## CHRISTENSEN SAYS HARDING'S SPEECH IS DECIDELY PUNK

Former Labor Party Candidate for President Issues Statement Today.

## THINKS HARDING GOOD CANDIDATE FOR FINANCE

Ridicules Republican Nominee for Accepting Nomination at Chicago.

Salt Lake City, Utah, July 23.—The speech of Senator Harding accepting the Republican nomination for president is "punk, Parley P. Christensen, candidate for the same office on the ticket of the Farmer-Labor party, declared in a formal statement. Mr. Christensen ridiculed the Republican nominee for accepting yesterday a nomination which he declared was tendered to him in a Chicago hotel room early in the morning of June 12 last.

Mr. Christensen said "Washington and Lincoln were defenseless before the charge" made by Senator Lodge in modifying Senator Harding of his nomination that "you are imbued with the spirit of Washington, Lincoln and Roosevelt." He continued:

"But there are those of us still alive who fought by the side of Roosevelt when he was being called every kind of a criminal and traitor by the reactionary Harding. I, as one of them, can testify to my belief that if Theodore Roosevelt were alive he would scourge the combination of profiteers and politicians who now so brazenly link his memory with their nefarious effort to turn this republic over to a Soviet of Wall Street bankers.

"Senator Harding's address is an enlightening exhibition of the high and manly art of shadow boxing. The League of Nations is dead, yet he lingers at its ghost and shouts to the outdoors, 'It's alive! It's alive! It's alive! It's alive!'

"Only Pontius Palmer," Mr. Christensen said, "foresaw a Red conflagration with vision equal to that of Senator Harding."

He went on: "As to the vital issues before the people, issues involving their deliverance from economic bondage and political servility, the Senator from Ohio pours forth a sea of words signifying nothing. He, who but a few years ago suddenly said the 'workingman should be satisfied with \$1 a day and the farmer contented with \$1 a bushel for wheat, had become so progressive as a candidate for the presidency as to admit labor is entitled to a better wage than that, but bids that 'labor give its full measure of service for high wages in this country is going to avoid industrial and economic chaos."

## REPUBLICAN CANDIDATE FOR GOVERNOR OF STATE SPEAKS FOR CANDIDACY

John F. Parker, Republican candidate for governor of North Carolina, spoke to a small but appreciative audience at the court house here today shortly after the noon hour. The speaker devoted a greater part of his address to a discussion of conditions throughout the state, pledging every interest of the public in event of his election. He dwelt particularly upon the important questions facing the period just at this time, showing the part which Republicans intend to play and paramount issues which they would take up for consideration should the party gain ascendancy.

Practically every question relative to the state's progress at this time were considered in different phases, particularly reevaluation, which received hearty approval. There are several things necessary for the state's continued development, he said and gave every assurance of party's co-operation at the proper moment. He was constantly interrupted by applause of admirers from various parts of the county, who considered the address timely and full of interest.

## TAR HEEL WOMAN TO INSPECT STATE ROAD CAMPS SOON

Mrs. Rex Duckett, of Zebulon, to Visit State Representing Prisoner Society

## TO INVESTIGATE MANY COMPLAINTS RECEIVED

Wife of Washington Minister to Make First Hand Inspection of Camps.

Washington, July 23.—North Carolina is again drawing the spotlight from the Prisoner's Relief Society of Washington and this time Mrs. Rex B. Duckett, wife of a Washington minister and a native of the State, has been sent on a tour of inspection of the road camps in different parts of North Carolina.

The sending of Mrs. Duckett to North Carolina, President E. E. Dudding, of the society, said is in order that she may make a first hand investigation of the "epidemic" of complaints that are reaching the office of the society and then appeal direct to Governor Bickett for help.

Dudding talked this afternoon about the charges that were lodged against Captain Rhem, in charge of the Hall-fax Farm. He produced several copies of letters which he declared came from people in the State who he had reason to believe and which related conditions in the camps too horrible to print.

