MRS. DANIELS NOW SURE AMENDMENT WILL BE RATIFIED

Returns from Trip to Geneva Where She Attended Suffrage Meeting.

SAYS SHE MET SEVERAL TAR HEELS IN EUROPE

Women of Other Countries Can't Understand Opposition to Suffrage.

Washington, D. C., July 2.—Mrs. Joseph Daniels, upon her return to the Capital from Geneva, Switzerland, where she attended the International Suffrage congress, expresses "full confidence that the men of North Carolina will see their way clear to give full suffrage not only to the women of North Carolina but to the women of America."

Mrs. Daniels is back in Washington today after a short rest at Atlantic City. One of the outstanding pleasures of the trip abroad, she said today, was meeting folks who had at one time or another been touched with Carollan Tansy. In Switzerland she met the American minister, Hanson Gary, who was educated at Bingham School, near Asheville, and the wife of the American consul in Geneva, Mrs. Louis Haskell, is an alumna of St. Mary's school in Raleigh.

"The thing that made me most happy all the time I was in Switzerland," Mrs. Daniels said, "was that I could say that it is now up to my native State to confer full suffrage upon all the women of America. Women from the smallest countries were at a loss to understand why all American women do not enjoy the franchise along with their other privileges."

Mrs. Daniels was the first national delegate to the International congress to be appointed by a President of the United States, who had come out and urged congress and State legislatures to grant women the ballot. The recent session in Geneva is the first held since the one before the war. That session met in London in 1913.

"Twenty-two of the thirty-six countries represented reported full suffrage, but America could not," she explained. "Sixteen of these thirty-six countries sent national representatives. England was represented by Lady Nancy Astor and France by a member of the Chamber of Deputies. Most interesting were the national representatives from India and Japan. Wearing gorgeous costumes of silk, richly embroidered with gold, the Hindu women made speeches in almost perfect English and told of the recognition already accorded woman suffrage by their government. Although suffrage has made little headway in Japan, the Japanese women are hoping to have the congress meet at Tokio before many years."

"The sentiment of all delegates was practically unanimous in favoring the League of Nations," she continued. "The most constructive work of the congress was the adoption of a comprehensive program for the amelioration of the social and political status of womankind throughout the world. The program embodies the inculcation of the single standard of morals, equal labor rights."

ELECTION RETURNS TO BE FURNISHED TONIGHT

County and state returns from the second Democratic primary will be furnished from this office tonight. A special bulletin board, adequately lighted, will be provided for the occasion, and patrons are invited to come and spend the night with us. Chairs will be provided on the street in front of the office as city authorities have granted permission for this arrangement owing to the intense interest manifested in the occurrence. Special bulletins will be received from Associated Press headquarters in Raleigh, while the county returns will be reported immediately after the precincts have made their contributions.

MORRISON BRANDS ABUSERS IN FINAL CAMPAIGN SPEECH

Tells Raleigh Audience that His Abusers Are "Liars and Hounds."

DEFENDS HIS RECORD IN DEMOCRATIC PARTY

Candidate for Governor Greeted by Hearty Applause and Welcome.

Raleigh, July 2.—"The man who says I was 21 years old when I attended the Republican State Convention here in August, 1890, and voted the Republican ticket or at any other time, is a liar and hound," exclaimed Cameron Morrison, defending his party record and making the final speech of his campaign for the Democratic nomination for Governor here last night in the Academy of Music before a well-filled house.

The enthusiasm of the crowd, notable even before this statement from the speaker, broke out afresh, roaring its approval in a blast of shouting. It was several minutes before he could return to his answer to the two charges that he said had been levelled against him: being a Republican at one time and at present being a machine politician.

Frequent bursts of applause broke into the flow of his speech and he was forced to silence until the tumult died down.

The Charlotte aspirant to the Democratic nomination in today's primary was in good voice, a trifle husky from overmuch campaign speaking when he began, but it cleared up and after the first half hour came with a ring to it. (Continued on page four.)

C. B. WEICHAARD

KANSAS PLANTERS WARNED OF EARLY FREIGHT SHORTAGE

Eighty Per Cent of Wheat Crops to be Held up by Bad Transportation.

