sole-sparers."

"Don't imagine," he goes on, "that these American sole-sparers are the kind we have in Germany, made of iron. Not a bit of it. They are made of rubber!"

An idea of how scarce and dear rubber is in Germany may be gathered from the writer's statement that "the cost of these American sole-sparers, commuted in our valuta, would be as great as that of a trip in a railway train from Berlin to Hamburg, with one day in a hotel besides."

WOULD TRUST MEN IN PREFERENCE TO WOMEN

Memphis, Tenn., May 27.—Tennessee's woman banker, the only woman bank president in the country, while here attending the Tennessee State Bankers' convention declared she would lend to men in preference to some women but first-class security was an essential.

She is Mrs. F. J. Runyon, wife of a physician, whose financial institution is located at Clarksville, in north central Tennessee. She and the cashier, the wife of the state's attorney for the county, are the only officers. All the directors are women.

"Men come to me, tell me their business and borrow money," she said. "Our bank is only seven months old. Its purpose is to aid young people who want to save and that was the prime motive for its foundation. The idea was carried out solely by women; but a man suggested it."

Famous Spy Touring Country

Curtin Known as "Man Who Dragged The Truth Out of Germany"

"Will Testify at Kaiser's Trial." This headline in the metropolitan newspapers last summer drew public attention to Mr. D. Thomas Curtin, who was then lecturing on a circuit of the Swarthmore Chautauquas. At that time the Allies were assembling all the possible evidence to establish the Kaiser's war guilt, and were trying to arrange for Mr. Curtin to testify against the Kaiser. Since that time the possibility of the Kaiser's being tried has grown less and less, but the reasons for Mr. Curtin's being subpoenaed are as strong as ever.

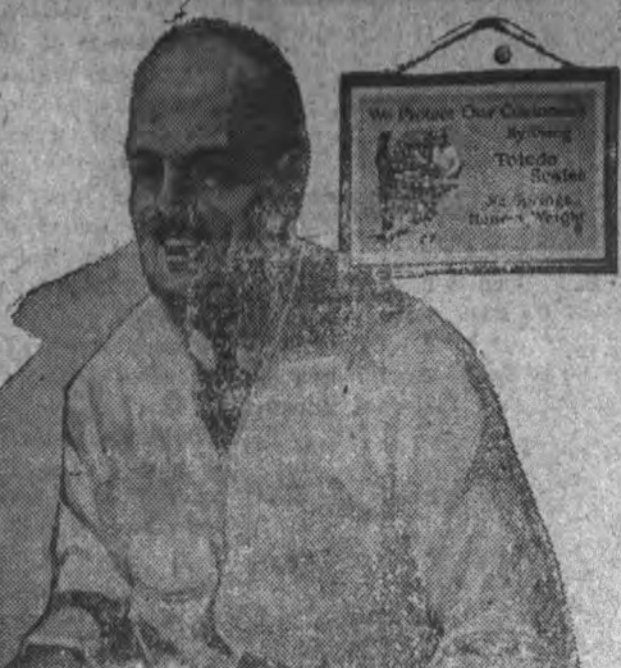

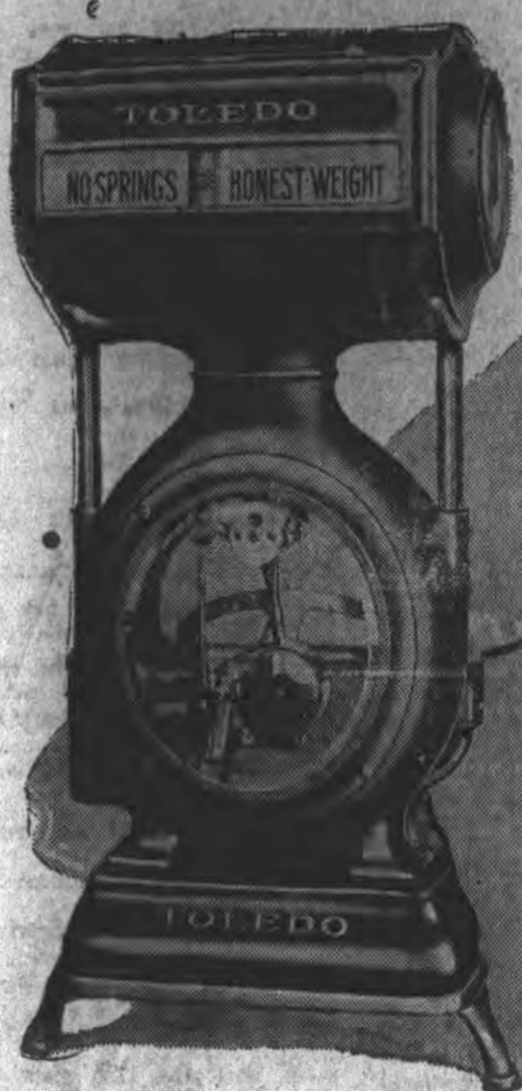

During the war, Mr. Curtin, who will lecture on the second afternoon of the coming Chautauquas, was employed as a spy, by the Northcliffe press of England, and as such most successfully penetrated the web of German intrigue.

