PITT COUNTY FAIR TO BE ENDED WITH TODAY'S ACTIVITY

Last Day of County's Exposition Contains Crowning Features of Week.

OVER TEN THOUSAND EXPECTED TO ATTEND CLOSING EXERCISES

Attendance Yesterday Was Considered Largest During the Entire Week

The closing of the Pitt County Fair with today's program promises to mark one of the most eventful days of the entire week...

The third day's activities at the Pitt County Fair proved by far the most interesting and entertaining of the week...

All through the afternoon hours large crowds passed up and down midway, watching with interest the many attractions...

The main exhibition hall proved probably of greater interest yesterday than during the entire week...

LORD FORSTER, the new governor general of Australia. He is a man of wide experience in public affairs in England.

PORTER DIES FROM WOUNDS INFLICTED BY UNKNOWN PARTY

Negro Found in Dying Condition Yesterday Failed to Tell of Attack

WILLIAM SMITH IS ARRESTED CHARGED WITH COMPLICITY

Harry Porter, colored man who was found on the Winterville road about two miles from this city yesterday morning in a dying condition...

William Smith, colored, was last night arrested in connection with the affair, and is in the county jail today awaiting preliminary court proceedings.

Smith declared that he knew nothing of the shooting altogether, but the evidence is of such a nature it is expected that something more definite will be brought out in the preliminary court proceedings...

Porter, when found, had dragged himself several hundred feet from the road in which he was shot and was practically unconscious.

The purpose of the assailant in making such an apparently unprovoked attack upon Porter is beyond understanding at this time...

TELLS OF SERIOUS SITUATION IN SWAY IN THE NEAR EAST

Edith Cold Tells of Carrying White Flag Between Turks and Armenians.

EXPLAINS CONDITIONS PREVAILING BETWEEN MANY TURKISH TRIBES

Tells of Conferences Held to Establish Better Relations in Country.

New York, Sept. 23.—Miss Edith Cold, of West New Brighton, S. L. N. Y., tells in a letter to the Near East Relief the story of how she carried the white flag between fighting Turks and Armenians at Hadjin in an effort to save Armenian orphans under her care.

"After that for 10 weeks we lived as the guests of the Chetes. It was not life, however, but a sojourn in the valley of the shadow of death. We worked ceaselessly at the task of making friends with those encamped about our walls.

"The Turks had their defenses close to the compound between us and the (Continued on page eight.)

SAYS ELECTION IN GUATEMALA MEANS MUCH TO AMERICA

Recent Presidential Election Will Have Beneficial Effect on Commerce.

TWO COUNTRIES NEED BETTER RELATIONS IN MANY DIFFERENT LINES

Dr. Edwin Heathy of Kansas City Sees Greater Possibilities in Future

Kansas City, Mo., Sept. 24.—The recent presidential election in Guatemala will have a beneficial effect upon commercial interests in the United States, says Dr. Edwin R. Heath, of Kansas City, Kansas, consul stationed here for Guatemala and Bolivia and consul general for Honduras and Nicaragua.

"American investors in Guatemala are fortunate in the recent election to the presidency of Guatemala of Carlos Herrera by an overwhelming majority after the enforced withdrawal of Don Manuel Cabrera," Dr. Heath said.

PARIS PLANNING TO WAGE WAR AGAINST 8,000,000 RODENTS

War to Finish Has Been Declared by Rat Hygiene Commission of City.

Paris, Sept. 24.—War to a finish has been declared against the rat by the Hygiene Commission of Paris.

The extermination of the rats is to be accomplished by all the weapons known in rat warfare, and the campaign will be both offensive and defensive.

In this connection Professor Bordas warns rat trappers not to smoke before setting their traps as the rat holds tobacco in abhorrence.

"Such aristocrats are bound to put up a stiff fight for their privileges," said a humorous member of the commission.

PREDICTS GREATER PROGRESS TOWARD CHRISTIAN UNITY

Robert Gardner Expresses Prediction Made by Members of World Conference

Geneva, Sept. 24.—Great progress toward Christian unity among the denominations of the world as a means to a "better world" is said to have been made by the World Conference on Faith and Order held here in August.

"Men from forty countries," said Mr. Gardner, "have represented here all the great churches throughout the world that confess Jesus Christ as the son of God-made man, except the church of Rome."

"There has been frank discussion of the differences between them, but in the earnest desire to understand and appreciate each other and to abandon the spirit of controversy...

The week did not get through without somebody being killed. The best attraction of the season in White's Theatre tonight.