He pointed out that the failure of

## SAYS AMERICA AND MEXICO SOON WILL BE QUITE FRIENDLY

Mexican Senator Thinks that Intervention Idea Will Soon Disappear.

Mexico City, July 24.—Senator Guillermo Irujo declares in a statement he has just published that he believes the idea of American intervention in Mexico "very soon will be discredited and that this sole factor in creating hate and distrust between the two peoples will disappear forever."

Senator Irujo endeavors to interpret to Mexicans the ideals of Americans as one who formerly lived in the United States. In part he says:

"I do not admit that American interventionists represent the national conscience of the American people. They represent only one class, the usurious capitalists. The honest and conscientious men who form the government never admit them to their deliberations."

"Neither do I admit that the American interventionists can deceive with their calumnies and false heresies the laborious citizens of that republic. The American people is very credulous, but it has been deceived so often, it has suffered so much from the magnates of the dollar that it knows their methods, distrusts them and fears and repudiates them. I have absolute faith in the moral personality of the American people.

"I assert that Mexico, in the last ten years of civil war, has made more progress in cultivating civic spirit and has cemented its progress on more solid bases than in all its previous years of existence as a nation. Naturally we must wait long for the world to convince itself of this but truth and justice, even tardily, always triumph and will confound our gratuitous detractors with the malediction of history. "We Mexicans are forming our co-dees, working out our destiny as a free nation. We are, naturally, making many errors. But do these justify other nations, simply because they are strong, in trampling upon our dignity as an independent people, in killing us? If this happens, we can cry: 'Might Is Right' and 'Deutschland Uber Alles.'"

## Latest Photo of President Wilson

President Woodrow Wilson photographed at his desk on June 19, 1920. The photograph was made by George W. Harris, who stayed nearly an hour with the president while the latter was transacting his regular morning business. "The president looks fine," said Mr. Harris, "better than I had expected."

## HARDING RESTS AFTER NOTIFICATION DAY WORK

Marion, Ohio, July 23.—Senator Harding devoted most of the day to resting and recuperating from the fatigue of Notification Day. He spent a short time during the morning and again in the late afternoon in his office but the greater part of the day was occupied with an automobile trip to Mansfield, forty miles away, where he had luncheon and played a game of golf.

Accompanying Senator Harding on the motor trip to Mansfield and making up a foursome on the golf links were Senators Frellinghuysen, of New Jersey; Hale, of Maine, and Elkins, of West Virginia, all of whom had spent the night at the Harding home here.

Sandy Hook, N. J., July 23.—Resolute tossed her six minute and 40 second handicap overboard today and defeated the British challenger, Shamrock IV, in the fourth race of the 1920 regatta for the America's cup. The series now stands a tie and the deciding race will be sailed tomorrow.

The Carolina Club members will meet next Wednesday evening. Every member is urged to be present.

## BIG MONEY ARISES FROM BOOTLEGGING TRAFFIC IN CANADA

Fine of \$200 Fails to Deter Action of Bootleggers in Many Districts.

## OTTAWA OFFICIALS FAIL TO PREVENT SMUGGLING

Smuggling Whiskey to the United States Carried on Without Trouble.

Ottawa, July 24.—As long as profits from bootlegging are what they are, and the only deterrent is a fine of \$200 or so there will be big money in the bootlegging game and it will be very difficult for the authorities on either side of the international line to stamp out the traffic.

That is the summary of opinions expressed by Ottawa officials as to the situation regarding smuggling of liquor from Canada to the United States. Further, high officials of the Royal Canadian Mounted Police say that while they are doing all in their power to check infractions of the federal laws in this respect, it is really for the American authorities to see that liquor does not reach the thirsty souls beyond the imaginary line 3,000 miles long.

The situation apparently is that from three provinces in particular there is a large trade in bootlegging to the United States. These are Ontario, Quebec and British Columbia. At the

## PROTESTANTS ARE PLANNING UNUSUAL REVIVAL CAMPAIGN

Nation Wide Evangelistic Campaign Decided Upon by Large Denominations

New York, July 24.—A nation-wide united evangelistic campaign of the Protestant churches has been decided upon for the coming year by the leaders of 18 of the larger denominations, the Federal Council of the Churches of Christ in America, announced here today.

