## HARDING PLANNING TO GET ATTENTION OF PROGRESSIVES

Nominee to Send Invitations to Progressives for Early Conference.

FLOOR MANAGER HOLDS MEETING WITH SENATOR

Candidate Plans to Get Sentiment Before Drafting Notification.

Washington, June 16.—Plans for bringing Senator Harding, the Republican presidential nominee, in closer touch with party leaders, particularly those of the Progressive wing, were discussed today at a lengthy conference which the Senator had with Walter F. Brown, of Toledo, his floor manager at the Chicago convention.

The conference is understood to have resulted in a decision to send invitations at once to a number of prominent Progressives, asking them to meet with the Republican nominee to discuss the present situation and the coming campaign. The list of those to be invited will not be made public at present.

Friends of Senator Harding said tonight that the proposed conference would be held before the nominee's formal notification, which will be sometime after July 15. The Senator, it was said, hopes to utilize the views expressed by the party leaders in the preparation of his speech of acceptance. While some of the meetings may be held before Mr. Harding leaves Washington Monday, the greater portion are expected to take place while he is on his planned vacation.

The visit of Mr. Brown today was regarded by political observers here as significant. In 1912 he was chairman of the Ohio State Progressive committee and was active in the campaign for Theodore Roosevelt. He was a delegate to the recent Chicago convention and after the defeat in the State primary of Harry M. Daugherty, of Columbus, the Senator's campaign manager, as a delegate at large, was selected as Mr. Harding's floor manager.

"I think you will find that the Progressives will be behind Senator Harding," said Mr. Brown, as he left the Senator's office.

Indications that Mr. Harding, however, intends to ascertain the views of all leaders in the party, was contained in the announcement today of a conference last night attended by Senators Lodge, Republican leader in the Senate; Brandegee, of Connecticut; Fall, of New Mexico, and Smoot, of Utah. This meeting, at which the platform adopted in Chicago was discussed, is expected to be the forerunner of many similar informal meetings.

Senator Harding also gave considerable attention today to Ohio political matters, conferring in addition to Mr. Brown with W. L. Parmenter, of Lima, Ohio, former State chairman. The candidate made public a letter to Secretary of State Smith, of Ohio, withdrawing his petition for renomination as the Republican candidate for Senator at the August State primaries. The petition was filed on the eve of Mr. Harding's nomination for the presidency.

Shortly before the Senator left his office for the day, Gen. Pershing called and remained in conference with him for about fifteen minutes.

"It was merely a social call," said the general as he departed. "The Senator is a very good friend of mine."

## DIVORCE SEEKERS MUST WEAR MORE CLOTHES IN COURT

Springfield, O., June 15.—Judge Frank W. Geiger, of Common Pleas Court, today issued a warning that women who apply for divorces in his court must be careful of their dress.

The judge told attorneys "that I don't care if it is as hot as these women have got to wear more clothes when they come into court. This thing of peek-aboo waists and see-more-skirts has got to stop."

## DECLARES COTTON WILL BE SCARCITY AT AN EARLY DATE

Professor Todd Warns Textile Institution of Expected World Shortage.

EMPHASIZES NECESSITY OF NEW SUPPLY SOURCES

Warns that Something Must be Done to Relieve Threatening Situation.

Manchester, Eng., June 17.—Professor J. A. Todd, secretary of the Empire Cotton Growing Committee of the board of trade, has just delivered to the Textile Institution a warning of the prospective world scarcity of cotton in the near future and emphasized the need for developing new sources of supply as well as experimenting with cotton substitutes.

After dealing exhaustively with the labor position in the United States cotton growing areas, bad weather and ravages by bollweevil as well as the acreage position, the Professor said, "It is obvious that we were not going to get 15,000,000 bales of cotton this year." At home it seemed to him the consumers had not yet felt the full weight of the high cost of the raw material. Even in America he did not see much sign of the consumer's intention of going without cotton fabrics.

The statistics for America's domestic consumption for the first three months of this year were on a basis uncomfortably near to 7,000,000 bales a year. British consumption before the war was nearly 4,000,000 bales and the total American crop last year was only 11,000,000. What was going to happen when the rest of the world—and particularly the continental countries—woke up and began to demand more cotton?

By next year, he said, the continental mills probably would be more active. (Continued on page four.)

## MORRISON LEADING BY PLURALITY VOTE IN STATE PRIMARY

Judge Biggs Agrees to Declaration and Asks Second Primary.

