GIMBEL BROTHERS ARE INDICTED FOR EXCESS PROFITING

Department Store Heads Charged With Profiteering in Clothing.

INDICTMENTS FOLLOVED SECRET INVESTIGATION

Department Agents Say Similar Arrests Will Follow an Early Date.

New York, June 24.—Frederick Gimbel first vice president; Joseph J. Dowdell, general merchandiser manager, and Chas. D. Slawter, buyer, who have been jointly indicted with Gimbel Brothers, Inc., on a charge of profiteering, pleaded not guilty when arraigned today in federal court. They were allowed two weeks in which to change their plea or make any motion their counsel might desire. Meanwhile the bail of \$1,000 each was continued.

The Gimbel indictment states that the average profit on all 207 articles mentioned was "103 1-10 per cent." In one instance a suit of mohair clothes which was said to have cost Gimbel Brothers \$5.50 was offered for sale at \$20, a gross profit of 263 per cent.

The grand jury in the indictment asserted that gross profit of 55 per cent. would have been ample to yield Gimbel Brothers a reasonable profit after the costs of a garment and payment of all overhead charges in connection with its sale.

The indictment of Gimbel Brothers followed a secret inquiry by the "flying squadron" of profiteer hunters which lasted about a month, and specifies 207 articles "offered for sale" at the New York store on June 8, last.

Gimbel, Dowdell and Slawter were arrested here last Saturday by agents of the department of justice's flying squadron of profiteer hunters on four counts alleging "unjust, unreasonable and unlawful" profits on clothing in which the profits were said to have amounted to from 90 to 275 per cent. They were released on \$1,000 bail each for examination July 6, after pleading not guilty to the charges.

Department of Justice agents stated at the time that the arrest in Gimbel case were to be followed by similar action against a number of other alleged profiteering department store merchants of like importance. It was stated then that other department stores already were under investigation and that federal warrants were to be requested as soon as inquiries had been completed sufficiently to allow agents to file their charges.

TENNESSEE ASSEMBLY CAN RATIFY SUFFRAGE WITHOUT STATE VOTE.

Washington, June 24.—Assistant Attorney General Frierson has advised Governor Roberts of Tennessee that the legislature of that state could ratify the suffrage amendment without submitting the issue to the people.

Dr. Frierson's opinion, given orally and in writing both to Governor Roberts and the attorney general of Tennessee was based largely on the decision of the United States supreme court in the Ohio referendum case. In that case the court held that ratification of amendments could be had only by state legislatures or conventions and that provisions of state constitutions that ratification be referred to a vote of the people conflicted with the federal constitution.

It was said today President Wilson asked the attorney general for an interpretation of the Tennessee constitution with respect to ratification. Mr. Frierson, who is a native of Tennessee, ruled that the supreme court decision made invalid that section of the Tennessee constitution with respect to ratification action on a federal amendment must be taken by a legislature, the members of which have been elected after the amendment was submitted to the state.

Miss Alice Paul, chairman of the woman's party, said today that Governor Roberts' decision to call special session of the Tennessee legislature to act on the suffrage amendment "means certain victory." A recent canvass of both Tennessee houses, she said, indicated a safe majority in favor of ratification.

"This, of course, will be a triumph for the democratic party," Miss Paul declared, "and already has had the effect of pushing republican efforts to secure action Vermont."

McADOO CENTER OF POLITICAL GOSSIP IN SAN FRANCISCO

Despite Early Announcement, He Will Not Become Any Candidate.

San Francisco, Cal., June 24.—Despite W. G. McAdoo's announcement that he would not be a candidate for the Democratic presidential nomination, his name recurs very frequently in gossip in national convention circles. The McAdoo boom, for the roots and the war chests of which the Senator campaign investigating committee sought in vain, appears to thrive even against the frosty attitude of Mr. McAdoo himself. Its chief characteristic continues to be the same intangible quality that daunted the senatorial boom investigators.

