

Bolsheviki Carry Reign Of Terror Into Eastern Area

PROPERTY OWNERS SHOT AT SIGHT BY INVADING SOLDIERS

French and British Experts Telegraph That Warsaw Be Evacuated Soon

POLISH LINE GIVES WAY ALONG THE BUG RIVER

British Government Sends A Sharp Note, Demanding "Yes or No" Answer

ALLENSTEIN, East Prussia, Aug. 4.—Refugees declare the Bolsheviki troops in the eastern occupied area are shooting all land owners and property-holders and others suspected of having money in their possession. The wearing of white collars, they declare, is sufficient evidence for a death warrant.

Would Evacuate Warsaw Paris, Aug. 4.—French and British military experts at Warsaw telegraphed last night that Warsaw must be evacuated within two or three days. Polish experts report that the Polish army along the Bug river, Warsaw's last line of defense, retreated so precipitately that they failed to destroy bridges behind them. The government is expected to move to Cracow. The Poles, it is said, have little hope of arranging for an armistice.

Sharp Note to Soviets London, Aug. 4.—The British government has addressed a sharp note to the Soviets, demanding "yes or no" in answer to whether the Bolsheviki intend to listen to the suggestion that the Russians halt at the armistice line at Demarcation, Poland, and begin peace negotiations. The British are greatly irritated at what they believe to be Soviet equivocation.

London's View of Situation London, Aug. 4.—The postponement of the Polish and Soviet armistice negotiations is viewed here as creating a situation that is likely to involve abandonment of the proposed conference in which lies the only hope of settlement of the Polish and Soviet question.

NEW YORK DEMOCRATS ADOPT THEIR PLATFORM

Saratoga Springs, N. Y., Aug. 4.—The New York State Democratic convention today adopted a platform calling for modification of the Volstead act, endorsing the administration, the new ticket, Cox and Roosevelt, and the Irish republic.

Governor Smith was endorsed for re-nomination and leaders hope to nominate Lieutenant-Governor Walker for the United States Senate.

TY COBB WILL TAKE STUMP FOR COX AND ROOSEVELT?

New York, Aug. 4.—Senator Harrison, of Mississippi, announced today that he proposed to take Ty Cobb, veteran outfielder of the Detroit Americans and a native Georgian, on a swing around the circle to speak for Cox and Roosevelt.

EDWARD DOHENY Democratic National committeeman from California.

TEN THOUSAND MEN TO BE CHOSEN FOR ARMY IN PALESTINE

Jewish Legion to Pick Trained Volunteers From Veterans of World War

JERUSALEM, Aug. 4.—Ten thousand and volunteers, chosen from veterans of the world war, the Jewish Legion and skilled workmen, to enlist at once for 18 months service in a Jewish industrial army in Palestine, are necessary for the basic reconstruction work of the Jewish National Homeland, according to Barnard A. Rosenblatt, the president of the American Zion Commonwealth, who is now in Palestine in the interest of "Balfouria," the colony of the American Zion Commonwealth. Mr. Rosenblatt recommends a regular army organization with a general staff of three which, as a Jewish Industrial Commission, will supervise the work of the Jewish labor army in rebuilding the Holy Land.

"Our biggest task, once the call is issued for volunteers, will be in sifting out the applicants and determining upon the 10,000 to go," he said. "They could all be occupied in the one task of building houses for future immigrants. The army should work only on land belonging to the Jewish nation, lands secured from the Palestine government, from the Jewish National Fund, the American Zion Commonwealth, or other agencies of the Zionist Organization." In addition to the construction of houses, he points out that such an army would be busied in preparing land for immediate settlement, irrigation, afforestation, sanitation and engineering works necessary for the development of industry and commerce.

"The nucleus for such an industrial army is already in Palestine in the cooperative groups, working on the lands of the Jewish National Fund and in the group that is developing 'Balfouria,' the first colony of the American Zion Commonwealth," he concluded. "I am convinced after two visits to Palestine that only through such a huge disciplined Jewish labor army, will we be able to reconquer the land of our forefathers."

OHIO RAILROAD CENTER COMPLETELY WIPED OUT BY FIRE TUESDAY NIGHT

Dayton, O., Aug. 4.—Bradford, a railroad center of 2,000 population, near here, was wiped out by fire last night. The loss will be \$1,000,000, according to reports.

BAR ASSOCIATIONS URGE RATIFICATION OF PEACE TREATY

Ratification Will Be Recommended at Convention at St. Louis Soon

MAJORITY REPORT TO FAVOR LEAGUE ISSUE

Sections of Report Have Already Been Mailed To The Members Of Bar

ST. LOUIS, Aug. 4.—Ratification of the peace treaty, including the League of Nations covenant, without amendments, will be recommended at the convention of the American Bar Association here, August 25 to 27, inclusive. The recommendation will be in the majority report of a special committee appointed to consider the treaty.

The committee which signed the report was composed of Edgar A. Bancroft, of Chicago, William H. Wadhams, of New York, and the late Frederick N. Judson, of this city. Charles Blood Smith, of Topeka, Kansas, and Henry St. George Tucker, of Lexington, Va., will present a minority report, in which they assert they are "unable to concur" with the majority committee.