Hutchinson, Kansas, July 3.—Kansas wheat growers have been warned by conference at a meeting of railroad men, farmers and bankers that they may have to hold 60 per cent of the new crop of grain in stacks or bins on their farms, because of lack of transportation to the mills. There is a vast amount of grain from last year's crop still awaiting to be moved.

Since the conference, in response to the appeal directed to the interstate commerce commission, the commission has wired secretary J. C. Mohler, of the State board of agriculture, that 14,500 cars will be sent to the mid-west states. It has been estimated that it would take 19,000 cars to move the wheat from last year's crop still remaining in country elevators and on Kansas farms. The state's immediate need is 35,000 cars to adequately handle the situation, secretary Mohler said. He has received word that Kansas is to get 11,000 cars.

OFFICERS CAPTURE MONKEY RUM STILL IN RAID YESTERDAY

Deputy Corbett Nabs Small Still Two Miles East of Ayden.

FOUR BARRELS BEER TAKEN NEAR BETHEL

Distillers Were Planning for Still's Location When Beer Was Taken.

Deputy Sheriff Corbett got down behind the whiskey traffic of this county again yesterday succeeding in destroying four barrels of beer in a new location of a still in Bethel township, and capturing a complete still in two miles east of Ayden. In the raid the deputy was accompanied by Guy Caton and in the latter by Policeman Weston and Thad Williams.

The still in Ayden township, according to the officers, was located in a dense stretch of forest near Hopewell school house, apparently having been in operation for some time. It was only of fifteen gallon capacity, but showed signs of frequent operation. The entire outfit was constructed of sugar, and was capable of constant operation without only slight delay.

In Bethel district the officers arrived too soon to make a complete capture for only the location had been chosen by the distillers and four barrels of beer seized. It was reported by the surroundings that the still would have been placed in operation within a short time, for every requisite had been provided except the still.

This raid, combined with other activities from the sheriff's office, no doubt will have much to do with interrupting traffic in this section.

Mr. W. L. Brown, from Raleigh is in town.

BUENOS AIRES TO WAGE CAMPAIGN ON RENT PROFITEERS

Bills to be Introduced in Congress to Prevent High Prices.

Buenos Aires, July 3.—Rent profiteering in Buenos Aires, which is the equal of many untravelled visitors, yields no city in the world in the measure of the excesses it has reached, will soon be curbed if certain bills about to be introduced into congress meet with success.

The most radical of these measures limits the rent of houses to the equivalent of about \$10.50 United States money. Rents at twice this rate are not uncommon for the ordinary one-story house with which Buenos Aires abounds, rates of a year ago having been in some instances trebled. According to the author of the measure, Deputy Tanbarini, rents in Buenos Aires now average 40 per cent of a family's domestic budget.

The bill also provides that an owner shall not collect from any property a rent in excess of eight percent of its assessed valuation. Landlords cannot transfer their contracts for rent without consent of the tenants, nor can they evict a tenant on the ground that he has violated some municipal ordinance, except by court order. Such excesses have been employed by landlords against tenants refusing to pay higher rent. Jail penalties are provided for violation of any of the provisions of the proposed law.

There has been but an insignificant amount of building in Buenos Aires since the beginning of the war. Only within the last few months has it been resumed and is on a small scale compared with the building boom which the war halted.

M'ADOO PROBABLY WILL BE NOMINATED WITHOUT ANY UNUSUAL BALLOTING

San Francisco, July 3.—The convention reassembled today to select a presidential nominee with prediction of M'Adoo's victory on early and ballot filling the air, accompanied by a desperate stiffening of resistance against him. M'Adoo and Cox were leading predictions coupled with talk of M'Adoo and Meredith. On the other hand forces pitted against M'Adoo pointed out in answer to claims of "racial movement" toward M'Adoo that he had failed in two ballots already and had taken more gains than had been claimed for him; that Cox, in fact, had made greater gains than M'Adoo and so far there had been no tangible evidence of a M'Adoo landslide.

