NUMBER 2.

GARDNER APPEARS TO BE LEADING IN GOVERNOR'S RACE

Justice Hoke Apparently Nominated With Adams, Long and Stacy Close.

Raleigh, June 11.—Out of a total vote of 120,818 compiled by The News and Observer from virtually all of the 1,500 precincts in North Carolina, O. Max Gardner apparently has the lead of 204 over Cameron Morrison for the Democratic gubernatorial nomination. The vote now stands: Gardner, 48,580; Morrison, 48,385; Page, 20,844.

The tabulation of the vote in Saturday's primary has already begun in the office of the State Election Board by Mr. W. L. Bessley, secretary. The board will not meet until Tuesday, and it is doubtful if the complete returns will be ready for their action then. With a total of more than 127,000, it is possible that corrected errors may swing the results several hundred votes either way. The totals presented by The News and Observer were gathered at much expense, and with considerable care, as far as possible from official sources. The sole purpose behind the effort was to give the people of the State the correct vote as early as possible after the votes were cast.

Careful estimates made by Col. A. D. Watts here puts Morrison in the lead by more than a hundred votes. The Charlotte Observer puts the Morrison lead considerably beyond this.

The fight over the governorship divided interest yesterday with the battle that has developed over the Supreme court. Justice Hoke has a majority in the vote accounted for that renominates him, but official count of all the vote cast will be necessary to determine who goes into the second primary. With 59 counties and 69,135 votes accounted for Adams, Long and Stacy are leading in the order named with less than 1,000 votes dividing the highest and lowest.

Returns from the same counties indicate that Stacy Wade has won out over both opponents for commissioner of insurance, but during the day Baxter Durham was unable to materially increase his lead over his nearest opponent for State Auditor. Cooper gained somewhat during the day, and is now leading Harding for lieutenant governor by about 14,000 votes in 59 counties.

The vote tabulated by the News and Observer, based on official returns available from county boards of elections, is as follows:

Lieutenant Governor—Cooper 42,580, Harding 28,236.

State Auditor—Durham 21,192, Cook 15,861, McDonald 13,481, Boyd 8,990, Woodley 7,386; total 67,620.

Insurance Commissioner—Wade 35,212, Underwood 14,810, McClenaghan 11,022; total 61,053.

Associate Justice: Hoke, 36,315; Adams, 22,449; Long, 21,907; Stacy, 21,558; Gully, 15,040; Guion, 13,145; Rouse, 7,787. Total, 69,135.

The official returns from the county boards will be formally canvassed next Tuesday. Until late yesterday only 60 counties had forwarded their returns here. Col. Wilson G. Lamb stated that it would, probably be Monday before they were all in, and that the board would not make public any vote until all had been certified and tabulated.

PICKETING SUFFS

SHARPEN ATTACK

Prepare to Intensify Drive Against Republican Convention Delegates.

Chicago, June 10.—Virtually devoid of hope that Republican leaders here will urge the governors of Vermont and Connecticut to call special legislative sessions to pass on the suffrage amendment, members of the national women's party prepared today to intensify their picketing attack on the convention. Pickets were sent out with banners calling upon voters to ballot against the Republican party until it took more decisive action on equal suffrage.

TOBACCO UNION TO PLAY GREAT PART IN COUNTRY SALES

United States Organization Gathers Information of Interest to Farmer.

One of the most important and valuable organizations in this country is the Tobacco Association of the United States—an organization that was formed about 18 years ago, having for its object the compiling of statistics, gathering information generally pertaining to the tobacco business, both home and foreign, for promulgation among its members, and to generally safeguard the tobacco interest against adverse legislation, to use every means to promote the interest of the trade as a whole, to keep on a high plane of fair dealing, and to promote a closer personal and business relationship between its members.

That the Tobacco Association of the United States has done and is doing a good work for the great tobacco industry, is conceded by all those who have come into contact with the work of the organization; and that the Association is of untold value to every branch of the trade cannot be denied. It is every tobacoman's duty to join this Association, and it should today have a membership of one thousand. The small cost of \$15.00 per year is quite small when we consider the benefits to be derived. We cannot tell—no one can—what the near future holds out for the trade. The Association is on guard to protect the interest of the industry from dangerous legislation and from other possible and probable dangers. Those who have not joined should do so at once, by sending their names to G. E. Webb, secretary and treasurer, Winston-Salem, N. C.

On June 17, 18 and 19 the annual convention of the Association will be held at Asheville, N. C. (Continued on page four.)

BULGARIA TO KEEP PEACE DESPITE ITS GREAT OPPOSITION

Loss of Important Territories Will not Bring About a Change in Attitude.

Sofia, Bulgaria, June 11.—Bulgaria will keep the peace despite the loss under the treaty of her provinces of Dobruja and Thrace, Premier Alexander Stamboulsky has told The Associated Press correspondent.