The directors of evangelism for the Methodist bodies, the Baptists, Presbyterians, Lutherans, Congregationalists, Disciples, the two Reformed groups and other bodies have met here and decided upon the common program to be carried out during 1920-21.

The fall campaign will be opened by a series of all day rallies for ministers in a dozen strategic centers. A party composed of the directors of evangelism of the cooperating denominations will accompany Dr. Goodell of the Federal Council to Buffalo, Cleveland, Cincinnati, Indianapolis, Chicago, Detroit, St. Louis, Louisville, Pittsburg, Harrisburg, Philadelphia, Washington and Baltimore.

From September to December evangelistic committees are to be organized and trained in every local congregation. Each church will present the plan to its whole church membership at a church rally to be held early in the fall. Parish surveys will be undertaken to ascertain definitely the persons who should be reached by each church.

From January to Easter, every Protestant pulpit is to be called on to sound the evangelistic note. The appeal of the church to personal consecration of life service is to be kept before the community in various ways. Extension of the habit of personal prayer and of the family altar will be striven for, and the use of the Lenten daily prayer calendar encouraged. Pastor's training classes will be held for personal workers as well as confirmation classes or study groups for those who are to enter the churches.

The culmination of the evangelistic program is in the special services centering about Easter Sunday.

## POLAND REQUESTS UNITED STATES TO RENDER MORAL AID

Desires Expression from President Concerning Fight Against Soviets.

## LITTLE REPUBLIC NOW IN DESPERATE PLIGHT

Britain and United States Offer to Give Military Aid Immediately.

Washington, D. C., July 23.—Poland, sorely beset by the Russian Bolsheviki armies, called upon the United States today for moral support in her now desperate battle with the Soviet forces.

Through its legation here, the new republic not only asked for an expression from the State department, but also from President Wilson, declaring that such public statements would go a long way toward strengthening the morale of its soldiers and people.

Poland's request was given serious consideration at the State department, and it was expected a decision would not be long delayed. Meantime, officials refrained from discussing it.

Arguments for American support presented by the Polish legation, set forth the incongruity of the United States abandoning the republic with whose establishment it had so much to do. Representatives of the legation declared that while the situation of their country had been made desperate by the enormous weight of the Russian forces, it was not yet too late to avert disaster, and that an expression of support and sympathy by the President would be of great aid.

Experts who have been studying the situation were divided in their opinion as to just how much support should be given to Poland to revive her fighting forces to the point where they could withstand the Russian armies. The offers of Great Britain and France to send troops was regarded by a few as more than enough, and in this the Polish legation agreed. It was argued that Poland had an additional million and half men it could put into the field, and that with sufficient arms and ammunition and backed by the moral support of the United States and the Allies, it could stem the advance of the Red Armies.

No suggestion that the United States participate in the actual physical aid of Poland has been received from either France or Great Britain, but such a request would not come as a surprise. It was indicated, however, that the present position of the United States in international affairs would make any action other than a possible extension of credits improbable.

It was believed in some quarters that neither Great Britain nor France would inaugurate their participation by the dispatch of more than very small forces, but it was argued even the entrance of a vision or even a brigade piece would serve to stimulate the Poles to greater activity.

## ROOSEVELT RESIGNS AS ASST. SECRETARY NAVY

Washington, July 24.—Franklin D. Roosevelt, Democratic vice-presidential nominee for the presidency has formally presented President Wilson his resignation as assistant secretary of the navy, effective August 9th. He has been formally notified of his nomination.

## NEW DEVELOPMENTS TAKE PLACE IN TRUNK MYSTERY

New York, July 24.—Andrew Branie, expressman, handed police a letter signed A. A. Titum, same as that on the trunk, in which the writer asked Granie to get the trunk on express company, receipt which was enclosed and hold it until called for. This was the latest development in the mystery surrounding the body of a woman dead in a trunk yesterday.