Because of his intimate knowledge of Germany's "inside information," it was thought that his evidence would be most damaging to the Kaiser.

As this is written, Mr. Curtin is again in Europe, and is gathering material in those seething countries for his lecture, "Behind the Scenes in Europe." He will give facts which the newspaper's seldom print about European unrest.

On the same day at Chautauquas, the Oxford Company will appear afternoon and night, presenting at night the mighty and melodious French opera, "The Doll."

"Quality, Service and Honest Weight"

are the three factors to be considered when buying food. The merchant alone is responsible for quality and service; but his scale must determine the weight; and as nearly all food is sold by weight, you should know what kind of scales are used in the store where you deal.

"I use Toledo Scales because they contain no springs, and are not affected, as spring scales are, by changes in temperature. They automatically give honest weight, and calculate and clearly show the exact money value of your purchase, safeguarding both you and me against costly mistakes. They guarantee an exactly measured square deal on both sides of the counter."

There are more than one hundred styles and sizes of Toledo Scales to weigh everything from an ounce of spices to bulky tons of steel—scales for stores, offices, shipping rooms, warehouses, bulk and factories.

To NORTH CAROLINA DEMOCRATS:

Gentlemen:—

For nearly forty years New Hanover County and the Cape Fear Section have had no representation among our Democratic State Officials.

In presenting Senator W. B. Cooper for Lieutenant-Governor, we offer a man fully competent and qualified to fill the position, one who has always voted the Democratic ticket. We ask you to support him, and protect his interest at the polls on June 5th, especially since the good County of Pitt has furnished our very efficient Secretary of State for many years, and no opposition is offered in the present primary.

One State official from Pitt and one from New Hanover would seem reasonable.

DANIELS AND HALE IN NAVAL INQUIRY

Cross-Examination of Secretary
Concluded After Long
Drawn Out Issues.

SIMS TO GO ON STAND
FOR REBUTTAL TOMORROW

Final Testimony Presented by
Admiral Probably to Conclude Inquiry.

Washington, May 26.—Cross-examination of Secretary Daniels by the Senate naval investigating committee was concluded today at a session marked by heated clashes between the Naval Secretary and Senator Pittman, Democrat, of Nevada, on one hand and Chairman Hale on the other. Rear Admiral Sims, whose charges against the Navy Department brought about the investigation, will take the stand in rebuttal tomorrow. Chairman Hale indicated that the Admiral would be the last witness and that his statement would be brief.

In the course of a verbal tilt with Senator Hale today, Secretary Daniels threatened to carry to the full Senate naval committee to protest against the chairman's conduct of the inquiry. The secretary charged that a "steam roller" was being used on him and characterized as "unfair and unjust" and a "stigma on the navy" a long compilation of statistics Chairman Hale sought to read into the record.

The tabulation, Senator Hale said, was compiled in his office from figures submitted by Mr. Daniels and related to the state of preparedness of the major ships of the navy just prior to the declaration of war by the United States. Mr. Daniels retorted that the chairman misinterpreted the department's figures and that in the Hale compilation the dreadnaught Arizona was listed as having been "unfit to fight" on February 2, 1917.

"The Arizona 'unfit to fight,'" Mr. Daniels went on. "It is laughable. I decline to answer any questions based on such a tabulation and denounce it as unfair, unjust and a stigma on the American navy. I will carry my protest to the full naval affairs committee if necessary."

Chairman Hale said he would otherwise designate the columns marked "fit to fight" and "unfit to fight" and then Secretary Daniels demanded that the Senator take the stand as a witness and take the oath before submitting evidence. This the chairman refused to do and Mr. Daniels then demanded that the person who made the compilation be sworn as a witness. Again he was overruled by the chairman. Senator Pittman at this point protested against the tabulation going into the record and left the room after the chairman had announced he would not yield in his stand.

Secretary Daniels thereupon made a point of no quorum. Chairman Hale polled the committee. He and Senator Keyes, Republican, of New Hampshire, voted and the chairman announced he was authorized to cast the vote of Senator Ball, Republican, Delaware.