"America and the Allies may be assured that we shall maintain order and quiet and bear our burdens and trials stoically," he said. "We will face the harsh sentence the Peace Conference has imposed upon us with courage and fortitude and rely upon internal reconstruction and preserving labor to gain what we have lost in the war. Bulgaria for the moment may be crushed, but she will rise again with new strength and be an example to the world of what patience, industry and national patriotism can accomplish."

The Premier referred to Bulgaria's relations with Greece, Serbia and Rumania. "We desire, of course," he said, "to live in harmony and goodwill with our neighbors, but some of their territorial demands are so excessive that any cordial and enduring relationship seems well-nigh impossible. How can our friendship with Greece be permanent while Mr. Venizelos denies us the right of a seaport on the Aegean? And how can our friendly feeling toward Rumania be anything more than artificial and transitory while she insists on holding the Southern Dobruja? With our other neighbors, Serbia, we desire to live on the most agreeable terms, but in the absence of a permanent government there we have not been able to take the necessary steps toward establishing the elements of future friendship."

SWANSON RESIGNS AFTER GOOD WORK IN LOCAL SCHOOLS

To Become Head of Missouri Teachers School, J. H. Rose Appointed Successor.

After two years of brilliant service as the head of the city schools, Supt. H. G. Swanson has resigned, effective August 1, and has been succeeded by Mr. J. H. Rose, principal of the high school for the past year. This was finally and definitely determined at a meeting of the school board held Friday morning, and gives finality to rumors that have prevailed for several weeks.

Mr. Swanson leaves to become head of the department of education and director of the Demonstration School in the Missouri State Teachers' College at Kirksville. It has been known to Mr. Swanson's friends for some time that strenuous efforts were being made to get him to return to his home state. The appeal made there has overcome the earnest efforts of the school board and the citizens generally to induce him to remain in Greenville and carry on his splendid work as head of the city schools. Every effort was made to keep him. It is understood that the school board here offered him a salary which would have made him one of the two best paid city school superintendents in North Carolina.

Supt. Swanson came here two years from Peabody College, Nashville, Tenn., where he held a position similar to the one he has accepted in Missouri. These two years have been the best that the city schools have ever known. The people of the town have been united behind the schools in a manner seldom found. Mr. Swanson has been exceedingly popular personally and professionally, and it is with distinct sorrow that he is leaving. (Continued on page four.)

OLD SLATER MILL TO BE PRESERVED FOR COTTON GUIDE

Birthplace of Cotton Industry to be Saved to be Saved Museum Managers.

Pawtucket, R. I., June 10.—The "Old Slater Mill," the birthplace of the cotton textile industry in America, is to be preserved as a show place and a museum for textile machinery. A committee of manufacturers has taken title to the property and later will turn it over to the city or to a permanent memorial association.

The mill was erected in 1793 and in it Samuel Slater started the manufacture of cotton fabrics. No plans for cotton manufacturing machinery were allowed at the time to be sent out of England, but Slater carried the plans in his mind and when he arrived in Pawtucket was able to work out almost exactly the famous Arkwright models. Some of the machinery which was made from his plans and used in the old mill is still in existence and will be exhibited in the museum.

The hircloth industry in America also had its beginning in the Slater Mill. In 1855 a number of Pawtucket began the manufacture of hircloth in competition with European manufacturers. The latter, it is declared, resorted to desperate measures to prevent the new industry spreading in this country and the Pawtucket concern was hard pushed and facing failure when a Providence inventor, Isaac C. Lindsey, invented a self-feeding power loom which enabled them to compete successfully with European manufacturers.

The plans call for the restoration of the mill property to its original condition some years and is much in need of repair. The plant has not been used for repairs.

LABOR FEDERATION ELIMINATES COLOR LINE WITHIN RANK

Warns Affiliated Unions that Negro Workmen Must be Given Recognition.

Montreal, June 10.—The American Federation of Labor, in its annual convention here, today wiped out the "color line" and warned its affiliated international unions that negro workers must be given full and equal membership with white men.

The Federation's action came at the end of a stormy session, which nearly resulted in a "race war" between delegates from the Southern States and the negroes and their sympathizers.

Rejecting the recommendation of its organization committee, the Federation for the first time in history threatened the autonomy of an affiliated union by requesting the Brotherhood of Railway Clerks to give the negro freight handlers, express and station employes full membership and eliminate from its constitution the words "white only."

The committee's report of "non-concurrence" on the ground that the Federation had no power to interfere with the constitution of an affiliated union immediately drew the fire of the negro delegates and those of several Northern States, chiefly Illinois and New York. There was a sharp exchange of oratory, in which the negroes charged "taxation without representation" and "discrimination" to which their opponents replied with accusation and betrayed by negro workers of the whites in past labor disputes.

Indignation of the negro delegates was aroused several times during the debate when speakers referred to them as "nigger" freight handlers and their objection to such remarks was sustained by the acting chairman, James Duncan. They charged that the use of the word "nigger" was a slander on the race.