On the surface McAdoo supporters have accepted the dictum and publicity transferred their allegiance to other candidates. There is something about their alacrity, that makes other Democrats here wonder whether they will "stay out" in their new affiliations.

Privately, some of these former McAdoo supporters admit they have not lost hope that he will be the nominee. They state their case bluntly. The business of the convention is to nominate a man who can be elected, they say. They regard the Republican ticket and platform as "encouraging" from a Democratic point of view and believe that the brass tacks of politics will debate McAdoo's nomination as the man who could be elected. They are shaping their present course, they admitted, in anticipation of a deadlock between Attorney General Palmer, Governor Cox and the other prominent aspirants and a general swing to McAdoo at that point which would result in his selection.

PART OF HAWKER'S AIRPLANE LOCATED OFF CAPE ST. MARY

Carriage of Famous Airship Found by Fishermen and Given to Museum.

CARRIAGE PURCHASED FOR NOMINAL FIGURE

Carriage Was Cut Loose by Hawker in Ocean, Starting Toward Ireland.

St. John's, N. F., June 24.—The undercarriage which Harry Hawker dropped from his airplane when he took flight from here a year ago on his pioneer attempt to cross the Atlantic without stop has been recovered, and presented to the Public Museum for keeping with other exhibits associated with the colony's history. The gift was made by W. B. Griener, M. L. C., who purchased the carriage after fishermen had picked it up off Cape St. Mary's 200 miles south southwest from the point where it was dropped into the sea.

When Hawker set out on his trans-oceanic attempt on May 18, 1920, he flew over the atoll of Frederic P. Raynham, almost on the edge of the coast. Within sight of his arrival, who was standing by his plane unable to take-off because of an adverse wind, Hawker cut loose his undercarriage as a game to contest for the honors of the air, and to lighten his load; then winged away seaward with Ireland as his object. Raynham, accepting the challenge, sought to start notwithstanding the unfavorable conditions, but he was unable to leave the ground and his machine was wrecked, he was injured, and his navigator, Major C. W. F. Morgan, almost killed. Hawker, it will be recalled, flew 1,100 miles before engine trouble brought him down.

The undercarriage was actively sought by Hawker's agents and by others as a souvenir, but search of the coast and of nearby waters, long continued, failed to disclose the wheels and their mount. Fishermen recently picked the carriage up off the coast, southwest of Cape Race, and brought it into Presque, where they disposed of it for a nominal sum.

LABOR CONVENTION PROGRAM INCLUDES SEVERAL MATTERS

Convention Will Open July 11 With Addresses by Several Leaders.

Chicago, Ill., June 24.—The program of the convention of the Labor Party of the United States to be held in Chicago, July 11 to 13, is announced by secretary Frank J. Esper.

The first day, Sunday, will be given over to hearing addresses from various organizations. These include the Friends of Freedom for India, the Proportional Representation League, and the American Friends of Irish Freedom. Governor Lynn J. Frazier, of North Dakota is scheduled to speak in behalf of the Nonpartisan League. It is regarded by secretary Esper as very probable that the Labor Party of Canada will be represented by fraternal delegates.

The Nonpartisan League will be represented by fraternal delegates but will not participate otherwise in the convention. Max S. Hayes, of Cleveland, chairman of the National Labor Party will preside.

Nominations for president and vice-president are scheduled for Tuesday if the convention is then ready to act. Platform is also to be adopted then.

DENTAL SURGERY FORMS TREATMENT IN INSANITY CASES

Missouri Hospital Experimenting With Cases Insanity in Research.

NO PROVISION MADE BY STATE FOR DENTAL WORK

Dr. Ford Says 724 Patients Have Been Treated in Successful Way.

St. Joseph, Mo., June 24.—Experiments in the application of dental surgery to treatment for insanity are being conducted in the No. 2 Missouri hospital for the insane, here, according to Dr. G. E. Ford and Dr. Walton E. Taylor. Several St. Joseph dentists and a throat specialist are conducting the research, according to the announcement.

