EFFORT TO ARREST GOVERNOR COX FOR SPEEDING HIS CAR

Cio Adjutant General Says
Arrest Affair Was Plan-
ned by Republica

Columbus, O., Aug. 15.—An un-
successful attempt to arrest Governor Cox
on a charge of automobile speeding and
a harmless accident to one of the car
of newspapermen accompanying him
furnished excitement today in the mo-
tor trip of the Democratic presidential
candidate returning from Wheeling, W.
Va.

The attempt to arrest the governor
and his party was declared by Roy E.
Lytton, adjutant-general of Ohio, who
accompanied the governor, to have
been planned by Republicans to em-
barrass the Democratic nominee. Gen-
eral Lytton said a warning of the
plan had been received yesterday.

At Jacksontown, Ohio, about 32
miles east of Columbus, the governor
and his party rode slowly through, dis-
regarding outstretched arms of a shirt-
sleeved man, and also a large group
of persons gathered there. Within a few
minutes two motorcycle officers stopped
the cars of the governor and press cor-
respondents, declaring all under arrest
and demanding their return to Jack-
sontown, Governor Cox identified him-
self, but the officers said they had or-
ders from Jacksontown authorities to
arrest all four automobiles of the party,
"no matter who they contained," on
charges of speeding.

COX CONTINUES TO PREPARE FOR FIGHT AGAINST OPPOSITION

Columbus, Aug. 16.—Governor Cox
is preparing press onslaughts against
the Republican opposition. Three more
addresses this week are expected to
outline the constructive policies in his
remarks to the Ohio Democratic con-
vention here tomorrow. It is under-
stand that he will continue to stress
the principal lines of attack given Sat-
urday in five speeches in Ohio and
West Virginia.

URGES SELECTION OF FIT CANDIDATES FOR STATE JUDGES

Bar Association to Present Re-
port at Annual Convention
in St. Louis.

APPOINTIVE JUDICIARY BY BAR ENDORSEMENT IS FOUND ADVISABLE

Report Also Emphasizes Need
of Thorough Co-operation
of Attorneys.

St. Louis, Aug. 16.—More organized
activity by bar associations in the
selection of fit candidates for judicial
offices is urged by the committee on
Professional Ethics and Grievances in
a report prepared for presentation at
the annual convention of the American
Bar Association here, August 25-27.
The opinion of the committee "an
appointive judiciary, with a prelimi-
ary endorsement of candidates by the
is the ideal manner to secure a
efficient bench."
The report also emphasizes the need
of thorough co-operation of members
of the judiciary and the bar, for the
purpose of maintaining high profes-
sional standards in legal practice.
Questionnaires seeking suggestions as
to how this co-operation might be ac-
complished best have been sent out to
approximately 1,500 member sof the ju-
diciary throughout the United States,
during the past year," according to
the report, which has been made pub-
lic by the local committee in charge of
arrangements.
In reply, it states, recommendation
has been made that the bars in the
various localities be incorporated, with
the Canon of Ethics as a part of their
constitution. Wherever this plan is
carried out, the recommendation is
made that the corporations be entrust-
ed with complete supervision of the
activities of all practicing attorneys

HARDING TO MAKE IMPORTANT SPEECH IN MARION TUESDAY

Headquarters Declares it Will
be the Most Important of
the Campaign.

Marion, Ohio, Aug. 15.—The high
spot in Senator Harding's program for
the coming week, and one of the mil-
stones in the development of his cam-
paign will be an address he will deliv-
er Thursday to a delegation com-
posed of members and former members
of the Ohio Legislature.

It was said at Harding headquarters
today that the speech would be one of
the most important of the campaign
and would inject another element into
the presidential fight. The subject
matter was not revealed, but it was in-
dicated that the nominee might make
at the Thursday meeting his first re-
ply to the utterances of his Democratic
opponent, Governor Cox, in the speeches
he has made since accepting the Demo-
cratic nomination.

At least one other speech is to be
made by Senator Harding during the
week. On Wednesday he will visit a
lumberman's picnic at a Marion park,
and is expected to make a brief talk.
A delegation representing the Society
of American Indians is to call on him
on the same day, but there is no speech
on the program.