SYRIAN MERCHANT LATELY ARRESTED ON BRIBE ATTEMPT

Arrest Grows Out of Conspiracy Case Pending in Federal Court.

Raleigh, June 10.—M. Mansour, a prosperous Syrian merchant of Goldsboro, has been placed under arrest, charged with having attempted to bribe two important government witnesses against the twenty-six Syrians in North Carolina who are under indictment for having used the United States mails to obtain merchandise fraudulently.

According to an indictment returned by the Federal grand jury sitting in Raleigh, Mansour offered Ellis Nassar and N. J. About the sum of \$10,000 each, on the condition that they testify falsely at the trial of the accused merchants.

Mansour was arrested by Deputy United States Marshal John R. Williams, taken before the United States Commissioner at Goldsboro and placed under bond of \$1,000.

The total number of those involved in the conspiracy has been increased to 27 by the arrest of A. Richards, a Syrian merchant of Greenville, the indictment against him charging that he used the United States mails to make a false statement of his financial condition for the purpose of obtaining merchandise through misrepresentation.

Richards has also been placed under a bond of \$1,000. None of the Syrian cases will be tried until the next term of court which convenes in November.

NOTED PHYSICIANS FIND CERTAIN CURE FOR THE LEPROSY

No Recurrence of Disease in 48 Cases in the Hawaiian Islands.

Washington, D. C., June 10.—A cure for leprosy, regarded as a hopeless and incurable scourge since the beginning of time, is believed to have been found by medical science. The United States Public Health Service, at its station in the Hawaiian Islands, has by means of the new treatment effected an apparent cure in forty-eight cases, and although all of these cases have been released for treatment and been out under parole for almost a year there has been no sign of any recurrence.

Credit for the cure is given by the Public Health Service to Prof. L. E. Dean, head of the chemical department of the College of Hawaii, who succeeded in isolating the active constituent of Chaulmoogra oil, which has long been giving results in the treatment of leprosy. The oil itself had been deprived of much of its value because no way had been found feasible for continued administration.

Through the experiments conducted by Dr. Dean "ethyl ester" has been extracted from the Chaulmoogra oil and this administered to patients at the leprosy investigation station at Kailahi, Hawaii, under the direction of Dr. J. T. McDonald. The results of the treatment so far have been so satisfactory that lepers come willingly for treatment, and a recent inspection by the Hawaiian health authorities failed to disclose a single secreted case of leprosy. Following a course of treatment, extending over about a year, forty-eight lepers were paroled in October, 1919, by a parole board made up of doctors in no way connected with the public health service.

The public health service is now conducting a very careful study of the treatment, making detailed records of all cases and taking photographs of all lesions once a month. If the thorough

DUDLEY CAPTURES LARGE STILL NEAR HUDSON'S X ROADS

Still of 50 Gallon Capacity Captured by Sheriff Early This Morning.

Sheriff Dudley accompanied by Officers Jackson and Stokes left this city at five o'clock this morning in search of monkey rum, with the result of the capture of a still at Hudson's Cross Roads with a fifty gallon capacity. The operators were missing, but from the size of the still and from all appearances, it had been doing a wonderful business in that section of the county. The sheriff and his officers don't mind losing a nice morning nap if they can be rewarded in this manner. These are kind of officers that Pitt county needs and if the monkey rum makers think that the sheriff is asleep on his job, they find that their thoughts are entirely wrong when they return to their stills in the early hours of the morning.

NORFOLK SCHOONER REPORTED MISSING

London, June 10.—The American schooner Amella Zeman, from Norfolk, February 18, for Puerto Plata, coal laden, was posted today at Lloyds as missing.

The Amella Zeman, a four masted vessel was built this year at Phippsburg, Me., and was owned by David Cohen & Co., Inc., of New York. She carried a crew of eight men including the captain.

PLATFORM BRINGS OUT MUCH CENSURE BUT NOTHING ELSE

Republican Party Voice Soft and Low in Handling Constructive Measures.

Chicago, June 11.—With the platform out of the way, delegates met today to name the presidential candidate. Nominating speeches came first and in order to get these out of the way the convention met at nine o'clock instead of eleven. Further steps toward eliminating useless oratory was taken in the convention with recording speeches under the rule adopted each candidate may be seconded in two five minute addresses. He may have as many seconds as he likes, but if more than two, none who speak for him may talk more than two minutes. Under this plan the first ballot should be reached by mid afternoon. The balance of power still lay with more than five hundred uneducated delegates. Despite days of missionary work among the lieutenants, the leading candidates learned little of their state of mind. It remains for first ballot to several any decisive drift of sentiment among rank and file of party up to the time the convention assembled every indication of the triangular dead-locks between Wood, Johnson and Lowden would be shown on the first ballot. For that reason dark horse promoters were busy throughout the night planning and working to be prepared if the attempted coup is ordered.