No provision is made by the state or dental service in the state hospitals, the dentists say, with the result that the experimental work is at the expense of the men engaged in the work. The institution does not contain dental equipment, nor X-ray, nor has it ever had such equipment since it was established in 1874.

Doctor Ford, said, 724 patients have been treated. Sufficient improvement (Continued)

NATIONAL COMMITTEE TO DRAW UP ROLL FOR DELEGATION DURING DAY

San Francisco, June 25.—The national committee meets today to draw up temporary roll of delegates for the convention. Three contests are expected but that involving efforts to give Senator Reed, of Missouri, a seat with the delegation from that state promised more than routine interest. One contest, that from Georgia, has been officially filed with the committee. Georgia contest results are expected by party leaders to be settled in favor of delegates friendly to Palmer nomination, the decision carrying with it confirmation of Clark Howell as national committeeman.

The contest from Oregon is not considered serious and may not materialize at all. The mysterious boom for the nomination of McAdoo and the conflict over prohibition enforcement plank are approaching more definite shape. McAdoo adherents are said today to be shaping plans to withhold his name from balloting through-out early stages of the convention and to wait until the expected deadlock between Palmer and Cox develops. One prohibition enforcement question developed a sudden movement to ignore entirely in platform.

MORRISON AND GARDNER AGREE TO STALL DEBATE

Raleigh, June 25.—Fore-stalling their managers by a few hours, Democratic gubernatorial candidates O. Max Gardner and Cameron Morrison, meeting by accident in the little town of Jonesboro, in Lee county yesterday afternoon, agreed between themselves to cancel the joint debate scheduled for Raleigh next Monday night. Their agreement was ratified last night at 8:30 when their campaign directors met in conference with Governor T. W. Bickett and formally agreed, in the interest of party harmony, to halt the procedure "without prejudice to either candidate."

WINS LARGE SUMS BETTING ON RACES AND FOOLS POLICE

Man Arrested in Paris as Crazy Turns Out to be Successful Gambler.

Paris, June 24.—Ragged, hatless and practically shoeless, an elderly man was sitting in a park on the south side of the Seine a few nights since, muttering to himself, 50, 60, 70, the while stacking thin little slips of paper one upon the other. He attracted the attention of two gendarmes for he had apparently been drinking too much wine. He was taken to the station.

The desk sergeant was bewildered when the ragged man explained that the little slips of paper he was counting were good bills of the Bank of France and that the figures he was mumbling represented their amount. He had 115,080 francs.

"I won this money at the races," explained the denizen of the park.

It developed that the man was one Billigot, a former colonial soldier, at times street newspaper vendor, known to the citizens of Grenelle ward in Paris as "Father of Luck" or "Father Cherry" (the little fruit being known in the parlance of the Paris gambling circles as the emblem of luck.) He had run up 140 francs, the amount of his pension paid to him as an ex-soldier, into 115,080 francs. The police released him, after giving him a little advice about counting his wealth in public parks while slightly under the influence of red wine.

Billigot invested 80,000 francs in an annuity the next morning, bought a suit of clothes, shoes, et cetera, and before departing for saint Cloud race track called on the friendly police sergeant and gave him a tip on the races for that afternoon. The horse won.

DEMOCRATS STILL SILENT ON TICKET AND THE PLATFORM

Acceptance of the League of Nations Plank is Regarded as Certain.

HURRY AND SCRAMBLE BEGINS AMONG LEADERS

Bryan's Advocacy of Walsh for Chairman Causes Unfeigned Surprise.

San Francisco, June 24.—Preliminaries to the democratic national convention got into the inevitable period of hurry and scramble today with the appearance here of one after another of the men who are to play leading parts in the big quadrennial drama. In the whispering behind the scenes the question of the party's policy toward bone dry prohibition continued the big theme of agitation with prospects for a fight on the convention floor growing better and better. Arriving leaders and delegates also added some impetus to the discussion of presidential candidates, but that subject still remained well in the background.

