

CAROLINA WOMEN HOLD CONFERENCE AT MECKLENBURG

New League of Voters Pledge Support to Progressive Legislation. OLD SUFFRAGE FORCES DULY TRANSFORMED IN NUMEROUS ACTIVITIES. No Third Party Is In View, Believes Prominent Boston Supporter.

Greensboro, Oct. 7. — Pledging its support to a program of progressive and constructive legislation and of wider education in citizenship, the North Carolina Equal Suffrage Association, reminiscent of recent days of legislative storm and stress, underwent formal political metamorphosis here today, and emerged in all the glory of full enfranchisement as the brand-new North Carolina League of Women Voters.

The morning session of this State-wide meeting of women voters was given over to clearing away the business of the old suffrage association, and was something of an "experience meeting," dealing with the eight-year fight for suffrage in North Carolina which culminated in the heated struggle in Raleigh in August when the special session of the legislature met.

Miss Gertrude Well, of Goldsboro, president of the N. C. Equal Suffrage Association, presided and opened the meeting by expressing appreciation of the work done by the suffrage organization in the State, and by defining the non-partisan character of the new league, to which representatives of all the organizations of women in North Carolina had been invited with out regard to party affiliation.

"We have been very careful," declared Miss Well at the start, "to keep the league free from incriminating alliances. All North Carolina women are welcomed as members, whatever may have been their previous views in regard to suffrage. This is a call made to all women in the state.

Mrs. T. Palmer Jerman, of Raleigh, chairman of the legislative committee, reviewed with humor and spirit the work of her committee in the suffrage fight, beginning with the encouraging adoption of recommendation of ratification by the platforms of both parties, referring to the stand for suffrage taken by the Democratic National Convention, which she attended touching upon the attempts of the legislative committee to check the storm of opposition which began to gather with the assembling of the legislature, and which finally broke in the rejection of the amendment.

Reports were heard from the treasurer, Mrs. Julius W. Cone, of Greensboro, and from the committees of Publicity and Education. In the report of Miss Martha Haywood, of Raleigh, chairman of Publicity, appreciation was expressed especially for the support of the newspapers of the State, which stood behind the suffrage movement almost to an editor. Miss Nellie Roberson, of Chapel Hill, chairman of the Education Committee, told of the co-operation of the University and of the State College for Women in the suffragists' program of education in citizenship, and described new plans for carrying the program forward.

BIG OVATION GIVEN CLEVELAND PLAYERS ON ARRIVAL TODAY

Cleveland, Oct. 8.—A big ovation was given the Cleveland ball players on their arrival today from Brooklyn. A proclamation by the mayor of the city urged everybody to join in the demonstration. The team meets Brooklyn Saturday in first four games of the world's series to be played on the local field. Brooklyn also arrived today and expressed confidence that they would win the series from Cleveland. They were also optimistic.

Mrs. T. O'H Dupree left today for a visit in Norfolk.

TERENCE MAC SWINEY

Terence MacSwiney, lord mayor of Cork, who, starving himself to death in a London prison, said: "I am confident my death will do more to smash the British empire than would my release."

CITY ALDERMEN IN MONTHLY SESSION HERE LAST NIGHT

City Fathers Pass Resolutions Supporting Police in Recent Activities.

The Board of Aldermen met in regular session last evening with Mayor Clark and Aldermen Hearne, Hassell, Bowen, Tunstall, Hall, Van Dyke, Tyson and Clodfelter present.

The minutes of the last meeting were read and approved. The superintendent of the water and light commission was authorized to draw a check for \$8325.00 to pay first payment on the boiler.

It was moved and carried that Opliman's store be allowed to sell army goods without any special license.

Moved and carried that the matter of covering houses with shingles be referred to the mayor, for investigation, to the next meeting.

Moved and carried that the hedge between town property and Mrs. Cowell's be not removed.

Moved and carried that parking law remain as it is and that no parking signs be put up instead of the 30 minute law.

The matter of the fire truck was referred to the fire committee. The following resolutions were adopted:

Whereas: It seems there is a certain lawless element, with their allies in higher places, in the town of Greenville, who are trying to discredit our mayor in his efforts at law enforcement, and to intimidate our police officers in the fulfilling of their duties as officers of said town; therefore be it

Resolved: That we, the board of aldermen of the town of Greenville assembled in regular monthly meeting, do hereby pledge our confidence, support and co-operation to our mayor, chief of police and police assistants in their efforts at law enforcement, believing that they are doing all they can honestly to bring the violators of law and order to justice, and to make Greenville a cleaner, more wholesome town in which to live. And further, be it

Resolved: That we condemn the action of certain citizens in their encouragement of lawlessness by stirring race prejudice and causing hatred and resentment against our officers who are directly in charge of law enforcement. This the 7th day of October 1920.

PHYSICIANS AMPUTATE MAN'S LEG HELD UNDER CAR THRU COLLISION

New York, Oct. 8.—In order to rescue Henry Helm, motorman, from wreckage of two street cars wrecked in a collision, physicians working by flickering lights early today amputated the man's right leg. The operation was performed without administering anesthetic. The left leg was later amputated at the hospital. Helm is expected to recover.

DECLARES PEOPLE HAVE BECOME REAL SLAVES TO LUXURY

Dr. Kurtz, of Kansas, Says Comforts and Wealth Have Brought Big Changes

DECLARES STRENGTH OF NATIONS DEPEND ON PHYSICAL MORAL

Economic Democracy is the Problem of the Hour for All Nations.

