

Pitt County Fair To Open Next Tuesday Morning

Program For Mammoth Exposition Contains Interesting Features

TWO FAIRS STAGED IN COUNTY DURING YEARS OF 1911-12

First Fair Staged Here on Small Scale in 1911 at the Star Warehouse.

Attraction in 1912 was much larger and of greater interest

Parade during last exposition was imposing and impressing spectacle

The Pitt County Fair scheduled for four days—September 21st to 24th—recalls the fact that county fairs were held here in both 1911 and 1912. The first of these fairs was held in the star warehouse and the second in the Gum warehouse. These fairs differ in some respects from the one to be held this year, in that no admission was charged, no spaces for exhibits or displays were rented, no side shows nor concessions of any kind were permitted, and there was no racing. They were simply free fairs to bring the people together to display their products and have a good time. There were remarkably fine exhibits of the resources of the county, and liberal premiums, raised by subscription and aggregating about a thousand dollars each year, was paid to winners.

The second of these fairs was attended by fully ten thousand people, and was declared by people from far and near to be the best free county fair they had ever attended. Besides the attraction exhibits, the second day was featured by a great parade in which more than three thousand school children of the county participated. Through the leadership of the late Prof. W. H. Ragsdale, who was then the county superintendent of schools, nearly every school in the county attended in a body. This parade was the most imposing and impressive spectacle Pitt county had ever seen, and even until now people have not ceased talking about it.

Mr. John L. Wooten was president of the fairs both years, and Mr. D. J. Whitehead, secretary. While the preliminary work and supervision of the fairs fell largely on these gentlemen, they had splendid assistance from representative citizens from every township in the county, the officers, and all the township committees helping them giving their services gratuitously.

FOREIGN DEMANDS FOR FERTILIZER BECOMES SOMETHING UNUSUAL

Valpariso, Chile, Sept. 17.—Foreign demands for nitrate of soda chiefly used as fertilizer, is expected to amount to 3,000,000 tons during the nitrate year which began in July, reports of G. H. Jones, president of the Association of Nitrate Producers. Production of nitrate in this country's most important industry.

Exportation by the Producers' Association in the calendar year of 1919 amounted to 915,400 tons against more than 2,000,000 tons shipped abroad in 1918. But from January to July, 1920, exportation reached 1,481,200 tons—the highest figure hitherto recorded in a like period.

CHESTER D. PUGSLEY

Chester D. Pugsley of Peekskill, N. Y., will be a candidate for the Democratic nomination for United States senator in the September primaries, it is announced. He was the Democratic candidate for congress in 1916 and also had Progressive sanction. He is now a director and vice president of the Westchester County National bank, a director of the New Jersey Life Insurance company and a practicing lawyer in New York.

ATTEND SESSION OF KING'S DAUGHTERS HELD DURING WEEK

Local Women Delegates Return from Annual Convention in Chapel Hill.

Mrs. Ollie Clark and Mrs. Emma Bryant, delegates and Mesdames R. Williams, recording secretary and Ada Cherry, State Chaplain, members of the garet, McEchron, of Concord, thirty-first annual convention of the King's Daughters and Sons, which met with the Helping Hand Circle of King's Daughters in Chapel Hill on Tuesday and Wednesday of this week.

The convention was full of interest throughout the entirety of its sessions and was attended by a large crowd of delegates. The first meeting was held on Tuesday evening and the following officers were elected for the ensuing year. Mrs. William H. S. Burewyn, of Raleigh, president. Mrs. Easdale Shaw, of Rockingham, vice president, Mrs. R. Williams, of Greenville, recording secretary; Miss Margaret, M. C. Echron, of Concord, treasurer; Mrs. J. A. Manning, of Henderson, Central Council. Mesdames T. J. Wilson, Chapel Hill, W. N. Everett, Rockingham, J. A. Cannon, Concord, Ollie Clark, Greenville, D. Y. Cooper, Henderson, executive committee.

The convention was held in the Parish House of Christ church. On Wednesday the Helping Hand Circle delightfully entertained at luncheon complimentary to the delegates and officers. It was a splendid occasion and will long be remembered by the visitors. After the luncheon the Patient Circle, of Greenville, and the Stonewall Jackson Circle of Concord both extended invitations to the King's Daughters to meet with them next year. The Stonewall Jackson Circle, in their invitation expressed (Continued on page eight.)

SOUTHERN SECTION DEVELOPS RAPIDLY DURING TEN YEARS

Remarkable Growth in Population Shown by Many Principal Cities.

FORTY-FIVE CITIES HAVE POPULATION IN NEIGHBORHOOD 25,000

Winston-Salem and Knoxville Have Double Population in Ten Years.

Washington, Sept. 17.—Remarkable growth in population has been shown by a number of Southern cities in the last ten years, preliminary statistics of the Bureau of the Census show. Announcement of 1920 populations have added four cities to those of the 100,000-class in the South, making a total of ten, while seven cities have advanced into the class with 25,000 or more population, making a total of 35 in that class. In all, the South has 45 cities with 25,000 or more population.

The cities which advanced into the 100,000-class are San Antonio, Dallas, Houston and Norfolk. Of all the cities in this class Houston showed the largest rate of growth, 75.2 per cent. Dallas was second with 72.9 per cent, Norfolk third with 71.6 per cent, and San Antonio fourth with 67.0 per cent. Nashville showed the smallest rate of growth, 7.2 per cent. In point of numbers Dallas had the largest growth, the increase in the ten years having been (Continued on page eight.)

AMERICAN HEROES INVITED TO LEGION CONVENTION SOON

Fifty-Four of 78 Who Were Awarded Medals Invited

Cleveland, O., Sept. 17.—Fifty-four Americans still living of the 78 who were awarded congressional medals of honor in the world war—the highest military honor that can be bestowed on an American soldier—have been invited by the Cleveland convention committee to be its guests of honor at the second national convention of the American Legion to be held here September 27, 28 and 29. All their expenses will be paid by the committee.

Enough of the 54 have already accepted the invitation to assure the success of the first reunion ever held of the country's highest honor men. It is proposed to have the medal of honor men form a permanent organization while they are here. Among those who have accepted thus far are: Raly Hill, Oregon, Ill.; Benjamin Kaufman, Brooklyn, N. Y.; Sidney G. Gumpertz, New York; John L. Berkley, Blairstown, Mo.; Joseph B. Adkinson, Atoka, Tenn.; M. Waldo Hatler, Neosho, Mo.; Earl D. Gregory, Chas City, Va.; Alan L. Eggers, New York; E. R. Talley, Russellville, Tenn., and James C. Dozier, Rockhill, S. C. "As the outstanding heroes of the American Expeditionary Force these 54 men, whose deeds of conspicuous gallantry won for them the congressional medal, will be treated royally here," said Colonel C. C. Chambers, general convention chairman. "The bravery citation of each man stands out like a beacon light in American heroism." (Continued on page eight.)

MONROE DOCTRINE LAUDED IN SPEECH BY NOTED LAWYER

Dr. Quintana Declares that Issue is Not For America But for North America

SAYS ALL AMERICAN COUNTRIES SHOULD BE INVOLVED IN ISSUE

Noted Argentinian Declares Doctrine is Essential to Latin America.

Buenos Aires, Sept. 17.—The Monroe Doctrine is not a doctrine of "America for the Americans," but of "America for the North Americans," declared Dr. Lulco M. Moreno Quintana, an Argentinian lawyer and a grandson of a former President of Argentina in an address recently before the law students of the University of Buenos Aires in which he attacked the proposal made by President Berra of Uruguay last April for the formation of an "American League."

President Berra's idea that the league should be based on a declaration by all Latin-American countries similar to the Monroe Doctrine which would place them on a footing of equality with the United States, in insisting that doctrine, was asserted by Dr. Quintana to be a dangerous one for Latin-America. He told the students that the danger lay in "North American imperialism," for the Monroe Doctrine was an imperialistic doctrine solely intended to maintain North American hegemony over the rest of the continent.

Dr. Quintana contended that the safety of Latin-American countries lay in the formation of a league exclusively among themselves, a Latin-American (Continued on page eight.)

FORMER EXILE TO PRESIDE AT GREAT CALCUTTA SESSION

Lajpat Rai, Leader Lawyer of India, to Figure in Indian Congress.

New York, Sept. 17.—Lajpat Rai, one of the leading native lawyers of India, who is to preside at the Indian National congress in Calcutta this month, was a political exile in New York for four years. During this time, 1916 to 1920, he was the foremost figure in many local movements for India's freedom. Around Rai, who is the idol of the Hindus and Moslems united in the movement having for its object the self-government of India as an autonomous dominion of the British Empire, there clusters the memories of many battles for home rule.

In 1917, the fiftieth anniversary of the Indian Mutiny, when rioting by 2,000 Daoists in eastern Bengal was taken as the precursor of a nationwide uprising, Sir Danzil Ibbetson, lieutenant governor of the Punjab, declared martial law in Lahore and arrested 36 alleged radicals of whom Rai was the ringleader. Rai, a financier, intellectual and formerly a prominent member of the Lahore bar, was reported to Mandalay in Burmah, where he remained for several months until the excitement subsided. Upon being released Rai was acclaimed by a crowd of admirers in Lahore and carried in triumph upon men's shoulders through the streets.

