#### POLES REPORT MANY SUCCESSES AT WARSAW

Warsaw, Aug. 26.—The Soviet reserves, it is reported, have been brought up in great numbers to the southern front. Information is in the hands of the Polish general Haller that the reserves are some distance behind the Bolsheviks on the northern front, and are also being pushed forward. Military observers are speculating on the possibility that Russia may launch an attack on the central front. Meanwhile the Poles recount continued success, claiming that the fifteenth and remnants of the fourth Bolshevik armies have surrendered, and that regrouped Soviets are making repeated attacks in various places to break the surrounding cordons.

Paris, Aug. 25.—An optimistic feeling prevailed at the French foreign office today regarding the European situation. The opinion was freely expressed that the situation is clearer and that the allies are more closely united than at any other time since the armistice.

Endorsement of the French policy toward Russia by the United States last week and by Great Britain and Italy yesterday is felt here to have cleared up the atmosphere and the anxiety, which has been evident at the foreign office the past few weeks, has disappeared.

The British offices at Downing Street, and also the Italian ministry of foreign affairs have been sounded as to whether they could agree to advance the meeting of the supreme council to the first week in September, instead of holding it the middle of the month as scheduled. The French contention is that, inasmuch as the allies are agreed upon the principal details, execution of them should be settled without delay.

Convention of Bar Association Recommends Several Changes for Future.

St. Louis, Aug. 26.—Broadening of the power and improvement of the practice of the Federal Trade Commission in order to bring about "a more satisfactory administration of justice" by it was recommended in the report of the committee on commerce, trade and commercial law, presented at the convention of the American Bar Association here today.

The committee recommended that the commission be empowered to investigate all breaches of anti-trust laws, and that proceedings in reference to these laws should be transferred from courts to the commission with the right to appeal from the commission to federal courts.

The report also recommended that all cases falling within the anti-trust laws should be primarily instituted before the commission.

#### MEREDITH NOT IN FAVOR OF CUTS IN DEPARTMENT FUND

Secretary of Agriculture Tells of Conditions in Address at Convention.

Raleigh, Aug. 25.—Declaring that the United States Department of Agriculture makes for the people of the United States a profit of several times a thousand per cent on the money invested therein, Hon. Edwin T. Meredith, Secretary of Agriculture last night told the Farmers Convention that the reduction in the department's appropriation by the Republican congress will seriously hamper the efforts of the department to aid the farmers in the United States and will directly result in a drastic curtailment of cooperative activities in North Carolina.

Secretary Meredith spoke before a crowd of farm men and farm women that filled Pullen Memorial Hall at State College, a good part of the 850 delegates to the convention who have thus far registered at the convention headquarters. He was preceded on the program last night by Herbert W. Colquhoun, editor of the Rural New Yorker, who discussed nation-wide problems of the farmers, assuring his hearers that no man can expect to live on the farm as he lived before the war, and that the next forty years will see radical developments in farming and farm methods.

The trouble with the farmer today he said, is that he is getting a thirty five cent dollar. He explained this with an outlay of thread, cloth, peanuts, tobacco, which he exhibited at their market value, quoting at the same time, the almost ridiculous price,

#### ASKS LEGISLATION TO FULLY PROTECT ALIENS IN COUNTRY

American Bar Association Recommends Adequate Protection State Rights CONVENTION SUGGESTS SEVERAL CHANGES OF LAW TO MEET DEMAND

St. Louis, Aug. 26.—Enactment of federal legislation guaranteeing more adequate protection to aliens in their treaty rights was recommended at today's session of the convention of the American Bar Association by its committee on Jurisprudence and Law Reform.

This subject is "entitled to very serious consideration in the pending congress," in the opinion of the committee. Its recommendation, according to the report, results from "various complaints that have been made to the United States by other nations that the rights of the citizens of those nations, under existing treaties, were not sufficiently protected by laws of this country."

The proposed legislation provides that the "President be authorized to direct the Attorney-General, in the name and behalf of the United States, to file a bill in equity in the proper district court of the United States against any person or persons threatening to violate the rights of a citizen or subject of a foreign country, secured to such citizen or subject by treaty between the United States and such foreign country; and that this provision shall apply to acts threatened by state officers under the alleged justification of a law of the legislature of the state in which such acts are to be committed."

In cases where aliens are brought to trial in state courts for violation of state statutes, which are deemed by the president to be contrary to the rights of the defendant, the government, under the proposed law, would have power to file a nintervening petition for the transfer of the action to a Federal court.

#### TALE OF HIS CAPTURE AND EVENTUAL DEATH RECENTLY MADE KNOWN

Noted General Comes to Death by Treachery Dealt Out to His Victim.