Tokio, Oct. 8.—Comforts and luxuries of life have multiplied so with the increase of wealth and inventions that people have become "slaves" declared the Rev. D. W. Kurtz, D. D., of McPherson, Kans., in an address here today before the World's Sunday School Congress. Quoting the scriptural saying that "Where there is no vision, the people perish," the speaker said that politicians and even educators too often boasted of a nation's wealth, comforts and luxuries and were not aware that the spirit of prophecy and vision had faded.

"The strength of a nation," Dr. Kurtz declared, "does not depend upon its armies or its wealth but upon the physical moral, and spiritual health of its people. Multitudes are slaves to greed and gold or to the passions and appetites of the body. There can be no permanent civilization based on materialism. The world lacks self-control. Our first need is balance. We must put first things first and other things in their proper place. The true way of life is sovereign over nature, the mastery of things and the body.

"Economic democracy is the problem of the hour. No problem is solved until it is solved right. The slavery of the ancient world became the feudal system of the Middle Age and the in-

(Continued on page twelve.)

SCIENCE PUZZLED OVER EARTHQUAKE IN SOUTH AMERICA

Government Scientists Amazed at Frequency of Shocks in District.

Washington, Oct. 8.—Frequent earthquakes in North and South America and Europe during the last few months have puzzled government scientists. They regard the disturbances as a geological anomaly for they say that the greatest seismic disturbance is known definitely to be in February, March and April. Their opinion coincides with that of Father Tondorf, director of the Georgetown University Seismic Observatory.

The government scientists have no particular scientific reason to suggest for the frequency of the recent earth disturbances. They are making special study of the earthquakes, and their opinion is that geology is too young a science and too little is known of it for anyone to attempt an explanation of the cause of the anomaly.

Geologists recognize that the earth's surface is a state of continual unrest, and they explain that whenever the accumulated force passes the "breaking point" earthquakes follow. The disturbances which recently have occurred in three continents are regarded by scientists as movements of the earth's crust and yet they say that some of the shocks may have extended to a depth of 200 miles.

Fault lines or weak places in the earth are well known to the geologists, according to G. P. Merrill, curator of the National Museum, who explains that because of this knowledge a general prediction regarding the area of a disturbance can be made by the scientists. But, he adds, "no sane man" would attempt to say exactly where or when, for a fault may extend for several hundred miles.

SAY RUSSIAN ARMY WILL BE READY TO FIGHT AGAIN SOON

Observers of Russo-Polish Situation Look for Counter-Offensive.

AMERICAN OFFICIAL TELLS OF CONDITIONS THROUGHOUT RUSSIA

French Officers Says He Believes Troops Will Come Back Strong in Spring

Berlin, Oct. 8.—Close observers of the Russo-Polish situation say the Russian Soviet army will not content itself with defeat but will either begin a counter-offensive this winter or launch a fresh campaign in the spring.

An American army officer who toured Poland from Warsaw to Soldau and then visited the Russian internment camps of East Prussia said he found virtually unanimity of opinion among Poles, French, and Germans that the Russians would not give up their ambition to conquer Poland without further fighting.

A French officer serving in Poland told the correspondent he believed the Russians would come back in the spring, and that they would be better organized for invasion than they were this summer. A Polish officer, graduate of an American university and serving with General Joseph Haller's army, declared he believed, and this belief prevailed among Polish officers, that the Russians were badly beaten but would be able to re-organize and prepare for another campaign within six months. A number of Germans, who held the opinion that Poland cannot endure as a nation, said they were confident Russia soon would begin a counter-offensive.

The American officer said informally. (Continued on page twelve.)

TO ASK CHURCHES TO SAVE COVENANT OF LEAGUE NATION

Democratic Managers Think That Moral Issue of Country is at Hand.

Washington, Oct. 7.—The trump card of the Democrats is now to be played. It is to be an appeal to all the churches of the country to save the League of Nations. When the League of Nations was before the Senate for ratification every National and important sectional church organization in the country put itself on record as favoring ratification. These organizations represent the great mass of the nation's church people, which numbers many millions.

It is well-known to the Democratic managers that an overwhelming majority not only of the ministers but of the active lay-workers in the churches are for the League without regard to party, but this great moral force of nations has not as yet been made effective in the campaign. But the church people will now as the organized Christian power of the nation be asked to back up the faith they have expressed in the covenant of the league.

The slogan the Democrats have adopted is an adaptation of them used so effectively four years ago:

"He kept us out of war." It will be changed to:

"It will keep us out of war."

Every minister who is known to be for the League and every congregation where it is known strong League sentiment prevails will be appealed to to throw their force into the campaign. They will be asked to do this not on the ground of partisan politics, but for the very good reason that the battle of discussion and ballots is a supremely moral and religious move to save the world from war.

PRINCE CAROL

"Close up" photograph of Carol, crown prince of Roumania, who has been making a tour of the United States.

NEW YORK CITY TO BUILD DOUBLE DECK SUBWAY LINE SOON

Plans Under Foot for Construction of Line to Manhattan Island.

New York, Oct. 8.—This city will have a new double-decked subway running most of the length of Manhattan Island if the plans proposed by John H. Delaney, Transit Construction Commissioner, to provide for the increase in traffic in the next 25 years are put into effect.