Chicago, June 10.—Resolving the party by a threatened split on the League of Nations issue, the Republican National convention today adopted a platform and then adjourned to nominate a candidate tomorrow.

Harmony on the League issue was reached after many hours of heated negotiation revolving about the subcommittee on resolutions, but bringing into consultation first and last virtually all the big men of the party. In the end the Irreconcilables and Mild Reservationists accepted a treaty plank drafted by Elihu Root before his departure for Europe several weeks ago, but revised in some details to meet the views of the contending elements.

It condemns President Wilson's League covenant, upholds the Senate in its rejection of the treaty, and endorses the principle of an international peace concert in harmony with American traditions.

After impatiently marking time all day for the resolutions committee to complete its work, the tired convention received with cheers the reading of the platform by Senator Watson, of Indiana, the committee chairman, and adopted it with a great chorus of cheers. It nearly drowned out a minority report presented by Edwia J. Gross, the Wisconsin member of the committee, and signed only by himself. The substitute provided flat rejection of the League idea, advocated government ownership of railroads and contained other proposals which the convention hooted as "socialistic."

The relative chance of the Presidential candidates apparently was little affected by the platform agreement and on convention eve there was in evidence no development which changed the situation, with Wood, Johnson, and Lowden leading, but without any of them having delegates to nominate. So far as the talk of those on the inside revealed, the attainment of harmony over the troublesome treaty plank had no reflex on any of the candidates except possibly in the case of Senator Johnson. He will not now appear on the convention floor and that is a disappointment to his supporters, who had believed that the appearance of their leader in a treaty fight would help his fight for the nomination.

In accord with the plan to finish up the convention's work on a skip-stop schedule, it was agreed to continue (Continued on page four.)

AN EGG THAT DIDN'T HATCH FOR JAPAN—AND SOME THAT WILL.

Germany's sudden collapse and the unexpectedly quick ending of the war was a blow to Japanese hopes and plans in more ways than one. Despite official felicitations, the nation could hardly disguise its chagrin. For Japan the war had been an unmixed benefit. It had automatically made her mistress of the Far East and had amazingly enriched her economic life. Every succeeding month of hostilities had seen the white world grow weaker and had conversely increased Japan's power. Japan had counted on at least one more year of war. Small wonder that the sudden passing of this halcyon time provoked disappointment and regret.

The above outline of Japanese foreign policy reveals beneath all its surface mutations a fundamental continuity. Whatever may be its ultimate goals Japanese foreign policy has one minimum objective: Japan as hegemon of a Far East in which white influence shall have been reduced to a vanishing quantity. That is the bald truth of the matter—and no white man has any reason for getting indignant about it. Granted that Japanese aims endanger white vested interests in the Far East. Granted that this involves rivalry and perhaps war. That is no reason for striking a moral attitude and inveighing against Japanese "wickedness," as many people are today doing. These mighty racial tides flow from the most elemental of vital urges: self-expansion and self-preservation. Both outward thrust of expanding life and counter-thrust of threatened life are equally normal phenomena. To condemn the former as "criminal" and the latter as "selfish" is either silly or hypocritical and tends to envenom with unnecessary rancor what objective fairness might keep a candid struggle, inevitable yet alleviated by mutual comprehension and respect. This is no more plea for "sportsmanship," it is a very rational matter. There are critical times ahead; times in which intense race-pressures will engender high tensions and perhaps wars. If men will keep open minds and will eschew the temptation to regard those opposing their desires to defend or possess respectively as impious fiends, the struggles will lose half their bitterness, and the wars (if wars there must be) will be shorn of half their ferocity.

AGRICULTURE AFFECTED BY REDUCED FUNDS.

The Department of Agriculture is receiving numerous inquiries from all parts of the country regarding the curtailment or discontinuance of various lines of work on account of reduced appropriations. These inquiries are coming from those interested in the activities affected and arise out of the action that is necessarily being taken by the department to bring its expenditures next year within the limits set by congress. In all these cases the department is urged to make some arrangement for the continuation of the par-

ticular lines of work involved. In reply to these inquiries, and in order to make clear that many varied and widely distributed projects and activities are necessarily affected by the reduction in funds, Edwin T. Meredith, Secretary of Agriculture, has summarized the situation as follows:

"The agricultural appropriation bill for the fiscal year beginning July 1, 1920, as recently passed by congress, carries approximately \$6,000,000 less than the estimate made by the department as to its needs, and \$2,185,000 less than the amount provided in the appropriation act for the current fiscal year. Although the effect of reduced funds on the work of the department was laid fully before congress while the bill was under consideration, this serious reduction has been made apparently on the ground of economy. I do not believe it is real economy, however, because it will certainly hamper the department in its efforts to aid the farmers of the country in doing their work of feeding and clothing the people, and will also handicap the department in administering some of the important regulatory laws entrusted to it for enforcement. The projects or activities to be curtailed or discontinued in so far as the department has any discretion in the matter, have been determined only after a very thorough and careful review of the whole situation, taking all the factors into consideration.

