## LUDENDORFF SAYS BOLSHEVIK FORCES MENACING EUROPE

**German General Declared Victory in Poland Would Endanger World.**  
**PRESENTS CONDITIONS IN SHORT MEMORANDUM**  
**Poland's Capture by Russians Soviets Would Endanger German Downfall.**

Washington, July 28.—Victory for Soviet Russia over Poland would result in Bolshevism sweeping all of Europe and eventually the entire world is the opinion of General Eric Ludendorff the famous German war writer. His views are set forth in a specially prepared and hitherto unpublished memorandum on the "Dangers of Bolshevism" written last month, and received here in official circles.

"Poland's fall will entail the fall of Germany and Czechoslovakia," General Ludendorff says. Their neighbors to the north and south will follow. Fate steps along without elementary force. Let no one believe it will come to a stand without enveloping Italy, France and England in its hideous coils. Not even the seven seas can stop it."

Addressing himself to the "civilized nations as a man who knows war," General Ludendorff pleads that his message not fall on deaf ears.

"Then it will be too late," he declared and the present civilizations will crumble as did that of Greece and Rome. And the cause will be the obtuseness of government and the lethargy of the bourgeoisie, as the latter always and everywhere likes to stay quietly at home on days of decisive events.

"Bolshevism is a monster and must advance to exist. It is advancing now and in gradual progress from East to West and is crushing everything between the midland sea and the Atlantic Ocean.

"The world at large must, therefore figure with a Bolshevist advance in Poland towards Berlin and Prague. Lithuania is already joining Soviet Russia and is demanding a slice of the Prussia province of East Prussia. The moment will come when the Bolshevist armies will menace Germany and Czechoslovakia directly."

## SAYS GERMANY SHOULD BE FULLY REPRESENTED AT ALLIED CONFERENCE

Berlin, July 28.—German foreign secretary Simons expressed to the Reichstag today the opinion that Germany should be represented in the proposal of a conference between Allied and Soviet representatives in London.

## ONE KILLED WHEN CAR GOES OVER PRECIPICE

Denver, Colo., July 27.—Lon Moore, of Defiance, Ohio, a circus clown, was killed; Charles Hite, circus concessionaire, of Ironton, Ohio, was fatally injured and three Denver people were seriously injured when their automobile rolled off a 200-foot cliff in Bear Creek canyon early today.

William Hart, a taxi driver of Denver, and his wife were in the front seat. It is said the woman became excited and grabbed the steering wheel and turned the car over the edge of the precipice.

## SAYS AMERICANS HELP GERMANS IN MANY WAYS

Berlin, July 26.—Reviewing the political situation in a speech in the Reichstag this evening Dr. Walter Simons, foreign secretary, said:

"With America we are still in a state of war and the end will not come until March, 1921. Nevertheless, humanitarian efforts are being made in America for German children and young mothers. Large numbers of milk cows are to be brought to Germany."

Mr. D. S. Swain, of Raleigh, made a short business trip to this city yesterday.

JAMES M. COX

James Middleton Cox of Ohio, who was nominated for the presidency by the Democratic national convention at San Francisco on the forty-fourth ballot.

## EMPERESS VICTORIA SUFFERS RESULTS OF MUCH HARDSHIP

**Wife of Former German Emperor in Bad State of Health from Distress**

Doorn, Holland, July 28.—The former German Empress, Auguste Victoria, has undergone so much distress during the past two years that she has suffered for several months from aggravated attacks of heart disease. Recently she has been leading the life of an invalid. She has had milder attacks of this malady for many years.

At the House of Doorn, where, surrounded by a staff of her own Berlin servants, and attended almost constantly by Countess Kellar—for many years her lady in waiting—she has recently been so completely indisposed that she has at times been unable to walk and has not for a long time been permitted to walk up or down the stairs. A special elevator was built for her use.

Those familiar with the inner life of the former Emperor's household since the flight from Potsdam to Holland declare that while William, consulting himself with religion, has been more or less of a stoic, the former Empress has suffered great mental distress and has felt severely the separation from her children.

From the time she arrived at Amersfoort, in November, 1918, she has suffered continually. Now and then, she was the victim of heart attacks so severe that she was confined to her bed for several days at a time.