It will be necessary to resort to this double-deck subway construction, in the opinion of the Commissioner, because the congested section of Manhattan borough has only 11 north and south arteries to serve more than 100 cross streets.

His plans call for an eight-track, double-deck line on the west side of the city from the Battery to 155th street running under Eighth and Amsterdam avenues. Only four tracks would be constructed at first but these would be so located that another four-track unit could be built under or on top of it.

Mr. Delaney also proposes the building of another north and south subway of four to six tracks under Fifth and Madison avenues, on the east side, and extending from the Battery to the Harlem river. Both these arteries would have connections extending to the boroughs of the Bronx, Brooklyn or Richmond.

The commissioner advocates the construction of 42 new single-track river tunnels. As the present system has 34 such tunnels, that would make a total of 76 tunnels.

It says that passenger traffic on the surface of the main arteries, north and south or crosstown, will soon have to be discontinued because of the great increase of traffic of vehicles and pedestrians; with the result that all passenger traffic on these streets would be forced into subway or on elevated lines.

GREAT BRITAIN MAY SOON BEGIN ACTION AGAINST RUSSIANS

London, Oct. 8.—Great Britain has threatened to take action against Soviet Russia if steps are not taken by October 10th for the release of British prisoners held by the Bolsheviki, says the Newspaper Herald, quoting labor organ, what is purported to be notes exchanged.

VIOLENT EARTHQUAKE FELL IN SECTIONS OF ITALY LAST MIDNIGHT

London, Oct. 8.—Dispatches received here say that two violent earthquake shocks were felt in northern Italy last midnight. The extent of the damage so far is unknown.

BOARD OF HEALTH TO BEGIN CAMPAIGN IN THIS TERRITORY

Inspector to be in City Several Days Declaring War Against Privies.

WILL LICENSE PRIVIES UNDER CHAPTER 71 OF PUBLIC STATE LAWS

The Inspection Will be Conducted Free in Every Part of County.

The State Board of Health announces that Mr. R. E. Robbins, state sanitary inspector will be in this vicinity for several days, beginning about October 6, 1920, for the purpose of inspecting and licensing privies in accordance with Chapter 71, Public Laws of 1919.

The law became effective on the date of its passage, namely Feb. 24, 1919, but in order to give every one ample opportunity to comply with it, the State Board of Health deferred the date for insisting upon compliance with the law to October 1, 1920. Upon that date the inspectors were put into the field.

The inspector upon visiting a home will find the privy either sanitary or insanitary.

Privies found sanitary: The procedure in such instances is simple. The inspector posts the State privy license number upon such privy and collects the annual license fee of 40 cents. Privies found insanitary: Such privies will be found insanitary, due either to faulty construction of faulty maintenance. In such instances the responsible parties will be subject to immediate prosecution, but it is within the discretion of the inspector to follow one of two courses, as follows: (1) If reasonable evidence at the first visit is furnished to show that the responsible individual is acting in good faith, but for some unavoidable reason has been unable to meet the laws requirements, the inspector will be given authority to waive prosecution temporarily. In this case the inspector will collect the inspection fee as usual, and affix to the privy the sign, "Privy License Pending." Upon his next visit the inspector will naturally expect the requirements to have been met, and few, if any, excuses for non-compliance will be considered. (2) All other privies insanitary in construction or maintenance will be placarded with the sign, "Insanitary; Unlawful to Use," and prosecution will follow immediately. Privies "insanitary, unlawful to use."

(1) Where condemnation is due to defective construction, the owner will be held legally liable.

(2) Where condemnation is due to defective maintenance, the user will be held legally liable.

In case a residence is not supplied with any kind of a privy, it is unlawful to maintain such a residence until a sanitary privy is supplied, and the owner of the residence will be held legally liable.

The inspection fee. The law specifies a fee of forty cents which must be paid at the time the privy is inspected. The inspector can not and will not make more than one attempt to collect this money. If not paid on demand the account will be turned over to the State Board of Health which will proceed with collection by process of law. Both money and trouble, therefore, will be saved by having the money ready for the inspector at the time of his visit.

CONFEDERATES PARADE PRINCIPAL STREETS IN HOUSTON DURING DAY

Houston, Oct. 8.—Ideal weather prevailed here for parade of Confederate veterans which is always a big feature of the annual reunions. First place among the veterans in line was given Admiral A. O. Wright, of Jacksonville, one of the few survivors of the Confederate navy veterans. The army of northern Virginia, army of department of Tennessee, Trans. Mississippi department and Forrest cavalry corps followed in order as vast throngs viewed the marchers.

CUBAN MARKETS USEFUL

The attention of American manufacturers new to the export business is directed by the National Foreign Trade Council to the potentialities of the Cuban market, which is easily accessible, but yet characteristic of the vast markets in the republics further South, and which forms a natural stepping stone for those companies wishing to test the possibilities of selling their products abroad. By trying to introduce his products in this market first, the manufacturer will be able to gauge the conditions he may expect to encounter in other Spanish speaking countries without the handicap of long-distance negotiations.

Cuba at present offers an excellent field for American products. The greatly increased prosperity in the island, due to the fortunes made in sugar and tobacco, has given rise to a demand for luxuries of all kinds.

Although the United States was able to obtain practically a monopoly of trade with Cuba during the war, our manufacturers are cautioned to be very careful in their dealings with this market, as the exporters of other countries are availing themselves of every opportunity to recover their former trade. The National Foreign Trade Council points out that the establishment of a parcel post service between the United States and Cuba would aid materially in cementing business relationships and in increasing Cuban-American trade.