HERO LEARNS FARMING

Abraham Krotoshinsky, the hero,
who saved the "Lost Battalion" in the
Argonne forest, is now a student at
the national farm school, where he is
receiving a training in practical and
scientific agriculture, for the great
army of peace that is needed to raise
food to feed the hungry world. Abra-
ham was a private in Co. K, Seventh
Infantry, when his battalion, under the
command of Colonel Whittlesey, was
surrounded in the Argonne forest.

OLD DANISH LAWS STILL HOLD SWAY IN GIRGIN ISLANDS

Probably the Only Place Under
American Flag Prohibi-
tion Has Not Reached.

PROHIBITION FORCES ARE BEING REALIZED IN INDIRECT MANNER

San Juan, P. R., Aug. 16.—Probably
the only place under the American flag
where prohibition is not now in force is
in the Virgin Islands where, until con-
gress enacts new laws, the old Danish
laws remain in force.

The Colonial Council of St. Croix
has just passed a bill repealing former
local legislation for that island which
provided for local prohibition until a
specified period after the ending of the
war. Similar legislation is pending in
the Colonial Council for the islands of
St. Thomas and St. John.

The treaty of sale by which the is-
lands were transferred from Denmark
to the United States provided that law
in force at the time of the transfer
should remain in full force and effect
until congress enacted special legisla-
tion for the islands. This has not yet
been done. In the meantime the consti-
tution of the United States, in all of
its provisions, is not applicable to the
islands and the eighteenth amendment
has no meaning there.

As a war measure the colonial coun-
cils, the local law-making bodies, pass-
ed prohibition acts to be enforced dur-
ing the war. As a result St. Thomas,
where champagne sold for a dollar a
bottle and other liquors were equally
expensive, and the other islands gradu-
ally became dry. Merchants in St.
Thomas whose business is largely that
of supplying ships stores have contend-
ed that prohibition was one of their
greatest handicaps while the sugar
makers in St. Croix were deprived of
a lucrative trade.

TENNESSEE HOUSE PLANS TO VOTE ON SUFFRAGE TUESDAY

Fate of Issue Still Considered
Uncertain Throughout
Entire State.

OPPOSITION ALMOST CONFIDENT QUESTION WILL BE REJECTED

Head of Woman's Party De-
clares the Situation is
Very Uncertain.

Nashville, Aug. 16.—Every in-
dication today pointed to the vote
on suffrage by the House tomor-
row, although the leaders of the
opposing factions were watching
each other for any move which
might be made this afternoon to
get the vote if either side should
find itself in majority. Many
members are away for the week-
end.

Nashville, Tenn., Aug. 15.—Predic-
tions tonight that the Tennessee house
would dispose of the woman suffrage
question by Tuesday night were made
in all quarters, but whether the house
would concur in the action of the Sen-
ate taken Friday and ratify the amend-
ment, was clouded in uncertainty.

Speaker Seth Walker, leader of the
opposition, said tonight he was "rea-
sonably sure" of rejection. Miss Sue
White, president of the Tennessee
branch of the National Woman's Party,
said the issue was undecided. Other
suffrage leaders still were confident of
the outcome.

The committee on constitutional con-
ventions and amendments, to which was
referred the ratification resolution, will
meet tomorrow night to discuss the
measure and a report to the House was
expected Tuesday morning.

Majority and minority reports were
regarded as a foregone conclusion and
if the majority report should recom-
mend ratification, a point of order that
this legislature had no authority to
act because of the state constitutional
limitations was expected from the op-
position vote on an appeal from the
ruling of the speaker would afford the
first definite indication of the strength
of the opposing forces. Motion to adopt
the majority report also was expected
to be followed by a motion for adop-
tion of the minority report as a sub-
stitute and a roll-call at this juncture
would still more clearly define the line-
up. Whether the majority report
would recommend ratification or rejec-
tion was regarded as of little import-
ance.

HARDING BEGINS HIS IMPORTANT ADDRESS FOR STATE LEADERS

Marion, Aug. 16.—Harding began
his preliminary work on his next front
porch speech to be delivered Thursday,
and which is expected by his advisors
to be one of his most important cam-
paign utterances. He will address
members and former members of the
Ohio legislature, and both Democrats
and Republicans have been invited.