As a dodger of real issues, Senator Harding in his speech of acceptance shows that he is the man.

The millions of dollars worth of canned meats which the government will soon place on the market, will help somewhat to pull down the high cost of living for those who can find the price of the meat.

Wait for the notification acceptance speech on August 7th, and you will observe as wide a difference between the two candidates for president as there was between the platforms adopted by the two national conventions.

Twenty per cent increase in passenger fares and fifty per cent on Pullman fares promises to be the first offset to the increased wages of railroad employees. Those who travel by rail will pay it.

"The consumer will pay the freight" of course. The increase in pay to railway employees will have to be met by increased freight and passenger rates. This in turn brings increase in the price of commodities, and in the end the public pays the bill.

### RETAIL PRICES OF FOOD.

The cost of the 22 articles making up the retail food index carried on by the Bureau of Labor Statistics of the U. S. Department of Labor attained a further high record in June. On June 15 the average family expenditure for these articles was 2 per cent higher than on May 15. The expenditure in May was 2 per cent higher than in April; and in April the expenditure was 5 per cent higher than in March. The figures show, therefore, a steady increase in the average family expenditure for these food articles, the expenditure in June, 1920, being 9 per cent above the expenditure in January 1920.

Prices of food articles are reported to the Bureau of Labor Statistics every month by retail dealers in 51 important cities. From these prices the Bureau computes a "weighted" index number weighting the price of each article by the quantity consumed in the average workingman's family. The "weighted" retail food index is necessarily limited to the articles for which have been ascertained the quantities consumed, hence only 22 articles are included. These articles, however, make up about two-thirds of the entire cost of the food budget.

Since January, 1919, monthly retail prices of food, have been secured for 43 food articles. During the month from May 15 to June 15, the prices of 23 of the 43 food articles for which prices were obtained increased as follows: Round steak, potatoes, and bananas, 10 per cent, each; sirloin steak,

and ham, 6 per cent, each; chuck roast and sugar, 5 per cent, each; rib roast, 4 per cent; canned salmon, bread, and corn meal, 3 per cent, each; bacon and evaporated milk, 2 per cent, each; plate beef, eggs, flour, cornflakes, macaroni, onions, canned peas, canned tomatoes, and raisins, 1 per cent, each; Cream of wheat increased less than five-tenths of 1 per cent.

The 14 articles which decreased in price were: Cabbage, 12 per cent; oranges, 11 per cent; butter, 6 per cent; pork chops, 4 per cent; cheese, 3 per cent; lard, and trisco, 2 per cent, each; lamb, oleomargarine, nut margarine, and baked beans, 1 per cent, each. Tea and prunes decreased less than five-tenths of 1 per cent.

Prices remained unchanged for fresh milk, rolled oats, rice navy beans, canned corn and coffee.

### WEALTH GREATER WHERE WOMEN VOTE.

According to United States Census figures the per capita valuation of all real property in the year 1912 was \$1,029.61 per person. It was \$1,029.61 per person.

The highest per capita personal property valuation in the United States was also in Kansas, \$1,006.87.

In Mississippi at the same time real property was valued at only a little more than \$200 per capita and in South Carolina at a little less than \$200, while the per capita personal property valuation for Mississippi was \$127.92 and for South Carolina only \$96.71 United States census 1913.

One out of every ten persons in equal suffrage Kansas and Montana, and one out of every eleven persons in equal suffrage California owns an automobile. One out of fifty or more in Alabama and Mississippi owns an automobile.

In February 1916, the Denver Chamber of Commerce made the following statements:

Denver bank clearings show an increase of 10 1/2 per cent in the last year. The figures for 1914 are \$459,708,199.70, and for 1915, \$508,421,052.31. The bank deposits show an equal increase, namely, in 1914, \$72,838,339, and in 1915, \$80,802,109. The individual bank deposits in the 30 banks of Denver for 1915 show an average amount of \$264.00 while the average bank deposit for the individual in the entire United States is only \$114. This certainly points to prosperity in Denver.