S. PARKER GILBERT of New Jersey, who was associated for some years with Russell C. Leffingwell, has succeeded the latter as assistant secretary of the treasury.

DEMOCRACY PLANS TO RAISE \$500,000 PRESIDENT'S FUND

One Thousand Friends of League of Nations Asked to Match the President.

New York, Sept. 23.—George White, chairman of the Democratic national committee, announced here today that the committee would raise a \$500,000 national "Match the President" campaign fund.

Mr. White said that a thousand friends of the League of Nations would be asked to follow the example of President Wilson and subscribe \$500 each to assure the success of the Cox-Roosevelt ticket and the League itself.

"Less than \$130,000 collected by us provided a contrast before the Senate committee investigating campaign fund contributions yesterday with millions in the hands of the Republicans," said Mr. White.

"This will provide a special fund of \$500,000 to put the truth about the League before every voter. State and county chairmen will be asked to assist, and we feel hopeful there are at least a thousand men in the United States who will give us \$500 each for the League."

"This plan will provide the means for a heavy assault against misrepresentation in the interest of mere partisanship."

THE REFLECTOR KEEPING PITT BEFORE THE WORLD

Further evidence of what The Reflector is doing in bringing Greenville and Pitt county to the attention of the outside world, is shown in this comment by the Raleigh News and Observer, the State's "Old Reliable" newspaper that keeps an eye open for good things going on throughout the commonwealth.

RACES YESTERDAY CONSIDERED BEST OF COUNTY FAIR WEEK

Hundreds of Visitors From Other Sections Witness Stubborn Track Event

SPECIAL RACE WON IN STRAIGHT HEATS BY THE BENGIN BOY

Seven Heats Necessary to Determine the Second Race of Afternoon.

Horse racing again proved one of the outstanding features at the Pitt County Fair yesterday afternoon, being concluded by three successive heats of a 2:24 trot in which more than general interest was manifested.

In the first race, a 2:17 pace, "Dell Woodford," driven by Mr. Leatherberry, of Maelleponge, Va., won out by taking second place in the two first heats and first place in the two last.

In the second race of the afternoon "Khorassan," driven by Mr. Roberts, of Greenville won out in seven heats, "Future Tramp," driven by Mr. Becker, of Tarboro, taking second place.

The special 2:24 trot, the concluding race of the day also presented a number of entertaining features, being won by "Bengin Boy," in three straight heats.

Following is the result of yesterday's races, giving each heat and position of horse when he passed under the wire:

Cornstalk, driven by Mr. Swert of Fayetteville, 3-4-2-2; Bell Cord, driven by Mr. Daugherty of Hertford, 4-3-4-4; King B, driven by Mr. Becker of Tarboro, 5-5-5; Bell-Woodford, driven by Mr. Leatherby of Maelleponge, Va., 2-2-1-1; Polly Midway, 1-1-3-3.

DAMAGE OF CYCLONE IN WINTERVILLE SECTION

According to a report received from Winterville today, the following damage was done yesterday by the cyclone. The top story of the store belonging to Mr. R. D. Forrest was blown down and several people narrowly escaped death.

NOTICE.

North Carolina, Pitt County,
In the Superior Court,
Ben Hill, Plaintiff,

vs.

Annie Hill, Defendant.

The defendant above named will take notice that an action entitled as above, as been commenced against her in the Superior Court of Pitt County, N. C., for the purpose of obtaining an absolute divorce.

And the defendant will further take notice that she is required to appear before the clerk of the Superior Court of Pitt County, N. C., within twenty days from the 13th day of October, 1920 and answer the complaint which will be filed in the office of said clerk of the Superior Court of Pitt County within the time prescribed by law, or the plaintiff will apply to the court for the relief demanded in the complaint.

AMERICAN LEGION TO STAGE ANNUAL CONVENTION SOON

Convention to be Conducted in
Cleveland September 27,
28 and 29th.

Cleveland, Sept. 23.—The American Legion convention here September 27, 28 and 29, is to be an international affair.

Paris, Coolenz, The Canal Zone, the Philippine Islands, Hawaii and Alaska, where American soldiers are stationed, are to be represented in the parade which will open the convention and in the sessions where the future policy of the legion and the questions which confront it are to be fought out.

Although Marshal Foch, who was invited as an honor guest with Admiral Beatty, commander of the allied navies at the close of the war, will not be able to attend, he will have as representative here General Fayolle.

FACTS ON FIRES.

