## FOUR EARTHQUAKES PRODUCE PANIC IN CALIFORNIA REGION

**Number of Men, Women and Children Injured in Los Angeles During Shocks PROPERTY DAMAGES ARE REPORTED VERY SLIGHT**

**Panicky Scenes Prevail in many Public Buildings Throughout the City.**

Los Angeles, Cal., July 16.—Four severe earthquake shocks here today threw the city and its suburbs into excitement, indirectly caused a number of injuries to men, women and children and slightly damaged several buildings chiefly old ones, but none to a great extent.

While the shocks seemed to center in Los Angeles, some of them were felt more than thirty miles away, but no material damage was reported.

An unusually warm morning produced, from some citizens, the remark "Good earthquake weather." It was said in jest and none was more surprised than those who made the remark when the first tremor came at 10:30 in the morning.

It felt much as the sudden stopping of a street car, operated by an inexperienced motorman, only that the tremor produced the unpleasant sensation multiplied many times.

Excitement, in many cases hysterical followed the shock and had hardly been calmed when at 1:27 in the afternoon came the second, followed two minutes later by the third, and then a fourth at 6:13. The two in the afternoon were sharper than that of the morning and the agitation of the citizens became prolonged. It was some time afterwards before it was a case of "business as usual."

Public places were scenes of near panic, some people running for the open air, some fainting, some stopping to pray. Many gathered at street intersections waiting to see what would happen. Others who felt they must be on their way, walked down the middle of the streets with watchful eyes on the buildings. Many sought Pershing Square, in the heart of the downtown district, as a sanctuary.

Mortar was jarred from brick walls and plaster from ceilings; cracks appeared in some of the older structures; a water main was broken. A few copings and chimneys fell, apart on an embankment collapsed, throwing dirt and brick into the street and plate glass windows in some of the downtown department stores were broken. While the excitement was at its height, rumors traveled fast, but when it had subsided there was not one report of any extensive damage to any establishment, while the worst injury recorded was a broken leg, caused when a brick fell from the top of a building and struck an elderly man.

Perhaps the greatest clamors came from the prisoners in the county and city jails. In the former four hundred prisoners felt the morning shock with comparative calm because wildly excited at the first of the two in the afternoon. They yelled, shook the bars of their cells and screamed to be taken out. The turkeys were trying to quiet them when the third tremor came, but the resulting uproar lasted an hour.

For hours the receiving hospital maintained by the city was crowded with women and children, most of them having fainted in the excitement. Some however, suffered more serious accidents.

## REV. W. R. BURWELL TO PREACH IN MEMORIAL BAPTIST CHURCH

Rev. W. R. Burwell, of Williamston, will occupy the pulpit at both services in the Memorial Baptist church tomorrow. The public is cordially invited to attend these services.

57 pairs Military and Cuban Heel Brown Kid Oxfords \$11.65 and \$9.50 value, \$6.85 while they last. Pitt Shoe Company.

## BRITISH AND AMERICAN BOATS OFF ON SECOND RACE FOR AMERICAN CUP

Sandy Hook, July 17.—Lipton's challenger Shamrock the Fourth and the Resolute defender found nothing more than a cupful of wind and a flat sea in which to engage the second race for America's cup when they towed to the starting line just before noon today. The yachts wallowed in grounds well and sails flapped lifelessly in the dead air. The Regatta committee signalled postponement of the race until later in the day, at 15 minute intervals. No signs of wind were observed and even if sloops started experts declared that no finish could be made within the six hour time limit.

Sandy Hook, July 17.—A light breeze was blowing as the British challenger Shamrock and American defender Resolute left their moorings this morning for the starting line on the second of American cup race with a triangular course of thirty miles. A huge fleet of crafts followed the racers.

Sandy Hook, N. J., July 16.—Resolute and Shamrock IV, repairs made, tonight were ready to race again tomorrow for the America's Cup.