As an indication of prosperity and development in the state, \$2,432,000 has been appropriated and is available for expenditure on the roads. The live stock business has increased 20 per cent in the last year. The figures for this year's investment in the live stock business are \$126,170,000.

Mining development in California has shown marked improvement in the last ten or twenty years. In the last ten years \$207,424,848 in gold has been produced, \$32,701,355 in silver, \$35,432,207 in lead, and 101,061,059 tons of coal.

Manufacturing in 1915 showed an increase of nearly ten million dollars over 1914, the total for last year being \$6,538,547.

You will have to give it to Mr. Bryan for making his declination of the prohibition presidential nomination in good order and on sound reasons. That he is first a Democrat and owes his allegiance to that party is a principle some others might well adopt.

Marion Butler is urging the Republican national campaign committee to establish headquarters in the South. While it would give some of them a chance of ingering some of the slush fund, it will be that much money and energy wasted so far as winning southern votes is concerned.

Surely the railroads have no kick, as they will not have to pay the increased wage scale. That will come out of the pockets of the people. This thing about it, however: With the increased wages the employes ought to be made to work and the railroads compelled to give better service. People do not so much mind the paying if they can get what they pay for.

same time a respectable quantity of fiery liquid is finding its way across from the Maritime Provinces and from Manitoba.

At Windsor and in the surrounding districts the Mounted Police are carrying on a constant campaign against the illegal liquor vendors, and many have been hauled into court and condemned to pay fines from \$200 up. One pardoned Detroit man, however, is said to have parted with \$500 for three cases of Scotch whiskey, which reached him via the "underground route" a short time ago, so that the profits in the illegal trade are known to be enormous.

Information from Windsor and district intimates to the authorities here that some farmers in that vicinity have found it more profitable to smuggle liquor across the border than to farm, and have let their farms run to weeds while they pursue the elusive dollar via the bootlegging route.

Quebec, it is stated, is the mecca for thirty thousands of Americans every week-end.

## What Is the best Occupation For Your Daughter

A man in the employ of the U. S. Government, whose two daughters have made telephone operating their profession, said: "If I had ten daughters, I would want all of them to be telephone operators. Aside from the fact that they work under the direct supervision of women only and that every provision is made for their comfort, the training they receive is a great developer of tact, resourcefulness and initiative."

Telephone operating is more than a job. It is a young woman's profession and the work is essentially a woman's work. At the present time it offers unusual opportunities for advancement.

In most young women's professions months of preliminary training are necessary at the learner's expense. But in telephone operating the beginner pays nothing for her training. On the contrary, she is placed on the pay-roll as soon as she begins the brief course of instruction. Her salary is increased at the completion of this course and thereafter at regular and frequent intervals.