In the spring of 1920, when the Kapp revolution in Berlin was followed by an urgent demand that the former Emperor be closely guarded, the life of the exiles became more constrained and Auguste's ailment more pronounced.

She was constantly under the treatment of Dr. Haehner, a Berlin physician, who is a member of the former Emperor's staff and, also, a noted Dutch specialist in heart diseases, from Utrecht, was called into consultation.

He decreed that she must lead a very quiet life and it has been no secret at Doorn that in May and June of this year, the former Empress suffered such violent attacks that her life was despaired of. On these occasions, the former Crown Prince and such others of the Hohenzollerns, who were within easy reach, were summoned to her bedside.

## HARDING BEGINS WORK ON FRONT PORCH SPEECH FOR MANSFIELD CROWDS

Marion, Ohio, July 28.—Preliminary work on the first front porch address to be delivered Saturday to a Mansfield, Ohio, delegation was begun today by Senator Harding.

## SLIGHT PROGRESS MADE IN HUNT FOR WOMAN'S SLAYER

**Police Continue Efforts to Find Husband of Victim in Trunk Mystery.**

**SEARCH FOR LEROY IS EXTENDED TO BORDERS**  
**Suspect Arrested in Kansas Wheat Fields for Investigation of Case.**

Detroit, Mich., July 28.—Little progress toward running down the slayer of Mrs. Eugene Leroy, whose mutilated body was shipped in a trunk from Detroit to New York, was made today, police officials admitted. The search for Leroy, husband of the slain woman and a second trunk believed to contain the vital organs taken from the body, was continued in every part of the country.

The hunt for Leroy extended to the Mexican border today. On the strength of information obtained in New York by a Detroit police detective, departments in cities along the Rio Grande were asked to be especially vigilant.

A New York expressman who shipped a trunk to Leroy at the Detroit Y. M. C. A. informed the Detroit detectives that Leroy had been a friend of a Mexican named Jose Yenez, who came from Galveston Texas. The authorities have learned that Yenez left Detroit for Texas June 10, the day the body of Mrs. Leroy was shipped to New York. The expressman is quoted as saying he learned from Yenez that Leroy had very good family connections in Mexico, and either his father or brother was in the Mexican consular service. According to the expressman, Leroy also went by the name of "O. J. Woods" and "O. J. Fernandez". Leroy is said to speak Spanish and Yiddish.

## DISTRICT COUNCILS OF IRELAND BEGIN SINN FEIN ACTION

**County and District Councils Pledge Allegiance to Phil Eric Lately.**

Dublin, July 28.—Nearly all the Irish county and district councils recently elected have now passed resolutions declaring allegiance to Dail Eireann, and their first meetings have been turned into Sinn Fein demonstrations. The new chairmen, everywhere outside Northeast Ulster, are Sinn Feiners.

The Dublin county council has always been a moderate body. Now it has a Sinn Fein majority, has pronounced for Dail Eireann and elected as its chairman a young professor of mathematics. At Silgo the chairman, a Sinn Fein M. P., announced that all their actions would be guided towards the most effective means of clearing Britain out of Ireland.

This council, like most of the councils, has made Irish language compulsory on all candidates for office under the council. The councils have refused to send minutes of their proceedings to the local government board, and will also refuse all information to the income tax department. None of the councils would make any provision for the payment of the compensation for outrage awarded against the localities by the courts.

## FIVE THOUSAND WORKERS IDLE IN GARY, INDIANA RESULT COAL SHORTAGE

Gary, Ind., July 28.—Five thousand workers here in manufacturing plants are idle as a result of fuel shortage.

Mr. J. F. King left this morning for Raleigh and Lumberton.

## JAPAN'S HANDLING OF SIBERIAN CASE CAUSES SUSPICION

**Indefinite Action Towards Problem Arouses Distrust in Many Countries.**

**SENDING OF ARMY TO SIBERIA MISUNDERSTOOD**  
**Japan Statesman Explains Several Points in Connection With Situation.**

Tokio, July 28.—Japan's "indefinite handling of the Siberian problem" is causing suspicion among the powers, in the opinion of Marquis Shigenobu Okuma, one of the elder statesmen. Like Clemenceau in France, when out of office, Okuma has the reputation of fearlessly criticizing the men who are running the government.