Monterey, Mexico, Aug. 26.—General Jesus Guarado, who treacherously tricked and slew the wily rebel leader, Emiliano Zapata, himself fell a victim of deception when he was captured by government troops and executed here July 18 last. The tale of his latest and last adventure is thus told here:

Thirteen months ago Guarado a colonel in Carranza's army, attacked a detachment of his own faction's troops, killed and wounded several of them and convinced Zapata that he had a new adherent. Then, as Zapata, greeted him in salute, he had ordered his men to fire on Zapata and the noted rebel chief was blown out of his saddle, dead.

To reward this act, Carranza made the double dealer a general, and a little over a year later he turned upon his benefactor and joined the successful revolution of Obregon and de la (Continued on Page 4)

#### GOVERNOR COX TO PRESENT FIGURES IN SPEECH TONIGHT

Democratic Nominee Promises to Submit Evidence of G. O. P. Campaign.

Evansville, Ind., Aug. 25.—Evidence of "a deliberate conspiracy to buy the presidency" was promised today by Governor Cox in addresses rallying southern Indiana Democracy. Amplifying his charges that an enormous Republican campaign fund "was being raised, the Democratic presidential candidate declared that in his address tomorrow night at Pittsburg he would produce evidence "regarding the Republican leaders that convicts every mother's son of them."

"With the size of the campaign fund understood," he said, "the sensibilities of the people will be staggered. You know what my charges have been. You know what reply Chairman Hays (of the Republican National Committee) and his associates have given. I ask you only to wait until tomorrow night and I will produce evidence that convicts every mother's son of them—evidence of a deliberate plot that has been carried into every country of America in a plot and conspiracy to buy the presidency of the United States. #### ANTIS LOSE FIGHT TO PREVENT COLBY ACTING ON VICTORY

Justice Siddons, of District Columbia, Refuses to Issue "Show Cause."

#### OPPONENTS TO MAKE NO FURTHER EFFORT TO PREVENT ISSUES

Official Certification of Tennessee's Announcement Expected Any Time.

Washington, Aug. 26.—A proclamation announcing officially that the suffrage amendment had been ratified was signed by Secretary of State Colby at his home at eight o'clock. The document was signed when the certificate from Governor Roberts that Tennessee had ratified the amendment was received and announcement made upon Colby's arrival at his office. Suffragists who waited far into the night for the proclamation were again on hand at the state department early today.

Washington, Aug. 25.—Anti-suffrage forces received another setback when Justice Siddons of the District of Columbia Supreme Court, refused to issue a "show cause" order against Secretary Colby preliminary to the issuance of an injunction to restrain that official from proclaiming the 19th amendment a law of the land.

The order would have required Mr. Colby to show cause why the injunction should not be issued. The action was brought by Charles S. Fairchild, an official of the American Constitutional League, on behalf of himself and the organization.

No further effort would be made to prevent the issuance of the proclamation, Alfred D. Smith, attorney for Mr. Fairchild, said:

The official certification of Tennessee's ratification of the amendment was expected to arrive from Nashville some time tonight and Secretary Colby indicated that he would issue to proclamation as soon as he received Governor Roberts' certification.

The campaign of the anti-suffrage forces would now be directed at an effort to obtain early action in the United States Supreme Court on the question of the validity of the Tennessee ratification, Mr. Smith announced. He said that he would ask a formal order of dismissal from Justice Siddons' refusal in order that he might appeal to the District of Columbia Court of Appeals at once with a request that the case be certified directly to the Federal Supreme Court and set for early trial.

Official notice of Tennessee's ratification was expected to arrive at the State Department after midnight tonight, according to suffrage leaders, who have been following the documents since it was placed in the mails at the office of Governor Roberts, in Nashville. Secretary Colby was reported to be promised to wait at the Department night until at late hour and a delegation of suffragists announced their intention of being on hand when the certificate arrives.

#### GOVERNOR COX PLANS TO DIVULGE FACTS IN CONNECTION OF FUNDS

## JULY EXPORTS INCREASE.

Increased exports but slightly decreased imports in July as compared with June are disclosed by official foreign trade figures given out today by the Bureau of Foreign and Domestic Commerce of the department of commerce.

July exports were valued at \$654,000,000 against \$631,000,000 in June of this year, and \$569,000,000 in July of last year. Exports for the seven months period ending with July amounted to \$4,902,000,000, an increase of 6 per cent over the exports of \$4,626,000,000 in the first seven months of last year.

Imports in July were valued at \$537,000,000 compared with \$553,000,000 in June 1920, and \$344,000,000 in July of 1919. For the seven months ending with July imports were \$3,482,000,000, an increase of 78 per cent over the imports of \$1,954,000,000 in the first seven months of 1919.

