SAMUEL GOMPERS ASKS LABOR TO BE FAIR IN SENTIMENT

Non-Partisan Stand in Politics Requested for the Future of Party.

ADOPTION OF LEAGUE OF NATIONS REQUESTED

Labor Leader Says Failure to Ratify Covenant is "Pitiable" Indeed.

Montreal, June 14.—Organized labor of the United States was appealed to by Samuel Gompers, of the American Federation of Labor, here today to give its support to the non-partisan political program of the federation and to urge upon congress the adoption of the League of Nations.

Characterizing the failure of the United States to ratify the covenant as "pitiable," Mr. Gompers, speaking before the annual convention of the federation, said "if the question was submitted to the people without any other entangling problems, I am positive that the people of four countries would say by an overwhelming vote that it desires the League of Nations."

The labor chief expressed the fear that in the coming political campaign, the league question will be "submerged in the number of questions which must attract the attention of the people of the United States."

Mr. Gompers was brief in his appeal of the federation to continue to stand by his non-partisan political program, asserting that this subject "may be in concrete form before the convention" within the next few days.

The "one big union," he said, could not endure because it ran "counter to the laws of human nature."

Mr. Gompers' address, which was greeted with great applause, was in reply to those given by fraternal delegates, J. Y. Ogden, of the British Trade Union congress and J. A. McClelland, of the Canadian Trades and Labor Congress.

"It is pitiable that the United States has not ratified the league of nations," said Mr. Gompers, "but has forgotten the effort of the nations of the world to prevent another horrible conflict such as that which started six years ago."

The labor draft of the league covenant, he added, would "help in the reunion of the working people of the world and would help workers in the most backward countries."

Mr. Gompers made a strong appeal to the convention to support the league and "lend a helping hand to the toilers of the smaller countries and aid them to take their places among the civilized nations of the world."

Central labor bodies which aided the unauthorized strike of unions during the recent railroad walkout in the United States were condemned in a resolution presented in the convention of the federation today. The resolution was proposed by R. C. Cashem, of Cleveland, in behalf of the International Switchmen's Union.

Mr. Cashem charged that a number of central bodies throughout the country had aided switchmen during the unauthorized strike by raising strike funds and furnishing them with meeting halls. He referred especially to the San Francisco central body, which he understood, had raised a big strike fund for the strikers.

FOUR DEEDS OF TRANSFER FIELD SINCE YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday evening.

C. M. Epps, commissioner, to Mary Smith, consideration \$600.

J. E. Warren and wife to George Davis, Jr., consideration \$1550.

D. N. Hatem and wife to J. M. Hines, consideration \$1,862.50.

W. S. Lancaster and wife to W. J. Bullock, consideration \$800.

Mrs. Hunter Marshall, Jr., and little son, Charles Moseley Marshall, of Charlotte, are visiting Mrs. L. C. Arthur.

BILLIONS INVOLVED IN APPROPRIATIONS BY LAST CONGRESS

Chairman Good, of House Appropriations, Makes Final Report of Work.

FEDERAL DEPARTMENT ESTIMATES REDUCED

Cut in Department Expenditures of a Billion and Half Dollars.

Washington, June 14.—Approximately five billion dollars was appropriated by the sixty-sixth congress at this session ending June 5, according to a statement prepared today by Chairman Good, of the House appropriations committee, for the final issue of the congressional Record.

The exact total as given by Mr. Good was \$4,859,890,327. Of this, \$4,373,395,270 is for government expenses in the fiscal year beginning July 1, and \$486,495,048 is to meet deficiencies for the fiscal year ending with this month. Chairman Good said Congress had reduced estimates of government departments for next year by 1,475,422,002, the total appropriations in only two measures exceeding the estimates. Congress added \$64,120,000 to the Pension Bill and \$70,761,000 to the Postal Bill. The latter increase was to meet advances in pay to postal employees while the pension increase was absorbed in part by increased pensions.