In an interview Okuma said the reason for sending a Japanese army to Siberia does not seem to be clearly understood by the majority of the people. He added:

"The object of the Sino-Japanese war and the Russo-Japanese war as well as the war with Germany were clearly understood by the nation, who worked to attain the ultimate goal with full and unanimous accord. As to the Siberian business the Japanese people are as much in the dark as the troops who are fighting the bolsheviks on the Siberian steppes."

After remarking on the withdrawal of American troops from Siberia, Okuma insisted that if Japan finds it necessary to maintain her troops there the whole situation should be laid frankly before the powers. He went on: "What the government is doing is not clear and is apt to create the suspicion abroad that Japan is keeping her troops in Siberia for ulterior motives. Already blame is directed against us for the military policy alleged to be pursued by Japan in the Russian Eastern provinces."

Messrs. R. E. Lewis, J. C. Perry and H. G. Banks, of Elizabeth City, were in Greenville several hours Monday.

## GOVERNOR BICKETT REVOKES PARDON OF GARLAND STANCILL

**Pitt County Man Returned to Roads to Complete Six Month Sentence.**

Garland Stancill, of Belvoir township, who was sometime ago pardoned from a road sentence of six months by Governor Bickett, was yesterday morning returned to the county roads to complete the sentence in accordance to instructions received from Governor Bickett by Sheriff Dudley yesterday morning, stating that the pardon had been revoked on account Stancill's failure to live up to the conditions upon which executive clemency became possible.

Stancill was sentenced to the roads on a charge of larceny by superior court during the early part of this year. He has served about two months when the Governor Bickett granted him a conditional pardon upon the grounds of good behavior. Governor Bickett, however, received a letter a few days ago, declaring that Stancill had failed to comply with the government's provisions for the dipping of cattle in this state and had been among those of the community to seriously oppose tick eradication.

Immediately upon receipt of the letter Governor Bickett issued an order to Sheriff Dudley to return Stancill to the roads to complete the sentence. Stancill failed to show any signs of surprise when told by the officers that he must complete his sentence. In fact, he appeared unconcerned and accepted the revocation without comment.

Mr. E. K. Bryan, of New Bern, spent several hours in Greenville Monday.

Mrs. Franklin D. Roosevelt, wife of the Democratic nominee for vice president.

## COAL MINERS FACE SERIOUS SITUATION IN MINGO SECTION

**Campaign to Organize Precipitates Bad Conditions in Virginia Mines.**

Williamson, W. Va., July 28.—The campaign of the United Mine Workers to organize the 5,000 miners in the Mingo county bituminous coal field has precipitated a situation which each side declares can only end when it has won complete victory. In the conflicts growing out of this more 12 or more persons have lost their lives. Wages, apparently, for a secondary consideration, the battle being waged around recognition of the union and the right of mine owners to employ private detectives in and around the mines.

"The men and the operators could get together and settle this thing were it not for the question of the mine guards," said Charles F. Keeney, president of District No. 17, United Mine Workers, who is in command of the union forces. "But in their present temper these men are not to be fooled with. Right now this situation is a powder mill."

"There is not a mineguard in Mingo county, and there has not been for years," said George Bausewine, secretary of the Coal Operators' Association, of Williamson. "Private detectives are employed as other corporation employ detectives for intelligence work in and around their properties. They are not used for guarding the mines."

The question of wages hinges on the scale paid in the Kanawha field. The union leaders declare that adoption of this scale would increase the earnings of the miners in Mingo, while the operators insist that their miners, under the scale now in force, are being paid more than it is possible for the Kanawha miners to earn. However, little attention is being paid to that phase of the controversy. Recognition of the union is the big issue.

The Mingo field includes all of Mingo county and the mines along the Kentucky side of Tug river, a shallow narrow stream which for miles in this region forms the boundary between Kentucky and West Virginia. High mountains rise abruptly on each side of the river, their sides covered with a heavy growth of bushes. Along the mountain sides are the drift mines from which comes the coal, and nestling in the narrow valley are the little towns where live the miners and their families.