As a basis for securing, if possible, co-operation of tobacco users in the reduction of losses from forest fires, the Forest Service of the United States Department of Agriculture is preparing to gather information as to the extent to which fires in the woods are due to smokers.

We have been gathering statistics for a number of years as to the cause of forest fires. The chief cause, according to the Forest Service, is the carelessness of smokers. In fact, the statistics have not shown a separate heading for fires known to have their origin in tobacco smoking. All fires started by hunters and fishermen, for example, are commonly grouped as "accidental"; those started by loggers, lumbermen, and so on, are grouped as "other." Our men in the field making reports will be asked to indicate, so far as they are able, how many fires are started by smokers. Undoubtedly the general use of cigarettes has tended to make the task of forest protection more difficult. In the days when woodmen and manual laborers usually smoked pipe, the danger from smoking was relatively small.

A burning cigarette end seems such a small matter that relatively few people trouble to be sure that it is out before tossing it away. In the western national forests, where in the summer every spark of fire is particularly dangerous on account of the dryness of the vegetation, our forest rangers have again and again traced fires back to the point of origin and found there a cigarette butt, from which the fire had spread fan-wise down the wind. Some of these cigarette butts lay by the roadside where they had been tossed from the cars of automobilists.

"Lumber companies sometimes forbid smoking in the woods. Restrictive measures of this character would not be called for if smokers had a sufficiently keen sense of responsibility, and the habit of care not to drop fire in any form."

DOING GOOD WORK.

"Mr. Frank Parker, Agricultural Statistician of the Bureau of Crop Estimates for North Carolina, was in Washington on the Crop Reporting Board September 1st. North Carolina has the largest office force in the field service, employed exclusively on the work of crop estimates of any state in the nation. Mr. Parker has six regular assistants in his office. Five of these are provided by the state. The state board of agriculture is spending in the neighborhood of \$10,000 per annum on the agricultural statistical work and appears to be well satisfied with the investment.

"One girl's entire time is given to the maintenance of lists. This young lady is charged with the responsibility of securing and maintaining new reporters, sending out follow-up letters and memoranda to keep reporters on the job. The results are seen in the efficiency of the lists. Another one is in charge of the many records maintained in this co-operative work. A new field man has accepted to begin work the first of October. He will devote most of his time to the study of outside conditions so as to establish the closest and most practical contact between the actual field and office work.

"Mr. William H. Rhodes, Jr., an employee of the state, is the principal assistant. He and Mr. Parker are conducting a large amount of the circular work, selling the service to interests heretofore unfamiliar to crop reports and building up a strong market for crop report information.

The press of the state is nicely supporting this work in North Carolina, as evidenced by the frequency of articles and copy appearing in their columns and with the prominence displayed in head lines.

**Allied Control Commissioner
Issues Order Prohibiting
Sale of Arms.**

Vienna, Sept. 23.—Gun-running and arms smuggling has become a bigger trade in Austria than it was on the Mexican frontier in Villa's palmiest days.

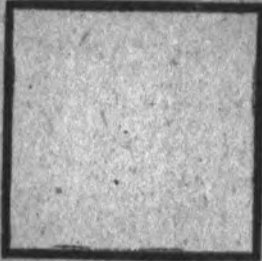

The country is full of military material while Hungary, Poland and Jugoslavia are munitions hungary and the result is to make a market so tempting that the risks are disregarded. If the Socialist organs are to be credited, however, at least some of the trade is done under the auspices of certain Entente governments as well as the conservative element of the Austrian government.

Within the last few days the police

made known that they had discovered an organization for running military material into Hungary and made two arrests. One of the men was an employe of the Wollersdorf munitions factory, a government plant. Workmen's councillors have a good organization and are constantly on the watch for railway shipments of arms and cartridges, but in one government office it was admitted that for every carload detected and stopped nine got away over the frontiers.

The Allied Control Commission has issued an order prohibiting the further sale of government-owned arms or munitions or that in possession of the private concerns organized to trade in demobilized material. Many of these concerns were made up of members of the official demobilization commissions who sold to themselves.

**The PHILCO
RETAINER →
and a Two-Year
Automobile
Battery
Guarantee**

The Philco Retainer, as it looks to the acid

The Philco Retainer as it actually is

THE Two Year Guarantee on the Philadelphia Diamond Grid Battery with the Philco Retainer is a contract with the car owner which could not be entered into lightly.

The Philco Slotted Rubber Retainer, judged by its results, is the greatest advance in battery construction since the Diamond Grid.