Raleigh, June 16.—Cameron Morrison was formally declared leader in the Statewide primary by a margin of 57 votes when the state board of elections met yesterday morning after Judge J. Crawford Biggs, State manager for O. Max Gardner had withdrawn his request that the board allow him time to investigate possible errors in the abstract of the vote in Edgecombe, Vance and Lincoln counties.

Notice was filed by Judge Biggs that he would, within the required limit of five days, file formal request with the board for a second primary to determine the nomination between Morrison and Gardner. Formal request had already been received from J. P. Cook, second man in the race for State Auditor, for a second primary. No word has been received from Judge B. F. Long, second man in the race for Supreme court, but his friends here are certain that he will try it again.

Five days are allowed by the board in which to file request for a second primary in indecisive contests. After this time has elapsed, the board will order the tickets printed for the second primary. The ballot will be considerably shorter, carrying only two names for governor, two for auditor and two for Supreme court. The original auditor's ticket carried five names and the Supreme court seven. Contests are indicated in only two congressional districts, Judge W. B. Council having unofficially notified the board that he concedes the nomination to Major Burwinkle.

## DUDLEY CAPTURES TWO MONK STILLS DURING YESTERDAY

Two Stills Taken by Sheriff in Galloway's X Roads District.

COLORED OPERATORS MAKE QUICK ESCAPE

Stills Were in Operation, and Fires Burning, When Capture Was Made.

Sheriff Dudley succeeded in landing another effective blow against the illicit whiskey traffic in this section of the state yesterday evening in the capture of two stills in the Galloway's Cross Roads district. The stills were in operation at the time of their capture, and two negro operators who were keeping the fires going made their escape in the dense forest surrounding the small clearing.

The stills were of the usual capacity used in the distillation of monkey rum in this section, and were operating only a few feet apart when the sheriff and deputies succeeded in locating them. The fires had been well replenished shortly before the arrival of the officers, and consequently they were forced to wait quite awhile for the stills to cool before bringing them back to the city.

It is believed the men operating the stills have been connected in the manufacture of illicit whiskey for several months, in fact, it is generally supposed that they keep the stills in constant operation and the section pretty well supplied with the favorite beverage. It is possible the officers may bring about their apprehension within the next several days, although it is possible they left the territory immediately following their escape.

## LARGE GROWTH OF HIGHWAY MEMBERS REPORTED LATELY

North Carolina Good Roads Association Makes Report in Annual Meeting.

Asheville, June 16.—The North Carolina Good Roads Association, which opened a three-day session at the high school this morning, has experienced a remarkable growth during the past year and has become a formidable and militant force and an important factor in the movement for a State system of hard surfaced roads and local county roads, according to reports filed by officers of the association during the morning session.

The growth of the organization during the past year has been nothing short of phenomenal, while the membership has gradually climbed to the 4,000 mark, from 272 members which the association had enrolled a little over a year ago. In the past year 20 new counties have become represented and the total number of counties now interested, including those from Cherokee to Pasquotank, reaches 75. Total receipts during the fiscal year were \$23,432.47 and of this amount \$13,243.64 is on hand and will be used to "further spread the gospel of good roads," declared an officer of the association.

During the day 122 delegates registered while several in attendance probably failed to register, for the crowd continued to swell until late in the afternoon session, while a number of Ashevilleans were in attendance.

President W. A. McGill, of Wilmington, presided over the morning session and following an invocation by Rev. R. F. Campbell, Gallatin Roberts, mayor of Asheville, welcomed the delegates to the city.

## CAREFUL STUDY OF LATE SHIPPING ACT BEGUN BY BOARDS

Measures May Bring Protests from Nations, Especially Man-Time Powers.

COMMERCIAL TREATIES AFFECTED BY THE ACT

Several Existing Commercial Pacts Must be Denounced in Few Months.

Washington, June 16.—Study of the new shipping act and of the various commercial treaties, which under its provisions must be amended or abrogated, has been started by the State Department. It was learned today from officials acquainted with American commercial treaties that approximately 24 of the pacts will have to be denounced in whole or in part within the next few months if the President follows the directions of section 24 of the new act.

So far no formal protests have been lodged with the department against this act, though Premier Lloyd George of Great Britain has stated that representations on the subject would be made. There have, however, been informal discussions between State Department and shipping board officials and the diplomatic representatives here of some of the maritime powers and the gravity of the negotiations which must soon begin is freely admitted by the officials.