## GOVERNOR COX PLANS TO SPEND THE DAY ON ADDRESS OF ACCEPTANCE

Dayton, July 28.—With no engagements, Cox has planned to spend the entire day preparing an address accepting his nomination.

## RESOLUTE VICTOR IN FINAL CONTEST FOR AMERICAN CUP

**American Defender Crosses Line 25 Minutes Before Time Limit Expires**  
**SIR THOMAS CHEERS VICTORIOUS YACHT**  
**Irish Baronet Says that the Victory Went to the Best Boat of the Two.**

Sandy Hook, N. J., July 27.—Defender Resolute gave the British challenger, Shamrock IV, the worst drubbing of the 1920 regatta in the final race of the series today, winning boat for boat by thirteen minutes and 45 seconds—and the America's famous yachting cup remains American property.

Overcoming a 40 second lead and the advantage of a windward, which Shamrock IV had taken at the start, the fleet defender held a lead of four minutes and 8 seconds at the half-way stake of the 30 mile course, and crossed the finish line thirteen minutes and five seconds ahead. Including her handicap of six minutes and 40 seconds, which she did not need, Resolute won by 19 minutes and 45 seconds.

In capturing the series and retaining possession of the America's trophy, Resolute had taken two races and won out by registering three straight and impressive victories. Shamrock IV won the initial race when the defender was forced out by an accident to her rigging and captured the second in a neck and neck that left Resolute the victor by a narrow margin. Resolute won the third by her time allowance of seven minutes and one second, running a dead heat with the challenger. Her other two victories were won boat for boat.

Sir Thomas Lipton, owner of the green challenger, voiced what appeared to be the unanimous verdict of yachtsmen who had seen the five races, when he declared today that "the boat won."

When Resolute flashed across the golden finish line that the setting sun had laid down on the rippling water, Shamrock was a mile or more behind, her own great sails belling broadly, when the white signal ball of the committee boat Barryon dropped and the shrieking of whistles and sirens from the little fleet of spectators craft proclaimed Resolute's victory.

The beaten Shamrock swept quickly down the course, striving to shorten the intervening gap and save as much as she could the bitterness of her defeat.

## PLANS FOR RELEASE OF SOCIALIST CANDIDATE ARE HELD IN ABEYANCE

Salt Lake City, July 28.—Plans looking to the release of Eugene Debbs from prison are being held in abeyance pending word from Cox whether he will co-operate in a parley with Christensen, former-labor presidential candidate, telegraphed Cox today.

## SHERRY LOOSES FIGHT TO STOP EXTRADITION

New York, July 27.—Frank MacSherry, held here as a fugitive from justice from Florida, where he is wanted in connection with a \$105,000 "wire tapping swindle game," lost his fight to prevent extradition today when a writ of habeas corpus was denied by the State Supreme Court. He was, however, granted a two week's stay of execution of the extradition warrant to allow his attorney time to file an appeal, and he was given his liberty under \$25,000 bail.

The charge against MacSherry, according to affidavits presented to the court, is that at Palm Beach, Fla., he, acting in concert with four others swindled victims out of \$105,000 by the old "wire tapping game" on the races during the months of December, 1920.

Mr. A. L. Alexander, of Charlotte, was among the visitors in Greenville yesterday afternoon.

WEDNESDAY, JULY 28, 1920

having a monopoly of candidates for Ohio does not seem at all unish on presidents.

The death rate from automobile and aeroplane accidents is something to think about. Perhaps some day people will learn to use these machines with more care.

They are now classing candidate Harding with the straddle bugs. Seems to fit him, too, from the way he twists his words in the hope of catching votes.

With several towns over the country putting in a claim to the victim of the trunk mystery, there must be a corresponding number of women missing.

"Government by resolution" seems to be one of candidate Harding's ideas. But things will not work that way.

Governor Coolidge was today notified of his nomination for the vice-presidency of the Republican party. In a short time he will be notified that his services will not be necessary, owing to a continuance of present government ideals.

That Detroit trunk mystery features in such gruesome developments that it is hard to realize we are living in a civilized country. But it's only another of those unfortunate occurrences which every nation is forced to experience occasionally, and which go to make up world developments.

Prices may be declining, as some like to claim, but evidence appears to be the other way. Advances are steady and people who have been anticipating lower prices are contenting themselves by purchasing as little as needed at nerve-racking prices.