CANADA SOON WILL SEND MINISTER TO NATION'S CAPITAL

Old Diplomatic Secret Brought
to Light Through Recent
Announcement.

Philadelphia, May 27.—A musty American diplomatic secret has been disclosed here through announcement that Canada soon will send its own minister to Washington. It is that for the last ten years a specially made chair, carved with the Canadian coat of arms, has been waiting in Washington for use of this envoy.

Ellhu Root, then Secretary of State, ordered the chair, one of many specially designed for the Pan-American Union Building at the Capitol, Andrew Carnegie's memorial to cement more firmly the relation of the Americas. The story is told by Albert Kelsey, of this city, one of the architects of the Pan-American building, who said:

"Once a month the ambassadors and ministers of all American republics meet and are presided over by our Secretary of State in the Pan-American building and each representative has a chair of his own, with the arms of his country carved on the back.

GARDNER THE FRIEND OF ALL PEOPLE

O. MAX GARDNER
For Governor

Saturday, June 5, is the day set by the Democrats of North Carolina for the selection of a candidate for governor. Lieutenant Governor O. Max Gardner is a candidate for the nomination. In asking the support of the citizens of the state, Mr. Gardner stands upon the platform of fitness and his friends commend him as being, by training and experience, equipped for the position.

Max Gardner is a self-made man, started life without means, worked hard to secure an education and graduated at the A. & M. Later he studied law and graduated at the State University.

Having worked on the farm and in the cotton mill, Max Gardner is in hearty sympathy with the workers and desires to aid in the advancement of the people of the farms and factories of this state. A practical farmer, he has applied the principles studied at the A. & M. to his farm in Cleveland county and has been successful. With years of experience in business affairs, he will be able to lead the state in an economical administration of the state business.

UNRETERED.
Max Gardner has refused repeatedly to make any pledges or promises to either organizations or individuals. Some leaders of Organized Labor are fighting Gardner bitterly because he would not make any pledges to that organization. Max Gardner proposes to serve all the people, if nominated and elected, and will not be tied to any previous promises.

ENDORSEMENTS.
Max Gardner has a great number of friends in all sections of the state. Hundreds have written letters endorsing his candidacy. There is no room here to print them all. But the endorsement of two men—both former governors are of interest.

FORMER GOVERNOR KITCHIN SAYS

"I favor Max Gardner for governor of North Carolina. He has public spirit, ability, personality and character. He has strength, vigor and courage. His activity in connection with the hustling for Democratic principles has been long and effective. His opinions, candid and honest, have given him a statewide popularity. His service as Lieutenant Governor has been prompt, efficient and faithful. His record, his qualities and his attainments commend to the people of this state an honest, useful and successful administration as governor."

FORMER GOVERNOR GLENN SAYS

"If Gardner is nominated and elected, I vouch for him. He will be the discharge of the duties of the office. I know no man, no other, no other party, but will treat all with equal justice to all you call your. High and low, friends and foes. A capable speaker, a diligent student, a practical farmer, a lover of country, a successful business man, all

able lawyer, a strong and patriotic citizen, and above all, an upright Christian gentleman, he ought to win, and for these reasons and many others I will vote for Gardner, work for Gardner and do all I can, in an honorable way to help make him the next governor of North Carolina."

SOME OTHER LETTERS.

Mr. R. M. Gidney, farm demonstrator and agent for Cleveland county, is certainly well informed concerning the standing of Cleveland county farmers. Mr. Gidney says:

"During the past six years I have become acquainted with the farming activities of Hon. O. Max Gardner. For four years I have been co-operating with him in farm work. Mr. Gardner is one of the largest and most efficient farmers in Cleveland county. He has not only made a success of farming but his interest in better farming methods and his activity along this line, have inspired many other farmers and caused them to succeed. The height of Mr. Gardner's ambition is to promote the agricultural interest of his county."

Mr. Ambrose M. McWhirter, a man of high character, who is a weaver and loom fixer, employed by the Ila Manufacturing Company, of Shelby, and one of the most prominent textile workers in Cleveland county, writing of O. Max Gardner, says:

"If there is an industrial laborer in Cleveland county, who is a Democrat and is not for Mr. Gardner, I have never heard of him. We all know Mr. Gardner and he knows us. We all trust Mr. Gardner and believe in him. He is a fair and square man and we who know him would trust his judgment to the limit on any question between right and wrong. He knows what is right and does it. He has helped personally more tenants and poor men to buy homes than any man in the county. I can safely say that practically all of the cotton mill workers in this section are going to vote and work for Mr. Gardner for governor. He believes in and practices the Golden Rule."