The Retainer holds the active material on the plates and at the same time permits the free circulation of acid and current, because of its slotted construction.

It is the active material which produces the current. As long as it stays in place the battery is workable. The Philco Retainer keeps this active material in place long after it would have dropped out in any other battery.

**How
Would You
Like to Save
Half the Work
Time and Cost
of Mowing?**

HERE is the only successful wide-cut mower. It saves 50% of your mowing cost by cutting twice as much in the same time. Compensating lever and spring carries the cutter bar on the drive wheels instead of dragging it on the ground. This increases traction, does away with side draft and weight on horses' necks—greatly lengthens life of machine.

**E-B
Standard Mower**

This mower is as easy on your horses as plowing corn, and will cut two acres of hay in every mile the horses travel. Come in and see it. Bring your boy along.

For Sale By

Turnage & Winslow

To carefully avoid all "doubtful" business, and at the same time to provide every reasonable accommodation for responsible local people—thus combining SAFETY and service—this is our constant aim.

FRIDAY, SEPT. 24, 1920.

"Harding Takes a Half Holiday"
Headline. He can get a whole one right after the election.

Surely the business interests of the community are solid for the Pitt County Fair. Any occasion that brings to the town such throngs as have been here this week are to be appreciated. The fair has been a big drawing card for Greenville and Pitt county.

The good order that has prevailed during the four days of the Pitt County Fair has been the subject of much favorable comment. Both on the streets of the town and in the fair grounds the large crowds have been handled admirably. The police, traffic men and special officers were on the alert directing vehicles and pedestrians which way to go, and by their aid congestion was almost entirely avoided. Disorder of any kind has been conspicuous by its absence.

MONEY AND MARKETS.

The credit situation has continued, during the period ending September 15, to evidence in a substantial measure the improvement which had become apparent a month ago. There has not, it is true, been any easing of credit. Banking loans have increased in response to seasonal needs; there has been no relaxation in commercial money rates; and little change in this situation can be expected until the major requirements of the crop-moving season have been met. Nevertheless, substantial progress has been made in overcoming the difficulties in the credit situation. Harvesting and marketing of large crops are being financed adequately and without undue strain on banking resources. While loans are now expanding in response to seasonal needs, as these seasonal requirements are liquidated a considerable reduction in the volume of outstanding credit may be anticipated. Meanwhile, through the shifting of credits and through the facilities of the Federal reserve system, pressure on the banking facilities of particular sections is being distributed throughout the banking system and the strength of the credit structure as a whole is absolutely sound and unimpaired.

A number of factors have facilitated the improvement in the credit outlook. As the continued improvement in transportation permits more normal movements of commodities, the mobility of credits is gradually being restored. Progress is being made in the liquidation of commodity stocks and of loans against them. While the downward trend of prices involves current difficulties, it is a movement toward greater rather than less stability in both the credit and the general business situation, since it tends to reduce the pressure on banking facilities and at the same time to stimulate the large potential demand for goods which increasingly high prices had impaired. In contrast with the movement in progress a year ago, therefore, the general trend of business conditions within the United States is in the direction of increasing soundness and stability.

Prices continue to move downward in many important groups of raw products, and of semi-manufactured materials for use in further manufactures. Declines have been passed on to the finished product in some lines. Unless untoward social and political developments should take place in Europe, however, it now seems likely that in

the case of most commodities the period of rapid price adjustment has passed, and that fluctuations from now on will be through a gradually narrowing margin. Present price movements, however, must be interpreted with the greatest care. Cases in point are those commodities the prices of which appear superficially stable, but in which, as a matter of fact, almost no business is being done. In such cases, actual values can not be known until trading operations are resumed.

A GOOD "SPEC" FOR UNCLE SAM.

Sooner or later Uncle Sam is going to own his own quarters for embassies, legations, and consulates in foreign countries. In some countries, notably in the Far East, this desired permanency of official headquarters for American services has already been achieved.

Now, the question of the depreciated currencies of many foreign countries, in terms of the United States dollar, is something else, again. The American business man who sees merchandise that he wants in a foreign country, where the dollar is strong in terms of weaker domestic currency, is taking advantage of this present strength of the dollar to purchase the desired merchandise and take a profit that is due to the exchange. One of our consultants, who has for years taken an active interest in acquiring suitable permanent American Government premises abroad, now raises the point as to why the United States Government doesn't take advantage of its strong currency position, and do the acquiring on the very advantageous basis that present conditions make possible. Why, indeed?—The Nation's Business.

THE PITT COUNTY FAIR.