BRITAIN MAKES CLEAR ITS POSITION ON THE BOLSHEVIKI SITUATION

London, Aug. 16.—Premier Lloyd
George told the House of Commons to-
day that Great Britain had made it
clear to General Wrangle that the
Anti-Bolsheviks are to be on their own
responsibility if they attacked the
Soviet forces further, and added that
Wrangle had opened further attacks
and responsibility on him.

Bolshevik cavalry is endeavoring to
reach the Vistula, the Poles evacuated
Kryn, but on the southeast near the
Warsaw front local Polish successes
are reported. Pionsk, Nowo-Miasto
and Nasielsk, to the northwest of War-
saw, for which there had been fighting
now are in the hands of the Poles. At
last accounts the Poles also held Radzy-
min, to the northeast of Warsaw, after
it had changed hands several times.

Southeast of Warsaw the line is now
passing beyond Lublin to the Bug river
to Sokal to Kamionka-Strumilowo to
Bialyklamien and along the Stripa.

SEVERE RIOTING IS RENEWED BY FACTION IN CITY OF BELFAST

Belfast, Aug. 16.—Rioting was
renewed here last night, but no firearms
were used. The nationalist area was
the battleground and remained in a
state of siege until midnight with the
contending parties throwing stones at
each other until after midnight.

diately, Chairman Benson of the ship-
ping board has announced.

stances it was most desirable that
representative men of business in the two
countries should meet to discuss those
things which were most likely to lead
to friction. Americans had convinced
Englishmen of the necessity of getting
alongside of them, and having done so
they did not intend to let go but in-
tended to know and understand Ameri-
cans better.

L. S. Gillette, president of the United
States Chamber of Commerce, said the
Americans had come to this country to
see how they could best meet the wants
of the allies in raw materials, increase
production, improve exchange and in
other ways. He added that 600,000 men
representing the intellect and energy of
the United States believed that by
mutual help and by correlated effort
they would be able to travel far on
the same road with the British people.

MONDAY, AUG. 16, 1920.

If such a sublime character as President Wilson can say truthfully that he believes woman suffrage is necessary to the future of this great country, then all that can be said by opponents is completely without effect. This American people know intuitively that the president always expresses the very highest sentiment in everything, and in his support suffrage forces have gained one of the most potent influences connected with their success.

Express companies have been granted increased rates, so the less the public kicks and the more people try to adjust themselves to conditions the better for the country as a whole will be. There is no reason to expect lower prices in anything, and the quicker everything becomes normal the better off the entire country will be.

That front porch campaign of Senator Harding's appears to be doing him more good than the people whom he would serve so energetically and faithfully, and bears, a striking contrast to that of the Democratic candidate. If activity means anything to the people Cox's victory is already assured.

Continued improvements in the Pitt county fair grounds suggests the probability of the fair being one of the best to be conducted in this section of the country. Nothing is being left undone by promoters that would in any way detract from the true greatness of the undertaking, and this fact justifies the belief that Pitt county people will have the opportunity of enjoying an attraction which may be called their own. The fair has been a needed feature to stimulate activity in this section of the state for a number of years, and it is expected that it will mean much to those who have not had the pleasure of mingling together yearly to show what each locality has been doing.

AN UNPROVOKED SITUATION.

The baseball situation in this section is getting rather tense just at this time, for other members of the league would besmirch Greenville's reputation with malicious charges of unfairness to Williamston in final games of the series. The charges are without the slightest cause, for Williamston was allowed every opportunity to take the series, and failed for the simple reason that Greenville had the superior ball club. Those who support Manager Fowden's action know absolutely nothing of the situation, for practically fifteen hundred people attending the last game with Williamston unanimously declare that the contest was the cleanest of the season. Manager Fowden claims that the reason he did not decline to play that day was from fear of violence, and that he had two men of his team under age and responsible to him for their safety. This fact shows convincingly that there has been something baby-like about Williamston all along, and because they realized that Greenville really could win, stopped and went to howling over unfairness which any honest person knows is unjustifiable.