MANUFACTURERS EXPORT ASSOCIATION.

While the experience of the last five years has served to impress upon us the importance of Latin America as a market for our manufactured products, it has failed to bring about anything like a corresponding change in the fundamental attitude of the American business community towards these countries. Although willing to fill such orders as may be sent, and, in fact, ready to indulge in a somewhat feverish and spasmodic attempt to secure such orders, we are apparently not prepared to take the steps necessary to secure a permanent foot-hold in these countries. That permanent foot-hold is to be secured through the investment of American capital. In order to attain this

end, however, we must bring about a change in the point of view of the American investor: a strengthening of his confidence in the stability and security of investments in Latin American countries. Unfortunately, a few isolated instances of losses sustained by American capitalists have created an entirely false impression as to the security of foreign investment in Latin American countries. The large losses in Mexico during the last ten years have served to color our vision with reference to all of Central and South America. As a matter of fact, the number of losses to foreign capital in Central and South America during the last 25 years, due either to violence or unfair treatment, has been so small as to almost negligible. As regards taxation, the burden on foreign investments in South America is far less than on similar investments in the United States. While large returns are justified, it is unfair to say that such large returns must be assured because of the extraordinary risks involved. As a matter of fact, risks in most sections of Latin America are no larger than in the United States. The fact remains, however, that the spirit of confidence of the American investor must be strengthened if we are to become permanent factors of importance in Latin American markets.

PRODUCTS SAFE FOR FOOD.

Hygienically, the custom of eating uncooked pork and pork products is regarded by medical specialists as very much to be discouraged, but the toothsome summer sausage, smoked sausage, pepperoni, pickled sausage, and a number of other dainties continue to tempt the American public to defy the physicians.

Facing this situation, the United States Department of Agriculture has to ascertain what treatment, other than conducted a long series of experiments cooking, will thoroughly destroy trichinae and render the foods safe for consumption. The result of the experiments is made public in Department Bulletin 880, just issued.

The experiments proved of double service. In addition to fixing the safety point in the various methods of curing pork without cooking, they cut down the time consumed in the processes in some cases as much as five days, permitting considerable saving in the cost of manufacture.

Prior to these investigations comparatively little was known concerning the effects of processes used in curing pork upon the vitality of trichinae, which cause the dread disease trichinosis.

It has been assumed as a governing principle, that the consumer is himself responsible for the proper preparation of fresh pork and pork products that are usually cooked before eating, but that the manufacturer is under obligations to make sure that pork products sold as cooked products are properly cooked, or, if of a kind customarily eaten without cooking, to make sure that the products are free from live trichinae.

In the Federal most inspection regulations it is therefore provided that products cooked in establishments under inspection must be cooked in accordance with methods approved by the Bureau of Animal Industry, and further that products containing any raw muscle tissue of pork, if of a kind prepared customarily to be eaten uncooked, must either be subjected to sufficient heat to destroy the vitality of trichinae, or must be subjected to some other process which would accomplish the same purpose.

COLD IMPORTATION.

One explanation of the easier tone in the money market is to be found in a moderate increase of reserves, due to importations of gold from Paris and London. The lawful reserves of the reserve banks on September 3 aggregated \$2,117,557,000, and on September 24 they aggregated \$2,451,504,000. That is not as large a gain as might be ex-pected, because while we were receiv-ing imports at the front door we were losing at the back door by exports to Japan.

It is expected that more gold will come from Paris in settlement of the Anglo-French loan, and we may con-tinue to get some of the South African gold from London, but it is a mistake to count upon any of these receipts to ease the credit situation. It will be a mistake to allow loans to increase on the strength of such additions, because we are likely to lose all that we get and more, too, and if we allow loans to in-crease on such an unstable basis we probably will find ourselves compelled later on to reduce them. The payment of the Anglo-French loan is not a re-curring event, and in the present state of world trade we are more likely to lose gold than acquire it. Under these conditions it is unsafe to increase cred-its. The country is taking the only practicable steps toward relief from tight money by lowering prices, and all the ground gained in that direction should be tenaciously held. What goes up must come down, as a rule, and the problem is to get down without dis-aster.

MILLIONS CLAMOR FOR ADMISSION TO PORTS OF AMERICA

Ellis Island Boiling With Immigrants, and Millions Want to Come.

AMERICAN CONGRESS
PRESSED TO ENLARGE
ISLAND'S RESOURCES

Between Three and four Million Italians Seeking Citizenship Here.

New York, Oct. 7. — Ellis Island, melting pot of the world, is boiling as never before, with the greatest flood of immigrants in history pouring into it. Millions more are clamoring at Europe's exits, anxious to come to America and congress will be pressed to quickly enlarge both the physical plant and working force on the Island to more than double its present size, according to Immigration Commissioner Frederick A. Wallis.

Since early last summer, aliens have been entering America's front door in unprecedented numbers. The problem of housing them until they can be admitted to the country has become painful to all parties concerned. Recently, hundreds of immigrants detained for investigation had to sleep standing up, as the floors, benches and chairs already were filled with the backwash from the congested dormitories.

The tide is certain to become greater with each passing month, Commissioner Wallis felt assured. Steamship operators informed him their accommodations are booked to capacity for 12 months ahead. Government officials announced 267,000 applications had been made for passports in Poland alone, mostly by Jews, while hundreds of thousands in other parts of Europe also were anxious to cross the seas to this country.