Sections of reports to be presented at the convention have been received by members of the local arrangements committee. The reports treat of various subjects.

"Your committee is of the opinion that the treaty, including the proposals for a League of Nations, should be ratified without amendment," the majority report on the treaty declares. "The world is anxious to return to a more settled condition which awaits the termination of the great war. If amendments are proposed by the United States, other governments would undoubtedly propose amendments, and it is unlikely that a second conference could produce a more satisfactory treaty."

"It is particularly fitting that the United States should support the pro-

INSPECTORS THINK THEY HAVE FOUND SUSPECTED PARTY

Philadelphia Postal Authorities See Developments In Kidnapping Case

PHILADELPHIA, Aug. 4.—Postal inspectors who admitted today they arrested a man at Egg Harbor, N. J., yesterday, in connection with the kidnapping of the 13-month-old child of Mr. and Mrs. George H. Coughlin, of Norristown, Pa., on June 2, expressed the opinion they had the right man. All efforts to learn the identity of the prisoner, who is said to be a foreigner, or where he is being held, proved futile, the government agents declining to furnish further information regarding the case. Neither the Coughlin family nor the Norristown authorities have been advised of the arrest and they declared they knew nothing of it, except what they had read in the newspapers. Chief postal inspector George Leonard, of the Philadelphia district, said he believed the arrest would eventually lead to the recovery of the missing child. The man under detention is declared to be the one who wrote a half-dozen letters to the parents of the child, signing them "The Crank," and demanding \$12,000 be left under a deserted trolley station at Swedeland, near Norristown, as a ransom for the return of the child. Coughlin followed the instructions by leaving the money at the designated place at midnight, June 14, believing the writer to have been the kidnapper, as he accurately described the room from which the child was taken.

DEWEY WITNESSES CURIOUS RITES OF CHINESE BUDDHIST

American Exchange Professor in Peking Sees 1,080 Priests Take Vow

LARGE HOLES BURNED INTO PRIESTS' HEADS

Buddhist Ordination Ceremony Featured By Celebration Of Entire City

CHANGCHOW, Kiangsu Province, China, Aug. 4.—Dr. John Dewey, American exchange professor at the University of Peking, visited Changchow recently in the course of a mission lecture tour of China at a time when the city was observing a holiday and 1,080 Chinese Buddhists, becoming priests, suffered holes to be burned into their heads as a token of their religious vows.

The holiday was a spontaneous affair arranged by a group of devotees of the Changchow Buddhist monastery, then graduating a class of novices into the priesthood. Chinese had come from all parts of the country in response to a call the monastery sent out. The Buddhists at the same time honored the victims of the Taping rebellion, who were killed sixty years ago.

The Buddhist ceremony of ordination in China follows ancient lines that are barbaric in the area of the Occident—and this explains why the shaven polls of the priests the traveler meets are marked with deep-pitted scars. The novitiate is a matter of 40 days usually and at its close, as a climax of the temple ceremony, upon the shaved head of lines of kneeling novices are placed lighted cones of highly inflammable incense. These sink into the flesh as a chorus prayer issues from the throats of the assembly. Upon the heads of the most devout—those taking the "full vow"—is placed a circlet of 12 smoldering incense heaps.

Of the 1,080 who became priests at the recent ceremony here, 822 took the full vow while the others, accepting lesser orders, had fewer scars.

KOREAN TEACHERS STRIVING HARD TO IMPROVE COUNTRY

Japanese Official Denies Reports of Disloyalty Of American Instructors

TOKIO, Japan, Aug. 4.—Dr. Sen-shi Egi, a member of the house of peers, on returning from an inspection of conditions in Korea, is quoted as making the following reference to foreign missionaries: "I have done my best to get at the truth of the reports that have been circulated regarding the insigation of Korean students by their missionary teachers against the Japanese authorities, but have found, that with very few exceptions, the rumors are not true. The impression left on me was that the missionaries are honestly striving to develop the country in order that it may yield good results to the Koreans. Whatever their motives, there is no reason why the Japanese should not welcome those efforts."

Dr. Egi said that Korea has attained striking progress since the inauguration of the new regime. "But," he added, "there is yet great room for improvement. While I was in Korea, I took every opportunity to meet representative Koreans and learn their point of view. The most intelligent of them have realized that it is futile to try to establish an independent government. But I think it is very necessary that the Japanese should know that Koreans aim at local autonomy."

BOARD OF HEALTH MAKES REPORT ON TYPHOID SITUATION

Not a Single Case Has Developed in This County After Vaccination

The following report concerning the typhoid treatment and the number of cases which have developed in this county since January 1 was given out this morning by Dr. P. J. Chester. During the month of June 517 persons received the typhoid vaccine, and during July 1782 received the treatment. From January, 1919, until the last of July, 1919, fifty-seven cases were reported, while during the same time this year only twenty-four cases have been reported. Not a person who has taken the vaccine has had the fever and those who have had it are persons who failed to take the treatment. A big per cent of the cases which have developed are colored people who have refused to be vaccinated. Clinics have been conducted in various sections of the county for the past month and will be conducted throughout the month of August. The landlords and people who are employing colored people should use their influence by urging them to be vaccinated. It will only mean the loss perhaps of a few hours, when if they fail to take it, it may mean a long sickness. The real worth of the vaccine is shown in the great decrease in the number of cases this year which are less than one-half of those reported last year.