Today brings to a close the Pitt County Fair that for four days has been the center of attraction for this part of the state. The fair furnished interest not only to thousands of Pitt county people, but also to great numbers who came from other sections. Now as a real fair has been held so successfully as to pass all expectations for the first year, it is to be expected that such events will take place annually hereafter. And it may be confidently predicted that another year will show a many fold larger scope of all kinds of exhibits than on this first venture. People are now convinced that there is something to a county fair, and a keener competition among exhibitors will follow. Great is the Pitt County Fair, and it has come to stay.

COTTON GROWERS PLAN TO MAKE READJUSTMENT CONSTRUCTIVE PERIOD

In compliance with a general call business men and farmers met in the court house in this city. The meeting was well attended and every section of the county and every business interest was represented. Men who stand high in financing the farmer conferred with the farmers, some of who were the most successful in the county, and the following practical conclusions were reached:

First. That farmers, both cotton and tobacco, should continue to market their crops, but in small quantities and in the very best condition.

Second. That all cotton should be stored in seed when possible, and when in lint in dry sheds off the ground and never allowed to get wet. And that the greatest care should be taken in making the cotton grade high, keeping the blue or stain out of good grades, there being a difference of \$80 a bale between high and low grades.

Third. That every farmer should apply every dollar possible received by him upon the payment of his debts. This will help the merchant, the banker and supply man and prevent pressure being put on the farmer and the dumping of crops on the market.

Fourth. That the farmer should receive a dollar a bushel for cotton seed, or use the same for fertilizer. Should pay a dollar a hundred for picking, cotton, a dollar a hundred for ginning and wrapping up same.

Fifth. That all farmers should be conservative and make the most of the readjustment which we must undergo and which we can use to good advantage by courage, loyalty, discretion and hopefulness.

Sixth. That warehouses should be built in every banking center in the country. The size of same to be determined by demands and the stocks sold to all farmers and other business men according to their interest.

Seventh. That all business men should take an interest in the effort to organize an export corporation suggested by the Federal Reserve system and approved by the cotton association whereby cotton and low grades of tobacco can be sold directly to central Europe on credit notes which will be taken by the Federal Reserve board as loan collateral.

WANTS

FOR SALE—COTTON GIN, ENGINE, press and fixtures at a bargain. Apply to R. R. Cotten, Bruce, N. C. 20-2wks

LOST—BETWEEN WHITE'S THEATRE and post office Tuesday night one circle pin set with sapphires and pearls. Finder will please return it to Reflector office and receive reward. 22-2t

TAKEN UP—A SPOTTED HOG weight about 150 pounds on farm belonging to the late Mrs. Sarah Patrick. Owner can get some by paying all costs. Warren Hardee, Greenville, R. I. 23-3t

WANTED—EXPERIENCED LADY clerk. Apply to E. Saleed & Son, Dickinson avenue, Greenville, N. C. 24-ft

LOST—LADIES NAVY BLUE SHORT coat left in grandstand at Pitt County Fair Thursday afternoon. Finder return to Reflector office. 24-ft

FOR SALE—A NUMBER OF GOOD farms in this, the best farming section of the State. Prices have not advanced here as they have in other places and we can offer fine farms, suitable for tobacco, cotton, corn and other products at from \$50.00 to \$200 per acre, with improvements. Send for descriptive list. Olive and Seymour, Apex, N. C. 24-ft

You are invited to attend a mass meeting to be held in the court house at Greenville at 12 M. Saturday, October 2, 1920, where a full ticket will be nominated and hear addresses on subjects pertaining to your welfare, by Ex-Lieutenant Governor Hon. C. A. Reynolds, of Winston-Salem, Hon. Wheeler Martin, candidate for congress. Everyone favoring better prices for farm products, better marketing of crops, equal and lower taxes and better law enforcement, should be with us.

B. M. WHITEHURST,
Chairman Rep. Co. Ex. Com.

GOOD GRADES SHOW STRENGTH NO DEMAND FOR COMMON

Another week of the tobacco market has gone by, with light sales continuing daily. Prices of good grades have gone on showing a stronger tendency, but there is no demand for the common classes, and it not being wanted the buyers are not inclined to bid on it. If farmers will hold back the common grades for the end of the season, and only sell their good tobacco slowly, they will realize much better results. Improvement in the market will come earlier if they follow this course.

SUNDAY SCHOOL MISSIONS AND RALLY DAY SUNDAY

Next Sunday will be Sunday School Missions and rally day with Memorial Baptist Sunday school. And interesting program is being prepared and it is hoped to have a record attendance at the school that morning.