Palmer people made no particular claims. Cox supporters declared that they not only hold their lines but would make accessions and demonstrate that M'Adoo's strength is not enough. The group of M'Adoo delegates declaring by supporters to represent more than enough votes to block the convention, at a meeting last night pledged themselves to vote definitely for their candidate regardless of any turn the convention might take.

Many reports have been presented as to what delegations would do. One was that Georgia might leave Palmer after few ballots and go to M'Adoo. Another was that Nebraska might give a few to Owen and the remainder to M'Adoo. It is reported that Virginia would swing to Glass awhile and swing to M'Adoo.

Mrs. W. R. Jones left this morning for a visit in Washington.

PARKS TO DIRECT SEARCH FOR BONES OF OLD REPTILES

Expedition for Finding Bones of Prehistoric Reptiles Being Planned.

Bozeman, Alta., July 3.—Another expedition to look for the bones of great prehistoric reptiles in the Red River Valley of Alberta is on its way here. This time it is under the direction of Dr. W. A. Parks, of the University of Toronto and the Royal Ontario Museum. For a number of years these expeditions have been an annual summer journey for three months. Two years ago the almost perfect specimen of the *Kritosaurus incurvimanus*, which has just been finally chipped free from the rock and presented to the museum, was found making a distinct addition to the records of science, and giving to Toronto the only specimen of this species yet discovered. Three incomplete skeletons of the *Kritosaurus* and a great hooped head of a *Trontosaurus*, four feet six inches in length, were found by the professor but have not yet been carved from the rock. It is the hope of Professor Parks to collect ultimately for the Royal Ontario Museum one of the finest exhibits of dinosaurs in existence.

The locality and the method of finding the specimens are described by Professor Parks. The river cuts right through the flat prairie to a depth of 400 feet, forming a whole lot of broken buttes, and it is among these that the bones are discovered. One of the difficulties in obtaining complete specimens is that the bones cannot be obtained until they are partly exposed by the action of natural denuding causes. Sometimes you are disappointed then, for after exploring you may find only a single bone. You dig down as close as you can and pack the rock in plaster paris for shipment.

The Red River valley 3,000,000 years ago was near the coast of a great inland sea that stretched from the Gulf of Mexico to the Arctic Ocean. "The sand along the shallow, brackish shores of this great body of water former a splendid preservative for those huge reptiles which inhabited the world at that time. Our *Kritosaurus* was found in what we call the Belly river formation of the Upper Cretaceous system," explains Professor Parks.

M'ADOO APPEARS TO BE LEADING FRISCO PRESIDENTIAL RACE

Nomination, However, Is Not Expected Without Protracted Struggle.

COX SUPPORTERS LAY CLAIM TO GOOD LEAD

McAdoo Supporters Admit Candidate Has Opposition, But Not Enough to Lose

San Francisco, July 3.—The fourth ballot has been taken but so far no nomination has occurred. McAdoo is in the lead, having received a vote of 339, Palmer 254, Cox 178. Fifth ballot taken but still no nomination in view. McAdoo 357, Palmer 244, Cox 181.

San Francisco, July 2.—Just before the convention this morning predictions were made that nomination would come without any protracted struggle, but just as Harding's name filled the air as a probable Republican nominee on the final day of the Republican convention, so did McAdoo appear in ascendancy today, with difference that the Ohio candidate had been agreed upon while McAdoo supporters still hail stubborn opposition with no definite assurance of success.

Friends of Palmer and Cox took into account the reported McAdoo strength, but expressed no fear that he could win.

(Continued on page four.)

EXAMINATIONS IN CIVIL SERVICE TO BE HELD JULY 24

Examinations for Rural Carriers to be Conducted in This City.

The United States Civil Service Commission has announced an examination for the county of Pitt, N. C., to be held at Greenville on July 24, 1920, to fill the position of rural carrier at Ayden, Chicod, Farmville, Greenville, Grifton and Grimesland and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

BUSINESS HOUSES WILL CLOSE 12 O'CLOCK MONDAY

All business houses of Greenville will close at 12 o'clock Monday to observe the fourth of July. Drug stores and refreshment parlors, however, will re-open immediately after the ball game to supply the crowds with refreshments. A petition has been signed by practically all business interests to observe the closing hours, and for that reason, it is expected that hundreds of town people and visitors will be present at the horse races and ball game to be staged at the fair grounds during the evening.