Daily Program For Pitt County's Fair Made Public Today

MRS. H. W. MOWERY

Mrs. Harold W. Mowery, daughter of Belle Boyd of Martinsburg, W. Va., the famous Confederate spy, has filed suit for separation from her third husband in the New York supreme court.

FIRST EXPOSITION PROMISES TO BE OF UNUSUAL INTEREST

Opening Day to be Featured by Address by Senator Fordy Harding

SEVERAL FREE ACTS TO BE STAGED DAILY AT THE FAIR GROUNDS

Attraction to be Formally Opened Preceded by Parade Tuesday Morning

The official program of the Pitt County Fair, which opens in this city next Tuesday, September 21, has just been announced by directors, and while it does not embrace every feature of the mammoth exposition, it is a pretty good idea of what may be expected each day, particularly the most important features which have already been announced from time to time. Practically every plan for the success of the exposition has been worked out in a satisfactory way, and, moreover, the opening is expected to be one of the most auspicious of its kind in this section of the state.

KRAUSE SHOWS TO FURNISH MIDWAY'S FEATURES AT FAIR

Noted Carnival to Arrive in Greenville Saturday to Fill Engament.

ONE OF THE LARGEST CARNIVALS TRAVELING IN THE UNITED STATES

Two Concert Bands and Many Free Acts to be Furnish Exclusively by Shows

The Krause Greater Shows will arrive Saturday evening September 18th on their own special train, and will be the midway attraction at the Pitt County Fair which is scheduled to take place next week. Among the feature attractions are Robertlas' "Dog, Pony and Monkey Circus," "Dixieland Troubadours," a plantation show consisting of 35 real colored performers and a number of others. For a hearty laugh see "Mutt and Jeff," in "Over the Top," The man with the human heart "Lynch," "Slim Jim," the funny man. The land of living freaks. Met's Circus side shows and a number of other restricted attractions, including a whip, merry-go-round, Ferris wheel and tango swings.

Krause Greater Shows is the greatest amusement aggregation in the world. By all means see this feature. The exhibits will be numerous and worth seeing many times over. This show has played from coast to coast, and has a reputation of being one of the best, cleanest shows on the road. It is exactly as advertised and has never fooled the public. As we have already stated it will be the midway attraction at the Pitt County Fair.

There are quite a number of attractions to be connected with the fair that will keep interest at a proper height at all times. Midway features will be staged upon an extensive scale, including many things out of the ordinary and which will prevent the keenest interest from laxing at any single time during the event. Five special free acts will take place at different times, in fact, something along this line will be in progress virtually throughout every day, which, in connection with features provided on the midway by the Krause Greater Shows, will make an exceptionally appealing combination to those seeking both pleasure and profit. Nothing has been left undone in the way of making the exposition one of the best in this section of the state, therefore, the following program will be read with interest by those who have been watching developments from time to time for the past several months. The program:

- Tuesday 21st.
 - Parade 11 o'clock.
 - Opening Fair Grounds 12 o'clock with an address by Hon. F. C. Harding.
 - Racing 1 o'clock.
 - Beginning night performances 7 o'clock.
 - Wednesday 22nd.
 - Opening Fair Grounds 9 o'clock.
 - Parade 11 o'clock.
 - Racing 1 o'clock.
 - Beginning night performances 7 o'clock.
 - Thursday 23rd.
 - Opening Fair Grounds 9 o'clock.
 - Racing 1 o'clock.
 - Beginning night performances 7 o'clock.
 - Friday 24th.
 - Opening Fair Grounds 9 o'clock.
 - Racing 1 o'clock.
 - Beginning night performances 7 o'clock.
- Besides the regular program there (Continued on page eight.)

TO CELEBRATE THE DEATH OF UNUSUAL ROMAN CHARACTER

Preparations in Progress to Ob- serve 600th Anniversary of Dante Alighieri.

Rome, Sept. 16.—Preparations are being made to celebrate in 1921 the 600th anniversary of the death of Dante Alighieri in Rome, Florence and Ravenna but a disagreement already has developed as to the expense of the proposed celebration.

Sen Benelli, poet, dramatist and deputy, has introduced in the Chamber of Deputies, bill appropriating 2,000,000 lire to cover the cost of lectures, commemorations, illuminations and other forms of tribute.

This proposed expenditure, however, is opposed by Benedette Croce, the newly appointed Minister of Instruction, himself a distinguished poet, critic and author, who declared that in these hard and serious times he disapproved on the principle of this form of honoring the memory of Italy's supremely great writer.

Instead Signor Croce invited his fellow countrymen to celebrate the six-hundredth centenary of Dante's death by re-reading the works of the great poet. Some approve of this suggestion while others were indignant.

The poems of Dante, even in Italy, are more talked about than studied and it is to be feared that few will do more than take down and handle with reverence the much thumbed copies of the poet who gave the first great impulse to modern European literature.

Specific Sums to be Kept by Government to be Repay- able in 30 Years.

Capetown, Sept. 16.—Property of Germans to the value of \$9,000,000 is to be retained by the South African government as a loan repayable in 30 years. This intention of the government was announced today in the South African House of Assembly by the Premier, General Smuts.

He explained that enemy assets held by the Custodian of Enemy Property in South Africa totalled \$13,000,000 of

which \$3,000,000 had already been paid out to Germans domiciled in South Africa. Of the remaining \$10,000,000, one million pounds would be temporarily employed applied in satisfaction of South African claims on Germans or debts or for property in Germany sequestered by that government.

On the balance of \$9,000,000, the government of South Africa has decided to pay interest at 4 per cent, raising the total to \$10,000,000, which will then be held by South Africa as a loan from the German owners for a term of 30 years, the government paying owners 4 percent interest.

Premier Smuts added that the government did not propose to pay this money to the Reparation Commission, which would practically mean confiscation. As there was no guarantee that if the money was sent to Germany it could ever reach the proper owners, he said, it had been decided to take it over as stated, namely, as a loan.

Files Petition for Re-opening With Interstate Com- merce Commission

The State Corporation Commission and the North Carolina Traffic Association were officially notified yesterday that the Virginia Corporation Commission has filed with the Interstate Commerce Commission a petition requesting that body, not only to reopen the North Carolina rate case for argument, but to set December 15 as a date for the introduction of additional testimony.

Following the decision in the case, which hung fire for more than a year, the Virginia Corporation Commission and the railroads involved, asked for a re-opening of the case. The Interstate Commerce Commission authorized such a re-opening, for argument only, specifying that any data which parties to the case might wish to file with the commission should be filed by September 23. September 30 was the date set for the argument, and both the corporation commission and the North Carolina Traffic Association are prepared for the argument.

The newest petition came as somewhat of a shock to the North Carolina traffic men. Mr. M. B. Beaman, secretary of the North Carolina Traffic Association, Mr. I. M. Porter, secretary of the North Carolina Wholesale Growers Association, and Mr. W. G. Womble, rate clerk of the Corporation Commission, are united in the opinion that the granting of the latest petition will delay the operation of adjustments

Quality is the Important Thing in Your Clothes

When men's clothes were not so costly, mistakes were not so costly, either.

If a suit proved to be a bad investment a man could buy another one.

Today it's different. Men want quality. Stratford Clothes are created because they cannot afford to make mistakes at present prices. That's why we urge you to buy

STRATFORD CLOTHES For the Well-Dressed Man

You can't make a mistake on their quality. Stratford Clothes are created by a clothes making institution nationally known for its strict adherence to the highest code of quality. No better clothes are made. :: ::

Carolina Fertilizer & Phosphate Co.

Greenville's Latest Industry.

Greenville has been fortunate in securing a branch plant of the Carolina Fertilizer and Phosphate Company. The buildings will be located on the site of the Bill Mill, just South of the city. Work on the plant is progressing rapidly and the company will be manufacturing fertilizer at this point during the month of January 1921. The daily output of this concern will be from 300 to 500 tons daily. The sale of stock insures a line of consumers for the whole output, since most of the stockholders are farmers. The wants of those persons who have purchased stock with this company will be supplied before those of outside farmers.

THE GREENVILLE PLANT will be one of a chain; the other plants being located at Raleigh and Fairmont. At Raleigh there will be a large distributing plant and an acid chamber. Rocky Mount is now asking to come into this chain and promises that the citizens of that section will take stock sufficient to justify the company in locating a plant there.

PITT COUNTY IS A GREAT AGRICULTURAL COUNTY. Last year its products were worth more than \$30,000,000 in cash. Its farmers are most liberal in the use of fertilizer and produce the finest crops in the State. With this fact in view, Greenville is ideally located for a good fertilizer plant.