NOTICE OF SALE OF COLVENT CREDITS.

North Carolina, Pitt County.
By virtue of a power of sale contained in a certain mortgage executed by J. Eugene Lane to F. C. Harding, dated 24th day of May, 1919 and duly recorded in the Register's office in Pitt county in Book _____, page _____, the undersigned mortgagee will, on Saturday, the 20th day of June, 1920, at 12 o'clock noon, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following promissory notes, each of which are secured by real estate mortgage, said notes are as follows:

2 notes \$165.00 each executed by Peter Chapman to F. C. Harding, due November 1st, 1920 and 1921.
1 note \$150.00 Calvin Edwards to F. C. Harding, due Dec. 1, 1920.
1 note \$66.67 Noah Chapman and wife to F. C. Harding, due Nov. 23, 1920.
2 notes \$166.66 each J. F. Brooks to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$250.00 each H. B. Strong to F. C. Harding, due March 31, 1920, and 1921, subject to a credit of \$196.66.
2 notes \$150.00 each Noah Forbes to F. C. Harding, due Nov. 1, 1920 and 1921.
1 note \$200.00 each Guilford Cogdell to F. C. Harding, due Nov. 1, 1920.
2 notes \$50.00 each Prince and Emily Smith to F. C. Harding, due Jan. 1, 1921 and 1922.
2 notes \$225.00 each Sylvester Chapman to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$50.00 each Sam and Emily Smith to F. C. Harding, due Jan. 1, 1921 and 1922.
2 notes \$158.33 each Godfrey Mills to F. C. Harding, due Nov. 1, 1920, and 1921.
2 notes \$50.00 each Samuel D. Corey and wife to F. C. Harding, due Jan. 1, 1921 and 1922.
2 notes \$116.66 each F. N. Mills to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$158.33 each J. C. Corey to F. C. Harding, due Nov. 1, 1920 and 1921.
1 note \$100.00 Henry Darden to F. C. Harding, due Nov. 1, 1920.
1 note \$200.00 Providence Blount to F. C. Harding, due Nov. 1, 1920.
2 notes \$166.66 each Providence Blount to F. C. Harding, due Nov. 1, 1920 and 1921.
1 note \$150.00 Sheppard Wilson to F. C. Harding, due Jan. 1, 1921.
3 notes \$233.33 each Dock Forbes to F. C. Harding, due Nov. 1, 1920, 1921 and 1922.
3 notes \$183.33 each H. C. Strong to F. C. Harding, due Nov. 1, 1920, 1920 and 1921.
2 notes \$100.00 each Isaac Matthews to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$200.00 each, Norman Gardner to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$225.00 each, Cebren Cox to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$91.96 each, Richard Knight to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$83.33 each, E. L. Russell to F. C. Harding, due Nov. 1, 1920 and 1921.

KEEP YOUR SHOES NEAT

THE BIG VALUE PACKAGES

2 IN 1 WHITE SHOE DRESSING

For Women's, Children's and Men's Shoes.

2 notes \$183.34 each, Bryan Hooks to F. C. Harding, due Nov. 1, 1920 and 1921.
2 notes \$266.66 each, Richard Gardner to F. C. Harding, due Nov. 1, 1920 and 1921.
All of the above notes are secured by real estate mortgage and will be sold at the time and place above referred to for the purpose of satisfying terms set out in the mortgage executed by J. Eugene Lane to F. C. Harding, above referred to.

This the 25th day of May, 1920.

Announcement

As we have received our shipment of low Shoes sooner than expected an don account of the long delay in receiving the mtaerial for our new front and interior fixtures we have decided to open our store for business

SATURDAY JUNE 12th.

We will postpone our regular opening until all improvements have been completed.

As advertised before we are one of the

Coburn Chain of Shoe Stores

That is so popular in twelve other towns in this state. Our buying power for the chain of stores makes it possible for us to offer you values that cannot be met by our competitors.

We handle the product of twelve specialty factories who make nothing but high grade shoes and every pair guaranteed to give satisfaction. Remember the opening date Saturday, June 12th.

Stephenson Shoe Co.
Next to Greenville Banking and Trust Company.

NOTED BOAT RACER TELLS OF RECENT CUP EXPERIENCES

Says Every Cup is Not a Cup and Only the Race Affords the Fun.

New York, June 10.—One of the mitigating circumstances in the life of a yacht racer and prodigiously successful trophy hunter, is the fact that not every cup is a cup.

At least that is the opinion of Mrs. Burton, "associate" Skipper of Sir Thomas Lipton's America Cup contender, Shamrock IV, who is here to help her husband Captain W. M. Burton, try for the trophy which has reported west of the Atlantic since 1855. Her paradoxical sounding opinion was uttered very seriously.