The total carried by the thirteen great annual supply bills, as given by Mr. Good, was \$2,212,196,298 as follows: Postoffice \$462,575,100; sundry civil, \$437,106,896; naval, \$433,279,574; army, \$392,598,365; pension, \$270,150,000; legislative, executive and judicial, \$104,735,726; agriculture, \$31,712,784; District of Columbia, \$18,373,004; for—

HIGH COST LIVING BEING COMBATED WITH GOOD BOOKS

American Library Association Begins Unique Campaign for Public

Combating the high cost of living with books as weapons is one of the newest solutions for the serious economic problems that is facing the people of the United States today. Using the printed page to attack the profiteer, with the ultimate aim of bringing prices to a normal level is not only practical but is being employed by thousands of persons throughout the nation. Public libraries and other library agencies are co-operating by offering a wide selection of books on home affairs through which a clear insight into economical management is afforded.

Culinary methods which eliminate waste in the kitchen, budget hints that save both foodstuffs and financial outlay, practical suggestions as to the various cuts of meat, their relative values, and costs, hints on kitchen and table management are contained in the volumes, easily accessible to all at public libraries. But because only 40 per cent of the population of the United States has adequate library service and is unable to take advantage of books as weapons in the battle against excessive prices, the American Library Association has launched the "Books for Everybody" movement which points to a time when books will be freely available to every man, woman and child in the nation. With books made easily accessible and with their use for self-education, the association believes a solution will be found for many grave problems of the day, including abnormal living costs.

For the wide extension of library service, the association is obtaining a fund of \$2,000,000 through the individual efforts of librarians, library trustees and friends of libraries without recourse to an intensive drive.

COUNTY ELECTIONS BOARD COMPLETES PRIMARY CANVASS

Only Slight Change in Figures Compiled Shortly After Election.

SECOND PRIMARY FOUND NECESSARY IN 2 CASES

Everett and Outlaw, for Senate, to be in Second Primary July 3rd.

The County Board of Elections yesterday evening completed its canvass and official certification of the county vote as reported from the thirteen precincts of the county in the recent primary, and while there was a slight difference from the totals in the first returns received in this city this was not sufficient to materially change the standing of candidates and eliminate the second primary brought about by pluralities in two instances of the county vote. The second primary will be conducted July 3rd.

In the contest for the state senate a second primary will be inevitable as S. J. Everett only received a slight plurality over N. W. Outlaw, with J. J. Laughinghouse receiving third place. The board certified the plurality of L. G. Cooper over M. K. Blount, for county judge, as Mr. Blount conceded the contest to his opponent immediately following the primary, eliminating another primary in this instance.

In the contest for county commissioners, L. E. Smith's majority over J. B. Hardee was not large enough as sure nomination, and as Mr. Hardee immediately filed notice for a second primary this will also come up for vote on July 3rd. These are the only offices to be contested further as the remaining candidates piled up a majority necessary to assure nomination.

The canvass of the county board of election follows:

For State Senate—Everett, 1282; (Continued on page four.)

AMERICAN FLAG TO BE GREAT SYMBOL FOR WORLD PEACE

Secretary Makes Declaration at Flag Day Mass Meeting at Capitol.

Washington, D. C., June 14.—Asserting the American flag must be made the "vitalizing symbol of world peace," Secretary Daniels, addressing a Flag Day mass meeting on the steps of the Capitol tonight, called on American citizens to turn a deaf ear to the "selfish and provincial pleas" which renounce the "altruism that kept the American army overseas."

Mr. Daniels said that because certain American had "lacked vision and forgotten the ideals which made us invincible in the war," the promised blessing of the conflict, a "peace buttressed by mutual covenants between the allied and associated nations," had not been realized.

"But we will not scuttle in the hour of our own and the world's need," the speaker continued. "Let us on this day reconsecrate ourselves to the attainment of peace and justice between all the nations of the earth. Let us here highly resolve that the dead of this year shall not have died in vain, but that from their sacrifice shall come a new and wider and holier service to humanity."

A Flag Day pageant preceded Secretary Daniels' address. Government workers, wearing costumes of the various periods in National history, and a community chorus of a thousand persons, accompanied by the United States Marine band, participated in the pageant.

Mr. C. G. Pritchard, of Winston-Salem, was in Greenville a short time Monday evening.

LINCOLN JOHNSON NAMED REPUBLICAN CHIEF IN GEORGIA

Atlanta Negro to be Republican Committeeman for Cracker State.

APPOINTED IN CHICAGO AGAINST OPPOSITION

Republican Leaders Effected Nomination Under Violent Protest.