"Between 3,000,000 and 4,000,000 Italians are seeking domiciles and citizenship here and more than 3,000,000 Poles want to come over," said Commissioner Wallis, who attributed the exodus from Europe to the harsh post-war living conditions and the economic situation.

Frequently the commissioner asked the aliens why they left Europe. Most of them replied "no money, no eat," he said. Many Italian farmers declared they quit their native soil because of the danger from explosions when plowing in former battlegrounds.

Added to the prospective influx of immigrants from the countries of the war allies, will be millions in from Germany who, as soon as the way is clear, will seek passage to America, the immigration authorities have been informed by reliable and official sources.

SALE OF REAL PROPERTY.

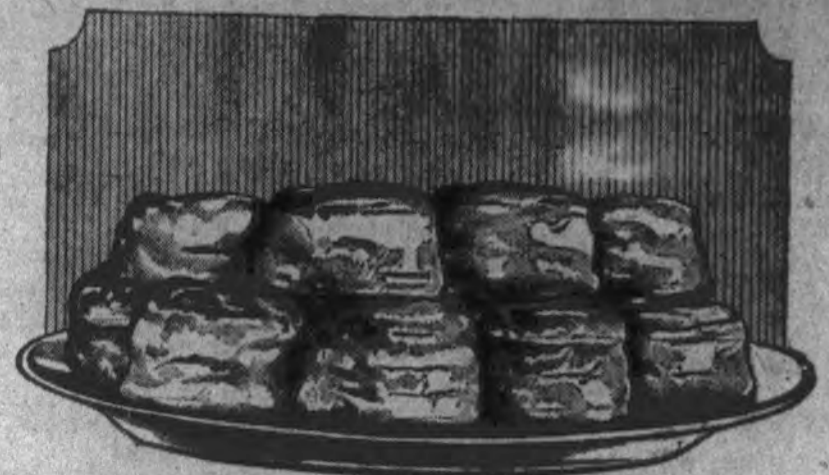

North Carolina, Pitt County.
By virtue of a power of sale contained in a certain mortgage deed executed by D. Hatem and wife Nora L. Hatem to J. T. Allen dated the 23rd day of February, 1914, and recorded in the Register's Office in Pitt county in book T-10, page 450, the undesignated will, on Monday, the 1st day of November, 1920, it being the first Monday in November, 1920, at 12 o'clock, noon, expose to public sale before the court house door in Greenville to the highest bidder for cash, the following described real property, to-wit:

Lying and being situated in the Town of Greenville, county of Pitt and state of North Carolina, beginning on the Eastern side of Evans street at a stake 48 feet north from the intersection of Evans and Tenth street, the north west corner of the lot formerly owned by B. Shehdan and wife and runs in an easterly direction with said Shehdan's parcel with Tenth street 124 feet to a stake thence in a northerly direction parallel with Evans street 55 feet to a stake, thence in a westwardly direction parallel with Shehdan's line and Tenth street 124 feet to Evans street, thence in a southerly direction with Evans street 55 feet to the beginning containing 6820 square feet being the same house and lot adjoining and north of the house and lot D. W. Hardee and wife Henrietta Hardee conveyed to B. Shehdan and wife by deed recorded in book N-10, at page 261 of Pitt county registry and being also a part of the land conveyed to D. W. Hardee by J. L. Little."

This sale will be made for the purpose of satisfying the terms of said mortgage Deed.

This the 22nd day of September, 1920.
ALBERT M. ALLEN,
R. S. ALLEN,
Administrators of the estate of J. T. Allen.

Biscuits That Delight Everyone

MY! but they're good—those pipin' hot biscuits made with Ballard Self-Rising Flour. They just fairly melt in your mouth.

And they're so easy to make. Ballard Self-Rising Flour is ready prepared. It contains all the soda, salt and baking powder. You simply add the shortening and milk or water—and presto! You'll bake the finest batch of biscuits you ever tasted.

Think how economical it is, too—and quick, sure and simple. You don't have to guess—all the ingredients are mixed in correct proportions. It would cost you a fourth more to buy them and mix them yourself—and the result is certain to please.

Women who use Ballard Self-Rising Flour have a distinct pride in their tables. It is the pride that comes of knowing that they serve only the best, most delicious biscuits, rolls and cakes.

We have the same pride in our mills. We make our flour out of the very best wheat—fine, plump grains of Winter wheat. It is milled in the most modern way and finally sifted thru silk to insure its purity and cleanliness. It comes to you ready to bake—saving you time, trouble and money, and guaranteeing you the best of results. Ask your grocer for the best self rising flour he has

ISN'T THIS THE
QUICKEST WAY?

"So Much BETTER"

PREDICTS DECLINE IN GOLD STANDARD OF UNITED STATES

**Chairman MacFadden Says
Lack of Gold Production
Present Bad Conditions**

**CREDIT RESTRICTION
AND DECLINING PRICES
BRING ABOUT SITUATION**

**Depletion of Gold Stock and
Exportation Will Impair
Public Confidence.**

Washington, Oct. 7.—Fear that the declining gold production in this country would make it difficult to retain the nation on a gold standard basis during a popular campaign for credit restriction, accompanied by declining prices, was expressed in a formal statement issued today by Chairman MacFadden, of the House Banking Committee.