Keen interest is manifested in the emphasis which Governor Coolidge will give various subjects embraced by the Republican platform, but it is certain he can't say any more than has already been said. It will be the same old story told and retold by G. O. P. members, and when the campaign is over they will all realize how futile the campaign has been.

It may sound all right for Henry Cabot Lodge to talk about the league of nations, but when the gentleman branches off on the Democratic party it is quite evident he covers too much territory for the people. The league is, of course, a Democratic issue, but issues to not constitute the party, nor form the party ideals. The senator may talk from now until November, but after that time he won't feel much like talking about anything.

It looks like the railroads are going to be hard pressed for sometime to come, for after the coal situation is relieved one of the greatest crops of many seasons will have to be transported to the city market for sale. This will bring the railroads additional trouble and no doubt cause one of the busiest seasons in the history of the country. Prosperity in America is better than ever, and consequently the railways and all will enjoy it possibly more than ever.

TO TELL THE STORY.

Governor Cox, Democratic nominee for the presidency, says that his notification address will be just long enough to tell the story of the part which Democrats are to play in the future, the principles upon which the campaign will be based, and last but not least, what the party will continue to do for the country. The nominee has a way of expressing himself in a direct, sincere way, and if he only tells the story as it really is it will not be a short one at all.

The Republican overstepped the limit of discretion in the single instance. They thought they had something to say, when in truth they had nothing. Senator Harding dealt with public question as a child would deal with discarded toy. He carefully avoided principle issues by evasive language and today people know about as much about what the Republicans mean to do as they did before the convention at which Harding was nominated. It is not strange at all that enlightened people should detest the apparent secretary of the campaign, and that they should vote for a party that has explicated its purpose fully, leaving no room for doubt as to its intentions. Governor Cox, therefore, will only have to tell the story as it is to win the support of the people, and the Democrats will only have to live up to principles to continue in ascendancy for years to come.

TEACHING REFORMS.

That prison reform crowd may have an idea that it can improve conditions in this state, but Governor Bickett doesn't think that way about it. He flatly refused representatives permission to invade the prison camps, only to hear later that sufficient facts had already been secured to justify the legislature for an investigation. The prison reform movement may be a good one when confined to districts desirous of that kind of aid, but when approaching a state like North Carolina without invitation it might be wise to receive permission from state authorities, and then go about the work with clear consciousness of doing the right. Governor Bickett is perfectly right in the position which he has taken in the matter, and if the prison reform crowd wants to bring about an investigation without the state's consent, let them do so, there is nothing to fear along this line. The state has nothing to conceal, according to Mr. R. F. Bousley, of the State Welfare commission, so it plain that nothing will result of the issue. The reform movement has made a decidedly poor beginning and will require reformation within its own ranks before reforming others.

John Barleycorn may be dead and buried but he certainly has a number of relatives working over time to perpetuate his ideals of life. The illicit whiskey traffic is assuming serious proportions in many localities, and it is very necessary that courts deal more severely with those convicted of engaging in the traffic. That is the only direct way to solve the problem for if they are all placed behind the bars, blind tigers will be things of the past, unless they operate behind jail walls. The situation demands conservative action, and the quicker the better of the country will be.

Many forms of "isms" are going their rounds over the world now, but the most threatening and destructive to social life is Bolshevism. Social unrest is a direct result of the Bolshevik ideal, but fortunately America has not been troubled to any great extent. It is true several strikes have occurred, but as far as demoralization is concerned the country is safe and need have no fear of becoming a victim of such disquieting conditions. People are realizing that unrest is detrimental to all forms of business, and are settling down to conditions in a way that assures a much brighter future.

Governor Cox may feel safe in preparing his notification address, for it will for man appropriate prelude to his future activities in the interest of the nation.

# Valuable City Property For Sale

The Dr. Zeno Brown Property, fronting on 4th street and consisting of 10 lots will be offered at public auction on

## Thursday Aug. 5

At 11 o'clock A. M.

This property is splendidly located either for business or residence purposes.

The property has been divided into 9 lots 25x80 feet and 1 lot 42x80, upon which is located Dr. Zeno Brown's residence.