Chicago, June 14.—Recognized negro leadership of the republican party in the South was given another boost Thursday when Senator Lodge deliberated, after a conference with the old bosses of the national committee, steamrolled the convention and pronounced the election of Henry Lincoln Johnson of Atlanta, the national committeeman from Georgia.

When Georgia was reached for the name of the committeeman and the delegation was divided and Johnson's name was announced, but quickly followed by the announcement of the name of Roscoe Pickett by the white wing. The poll of the tide in open convention and Johnson was nominated. Twelve to three, two declining to vote.

The rules required the full convention to pass upon the nomination of any committeeman. In other words the state delegation only nominates and the full convention elects. When the vote was put to the convention Johnson, the negro leader, was overwhelmingly voted down.

Chairman Lodge rushed into conference with the republican steering committee, refused to announce the result until he had done so. Ten minutes subsequently he ran for order and shouted "The chair announces Henry Lincoln Johnson elected national committeeman for Georgia."

There was a storm of protests and a call for the roll, all of which the Chairman ignored. And thus for the first time a negro became the official head of the republican party in Georgia.

SPAIN AWAKENING TO NECESSITY FOR IMPROVED HYGIENE

Leading Newspapers Have Joined in Demand for Health Ministry.

Madrid, June 15.—Spaniards are awakening to the necessity of improved hygienic measures to decrease the mortality of this country. Several of the leading newspapers have joined in and demand that ministry of health be organized to give proper attention to sanitary conditions in factories and houses, to reduce accidents to workers and to have charge of the erection of cheap houses for the poor, old age pensions, health insurance, maternity allowances, prevention of epidemics and hygienic instruction for the people.

One newspaper quotes Dr. Juarros as having asserted that smallpox, diphtheria and tuberculosis had increased enormously; that births had decreased and the death rate among infants grown to such an extent that these deaths now comprised 20 per cent of the national mortality. An infinitesimal number of houses boast of a bath, he said, public baths were entirely lacking and the houses of the poor were so badly constructed that the occupants did not have as many conveniences as were afforded by the prison.

The Institute of Civil Engineers has taken up the subject and is agitating for hygienic measures to reduce the death rate.

Miss Burrus Sauls, of Ayden, attended the Pinetops-Greenville ball game here yesterday evening.

NEW YORK BEGINS UNIQUE MOVEMENT FOR CITY TENANTS

And "Own Your Own" Movement by Tenants Results in Decided Success.

SPLENDID APARTMENTS PURCHASED BY TENANTS

Fifth Avenue and Broadway Apartments Bought at Enormous Figure.

New York, June 15.—An "own your own apartment" movement is in full swing here. Two late evidences of its growing strength are the purchase by the tenants for \$2,500,000 of an apartment house on Fifth Avenue and the starting of construction on a co-operative apartment on Park Avenue, which is to cost \$4,000,000.

Just the other day it was announced that Woodrow Court, an apartment house occupying the entire block front on upper Broadway, between 109th and 170th streets had been sold for \$600,000 to the 53 families residing in the structure. This is said to be the first deal of such magnitude to be 100 per cent co-operative and in which tenants of moderate means have participated. In this deal each tenant only put up a few thousands dollars in cash. In the Fifth Avenue transaction each tenant was called upon for \$150,000 in cash.

Starting about eight months ago the transactions in co-operative buying of apartments have mounted in volume until they are presently a fixture of realty dealings and all of the larger real estate agencies maintain special departments in which the employees do nothing else but handle the sales of apartment houses to tenants. This is generally a profitable transaction for the owner for tenants are willing to pay more to retain their homes speculators or investors would pay and it is said to be profitable for the tenants in that they assure themselves of homes at a cost of only about seven years average rentals.

Tenants are approached both individually and through mass meetings when agents have apartment houses to offer. The tenants are given a certain length of time to decide and if—

(Continued on page four.)

TWO PERSONS ARE KILLED AND MANY HURT IN COLLISION

Train Hits Auto Near Spencer With Severely Injuring Occupants of Car.