The Washington Daily News appears to think Williamston was right in refusing to play, but since the paper is absolutely ignorant of true facts connected with the issue, its position is really laughable, and certainly cannot be considered to any extent by really intelligent people. The Daily News writer is as erratic and dangerous in sentiment in this issue as in others which he has participated, and therefore, it is advisable that he more fully acquaint himself with conditions before making himself an object of derision from those who saw Williamston defeated and knew it was done fairly and with every force of the Williamston club in action. The action of the Williamston manager and that of the Daily News too is unprovoked and is deserving of explanation.

GOOD AND BAD CAMPAIGNING.

The speaking campaign of Governor Cox will possibly have greater influence in the interest of his candidacy for the presidency than most people expect at this time, for while Senator Harding is calmly watching campaign developments from his front porch in Marion the Democratic candidate is really "making hay while the sun shines." No better example of the effectiveness of his speaking tour has been conveyed to the people than within the last several days, for at practically every point he visits, thousands of people gather to hear him expound in his own peculiar and convincing way the things which the country may expect under his leadership. And in virtually every case they are pleased, for what he has to tell them is interesting to everybody, and virtually interesting to that great number of people looking to the future for realization of American ideals and dreams.

The Cox principles are centered upon all great issues of the day, and since he adheres strictly to direct expressions, it is easy to assume that the average person follows his meaning without losing sight of the great things in view. His campaign is so entirely different from Senator Harding's that people hardly realize that the Republicans are in the race for supremacy, in fact, it really seems that Democratic ideals have already been accepted and will be completely supported by the public in the coming election. Republican leaders, of course, boast of what they expect to do, but since public opinion has always ruled

in this country, it is hardly probably that claims of victory will amount to very much. Cox is the type of man people want for president and their vote will tell in a satisfying way what Republicans would have us disbelieve.

SIMPLE RIGHT.

Political leaders of the county may feel a perfect right in supporting ratification of the suffrage amendment, and criticism emanating from opposing sources should not be regarded at all by those well acquainted with the great fight which the women are waging for recognition. It is the perfect right of every leader to throw his or her influence in an issue that would be of more good to the country than harm, therefore, those who feel that state and national figures are over doing themselves in supporting suffrage may rest assured that they are doing the right thing and cannot be reproached. Suffrage is daily gaining recognition in this section of the country because people believe that woman's influence at the polls would be of a great moral uplift to the country more than a political expediency, and for that reason, the majority is given away before the clear, forceful arguments advanced in this direction. There is no man that will say his wife cannot do more for his children than all others, and if these same children are to form the coming generation where is the inavoidability of depriving the mother of an opportunity of declaring her conviction for the safety of her children. There is no concrete argument against suffrage. Those opposed to it find food for their opposition in the old argument that the place for the woman is at home with the children. This much is true, but it must be remembered that when women are given the privilege of guarding and protecting their homes against demoralizing influences the home is made one vote stronger and civilization is in a position to look forward to the future with greater assurances of continued and unbroken progress. The right of every woman and mother should be respected, and if this is done suffrage itself in the future will refute arguments that have been presented with intention of defeating it.

It is apparent now that the opening of the Greenville tobacco market this year will be one of the most auspicious in many years, for with increased facilities for handling the product the sales will be conducted rapidly and with more satisfaction to all people concerned. The trip plan to be inaugurated this year will be a big saving in time, as warehouses and the planter, floors can be cleared with considerable greater rapidity, and the factories in this way will be given an opportunity of more quickly disposing of their proportionate part. There is every indication, too, that prices for better grades of tobacco are going to be good and this fact as no other will bring about greater activity than every during the opening days. Tobacco growth is of great consideration in this section because it is the principal crop, and when the markets open it is quite natural to expect that the apparent shortage of money will be relieved considerably. Pitt county has the distinction of producing the brightest and best tobacco grown, and this fact is going to mean much to the farmers this year when there is practically no demand for common grades. It is easily conceivable that the season is going to be even better than most people expected for production will be above the average and prices good, and combining the two, Pitt county people have nothing discouraging to look forward to.

DUNCAN DECLARES MANAGER FOWDEN IS PLAIN OUT LIAR

STAGE ABOUT SET FOR CHAMPIONSHIP SERIES TOMORROW

Captain Local Ball Club Refutes Statements Made by Williamston Manager.