THE CAROLINA FERTILIZER AND PHOSPHATE COMPANY OWNS ITS mines in Florida. The phosphate field which is the property of this company covers approximately 2000 acres. Since this is true, the company will use only the best fillers and can secure them from their own mines at a very much lower cost than many other con-

cerns. Besides having this phosphate at hand, the company has purchased enough material to insure the farmer that he will be able to get deliveries from these plants during next season. Buying materials in such large quantities greatly decreases the cost of production; therefore the consumer can secure good fertilizer for a price much lower than he would pay if buying from a dealer.

SALESMAN WILL BE UNNECESSARY since the stockholders of this company will use its output. An experienced man will have charge of each of the plants and will encourage the sale of fertilizer directly from the platform or through orders that come directly from the consumer to the office. By eliminating the retail salesman, a great item of expense will be done away with and the company can enable the consumer to save the commissions which would be paid to the retail agent. In other words, the object of the Carolina Fertilizer and Phosphate Company is TO SELL DIRECTLY FROM FACTORY TO CONSUMER AND TO INSURE SERVICE AND QUALITY.

THE OFFICERS OF THIS COMPANY are North Carolina men helping to build up a North Carolina industry. The money which is made through the successful operation of this company will return to the people of this State, because they are the stockholders. Thus the money made by the Carolina Fertilizer and Phosphate Company will be kept at home. The people of our State should see the advantage of a company operating along this line and lend their hearty cooperation in helping to establish these plants in different sections of North Carolina.

PAINTS

Spotless Paints, Oils and Varnishes are guaranteed to give satisfactory service. Call for color card and get our prices.

SPOTLESS ROOFING

Asphalt gives you a lasting roof protection at low cost. Easy to apply, small upkeep. Carries Underwriters Approval which means low insurance rate. Guaranteed full length, full weight and highest quality. Samples of various grades and prices upon request.

FORD TOP RECOVERS

For Roadster and Touring cars. Fit guaranteed. Recovers for other cars made to order from any material, Auto-Rubber, Ford Touring. \$16.85

POWERMAKERS

Let the Ford do your work. Own a portable power plant of your own. Ask us how.

AIRTIGHT HEATERS

Well known to those who burn wood. Made of sheet steel, lined half way up. Fire fed through large door in top. Ashes moved at bottom. Keeps fire over night. Responds instantly to draft. We carry five sizes. Medium size 20 x 26 inches. \$3.15

The Spotless Retail Store

At Greenville For Your Convenience

With a branch store in your locality we can render you a personal service. Come in, look over our merchandise, make your own selection, compare the quality and price with those of other firms in the same town, and know your exact saving. All our goods are bought direct from the manufacturer. This means no middle man's profit and a great saving to you. Every article you see in our store is the exact duplicate of the same article you would receive by ordering through the mail. If you need anything that is not carried at the store ask our manager if he can supply from Richmond stock.

WHO WE ARE

The Spotless Co. has built its reputation upon the good will and loyalty of the Southern people. Our business started in a very small way and with the steady co-operation of our friends we now reach more than 100,000 customers. This loyalty and confidence is gained by giving prompt service, a square deal to every one, considerate treatment in every case, and full value for every dollar spent with us. On this basis we hope to merit your trade.

VISIT US

When you are in Richmond come around to see us. Makes no difference whether you buy or not. It will be a pleasure to show you our new building so you may see how well we are equipped to handle your orders both promptly and carefully. We want you to know us and become acquainted with the Home Office that back Spotless Retail Stores in every transaction you have with them. You will then have more confidence and know we are everything we claim to be.

OUR GUARANTEE

Every article you purchase from the Spotless Co. is guaranteed to give perfect satisfaction in every respect. If for any reason you are not pleased, merchandise may be returned. The purchase price you paid together with transportation charges both ways will be cheerfully refunded. This gives you confidence and offers you a great saving.

FRIDAY, SEPT. 17, 1920.

Greenville extends a cordial welcome to fair visitors during the coming week, and hopes that the occasion will be pleasing and inspiring in every way.

Two prominent Revolutionists of Mexico have given up the warpath for a more constructive kind of life, so after all, it looks like the country is destined to make something of itself. It certainly deserves a better sort of life, and if the revolutionists measure up to that expected of them, the change will not be so long off.

Senator Harding may be able to pull his front porch ideal off effectively for a while, but when the time comes to vote he will be far enough away from the poles for the voter to forget he ever said anything constructive during the campaign. And, quite naturally, of course, the vote will be exactly opposite to what he would have it.

If the Federal Reserve system helps the farmer over the present serious situation it will have accomplished its mission to the minute. There is greater demand for its assistance now than ever, and should it not measure up to public expectation there is little reason to believe that it will ever be more than what it was in a prosperous season.

The Mayor of Cork may think that starving himself to death will accomplish his mission, but if he lived in America he might go at the matter in a different kind of way. Think of one of Uncle Sam's boys starving for the sake of a principle. He would rather die fighting than hungry, and this very fact is responsible for the country's resources now.

Governor Cox seems to be meeting with more than ordinary approval in his swing around the country on a speaking tour, therefore, it is quite natural to expect that his vote will be pleasing in the coming election. The Democratic presidential choice way of expressing himself that is direct and forceful, and what he has said so far has had great impression with the public. He has gained a splendid following, and will not disappoint the public if elected to the high office to which he aspires.

The Republican party may have something to do with the money shortage, as some appear to think, but if they have anything to do with the low prices of tobacco there is every reason to believe there will be room for regret. The situation is a delicate one indeed, but it will not cause the masses to forget the duty to the Democratic party that led the world through one of the greatest conflicts in the annals of the world, and then started out with one of the greatest programs of reconstruction of all other nations. The party still has its mission, and a change now could do the world no good.

Ratification of the suffrage amendment by Connecticut puts to an end the uncertainty which has clouded the issue for several months. In fact, the action of Connecticut removes all doubt regarding the measure in every part of the world, and the argument that Tennessee's ratification was illegal may be abandoned completely. The American woman certainly deserves an unquestioned privilege of asserting her desire as to who shall guide and mould the country's destinies, and the success which has attended the issue is pleasing to everyone that has watched the great fight even in its insipient

PITT COUNTY'S FAIR.

The opening of the Pitt County Fair in this city Tuesday, September 21st, without a doubt marks one of the most eventful eras in the annals of the county, and desiring to live up to the true greatness of the moment The Reflector in this edition contributes its part to the fair's success, and extends a cordial welcome to the thousands of people who will throng the city during the entire four days. The edition is by no means a masterful attempt in newspaper production, but it reflects in a comprehensive way the spirit of the people and what the fair is really going to mean to them.

We have made no special endeavor to make the edition of more than ordinary size, in fact, no unusual advertising campaign has been inaugurated in an effort to make the issue excel all others in the paper's history, but we have tried to get all prominent business firms and industrial organizations represented to such an extent that the reader may be able to fully comprehend the enterprising spirit of the county business men and their desire in doing their part in making the locality truly one of the greatest on earth. The Reflector for many years has been the principal news medium of the country; its sole ambition has been to serve the people energetically, untiringly and efficiently, and in presenting this fair edition to the public, setting forth the many features of the mammoth attraction, we feel that we have filled our mission in an acceptable way, and therefore, believe that the public in turn will be appreciative of our efforts in its interest.

The Pitt County Fair is the first in a number of years and is the outgrowth of the ambition of three prominent business men who have spent liberally in construction of the fair ground and securing the requisites necessary to make the occasion what they would have it. Messrs. Haywood Dail, W. M. Price and R. L. Smith have left nothing undone to detract in any way from the success of their ambitious endeavors, and it is up to the county people to stand firmly behind the moment and help make it one of the greatest agricultural fairs in the state. This can be done if proper support is extended, and year after year the attraction will develop into an industrial exposition which people everywhere will be glad to attend.

There are many counties of the state that have fairs this year, and while Pitt county cannot possibly expect to develop into a great agricultural exposition during its very first season, yet there has been just enough attractions of every kind provided to be helpful and reactional to everyone attending. The promoters have looked after this end in a resourceful and gratifying way, therefore, those who put down business for a short duration and come to Greenville to see what really will be doing will be well rewarded for time lost. Every home and business house will throw open its doors to entertain the thousands of people from every section of the state, and it is certain everything will be done for uninterrupted success while the fair is in progress.

The Reflector gladly reiterates the invitation that has been extended by publicity managers for several weeks, and joins with one and all in making the event the truly auspicious occurrence it is destined to become.

stages. There can be no argument against woman's inalienable right to vote now, for this has been legally granted by thirty-six states. The future remains to tell whether or not her influence will be felt, and whatever the result no one can say candidly and truthfully that ratification did not come about squarely.