Spencer, June 14.—The deadly grade crossing one mile north of Spencer on the main line of the Southern railway, claimed another victim and sent two young women to a Salisbury hospital when a light switch engine running backwards struck an auto, owned and driven by H. Matt Grubb, a well known farmer, residing two miles from town on the Bongs Ferry road. Mr. Grubb, was killed instantly by the impact of the engine in charge of Yard Engineer Tracey Benton. A daughter Miss Kate Grubb, aged 23, was seriously and perhaps fatally injured by the blow, her limbs and body being badly crushed. Miss Pearl Spitzer, of North Wilkesboro, aged 19, was so seriously injured about the head and body that she died late tonight and the other young woman is still unconscious at a Salisbury hospital and very little hope is given for her recovery. Two other daughters of Mr. Grubb, occupants of the car, at the time of the accident, Miss Cora and Josephine Grubb, saw the approaching engine in time to jump and escaped with slight bruises, bruised by jumping.

Mr. S. K. Hunt, of Charlotte, was in Greenville for a short while yesterday.

SENATOR HARDING FINDS NOMINATION BRINGS MUCH CARE

Republican Nominee Finds that New Life Brings Unusual Responsibility.

PLANS FOR THE FUTURE ARE VERY INDEFINITE

Notification Ceremony Will Occur at Harding's Home in Marion, Ohio.

Washington, June 14.—Senator Harding today found the life of the Republican presidential nominee strenuous, although he held no important political conferences.

The Senator went to his office at the capitol shortly before noon, posed for motion picture men, greeted Senate employees, received a few personal friends, who called to congratulate him, went over great piles of congratulatory telegrams, played a round of golf at a nearby country club, and then worked far into the night at his home in an effort to catch up with rapidly increasing correspondence.

The nominee steadfastly declined to make any statement regarding his position on party politics, indicating that he would have nothing to say on those matters until in his speech accepting the nomination. He also said that pending his official notification he would withhold making public his campaign plans. He declined to say at this time whether he would resign his senate seat.

Senator Harding's plans for the immediate future are indefinite. He intends to remain in Washington until late this week, when he will leave for a brief vacation. He does not contemplate reaching his home in Marion, Ohio, before about July first. The notification ceremonies are expected to take place soon after the vacation will give him an opportunity to prepare his speech of acceptance, sounding the campaign key-note.

Chairman Hays of the Republican national committee, and a number of party leaders are expected to confer with the Ohio Senator probably next Monday, although the date has not been definitely fixed.

Senator Harding's return to his office in the capitol was the signal for an informal reception on the part of Senate employees who crowded about to congratulate him.

Despite his strenuous week at the Republican convention, the Senator seemed in the fine condition and kept up a running fire of humorous comments as the moving picture men clicked off foot after foot of film.

The Senator seemed greatly touched as he read sheaves of congratulatory telegrams from Governor Calvin Coolidge, the Republican vice-presidential nominee, former President Taft and Major General Leonard Wood, and Senator Hiram Johnson, opponents for the nomination, as well as from Senator Pomerene, his Democratic colleague from Ohio.

Among his first responses was a telegram sent to Governor Coolidge thanking him for his message and declaring that by the selection of a "truly great and trusted American" for the vice-presidential nomination, the ticket had been strengthened.

The sudden accumulation of work due to his nomination resulted in the Senator being forced today to secure additional office space part of which will be used as a press room for the newspaper correspondents. Beginning tomorrow he plans to have daily conference with the newspaper men as long as he is in Washington. He also will confer tomorrow with Leslie M. Shaw, former Secretary of the treasury.

ATTENTION, MODERN WOODMEN.

There will be candidates for initiation and two fine reels of moving pictures at the camp Wednesday night, June 16th. All neighbors should be present to enjoy them both. Remember our new meeting place, Fire Points, Pythian hall each Wednesday night. Be present and be glad. T. I. Moore, district deputy.

TUESDAY, JUNE 15, 1920.

The New York World calls Senator
Harding a puppet. The word is mighty
plain and strong-sounding, but consid-
ering the things supported by the nomi-
nee, it is very applicable indeed.

McAdoo may not be seeking the presi-
dential nomination of the Democratic
party, but if the party seeks him, prob-
ably he may change his mind about
the matter after all.

The irreconcilables may have won
the big end of the league of nations
plank in the Republican platform, but
it's going to be a long time before they
get an opportunity of slipping the plank
in successfully. It may be without
Borah's knowledge then.

Baseball enthusiasts should not for-
get the meeting in the chamber of com-
merce rooms tonight for there are a
number of important matters pertain-
ing to the club's future to be discuss-
ed and definitely decided upon. Green-
ville has made a mighty good showing
so far in the league, and it is up to
enthusiasts to see to it that the boy-
want for nothing. In this way the pen-
nan will be more of a surety than
ever.