Two figures newly arrived on the scene attracted particular attention: One was Senator Carter Glass of Virginia, fresh from Washington, and generally reported to have brought President Wilson's own draft of the platform. The other was Charles F. Murphy, of New York, the leader of Tammany Hall, who came direct from the widely heralded conference of old line party strategists at French Lick, Ind.

Both of them were as busy as beavers, but as silent and cagey as mice. Privately they took careful stock of the situation and conferred earnestly with other leaders from far and wide. Publicly, they refused to talk politics; outline what they hoped to accomplish or predict what the convention finally would bring forth.

Mr. Murphy was the new center of speculation on the subject of prohibition. The declaration of the New York state convention for repeal of the eighteenth amendment and widely circulated reports of the patching of an anti-bone-dry plan at French Lick helped to bolster the impression among many delegates that Tammany would lead in the effort to write such a plank into the platform.

WILSON ASKS BICKETT TO SUPPORT SUFFRAGE AMENDMENT IN STATE

Raleigh, June 25.—Commenting on the telegram he received last night from President Wilson, in which the president said he was sure he need not point out "The critical importance of the action of our great state in the matter of the suffrage amendment," Governor Bickett stated that he hoped the Tennessee legislature will meet and ratify the equal suffrage amendment and thereby relieve North Carolina of it.

"We have neither the time nor the money and such action on the part of Tennessee would save the state a feeling of bitterness that would surely be engendered by the debate on the subject that would come up in our legislature."

"I have said all that I intend saying on the subject of ratification," Governor Bickett stated to newspapermen last night. "While I will take my medicine I will never swear that it tastes good, for it does not."

President Wilson's message to which the governor had not replied this morning follows: "I am sure that I need not point to you the critical importance of the action of your great state in the matter of the suffrage amendment."

Dr. Edward Greene, of Wilmington, is visiting relatives here.

How Would You Like to Save Half the Work Time and Cost of Mowing ?

HERE is the only successful wide-cut mower. It saves 50% of your mowing cost by cutting twice as much in the same time. Compensating lever and spring carries the cutter bar on the drive wheels instead of dragging it on the ground. This increases traction, does away with side draft and weight on horses' necks—greatly lengthens life of machine.

HOW PRICES ROSE—AND FELL.

Interesting conclusions may be drawn from a recently completed analysis of wholesale and retail prices and wages for the years 1860 to 1872 in which tendencies strikingly like those of the present day are revealed, showing finally a slump in prices which, economists and students of market conditions say, soon may be expected if history is to repeat itself.

The figure of 100 is taken as the basic level of all three in 1860. There was a gradual rise during 1861 and 1862 and 1863, and at the end of the last year wholesale prices were at 150; retail prices at 140; and wages at 130. During the year 1864 came the sharpest rise and wholesale prices jumped to the 210 mark, reaching the peak in January, 1865. Meanwhile both retail prices and wages had taken a more gradual rise, the former standing at 165 in January and wages being at 150.

In April, 1865, the war ended and there came a sudden drop in whole-

sale prices, which fell to 160 in July this high figure did not include certain material sent on government transports for our army abroad.

continued a steady rise throughout the year; not being affected by the end of the war and reached the respective levels of 170 and 165 at the end of 1865.

In the year following the close of the war, or 1866, there was a marked variation in the trend of the three. Wholesale prices fluctuated rather violently but with a constant downward trend, and they continued this downward course with occasional sharp rallies for seven years following the war, scoring a net loss of from five to ten points a year, until in 1872, just prior to great panic, they were at 130 or just 30 points above the pre-war figure.

If history is repeating itself the man who now denies himself useless luxuries and puts his money in government securities or in other standard investments will be on a sound financial basis when the present troublesome days are over.