Dr. Chester stated that he will continue to give out reports at various times as he considers it important that the people be kept posted on all matters pertaining to the health conditions of the county.

TO RETURN INDICTMENTS AGAINST STRIKE LEADERS

Chicago, Aug. 4.—It is reported that the Federal grand jury will report indictments against forty-one leaders of the recent railroad strike this afternoon.

VIRGINIA ELECTION RESULTS.

Petersburg, Va., Aug. 4.—The majority of Patrick Drewry over Henry Clay for Congress from the Fourth Virginia district will probably reach four thousand, it was said today. Representative Harrison's majority over Robt. F. Leedy in the Seventh is approximately 1,500, supporters say.

WHEAT MARKET SENSATIONAL

Chicago, Aug. 4.—The sensational smash in the wheat market of thirteen cents at the opening was followed by an equally sensational recovery of eleven cents. Business is on a big scale and the rush to sell appears to be based on unfavorable financial reports.

HUNDRED MILLION WILL BE INVOLVED IN RATE ADVANCES

Treasury Expects This Amount To Go To Government Because of Increases

EXPECTED INCOME TO COME FROM TAXATION

Transportation Taxes Last Year Amounted To A Quarter Billion Dollars

WASHINGTON, D. C., August 3.—Increased revenues officially estimated at \$100,000,000 annually, will accrue to the Treasury as the result of the advance in transportation rates allowed the railroads. The added income for the government, officials said tonight, would be derived from increased transportation taxes which are paid by the public as well as through operation of the income and excess provisions of the revenue laws.

Transportation taxes for the fiscal year ending June 30, aggregated approximately \$231,000,000. This sum was made up from the 3 per cent tax on freight charges amounting to \$125,000,000, the 8 per cent tax on passenger tickets supplying \$100,000,000 and the 8 per cent on Pullman charges producing \$6,500,000.

Should railroad traffic continue at its present volume all of these amounts would be increased correspondingly with the advance permitted by the Interstate Commerce Commission in its rate decision last Saturday. On this basis officials of the bureau of internal revenue calculate the additional taxes will aggregate \$38,550,000 on freight, \$18,700,000 on passenger and \$3,500,000 on Pullman charges. Another source of revenue would be from income taxes levied against the railroad corporations. Railroad executives expect many of the carriers to earn sufficiently large returns under the new rates to compel the payment of income taxes for the first time since pre-war days. It is from this source that the treasury expects to obtain a large portion of the remaining \$4,000,000 of their \$100,000,000 estimate. Officials placed the amount from income taxes conservatively at \$30,000 a year.

SECOND DELEGATION VISITS HARDING AT HIS MARION HOME

Marion, O., Aug. 4.—The second delegation to take part in the "front porch" campaign was a trainload of Republicans from Wayne county, Ohio, who marched to Harding's residence today, whooping for Harding and Coolidge. Meanwhile Harding's managers are counselling over several proposals for speaking trips away from Marion. One suggested a tour to the Pacific, and one as far South as Tennessee. Senator Harding, in his speech to the delegation, said:

"Appeal to classes is a menace second only to surrender of nationality to internationality. I would rather see industrial and social peace at home than command the international peace of all the world. It would be unwise for this country to permit our activities in seeking peace in the Old World to blind us to the essentials of peace at home."

GOV. COX CONSIDERS THE TENNESSEE "SUFF" FIGHT

Dayton, O., Aug. 4.—Governor Cox, with no engagements today, considered the woman suffrage fight in Tennessee, where he has been urged to renew his efforts looking to ratification of the amendment.

BUSINESS MEN AND EDUCATORS ATTEND TENNESSEE MEETING

Chattanooga, Tenn., Aug. 4.—Five hundred educators, business and professional men, are attending the educational conference at Monteagle, to gather practical examples of successful solutions of Southern school problems.

Members of the Associated Press.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

The shipping board may be having a difficult time selling old ships, but the treasury department isn't experiencing any trouble in disposing of its funds.

A Mexican general declares that he is in open rebellion, but as this is what Mexicans have been famed for during the past several years, the statement is not likely to create any unusual excitement.

With reduced freight rates as their slogan, Southern people certainly will eventually get results. If the slogan should be adopted in several other sections, it is quite probable that the present exorbitant rates might be decreased.

If some of those "wet" planks proposed from time to time by the anti-prohibitionists would appear in "floating form," it is quite probable that J. Barleycorn's followers would more directly appreciate the situation. Proposals are all right, but materialization of dreams is much better, so we are told.

Senator Harding's "front porch" campaign ought to go pretty good with this kind of weather, but in November it is quite probable he may have to inaugurate an "indoor" affair to prevent a freeze up. After that time, however, he will have no trouble, for with Cox occupying the White House, his troubles will be at an end.

The announcement that wheat prices have gone skyrocketing because of European war talk is nothing usual, for other necessities of life have tangoed with the stars for several months, and nothing in the world but lack of production and profiteering caused them to do so. The wheat situation, therefore, is ordinary, even though the advance was rather abnormal.