Hon. George A. Holderness, Tarboro, chairman of the appropriations committee of the state senate, farmer leading live stock raiser, banker and broad-visioned citizen, says:

"After deliberate consideration of the claims of the candidates for the Democratic nomination for governor, and adverted to the claims of other candidates, I am firmly convinced that Hon. O. Max Gardner will give North Carolina better service as governor than any other candidate—therefore I am suggesting Max Gardner for governor. Max Gardner has made a record, in youth, in college, in private life and in public life that commands not only my support, but that of every voter."

"Gardner combines the rare qualities of a scientific and practical farmer, sound business judgment and seasoned legislative experience. His record in both private and public life appeals to me and should appeal to every voter. I am firmly convinced that if elected he will prove an able governor."

Mr. Albert Escott, Ritter Mill News, Charlotte, one of those most interested in the welfare of the workers in the cotton mills of the Carolina, in a letter to the workers says:

"I wish to testify to my knowledge of the fitness of Hon. O. Max Gardner for governor of this state. He has recovered his vigor. He has a big, powerful body, a resourceful mind, and a well-known integrity of character, all of which would make him a great governor of all the people."

"My paper is non-political, but my personal vote will be for Gardner. I hope yours will be too."

IN CONCLUSION.

Max Gardner is clean, honest, upright. Max Gardner believes in the application of the Golden Rule to the affairs of community, nation, state. Max Gardner seeks this office on the ground of merit. He is not aligned with any political or party faction, but needs the support of the whole membership of the state, whose life is the successful development of North Carolina, in this new day of opportunity. Max Gardner's friends appeal to men of every class and every opinion to look ahead rather than backward at this critical hour.

ANNOUNCEMENT.

To the Democratic voters of the Fifth Judicial District:

I have entered the Primary for the office of Judge in this District.

I have practiced law for the past 18 years, during which time I have assisted in the prosecution of the Federal docket for about 7 years. Since entering my name for the judgeship I have resigned the office of Assistant U. S. attorney.

Before beginning the practice of the law I had fourteen years experience in business, beginning life as bank book-keeper at the age of 16 years.

I shall not make a canvass of the district for the Judgeship. My conception of the duties and responsibilities of the high office of Judge is such that in my view a canvass, and the methods of the political campaign, usual and perfectly proper for other offices—purely political, tend to cheapen and lower its tone. I would rather lose the nomination and never hold the office than lower it a hair's breadth from the high plane of honor and dignity on which our fathers have played and kept it in North Carolina.

I shall appreciate the support of all democrats in the district; and if by their suffrages I should be elevated to the Superior Court bench, I assure them that its high traditions shall be upheld, and in the administration of the office justice shall be meted out to all men alike.

This April 28th, 1920.

Flying Parson To Speak Here

Winner of Transcontinental Aero Race

Lieutenant Belvin W. Maynard, better known as "The Flying Parson," because he entered the aviation service from the ministry at his country's call, is naturally famous because of his winning the Transcontinental Aero Race, conducted last October.

At the invitation of the Swarthmore Chautauques, Lieut. Maynard upon his discharge in April, 1920, from his military service, has turned his attention to the lecture platform where he will have ample opportunity to continue his patriotic labors under the title, "Motor Troubles of Society." This intrepid aviator, who knows so well how to overcome aeroplane motor troubles, will discuss our national and social problems from a new viewpoint. Lieut. Maynard is the red-blooded type of man whose varied experiences and training fit him for a practical and helpful discussion of this subject.

His physical fitness and mental alertness led the flying parson to take chances that most aviators shun, although he instantly enters a modest disclaimer when faced with the tribulations of others followed railroad tracks or the ribbon-like highways in going from control to control, Lieut. Maynard took the cross-country cut, flying entirely by compass. He set his faith upon his star and sheered off the miles. On the trip from San Francisco he had occasion to take a long chance. Leaving Chicago, his course led him straight across Lake Michigan, and he followed his needle without hesitation. More cautious competitors circled the water and lost valuable time. His charge across the lake was one way of showing confidence in himself.

The real conditioning he believes in brought him earlier fame than his victory in the great Derby. Months ago he took to the air, bent on record-making. Three hundred and sixteen loops in 67 minutes did the trick—an average of better than a loop every fifteen seconds, continued for over an hour! It is a mark which has repeated assault after assault by other army aviators. Maynard came out of the test tired, of course, but far from exhausted.

This clear-headed parson, undisturbed and unexcited, comes on the closing night of Chautauque to tell us how our problems look from the far heights to which he has become accustomed.

TELLS OF DEMAND FOR EQUIPMENT OF RAILWAY SYSTEMS

SAYS \$600,000,000 NOW NEEDED FOR EQUIPMENT
Railroads Can be Operated Successfully With Proper Rolling Stock.