Hi Johnson says now that he never
had a chance of winning the Republi-
can nomination for the presidency, but
even at that he is better off than Wood
or Lowden who spent all the money
they had and could borrow for cam-
paign expenses, and then got defeated.
Hi may have put out some mighty good
effort in catering to his aspirations,
but he happens to have the advantage
over all as far as the pocketbook is
concerned.

It seems almost certain that labor
will not give the Republican party fur-
ther consideration, for in refusing to
comply with its demands in the recent
convention in Chicago the part directly
created opposition that only can be ap-
preciated by the future. The San
Francisco convention will not grant
every demand presented by the labor-
ing element of the nation, for there are
shrewd leaders who would ask for more
than could possibly be expected under
the best of conditions. Greater sym-
pathy will be found in the Democratic
party, however, than in Republican
conclave, for democracy respects the
right of the people and is opposed to
obeying the demands of only a few. The
party lives up to its platform in words
and deeds, and for this reason its prin-
ciples will be supreme in the future as
in the past.

Senator Harding, Republican nomi-
nee for the presidency, would proba-
bly receive serious consideration from
newspapers of London if they were
familiar with his personality and re-
cord, but since they are not, a num-
ber of the journals are contenting
themselves by simply inferring that he
unequivocally represents compromise
and opens up a direct way for a con-
tinuance of Democratic supremacy
throughout the nation. It is not known
just why such an expression should
come from London, for neither disap-
pointment or satisfaction has been in-
timated since the convention in Chi-

ago. It is believed, however, that the
American political situation has been
watched carefully and that it was
naturally assumed that since the three
big aspirants were not nominated the
convention "bosses" came to the con-
clusion that Harding's attitude towards
principles supported by all. That
the platform would make up for the
about it too. The nominee has strad-
dled the platform entirely and is ready
to obey the commands of the old line
Republicans who intend to take issue
with the present form of government at
every opportunity, and will only meet
defeat through the popular vote of the
American public.

A PUPPET CANDIDATE.

A more respectable figurehead than
Warren G. Harding has never been
nominated for President of the United
States by either party.

Nor has either party, since the Demo-
cratic National Convention of 1856
named James Buchanan, selected a can-
didate so little qualified to grapple with
the Nation's problems.

Senator Harding is the perfect flow-
er of Old Guard politics. He is an
Ohio county politician with the mind
of an Ohio country politician, and he
sees the world through the eyes of an
Ohio country politician. Being weak
and colorless and mediocre, he appealed
powerfully to the managing politicians
who control the Republican organiza-
tion, most of whom are Senators them-
selves. They know Harding, and they
know that he will be a faithful agent of
the organization. They have worked
with him, and they can prove that he
never had an original idea or enter-
tained a thought that was outside the
routine of a well-trained and well-dis-
ciplined party servant.

The Republican platform adopted at
Chicago is perhaps the best index to
the Harding mind. Whoever is curi-
ous to know the mental processes of
the Republican candidate has only to

read that platform. Those are the very
terms and phrases in which Senator
Harding thinks and in which he ex-
presses himself.

The Senator's friends are fond of
comparing him with McKinley, but the
resemblance is mainly superficial. Both
came out of Ohio, but if Harding is
a McKinley he is a McKinley without
McKinley's personal charm, a McKinley
without McKinley's extraordinary skill
in managing men, a McKinley without
McKinley's wide experience in public
affairs.

The Republican candidate has been
a member of the United States Senate
for more than five years, but his name
is not identified with any important act
of legislation or with any public ser-
vice of consequence. He has voted as
Penrose and Lodge would have him
vote, and he has never displayed any-
thing that could be regarded by the
most liberal interpretation as indepen-
ence or courage. His conscience and
his convictions are simply the routine
conscience and conviction of a pro-
fessional Ohio politician.

Of all the candidates whose names
were presented to the Chicago Con-
vention or who were within the range of
the convention's choice, Harding, with
the exception of Johnson and Poin-
dexter, fell the furthest short of meas-
uring up to the requirements of a
President in this critical time. Lowden
and Wood were eliminated by their
campaign-fund scandals, but with
Hoover and Hughes and Taft and
Knox and even Coolidge and Sprout
and Butler to select from, what more
pitiful choice could have been made, in
view of the colossal questions with
which the next President of the United
States must deal?