After the railroads are granted another increase, it is possible the public will be in better position to walk than ever. To tell the truth, the railroads have succeeded so admirably in getting advances during the past several months that workmen have come to the conclusion that all they have to do is to ask and get what they want. They are about right, too, but unfortunately the public has gone about as far as it likes, and has reached the stopping point, as the future will show.

Senator Harding must have thought that it was his last time on the "make-up" job when he posed for the movie camera in his newspaper office at Marion, O., yesterday. But the fact that the campaign has just started brings us face to face with the fact that the versatile Republican candidate may have to perform at his old job many times before he becomes master of the White House. It is well that the moving picture houses had representatives present at the performance, for they accepted an opportunity which they may no longer desire in the years to come.

McAdoo was not nominated for the presidency as many people hoped he would be, but his admirers will have the pleasure of hearing him in several speeches in the near future, advocating the candidacy of Governor Cox, Ohio's offering for the White House. The former secretary of the treasury is well informed concerning the great work which the candidate has done for the party, and it is certain that his address will mean much in molding sentiment for the coming election. Governor Cox is the practical man for the high office, and if elected will certainly fill the position with honor and distinction to the country.

COX AND SUFFRAGE

Governor Cox has been requested to end his assistance in the suffrage fight in Tennessee, and as he is one of the most staunch supporters of the present day it is quite certain he will aid the women in every way possible. Suffrage leaders appear to think that concerted action is advisable in Tennessee, and that there is still danger of rejection, but present indications do not show that their fears are well founded.

The state apparently is not favorably impressed just at this time, but before the legislature is given an opportunity of rendering a decision it is highly probable that several changes will transpire in favor of immediate ratification. It is hardly conceivable that any state would permit such an issue to pass by without giving it the interest it so surely deserves, for every question of serious import to the public should be carefully weighed from every angle and then decided upon with best interest of both state and nation at heart.

Woman suffrage will have a favorable effect on the political situation in America for it will directly stimulate a keener interest in constructive government and at the same time cause the disinterested to awaken to the great possibilities before the entire nation. The time must come when women will play a more dominant part in the nation's affairs than they have in the past, and when that era really approaches government certainly will be conducted upon a higher plane and legislation along every line will be more completely recognized and respected. People everywhere will be benefitted and both national and international interests will experience a change both constructive and pleasing.

President Wilson exerts a wonderful influence over the laboring class in America. He has supported the laborer in every possible way throughout his entire administration, and when he speaks it is generally understood that he means exactly what he says and means to do just that. Believing in his ability to handle all questions with justice to all parties concerned, labor organizations have several times issued orders calling off strikes when they would otherwise have been inevitable. To show how even the leaders rely upon his knowledge of conditions, John L. Lewis, president of the United Mine Workers, recently issued a mandatory order instructing all miners to return to work. The president had informed Mr. Lewis that wage inequalities could not be adjusted unless production was resumed, and believing in the wisdom and sincerity of the assertion, the miners' representative immediately instructed his followers to return to their respective duties and await developments. This incident shows the disposition prevailing among average working men towards the president, and the fact that he has never failed in time of need probably means more to his success in smoothing out labor disturbances than any other single reason. He is truly a great man, and his name will go down in history as one of the best informed, conservative and decisive characters of his day.

Senator Henry Cabot Lodge has preserved unusual silence during the past several days, but no one is worrying in the least. The fact is, when the venerable gentleman begins talking he generally talks too long for everybody's convenience, and consequently there is only a slight few who really believe that he means everything he says against the League of Nations. This issue has been one of his pet hobbies ever since President Wilson returned from Europe, and while at times he appears to soften somewhat, there are other times when his action indicates that he is a violent opponent indeed. It is to be hoped the senator will continue to preserve his usual period of silence until after the campaign, for it would be a pity to get disappointed after raising such a great howl over the inevitable.

Democrats have opened up headquarters in Raleigh in readiness for the coming campaign, but as the entire state believes in Democracy, it is absolutely unnecessary for more than ordinary campaign work. The South is for Democracy first, last and always, and when the campaign is over the total vote will tell the story in a decidedly more convincing way than one would suppose.

GEORGE THOMPSON

Senator George Thompson of Niagara who has announced his candidacy for governor of New York on the Republican ticket.

Julia Baker
vs.
J. E. Baker.

In Superior Court, August Term 1920. The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Pitt county by plaintiff to obtain an absolute divorce from the defendant, and the defendant will further take notice that he is required to appear at the next term of the superior court of Pitt county to be held on the 3rd Monday in August, 1920, it being the 10th day of August, 1920, at the court house of said county in Greenville demanded in said complaint. This 13th day of July, 1920.
J. F. HARRINGTON,

—AND THEY LIVED HAPPY EVER AFTER

Monday always gave her the "blues." She started the week by scrubbing and rubbing over a miserable wash tub. Her hands would get red and swollen. Her back ached. She was tired and unhappy, and it took two or three days to get over it.