FOOD EXPORTS OFFSET.

The shortage in our exportable surplus of food, to which British Ambassador Geddes has just called attention, is evidenced, says a statement by the National City Bank of New York, by the figures of our export record, both present and pre-war. Of course, the stimulus of war demand, coupled with guarantee of high prices, somewhat increased production during the active war, but aside from this exceptional period, our surplus of food products for exportation has been gradually but steadily dwindling for several years.

Foodstuffs, continues the Bank's statement, former 56 per cent of our exports in 1880; 42 per cent in 1890; dropping to 27 per cent in 1910, and 18 per cent in the year immediately preceding the war, 1914. Of course, the demands of the war, and especially when the United States became a party to it, intensified our willingness to "skimp" at home for the sake of supplying Europe's requirements, and especially those of the men in the field, and our recorded exports of foodstuffs jumped from \$430,000,000 in the fiscal year 1914 to \$980,000,000 in 1916; \$1,538,000,000 in 1918, and \$2,505,000,000 in the fiscal year 1919, (half of which fell within the war period) and even

This war-time increase was, however, temporary. The quantity of fresh beef, for instance, exported from the United States, which jumped from 6,000,000 pounds in the fiscal year 1914 to 231,000,000 pounds in 1916, and 514,000,000 pounds in the calendar year 1918, dropped to 174,000,000 pounds in 1919, and is now running at the rate of about 150,000,000 pounds per annum, as against 514,000,000 pounds in the closing year of the war. If bacon, for which the foreign world still clamors, the exports in the 10 months ending with April 1920 are only about two-thirds as much as in the corresponding months of the preceding year; wheat two-thirds as much as in the same months of last year; corn in the 10 months of the fiscal year 1920 only 13,000,000 bushels against 62,000,000 in the same period of 1918; and oats a little over one-third as much as the annual average of 1919-1917. In the month of April 1920, the latest for which detailed figures of exports are available, foodstuffs form only 21 per cent of the exports, against 43 per cent in April 1919, and practically 40 per cent in the corresponding month of 1918.

This fall off in exportation of foodstuffs, both in quantity and in the percentage which they form of the total exports, is offset, says the Bank's statement, by a corresponding increase in the share which manufactures form of the total of outgoing merchandise. Manufacturers formed in April 1920 52 per cent of the total value of merchandise exported from this country, against 45 per cent in April 1919; 47 per cent in the full year 1914; 45 per cent in 1910; 35 per cent in 1900; 21 per cent in 1890; and 15 per cent in 1880. The value of manufactures exported from the United States in the year which ends with this month will approximate \$3,750,000,000 as against \$1,100,000,000 in the year preceding.

Under the skilful hand of Miss Madeline Moore the parlor had been tastefully decorated to create a color scheme of green and white. Artistic in every detail the work had been carried out with marked simplicity at the wish of the bride.

The ceremony was performed by the Rev. D. G. MacKinnon, of Christ's Episcopal church. Preceding the ceremony Mrs. R. W. Johnston, of Plymouth rendered several impressive selections. Miss Virgie Rodwell, of Macon, sang "Oh Promise Me," and Miss Mary Smith, of Plymouth, sang "Tis All That I Can Say."

To the soft strains of Lohengrin's wedding march the bride and groom entered preceded by their only attendant, attractive little Miss Georgia Parker who carried the ring.

Immediately after the ceremony Mr. and Mrs. Harper left by motor for a tour through the North. After July 1 they will be at home to their friends at twenty-one Pollock street, this city.

Tallest Building In The World

(Outside of New York City)

The Home office Building of the Union Central Life Insurance Company of Cincinnati, Ohio is the tallest Building in the world (outside of New York City).

The Union Central Life Insurance Company has been issuing Life Policies for more than fifty years, and has the lowest premium (participating) rate of that of any other American Company except one and that is the Mutual Benefit of Newark, N. J.