"Happily some of them are salvers, tea services, and what not," she said. "Imagine the housewifely task of polishing something like a thousand cups

of embossed silver."

Having the cups is very fine, Mrs. Burton says, but the real joy of the thing is the race. Since her marriage, Mrs. Burton has not missed a race with her husband, who declares he'd as soon sail a race without his topsail as leave his wife behind.

Mr. Burton was reticent as to the precise sea duties of an associate skipper.

"I stand in the companionway just beyond the wheel and I always know that everything is coming out right and that we are going to win," she finally explained.

She said she never suffered from nervousness and never, never dreamed of making suggestions to her husband or in any way distracting his attention from the minutiae of his duties as helmsman.

"There could be nothing more out of place on a racing yacht than an excitable, unstrung woman. I am always perfectly calm and confident and enjoy it thoroughly.

"During my first experiences in yacht sailing I used to get a bit perturbed and wrought up and I suppose there will never again be anything so thrilling as the first one of all, when we raced an old fashioned seven-ton affair, but that was long ago."

AUTO SMASHED BY TRAIN

BABY ON PILOT UNHURT

Shawnee, Okla., June 10.—When a Zanesville and Western passenger train hit an automobile at a crossing here yesterday, killing three persons, a baby was thrown from the machine directly on the pilot of the engine. When the train was stopped the baby was taken from the pilot uninjured.

TWO KILLED, 30 INJURED

IN NORTHWEST STORM

St. Paul, Minn., June 9.—At least two persons were killed, 30 or more injured and heavy property damage resulted from a severe wind and electrical storm which swept Northern Minnesota and parts of Eastern Dakota last night, according to reports received here today.

Don't fail to attend the ball games between Greenville and Tarboro, on the local grounds, Friday and Saturday.

New Buick Stolen

Mr. A. M. Waters who lives near Greenville drove his new Buick car in Greenville Saturday and some person or persons stole it less than one hour after reaching here. Mr. Waters bought a fire policy covering this auto two weeks ago, and at the same time was offered a theft policy for a very small premium, but did not accept it. Better see C. L. Wilkinson, agent for the Firemen's Fund Insurance Co., about your automobile Fire and Thief Insurance, the leading automobile insurance of the world.

How Would You Like to Save Half the Work Time and Cost of Mowing ?

HERE is the only successful wide-cut mower. It saves 50% of your mowing cost by cutting twice as much in the same time. Compensating lever and spring carries the cutter bar on the drive wheels instead of dragging it on the ground. This increases traction, does away with side draft and weight on horses' necks—greatly lengthens life of machine.

E-B Standard Mower

This mower is as easy on your horses as plowing corn, and will cut two acres of hay in every mile the horses travel. Come in and see it. Bring your boy along.

REPUBLICAN PARTY STILL WORKING ON RESOLUTION PLANS

Selection of Lodge as Chairman Dissappoints Beveridge and Followers.

Chicago, June 9.—The second day's session was as usual a very brief one. The second day of a national convention see very little actual work done. The committee on permanent organization reported in favor of Senator Lodge for permanent chairman—a sad disappointment to the friends of ex-Senator Beveridge, who were anxious to give him a chance to sound a second key note.

The Senator from Massachusetts aroused genuine applause when he stated that he would not make a speech. He did not improve the opportunity offered to withdraw anything he said

yesterday or to add anything that he had left out. Over in London they have a very apt phrase, viz: "cab with" which they use to describe the bright thoughts that come to a speaker as he rides home from a meeting. Senator Lodge evidently walked home. He might have called attention to the Volstead act and told how a Republican congress had by an overwhelming vote put into statutory language the national prohibition amendment—a triumph for the nation's conscience. His bitterness toward the President might even have found expression in the suggestion that a Republican congress put war prohibition into effect in spite of an executive veto, but not a word on this important subject.

He might have described the League of Nations as the Republican Senators voted for it. He might have pledged his party to continue its fight for an international tribunal in which disputes between nations may be settled without resort to war. This subject would have given him a great chance to picture his party as an angel of peace, guarding the world against future wars. But no. He didn't even mention a bonus to the soldiers who won the last war. The burning words remained unspoken, and the convention was turned over to that ancient mar-

ner, the Hon. Chauncey M. Depew, the most popular living representative of big business who has appeared in American politics during the last 50 years. The talent for humor of which he has a monopoly has been on tap for many decades, whenever a serious political situation needed to be enlivened. The visitors had the privilege of looking upon the most striking illustration of generations of neglected opportunity. The former Senator from New York is now four score and six years old and still buoyant in spirit, agile of mind and unexhausted in physical strength. His natural ability was studiously developed and he entered life with as brilliant prospects of usefulness as any young man ever possessed.