One day he showed her the advertisements about Clean Easy—the wonder wash soap. She read the directions: "Soak your wash over night. Shave 1/2 bar of Clean Easy Naphthalene Wash Soap into a 4 1/2-gallon tub of water. Let it dissolve and bring to boil. Put the clothes in and stir for ten minutes only. Rinse and blue. Every garment is clean and pure!"

She was delighted. No rubbing, no scrubbing—the average week's washing done in ten minutes—without even putting a hand in the tub! She ordered Clean Easy from her grocer that very day.

Now her washing is finished and out on the line before her neighbors are a third through. She has found that Clean Easy cleans cleaner and does not hurt the clothes like a wash board. It is the only real economical way to wash.

Of course, she is happy now. Her hands are white, she doesn't have any more aches and pains.

You can do just what she has done. Simply buy a bar of Clean Easy at your grocer's. Use it according to directions, and you'll be surprised at the wonderful way you can wash clothes.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure Fabric All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

GOOD YEAR

Mr. and Mrs. T. H. Smith of New Bern were among the visitors in the city yesterday evening.

Mr. R. W. Jones of Wilson, spent several hours in Greenville yesterday.

Mr. L. B. Gay of Washington was among the visitors in Greenville Tuesday afternoon.

Mr. H. G. Parks of Elizabeth City, was in Greenville for a short time yesterday.

Mr. J. O. Everett of Plymouth made a short business trip to the city yesterday afternoon.

Mr. Otis Winborne of Wilson, spent several hours in Greenville Tuesday on business.

Mr. F. L. Faulkner of Greensboro was in Greenville yesterday on business.

Mr. B. F. Tyson went to Wilson this morning.

Dr. C. J. Ellen has returned from Asheville.

Mr. and Mrs. John A. Arthur and little son, Frederick, are spending a week in New York. Mr. Arthur is editor of Greenville News.

Mr. John A. Tucker, of the Gaston hotel, New Bern, was a visitor in the city yesterday.

BRIDGE CLUB

Mrs. C. A. Bowen was hostess to her bridge club yesterday at the home of Mrs. E. A. Moye, Jr., on Evans street. The library, in which the tables were arranged, was decorated with cut flowers. Miss Estelle Greene, making the top score, was presented a towel. At the conclusion of the games an ice course and mints were served.

The guests of the club were Mesdames Albion Dunn, Howard Hodges, Roy Batchelor, Tom Galbreath, S. T. White and Ned Laughinghouse.

Miss Helen Brown is visiting relatives and friends in Rocky Mount.

Mr. J. Milton Johnston of Goldsboro, is spending a few days here with relatives and friends. Mr. Johnston is connected with the Kennon hotel, at Goldsboro.

Mr. and Mrs. Ben T. Dawson and children of Rocky Mount and Miss Daisy Herndon of Durham, who have been visiting Mrs. W. E. Tucker, returned to their homes this morning.

Misses Aggie Brown and Margaret Werner of Durham are the guests of Mrs. W. E. Tucker.

MISS TUCKER ENTERTAINS

Delightful Lawn Party Complimentary To Her House Guests

Last evening at her beautiful home on Third street, Miss Margaret Cone Tucker entertained with a lawn party complimentary to her house guests, Misses Emmie Lou Washington, of Laurens, S. C., and Georgie Bunn and Katherine Baines, of Spring Hope, N. C., Zula Cowell, of Norfolk, Va., and Mary Rhodes, of Washington, N. C. The lawn was beautifully decorated and carried out the color scheme of red and white.

Upon arrival the guests were served punch by Mrs. F. C. Williamson and Miss Estelle Greene. From the punch bowl they passed to the receiving line, in which were the hostess and her house guests, and Miss Argent Quinley and her house guest, Miss Rowena Adams. Small bags of red paper, tied with white ribbons and containing peanuts, were presented to each guest, after which small fortunes written on cards in the shape of animals, stars and many other designs were drawn by each guest, and much merriment was caused by the many different things predicted by the fortunes. After many dances, which were thoroughly enjoyed, an ice course was served by Misses

Bruce Tucker, Marie Hardee, Priscilla Austin, Annie Mae Edwards and Elizabeth Gaskins. It was one of the most enjoyable parties of the season.

MAYOR'S COURT

The following cases were tried in Mayor's Court this morning:

Leon Patrick, possessing intoxicating liquor for purpose of sale, bound over to Superior Court under a \$200 cash bond.

Erk Davis, speeding, \$10 and costs. George Batts and Lonnie Waddell. Mutual assault. \$10 and costs.