The crew of the American defender had renewed the broken halyards and gaff, which caused their sloop to withdraw yesterday, giving the first contest to Sir Thomas Lipton, and the Irish Baronet's yachting forces had replaced a weakened bowsprit, with which, unknown to the thousands who slipped across the finish line.

A bowsprit iron had worked in board on the Shamrock, so that if the American craft had not been forced out of the race by an accident, Shamrock, deprived of head-sails, would doubtless have been left hopelessly astern. This became known only today, when a new bowsprit was stepped.

Whereas yesterday's race was over a windward and leeward course—15 mile beat down the Jersey shore and return—tomorrow's contest will be over a triangular course, 10 miles to a leg. Like yesterday's tomorrow's start and finish will be at the Ambrose channel lightship, in the middle of New York Bay, but the course itself will not be announced by the race committee until a few minutes before the preparatory signal is blown.

Mr. J. R. Godwin, of Wilson, was in Greenville several hours Friday.

## ROOSEVELT GIVEN ROUSING WELCOME BY NAVAL FORCES

**Vice-President Greeted by Officers, Men and Employees at Washington.**

Washington, July 16.—Amid the blaring of Navy bands and the cheering of employees of the department of which he is acting head, Assistant Secretary of the Navy Franklin D. Roosevelt, Democratic vice presidential nominee, was given a formal welcome back to Washington late today.

Committees of employees of the Washington Navy Yard marched to the Navy Department, where they joined Navy and Marine officers, enlisted men and civilian employes in extending the welcome. Mr. Roosevelt made a brief address, in which he pledged continuation of his friendship for the laboring man.

On behalf of the Metal Trades Council of the Navy Yard, Paul Donley, a machinist, presented the nominee with a gavel made of teakwood, taken from the handrail of the presidential yacht Mayflower and inlaid with silver.

"If in the course of events you go to the high office to which you have been nominated, I hope you will use this tool to keep your colleagues in the Senate in good order," said Mr. Donley.

## NAVY DEPARTMENT ORDERS INCREASE IN AERIAL GARAGE

**Additional 200 Feet in Length to be Added to Mammoth Air Garage.**

**HANGAR DECLARED TO BE LARGEST IN WORLD**

**About Four Hundred Men Are Engaged in Construction Work on Venture.**

Lakehurst, N. J., July 17.—The navy department has ordered an increase of 200 feet in the length of the mammoth "air garage" for dirigible balloons which is being built here. It was announced today.

This hangar will be the largest in the world, big enough to hold two trans-Atlantic liners the size of the Leviathan. Plans for it originally were drafted when the navy department contracted for the R-33, a dirigible one-third larger than the R-34 which flew to the United States from England last year.

According to revised specifications, the hangar will be 1,000 feet long, 318 feet wide and 200 feet high. When completed, which probably will be next spring, the big "air garage" and its auxiliary power house, machine shops and officers' quarters will cost about \$3,577,000, it was stated.

The hangar will have electrically operated double doors, 177 by 136 feet each, which when opened wide will with the width of the structure constitute a wind-break of nearly 600 feet.

Satisfactory progress has been registered to date in the hangar's construction, it has stated. The site has been cleared of pine and scrub oak stumps by two Marine Corps tractors, designed for hauling 7-inch guns through Flanders mud but now operated as

(Continued on page four.)

## COX PLEDGES AID FOR RATIFICATION SUFFRAGE ISSUES

**Assures Suffragists He Will Use His Influence in Their Interest.**

Columbus, O., July 16.—Members of the National Woman's Party were assured today by Governor Cox, Democratic candidate for president, that he will do all in his power to bring about ratification of the Federal amendment by Tennessee. His promise was given to a deputation from the woman's party headed by Miss Alice Paul, chairman, late this afternoon, prior to his departure tonight for Washington, where, with his running mate, Franklin D. Roosevelt, he will confer Sunday morning with President Wilson.

The suffrage leaders had urged the Governor to use his influence in an effort to have the Tennessee legislature ratify the amendment and some of them intimated that unless he came staunchly to their aid, he might expect little or no support from the women voters in the November election.