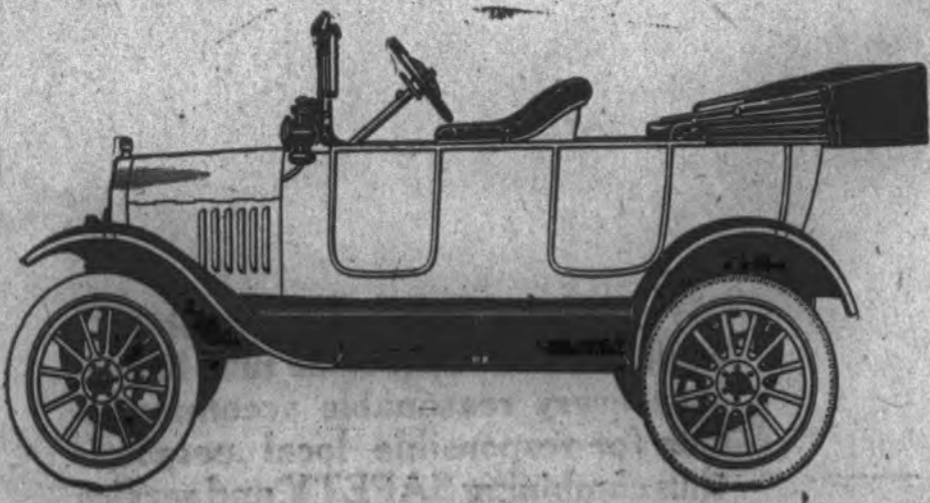

Cut and rake off the vines from as large an area as can be harvested and stored the same day. If the vines have been frosted all should be cut away and the potatoes harvested as soon as possible.

Turn out the potatoes with a turn plow, plowing deeply in order to avoid cutting and bruising the potatoes. Take the potatoes free of the soil carefully, grade in the field into the crates in which they are to be stored. Avoid rough usage.

Sweet potatoes may remain out on the ground for a few hours on mild, clear days but if harvested on a hot day they should be hurried to the shade as soon as they are off and graded.

Cut and bruised potatoes should be stored only for immediate use at home or locally and should be entirely separate from the marketable stock.

Reduction In Prices of Ford Products

The war is over and the war prices must go. Effective at once, Ford Cars, Trucks and Tractors will be sold (F. O. B.) Detroit at the following prices:
Touring regular \$440; Touring with starter \$510.
Runabout regular \$395; Runabout with starter \$465;
Chassis \$360.
Coupe with starter and demountable rims \$745.
Sedan with starter and demountable rims \$795.
Trucks with pneumatic tires \$545.
Tractor \$790.
The Ford Motor Company makes this deduction in face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The company will

suffer a temporary loss while using up the material bought at higher prices. They are willing to make a sacrifice in order to bring business back to a going down as quickly as possible and maintain the momentum of the buying power of the company. Henry Ford says the war is over, and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interest of all it is time a real particular effort was made to bring the business of the country and the life of the country down to regular pre-war standard.
We are at your command, with regular Ford efficiency in service and eagerness to fill your orders.

Cola

A WORD Subject to Much MISCONSTRUCTION.

It is properly used to designate a certain class of carbonated beverages in universal demand, and does not belong exclusively to any particular beverage of the class.

Pepsi-Cola has been on the market for more than twenty years and is an established national favorite. Do not confuse it with ordinary cola drinks. It is *vastly different* and *infinitely better*. The difference is so marked that one trial will convince and delight you.

Pepsi-Cola has attained popularity on its own merits, and not on the reputation of cola drinks as a class.

Being supreme in quality—

"It Is So Much BETTER"

SOCIAL - PERSONAL

AN HOUR.

An hour has gone while I have been sitting here;
Out of the million or so that make my life
One more has passed;
Others will follow.

An hour of listless solitude—
Who knows what has become of it?
Or is it useless after all
To sit aloof and dream?
One hour more—
The learn gray riders of the surf rise on the horizon;
The blue peaks once again are veiled in thick gray capes.

An hour has gone—
And all of it the wind knows and the sun has taken;
The dark hills hold its secret
And the far hopes of men who hope in vain.
—John Gould Fletcher in the New York Evening Post.

Mr. Jesse Harrington, of Washington, is a business visitor to our city today.

Mr. J. F. Lynch, of Duke, is visiting at the home of Mr. and Mrs. R. Hyman.