The way farmers, business men and bankers are organizing over the country in an effort to create better prices for tobacco causes one to believe that a change will be brought about in a considerably shorter time than these responsible for the low prices anticipated before the markets opened. The action is only right and just for no man can sell at a price under that cost of production. The tobacco planter would be doing this if he sold at the present prices, and what is more, hundreds of homes would be deprived of that which they should have under ordinary circumstances. It is true that readjustment in the world market is not far off, but it must come about more gradually and not quite so radically as that on the tobacco market. The situation is unparalleled. South Carolina did splendidly, in fact, the tobacco in the rough produced in that state sold for the same price as the splendid quality grown in this section of the country. Is it any wonder that the planters should be indignant? There is only one thing to be done, and that is to follow the resolutions drafted at mass meetings, in which it was advised to hold the crop in the very best of condition until prices became better, and to market slowly and give the market a chance to recover. The

outlook at this time is rather discouraging, but there is one consolation, and that is Pitt county can stand the situation about as good as any, and means to stand firmly behind organized effort to effect a change in conditions.

STATE DEMOCRATIC TICKET FOR NOVEMBER ELECTION

- The state, congressional and judicial tickets of the democratic party to be voted this year as follows:

 - Fourth district, Edw. W. Fou.
 - Fifth district, Charles M. Stedman.
 - Sixth district, Horner L. Lyon.
 - Seventh district, William C. Harner.

MARSHALS ARE READY TO CONDUCT PARADE ON OPENING DAY OF FAIR

Chief Marshal J. B. Kittrell, of this city, since being named as chief marshal, of the Pitt County Fair, and realizing that a great part of the work of making the parade on the opening day a success has been busy appointing aides and preparing to handle the big pageant on that day.

The list of assistant marshals is made up of men from every township in the county, and they will be on hand to do their part on the opening day.

The marshals will be mounted and will lead the parade, directing it at the turns and conducting it along its line of march.

CHINESE BANKERS PLACE BAN ON LATEST BONDS IN CIRCULATION IN COUNTRY

Shanghai, Sept. 17—All of Shanghai's larger Chinese commercial and banking institutions have placed a ban upon the latest issue of bonds offered by the Peking government and sold for a time in Shanghai at 12 percent of their face value. It was reported in Chinese financial circles in Shanghai that the Peking government brought out \$20,000,000 worth of these bonds after failing to obtain money for current needs from Japan or from other sources.

The attitude of the commercial and financial interests in connection with the bonds was set forth in a telegram of protest that was sent to the Peking government. This was signed by 52 local organizations and the Shanghai Street, Unions, representing all the larger trading guilds of the seaport. In this message it is pointed out that these bonds will in time come into the hands of foreigners who will enforce the demand that they be redeemed at full face value.

125 HORSES ALREADY ENTERED FOR FAIR RACES.

125 horses have already been entered for the Pitt County Fair races which take place next week, beginning on Tuesday, September 21. All these horses have a splendid record and the races promise to be one of the biggest events of the fair.

Mr. C. L. Parker, of Jackson, spent Thursday in Greenville, on business. Mr. W. T. Eaton, of Winston-Salem, was in Greenville yesterday afternoon.

Cotton Farmers Take Notice

We will be ready to gin your cotton Monday, September 27th. We will not operate before that date.

For your benefit as well as ours and to avoid having gin cut cotton we would advise that you let your cotton lie in bulk in the house and dry out a few days before you gin it.

You know what the buyers do to gin cut cotton when you go to sell it.

We have just overhauled our machinery, put in new saws and will be ready to give you the best service possible in the ginning business.

Thanking you for all past favors and your future patronage. We are, Yours to serve,

"JOHN -- HAVE YOU GOT THE KEY?"

The first thing a family thinks about on its way back from the lake—is the key to the house.

After that has been uncovered and discovered—it looms up that Dad and the boys need the key to the Fall hat situation.

That's where we come in.

Welcome home Browns—glad to get back grays—tans to match your tans—and going again next year greens. Stetson made them—and you know what that means.

New Fall Caps.

SOCIAL - PERSONAL

HARVEST.

Though the long seasons seem to separate

Sower and reaper or deeds dreamed and done,

Yet when a man reaches the Ivory Gate Labor and life and seed and corn are one.

Because thou art the doer and the deed Because thou art the thinker and the thought,

Because thou art the helper and the need.

And the cold doubt that brings all things to naught.

Therefore in every gracious form and shape

The world's dear open secret shalt thou find,

From the One Beauty there is no escape

Nor from the sunshine of the Eternal mind.

The patient laborer, with guesses dim, Follows this wisdom to its secret goal.

He knows all deeds and dreams exist in him,

And all men's God in every human soul.

—Eva Gore-Booth.

Miss Lucille Hooker, of Aurora, is visiting Misses Emma and Almata Malison.

Messrs. Roy Hardy, Jake Dixon and Henry Clay Edwards, left this week for Charlotte Hall, Md., to attend school. They were accompanied by Dr. Joe Dixon and Mr. H. C. Edwards.

Mrs. Sidney Lamb left this afternoon for a visit in Conetoe.

Mr. and Mrs. Hugh Sheppard, of Wilson, are spending the day in the city.

Messrs. H. G. Banks and J. C. Perry, of Elizabeth City, spent several hours in the city Thursday.

Mr. E. L. Davis, of Elizabeth City, is among the business visitors in Greenville.

Mr. W. G. Privett, of Raleigh, made a short business trip to Greenville during yesterday.

Mr. A. C. Betts, of Raleigh, was in Greenville several hours Tuesday.

Mr. T. B. Coleman, of Charlotte, was numbered among the visitors spending Thursday here.

Messrs. C. M. Little and F. L. Edens of Washington, were in the city yesterday afternoon.

FORTY PAGES ISSUED BY REFLECTOR TODAY IN HONOR OF THE FAIR

This forty page Pitt County Fair edition of The Daily Reflector speaks for itself in coming for the approval of the public. Such an edition of the paper was made possible only through the liberal advertising space taken by Greenville's and Pitt county's enterprising business people, and what they have to say is commended to the consideration of the thousands of people who will read this paper. These advertisers have the community spirit and county pride make things possible. They not only invite you to visit their establishments, but they will accord you every courteous treatment when you call and will serve you with the best to be had.

More than this, these advertisers join with the promoters of the fair and with this newspaper in extending a hearty invitation to everybody to come to the Pitt County Fair on the 21st, 22nd, 23rd and 24th and have a good time. You will find attractive exhibits and interesting amusements at the fair grounds, and Greenville opens her gates wide to bid you welcome.

MARRIAGE LICENSES ISSUED SINCE REPORTS OF TUESDAY

The following marriage licenses have been issued by the register of deeds since the report Tuesday:

White—Miss Burrus Sauls of Ayden to Mr. Samuel Pierce of Ayden.

Miss Grace Perkins of Carolina township to Mr. R. E. Parker of Edgecombe county.

Colored — Emma Grimes to Rufus White, both of Chicod township.

DECORATORS HAVE ARRIVED TO DECORATE FOR PITT COUNTY FAIR.

The special decorators for the Pitt County Fair, arrived yesterday, and today began decorating for the big event. They come highly recommended as artistic decorators, and when they finish the city will have put on an appearance of a real fair. Decorate and help add to the success of the Pitt County Fair.

Mr. R. R. Cotten, of Cottendale, was in Greenville several hours Thursday.

TURKISH CUSTOMS SLOWLY DISAPPEAR IN MANY DISTRICTS

With Crumbling of Authority, the Fez of Subjects Vanishes Rapidly.

MOSLEMS STILL CLING TO OLD CUSTOMS WHICH OTHER PARTS ABANDON

Osman Agha, Terrorist Governor, Endeavoring to Maintain Old Styles.

Constantinople, Sept. 16 — With the crumbling of Turkish authority and influence, the fez, the badge which all Turkish subjects, Christians, Jews and Turks alike, are supposed to wear, is rapidly disappearing. Although the

Moslems still wear their fezzes in the streets, they no longer cling to them slavishly indoors. Soon the Turks may be wearing hats with brims in Constantinople. Moslems in other parts of Turkey insist the Mohammedans in the capital lost their religion long ago through their desire to imitate the infidels.

As all heads must remain covered in the mosques and it is quite impossible to touch one's forehead to a prayer rug while wearing a hat with brim, the fez is indispensable to the faithful Moslem who prays daily to Mecca. Even military and naval officers must wear visorless caps.

The fez still prevails in Anatolian cities. In fact it is unsafe for foreigners to wear a hat in many of them unless he desires to attract a crowd of hooting small boys and run the risk of starting a riot. Osman Agha, the terrorist governor of Kerrassunde, recently checked the tendency of non-Moslems in that city to get away from old customs.

TO ASK PRESIDENT TO AID DEMOCRATS IN CAMPAIGN ISSUE

Senator Harrison Says Executive May Deliver Few Campaign Speeches.

New York, Sept. 15.—President Wilson will be requested to participate actively in the present national campaign, Senator Harrison, chairman of the speakers' bureau of the Democratic National Committee announced today.

The reason President Wilson had not previously been asked to lend his aid to Cox and Roosevelt, Senator Harrison explained, was that the President's health was not thought to be good enough to permit his indulgence in the ardor of a campaign.

MONROE DOCTRINE LAUNCHED IN SPEECH BY NOTED LAWYER

(Continued from page one.)
 league of countries of the same origin, analogous customs, similar language and professing the same ideals and aspirations. It should be formed "with the end of uniting their common interest and presenting a defensive bloc" against North American imperialism and against any European pretensions, though he believed the latter would be very remote.