The Union Central is not the oldest Life Insurance Company, but old enough. Not the largest, but large enough.

This agency sold delivered and paid for TWO HUNDRED AND TWENTY FIVE THOUSAND DOLLARS FOR THE MONTH OF MAY. More than any individual agent has ever sold before in month since insurance has been in existence in North Carolina.

More than ONE HUNDRED PER CENT OF THIS AMOUNT was sold to old policy holders. Some who bought from the Union Central thirty years ago, some twenty years ago, and some ten years ago and still some who bought last year which shows satisfied policy holders. The largest policy in May was for \$25,000.00 and the smallest was for \$2500.00.

Besides of this large production for the Union Central I stand 54 for paid for business in the Philadelphia Life Insurance Company of Philadelphia, for the month of May.

Get the rates on Union Central Policies and you will be convinced that they are cheaper.

Do not worry about your life insurance, but see C. L. Wilkinson and let him explain the new forms which the Union Central are now issuing.

The American — "We sat beneath the spell of a four act play, "The Broken Hearts" that enclosed comedy, drama, humor, brilliancy and charm. It is an undeniable success, and if you miss it you will be sorry."

New York World — "Altogether "The Broken Hearts" is the most pleasing play of the season—the audience was enthusiastic."

Evening World—"The play, "The Broken Hearts" makes a strong human appeal."

From the Evening Post—by the Dean of American critics—Mr. Melville is to be sincerely congratulated upon a notable successful effort to redeem the promise made at the opening of the handsome tent theatre that it should be the home of comedy, a genuine American comedy, dealing freshly humorously satirically and pathetically with conditions of contemporaneous interest, and furnishing food for reflection, as well as amusement."

The Tribune—"We do not think we would be likely to overestimate the proper estate of the 'Broken Hearts.' One of the truly noteworthy comedies by American authors."

The Times—"The Broken Hearts, is clever, adroit, and interesting—blessed by an exception spirit and intelligent performance."

Evening Mail—"As fine and purposeful a study of current domestic problems as the theatre is likely to house this winter, and as well written and well acted a play as Broadway is likely to see. Its performance last night had a truly electrifying effect."

NATION TO BE ASKED TO OBSERVE BIG WEEK

Tentative Program as Announced from the Treasury Department at Washington Shows Unusually Wide Scope and Great Potential Value of Proposed Celebration, Which is to Open January 17 All Over the United States.

Although National Thrift Week, which opens January 17, is some time away, the Savings Division of the United States Treasury has already completed tentative plans for its observance. The purpose of the week will be to start the country off in the New Year with a sound financial program for every individual and every household.

Two ends are sought, according to official announcement: First, that the condition of the individual be improved, and second, that the financial and industrial strength of the nation be increased by the great sums of capital which will be accumulated through the practice of systematic saving and sound investment on the part of the people.

The program for National Thrift Week, as at present tentatively planned, though at this time subject to slight change, has been announced from Washington as follows:

Saturday, January 17, 1920—National Thrift Day—To enlist the nation in a campaign to "Save First and Spend Afterward."

Sunday, January 18—Thrift Sunday—Sermons in all American pulpits on the relation of economic life to religious well-being, and the need of sharing with others.

Monday, January 19—National Life Insurance Day—To emphasize the importance of individual and family protection.

Tuesday, January 20—Own-Your-Own-Home Day—To show the pleasure and profit which come from owning your own home.

Wednesday, January 21—Make-A-Will Day—To urge upon men and women who possess property the necessity of making provisions for its proper distribution.

Thursday, January 22—Thrift-in-Industry Day—To emphasize the need of thrift in all plants and mills and factories and the economic value of co-operation between capital and labor.

Friday, January 23—Family Budget Day—To show the importance of using business methods in the conduct of the household.

Saturday, January 24—Pay-Your-Bills Day—To stress the moral obligation to settle all debts as promptly as possible.