PLATFORM PASSED ON BY DEMOCRATS WITHOUT CHANGES

William J. Bryan Leads Fight for Adoption of His Bone Dry Plank.

PLATFORM ADOPTED IN MIDST FURIOUS FIGHT

Planks Provide for League of Nations and Sympathy for Ireland.

San Francisco, July 2.—The Democratic platform as framed in the resolutions committee, declaring for the peace treaty, expressing sympathy for Ireland and saying nothing at all about prohibition, came unscathed through a furious floor fighting today and was adopted without amendment in a great avalanche of applause.

Then Chairman Glass moved the adoption of the platform and it went through as framed with a roar. With a cheer the convention turned to the first ballot for President.

A cider, wine and beer plank championed in an emotional speech by W. Bourke Cockran, of New York, also was thrown out by the convention along with a plank for recognition of the Irish republic backed by several organizations of Irish sympathizers.

In the battle for the platform as framed, the administration forces were led by Secretary Cully and Senator Glass, of Virginia, during a debate in which both sides stirred delegates and spectators to repeated bursts of emotional enthusiasm.

Mr. Bryan got a howling demonstration of twenty minutes after he concluded his speech for the bone dry plank, but when the balloting began it became apparent that much of the enthusiasm was a personal tribute to his past service to the party and not an expression of sympathy with his present views. With the platform adopted, the convention was up with its schedule and the voting on presidential candidates began.

W. J. Bryan led the fight for adoption of his bone dry plank, but it was buried after a dramatic day of debate by a majority so overwhelming that he did not even ask for roll calls on the four other minority reports which he had prepared.

The Bryan prohibition plank, rejected by the convention, was as follows:

"We heartily congratulate the Democratic party on its splendid leadership in the submission and ratification of the prohibition amendment to the Federal Constitution and we pledge the party to the strict enforcement of the present enforcement law, honestly and in good faith, without any increase in the alcoholic content of permitted beverages and without any weakening of any other of its provisions."

SATURDAY, JULY 3, 1920.

Next Monday will be a big day for Greenville. With good horse racing and ball game on the program for the evening it is assured that the day will be filled with interest from beginning to end. Greenville is going forward by leaps and bounds, and such occasions as that Monday will mean much to future development.

Old line politicians at the convention keep sliding around trying to get some definite plan for McAdoo's defeat, but indications now point to their own discomfort before the convention is over. The truth is, the old line advocates are dealing with something completely out of their line of comprehension for if they were not there would be nothing at all to worry about McAdoo's campaign may not be persistent, but its having great effect just the same.

Reports indicate now that suffrage forces are about convinced that they will get little consolation in Tennessee, for it is claimed the recent delegation was very much displeased at a reception accorded it in that state. North Carolina, however, is fully capable of standing firmly and unwaveringly under the attentive survey of the suffrage forces, because the state believes in woman suffrage, that is a portion of it does, and will exert great influence in its success. As to ratification of the amendment, however, there is little to be said. Division of sentiment certainly will feature the legislature's consideration of the issue, and opposition may be great enough to bring about defeat. There will be staunch supporters ready to do everything possible, but they will count for little if pressure is not brought to bear upon the legislature.

It is to be hoped that all business houses of the city will see fit to comply with Mayor Clark's request to close next Monday as an observance of the Fourth of July which comes on Sunday. The day will be similarly observed throughout the entire country, for it is a day that means much to American people and should be celebrated appropriately every year.

The prohibition plank at the convention, with William Jennings Bryan as its chief supporter, is causing probably more worry to delegates than at one time anticipated. Bryan is doing everything within his power to have the question become a part of the platform and while there are those who recognize the constitution as it stands and can see no reason for such a plank, there are others, however, who regard the issue in the same light with the "great commoner" and will do everything in their power to have such a plank possible. Secretary Glass and others are trying hard to prevent further delay in this single issue on account of several other pressing questions waiting consideration, but so far he has met with absolute failure and probably will be confronted with similar fate for the next several hours. Prohibition and Bryan walk hand in hand, but there is strong probability that the proposal of a slightly "moist plank" will be the final result of the platform committee.