Complete reversal of the policy of free reciprocal treatment of foreign shipping, which has prevailed in the United States, since President Madison's administration, is said officials to be involved in a strict application of the new law, which in the section mentioned authorizes the imposition of discriminatory tonnage dues on foreign vessels entering American ports.

Extensive subsidies granted to their own shipping by other powers have been held by the advocates of the act to justify some such protective measure by the United States.

Though Great Britain, as a leading maritime power, is regarded as the one most vitally affected by the new law, in British circles it is believed that the strongest representations and protests will come from other quarters.

## PRIMARY LAWS OF ILLINOIS ARE HELD UNCONSTITUTIONAL

Investigation Shows Complications and Illegality of Construction.

Springfield, Ill., June 16.—The State supreme court today held the Illinois primary law unconstitutional.

The validity of the primary election law, which was passed by the State legislature in 1919, was attacked by attorneys for William Fox, convicted in Chicago of fraudulent voting in the primary election held April 13, 1920. The case was brought to the supreme court on a writ of error.

The decision throws State central committees of the political parties and all county central committees out, and reinstates old committees elected under the primary law, now revived. It dislodged the Mayor Thompson factions in Chicago and returns to power the Depeene and Brundage forces. Elsewhere it upsets plans for special elections.

## EMPLOYEES OF GARY BANK VOTED DIVIDENDS ON SALARY

Gary, Ind., June 16.—Employees of the First National Bank of Gary were today voted dividends of fourteen per cent on their salary, the same rate as paid stockholders on earnings of their holdings. The local bank is said to be the first in the country to adopt this plan.

## WOMEN OF TURKEY NO LONGER VEILED CHARMS OF HAREM

Streets of Turkish Cities Filled With Women, Risen Above Seclusion.

WAR EFFECTED GREAT CHANGE IN CUSTOMS

American Women Doing Much to Lift Women Above Bondage of the Past.

Constantinople, June 17.—Turkish women are no longer the shy veiled creatures who passed their time in the seclusion of the harem and were never seen by foreign men. They still cling to it to a great extent. But the streets in Constantinople and other larger Turkish cities are filled with women who have their veils thrown back from their faces. They are highly ornamental and becoming. Most Turkish women don't want to abandon them in favor of hats. But there are many sorts of veils and the smart, black silk veils which some of the women wear are very fetching when draped artistically over their hair.

In the railway and street cars there are special seats for women but the flimsy curtains which are supposed to screen them from the gaze of men are usually drawn back and it is not unusual to see men standing in the compartments for women. Only very old men, however, are rash enough to sit down in the same seat with a Turkish woman. Turkish women seldom go to a theatre where there are men. Special matinees and evening performances are arranged for women only.

The war has done much to break down the barrier between Turkish men and women. The women were needed so badly as nurses and relief workers that the government had to avail itself of their services. And now it is regarded as quite proper for men and women to be associated in all sorts of charitable and educational work. Consequently many women who were formerly forced to content themselves with seclusion in a home where fancy work and French novels were the only diversions are devoting their time to hospitals, orphanages and other philanthropic institutions.

Women who have been educated (Continued on page four.)

## ENGLAND PLANS TO RAISE LARGE FUND FOR ITS SOLDIERS

Prince of Wales Leads Effort to Commemorate Deeds of Soldiers.

Washington, June 16.—To commemorate the services of the men who initiated aerial warfare and practically revolutionized it, an organization has been formed in England under the presidency of the Prince of Wales, to raise a fund of about \$400,000.

There is to be erected a commemorative monument to the fame of the officers and men of the Royal Naval Air Service, the Royal Flying Corps; the Australian Flying Corps and the Royal Air Force, including the officers and men who joined the force from the overseas dominions. In this last class are many Americans, who enlisted in the Canadian armies before America got into the war.

It also is proposed to establish places of residential education for the children of armen and to make allowances for the children of officers, and generally to care for disabled, sick and infirm officers and armen and their dependents.

Believing that many American will be interested in the memorial, the Air Attache of the British Embassy in Washington, Commodore L. Charlton, will furnish them any desired information.

## LABOR FEDERATION DEMANDS FREEDOM FOR IRISH PEOPLE

Resolution Adopted Ask That Right of Self-Determination be Accorded.

DEMANDS LEGISLATION AGAINST PROFITEERING

Reaffirms Declaration of Principles of Industrial Democracy.