It is believed that the observance of this week cannot fail to improve the industry and moral tone of the nation since it is designed to inculcate sound business principles which inevitably lead to increased prosperity and happiness.

Cameron Morrison For Governor

Great Endorsement by the People of Richmond and Mecklenburg Counties—His Boyhood and Present Home.

We, the undersigned citizens of Mecklenburg county, where Cameron Morrison now lives, and Richmond county, his former home, urge his nomination for Governor of North Carolina in the Democratic primary. He is an able and fearless champion of constitutional government as interpreted by the Democratic party. For nearly thirty years he has served the party and the people of North Carolina with distinguished ability. His public utterances give proof of the soundness of his views on political and economic questions; and the boldness with which he speaks marks him for leadership of the sort so badly needed at the present time.

We ask you to vote for Mr. Morrison's nomination on account of his party service, his sound statesmanship, his abilities as a debater and his wisdom as a political leader. Knowing him as we do, we believe he would make our State a great Governor, fair to capital, fair to labor; with his heart, soul and mind devoted to the happiness and prosperity of the whole people.

TO THE DEMOCRATIC VOTERS OF NORTH CAROLINA:

I publish the above statement of leading citizens in all walks in life from Mecklenburg and Richmond counties showing the esteem in which Hon. Cameron Morrison, candidate for Governor is held by his home people. I have tried since I have been here to prevent any untruths from being circulated on any candidate. There went out from the city of Raleigh a mass of untruths about Hon. Cameron Morrison on Saturday, June 12, 1920, which have been circulated all over Eastern North Carolina and elsewhere. These untruths were all scattered at the same time, and I heard they were to be scattered, and immediately I received word from all over the East and elsewhere that they had been scattered. They were scattered far and wide for an unholy purpose. Besides these untruths that have been broadcast over the East another diabolical untruth has been scattered, which is that some of the supporters of Hon. Cameron Morrison had a cartoon of Mr. Gardner going to the polls between two negro women. I have investigated this matter thoroughly and denounce it as a base untruth. They have gone so far as to try to insinuate and state that Mr. Morrison has changed his personal views on woman suffrage. No man has ever fought this issue stronger than Mr. Morrison, and they are now trying to misrepresent his personal views on this subject by reason of the fact that he is a party Democrat and stands on the platform of his party.

I desire to state further that I have known the Hon. Cameron Morrison for thirty years. I desire to make a statement that is personal and I ask the indulgence of the public in doing this: My father was a brave Confederate soldier, was in Hoke's Division and was with Johnson's army when it surrendered at Greensboro, and commanded the Sharpshooters in the defense of Fort Sumter in 1863. He served through the entire war, and was wounded several times, and I had six uncles of my name in the war. I was on the Democratic executive committee of the State from 1890 to 1901 and in the White Supremacy Legislature and voted and helped to save the East from negro domination, and know the great work Hon. Cameron Morrison did in redeeming the State. I have never scratched a Democratic ticket in my life, and have always voted and stood by the Democratic party, as my father did before me.

Before I volunteered to help my friend, Hon. Cameron Morrison, I knew his life work, record and character and knew it was without reproach. Knowing his heroic life nomination and ought to be elected Governor of this great State.

I have been here nearly three months, working 17 hours a day, Sunday excepted, in his behalf and will be here until sunset July 3. I call upon his friends and will be here upon the East to ratify what the West has done, as it is the western turn for governorship, and vote for Mr. Morrison. I have tried to be conservative in my statements to the over Mr. Page and Mr. Morrison both in the first primary. The county was made by that honest careful Election Board character, and showed that Mr. Morrison lead Mr. Gardner by 87 votes.

Mr. Gardner has requested a second primary. I shall continue this fight on a high plane. I appeal to the supporters of Mr. Morrison to denounce the untruths, do it with forbearance and judgment.

I think the general public will bear me out in saying that the predictions that I have heretofore made have been correct, and I desire to state now that 75 per cent at least of Mr. Morrison and Mr. Page, as there can be no victory get into this fight and work until sunset July 3, and I make North Carolina.