Sale will be made on the premises and the right to confirm or reject an bid is reserved to the owner.

Look over this property and be prepared to take advantage of one of the best opportunities offered in city lots during the year.

Terms of sale will be announced on day of sale and will be made to suit the purchasers.

### F C HARDING

## CAROLINA REVENUE MORE THAN ANY OF SOUTHERN STATES

Internal Revenue Taxes Exceed  
All Southern States Nearly  
66 Million.

FIGURES COVER FISCAL  
YEAR ENDING JUNE 30

North Carolina Forwarded  
\$169,206,007.77 to Treasury  
Department.

Washington, July 27.—Of the more than five billion dollars in internal revenue taxes collected and deposited during the fiscal year ending June 30 last, North Carolina forwarded to the Federal treasury 169,206,007.77, nearly sixty six million dollars more than any other Southern State.

The department says this represents the greatest annual tax collection since the revenue bureau was established in 1862. The cost of collection will approximate fifty five cents for every \$1.00 collected.

The income and excess profits tax netted the treasury \$3,044,555,737.93 and from miscellaneous taxes \$1,465,729,136.97 was received. Respectively, North Carolina furnished \$45,032,387.56 and \$124,173,620.21 of the grand total.

Texas, with collections slightly above 103 millions, is the only Southern State that approaches North Carolina. The second New York district which includes the old third New York district, is the only New York district ahead of North Carolina. The Chicago, Boston, Detroit, Cleveland, Philadelphia and Pittsburg districts are the only ones in the country that pass the North Carolina mark.

Of more than passing interest is connection with the report just released by the department is a statement from the Comptroller of the Currency showing that there is a deposit account in North Carolina for one in every ten persons in the State. This applies to National banks only and does not include State institutions.

The population of the State, according to the 1924 estimate,

## What Is the best Occupation For Your Daughter

A man in the employ of the U. S. Government, whose two daughters have made telephone operating their profession, said: "If I had ten daughters, I would want all of them to be telephone operators. Aside from the fact that they work under the direct supervision of women only and that every provision is made for their comfort, the training they receive is a great developer of tact, resourcefulness and initiative."

Telephone operating is more than a job. It is a young woman's profession and the work is essentially a woman's work. At the present time it offers unusual opportunities for advancement.

In most young women's professions months of preliminary training are necessary at the learner's expense. But in telephone operating the beginner pays nothing for her training. On the contrary, she is placed on the pay-roll as soon as she begins the brief course of instruction. Her salary is increased at the completion of this course and thereafter at regular and frequent intervals.

Some of the features of the work are: Good salaries from the start; permanent positions; regular and frequent increases; special opportunities for promotion; high grade, cleanly work; congenial and carefully chosen associates; light and airy central offices; comfortable recreation rooms; annual vacations, with pay, and sick benefits and pensions without cost.

If you have a daughter who would like to apply for a position as telephone operator, or know of another young woman who may be interested, we shall be glad to see her and talk the matter over in detail.

## Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3½ and 31 x 4 inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear  
Double-Cure Fabric,  
All-Weather Tread, \$2350

30 x 3½ Goodyear  
Single-Cure Fabric,  
Anti-Skid Tread, \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3½ size \$450 in waterproof bag.....

# GOOD YEAR

## The Best of Health

Both of these men enjoy the best of health—the man on the girder because of his active out-of-door job, the man at the desk by a different means. He keeps fit by attention to personal hygiene—eats the right sort of food, gets a certain amount of exercise, but particularly—makes certain of securing regular bowel movements.

Nujol helps him.

Nujol works on an entirely new principle.

Instead of forcing or irritating

the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel movements at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

**When the train came  
in back in 1910**

**T**EN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country; wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

## EDUCATIONAL COMMITTEE

### MAKE REPORT OF WORK

The undersigned committee was appointed by Governor Thomas W. Bickett at the Citizens' Conference on Education held at the North Carolina College for Women on May 4th and 5th, 1920, for the purpose of making a condensed report of the program enunciated by that conference. The committee, basing its conclusions upon the reports submitted by the four sections of the conference (Rural School, Village School, City School and Higher Education) and having in mind the present educational equipment of the State of North Carolina, is firmly convinced that the following is fundamental for the proper education of the people of a great state:

1. The school system of North Carolina should be organized on the basis of the county as a unit of taxation and administration. The state should continue to aid the weaker counties by making the educational opportunities of all children of the state as nearly equal as possible. The local unit should be made as large as possible by consolidation with transportation of children to the school where necessary.