CHANGES IN PRICES OF FOOD.

The average family expenditure for 22 articles of food increased from April 15 to May 15 in 46 cities and decreased in 5 cities from which the monthly prices are secured. In Chicago, Detroit and St. Louis the increase was less than five-tenths of one per cent. In Columbus, New Orleans, New York, Philadelphia and Washington the increase was 1 per cent. In Baltimore, Bridgeport, Charleston, Denver, Kansas City, Little Rock, Memphis, Milwaukee, Minneapolis, Omaha, Scranton and Springfield, Illinois, the increase was 2 per cent. In Cincinnati,

Dallas, Houston, Indianapolis, New Haven, Norfolk, Peoria, Portland, Oregon, Rochester, Savannah and Seattle the increase was 3 per cent. In Birmingham, Fall River, Los Angeles, Manchester, Mobile, Providence, St. Paul, and San Francisco, the increase was 4 per cent. In Jacksonville and Richmond the increase was 6 per cent. In Salt Lake City the increase was 7 per cent. In Boston, Buffalo and Cleveland there was decrease of less than five-tenths of one per cent. In Atlanta, Butte, Louisville and Portland, Me., the increase was 5 per cent.

During the year period from May, 1919, to May, 1920, the greatest increase, or 22 per cent was shown in Springfield, Illinois. The next largest increase, or 21 per cent, was in Butte and Chicago. In Indianapolis, Peoria, St. Paul and Salt Lake City the average family expenditure for these 22 food articles increased during the year 20 per cent, in Cincinnati, Cleveland, Detroit, Houston, Kansas City, Minneapolis, Omaha, St. Louis, and San Francisco, 19 per cent; in Atlanta, 18 per cent; in Little Rock, Los Angeles, Milwaukee, Mobile and Portland, Oregon, 17 per cent; in Dallas and Fall

16 per cent; in Jacksonville, Manchester, New Haven, New York, Providence, Rochester, Scranton and Seattle, 15 per cent; in Birmingham, Boston, Bridgeport, Philadelphia and Richmond, 14 per cent, in Buffalo, Columbus, Louisville, Memphis, Newark, Pittsburg and Portland, Maine, 13 per cent; in Denver, 12 per cent in Charleston, New Orleans, Norfolk and Washington, 11 per cent and in Baltimore, 10 per cent.

The strong opposition to Article Ten of the League of Nations' covenant gives one the idea that there is something badly wrong with it. In fact, Republicans have made such a great effort to deprive the article of its real significance by amendments that it leaves one with the impression that its altogether wrong and is exactly opposite to what people desire. To give everyone a clearer conception of its provisions we quote in original terms: "The members of the League undertake to respect and preserve as against external aggression that territorial integrity and existing political independence of all members of the league. In case of any such aggression or in case of any threat or danger of such aggression the Council shall advise upon the means by which this obligation shall be fulfilled."

BRYAN TALKS TOO MUCH.

Bryan appears to think that the real drift of sentiment for presidential candidates at the convention is in the interest of McAdoo, but he says that the former secretary of state is greatly handicapped by his relationship with President Wilson. Mr. Bryan, as this shows, never misses an opportunity to humiliate President Wilson, but in this single instance he falls miserably in his purpose for it is believed McAdoo is the proper man for the presidency because he is a staunch supporter of the president's ideals. They believe that he will handle national questions upon the same high plane as the president, and for that reason, if nothing more, they are ready to support him to the limit of their resources. No man need feel ashamed of being near to the president, because he has held the national banner from the mire and stench of political activities. The American people believe and today confronts the world, confident for victory of his ideals because they are an expression of real requirements of the American people. Mr. Bryan probably means well, but every time he attacks the good name of the president he lowers himself to no little extent in estimation of the public.

With The Churches Tomorrow

Immanuel Baptist Church.
James B. Turner, Th. D., Pastor.

Mr. George B. Hurst, of Jacksonville, spent several hours in the city yesterday.

Misses Francis and Elizabeth Dunn, of Kinston, are visiting Miss Rosamond Flanagan.