Business Houses of City to Close from 3:30 to 6 o'clock to See Game

Editor Daily Reflector: Replying to the statement of Mr. Pete Fowden as published in the Washington Daily News in its issue of Saturday afternoon, August 14th, which is as follows:

"While he (Mr. Trumbull) was standing in front of the Proctor Hotel Duncan, captain of the Greenville team, told him that he wasn't going to umpire that game of ball. Mr. Trumbull informed him that he had been designated to umpire the game by Clayton Moore, president of the league. Duncan then told him that it didn't make any difference what Mr. Moore said and that if Trumbull went out into the field he would be killed.

Duncan then took Trumbull to the chief of police, who happened to be standing close by and asked the chief whether he thought it would be advisable for Trumbull to umpire the game. The chief told Trumbull that if he went out into the field that there would certainly be trouble."

Captain Duncan's statement: I wish to state that the information published is a lie from beginning to end because in the first place I never saw Mr. Trumbull until he was seated in the grandstand beside the policeman just before the game was called and then only at a distance and I did not speak to him while he was in this city.

Being that Mr. Trumbull refused to umpire the game on account of the way he treated the fans from Greenville while they visited Williamston, Mr. Fowden, president of the Williamston club, requested manager Hollingsworth of this city, to ask Mr. Con Lanier to umpire the game with one of the Williamston players as base umpire. This arrangement being agreeable to the manager of the Greenville club Mr. Lanier was called from the grandstand and requested to umpire the game. The game was then called and the two umpires called their decisions satisfactory to both sides and there was not a single kick throughout the game.

With the above facts presented as they happened I do not see where Mr. Fowden has any room to kick on the game for the Greenville club outplayed the visitors in every frame and won the game fair and square, for with fifteen hits to our credit and only four to the credit of the visitors it can be easily seen that it was a walkover for our team, hence the final score of 11 to 1 in our favor.

According to the above facts I think that Mr. Fowden owes me an apology for allowing such false statements to be published as coming from him.

DUNCAN,

Captain of Greenville Baseball Club.

STATEMENT BY CHIEF OF POLICE DEPARTMENT

Chief of Police Jones was interviewed this morning regarding the statements of Manager Fowden, of the Williamston, club carried in Saturday's edition of the Washington Daily News, said:

"I was never approached by anyone and asked if it would be dangerous for Trumbull to umpire Thursday's game. I rode to the game with Trumbull and he stated that he did not come to Greenville with the intention of umpiring, and that he merely came to see a lady.

"After arriving at the game Trumbull moved to the upper part of the grandstand so that he might be able to see the lady when she approached the fair grounds. I heard him refuse the Williamston manager to umpire the game for he stated that he had not been sent here for that purpose. This statement was made in the presence of Deputy Sheriff A. C. Jackson, who will vouch for it at any time."

But in South Dakota they found it to their advantage and liking to support the candidates of no other party and the formation of the Nonpartisan League Party of this state was the result. A complete state and congressional ticket will be placed before the voters of this state under the name "South Dakota Nonpartisan League Party at the November election."

None of the present candidates for president of the United States has been endorsed by the League party of this state, Mr. Evans said. It has been announced that Parley P. The report suggests that the lack of proper tests as to character of applicants for admission to the bar "is the cause of many unworthy men slipping in."

Many points as to ethical practice have been raised during the year, according to the report and the committee in turn, it states, has sought to obtain comprehensive information as to the ethical observances in courts throughout the United States and the disciplinary practices invoked, for breaches of professional conduct.

GREENVILLE BEATS NEW BERN.

Greenville, Aug. 14.—The Greenville League club this afternoon defeated the champions of the New Bern City League by the score of 12 to 1. The game was nothing more than a practice game for the locals and at no time tested their ability. The New Bern boys, however, played hard and succeeded in securing two scattered hits.

HERBERT GRIMES DROWNED IN TAR RIVER TODAY

Herbert Grimes, colored, was found drowned this afternoon in Tar river, about 2 o'clock by the ferry which is being used while the bridge is out of commission. Grimes it is believed was drinking and after stealing a gun from some party, near his home, started for Greenville, and in attempting to cross the bridge fell into the water and drowned without anyone knowing of his whereabouts. The man from whom the gun was stolen came to town this morning and swore out a warrant for him, not knowing that he had met with such an accident.