Senator Harding was nominated be-
cause the Old Guard Republicans want
a President to whom they can give
orders—a President who will take or-
ders. According they present their pup-
pet candidate in the person of Warren
G. Harding of Ohio.—New York World.

**Easy?
I'll say
it is!**

You never saw anything in
your life like Clean Easy for
washing. You simply soak the
clothes over night and boil
them for ten minutes in 4 1/2
gallons of water and 1/2 bar of
shredded Clean Easy Naphtho-
leime Wash Soap, dissolved.
Punch with a stick, rinse, blue
and dry—and the whole
week's washing's done.

Sounds almost too good to
be true, doesn't it? Just think
of doing an average week's
washing in ten minutes for
only a few cents! Without

rubbing, scrubbing or any
mean work! No wonder thou-
sands of women say that Clean
Easy is the most wonderful
helper a woman ever had.

Once you've seen Clean
Easy work, you'll never, never
break your back over a scrub-
bing board again. Clean
Easy disinfects and cleans
cleaner than you can, anyhow.
It looks different from other
soaps—and it is different,
too! One trial will prove it.

\$1,000.00 REWARD
To any person giving the name of a man or woman, who has said anything of a damaging nature against me or my treatment. If they will give such information sufficient enough to convict; and be willing to be a witness, in case it should be necessary, and their testimony would be sufficient to prove and convict the party or parties guilty of trying to run down and knock me or my treatment.
There are some I know and they have no reason for doing so, except through **IGNORANCE, PREJUDICE, AND JEALOUSY.** I also know of a very few who have been treated, and not cured because of their own fault, in not doing as they were told to do, and as they promised to do thereby breaking their agreement and their word of honor (if they had any).
Few others cured and didn't pay me (stuck me by giving note, and letting it drop on me).
These are the ones talking and I do not know how much damage they have done me. If they are mighty careful they will have to pay the damage. I hate to have to do this, but in **JUSTICE TO MYSELF, MY TREATMENT,** and to **OTHERS THINKING OF TAKING THE TREATMENT,** I am doing it, to explain why some are trying to run it down. Go to any or all on my long list of cured and pleased patients or to me, and learn the truth about it.
There is no need to ask someone about a thing, and they know absolutely nothing about it.
DR. ERNEST W. DUNN,
Rupture Specialist, New Bern, N. C.

The shortage of office and commercial space has been only second to that for housing purposes in New York and co-operative purchasing of office and loft buildings by tenants has begun, although it has not as yet reached the proportions of apartment purchasing by tenants.

TUBERCULOSIS.

Tuberculosis is a disease which is found among all classes and ages, although it mostly frequently attacks those in poor health or in a state of lower vitality. It occurs usually between the ages of 25 and 45. The cause of the disease is a small germ, the bacillus tuberculosis, which can be seen with a microscope. These germs enter the body through the air that is breathed in or through food that is swallowed. These tuberculosis germs are present in the sputum from a case of tuberculosis of the lungs. They also may be present in discharges from the kidneys or bowels. All discharges from a tubercular patient should be burned. Tuberculosis may effect any part of the body, as tuberculosis of the kidney or of a joint.
Tuberculosis is preventable and curable. The cure is much easier if the disease is detected early. For this reason every person should be thoroughly examined at least once a year. Tuberculosis is not hereditary, but members of the same family may become infected through carelessness.
Among the early symptoms of tuberculosis are:

1. Weariness, lack of energy, especially following influenza or pneumonia
 2. Loss of appetite.
 3. Loss of weight when not accounted for by some other reason.
 4. Fever, afternoon rise of temperature.
 5. Cough, cases of tuberculosis may become far advanced before developing a cough.
 6. Shortness of breath, especially on slight exertion.
 7. Hoarseness. Continued hoarseness.
 8. Pain in chest. Persistent soreness or pains in chest.
- Persons with tuberculosis should observe the following rules:
1. Place self under care of physician.
 2. Sleep alone.
 3. Avoid intimate contact with other members of the family.
 4. Get plenty of fresh air.
 5. Eat abundance of nourishing food.
 6. Rest.
- Things that prevent consumption are
1. Good cheer.
 2. Good food.
 3. Fresh air.
 4. Proper living.