Mrs. Margaret Graham Jones, of Seattle, Washington, said "the women are going to vote for the candidate who gives us the thirty-sixth state." Other speakers voiced similar sentiments. To a suggestion by women speakers that the governor might expect their votes in November if he should be successful in efforts to obtain ratification by Tennessee, Governor Cox urged them not to "preach the gospel that I should receive the votes of the women because I helped to give them suffrage." He told them there were things more vital "than rewarding a man for a service which he had rendered in behalf of suffrage."

57 pairs Military and Cuban Heel Brown Kid Oxfords \$11.65 and \$9.50 value, \$6.85 while they last. Pitt Shoe Company.

## PLAN ASSOCIATION FOR MINE OWNERS IN MEXICAN STATE

**Arizona Chamber of Commerce Would Unite All Silver Mine Properties.**

**TO REBUILD ABANDONED MINES OF THE NATION**

**Committee of Prominent Men Appointed to Investigate Constitutions.**

Nogales, Ariz., July 17.—The Chamber of Commerce has joined with Charles Butters, mining expert of New York and San Francisco, to promote the formation in Mexico of an association of silver mine owners and silver producers to rebuild the abandoned mines throughout the nation and thus bring about once more the free and unlimited coinage of silver. Mr. Butters states that if the old time minting plan is reestablished it will mean that Mexico will coin 500,000,000 ounces of silver.

The mining expert has extensive interests in mines in Mexico, Salvador and Nicaragua and is known for his introduction of the cyanide reduction process into Mexico. He says the greatest need of Mexico today is small change and "hard money."

The revolutions and the world war, says Mr. Butters have stripped Mexico bare of silver coin. In its place he says is a vast quantity of paper money issued by the varying governments as fiat money. He blames the great flood of paper money in Mexico for most of the suffering in that nation in connection with the various revolutions.

This system, according to the silver mine expert, has threefold benefits, it will, he says, at once restore to Mexico the "hard money" and small change, provide a permanent primary market

(Continued on page four.)

## DEPUTIES CAPTURE MONKEY RUM STILL IN RAID YESTERDAY

**Deputies Corbett and Williams Take 60 Gallon Still Near Simpson.**

The monkey rum traffic in this section of the state was given another effective blow yesterday afternoon when Deputy Sheriff Corbett and Williams succeeded in capturing a still in the Simpson territory, immediately in the rear of the Lewis Arnold farm. The still was of the usual type employed in the manufacture of rum in this district, consisting of a sixty gallon gasoline drum and two barrels of beer about ready for distillation.

It is believed by the officers that the still had been in operation for some time and that the distillers had been enjoying unusual prosperity. No information concerning its location, however, reached the officers until yesterday morning and they were quick enough to prevent its removal to some other section. It is not known to whom the still belonged, but it is believed that it was operated by colored men of the section, who have been engaged in the traffic for some months, but who have succeeded in evading the law in an unusually successful way.

Sheriff Dudley and deputies are doing everything possible to curb the illicit traffic in this county and have so far succeeded in a splendid manner. The traffic, however, continues without interruption in many communities, and its members are so successfully protected by a long string of followers that apprehension is almost impossible. The officers are on the alert at all times, and it is safe to say many stills will be put out of commission before the year is over.

## CREDIT RESTRICTIONS STOP TRADE BETWEEN RUSSIAN AND AMERICA

Washington, July 16.—Trade with Russia remains effectually blocked despite the fact that the American state department on July 7 ostensibly removed all the restrictions which have prevented commercial intercourse between the two countries since Russia fell under the sway of the bolshevik regime.

In informing American interests that they were now permitted at their own risk to open up or resume business relations with bolshevik Russia, state department officials apparently overlooked the restrictions maintained by the treasury department in Russian credit and exchange transactions under presidential proclamation issued June 26, 1919. As the result American concerns find themselves without means of doing business with Russia even if the Russians have gold or commodities to exchange for American goods. The President's order, it was learned, also will prevent commercial transactions in case the Russian gold in the United States, as in some instances it is said to be. An American business man accepting the gold would find himself in danger of having it sequestered by the government to meet prior claims against Russia, such as those held by the French.