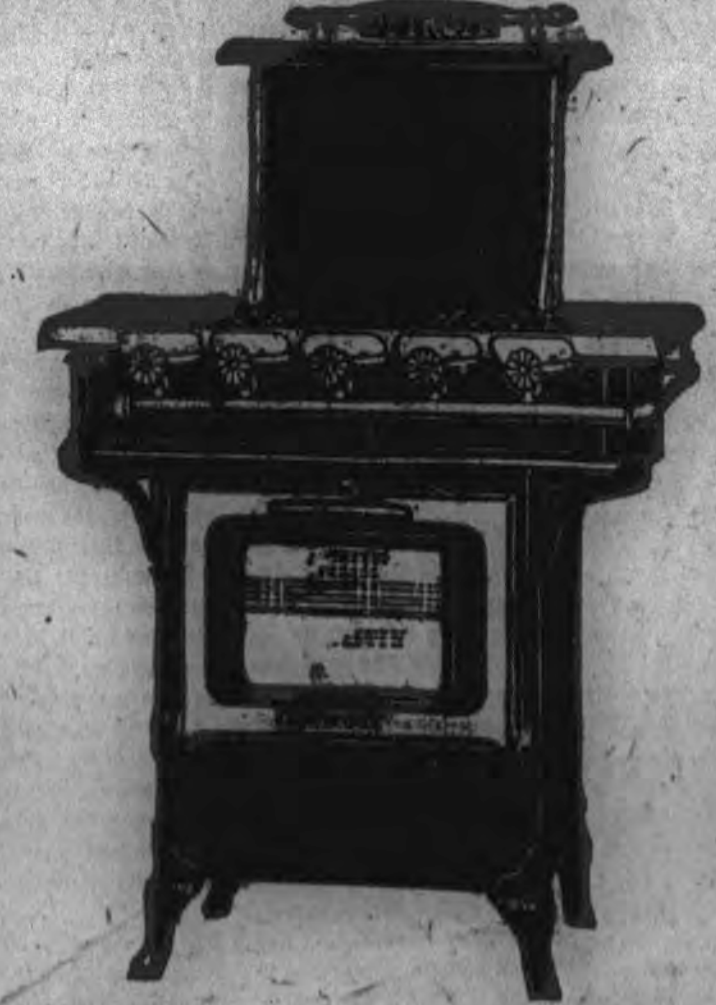

Some of the features of the work are: Good salaries from the start; permanent positions; regular and frequent increases; special opportunities for promotion; high grade, cleanly work; congenial and carefully chosen associates; light and airy central offices; comfortable recreation rooms; annual vacations with pay, and sick benefits and pensions without cost.

If you have a daughter who would like to apply for a position as telephone operator, or know of another young woman who may be interested, we shall be glad to see her and talk the matter over in detail.

## SHADOW LAND.

The shadows lie deep on the pathway before us,  
The sun is obscured as we journey along,  
While we cautiously tread the road that leads yonder,  
And wonder if life will be sorrow or song.  
We doubt and we fear lest the steps we are taking  
Will lead us astray from the path we should tread.  
In the puzzle of life we oft take the wrong turning,  
Find the way camouflaged, and breakers ahead.  
There are hills to be climbed, they frown on before us,  
There are mists in the valley, dense to go through;  
Right ahead lies the goal, we must step out with courage,  
Each step brings us nearer the end we're in view.  
Our hearts are inspired, our thoughts go soaring,  
As we journey along, it seems part of a plan  
Of a wise loving Father to teach us the lesson  
That He orders our steps, 'tis His guiding hand.

## PLAYERS OF NOTE APPEAR IN CAST OF "OLD WIVES FOR NEW"

List Includes Elliott Dexter, Theodore Roberts, Sylvia Ashton and Others.

Many screen players of reputation are in the cast of Cecil B. DeMille's Paramount Arcraft picture, "Old Wives for New," which will be shown at White's theater next Monday. Owing to their painstaking rendition of the roles entrusted to them, independent of the absorbing interest of the theme, this photoplay is acclaimed as one of the strongest ever presented to the motion picture loving public.

Elliott Dexter, who has the role of Charles Murdock, is one of the screen's most talented and versatile leading men. He has appeared in many Paramount Arcraft pictures. The role of Murdock is one that calls for deep thought in its rendition, and Mr. Dexter has done it full justice.

Theodore Roberts portrays the role of Berkeley, the voluptuary and Sylvia Ashton is seen as the wife who "goes to seed" in "Old Wives for New" the wife who, after the bloom of youth is gone, becomes a slattern and loses her husband's respect and love.

Florence Vidor, a model of beauty, freshness and girlish charm, is Juliet, the other woman in the picture—a woman of noble instincts, but strong in her love.

Helen Jerome Eddy, a talented actress, is seen as Norman Murdock; Marcia Manon, squirely beautiful, is Viola; Blagden, the unfaithful secretary, is entrusted to Gustav Seyffertitz, a clever actor, and Tully Marshall is the faithful valet, Simcox. Others in this remarkable cast are Wanda Hawley, Julia Faye, J. Parks-Jones, Edna Mae Cooper, Lillian Leighton and Maym Keiso.