Montreal, June 16.—The American Federation of Labor reaffirmed its stand for recognition of the Irish republic amid a great demonstration at its convention here today. Resolutions adopted urged that the "military forces of occupation in Ireland be withdrawn" and that the Irish people be accorded the "right of self-determination."

The convention also authorized the continuation of its organization campaign in the iron and steel industry. The recent steel strike was declared a "wonderful success" by Joseph D. Cannon of New York, member of the national committee of iron and steel workers, in an address to the delegates. He appealed to the federation to aid the 300,000 organized steel workers to prepare for a "new strike."

The federation condemned the practice of clothing strike breakers or strike guards in contact of private individuals or agencies wearing the uniform of the United States army or navy.

Reclassification of the civil service and adoption of a "wage scale commensurate with the skill, training and responsibility involved in the work," is demanded in a resolution unanimously adopted.

Congress was called upon by the federation to provide "liberal appropriations for the study of social and industrial problems and technical research in all branches of sciences, touching the welfare of the nation's people."

Declaring that the cost of living "must go on higher," the federation demanded that legislation be enacted at once to curb profiteering.

The convention expressed "regret that congress had failed to enact a single constructive measure that would aid in checking profiteering."

It instructed its executive council to press labor's specific proposals constituting a program of remedy for reducing living costs.

The federation reaffirmed its declaration of principles laid down in 1918 to the effect that "those contributing to production should have a part in its control." It then went on record in favor "of setting up of conference boards of organized workers and employers, thoroughly voluntary in character and in accord with our trade union organizations as means of promoting the democracy of industry through development of co-operative effort."

Autocrat control of industry was condemned and it was declared there "is no salvation and no hope of abundance in our time," until it is removed "from our industrial life."

The Federation today called upon the congress of the United States to cancel the "gentlemen's agreement" with Japan and absolutely exclude Japanese and other Asiatic immigration into this country. The exclusion of "picture brides" was also demanded.

Federation departments and international unions were instructed to "co-operate and press" this legislation.

## CHINESE TROOPS KILL

AMERICAN MISSIONARY

American Legation Makes Strong Representations to Chinese Government.

Washington, June 16.—Strong representations have been made to the Chinese government by the American Legation at Peking as the result of the killing of the Rev. W. A. Belzert, an American missionary, in an attack on the Reformed Church Mission at To Chow by Chinese northern troops.

THURSDAY, JUNE 17, 1920.

**FRIENDS OF IRELAND.**

The following statement regarding the acts of a small group of woman who are frequently referred to as "Friends of Ireland" is made by Daniel T. O'Connell, Director of the Friends of Irish Freedom national Bureau of Information:

The apparent determination of the women "pickets" to engage at Washington and elsewhere in actions which cause the public to believe, perhaps, that they act with the approval of those giving their best efforts to advancing the cause of freedom and independence for the people of Ireland, makes necessary the statement, in addition to what has previously been said officially, that these women act only as individuals and have no sanction whatever from any of the large bodies of American men and women of Irish blood who act by and through the direction of the Friends of Irish Freedom and affiliated organizations.

Though these women are very generally referred to in published newspaper reports as "Friends of Ireland," and by reason of that reference may be regarded as speaking and acting for the body officially known as the Friends of Irish Freedom, it must be clearly understood that they do not in any sense speak for or act on behalf of the Friends of Irish Freedom, as an organized body, or the 20,000,000 American men and women of Irish blood supporting the activities of that body.

**GOOD BOOKS NECESSARY.**

Practical ideas for the better management of the home, tending toward improved sanitation, elimination of waste, better environment for children and general improvement in all household conditions, are quickly available through books devoted to home science, which are to be found in public libraries and their branches. Aid and advice to women who seek such information is provided by skilled librarians and the wider use of such volumes is encouraged.

Thorough acquaintance with the modern science of housekeeping will do much to solve many of the daily problems confronting women in the home and lighten the burdens that often are extremely heavy. Such information is authentic and proves of immense value to the housewife.

In its "Books for Everybody" movement, the American Library Association, in co-operation with public libraries and other library agencies, is promoting extension of library service to bring the best books within easy reach of the 90,000,000 persons in the United States who are today without such facilities or have but a limited opportunity for obtaining good reading matter.