Junk Your Old Washboard

THROW away that old instrument of torture. Forget your aching back, red hands and wash day misery. There's a new way to clean clothes easily. It's the wonderful Clean Easy Way that thousands of women are so enthusiastic over.

Here's the easy Clean Easy Way: Soak the wash overnight. Cut up 1/2 bar of Clean Easy Naphtholeine Wash Soap into 4 1/2 gallons of water. Boil; let the soap dissolve; put in clothes and punch for ten minutes with

a stick. Rinse, blue and dry. What a transformation! Every garment is clean, purified and sterilized. Every speck of dirt, grease—even germs, is dissolved. The fabric is not hurt at all, for there's no washboard to fray the cloth.

It's a marvelous wash soap, this Clean Easy. Every woman who uses it declares it the best worker she ever saw. We would like you to try it. Ask your grocer today. Notice how different Clean Easy looks from other soaps.

THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA
Read Their Letters

Mrs. Martha C. Dale, R. F. D. 1, Cannon, Del., writes: "I am entirely cured of chronic catarrh of the stomach and bowels by PE-RU-NA."

Mr. J. Bayer, Glendale, Oregon writes: "There is no medicine like PE-RU-NA for catarrhal deafness."

Mrs. Kate Marquis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling I usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA."

Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper St., Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism."

Mrs. Leona Dodd, R. No. 8, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions, makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general health protection. Thousands of families are never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.
You can buy PE-RU-NA anywhere in tablet or liquid form.

SWANSON RESIGNS AFTER GOOD WORK IN LOCAL SCHOOLS

(Continued from page one.)

row that the town will give him up. He has entered heartily into all the best life of the town, and he will be missed in many ways. The Greenville schools have made rapid strides under his administration, until they stand among the best in the state.

Mr. Rose, the new superintendent, has been here one year as principal of the high school, and so well has he done his work, and so completely has he entered into the spirit of Greenville, that the board turned unhesitatingly towards him as successor to Mr. Swanson. His work among the boys of the town as scout master and general leader in worthy causes has won him a warm place in the hearts of the people. He has done a fine piece of work at the high school, and will take up his larger work with the unqualified confidence of the school board and the public.

Mr. Rose has been engaged in school work since graduating from Trinity College in 1912, except for time spent as a lieutenant in the United States army during the war. He has served as principal of the high school at Kinston and as superintendent of the school at Bethel in this county. At both of these places he met with marked success. His administration has been particularly successful, and won him the superintendency without hesitation. No young man in the state has risen more rapidly in the school world, nor more deservedly so.

Passage by the National Assembly of Czechoslovakia of a law requiring every city, town and village in that nation to organize a public library is indication that the America Library idea is spreading rapidly to foreign countries. This recognition of the enormous value of the public library as a stimulus to adult and juvenile self-education and as a clearing house for useful information follows closely the Enlarged Program of the American Library Association which points to the time when books will be freely accessible to every man, woman and child in the United States.

With the passage of this law in Czechoslovakia and the establishment of an American public library in Paris, France, added impetus has been given to the plan of universal opportunity for self-education through books. There are

in the United States today 60,000,000 persons who have limited or no library service, and the American Library association, in co-operation with existing library agencies, purposes to reach this population through the various phases of its "Books for Everybody" movement.

To finance the work of the Enlarged program for at least three years, a fund of \$2,000,000 is now being obtained. No intensive methods however, are being employed, the raising of the fund having been left to the individual efforts of librarians, library trustees and friends of libraries.

Hamilton, Bermuda, June 11.—Bermuda, the oldest remaining British "plantation," is preparing to celebrate its Tercentenary this autumn, for which purpose \$2,000 have been appropriated. Since the Prince of Wales announced the other day that he meant to pay a call on his loyal subjects, they hit on the scheme of combining two festive occasions and having one grand affair on October 7 when the Renown, with the heir to the throne aboard, is to cast anchor here. It was August 1, 1620 that the colonial parliament held its first sitting, but as the royal engagements cannot very well be altered, it was thought wise to set back the gala date.

For nearly 300 years the business of governing this little outpost of the Empire has gone on under the same forms without material change. It is but natural that the 20,000 inhabitants of this 20 square miles of coral rock should wish to honor their aged constitution.

Originally founded by a shipwrecked company under Sir George Somers, destined for Virginia in 1609, the islands have remained continuously under the British rule.

Revenues are raised chiefly from tariff duties. No land taxes are levied by the colony. There is a very light tax on realty in the parishes and the proceeds are used for maintenance of the poor.

There are no divorce laws in Bermuda and only one breach-of-promise case was ever tried here. Most of the cases on the calendar involve bicycle stealing, assault, petty theft; there is little serious crime, though in a region where everyone rides a wheel the theft of a bicycle is regarded somewhat as horse stealing was in the West a few years ago.