The recognition of the Monroe Doctrine in Article 21 of the pact of the League of Nations was a matter, he said, "upon whose consequences for them, all the Latin-American countries, ought to meditate profoundly." Although Dr. Brum's Pan-American concept was that of equality and fraternity among all the nations of the two continents, Dr. Quintana declared that any one who considered that the United States would pretend to treat the rest of the countries of America as equals and brothers was utopian.

SOUTHERN SECTION DEVELOPS RAPIDLY DURING TEN YEARS

(Continued from page one.)
 66,872. San Antonio was second with 64,765, Houston third with 59,276 and Norfolk fourth with 48,325. New Orleans, the South's largest city, showed a numerical increase of 48,144 which was fifth largest and a rate of growth of 14.2 per cent.

Of the cities of the 25,000 to 100,000 class Miami, Fla., showed the highest rate of growth, its percentage having been 44.1, while Wichita Falls, Tex., ranks second with 38.8 per cent and Tulsa, Okla., third with 29.4 per cent. Tulsa advanced from 50th city of the South to 16th. Wichita Falls from 11th to 32nd, and Miami from 175th to 43rd. Other cities of this class which have more than doubled their population in the ten years are Knoxville with 114.1 per cent and Winston-Salem with 113.2 per cent.

It is not possible to give the 1920 rank of all Southern cities of 10,000 or more population as the population of several has not been announced. The following list shows the 1920 rank of cities of 25,000 or more which is not likely to be changed by the population of cities yet to be announced. The remainder of the list shows the relative position of the cities having less than 25,000 population. Their 1910 rank will show how they have grown in ten years in comparison with other cities.

Mr. J. L. Shackelford, of Farmville, spent yesterday evening here.

MASONS HOLD INTERESTING MEETING IN GRIFTON

The Fifth Masonic District of the Grand Lodge of North Carolina A. F. and A. M., held its fifth annual meeting yesterday at Grifton with about four hundred Masons present. The following officers were elected: Dr. W. W. Dawson, Senior Warden; J. J. Elks, Junior Warden; S. A. Jenkins, Secretary; W. B. Wilson, Treasurer.

After the meeting and the election of officers, the visitors were invited to the Methodist church and Dr. J. B. Turner, pastor of the Immanuel Baptist church of Greenville, delivered a splendid address.

Dinner was served on the lawn of Mr. Joel Patrick.

The day was thoroughly enjoyed by all the Masons attending, and much interest was manifested.

NUMBER 31.

MILITARY BAND TO FURNISH MUSIC AT PITT COUNTY FAIR

North Carolina's Own Regiment Band Secured From the Government.
FIRST BAND TO PLAY NATIONAL ANTHEM IN EUROPE DURING WAR
Musical Program to be Coordinated With Regular Fair Program.

The 28th Infantry "North Carolina's own Regiment" Band will visit and furnish music for the fair here according to news received from the War Department, through the District Army Recruiting Office at Greensboro several weeks ago.

The program for their music will be co-ordinated with the program outlined by M. W. Price, secretary of the fair, and it is expected that the band will be a large drawing card for the fair inasmuch as it will be the first real military band that has visited the city for this purpose and also because it is one of the star bands of the army. It consists of twenty-five pieces with practically every man a veteran of the famous First Division which was the first to land in France and the last to return home.

This band has the peculiar honor of having been the first American military band to play the Star Spangled Banner in Europe during the world war, which happened on June 27th, 1917, when the 28th infantry as a vanguard of the American Expeditionary Forces began to land at St. Nazaire, France. It was also the first American band to play as the American troops crossed the Armistice line at Verdun into Luxembourg. It was also the first band into Germany and across the Rhine, playing airs to the defeated Hun.

The members of this band during the war served as stretcher bearers and infantrymen through five defensive sectors and through the offensive operations of Cantigny, Soissons, St. Mihiel, Muse Argonne and Sedan. It's services were indispensable in building up the morale of the regiment and particularly in soothing the nerves of the veterans in playing music to them when they came out of each of the above drives.

Its leader, Mr. Tyler, has seen twenty-one years service in the United States army and his travels in the service as band leader have taken him around the world. He has directed band concerts in China, Japan, Honolulu, the Philippines, Guam, Cuba, France, Belgium, Germany and Italy. Practically all of the members of the band are musicians of travel and experience in foreign countries, particularly during the life of the American Expeditionary Forces and in addition to being a splendid band it also contains an up-to-date orchestra for inside work with as many pieces as are suitable to the occasion.

MISS MAYCIE SOUTHALE ELECTED SUPERVISOR OF THE COUNTY SCHOOLS

The County Board of Education of Pitt county has taken another forward step in the election of Miss Maycie Southale of Columbia, Tennessee, as supervisor of the rural schools of the county. This step puts the county in line with other progressive counties of the state and the south. This officer is a very important addition to a county department of education. One of the chief needs has been a closer supervision of the work of the rural schools. Now that the state and county are putting more money than ever before into the rural schools it is imperative that they be given closer supervision than the administrative duties of the county superintendent will permit him to give.

Miss Southale will spend her entire time with the teachers in the rural schools, going from one school to another and staying long enough to be of service to the teachers, especially the young and inexperienced ones. She is unusually well prepared for the duties of her position.

DR. W. N. C. CARLTON
Dr. W. N. C. Carlton, for the last ten years librarian of the Newberry library in Chicago, has been appointed librarian of the American library in Paris and European representative of the American Library Association in all library activities in Europe. Doctor Carlton will also have under his immediate direction the A. L. A. library at Coblenz.

SOCIAL FEATURES FAIR WEEK TO BE OF MUCH INTEREST

Fair to be Ushered in by Parade Beginning at Court House at 11 O'clock

INFORMAL DANCE TO BE GIVEN IN HONOR OCCASION WEDNESDAY

Elaborate Preparations in Progress for Marshal's Ball Friday Night.

The opening day of the Pitt county fair will be ushered in, in reality, by a mammoth parade to begin at the court house Tuesday morning at 11 o'clock, and present prospects indicate that the occasion will be staged on the largest scale of any other of its kind ever conducted in this section of the state. Decorators are already at work on the splendid floats to feature in the parade, and by the opening day it is expected that the entire city will be dressed in gala day attire.

There will be several social features connected with the fair which promise to be of more than usual interest in every way. The first will be the big dance to be conducted either on the streets or in one of the large tobacco warehouses of the city Wednesday night, September 22. This occasion promises to be one of the greatest of the entire week, will be conducted informally and participated in by hundreds of couples attending the fair from this immediate territory and visitors. Everything is being done to make it conform minutely to the significant meaning attached to Pitt county's initial attraction, and preparations now in progress apparently predict splendid success.

The marshal's ball Friday night will probably eclipse all other social attractions of the week because preparations will be more elaborate and painstaking in every way. The occasion will be formal and attended by lady friends and wives of the thirty-five marshalls.

The marshalls for the fair are: Chief Marshal, J. B. Kittrell; Assistants: W. B. Warren, D. J. Whitehead, Jr., C. T. Munford, Jr., D. R. Carter, S. L. Ragdale, Lindsey Swindell, T. T. Hollingsworth, Robert Greene, Frank Rice, J. C. Lanier, M. K. Blount, Luther Herring, Seth Hooker, Jr., Cecil Cobb, Charles White, Jack Brown, Clyde Tyndall, Tom Andrews, J. C. Galloway, Arthur Joyner, W. Leslie Smith, Jack Lang, Dennis McLawhorn, C. A. Marshallander.

JAPAN WOULD KEEP ABREAST OF NATION IN BUILDING SHIPS

Diet Considers Advisability of Spending Sums to Keep Pace With America
REPORT OF SPEECHES PRESENTED IN BRIEF MANNER BY REPORTER
Outlines Spirit Prevailing and Attitude Towards United States.

Tokio, Sept. 17.—There was a debate in the Japanese Diet recently between Premier Hara and a representative over the question whether it was necessary for Japan immediately to expend a large sum in an attempt to keep abreast of the United States in the building of warships. The discussion was briefly reported by cable at that time, but the official report of the speech delivered by Ichizo Hattori, who criticized the action of the Japanese government, in asking for a naval appropriation and the reply of Premier Hara permits of a more comprehensive presentation of the argument.

"Supposing the present naval and military estimates were carried through the Diet, though they ought to be introduced in the next session of the Diet as a measure not requiring very urgent attention. What impression would be caused in America? Americans would ascribe sinister intentions to the Japanese Diet which, notwithstanding an unfavorable economic situation and the restoration of peace went the length of carrying the estimates through at an extraordinary session.

"I am not opposed to proper provision for national defense but I do not see why this program should not be deferred to the next ordinary session of the Diet.

Mr. Hattori interpellated the government asking why it introduced "the colossal estimates" for armaments into an extraordinary session of the Diet which was called to discuss only such matters as permitted of no delay.