To carry out the broad provisions of the Enlarged Program, which aims at universal self-education through books, a fund of \$2,000,000 is now being obtained. No intensive drive methods are being employed, however, the raising of the fund having been left to the individual effort of the librarians, library trustees and friends of libraries.

**JUNE WHEAT SITUATION.**

The Piedmont or wheat territory is reported by hundreds of our farmers as being ten per cent less in acreage but much better in prospective yield than a year ago.

The state shows twelve per cent less in acreage with a forecasted yield of ten bushels per acre, whereas it yielded less than eight last year. The indicated yield is for 7,300,000 bushels, this being about the same as from last year's larger acreage. The maturing weather conditions this year have been much better than they were for the past two years, when the growth of the crops indicate big prospects, but went to pieces in the development of the grain. This was caused by the wet followed by hot and dry conditions.

The national crop shows some astounding figures. The winter wheat average of the United States is but 68 per cent of that growing a year ago, and the spring wheat of the Northwest is sixteen per cent less. The June 1st conditions of the crops show the very low conditions of 78.2 per cent of a full crop of winter wheat and 89 for spring wheat. Fortunately, the spring wheat promises a yield of one-third more than the larger acreage made last year. The spring wheat failed last year at and after this date, making a final yield of but 9 bushels per acre, which is about the lowest recorded. All wheat is forecasted to make 781,000,000 bushels averaging 14.5 bushels per acre with a condition of 82.7 per cent of normal as compared with 68.8 per cent last year at this date.

From the foregoing, it is very evident that the seventeen per cent decrease in the prospective wheat will mean a higher price for the farmer's wheat and of course a higher price for flour. This strongly indicates the reality of a shortage of labor and probable food production. Farmers will do well to make their own flour and save their seed wheat this year.

North Carolina has the advantage of the northwestern wheat belt in that our prospects are for a good crop and theirs for a poor one. This should enable our farmers to sell their crop more wisely. It may also help us to maintain our rank of fourth in total crop values among the states of the union.

**PERSONAL**

Mr. R. L. Dixon, of Greensboro, is in Greenville today, on business.

Mr. E. R. Austin, of Wilmington, spent several hours here Wednesday.

Mr. P. E. Rogers, of Rocky Mount, was in the city yesterday evening.

Mr. F. L. Edens, of Washington, is spending the day in Greenville.

Mr. H. A. Underwood, of Raleigh, is among the business visitors in the city today.

Mr. N. G. Duncan, of Fayetteville, spent several hours here yesterday afternoon.

Mr. T. R. Hodges, of Washington, was in the city for a short time yesterday.

Mr. E. W. Remington, of Winston-Salem, was in Greenville several hours yesterday.

Mr. E. C. Zollcoffer, of Weldon, was in Greenville on business Wednesday evening.

Mr. J. D. Nash, of Wilson, made a short business trip here during yesterday.

**CARD OF THANKS.**

We wish to express to our friends our deep appreciation for their kindness and thoughtfulness to us during the recent illness and death of our little daughter Ethel Bell. We also appreciated the beautiful floral offerings.

MR. AND MRS. J. W. JERNIGAN.

**SQUARE DANCE.**

The first square dance of the season was given last night at the Amuzi Park, with a large number of couples participating. The sets were called in a most splendid and satisfactory manner by Messrs. Leon Tyson and Zeber Tripp. The gentlemen called the sets so well that the dancing went on beautifully and every thing went on without a hitch. The managers of the park have decided to have a square dance every Thursday night and if those which follow are as successful as the one last evening, a good time is in store for those who are planning to enjoy these dances. Music was furnished by Edmonds jazz orchestra, and nearly every section of the county was represented.

In the dances which are to follow the music will be furnished by "Ye old time fiddlers," Will Forbes and Ed. Moore.

**TOBACCO FARMERS.**

I take this method of warning all farmers who expect to get their supply of Flues from me this season to let me know at once what they will want, or you had better send or bring your wagons and get them. There is sure to be a shortage of iron for the season. Although I bought my iron 10 months ago, there is one car that has not yet arrived, and has not yet been shipped. I have already been out of rivets, and have had to buy galvanized rivets to keep going. Other dealers are in the same predicament I am, or very much worse. I turned down an order from another dealer this morning for 125 sets flues, and this condition this early in the season means a serious shortage in flues. I have the flues ready for delivery now, and have had for the last three months, so don't blame me if you keep waiting and fail to get your flues. Keep this in mind, and tell your neighbors, as this notice will not appear again.