The excess of exports over imports, amounted to \$117,000,000 in July and \$1,420,000,000 in the seven months ending with July of this year, as compared with \$225,000,000 for July and \$1,672,000,000 for the seven months ending with July of last year.

## COMMERCE GETS CREDIT.

The banking system as a whole is not performing its whole duty toward the agricultural interests of North Carolina, according to A. J. Fletcher, Secretary of the Raleigh National Farm Loan Association, addressing the Farmers' Convention at Raleigh.

"It is positively remarkable to my mind," he said, "how little consideration, financially speaking, has heretofore been given the farmer and with how little the farmer has been content. The lending of a hundred dollars to a farmer placed him under an obligation to the banker that was visited upon the third and fourth generation of that farmer's family."

Why cannot farmers borrow from banks like the merchant or manufacturer? he asked his hearers. "All will admit that they are as deserving and their need is as great. It seems, however, that our whole banking system is based upon the idea that credit must be made easily available for commercial purposes, but extended very cautiously and infrequently to the farmers. Especially is this true of loans for or in excess of twelve months.

"Most of our banks favor short loans and will not make any other kind. They tell you the corporation commission will not permit them to make long term loans, and the farmer is frequently deprived of the one class of loan that can possibly do him any good. What valid reason is there why the farmer should not be accommodated, as well as others? To tell you the truth, I have lost patience with the rules and regulations of a commission or a bank that make possible such unjust discrimination against the agricultural interests of this state. I think our banks ought to make an equitable distribution of credit between the farmer and the commercial borrower."

Referring to the recent attack on the Federal Farm Loan System and the situation resulting from it, Mr. Fletcher stated that the big majority of banks refused to furnish relief, although a number of banks did all they could. At the same time, there was plenty of money available to finance the automobile agent, he said, and told the convention he whundreds of thousands of dollars were available to "promote joy riding with only a few hundred here and there to promote the production of food."

## RETAIL PRICES OF FOOD.

The average family expenditure for 22 articles of food increased from June 15 to July 15 in 32 cities and decreased in 17 cities from which monthly prices are secured. In Charleston, Cincinnati, Columbus, and Los Angeles, the increase was less than five-tenths of one per cent. In Atlanta, Buffalo, Butte, Chicago, Cleveland, Houston, Memphis, New York, Pittsburgh, Rochester, and Scranton, the increase was 1 per cent. In Baltimore, Boston, Bridgeport, Fall River, Jacksonville, Milwaukee, Mobile, New Orleans, Norfolk, Savannah, and Washington, D. C., the increase was 2 per cent. In Manchester, Newark, New Haven, Philadelphia, Portland, Maine, and Providence, the increase was 3 per cent.

The average family expenditure for July decreased less than five-tenths of one per cent in Birmingham and St. Paul. In Detroit, Springfield, and Dallas, the decrease was 1 per cent. In Denver, Peoria, Richmond, San Francisco, and Indianapolis, the decrease was 2 per cent. In Salt Lake City, Seattle, and St. Louis, the decrease was 3 per cent. In Louisville, Omaha, and Kansas City, the decrease was 4 per cent, and in Portland, Oregon, the decrease was 6 per cent. There was no change in the July expenditure as compared with that in June in Little Rock and Minneapolis.

During the year period from July, 1919, to July, 1920, the greatest increase, or 21 per cent, was shown in Springfield, Illinois. In Los Angeles and Manchester, the increase was 20 per cent, in Boston, Butte, and Chicago, the increase was 19 per cent; in Fall River, Portland, Maine, and St. Paul, the increase was 18 per cent; in Detroit, Milwaukee, Minneapolis, New Haven, Providence, San Francisco, and Kansas City, the increase was 17 per cent; in Cleveland, Mobile, Newark, New York, Peoria, Philadelphia, Scranton, and St. Louis, the increase was 16 per cent; in Bridgeport, Cincinnati, Indianapolis, Omaha, Pittsburgh, and Seattle, the increase was 15 per cent; in Buffalo, Portland, Oregon, and Rochester, the increase was 14 per cent; in Atlanta and Salt Lake City, the increase was 1 per cent; in Birmingham, Denver, Jacksonville, Memphis, and Little Rock, the increase was 12 per cent; in Baltimore, Columbus, Houston, and Washington, D. C., the increase was 11 per cent; in New Orleans, Richmond, and Dallas, the increase was 10 per cent; in Norfolk, 9 per cent; and in Charleston and Louisville, 8 per cent.

As compared with the average expenditure in the year 1913, all but four cities out of 39 from which monthly prices have been secured since 1913, increased over 100 per cent, as follows: Jacksonville, 102 per cent; Seattle, 104 per cent; Little Rock, 107 per cent; Dallas, 109 per cent; Louisville, 110 per cent; Newark and New Orleans, 111 per cent; Denver, 112 per cent; Atlanta and Charleston, 115 per cent; New York and Philadelphia, 117 per cent; Boston, New Haven, and Pittsburgh, 118 per cent; Cincinnati and Fall River, 120 per cent; Washington, D. The King's Daughters are to be congratulated upon the success of the entertainment. Eighty-five dollars was raised for this worthy cause.