Thus actual trade with Russia is at a standstill until President Wilson revoked the order and permits the treasury department through the federal reserve board to promulgate new regulations regarding exchange transactions. It was said by officials of the federal reserve board today that the present regulations, which have been in effect since August 12, 1919, under the President's proclamation would be continued in effect until ordered removed. The regulations are designed to control:

First—All exports of coin, bullion and currency to that part of Russia now under control of the so-called bolshevik government.

Second—Any and all dealing or exchange transactions in Russian rubles.

Third—Transfer of credit or exchange transactions with that part of Russia now under the control of the government.

Fourth—Any and all transfers of credit or exchange transactions with territories in respect for which such transactions were then permitted only through the American relief administration.

.....

## LACK OF FINANCES PRODUCES SERIOUS CHANGES IN JAPAN

**Financial Depression Causes Critical Situation in Hosiery Industry.**

Tokio, July 17.—The financial depression and the depreciation of cotton yarn has placed the hosiery manufacturers of Japan in a critical position. Production in nearly all centers has either ceased or been reduced owing to the market prices offered for the manufactured goods and the closing of the money market, which has cut the manufacturers off from their supply of funds.

Scarcity of exchange funds and the sudden advance of exchange rates consequently upon the depreciation of silver quotations, have helped to kill the export trade. Where the fall of silver prices has seriously affected Asiatic countries, the export of hosiery from Japan has been very seriously interfered with, the buying power of the mercantile community coming to a standstill.

According to official figures issued from Nagoya the financial depression has dealt the severest blow to the hosiery industry in that district. The latest returns from the municipal office show that 115 of the 225 factories in Nagoya have closed their doors and 1,715 of the 2,050 knitting machines are idle.

## NATIONAL CAPITAL PLANS TO GIVE COX JOYOUS WELCOME

**Warm Reception Planned for Democratic Nominee on His Arrival Today.**

**TO MEET WILSON AT WHITE HOUSE SUNDAY**

**Outcome of Conference of Leaders Subject of Much Speculation.**

Washington, July 16.—When Grover James Middleton Cox, of Ohio, arrives in Washington tomorrow, at 1:00 o'clock, there will be several thousand District folks at the union station to give him the glad hand. From the station he will go to the home of Judge Timothy F. Ansberry, his close friend, and remain there for conferences with Democratic leaders until the hour for his interview with President Wilson Sunday morning.

All the district officials will be at the President's room in the station tomorrow to greet the Democratic nominee for President. While the welcome from Washington will be non-partisan in character, it is being staged largely by the district member of the national committee and the district delegates who attended the San Francisco convention.

Sunday morning, after the conference with President Wilson, Governor Cox is going to meet the Washington newspapermen in Secretary Tamm's office at the White House, and there he will give his first Washington interview. Assistant Secretary of the Navy Franklin D. Roosevelt, who reached Washington this morning from New York, will meet the presidential candidate at the White House and participate in the conference with President Wilson. Both the nominees will be luncheon guests of the President and Mrs. Wilson.

"What will be the outcome of the conference?" is being asked on all hands by Republicans and Democrats. In the main, Republicans seem most worried about the outcome of this conference. Those Democrats who were at the convention, including A. W. McLean of North Carolina, are fairly well assured of the outcome. They do not take any stock in the talk that the President and Governor Cox are going to fall out over the league of nations.

To be sure, nothing would please the Republicans better. They have been laboring for some months now under an illusion that the President is unpopular with the masses of the people and, because of this, their propaganda has been of a kind intended to foment discord between Democrats. That they are in for a good stiff jolt is freely predicted and the interview with Governor Cox Sunday, which will probably be followed by a statement from the President, will furnish the shock.

"It isn't getting anywhere and the mere fact it isn't ominous. The Republican party has tentatively made plans to go before the people on a platform full of insipid truisms and a candidate whose idea of reaching the people is to conduct a 'front porch campaign.'" These things are slowly, but surely reacting and in clutching for something to hold to they are devoutly hoping that this Sunday morning conference is going to develop one grand and glorious row.