The representative quoted Admiral Kato, Minister of the Navy, as having explained the "colossal estimates" by pointing to the naval expansion scheme which was being pushed forward by a certain country. "By a certain country" presumably the Navy Minister meant the United States," said Mr. Hattori. "It must be remembered, however, that America is trying to expand her Pacific squadron simply because she misunderstands Japan.

"The Americans are laboring under the misconception that the Japanese are a very dangerous people, wedded to militarism and aggressiveness.

Everything Is In Readiness For Opening Period of Pitt County's Great Attraction

MAKES INDICTMENT AGAINST BRITAIN'S NEGRO TREATMENT

Sir H. H. Johnson Says Government Should Look After Blacks of Colony
CHARGES WHITE RACE WITH GREAT CRUELTY TO COLORED NATIVES
Declares Provisions for Soldier During the War Were Not Adequate.

London, Sept. 17.—An indictment of British treatment of negroes in British East Africa is made by Sir H. H. Johnson, writing in The Observer. "Many of the assertions made before the Negro conference in New York," he says, "were wild and windy, but it behooves our Colonial office to see plain justice done to the 4,000,000 of black and brown people in this 'Colony' and 'Protectorate.' Numerous instances of buying, flogging and torture are cited by the writer.

"The natives," he says, "are slow coalescing, Bantam with Nilote, Mohammedan with Christian and Pagan, Somali and Galla with hitherto despised negro in their common hatred of the invading white man, owing to the exceptional cruelties which have stained the white man's record during this period of 15 years. These are not cruelties of soldiers or policemen, of government servants of any kind, but of individual settlers, British or Boer in origin.

"Not only have murders, light-hearted murders, of natives taken place all too frequently, not only have revolting cruelties been committed, but, when the white delinquents are brought up or tried white juries acquit them or white judges inflict trivial penalties, or ebullient public opinion forces a governor to revise a sentence. I doubt if capital punishment for murder has ever been imposed on a white man in East Africa.

"Again, in the great war, thousands and thousands of native porters were simply enrolled by our government by the military authorities in the unhappily-ruled Protectorate and arrangements for their commissariat.

JOSEPH DEVLIN
Joseph Devlin, nationalist member of the house of commons from Belfast, who was suspended and ordered from the house after a stormy session during the discussion of the government's bill for restoration of order in Ireland.

TO DEVELOP PULP WOOD RESOURCES IN NEWFOUNDLAND

British and Norwegian Concerns to Take Advantage of Recent Grants.

BRITISH CONCERN TO LOCATE MILLS NEAR THE WESTERN COAST

Supply of Labor at Present Justifies Increases in Activity Everywhere.

St. John's, N. E., Sept. 17.—Important development of the great pulpwood resources of Newfoundland is about to be undertaken under grants to two pulp and paper manufacturing companies made at the last session of the colonial legislature. One of those companies is British, the other Norwegian.

The mills of the British concern will be located at Bonne Bay, half way up the west coast. This port is the center of winter herring fishing activities. Its vicinity are large areas thickly wooded with spruce and fir, through which flow rivers which will afford good water power as well as facilities for floating logs.

Bonavista Bay, on the east coast, is to be the site of the Norwegian company's mill. Codfishing at present is the great industry there. Backward from the bay runs a series of well wooded valleys, drained by rivers of good size.

At present the only pulp and paper mills in the island are at Grand Falls, in the interior, where the Anglo-Newfoundland Development Company some years ago established an extensive plant which supplies the Northcliffe papers in England with most of their paper. Before the war capitalists were negotiating for other similar projects.

"The survivors have retained tongues and the power of speaking; some, even, had been mission educated and when Dora (Defense of the Realm Act) took her hand off the mail service they were stammeringly told the world outside Africa something of their prenable sufferings and even of singularly allous and sometimes cruel treatment at the hands of the military authorities.

PLANS COMPLETED FOR OPENING DATE OF COUNTY'S FAIR

Mammoth Attraction to Be One of the Largest in Eastern Carolina.

FIVE FREE ACTS TO BE NUMBERED AMONG SPECIAL FEATURES

From Thirty to Forty Thousand People Expected to be in Attendance.

Extensive preparations are now in progress for the opening of the Pitt county fair which takes place in this city September 21, continuing for four days, and promoters are making arrangements for caring for the thirty or forty thousand people expected to be in attendance from various sections of the state. Virtually all plans definitely affecting the mammoth attraction have been brought to a stage of consummation, and it is confidently expected that the opening will be one of the most auspicious events of its kind occurring in this part of the state in a number of years.

Press agents, bill posters and general advertising men left this city several days ago for points in the eastern section of the state to advertise the opening of the attraction, and since preparations have been sufficiently extensive to justify the belief that Pitt county will have one of the largest fairs in this section of the state, it is believed that attendances all four days will be large and require more than ordinary provisions for accommodating the visitors. Committees of every description recently appointed by promoters have virtually completed their plans in every way, and it is confidently expected that every thing will be working excellently several days prior to the opening date.

The fair grounds, involving a financial outlay of over \$100,000, has been brought to a final stage of completion, and includes quite a number of buildings appropriately designed and constructed to meet their requirements or several years. The grandstand is modern and up to date in every way and is elevated so that spectators may be able to command a splendid view of everything going on over the fair grounds. The race track, without an exception, is one of the finest in the nothing has been omitted in any department that will in any way prevent Pitt county's initial attraction from measuring up to public expectation, and for that reason the opening is looked forward to with expectancy by hundreds of people in this immediate part of the state.

Properly elevated and constructed to meet the demands under most trying circumstances. The floral hall is large and conforms well with the remainder of exhibit buildings.

Five free attractions have been booked, including daily aeroplane flights, and other features of more than usual interest. Midway attractions have been properly selected, including the Krause hogs and special attraction accompanying the exhibitions. The fact that concessions are considerably higher than any other fair in Eastern Carolina justifies that more than ordinary interest will be centered on the event on all sections.

Promoters of the fair have paid special attention to the horse races, and a number of horses which have been registered up until this time justifies the belief that the racing will be one of the most interesting features connected with the event.

Premium List for County Fair Full of Interesting Subjects to Folk in Every Walk of Life

An attractive premium list of the Pitt County Fair has been issued in various sections of the county by publicity managers of the fair, and it is asked that those who fail to get one notify the secretary at once so that the booklet will reach them in ample time to make arrangements for exhibits before the fair opens, September 21st.

The premium list contains a number of features that will prove of more than ordinary interest to every person in the county and embraces such a wide number of subjects that it will not be at all difficult for persons interested to determine exactly what they desire to send in for exhibition. Department A offers a number of premiums for the best product of field corn, cotton, tobacco, small grain, legumes, hays, horticultural and truck crops and fruits. Department B embraces live stock exhibits, Department C, poultry Department D, boy's clubs and vocational education, such as the raising of pigs, and agricultural products. Department E offers a number of inducing premiums for floral products.

Department F, which embraces several features of home economics, will probably be one of the most interesting features to women throughout the entire county. Department G also furnishes a number of features in art needlework and will probably be more interesting to people in every town and city in this section.

Officials of the fair are making every effort possible to make the attraction one of the best in this section of the state, and as there is every indication of unusually splendid attractions for midway, free acts and plenty of good music it is quite probable their ambitions are going to materialize. The fair ground is rapidly reaching a state of completion and will be one of the best in North Carolina.

SERIOUS CHARGES

ENTERED AGAINST
SERBIAN SOLDIERS

Alex Divine Charges Military Forces With Stopping Relief Monenegro.

ALLEGES BELGRADE OFFICIAL ISSUED RESTRAINT ORDERS

Declares Rude Shock Will Meet Country When Well of Conditions Lifted.

London, Sept. 17.—Charges that the Serbian military forces have stopped a British and a Canadian mission from doing relief work in Montenegro are made by Alex Divine of Winchester in a statement he has just issued.

Mr. Divine describes himself as a friend of Montenegro whose "only interest in that country is that it shall have the chance of determining its own fate—a right that has been denied to Montenegro alone of all the recognized allied nations, owing to the forcible seizure of their country by the Serbian troops." Mr. Divine denies the report that he is a "paid agent" of Nicholas, formerly king of Montenegro.

Mr. Divine alleges that the British relief mission was prevented from entering Montenegro by the Serbian military forces acting on orders from Belgrade and under threats of violence was compelled to retire to a base in Italy.

According to Mr. Divine, the Canadian Medical Mission headed by Colonel Burnham which had been operating in Montenegro for some time also has been stopped. He states that Colonel Burnham has appealed to the British Foreign Secretary for protection informing the secretary that "the seriousness of the situation here, created by the Serbs, admits of no delay" and asking that the British Government ensure the safety of the mission. Mr. Divine quotes Colonel Burnham as saying the Serbs are seizing the boats and material of the mission and of terrorizing his people. Mr. Divine says: "Colonel Burnham says that he has been threatened with assassination and that the mission is spied on to such an extent that even the sick are afraid to come to the hospital for relief. The Colonel adds:

"When the veil is lifted from the Ipek country there will be found a condition of affairs which will come as a rude shock to those who have put their confidence and given their help to Serbia. The reign of terror is complete, there are not many Montenegrins, and in another year there will be none left. The entire country is mourning and it is no longer possible for these people to exist, many have lost their reason and all are in the direct distress, Montenegro is being done to death."