Washington, May 28.—With proper equipment, the railroads of the country can be operated as successful in the future under private management as they were before Federal control, Charles H. Markham, president of the Illinois Central Railroad declared today in opening the case of the Southern railroads for higher freight rates before the Interstate Commerce Commission.

Expenditures of at least \$600,000,000 for new equipment for the nation's transportation system was advocated by Mr. Markham, who asserted that nothing was of greater importance than the immediate placing of orders for cars and engines. Railroad history he said, shows continued progress in efficiency and accordingly the roads should operate as successfully in the future as in the past, if given equipment to work with.

For the Southern railroads, Mr. Markham asked an increase in freight rates to enable the carriers to earn \$130,040,001 annually which he claimed would represent a return of six percent on the aggregate value of those carriers, which he estimated at \$2,267,484,847.

Southern territory like every portion of the country, Mr. Markham said is in need of substantial additions to its equipment. In general the same situation prevails in the South as in the East, he declared.

"I might mention, however," he continued, "that there are portions of the South in which it would be desirable that there should be an extension of railroad facilities as soon as the condition of the railroads and the financial condition of the country will permit. There are considerable stretches of val-

able timber and agricultural territory in which the development is being retarded by the fact that no railroad lines penetrate.

Statistics for Southern territory, Mr. Markham declared, show that there are 31 class-one roads, 39 class-two roads, 49 class-three roads, and 28 switching and terminal companies, comprising a mile age of 38,901.15 out of a total mileage in Southern territory of about 43,000 miles.

It is obvious therefore, Mr. Markham added, "that the statistics compiled represent 90 percent of the mileage and feel that the amount of mileage not represented is so small that the result would not be materially affected if all the railroads were included."

Mr. Markham presented exhibits to show that based on the constructive year ending October 31 1919, the net railroad operating income of the 142 roads would have been in round figures \$16,000,000. On this basis he said the operating ratio would have been 92 percent and the return of property investment would have been seven-tenths of one per cent.

Since 1916 there has been only one general freight rate increase in South-

ern territory, he declared, this being the advance of 25 per cent in freight revenue under general order number 28 of the Railroad Administration in June 1918.

GOVERNMENT ADVANCES PRICE ON STAMPED ENVELOPES

"Uncle Sam," like other folks in the printing business, has realized that the high cost of labor and material necessitates another advance in price of the output. Postmaster D. J. Whichard last night received an order from the Post Office Department to immediately increase the price of all stamped envelopes and wrappers, both plain and printed. The increase is in effect today and averages about 55 cents per thousand. For example, plain No. 5 2-cent envelopes that have recently been sold at \$21.44 per thousand, are now \$22.00, the price on other sizes being increased proportionately. Orders for printed envelopes already sent in but unfiled will come at the old price, all subsequent orders to be at the advance. The increase is not sufficient to change the cost of small quantities of plain envelopes not over five, sold at the general delivery window.

GENERAL WOOD TO INVADE THE STATE AT EARLY PERIOD

Lexington, May 26.—General Wood, Republican candidate for the Presidential nomination, wired today from Boston to his state manager, Zeb V. Walser, of Lexington, that he would come in person to North Carolina this week to lead in the fight for the Republican Presidential preference in the State-wide primary of June 5.—It was expected here tonight General Wood will come into the State on No. 35 on the Southern Friday afternoon and make a brief address at Reidsville coming on to Greensboro for an address at night. He will make whirlwind drives Saturday and Saturday

night and his manager hopes to have him make addresses at Winston-Salem, Charlotte and Asheville and short speeches at intermediate points. General Wood will remain in the state until Sunday night.

Telegrams were also received here today from Chicago that Lieutenant-Colonel Theodore Roosevelt will spend four days in North Carolina speaking in the interest of General Wood's candidacy. It is probable that Roosevelt will come into the state with General Wood Friday, but will remain longer than his favorite.

Members of General Wood's party will include Senator Moses, of New Hampshire, his Southern manager Montford Flowers, noted chautauqua tourer, Thomas Miller, former Congressman from Delaware, assistant Eastern manager and several others.

State Manager Walser stated tonight that it is General Wood's purpose to make a strenuous fight in North Carolina for the primary preference and a strong effort will be made to get a full

Republican vote to the polls. He predicted that from now on the Wood-Johnson campaign would divide the spotlight with the gubernatorial race.

DAN HANNA AGREES TO RAISE ONE HALF MILLION

Washington, May 27.—Dan Hanna has agreed to raise a half million dollars to finance the campaign of general wood, John T. King testified before the senate investigating committee.