## HYPHENS WINNERS OF EAST CAROLINA LEAGUE'S PENNANT

Championship Series Concluded Yesterday by Winning From Greenville.

FINAL EXHIBITION WAS HARDEST FOUGHT OF ENTIRE SEASON

Sheppard, Pitted Against Crumpler, Pitched Wonderful Game for Locals

In one of the fastest and most determinedly contested games of the season the Scotland Neck-Hobgood aggregation yesterday won the concluding game of the championship series of the Eastern Carolina League from Greenville by the score of 2 to 0. Both clubs staged an exceptionally fine exhibition, fielding errorlessly and in a way that drew applause from the great throngs of people gathered from various parts of the State to witness the decisive exhibition.

Sheppard and Crumpler both pitched in wonderful form. Crumpler gained a direct advantage in the third inning when by a free pass to first and two doubles following in rapid succession, Scotland Neck was enabled to send the only two tallies of the game around the circuit. Greenville vied hard to overcome the lead after the third frame, but Crumpler absolutely refused to yield anything in the shape of a hit at opportune moments, pitching superbly in pinches and holding runners to the bases in a way that made scoring absolutely impossible.

Greenville secured five hits against the Hyphens four, but inability to hit at opportune moments was responsible for the loss of the game.

Both clubs staged a battle that proved a fitting climax to the closing of the championship series. The game being without a doubt the hardest fought during the entire series.

### QUARTER MILLION SOLD ON LUMBERTON MARKET

Lumberton, Aug. 25.—Today witnessed one of the biggest "breaks" on the Lumberton tobacco market this season, over a quarter million pounds of the golden weed being disposed of at prices which ranged higher than they have been for several days.

At the opening of the season, the prices paid for leaf tobacco were about the same as last year, and on some grades they were slightly lower. However, there has been a gradual climb and prices today reached the highest peak touched this year. Farmers were greatly pleased, declaring the sales to be the most satisfactory this season.

Tobaccoists and warehousemen are expecting heavy sales tomorrow Friday.

### BAR RECOMMENDS EXTENDING POWER FOR TRADES BODY

(Continued from page one.) be permitted not only to complete the investigation, but to enter an order in conformity with its findings subject to right of appeal."

To carry out this suggestion, the committee advocated amendments to the Federal Trade Commission Law, the Clayton act, and "all federal anti-trust laws."

The report also urged that the commission render written opinions on "at least" every new case coming before it to establish a system of law and precedent that will enable the business of the country to know what the law is on a given point.

The committee made no recommendation on a proposed amendment to the Transportation Act, which would make chairmanship of the Interstate Commerce Commission permanent instead of rotating. The report stated however, that the committee favored such a plan.

Stressing the importance of codifying the law of sales in interstate and foreign commerce and the law of common carriers in interstate and foreign commerce, the report stated the committee favored the drafting of bills proposing to provide the necessary legislation.

### MEXICAN GENERAL FINALLY KILLED BY DESIGNING NATIVES

(Continued from page one.)

Huerta.

After many misgivings they accepted him as a general in the new army, and gave him the command of a brigade and he started for Torren on a campaign, against Villa. While enroute he stopped his trains, assembled his regimental commanders and explained that he had resolved "not to recognize" the de la Huerta regime any longer but to go into the field for the newest revolution and join Oquias, Ricardo Gonzales and the others fighting to the eastward around Monterey. But several colonels, his chief of staff and half his command deserted him.

Finally Gualardo abandoned the trains and started to march for the mountains of Nueva Leon. Soon he learned that Amaro, leaving the chase of Villa for the time, was on his track and that the risings around Monterey had been failures. The remnant of his command melted away under attacks of government troops until there remained only one faithful colonel and an orderly.

Dressed in civilian clothes, General Guajardo hid in the home of a relative in Monterey.

Meanwhile Colonel Antonio Cano, one of Guajardo's colonels who had abandoned him, had been captured by federal troops, taken to Monterey and released there. Next day Colonel Cano called at the house where Guajardo was hiding to visit the owner who also was his relative. To his surprise he found there his late commander, General Guajardo who asked him not to reveal his whereabouts. Cano, however, revealed Guajardo's hiding place, an order for his arrest was issued and with several other colonels Cano was sent to execute it.

Cano again was admitted to see Guajardo and pretended to unfold to him plans for the future. While they were talking the federal colonels entered, and arrested Guajardo. He was taken a prisoner to the state penitentiary.