Mr. Claude L. Ives, who for the last few months has been general delivery clerk in the local post office, left this morning for Goldsboro where he will teach in the city schools. Before coming to Greenville last spring he was principal of the school in Stokes.

Misses Mary Gray and Lizzie Kennedy, of Suffolk, are visiting relatives here.

Mr. J. F. Lynch, of Duke, is spending a few days here.

Mr. James Ficklen has gone to Chapel Hill to attend the University.

W. M. U. TO MEET WITH MEMORIAL BAPTIST CHURCH

The Woman's Missionary Union of Roanoke Association will meet with Memorial Baptist church here on Tuesday and Wednesday of the coming week. Delegates and visitors are expected from all parts of the association and the program for each session is expected to be very interesting.

YOUNG'S

MEDAL CAMPAIGN.

The Victory Medal Campaign is drawing to a close. Applications for Victory Medals have been coming into the recruiting office at Greensboro, North Carolina, the Chief Office of the Victory Medal Campaign, at the rate of six hundred (600) weekly.

Thousands of ex-soldiers are being awarded a Victory Medal, which is of very attractive design, with appropriate Battle Clasps, and Clasps for service in Foreign Countries attached, which will be a memorial of the World War and show the part taken in it by you. It is estimated that 70,000 ex-soldiers of North Carolina are the Victory Medals of which about 4,000 have submitted applications. If you do not speed up and submit your application before the close of the campaign it will be necessary to submit applications to The Adjutant General of the Army, if that is authorized, which will entail considerable time and a lot of trouble.

Submit your applications now while there is time and receive a beautiful medal which you will have to show the active part taken by you in the world war.

Applications are now being received at the army recruiting stations at Greensboro, Asheville, Charlotte, Durham, Fayetteville, Gastonia, Goldsboro, Winston-Salem, Hickory, Raleigh, Lumberton and Wilmington. Send in your discharge certificate together with your full address, or call in person at any address, or call in person at anyone of these stations and submit your application for a Victory Medal. As several of these stations are temporary, you should make your application today, and not tomorrow.

SUCCESS WITH POTATOES.

Sweet potatoes are mature enough to be dug when, upon breaking or cutting one of them, the exposed surfaces dry quickly and thoroughly. It is safer to dig and store the potatoes slightly immature than to risk the effects of frost or cold weather. A frosted potato or a cold-injured potato will not keep. Dig early and avoid the rot.

CHICHESTER'S PILLS

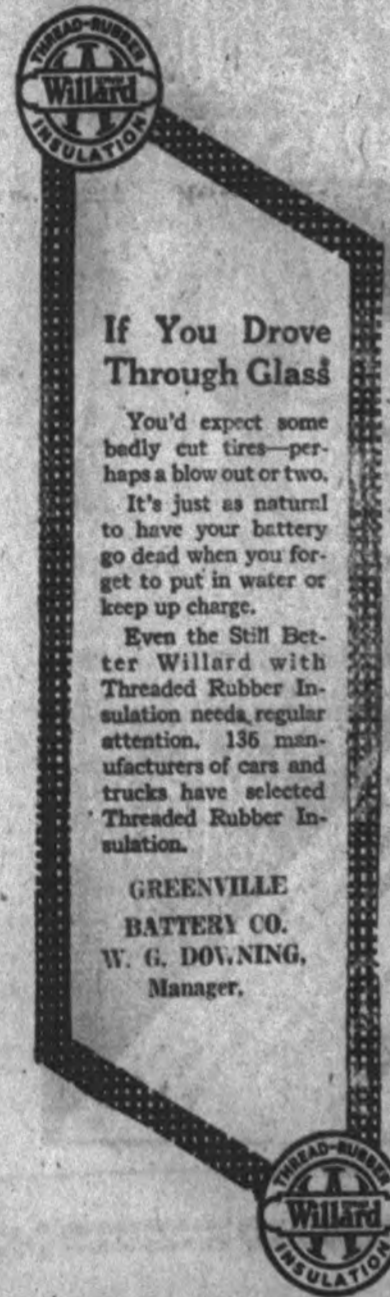

PUBLICATION.

North Carolina, Pitt County.
In the Superior Court.
Lillie Hamilton
vs.
Ed. Hamilton.

The defendant above named will take notice that an action entitled as above has been commenced against him in the Superior Court of Pitt county and the plaintiff to obtain from him an absolute divorce, and the defendant will further take notice that he is required to appear before the Clerk of the Superior Court of Pitt county at the court house in Greenville on the 12th day of October, 1920, or within twenty days thereafter, and answer or demur to the complaint filed in said action or the plaintiff will apply to the court for the relief demanded in the complaint. This the 11 day of Sept., 1920.