## WOMEN OF TURKEY NO LONGER VEILED CHARMS OF HAREM

(Continued from page one.)  
abroad or in the foreign schools in Turkey are the leaders in this movement for greater freedom for their sex. Their broad experience in war work has interested many women in politics and they have openly played a great part in the nationalist movement. In the Constantinople American Woman's College the Turkish girls take great interest in basketball and other athletic games and the effect upon women who have come under foreign influence is making the old life of seclusion and inactivity unattractive to younger Turkish women.

## DECLARES COTTON WILL BE SCARCITY AT AN EARLY DATE

(Continued from page one.)  
five than now and the demand increased and the Oriental demand would also be much higher. So long as the workers and producers of the world were making so much more money than they ever did before, he did not see how the demand for cotton goods was even going to be substantially reduced. The world was not producing sufficient cotton to meet this demand and was not likely to do so unless some way was devised of making use of even the lowest grades.

It was only a question of time, he asserted, when the world would face a scarcity of cotton and it was high time, therefore, that something was done to develop new source of supply, for even when they were found they would not be able to afford substantial relief for five or ten years. He was not sure that the time had not come for them to look around for an efficient cotton substitute, for he world was full of textile fibres which had never been exploited.

### WHITE'S THEATRE.

Program for Week of June 14th.

#### THURSDAY

"MY LADY'S GARTER."  
With an all Star Cast.

The picture is adapted from the widely read novel by Jacques Futrelle who was one of the heroes of the ill-fated Titanic. A great mystery story concerning the efforts of an American secret service man to trap a master criminal. Matinee 3:45. Admissio 10 and 25c.

#### FRIDAY

Gladys Leslie in  
"A Stitch in Time."

Phoebe Ann did not know what "discreet" meant but she was it. She also knew what a stitch in time meant. See how she took it.

#### SATURDAY

Antonio Moreno in  
"THE INVISIBLE HAND"  
"SWITCHES AND SWEETIES"  
Also other good comedy. Matinee 2:00 o'clock.

### TO THE DEMOCRATIC VOTERS OF PITT COUNTY.

I heartily appreciate the support given me by you in the primary on June the fifth and assure you, that voted for the other gentlemen that I have the very warmest feelings as I can concede to every free man his right to cast his vote as he sees fit. From reports over the country since the last primary I feel that I will be nominated on July 3rd and will appreciate your help on that date.

16-3t Yours truly,  
N. W. OUTLAW.

### TO THE DEMOCRATIC VOTERS OF PITT COUNTY.

I deeply appreciate the support of those who voted for me in the primary on June 5th. The office of county commissioner is one of responsibility and if nominated by you in the second primary, held on July 3rd, I will hold the office to the best of my ability. I ask all who voted for me to vote again on July 3rd and will appreciate the vote of others who voted for other candidates.

J. B. HARDEE.

## GREENVILLE WINS OVER WILLIAMSTON IN FIRST CONTEST

Both Clubs Show Great Spirit in First Contest of the Season; Score 4 to 3.

By hitting effectively in the seventh inning Greenville, defeated Williamston in the first game of the season at the Williamston ball park yesterday evening by the score of 4 to 3. The game possibly was one of the hardest fought and most closely contested which the locals have participated in throughout the season, for the Williamston club played fast, clean ball and made every opportunity for a run count. Greenville sent its first runner across the rubber in the first inning and three in the seventh, while Williamston made its three tallies in the third frame, and threatened the home circuit in an uncomfortable way in the last half of the ninth when a runner was gotten as far as third base. Greenville, however, tightened up noticeably at this juncture and retired the side in a fast, effective way.

One of the most noticeable features of the entire exhibition was not entirely in the game, however, for the management of the Williamston club extended certain appreciable courtesies before the game in requesting spectators to please refrain from making unpleasant, or slight remarks about the visiting players. The announcement was made in front of the grandstand which was fairly thronged with people of the district, and the pleasing way in which it was accepted and put into effect showed in a plain, convincing way the splendid spirit that Williamston is going to instill into the game by such appreciation of other's feelings.