Mr. MacFadden is the author of a bill pending before congress under which a tax of \$10 a ounce would be levied on gold used in the industrial arts. This tax in turn would be paid to producers to stimulate their efforts. In his statement Mr. MacFadden declared that unless some relief was furnished the American gold mining industry would be compelled to shut down soon because the legally fixed price of \$20.67 an ounce for gold was less than current production costs.

"The continued depletion of the gold stock by excess exportation and industrial use," Mr. MacFadden said, "will seriously impair the public confidence in the nation's finance and currency unless a normal gold output is insured."

NOTICE Chicod, Winterville, Ayden Townships Stock Law Election.

Notice is hereby given that the board of county commissioners of Pitt County, in regular meeting assembled on Monday, September 6th, 1920, ordered an election to be held in that portion of Chicod township, Winterville township and Ayden township, which is fully set out in said petition filed, said election to be held on Saturday, December 4th, 1920, at Galloway's Cross Roads, in Chicod township, and at Cox's Mill in Pitt County, on the question or proposition, on a stock law territory, for within boundaries.

Beginning at the corner of the stock law fence at or near Calico Cross roads on the Greenville-Vanceboro road, then running east across said road; thence running on the east side of the Greenville-Vanceboro road northward to Black Jack, thence on the eastward side of the Grimesland Road to Rufus Galloway's; thence with the Grimmer Mill road to the Beaufort line, at or near H. A. Boyd's store. Thence on the south side of the public road leading from Black Jack to the County Home, thence North with New Bern road to White's New road; thence west with said White's road to the present Stock Law line.

Said election is called and ordered as provided by section 1674 of the Revised, shall be held and conducted, as for the election of the house of representatives.

It is further ordered, that a new registration be and is hereby required, and those who desired to vote at said election are required to register, said registration books will be open on Tuesday November 2nd, 1920, and closed November the 22nd, 1920, at sun set, that on each Saturday during the time the registration books will be opened at Galloway's X Roads in Chicod township, and at Cox's Mill in Ayden, Chicod and Winterville townships and at all other times at the home or R. L. Little, and W. S. Cox in said townships county and state.

And all citizens desiring to vote in said elections will be required, to

vote a written or printed ballot containing the words "STOCK LAW", and those opposed thereto, shall vote a written or printed ballot, with the words written thereon, "NO STOCK LAW."

It is further ordered, that R. L. Little, be and is hereby appointed registrar, for Galloway's X Roads precinct and W. S. Cox be and is hereby appointed Registrar, for Cox's Mill precinct.

This the 1st day of October, 1920.
SAM T. WHITE,
Chairman of Board Commissioners of Pitt County.
J. C. GASKINS,
Clerk to the Board.

SALE OF REAL PROPERTY
North Carolina, Pitt County.
John W. H. Hammond, Paul F. Hammond, Elizabeth Chadwick, Henry N. Hammond, John E. Hammond, Lizzie Davenport and Bertha Hardee
Ex Parte.

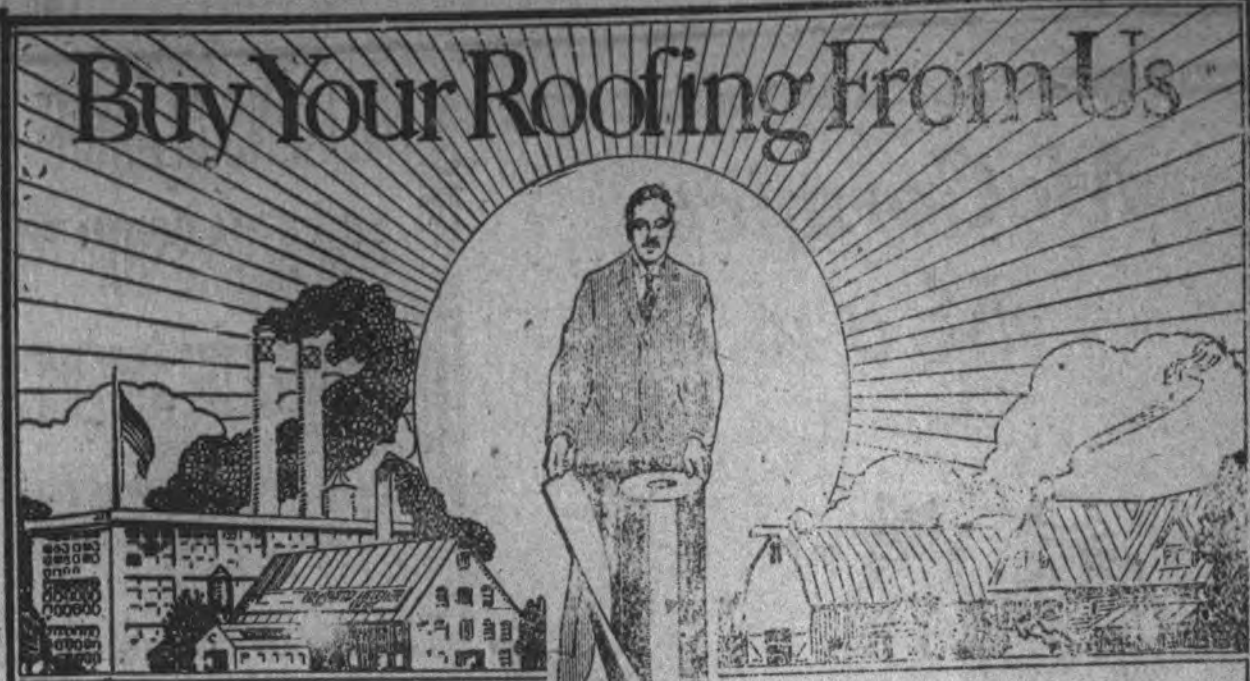

By virtue of a decree of the Superior Court of Pitt county, made in the above entitled cause, on the 30th day of September, 1920, the undersigned commissioner will, on Monday, the 1st, day of November, 1920, at 12 o'clock noon, it being the first Monday in November, 1920, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following described real property, to wit:

"A certain tract or parcel of land lying and being situated in Bethel township, Pitt county, North Carolina, adjoining the lands of William Taylor, the Speight or Andrews lands and others and lying on and adjacent to the Bethel and Parmele public road in Bethel township, containing 31 acres more or less.

Also one other lot or parcel of land situated in the town of Bethel, Pitt county, N. C. situated on and adjacent to Main street, adjoining S. T. Carson on the North and W. J. Manning on the South and being the Town Lot or Parcel of land willed to your petitioners by the late Mrs. Elizabeth Hammond."

This sale will be made for the purpose of making partition of the proceeds of said lands among the tenants in common. This the 30th day of September, 1920.

F. C. HARDING,

We Are Distributors For **RU-BER-OID** ROOFING

The importance to us of selling a ready-roofing of the highest quality—a roofing which will give our customers universal satisfaction—has led us to select Ru-ber-oid as our standard brand.

We have decided on Ru-ber-oid because

- It was the first ready-roofing on the market.
- Its makers have maintained the highest of standards in its manufacture for over 25 years.
- It contains a finer quality of felt than is to be found in any other roofing.
- The saturating and coating compounds used in making it are of the highest possible quality.
- It has given continuous service on many buildings for over 20 years.
- The nails used in its application are specially treated so as to be non-rusting and prevent leakage.
- We are convinced that it is the best roofing.

When you are in the market for roofing investigate Ru-ber-oid. Stop in to see us about it. Remember there is only one Ru-ber-oid Roofing on the market. We are the local agents for it.

GREENVILLE, N. C.

SOCIAL - PERSONAL

Mr. M. R. Bean, of Kinston, spent several hours here yesterday.

L. B. Belanzie, of Elizabeth City, spent the day in Greenville Thursday.

Mr. A. B. Watson, of Raleigh, is numbered among the business visitors in the city today.

Mr. J. T. Ross, of Washington, spent several hours in this city during Thursday.

Mr. J. M. Reuss, of Ayden, spent a short time here yesterday afternoon.

Mr. R. H. Powell, of Durham, was numbered among business visitors in the city yesterday.

Mr. B. E. Matthews, of Charlotte, was in Greenville for a short time Thursday.

Mr. T. W. Fenner, of Raleigh, was here several hours yesterday.

MARRIAGE LICENSES ISSUED SINCE REPORTS YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday afternoon:

Colored—Annie Turnage to Robert Joyner, both of the Farmville community.

Maude Howard to John Whitley, both of Pactolus township.

Annie May to Joseph Woolard, both of the Greenville territory.

BRIDGE CLUB.
Miss Novella Moye was hostess to her bridge club on Wednesday evening. The library and parlor in which the games were played were decorated with cut flowers. Miss Alma Rightsell making the top score was presented a patent leather knitting bag. The rules, by which the club will play, were drawn up and adopted. Three new members were voted into the club, Mrs. Richard Stokes, Misses Ruth Andrews and Francis Wredbee. During the games the guests enjoyed candles and at the conclusion a salad course was served. The guests of the club were Misses Arnette Hattaway, Elizabeth Hinton, Alma Rightsell, Gladys Bagwell, Corinne Mal, and Ruth Andrews.

MARY MILES MINTER COMING IN ROMANCE OF THE CUMBERLANDS

A love idyll of the Cumberland mountaineers by John Fox, Jr., which was published under the title "A Mountain Europa," has been adapted for the screen, and under the new title, "A Cumberland Romance," comes to White's Theatre in this city tonight. Mary Miles Minter is the star, while prominent persons in the supporting cast are Monte Blue, John Bowers, Guy Oliver and Martha Mattox. Chas. Maigne, who will be remembered for "The Fighting Chance" and "The Copperhead," wrote the scenario and directed the picture, which is said to show the finest work that the star, Miss Minter, has ever done.

FIRE COMPANY TO MEET.

Hope Fire Company will meet tonight at 8 o'clock for practice.

Don't put off registering for the election next month just because you think there is plenty of time. Go register and let it be over with.

NAVAL RESERVISTS PAY UNCLAIMED CHECKS
Despite the efforts of the Bureau of Navigation to maintain a correct list of addresses of members of the Naval Reserve Force, it is having much trouble over this matter owing to the failure of the Reservists to co-operate with the Bureau in furnishing their changes of address. The Bureau of Supplies and accounts has already called attention to this, as it effects the ability of the bureau to keep its pay accounts up to date. Just how this failure to keep the navy department informed of their correct addresses effect members of the Reserve force is shown by a statement made by Rear Admiral Thomas J. Curie, U. S. N., in charge of the many allotment office, Washington, D. C. The admiral declared that more than 60,000 retainer pay checks addressed to Reservists have been returned to his office unclaimed. Admiral Curie stated that he checked up the latest addresses of Reservists through every possible avenue. Reservists who have not received their tri-weekly check and those who have failed to receive the annual check are requested by Admiral Curie to communicate with his office without further delay. The amount of unclaimed checks, he said, totals more than \$2,000,000. For further information apply at the local Navy Recruiting Station, P. O. building.