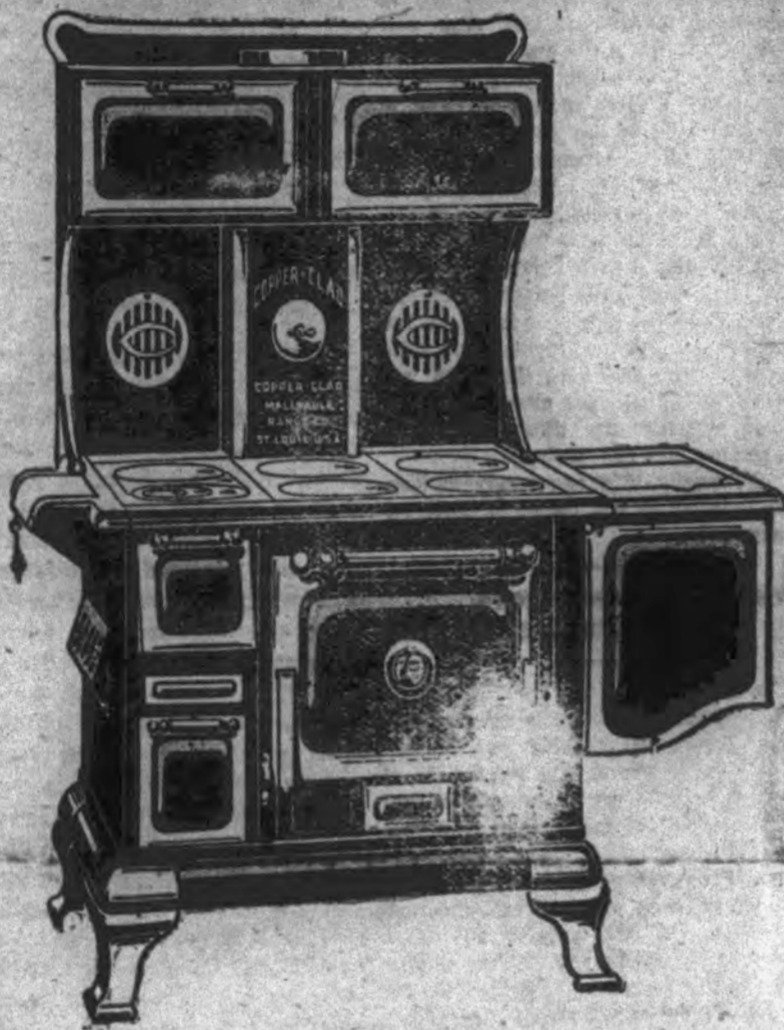

Announcing !!

That this agency will write tobacco this season for four hundred dollars per acre after cured and in the Pack House, and the premium rate is 10 per cent cheaper than last year. This is one hundred dollars more on the acre than I wrote last year.

This agency is the first one to write tobacco for \$300.00 per acre in Pitt county, and is also the first one so far as I know that has ever offered to write it for \$400.00 for this season. For full coverage and the best service, See Fireman's Fund Insurance Company.

This Set of Elegant ALUMINUM WARE Free
If You Buy A Copper-Clad Range This Week

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6, and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale.
Come—See the Asbestos Sweat

Copper-Clad Week, This and Next Week
August 2 to 14

No matter whether you want a range now or next year or any other time, it will pay you to come to see the Copper-Clad Crank make the Asbestos Sweat.

He takes any piece of Asbestos, puts it between two iron plates — heats it — and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every

time the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

The Copper-Clad Idea is "Pure Sheet Copper Between the Asbestos and Range Body"

Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to

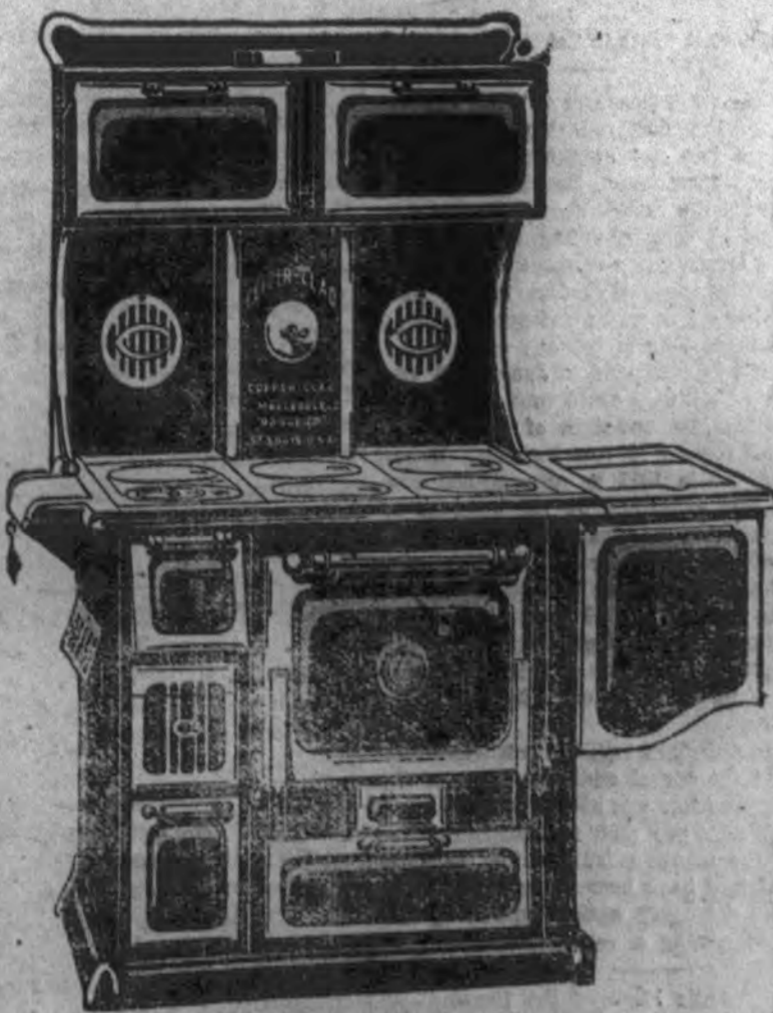

skin your hands. The Copper-Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

The Range Beautiful

—The strikingly beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires she finds that it is true beauty—the beauty of simple elegance and perfect proportions—of fine finish—the thoroughbred of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are 6 other doors yet not a hinge in sight, not a catch, nor hook nor latch. Built like fine automobiles, the hinges are all inside.