There are old-timers here who have never set eyes on a train or a trolley car; but of late they have had the satisfaction of seeing flying-boats chugging through the air.

Innovations of any kind are apt to be looked on with some suspicion. The majority is conservative and that is perhaps why so much sentiment is attached to the coming celebration of the 300-year-old constitution.

RUSSIAN BOLSHEVIKI

FORCES ADVANCING

London, June 10.—Russian bolshevik forces are advancing near Kiev and southwest of that city, according to an official wireless message from Moscow.

PLATFORM BRINGS OUT MUCH CENSURE BUT NOTHING ELSE

(Continued from page one.)

at 9:00 a. m., and to hurry the nomination speeches and remain in continuous session until a candidate is nominated.

The plan seemed acceptable to most of the campaign managers and it suited the delegates, because they are worn out and anxious for the big show to end.

The convention held two sessions today. Meeting first at 11 a. m., it quickly adjourned when word was brought that the work of the resolutions committee still was uncompleted. The second session began at 4 o'clock p. m., and then two hours were whilled away in music, speeches and cheering before Senator Watson brought in the platform.

The resolution committee completed the work on the platform at 4:45 o'clock and started for the Coliseum, where the convention had reconvened. The treaty plank was adopted by the resolutions committee with only one vote against it.

TOBACCO UNION TO PLAY GREAT PART IN COUNTRY SALES

SPORTS

GREENVILLE DEFEATED BY WASHINGTON

Greenville lost her first game yesterday when defeated by Washington by a score of 11 to 7. Washington began

in the first inning when Morris knocked a home run with a man on base. The score climbed until the end of the sixth inning with a result of 9 to 1 in Washington's favor at that time. Greenville rallied in the seventh inning but were unable to overcome their opponent's lead the final score being 11 to 7. The game was featured by heavy hitting by both teams.

Greenville Fans Show Better Baseball Spirit.

At the two baseball games which have been played by the Washington and Greenville teams, one at Washington and the other at Greenville, the Greenville fans and rooters have displayed a much more sportsmanlike spirit than the Washington enthusiasts.

At Greenville Tuesday there wasn't an unkind word heard on the part of the Greenville rooters. When one or two of the "rough ones" cut loose with a few caustic remarks they were immediately shut up.

Here in Washington yesterday there were several remarks made concerning the Greenville players which should not have been uttered. Greenville has a clean bunch of players. They

deserve the best of treatment. Especially in this true of Big Jim Turner. No one in Eastern Carolina has done more to develop clean baseball than Turner.

Washington fans cannot afford to let the Greenville fans get ahead of them. If Greenville fans give the Washington team a fair show and refrain from hoodlum remarks, then Washington fans should do the same for the Greenville players when they come here.

The above article from The Washington Daily News goes to show that Greenville's players and fans are out for clean baseball and unless everybody takes the same attitude and goes out for good clean sport we cannot expect our association to live.

A Million Dollar Bull

Here is shown the King of the Royal Family of Holsteins—

"Rag Apple Korndyke 8th."

"The Greatest Bull in the World."

A Dominant, history-making sire, and the world-breaking family, which, in the past four years, has produced more than \$1,000,000.

Three years ago the owner of this bull, Middlefield, Ohio, was just an ordinary farmer, with an idea:— It was this—that there is a dividend in good blood, and he went to work demonstrating it.

Today Mr. Green is known as the greatest breeder of Holsteins in America, and he proves it by bringing to the live stock world richer blood and more of it.

What Mr. Green did is only typical of what any farmer in this county could do.

Let us have some "Green Success" and some "Rag Apple Parallels" in this county.

There are just two things necessary to make like stock a success—a desire and the money. Bring your desire to us—we have the money.

Greenville Banking, Trust Co.

E. G. FLANAGAN, President. T. J. MOORE, Cashier.

\$1,000.00 REWARD

To any person giving the name of a man or woman, who has said anything of a damaging nature against me or my treatment. If they will give such information sufficient enough to convict; and be willing to be a witness, in case it should be necessary, and their testimony would be sufficient to prove and convict the party or parties guilty of trying to run down and knock me or my treatment.

There are some I know and they have no reason for doing so, except through IGNORANCE, PREEJUDICE, AND JEALOUSY. I also know of a very few who have been treated, and not cured because of their own fault, in not doing as they were told to do, and as they promised to do thereby breaking their agreement and their word of honor (if they had any).

Few others cured and didn't pay me (stuck me by giving note, and letting it drop on me).

These are the ones talking and I do not know how much damage they have done me. If they are mighty careful they will have to pay the damage. I hate to have to do this, but in JUSTICE TO MYSELF, MY TREATMENT, and to OTHERS THINKING OF TAKING THE TREATMENT, I am doing it, to explain why some are trying to run it down. Go to any or all on my long list of cured and pleased patients or to me, and learn the truth about it.

There is no need to ask someone about a thing, and they know absolutely nothing about it.