Lieut. Carl B. Wilson, of Washington, D. C., is visiting at the home of his father, Mr. B. W. Wilson.

Miss Mary Lewis Harvey and Miss Margaret Whitaker of Kinston are visiting Miss Frances Moseley.

Messrs. J. L. Anderson, Cliff Rhodes, T. A. Vick and T. B. Hooker returned yesterday afternoon from Morehead City.

Mrs. Frank Hitch and Miss Gray Gilbert, who have been visiting Mrs. Ollie Clark, returned to their home in Rocky Mount today.

Mrs. V. T. Smith and Miss May Orr, of Charlotte, who have been visiting Mrs. C. L. Porter, returned home this morning.

Miss Doris Overton left this morning for Durham, where she will join an automobile party. The automobile party will go on a sightseeing trip to Natural Bridge, Va.

FOR THE BLOOD

is - What a Citizen of Georgia Says of ZIRON, the New Iron Tonic.

Iron is needed by the blood to keep men and women strong and healthy. Iron is needed by the nerves to keep them toned up. Ziron, the new iron tonic, will put iron into your blood and should help renew your lagged nerve forces in the way it has done it for many others.

Read what Mr. J. R. Bell, Rt. 2, Oconee, Ga., says about the effects of Ziron:

"I think Ziron is all O. K. for the blood. That was what I have been taking it for - my blood. I liked Ziron so well that I went back to the store and got two more bottles of it."

Ziron is a combination of a pure medicinal inorganic iron salt, mentioned in the U. S. Pharmacopoeia, with the hypophosphites of lime and soda, and other valuable tonic ingredients, endorsed and recommended by the best medical authorities and mentioned in the medical text books.

All druggists sell Ziron on a money-back guarantee. Look for the formula on the label. Get a bottle today, and give it a fair trial.

Your Blood Needs ZIRON

MISS MOSELEY ENTERTAINS

Last night at the Amuzu Park Miss Frances Moseley gave a gypsy tea in honor of these visiting young ladies, Misses Mary Lewis Harvey, Margaret Whitaker, Margaret Copeland, of Kinston, and Miss Sue Frank White of Hertford. About forty of Miss Moseley's friends enjoyed this occasion.

After bathing, delightful refreshments were enjoyed. Then dancing until a late hour. All departed declaring Miss Moseley a charming hostess.

K. W. COBB APPOINTED

MEMBER BOARD ELECTIONS

Mr. K. W. Cobb, manager of the Greenville Pitt Land Co., has been appointed a member of the Pitt County Board of Elections, succeeding J. L. Wooten. The state board made a splendid choice in the selection of Mr. Cobb for he will prove a worthy successor of the retiring member.

FIRST COTTON BLOSSOMS

BROUGHT TO CITY TODAY

The first cotton blossoms called to our attention this season were presented to the office this morning by Mr. Hubert Mazingo, of the Mrs. Hortense Moyer farm, Greenville township. The blooms are healthy looking, one of a pinkish hue picked up during the earlier part of the week and a white one which Mr. Mazingo picked up this morning.

SPORTS

GREENVILLE WINS FROM PINETOPS IN FRIDAY'S CONTEST

Locals Defeat Hefty Aggregation in Slow, Listless Game by the Score of 3 to 2.

Greenville kept up its winning streak at the fair grounds in this city yesterday evening by taking a one game series from the hefty Pinetops aggregation by the score of 3 to 2. Both clubs played listlessly throughout practically the entire game, but by making good a favorable spurt of animation in the fourth inning Greenville succeeded in sending three runners down the home circuit, being unable to score again throughout the game, although runners several times reached the third corner. Pinetops scored its two runs in the second and third innings, and made several unfortunate attempts to put additional runners across the rubber. Both clubs hit the sphere in a scattering way, but bunching hits after the sixth frame was an apparent impossibility.

McLeroy started off on the firing line for Pinetops and pitched effectively until the fourth inning when the locals succeeded in filling the bases and getting one runner over the rubber. McLeroy was relieved then, being succeeded by Mark Webb, the big southpaw, who Greenville found such easy prey in Wednesday's contest. Webb started off with his usual speed, but he proved wild and incapable of putting the ball over the plate, making two wild throws that turned in two Greenville runners. After that inning, however, he settled down and pitched in splendid form, particularly in pinches, when local runners reaching the third corner were held here without ceremony.