Prohibition Party to Make Act Main Issue in Campaign

PROHIBITION PARTY
TO MAKE ACT MAIN
ISSUE IN CAMPAIGN

Prohibition Campaign Manager Says Federal Amendment Will be Keynote.

Chicago, Sept. 17. — Maintenance of the federal prohibition laws is the keynote of the Prohibition Party's presidential campaign, W. G. Calderwood, Prohibition campaign manager, said here today, discussing the issues as viewed by his party.

"The position of the party in this campaign," Mr. Calderwood said, "is that the Prohibition Party is headed in the failure of the major parties to take any stand on the prohibition question.

"Next to prohibition, our candidates will discuss the League of Nations. I think we take the best stand of any on this question. We urge immediate ratification of the league treaty together with the covenant. We believe the quickest and best way to obtain what changes are needed is to get into the league and fix it from inside, according as experience teaches, rather than to

SPIRIT OF UNREST

ALSO PENETRATES
SARDINIA DISTRICT

Strong Party Arises in Section, Producing Unrest and Dissatisfaction.

SELF GOVERNMENT IS BEING PROMOTED THRU DETERMINED SOURCES

Peasants Declare That Moment for Regeneration Has Now Come.

Rome, Sept. 17.—The spirit of unrest has penetrated since the war even to such old world and out of the way spots as the Island of Sardinia. Among these picturesque peasants, many of whom cannot read or write, though they are often people of dignified manners and strong character, public opinion is diffused by word of mouth and a strong party has arisen lately whose motto is "Sardinia alone," who think that the Island, which is the second in the Mediterranean would be more prosperous if it governed itself and had little or nothing to do with Italy.

In ancient days Sardinia was one of the great granaries of the world, supplying first Carthage and later Rome with immense quantities of grain. Now a large proportion of the island is uncultivated and about one-fifth is covered with forests, chiefly consisting of almonks and cork trees. The most valuable however, are from the mines of lead, zinc, antimony, copper, silver, lignite and anthracite, which if only thoroughly developed would be a source of great riches.

The Sardinians are a splendid fighting race and not only during the late world-conflict but throughout the Napoleonic wars and the Middle Ages provided some of the staunchest soldiers in Europe. The Sardinians have always considered their Island the Cinderella of United Italy. They say that they have been alternately neglected and taken advantage of by the central government, education has been disregarded, the malarious state of the country has been ignored, few roads or railways have been provided in order to develop its resources, while government money has never been forthcoming for its needs.

The peasants of Sardinia declare that this is the moment when Sardinia might start on the road to regeneration and reconstruction, moral, commercial and economic but if it is, as of old, abandoned to apathy and want of initiative ruin is certain. A deep spirit of discontent and irritation is prevalent. The Sardinians call themselves "the Irish of the Mediterranean" and a large party is being formed of those who desire to work out their own salvation and at least for a certain time to be entirely independent of the mother country, which they accuse of having treated them more like the typical stepmother. They ask to be allowed to take their destiny in their own hands.

THE AMERICAN PRUNE ABROAD.

The American prune evidently gained the permanent friendship of the European during its war experiences. The quantity exported from the United States in the first fiscal year after the war, the year ending June 30, 1920, was double the average of the war period and the value in 1920 two and one-half times as much as in 1919 and five times as much as in 1918.

Most of this big increase in the exportation of prunes, says a statement of the National City Bank of New York, occurs in the movement to Europe from which we adopted the prune a half century ago and have acclimated it and developed its production until the United States now produces not only more than Europe, but, in fact, more than all the world outside of our own country. France, Italy, and the Danubian area were the world's chief producers of prunes until the adaptability of the Pacific coast soil and climate to its production and curing became apparent, and the production of prunes in California, Oregon, and Washington reached 100,000,000 pounds in 1900, 150,000,000 in 1910, 210,000,000 in 1912, and

ONE OF FIVE FREE ATTRACTIONS

TO BE GIVEN AT COUNTY FAIR

The above picture shows in progress one of the five free acts to be presented daily at the Pitt County Fair beginning Tuesday, September 21 and continuing for four days. The free acts will be one of the outstanding features of Pitt county's great gala week—they are all new, daring and thrilling in every way. The complete program for the entire week includes a number of interesting features, and while the free acts of course will fit in appropriately for the hundreds of people to throng the midway, there are many other entertaining amusements to be provided by the Krause Greater Shows that will provide continuous pleasure for those looking for diversion.

MAINE EXPECTS TO
HAVE INTERESTING
POLITICAL BATTLE

Political Interest for the Moment Is Centered on September Election.

PRESIDENTIAL FIGHT VIEWED WITH SPECIAL INTEREST EVERYWHERE

Gubernatorial Contest Expected to be Determined and Stubbornly Fought.

Portland, ME., Sept. 17.—Political interest for the moment is largely occupied in speculation on the outcome of the election in this state on September 13. A campaign that began in earnest on August 23 will be fought without let-up through the final week.

The usual predictions of success, are being issued by both republicans and democrats.

Maine is unique in its constitutional provisions for state elections which are held in September instead of November and in presidential years the local contests are viewed as of special importance. On these years the fighting is no less for possession of state offices, representations in Congress and control of the state legislature than for the psychological effect of the outcome on the rest of the country.

To what extent if any the national drifts may be forested by a victory or an increased or decreased majority here long been a matter of dispute with politicians but certain it is that national leaders have taken the tradition seriously and have brought as many of their political big guns into the campaign in this state as possible. For years ago Charles E. Hughes wound up the campaign for the republicans. This year both parties have had a big representation of state campaigners and have drawn heavily on the national committee for speakers of national prominence. On September 13, a governor, state auditor, four members of congress a state legislature and county officers will be chosen. Maine does not elect a senator this year.

SEA LION HUNTERS
FIND GREAT GAME
ON OREGON COAST

William Hunter, "King Hunter," Collected Bounty for Several Captures.

Astoria, Ore., Sept. 17.—William M. Hunter, known here as "king" of sea-lion hunters, recently collected \$880 bounty from the state for 352 sea-lion scalps, paid at the rate of \$2.50 each. Bounty is paid on the sea-lions because they are considered the Pacific Coast Salmon's worst enemy. They gather off the mouth of the Columbia River here to prey on fish bound upstream. Hunter works from a small launch while at sea. Much of his hunting is done on rocky beaches where seals congregate. He learned his trade as he terms it as a mountaineer hunting bear and deer in the Cascade Mountains.

Skins of the sea-lions are used extensively in glove manufacturing. Oils and fats are also products.

SILVER TREASURE
HUNTERS TO MEET
FAILURE IN TEXAS

Historical Writer Declares Disappointment Awaits Seekers at Christi.

Galveston, Texas, Sept. 17.—Searchers for buried silver on the mainland opposite Pote Island, 18 miles southeast of Corpus Christi, Tex., probably are doomed to disappointment, in the opinion of Dr. J. O. Dyer, a local writer on historical and scientific subjects. The rush of treasure seekers began with the discovery recently of 5 skeletons, popularly believed by many to be those of members of the crew of a Spanish treasure ship which foundered off the Texas coast early in the eighteenth century. No record is available of any such wreck.

BIG PARADE OPENING DAY
OF THE PITT COUNTY FAIR

Valuable Prizes Offered for Best Decorated Cars and Floats by Chief Marshal Kittrell.

Everybody in Eastern North Carolina as well as the whole state is looking forward to the opening day of the Pitt County Fair, September 21st. This is scheduled to be the biggest day Pitt County has ever had, and every citizen of the county is urged to give all the co-operation possible towards this end. The remaining three days, 22nd, 23rd, will be big too, but we want the assistance of all towards a banner day for Tuesday 21st.

Arrangements are being made for an exceptionally big parade the opening day. The following is a partial list to be included, others to be added later; thirty-five marshals, all mounted, the 28th Infantry Band; Krause's Carnival Band, several hundred of the school children, a large number of Pitt County's world war veterans, Boy Scouts, Girl Scouts and several decorated automobiles and floats. The following valuable prizes will be offered and should cause many to spend a little time decorating their cars, trucks, or fixing floats, first prize, \$25.00, second prize \$10.00, third prize free admission to the Fair Grounds.

To make a success of anything we must have co-operation. We want this parade to be a big success, so let's all join in with some feature. If you can suggest a feature that will help it will be greatly appreciated. All those that wish to help us will please give notice as early as possible.

A CHANCE FOR THE BOYS TO WIN A GOOD PRIZE. All the boys in town or the county that have ponies and want to ride in the Fair Parade Tuesday, September 21st, will come to see me at once. A prize will be offered for the best looking pony and rider

NEW YORK STORES
ADOPT REPUBLICAN
GOVERNMENT PLAN

Employees in Stores Have Voice in All Matters Affecting Themselves.