## JAKE WILEY SHOOTS TOO CROOKED TO HIT ANYTHING

Jake Wiley and P. M. Simon were this morning bound over to the next term of county court under bonds of \$200 each for an alleged shooting scrape last night in which Simon narrowly escaped getting his "lights snuffed out" by Wiley in an embroilment caused by strong personal resentment on both sides, which neither could fully explain. The shooting was preceded by a bombardment with brickbats, but Jake got tired of that kind of warfare and pulled his gun, immediately repulsing the attack.

## WHITE MAN ARRESTED FOR HAVING TOO MUCH LIQUOR

A white man by the name of Johnson was this morning given a preliminary hearing in mayor's court, charged with having too much liquor on his person, later being bound over to county court under \$200 bond. He was arrested last night just as he was preparing to leave the city on a Norfolk Southern train, an investigation of his grip showing that he had a full gallon and half of whiskey. He submitted to the charge this morning, being released until further hearing.

## WHOLE SYSTEM RUN-DOWN

Quick Improvement Is Noted After A Few Doses of ZIRON Iron Tonic.

Increase in appetite, the coming back of strength, disappearance of headaches and other ills, are a few of the many good results obtained from the use of a new remedy (Ziron Iron Tonic).

Mr. Sim Grimsley, of Cordele, Georgia, tried Ziron and has this to say: "When I began to take Ziron, it seemed that my whole system was run-down, but soon after I began to take Ziron, I could eat more each day and would feel a great deal better. Ever since it seems that my health has been improving, as I seldom have the headache or feel bad the least bit."

Ziron is a new scientific combination of pure medicinal inorganic iron, combined with phosphorus, the active principle of milk vomica and the hypophosphites of lime and soda. It will help to add more red corpuscles to your blood, resulting in more color in your cheeks—more vitality in your system.

Try Ziron today, on the money-back guarantee.

## SINGLE MEN TAKE GOOD GAME FROM THE MARRIED MEN

Various Kinds of Emollients in Evidence today as Result of Splendid Victory.

Some over seventy dollars was raised in the interest of the Greenville baseball club in a game between the married and single men of the city staged at the Fair Grounds yesterday afternoon, the contest terminating in favor of the single men by the score of 10 to 6. The attendance was not as large as expected, but those who put aside the thought of seeing a decidedly ragged game really saw something worth while, for both teams played in fairly good form until the eighth inning when several substitutes placed in for fillers in the place of those who were too exhausted to continue the game failed to show up as expected and detracted greatly from the interest prevailing in first parts of the game.

Today drug stores throughout the city have had constant applications for various kinds of emollients and liniments to allay the pain of the stiff, sore joints of the married men who battled so determinedly subornly for victory over those not blessed with wives, and while their feelings were soothed long before the game was over by the fact that they had really given the younger set something to think about in athletes, the effort was well worth the premature exultation, for early this morning those not creeping around town in bandages were making the best of it with short strips of adhesive plaster concealed from view of course, but doing the work to perfection just the same. The married men, however, are not by themselves here, for they have a direct advantage over the "wife hunters," who are compelled to employ every method of camouflage known to medical science in an effort to get by without attracting attention of girls looking for real, hard, husky brothers as husbands.

The game, just the same, was a good one. The base sliding by Mayor Clark for the single men and base stealing by Guy Smith for the married men were possibly the most prominent features connected with the game. "Reddy" Clark pulled a slide off at the second sack that would have won him an enviable reputation in the big league could some fortunate scout have seen it, but as it were, he simply made a daring slide through Larry James' legs, landing safely at the bag, but much discouraged because the George Woodward, base umpire, called him out. Guy Smith covered the territory between first and second in a way that drew constant applause from the grandstand, for his huge form was conspicuous when standing in the outfield, and unusually so while tearing down the base lines, intent upon making a desired robbery from the singles.