SPORTS

GREENVILLE WINS FROM PINETOPS IN 12 INNING CONTEST

Locals Defeat Hefty Aggregation 1 to 0 by Bunching Hits in Twelfth Inning.

By bunching hits in the last half of the twelfth inning in a veritable pitchers' battle at the fair grounds here yesterday evening, Greenville won out over the hefty aggregation from Pinetops by the score of 1 to 0. The game was possibly one of the best that has been played in this city in many years, in fact, both clubs were about evenly matched and played closely and almost errorlessly throughout the entire contest. Stringfield, Greenville short stop, lined the sphere out in left field for two bases in the fatal twelfth, sending one man across the rubber deciding the game in the local's favor.

The game was decidedly a pitchers' battle from the first inning until the twelfth in which Perry for Greenville held the visitors to seven hits, which were well scattered and at no time dangerously threatened sending a runner across the rubber. Webb, the hefty southpaw, who for the past several seasons has been on the mound for Pinetops, showed up in his usual good form, and succeeded in holding Captain Duncan's squad to two hits until the twelfth frame when three successive hits a Greenville runner in home. Both twirlers pitched a gilt-edge game and probably employed their curves more effectively when hits would have determined the victory at an earlier stage of the contest.

Several excellent plays were pulled off at different intervals on both sides, particularly in the eleventh inning when Kittrell robbed Webb of a long drive in center field by making a long run and sensational one hand catch. Such plays were not infrequent at any stage of the game for both clubs played energetically and determinedly, showing form that has not been witnessed in another game throughout the season.

In Pinetops fatal twelfth inning, Dave Moore, first man to the bat for Greenville, lined the sphere out for one base. He was followed by Perry who also hit for one base advancing Moore to second. Both runners advanced a base and then Stringfield came up and lined the ball out for two bases, sending home the necessary runner required to decide the game in the local's favor.

Interest had been intense throughout the game and when with two runners on bases, Stringfield lined the sphere out for two bases, the great throng of people in the grandstand and the bleachers momentarily went wild, for the climax came just at a time when interest was at a breaking point and the player almost worn out completely from the strenuous playing involved in the twelve successive innings. The score came just in time for the game could not have continue two more innings without being called on account of darkness, and with this fact in mind apparently, Greenville went to the bat in final half of the twelfth determined to win, and in the midst deafening clamor from the grandstand and bleachers, Stringfield landed on sphere at one o fthe, most opportune

SCOTLAND NECK DEFEATS

WASHINGTON, SCORE 7 TO 2

Washington, June 15.—Scotland Neck defeated Washington here yesterday evening by the score of 7 to 2. The visitors bunched their hits at a time when hits meant runs, and played to a direct advantage in the field throughout the contest. Washington was unable to hit at opportune moments, and consequently was unable to overcome the visitors' lead.

TARBORO FINDS WILLIAMSTON

INTERESTING IN FIRST GAME

Tarboro, June 15.—Tarboro found Williamston an interesting opponent in the yesterday's contest, and only managed in defeating the visitors after hard playing and hitting at a time when it had a direct advantage. Both clubs played splendidly, contesting each part of the game determinedly, but by hitting at a lively clip at favorable periods of the game the locals were able to send the required runner over the rubber in time to claim the evening's victory.

moments that had been afforded the local club during the game.

The most brilliant part about the exhibition probably was the even, unrumored way in which Perry pitched for Greenville, to rat every stage of the contest his curves appeared to break admirably, and worked to perfection at times when a timely hit by the visitors would have been disastrous to Greenville. Both the infield and outfield rendered splendid support and while there were two errors credited to the team for the entire game they were not costly and were made at a time when Pinetops was unable to derive any direct benefit from them.

Greenville, however, doesn't come in for all the credit because it must be admitted that the visitors played a clean, fast game, and made every opportunity of sending a runner home count. They succeeded in getting runners around the circuit as far as third base on or two times but in each instance, Perry tightened up and failed to yield anything to the man at the bat. The entire Pinetop aggregation played in a creditable way, and showed convincingly that it will be one of Greenville's most formidable opponents during the remainder of the season.

Score by innings:

	R.	H.	E.
Greenville	000	000	000
Pinetops	000	000	000

Batteries: Perry and Wrenn, Webb and Gardner. Attendance 1000. Umpire, Smith.