WAGE SCALES FIXED BY BODY FROM BOTH HOUSE AND SENATES

Improvement in Service is Chief Aim of Employers in New Method.

New York, Sept. 5.—The Republican form of government for employes, introduced in certain industrial plants throughout the country, has been adopted by a large New York department store.

Employees of this store, numbering 700, have a voice in virtually all matters affecting their relations with the management, through elective bodies made after the bicameral system of representation prevailing in the government of the United States.

The employes elect members of their house of representatives and senate directly, while the executive department, consisting of a cabinet of five, is named

the corporation officials. The judicial functions are carried out by a joint justice committee from the legislative bodies. All branches of the store government derive their powers from a constitution somewhat similar to the constitution of the nation.

The fixing of wage scales and working conditions are included in the broad powers of the house and senate, while the justice committee may bring about the expulsion of an employe from the concern, or if they find a worker has been unjustly discharged, they can have him reinstated. The acts of the legislature may be vetoed by the cabinet, but this has not been necessary as yet, it was said by officials of the concern.

TURKISH OFFICIAL
MOST FEARED MAN
IN NORTH SECTION

Osman Pasha, Newly Designated Governor of Kerrassound Exerts Influence.

Kerrassounde, Anatolia, Turkey, Sept. 7.—Osman Agha, the newly designated governor of Kerrassounde, is probably the most feared man on the north coast of Anatolia.

When the nationalists selected Osman Agha to impress Greeks, Armenians, Jews and Turks alike into Mustafa Kemal's army, they took into their camp a man who would have been a terrible menace in opposition ranks and who is merciless in executing the orders of the Ankara government.

Osman Agha has been for years the self-constituted boss of Kerrassounde. In office or out of office he is master of the local situation. Until recently he was only mayor of the little city. But no provincial governor could give the old bandit chief orders. In fact he always managed to unseat all provincial officials. He trampled vassals, metropolitans and bishops, Turks, Greeks, Armenians and Jews fear him alike, but had to obey his orders. He took over property which he wanted without legal right and threw anyone into prison who questioned his authority.

"The Same For Less"

EXCLUSIVE EXPORT TAX IMPOSED UPON BRAZIL EXPORTERS

Union Laborers Connected With Port Activity Demand Personal Rakeoff.

EXTENSIVE BOYCOTT CONTINUES IN FORCE AGAINST EXPORTERS

Dock Workers Refuse to Load Shipments Unless Given Contributions.

Honolulu, T. H., Sept. 17.—Dr. Syngman Rhee, president of the provisional government of Korea, who is spending some weeks in Honolulu, denounces Japan's recent announcement of proposed reforms in Korea as pretense to mislead the western world. Koreans, said Dr. Rhee, will not rest until they have attained their complete independence of Japan.

Dr. Rhee referred to announcement July 31 by the Governor-General of Korea, Baron Saito, of the immense of local self-government in Korean communities.

"This official announcement," said Dr. Rhee, "is in harmony with Japanese policy in Korea for the past 10 years. Korea is covered with a screen of Japanese words. Japan shows one face to the western world and a different one to the East."

"To the Korean people it makes little difference what promises the Japanese make with regard to Korea," the Provisional President continued.

AMERICA SENDING SPECIAL PLANES TO FRENCH CLUB RACES

Latest Designed Airplanes to Participate in Bennett Races in Paris.

New York, Sept. 17.—Original American design, high power, small size and greater speed than any recorded aeronautical performance of the past, are features which the designers say are possessed by three airplanes en route to Paris to represent America in the Gordon Bennett Cup races beginning September 27.

Wright, Curtiss and the United States Army, all pioneers in the conquest of the air, are the names which will be painted on the fuselages of the three American racers, each chosen for the trophy it held out to bring back the trophy which has been in France since 1913.

Upon these three entrants America has her hope of ever again possessing the coveted cup, which will become the permanent property of France if she wins again this year.

The race will be held at Etampes, near Paris, over a circular course of 300 kilometers (186.3 miles). The prizes include 10,000 francs offered by the French government and the Gordon Bennett Cup, valued at \$2,500.

Two of the three American machines are monoplanes, while the army contestant, though of miniature proportions, is a biplane. All three have been especially designated for the race, including special motors and devices to increase speed and endurance. It is said to be the opinion of flying experts that the winners of this race must make over 200 miles an hour.

SOLVING FOOD PROBLEMS.

Solving the food problem is one of the most serious problems that confronts this country today. At least one place has to an extent, solved this. We refer to the experimental farm of the government at Camp Grant, Ill., the home of the Sixth Divisions, U. S. Army. Agricultural training is one of the important phases in the wonderful program being carried on at the Army Schools at that point, in addition to thirty-two other trades and professions.

Like all of the other courses at the Army School, the farming instruction is of an intensively practical type. During the winter months, class room work is carried on in soil study, crop rotation, farm machinery, its care and use stock breeding, etc. This is carried on under the direction of professional teachers, in steam heated, well lighted class rooms. With the advent of suitable weather, and the enlargement of the schools facilities for practical out door work, much progress has been

BANDS OF RUBBERS IN SYRIA DISTRICT HOLD UP AMERICANS

Robber Bands of Chetes Threaten Travelers and Make Situation Unsafe.

TURKISH NATIONALIST FACTION DECLARED TO BE SUPPORTING THEM

Dr. Lambert, Director of Relief in Syria, Gives View of Situation.

Constantinople, Sept. 17.—Robber bands of Chetes, who have for months made travel in Syria unsafe and have held up American relief workers twice within 10 days, are operating under the orders of Turkish nationalists and the Arab government, according to information received by Dr. R. A. Lambert, director of Near East Relief activities at Aleppo. Dr. Lambert says he has received affidavits to support this charge. He believes it was one of these bands that last February murdered two American Young Men's Christian Association secretaries near Aintab.

The circumstances which lead to these conclusions are described by Near East Relief agents as follows: The first holdup of Americans occurred in June when two motor trucks in charge of John O. Brian, a relief worker, that were carrying 19 Armenians was halted between Aintab and Sillis.

TELLS HOW BRITAIN IS MEETING SEVERE HOUSE SHORTAGES

Guaranty Trust Gives Description of Work of Foreign Bureau.

New York, Sept. 17.—The acute housing shortage faced by many cities in the United States today brought from the Guaranty Trust Company a description of its foreign trade bureau of how Great Britain was meeting a similar situation.

"The program of the British Ministry of Health—complete rehousing in three years—is about one year behind and is costing more than double the original estimates," said the report.

"Local authorities in England are left in charge of the work unless they fail to show results, in which case the business is turned over to the office of works."

"What is keeping back housing at the present time is the fact that there are not enough skilled men to even quarter of the work wanted. The trades unions will not allow the number to be increased from the outside."

"The government is using a sort of indirect compulsion by prohibiting 'luxury and unessential building,' so that if a man will not build cottages he is not allowed to build anything."

"There are housing bond campaigns all over the country. In London, subscriptions to the six percent bonds are coming in at the rate of about \$100,000 issuing six percent bonds, the British government charges seven percent a day. While the local governments are borrowing in the ordinary way for housing schemes not financed by bonds is usually seven percent."

NOTICE OF SERVICE BY PUBLICATION.

The farm school consists of 400 acres on which a diversity of crops are rotated in twenty acres units. Small grains, corn and forage crops are grown on these plots. As the men progress in their work under the direction of scientific farm experts, each thing they do is explained and the reason for the method observed. Thus the men are stimulated to think for themselves and are enabled to meet their own problems as they will later find them in civil life.

DENOUNCES JAPAN FOR PROPOSALS OF REFORM IN KOREA

Dr. Syngman Rhee, President of Provisional Government, Opposes Proposal.

SAYS ATTITUDE IS IN HARMONY WITH JAPAN'S POLICIES

Buenos Aires, Sept. 17.—Unions of laborers connected with port activities in Buenos Aires and other ports of Argentina have imposed upon exporters "their own private export tax" as a means of maintaining extensive boycott now in force against exporters and shipping companies, according to a complaint made by packing house establishments here to Minister of Finance Salaberry. At the present time more than 100 exporting firms are under boycott, in addition to the powerful Mihanovich Company, owner of most of the river and coastwise shipping of the country.

A committee representing meat and hide exporters told the Finance Minister that the dock laborers were refusing to load their overseas shipments unless the shippers made a contribution toward the support of the union of \$7 for each 200 bales of wool and \$3.50 for each 100 casks of tallow and like products.

The delegation pointed out that these contributions could be called "extra official export duties," and that some of them have been demanded since last May. It was stated that before any shipment can be made, application must be made to the labor union officials and that several days often elapse before the requisite "authority" is allowed for embarking. The Minister has told that in some cases the unions have demanded to see the exporter's books in order to make sure that none of the produce to be exported came from any firm under boycott.

A list of 106 exporters under boycott was submitted to the government and it was pointed out that while there are more than 220,000,000 pounds of unsold wool in the country and more than 1,000,000 hides, most of the leading exporters of these products whose services are needed in relieving the congestion, are not allowed to do business on account of boycotts.