Both clubs showed vim and animation in early stages of the game, but Greenville failed to show up in its usual form until after the fifth inning when every man began to show new spirit and interest in the contest. Sheppard was rather wild in early

stages of the contest, but at critical moments he settled down and failed to give even a scratch hit to the Williamston aggregation. He pitched well in pinches, and received admirable support from the team, with the exception of one or two instances when the high wind caught the ball and carried it completely out of reach of the pursuing fielder. Sheppard struck out ten men during the entire game, and only allowed his opponents four hits. Cox, the Williamston southpaw, pitched effectively for several innings, but Greenville found him easy at times, and was able to bunch hits when hits meant runs. Ten hits were gotten off of Cox's delivery, and as those were well placed little trouble was experienced in replacing the winning run over the rubber.

Greenville started its scoring in the first inning when Stringfield lined the ball out for one base, and later was sacrificed to second by Wrenn and to third by Ellis. Duncan hit for one base, scoring Stringfield, Barnes retiring the side by flying out to center field. From the first to the seventh inning the team apparently played in hard luck, for the ball was hit freely, but nothing but fouls resulted on account of the high wind.

However, in the seventh Ellis lined

### EASTERN CAROLINA LEAGUE.

#### Standing of Clubs.

Greenville	6	2	.750
Tarboro	5	3	.625
Scotland Neck-Hobgood	5	3	.625
Williamston	4	4	.500
Pinetops	2	6	.250
Washington	2	6	.250

#### YESTERDAY'S RESULTS.

Scotland Neck-Hobgood, 8; Tarboro, 3.  
Greenville, 4; Williamston, 3.  
Washington, 14; Pinetops, 3.

#### WHERE THEY PLAY.

##### Wednesday and Thursday.

Tarboro at Scotland Neck.  
Washington at Pinetops.  
Greenville at Williamston.

##### Friday and Saturday.

Washington at Tarboro.  
Pinetops at Williamston.  
Greenville at Scotland Neck.

### WASHINGTON DEFEATS PINETOPS BY SCORE 14 TO 3

Pinetops, June 16.—Washington defeated the locals here today by the score of 14 to 3. The exhibition was slow and uninteresting in every part, for the visitors hit freely and piled up a score almost impossible for the locals to overcome during the game.

### SCOTLAND NECK-HOBGOOD WINS OUT OVER TARBORO

Scotland Neck, June 16.—The Scotland Neck-Hobgood club defeated Tarboro here this afternoon by the score of 8 to 3. The game was well played from the beginning to end, but the locals were too much for the visitors and played well in pinches. Tarboro failed to show the spirit that has been exhibited by the club for the past several days, but the locals were in usual trim and played advantageously at every stage. This fact no doubt was responsible for the visitors' defeat, for the locals played hard and consistently at every point of the game.

the ball out to left field for three bases, and scored when Duncan hit one through second. Barnes advanced Duncan to second. Kittrell shoved both runners up a base by a sacrifice; Moore hit for one base scoring Duncan and Barnes. Sheppard lined the sphere out for one base, but the three tallies in the first part of the inning were the only Manager Lanier's boys were able to send over the rubber during the remainder of the game.

Williamston scored its three runs in the third inning when Nell hit to right field for one base. Johnson advanced Nell to second when hit by pitcher; Hathaway was hit by pitcher, going to first, the other runners advancing. E. Johnson hit to left field for three bases scoring every man on base. This was the only time Williamston seriously threatened home plate again, except in the ninth inning when a man reached third.

The score by inning: R. H. E.  
Greenville.....100 000 300—4 10 1  
Williamston.....003 000 000—3 4 2  
Summary—Sacrifice hits, Stringfield, Ellis, Kittrell, Wrenn, 2; Carson, 1. Stolen bases—Stringfield, Ellis, Carson. Left on bases—Greenville, 5. Williamston, 4. Wild pitch, Cox 1. Sheppard 1. Bases on balls, Sheppard 2, Cox 1. Struck out by Sheppard 10, Cox 2. Hit by pitcher—By Sheppard, C. Johnson, Hathaway, E. Johnson. Three base hits—Ellis, E. Johnson. Earned runs—Greenville 4, Williamston 3. Time of game 1:50. Umpire Stubbs. Attendance 1200.

## New Buick Stolen

Mr. A. M. Waters who lives near Greenville drove his new Buick car in Greenville Saturday and some person or persons stole it less than one hour after reaching here. Mr. Waters bought a fire policy covering this auto two weeks ago, and at the same time was offered a theft policy for a very small premium, but did not accept it. Better see C. L. Wilkinson, agent for the Firemen's Fund Insurance Co., about your automobile Fire and Thief Insurance, the leading automobile insurance of the world.