Con Lanier pitched a great game for the single men. In fact, after the first inning he settled down to real pitching and proved almost invincible until the ninth, when by a timely batting rally the married men succeeded in getting two additional runners across the rubber. Marvin Blount won distinction as a mound artist for the married men for he held his opponents to only two runs until the sixth inning. Marvin, however, fagged out completely in the seventh frame, being succeeded by Gus Forbes, who pitched good, but failed to prevent the single men from gratifying an inordinate desire to hit every ball that passed over the plate. The singles scored two runs in the seventh and five in the eighth which gave them such a definite lead that the married men saw defeat staring them in the face so surely that it nearly deprived them of the stubborn, fighting spirit prevailing in early stages of the game. Parson Phillips caught a good game for the married men and "Grits" Rice feature behind the plate for the singles.

The single men started their run getting in the first inning when James singled, Lipscomb later getting safe on an error. Forbes singled, scoring James. "Slow" Bowling lined the pill out for three bases, scoring Lipscomb and Forbes. In the fourth frame "Slow" Bowling again featured, hitting for one base, and later scoring on a series of errors and wild throws. In the ninth, Burt James applied a little legal technicality against the ball for two bases; Will Lipscomb singled, scoring James. Alex Blow, instead of talking life insurance to the boys, consulted the willow for a single, scoring Lipscomb.

The single men started the ball off in the second frame when Kennedy hit for three bases; James doubled, scoring Kennedy. Harrington singled, scoring James. In the sixth James was given a free pass to first; Weathers made first by an error; Clark singled; James scored on wild throw by pitcher. In the seventh Rice got safe on an error. Kennedy hit to short, and on error Rice scored; James doubled, scoring Kennedy. In the eighth "Reddy"

## GREENVILLE LOSES YESTERDAY'S GAME TO PINETOPS CLUB

Locals Taken by Surprise by Pinetops Good Showing, Being Defeated 6 to 2.

Pinetops recovered quickly from Thursday's defeat and came back at Greenville so determinedly yesterday afternoon that they easily won out by the score of 6 to 2. The contest was decidedly opposite from that of the day before when Greenville found the hefty club so easy, for every inning was contested in a stubborn, insistent way, and timely work with the willow was so effective that the visitors hardly had a look in throughout the entire game.

McElroy pitched an unusually good game for Pinetops, yielding only eight hits, which were so well scattered that runs were an apparent impossibility. The splendid support of teammates was possibly one of the most prominent features of the game, for only one error was credited to the club and that failed to prove as costly as usual. The entire team, in fact, played in airtight form, and while the visitors showed up pretty good in different parts of the game they were unable to curb the batting spirit of the locals who placed their seven hits out in the field so perfectly that they easily resulted in runs.

Greenville really intended taking the game from the hefty sluggers, but Jones yielded four opportune hits in the first part of the game that were disastrous in a way. He was relieved by Gaudet and Brockton, who pitched in pretty good form, but were unable to prevent the sluggers from hitting timely and with run-getting results. The game was one which no doubt will be long remembered by those who attended from this city, for everyone was confident of victory and believed that Greenville would win without any great opposition.

Pinetops, however, showed entirely new form in the field and handled the ball so carefully and with such a show of precision that was apparent from the first that the contest would be a slight change over the one the day before. Greenville battled hard for supremacy, but inability to hit when hits would have resulted in runs was more responsible for loss of the game than any other single feature.

The game today no doubt will be largely attended for it is assured now that both clubs will vie hard for honors of the third contest. They stand even now, with Greenville leading the league, but if Pinetops should win today some other town will be a close contender for honors.

## TARBORO WINS EASILY FROM SCOTLAND NECK

Tarboro, July 23—Tarboro defeated the Scotland Neck hyphens here this afternoon by the score of 8 to 3. The visitors played in pretty good form, but were completely outclassed at the bat and in the field. Tarboro played in airtight style, and by timely work with the willow, easily gained a decided lead which the visitors found impossible to overcome.

## WASHINGTON SHUTS OUT THE WILLIAMSTON CLUB

Williamston, July 23—Washington took the second game of the series from Williamston here this afternoon by the score of 3 to 0. The visitors showed up in even better form than in the game yesterday and fielded and batted in a particularly interesting way. The locals contested every inning stubbornly but were unable to hit when hits counted for runs.