"Copper-Clad" Means

Pure Sheet Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of a roof to get out of the wet.

The Indian Knew

The Indian drank water that bubbled from the rock. His food was game he had killed; his bed, the hard ground.

He attuned his habits to the rigorous, open-air life he led. As a result he was abundantly healthy—tireless on the march or in the hunt.

You lead a different kind of life, but you can enjoy the same glorious, vivid health. Adapt your habits to a less vigorous existence. Eat the right sort of food, exercise a certain amount daily, but above all—keep the poisonous food waste moving regularly out of your body. Nujol will help you do this.

Nujol works on an entirely new principle.

Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel movements at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed packages only, bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 59 Broadway, New York, for booklet, "Thirty Feet of Danger".

The Modern Method of Treating an Old Complaint.

CAN A STATE AFFORD NOT TO LET WOMEN VOTE?

READ THESE TA: FIGURES.

The lowest city tax rate but one (listed in the 1920 figures of the World Almanac, pages 702-705) is in Muskogee, Okla., a full suffrage state. It is 35 cents on the hundred.

The highest tax rate in the United States at the same time is in Milwaukee, Wis., \$20.17 per hundred. Wisconsin until 1919 had no woman suffrage. It now has presidential suffrage.

Of the twenty-one cities in the United States quoted in the World Almanac list as having tax rates below \$1 ten are in states which have full, presidential or primary suffrage.

There are but three male suffrage states in which any cities are listed with a tax rate below \$1 on the hundred.

The suffrage cities with a low tax rate are: South Bend, Ind., 74 cents; Ogden, Utah, 72 cents; Niagara Falls, N. Y., 80 cents; Kalamazoo, Mich., 85 cents; Muskogee, Okla., 85 cents; Kansas City, Kan., 82 cents; Hutchinson, Kan., 75 cents; Fort Wayne, Ind., 64 cents; Fort Smith, Ark., 50 cents; Cleveland, Ohio, 70 cents.

In 1916 Washington, a full suffrage state, went out of debt.

And Wyoming in that year had no need of taxes for state government.

"Taxes were not levied for the support of the state government," said the Anaconda Standard (1916). "The income of lands, leases, royalties and interest on investment last year was \$808,241.02, while the amount received from direct taxation was \$568,497.51. There was a cash balance on hand at the beginning of the year of \$718,428.80. The actual expenses of Wyoming were \$1,805,588.21. After paying all expenses and making some investments in permanent funds, there is carried over a cash balance of \$769,587.12. With this balance and the income derived this year from oil and mining development, royalties on state lands, leases and fees, the state will easily be able to get along a year at least without 'any direct taxation.' Wyoming has full suffrage.

In January, 1916, equal suffrage Kansas paid off its last dollar of indebtedness.

WHERE MEN ONLY VOTE DEBTS ARE GREATER.

In the city of Baltimore, Maryland, where woman suffrage is rejected, the total population in 1919 was 700,000. The debt of the city is \$66,127,174 or more than \$90 per capita, the budget \$22,020,000, or more than \$30 per capita.

In Richmond, Virginia, another state where suffrage was rejected, the population of 165,000, is burdened with a debt of \$12,513,097, or \$75 per capita, and with a budget of \$5,604,013, or \$44 each. (World Almanac, 1920.)

In February, 1916, the Denver, Colorado, Chamber of Commerce said: "Denver's per capita indebtedness is \$3.62. Per capita indebtedness of other cities follows:

"Louisville, \$50.13; St. Paul, \$43.19; Worcester, Mass., \$42.90; Columbus, Ohio, \$48.05; Toledo, \$50.54; Atlanta, Ga., \$30.28.

"Two million and a quarter dollars were spent in homes last year, costing from \$3,000 to \$15,000 each.

"The state has made great progress in agriculture. In 1914 it amounted to \$89,578,200 and in 1915, to \$95,052,000."

The indebtedness of Massachusetts, a male suffrage state, was in 1913, \$22.78 per capita.

In California and Colorado, woman suffrage states, the same year, it was \$3.83 and \$3.70 per capita. In Kansas it was 14 cents and in Oregon 4 cents. (Figures are from the United States Special Census report on "Wealth, Debt and Taxation," Table 10.)

ELECTION EXPENSES. What It Costs to Let Women Vote.

The state treasurer of every suffrage state has declared that woman suffrage has not appreciably increased election expenses. Denver, in 1916, recorded the lowest per capita (of population) cost of voting (14 cents) of the larger cities of the United States. In Cheyenne, Wyoming, voting costs 10 cents per capita (of population), a less sum than in any city of its size.