2. Adequate facilities for the training of teachers should be supplied as quickly as possible by the establishment of additional training schools. The program outlined by the state superintendent of public instruction for training teachers at summer normal schools, in summer sessions maintained by state institutions and departments of education attached to high schools should be adopted until adequate facilities for the training of teachers can be provided.

3. The economic independence of the public school teachers of the state should be assured by the payment of salaries, not merely sufficient for living expenses, but sufficient for professional training and culture.

4. The public school teachers of the state should be employed for the full-year period with salaries on the twelve-month basis. When teachers are thus employed the problem of illiteracy, length of school terms, et cetera, will be rapidly solved.

5. The courses of study in the public schools should be adapted to the needs of the community and the demands of modern life.

6. The health of school children should be properly safeguarded; every child should have a thorough physical examination twice each year and this should be supplemented by physical education.

7. The public school should, wherever feasible, be utilized as the educational, social, and recreational center of the community.

8. An efficient and well-trained man or woman should be at the head of the school system of each county, and this official should be supplied with assistants for school supervision as the need arises.

9. The State of North Carolina faces a real emergency in higher education. The institutions of higher learning are utterly inadequate to meet the demands of the young men and young women who ask for admission. Provision of enlarging and strengthening all of the institutions of higher learning in the state should be made at once.

### CAROLINA CLUB TO MEET WEDNESDAY AT 8 P. M.

The members of the Carolina Club will meet tonight at eight o'clock. Every member is urged to be present.

The kick of a camel is soft

but stunning.

This adv. is for the man who believes down in his heart that \$35 is enough to spend for a suit of clothes.

IT ISN'T—and in telling you that it isn't—we deserve your respect and not your rebuke.

At \$45 any good store can sell you good clothes. At any price less, they can't but you can experience how it feels to be sand-bagged if you fall into the wiles of a "soft at first" saving.

You want clothes that will stand up and we want you to have them.

This store is honest in its merchandise and with the men it serves and we are pleading with you to be honest with yourself.

## THE QUICKEST EVER

Easiest and Most Economical, Too!

How would you like to be able to wash an average week's washing in ten minutes without rubbing or scrubbing? Then add a few minutes to rinse and line—and here's out!

Blue Monday would really be here if Monday were Monday!

That's just what you can make it—right now, and you don't need any special apparatus, soap or scrubbing. Just a regular sink and a bar of Clean Easy Soap.

See your clothes every night, give a bar of Clean Easy Soap the job of water. Being to help let soap do the work. Put in clean water and stir for ten minutes. Rinse, and your laundry is cleaner, and better done than ever before.

Cleaner, because Clean Easy goes after every speck of dirt and grime, loosens it, dissolves it and absorbs it in water. The boiling water kills every germ, making the laundry absolutely clean.

Better, because the garments are not frayed and worn by rubbing and scrubbing. And because Clean Easy does not hurt the fabric. Get Clean Easy today from your grocer.

# SPORTS

## GREENVILLE TAKES ANOTHER CONTEST FROM THE HYPHENS

Locals Completely Outclassed Scotland Neck Yesterday, by Score of 3 to 1.

Greenville made it two straight from the Scotland Neck-Hobgood champions at the fair grounds here yesterday by taking the afternoon's contest by the score of 3 to 1. The game in many respects was similar to the one of the day before in which errors featured largely in the visitors' losses, but it is possible a decidedly better showing would have been made had it not been for the fact that Finch was wild and ineffective throughout the game, although only two hits were gotten off his delivery. Greenville's runs were of the unearned type, resulting principally from series of errors and wild throws and the inability of the visitors to handle the sphere in a consistent way after fielding it in a decidedly creditable manner.