"Smoky" Smith did the mound work for Greenville, allowing the visitors only nine hits. He pitched pretty good ball every inning but several costly errors, six in number, were checked up against the club. Pinetops four errors combined with Greenville's six discouraged the fans to no little extent causing the playing to assume an appearance of listlessness that continued all through the game. Both teams showed up in mighty fine form for the first two of three innings, but when errors got in progress the spirit of both clubs were dampened noticeably.

Greenville succeeded in getting its three runs when Duncan hit for one base; Rodden singled; Banks hit for one base, scoring Duncan, Rodden going to third. Rodden scored on wild throw by Webb to catcher. Banks later scored on another wild throw by Webb to catcher. Runners were to the second and third corner after this performance, but a timely hit prevented further scoring during the remainder of the game.

Pinetops scored in the second inning when Langley hit safe on an error at second base; Morris hit to third and error both runners were safe. Calvert hit for one base, scoring Langley. Pine kbtolague.k id, pitchhe5, matchg-etaoinn tops made its final tally in the third frame when Howard hit for one base, going to second on wild throw, and scoring on single by Langley. Runners were sent to second and third several times later, but Smith settled down to hard work at such moments and failed to yield the required hit for a tally.

Greenville goes to Pinetops this evening to play another one game series, and it is confidently expected that the boys will have another victory credited to them by night. Pinetops, however, will contest the game much more determinedly than yesterday, and consequently it is believed both clubs will be compelled to put their best into the game before walking away with the honors.

WILLIAMSTON SHUTS OUT TARBORO BY SCORE 5 TO 0

Williamston, June 2.—Williamston defeated Tarboro here today by the score of 5 to 0. Brown, for the locals, pitched in splendid form, allowing the visitors only two well scattered hits, and pitching well in pinches. Both clubs fielded in fast and interesting way. The locals winning out by bunching hits when hits meant runs.

SCOTLAND NECK-WASHINGTON GAME RAINED OUT YESTERDAY

Scotland Neck, July 2.—The game between Scotland Neck-Hobgood and Washington was postponed here this evening on account of rain.

FIRE SLIGHTLY DAMAGES GENTRY-GORMAN WARHOUSE

Fire, supposed to have been caused by lightning accompanying the electrical storm which passed over this city about 11 o'clock last night, burned a 25 foot hole in the roof of Gentry & Gorman's warehouse before it could be extinguished. The flames had gained good headway when discovered but by good work on the part of citizens and the fire department only slight damage was done. It is supposed that lightning struck a metal frame around one of the skylights, for investigation showed the flames originated near one, spreading rapidly over the roof in an opposite direction. The estimated damage is considered slight.

DEEDS OF TRANSFER FILED SINCE REPORTS THURSDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since Thursday's report:

George E. Moore and wife to Nelson Hopkins, consideration \$500.

George E. Moore and wife to Nelson Hopkins, consideration \$150.

M'ADOO APPEARS TO BE LEADING FRISCO PRESIDENTIAL RACE

(Continued from page one.) the nomination in the face of opposition presented by some party leaders. The Palmer and Cox men would concede nothing. McAdoo supporters admitted their candidate had opposition but pointed out that this was no well organized. The Canal Zone has given two more votes, making a total 104. The number necessary to nominate is 728 1-3.

MORRISON BRANDS ABUSERS IN FINAL CAMPAIGN SPEECH

(Continued from page one.) His audience was friendly throughout, irrespective of allegiance, and among his followers enthusiasm was rampant from the moment he walked upon the stage.

Tribute was paid to the principles and achievements of the Democratic party and consumed the first half hour of the speaker's time, after which he turned his guns upon his critics and poured heavy broadsides into those who have questioned his democracy, and who have charged him with affiliations with the "machine" in North Carolina politics. Of direct personalities, he declared his intention not to deal in them, and kept closely to his promise throughout the remainder of his address. He was introduced by W. F. Evans, local manager for his campaign.