People of North Carolina want a campaign on a high plane, worthy of a great State. I appeal to the supporters of Mr. Morrison without the Page support, and it will be a joint victory of Page and Morrison supporters to actively a prediction, as I did before, that Mr. Morrison would lead in the first primary—that he will be the next Governor of North Carolina.

I call upon his followers over the State to quit their business and get into this fight, and be at the polls July 3, and see that this great Statesman and high-minded North Carolinian is elected Governor of this great Commonwealth.

HERIOT CLARKSON, Manager.

has been noted in a number of patients to convince the researchers that with state co-operation they could effect a radical improvement in the condition of many of the patients. Doctors Ford and Taylor explained that in their work they were following the lead of Dr. Henry A. Cotton, medical director of the New Jersey State hospital at Trenton, who had developed and to a considerable degree substantiated a theory or relation between diseases of teeth and tonsils and insanity. Germs incubated by such irregularities, Doctor Cotton maintains, produce insanity.

SQUARE DANCE AMUZU PARK

A Feast for Lovers of the Old Time Fiddle Music.
Last evening at Amuzu Park, seemed like a revival of the good old days, when most of us could step the light fantastic, in the figures of the square dance. Due to inclement weather the crowd of spectators was small but that did not lessen the enjoyment of the dancers, who were soon in full swing to the music and the closing hour 11:30 came all too soon.

The calling of sets last evening by Mr. Leon Tyson, Rosser Laughinghouse and Tom Heath was all that could be desired.

The clog dancing of Mr. Ed Vail and Mr. Wyatt McGowan to the tune of Turkey in the straw, Mississippi Sawyer and other favorite airs, Arkansas Traveler, was much enjoyed. They promise to do some real clogging next Thursday night and invite competition. Claude Tunstall, manager informs us that in the future Thursday nights, will be square dance nights, with clog dancing between the sets. Fiddle music will be furnished by Veteran Fiddlers Ed. Moore, Buck Moore, Tom Stokes and Levi Evans. All lovers of real music that stirs the blood and moves your feet should remember and make their plans for Thursday night now.

GREENVILLE LOSES TO TARBORIANS BY SIXTH INNING RAIN

Perpetual Downpour Stops Game in Sixth, Score Standing 8 to 2 in Tarboro's Favor.

A perpetual downpour of rain in the sixth inning caused Greenville to drop the second game of the current series to Tarboro at the Tarboro fair grounds yesterday evening by the score of 8 to 2. When the game was called Greenville was making a desperate and successful effort of tying the score, for the third runner of the game had been shoved across the rubber, two men were on bases, no men were out and Sheppard was standing at the plate waiting, patiently and anxiously to send the runners down the home circuit. However, before he was given a chance to line the sphere out Jupiter Pluvius cut loose with increasing fury, and within five minutes the diamond was flooded, making further playing impossible.

The contest also was interrupted by rain in the third inning, and the umpire called for an intermission of thirty minutes before finally deciding the call the game off entirely in the sixth. Playing, however, was resumed by mutual agreement of both clubs at the expiration of twenty minutes, Tarboro at the time having a 7 to 2 lead over the visitors. Both played for several minutes in a heavy shower of rain before and following the intermission, and made every effort to make minutes count. Tarboro played fast when the game was resumed in order to complete the fifth inning and clinch the victory before the threatened shower that eventually brought the contest to a conclusion.

Both clubs hit hard, but Tarboro found Perry's curves in the second frame and bunched hits freely, sending seven runners over the plate in that inning. Perry was relieved by Wilkins in that stage of the game, but the Tarborians had gained such a decided lead that a full game would have been necessary for Greenville to score as it intended. Wilkins pitched in pretty good form, and succeeded in holding the local to one single score after the ending of the second inning. Greenville did its first scoring in the