## GOVERNOR OFFERS REWARD FOR VAT DYNAMITERS

The Governor of North Carolina offers a reward of \$300 for each person convicted of dynamiting cattle dipping vats in Pitt and Martin counties.

## ATTEND THE GAMES.

Be sure and attend the ball games here Monday, Tuesday and Wednesday between Greenville and Tarboro. Splendid exhibitions are expected as both clubs are playing winning ball now and are vying hard for the honors of the last half of the season.

# SOCIETY

Miss Christine Davis, of Henderson, is the guest of Miss Louise Rountree.

Mr. T. R. Stewart, of Charlotte, spent several hours in the city Friday.

Miss Louise Rountree returned today from a visit to friends in Henderson.

Mr. C. E. Thompson, of Elizabeth City, was in Greenville several hours yesterday.

Mr. P. B. Bissette, of Kinston, made a short business trip to the city yesterday afternoon.

Mr. L. G. Smith, of Oxford, made a short business trip to Greenville Friday afternoon.

Rev. Lee Sadler, of Wilson, formerly pastor of Christ church of this city is visiting in Greenville.

Mr. R. H. Powell, of Durham, was among the business visitors in Greenville yesterday.

The Ladies Aid Society of the Christian church will meet Monday afternoon at 3:30 o'clock with Mrs. H. Bentley Harris.

Mrs. J. W. Farmer, of Laurinburg, N. C., who has been visiting her daughter, Mrs. J. W. Jernigan, left this morning. She was accompanied home by Mrs. Jernigan and children.

## MRS. HOWARD HODGES ENTERTAINS.

Mrs. Howard Hodges was hostess to the bridge club yesterday at her home on Evans street. The house was decorated with cut flowers and the tables for the games were arranged in the library and parlor. Miss Hennie Whichard making the top score was presented a silver tea bell. Mrs. Harry Smith, of Weldon, was presented the guests' prize, a box of powder. At the conclusion of the game a salad course was served. The guests of the club were Mesdames C. B. Rowlett, of Petersburg, Harry Smith, of Weldon, J. F. Lynch, of Duke, and Carey Warren.

## DEEDS OF TRANSFER FILED SINCE REPORTS YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday evening:  
 J. W. Higgs and wife to E. B. Higgs, consideration \$300.  
 A. J. Teague to C. J. Speight, consideration \$4000.

D. D. OVERTON, Sec. 12-16

## HAD TERRIBLE SKIN DISEASE

Little Girl Improves Rapidly When Given ZIRON Iron Tonic.

Many mothers try one remedy after another, for the sufferings of their little ones, without apparently being able to find the right one. If anything seems wrong with the blood, or stomach, or if the child's system is run-down and needs strengthening, you may benefit by the experience of John F. Angles, who writes:

"My little girl had a terrible skin disease and her stomach was in such a bad condition. Nothing helped her, so we finally started to give her Ziron.

She improved so rapidly from the first bottle, so we have given her two more. She is much better."

Don't try other remedies first! Choose Ziron from the start. It has benefited many people suffering from poor blood, general weakness, loss of appetite and other symptoms which indicate lack of iron in the blood.

Sold by druggists on a money-back guarantee.

SALE OF TOWN LOTS.

By virtue of an order of the Superior Court of Edgecombe county, in an action entitled O. A. Thorne et als. vs. Bettie Phillips, et als, I will on Saturday, August 21, 1920, at 12 M. in front of the post office in Fountain, N. C., sell at public auction for cash, the following described realty, to-wit: Situated in Fountain, N. C., and being lots 7 and 8 in Block A. on map of property formerly belonging to H. W. Webb recorded in Book of Maps, 1 Page 4, Pitt county registry, to which reference is hereby made. This July 15, 1920.

W. O. HOWARD,

## GREENVILLE TAKES 12 INNING CONTEST FROM WILLIAMSTON

By Staging Heavy Batting Rally, Greenville Won Out by the Score of 3 to 0.