The champions showed probably better form than the day before, particularly in the field. Several splendid plays were pulled off at various parts of the game, but at critical moments the entire team appeared listless, and failed completely in handling the ball in old time form. The result was that Greenville succeeded in sending a runner across the rubber in the first inning purely by Finch's wildness and accompanying wild throw to the home plate in an effort to catch the runner. Two runs in the fifth inning were secured practically the same way, and while the visitors fought hard and stubbornly after that time to overcome the definite lead, they found it impossible as Greenville tightened up at every corner and played in airtight form.

Barnes pitched his usual good game for Greenville, allowing the visitors only five well scattered hits. Two of those were secured in the eighth inning and resulted in one run. It really looked at the time as if the champions meant to tie up the score, but Barnes tightened up materially and failed to yield anything at all in the shape of a timely hit. He showed real form at this stage, and exhibited such perfect control of the ball that after the second man was down it was quite plain that the hyphenated club had lost its rabbit's foot and stood no chance of securing any lead over the team vieing so stubbornly for the last half of the series.

Captain Duncan, over in left field, pulled off several plays that proved the outstanding features of the game. His long running catch of Ruth's drive in the fifth inning stood out distinctly as one of the best pieces of fielding work witnessed here this season. Other difficult chances were accepted after that time, each depriving the visitors of drives which in other cases would have been good for two bases. As it were, however, the ball just couldn't get away from the fleet-footed captain who always happened to be in a position to handle it in a discouraging way to the hyphens.

Duncan, however, only played his part, for the remainder of the club shared in his glory in a particularly gratifying way. The infield played stingily, failing to let anything get away, from the hottest grounder to the most difficult fly, while Wrenn behind the hit, performed in his usual good style. In fact, the hyphens were completely outclassed in the field, and this fact more than any other was more responsible for Greenville winning the second game than any other single feature connected with the contest.

Greenville started its scoring in the first inning when Ellis was hit by pitcher, later going to second on a hot liner to second by the versatile Trust; Duncan was given a free pass to first, Ellis scored on a wild pitch by Finch. In the fifth Wrenn sacrificed safely, Ellis flied the sphere out to left field. The fielder dropped the ball and Wrenn scored.

The visitors did their scoring in the eighth when Wood secured a double; Kuyk flew out to right field; Minton singled, scoring Wood. Things really looked promising for the hyphens at the time, but the sphere was handled in such a fast, effective way by the locals that the side was retired without the rubber being seriously threatened again.

Scotland Neck	4 9	.308

### WILLIAMSTON TURNS TABLES ON PINETOPS

Williamston, July 27.—Williamston turned the tables on the hefty team from Pinetops here this afternoon, winning out by the score of 4 to 0. The game was stubbornly contested at every inning, but the ability of the locals to hit opportunely was more responsible for the visitors than any other single feature.

### WASHINGTON WINS TWO STRAIGHT FROM TARBORO

Washington, July 27.—Washington made it two straight from Tarboro by taking this afternoon's ten inning contest by the score of 6 to 5. Manning splendidly for the locals and absolutely failed to yield anything in the shape of a hit in the latter part of the gam. Both clubs fielded in good form, but the ability of the locals to hit opportunely was principally responsible for the contest going their way.

### SCHEDULE SECOND SERIES EASTERN CAROLINA LEAGUE

### LINE UP FOR CHAMBER OF COMMERCE IS ANNOUNCED

Due to the very close fight in all the big leagues, the splendid baseball material among the members of the Chamber of Commerce has become somewhat diminished. Many of the best have been called into fast company and Clark Griffith has scouts conferring with others even at this late hour. But to this condition it is hard to give out with any degree of accuracy the line-up for the game with the Rotary Club tomorrow. In order that the Greenville fans may know what the Chamber of Commerce has in the class of fast and snappy ball artist the following can be put down as a possible line-up not binding however.

Pitcher, J. L. Starkey; Catcher, Dr. Laughinghouse; 1st base, Frank Ferguson; 2nd base, Dr. Dixon; 3rd base, E. B. Ficklen; short stop, B. W. Moseley; right field, G. E. Harris; center field, H. A. White; left field, J. L. Little. Substitutes: C. Washington, J. E. Winslow, A. B. Ellington and Chas. Horne. Umpire, Chief Justice B. F. Tyson.

The line up for the Rotarians was announced Monday and with these two line-ups a splendid games is predicted.