J. FRANK HARRINGTON,
Clerk Superior Court.

If You Drove Through Glass

You'd expect some badly cut tires—perhaps a blow out or two.

It's just as natural to have your battery go dead when you forget to put in water or keep up charge.

Even the Still Better Willard with Threaded Rubber Insulation needs regular attention. 136 manufacturers of cars and trucks have selected Threaded Rubber Insulation.

"THE SAME FOR LESS."
404 EVANS STREET

PITT COUNTY FAIR TO BE ENDED WITH TODAY'S ACTIVITY

(Continued from page one.)
The number of first premium winners was considerably larger than any one would have suspected, and combining the entire awards there were hundreds who claimed either first, second or third premiums for their offerings. The exhibits attracted probably greater attention than ever, and private booths advertising special features were so attractively arranged that they, too, came in for a big share of attention. Regular attractions and special features were apparently at their best all through the afternoon hours, and those who came from a great distance were well rewarded in attending. Hundreds filed through the gates to the attractions last night, and while the fair was closing the Krause shows entertained until a late hour with its hundreds of interesting features. The crowd was probably as orderly as that of the afternoon, and the closing hours was marked by the splendid order that was in evidence during the afternoon.

TELLS OF SERIOUS SITUATION IN SWAY IN THE NEAR EAST

(Continued from page one.)
city and occupied the clinic building outside the gate and always fired from it. The compound was always under fire from Hadjin. Hardly a day passed that we did not have callers from among the leaders of the Chetes. "Twice Mr. Eby and I had permission from them to go to Hadjin. Each time they proclaimed an armistice and we carried the white flag. The first time was at the end of three weeks of siege and the other five weeks later. The first time we simply stated the conditions for surrender as given by the commander. Doghan Bey. The committee in Hadjin flatly refused to consider. "The second time we sought to bring about a conference between the opposing forces. We went back and forth seven times, stating Doghan Bey's position, bringing the Hadjin reply, etc. Everything seemed favorable except that the place of the conference could not be agreed upon. Doghan Bey insisted that they meet in our Salamluk and the Hadjin committee were equally firm that the place be on our road half way between the defenses. After much parley, Mr. Eby and I finally set out, however, with two Hadjin delegates. Only an hour of the armistice was left. Just as we were climbing over one of the Hadjin defenses a shot was fired and struck between Mr. Eby and me.

SAYS ELECTION IN GUATEMALA MEANS MUCH TO AMERICA

(Continued from page one.)
shipping facilities from the United States to South America are greatly needed. "American commercial interests need salesmen educated in the language and diplomacy required to carry on trade with South American people. South Americans prefer our manufactures, but their difficulty is to get satisfactory service. Great railway projects are under way in Bolivia which will open up the headwaters of the Amazon, Paraguay and other parts of central South America. These will be financed partly by citizens of the United States, but their progress is temporarily checked by internal disorders in Bolivia."

The fair comes to a close with today.

Ladies Walking Shoes in Black and Brown Kid and Brown Calf \$12.50 values at \$8.95.

Stephenson Shoe Co

W. E. WEBB, Mgr.

North Carolina, Pitt County.
L. F. Davis

vs.
J. V. Worthington.

The defendant above named will take notice, that an action entitled as above has been commenced in county court of Pitt county, North Carolina, to obtain judgment for the non-payment of three promissory notes in the sum of \$275.00 executed by the defendant to the plaintiff above named; and the said defendant will take notice that he is required to appear before the clerk of the Superior Court of Pitt county, North Carolina, on the 26th day of August, 1920 at the court house in Greenville, then and there to answer or demur to the complaint of the plaintiff in said action, or the plaintiff will apply for the relief demanded in said complaint.

This the 16th day of Aug., 1920.

Gentry & Gorman

Thursday's sales all finished around the dinner hour. Today's sales are larger but will finish shortly after dinner.

Gormans sold 136,094 pounds Thursday.

The tobacco with body and character sells well but the thin primings and common tobacco are hard to sell satisfactorily and in our opinion are bound to do better.

If you want to sell, we advise grading some of your better tobacco, as you will see by the sales we attach that this tobacco is selling fairly well. Drive to Gormans and you will get the top of the market. Gormans has 1st 3rd sale Monday, 2nd Tuesday, 1st Wednesday.