By a timely batting rally in the first part of the twelfth inning Greenville yesterday afternoon succeeded in winning out over the strong Williamston club by the score of 3 to 0. The game was undoubtedly one of the best played, and most stubbornly contested during the entire season, but it was just a case of too much Greenville from the first inning until the last, for Williamston only succeeded in getting runners farther than second base during the entire game and at no time seriously threatened sending a tally across the rubber.

Both clubs battled invincibly for 11 consecutive innings without showing the slightest signs of scoring. In fact, it really seemed that the tied game of the day before would be repeated, but in the first half of the twelfth Greenville handled the willow so effectively that three runners were sent across the rubber before the expectant fans could recover from sheer astonishment and surprise created by the rapid change in the situation. Massey and Duncan were chiefly responsible for the rapid developments in Greenville's interest for Massey line out a clean double, sending one runner home, while Duncan singled, scoring two.

Williamston made a desperate effort to send at least one runner over the rubber in the last half of the twelfth, but this appeared to be an impossibility for Greenville tightened up at every position an played in a tight form. Only one error was credited to the club during the entire game, but these counted for little as Williamston realized only slight advantage from them. Ten hits were secured, but they were widely scattered until the twelfth inning when they were bunched so effectively that Greenville was enabled to take one of the best games of the year from Williamston.

"Smookey" Smith was more directly responsible for Williamston's downfall than any other single feature connected with the game, for he pitched one of the greatest games of the year, and absolutely refused to yield the slightest kind of a hit when hits were most needed. Of course he didn't strike them all out, as some argued he would, but he did put such a jump and dodge on the ball that it proved an unmistakable puzzle all through the game. Batter after batter faced him, but each time the willow was returned to its appointed place at the player's dugout without living up to the expectation and aspirations of the batter.

Brown for Williamston pitched exceptionally well, particularly in the first part of the game, and it is quite probable he would have gotten off with the tied score had it not been for the heavy batting rally staged by Greenville in the twelfth. Ten hits were gotten off his delivery but these were scattered in an effective manner, until the timely rally in the last frame. Both clubs, in fact, did everything possible to change the 0 to 0 score, but results were absolutely out of the question until the watchful guardian of the baseball realm permitted Greenville the fortunate batting rally in the twelfth.

Purse Raised for Smith. Fans in this city gathered closely around The Reflector Bulletin watching interestedly the results of every inning, but as the report came that the eleventh had been played without any change taking place everyone became downcast. However, a few moments later when the news was received that Greenville had really won the pent up suspense gave way to several moments of supreme elation in which yell after yell broke the evening's stillness as the fans expressed themselves in a more suitable and boisterous manner. Hats were passed around immediately to raise funds for "Smookey" Smith, and the last time the hats were heard from some fifty odd dollars had been raised for the fortunate mound artist, including a silk shirt, ham and a dozen eggs. No one said anything about the ham or eggs, but it is generally supposed that the generous givers were "on the inside" concerning "Smookey's" business, and evidently anticipated early matrimonial aspirations.

## EASTERN CAROLINA

Greenville	3	0	1,000
Williamston	2	1	.667
Scotland Neck	3	2	.600
Pine Tops	2	3	.400
Tarboro	2	3	.250
Washington	1	5	.250

## WASHINGTON COMPLETELY WALK OVER SCOTLAND NECK

Washington, July 16.—Washington completely walked over the Scotland Neck hyphens here this afternoon in a slow and uninteresting game by the score of 11 to 1. The visitors at no time failed to show up in their usual form, and by hitting hard at opportune moments the locals found it easy to opple up a same score. Clarke for the locals allowed only one hit.

## TARBORO STAGES SHUT OUT AGAINST THE PINETOP CLUB

Pinetops, July 16.—Tarboro staged its first shut out game against Pinetops here this afternoon by the score of 4 to 0. Both clubs showed excellent form, but the ability of the visitors to hit advantageously was responsible for the game.