It was computed in June, 1918, that New York City could vote all its women for just one-sixth of what it has been costing to vote its men. It cost \$300,000 in 1917 to vote 601,809 men. It was explained by the election officials that an equal number of women could be voted for an additional sum of \$50,000, making \$350,000 in all. It had cost the city 43 cents each to vote its men, but it would only need a per capita expenditure of 7 cents more to care for as many more women at the polls.

In Chicago's experience it was found that the actual additional cost of the woman voter was about one-third.

Women pay their full pro rata share of the taxation for election expenses and they have been doing so for more than a century while deprived by law from casting a vote.

Anti-suffragists are busily defaming the dead suffrage leader, Dr. Anna Howard Shaw, in North Carolina, today. This is what they said of her in their official organ under date of July 12, 1919:

"There are thousands of women who honored Dr. Shaw for her other ideals who never did agree with her suffrage views. She was an honest radical. She fought in the open."

SPORTS

GREENVILLE WILL PLAY AT TARBORO THIS AFTERNOON

Two Clubs Settle Differences At Meeting of Directors In Tarboro

The accentuated situation prevailing between the Greenville and Tarboro base ball clubs as a result of Tarboro's failure to eliminate professional players from its lineup and Greenville's declination to resume playing until this was done, was brought to a decidedly amicable conclusion at a special session of the board of directors of the Eastern Carolina League conducted in Tarboro last night. The meeting resolved itself into the shape of a compromise and after conditions in prevalence throughout the entire league had been discussed from practically every angle it was decided that Greenville and Tarboro today, and tomorrow with double header, and tomorrow with a double header, and that all men on the payroll of each club last Saturday night should constitute the legitimate lineup for the remainder of the season.

Meeting was well attended by representatives from every club constituting the league, and a spirit of optimism prevailed that was both unexpected and pleasing. Everyone expressed a desire that the season not be interrupted at this last moment and argument was presented in the interest of continued pleasant relations between all clubs who heretofore had complaints registered for settlement. These had their effect and as a result the entire meeting was featured by a spirit of harmony upon practically every question and the settlement of several delicate points which have been giving the entire league much trouble for the past several weeks.

It was decided that the percentage column of the Greenville and Tarboro clubs should stand as it was at the termination of the series last Saturday night, and that the double header in Tarboro today and tomorrow should go as one game towards eliminating the shortage caused by the two days in which the clubs failed to play. Double headers probably will be necessitated later in order to bring up the standing of the clubs in the percentage column, but these will be decided upon at a later date and at a time when they will be found necessary.

Mr. Conrad Lanier, of Greenville, president of the association, tendered his resignation to become effective immediately, while that of D. J. Whichard, Jr., accompanied that of the president's. Reports of each office was presented in full, showing the progress of the league and number of questions involved in controversies since the league's formation. Mr. Clayton Moore, of Williamston, was appointed president of the league immediately following Mr. Lanier's resignation, while Mr. Bryan, of Scotland Neck, succeeded Mr. Whichard as the secretary-treasurer.

It is believed that the season will be continued now without further interruption, as both Greenville and Tarboro are desirous of completing their efforts for honors of the last half. The directors will watch the situation closely and do everything possible to prevent any unfairness in the playing of men not qualified for service in this league. The entire league, it is expected, will profit by Greenville's action at Tarboro for it shows that its managers are for "fair and square" dealing, and are desirous that they should receive the same courtesy in return.

GREENVILLE CLUB WINS FROM SCRUB TEAM 5 TO 0

The Greenville league club defeated a scrub team composed of town boys and two or three of the regular club members in a practice game here yesterday afternoon by the score of 5 to 0. The game was fast and interesting and those who attended saw something really worth while, although it failed to produce the animation of a scheduled game.

WILLIAMSTON AND HYPMENS SPLIT IN DOUBLE HEADER

Williamston, Aug. 3.—Williamston and Scotland Neck broke even in a double-header here today, Williamston winning the first game by the score of 3 to 0, Scotland Neck the last by the score of 1 to 0. Both games were fast and interesting, but the locals failed to show up in usual form in the last game.

WASHINGTON REVERSES TABLES ON PINE TOPS

Pinetops, Aug. 3.—Washington defeated Pinetops here this afternoon by the score of 5 to 0. The game was a complete change from that yesterday, for the visitors showed up in better form and used the willow far more effectively.

Note.—Owing to bad telephone service the Reflector did not learn that Washington and Pinetops played a double header yesterday. The Pinetops club won the last game of the double header by the score of 1 to 0.

BAR ASSOCIATIONS URGE RATIFICATION OF TREATY OF PEACE

(Continued from Page 1)

posal for this League. The League is based upon our own experience in a federation of states enjoying liberty and peace. It has been our high destiny to join with our Allies in preventing the destruction of liberty and establishing it as the governing principle in the life of the states.

"Upon entering the war we expressed it as our desire and purpose to secure not only for ourselves, but for all nations of the world, an enduring peace, based upon those principles of liberty and of justice which we enjoy. The league is organized for that purpose. Should the United States refuse to enter the League it would defeat its organization; should the United States join, it gives the best assurance of its success."