MYTHICAL WOMAN UP-TO-DATE
In the beginning, according to a Sanscrit writing the creator of man, exhausted his materials. So when he created woman, after much meditation, he took the rotundity of the moon, the curves of the creepers, the clinging of tendrils, the trembling of grass, the slenderness of the reed, the bloom of flowers, the lightness of leaves, the timidity of the hare, the vanity of the pea cock, the clustering of bees, the joyous gaiety of sunbeams, the weeping of clouds, the fickleness of the winds, the softness of the parrot's bosom, and the hardness of adamant, the sweetness of honey, the cruelty of the tiger, the warm glow of fire, the coldness of snow, and the chattering of Jays and the cooing of doves and the fidelity of the faithful and compounding these together made woman. The above is a Myth but the following is facts, attractive clothes, make attractive women, still more attractive, style is something that can't be described or explained yet we all know it and want it when we see it. In the beginning, it was a simple costume of a few fig leaves, now it embraces every color and is shown in every known fabric, at prices to conform with every purse. We can't begin to describe the wonderful styles we have to show you, but they include the latest creations of Lady Duff Gordon, Maid Marion, Raven Hue, Beaux Arts and Simon Quality. Come in let us show you.

SENATOR LEE S. OVERMAN TO SPEAK HERE OCTOBER 19
Senator Lee S. Overman will open Democratic campaign in this city, with a speech on Tuesday, October 19th. Senator Overman is a strong and well acquainted with the issues of the day. The public is cordially invited to hear him.

BRIDGE CLUB.
Mrs. W. M. Scales was hostess to her bridge club Wednesday afternoon, at the home of Mrs. N. S. Fulford. The library in which the tables was arranged was decorated with cut flowers. Mrs. Alex Blow making the top score was presented a rose bowl, and Mrs. L. H. Bowling was awarded the consolation prize, a lip stick. The hostess then presented Mrs. J. F. Lynch, of Duke, with a deck of cards. At the conclusion of the games a salad course was served. The guests of the club were Mesdames J. F. Lynch, N. S. Fulford, J. C. Butner, and Miss Betsy Greene.

WANTED.
The Bureau of War Risk Insurance has been asked to locate a former soldier by the name of Phophet Hunt. It is assumed that the bureau is holding a check, awaiting his proper address. Anyone knowing this man will please notify Miss Eloise Ellington, Secretary Pitt County Chapter A. B. C.

NOTICE OF SALE.

By virtue of the power of sale contained in that certain deed in trust, executed on the 22nd day of September, 1919, by J. C. Johnston to J. B. James, trustee, which deed in trust is duly recorded in the office of the Register of Deeds of Pitt county, in Book 1-13, page 137 the undersigned will expose for sale, to the highest bidder for cash, at noon, on

MONDAY, NOVEMBER 8th, 1920.

the following described real estate:

That certain piece, parcel or lot of land, lying, situate and being in the county of Pitt, state of North Carolina, Greenville township, on the North side of Tar river, and known as Farm No. 3 on plot of land formerly owned by T. M. Moore, containing 39.14 acres, more or less. Said farm bounded on the West and North by lot No. 2, on the East by lot No. 4, and on the South by the Greenville and Pactolus road. Reference to map of said property recorded in Map Book 2, page 39.

This sale is made to satisfy the notes secured in said deed of trust.

This the 5th day of October, 1920.

MORTGAGEE'S SALE OF LAND.

North Carolina, Pitt County.

By virtue of power vested in me as assistance of that certain mortgage that was executed to D. C. Sermons by Ed Savage and wife, Lovie Savage, on the 1st day of January, 1916, and which is duly recorded in the office of the Register of Deeds, of Pitt County in Book D-11, at page 327, I shall sell for cash, to the highest bidder at public auction in the Town of Greenville, on Monday the 25th day of October, 1920, at twelve o'clock noon, at the court house door, the following described parcel of real estate, lying, being, and situated in the County of Pitt, in the State of North Carolina, to-wit:

Lying in the Piney Pocosin, and beginning at a short tag pine, formerly Ben Evan's corner, near the mouth of Great Island, and running thence with Ben Evans' line to Tom Adams' line; thence with said Adams' line to a short tag pine, said Adams' corner, in the Piney Pocosin; then to the Charles Smith line: then South to the beginning. The whole tract containing 100 acres more or less, but only the eastern half of said land containing about 50 acres will be sold pursuant to the terms of said mortgage; for a more particular description reference is made to Book A-A, page 403, and R-9, page 59.

of the Pitt County Registry.

J. F. HARRINGTON,

Clerk Superior Court.

F. G. JAMES & SON, Atty. 30-1twk4wks

NO ATTENDANCE RECORD

EXPECTED THIS YEAR

New York, Oct. 6.—It has been pointed out that because of the capacity of the parks where the world's series games are to be played there is little likelihood of a new attendance record being made, but there is a possibility if the series goes to seven or eight games, of a new mark in total gate receipts. The record for receipts was established last year when nearly three quarters of a million dollars were paid by 236,928 fans to witness the games between Cincinnati and the Chicago White Sox.

With the prevailing prices for admission tickets this season and capacity crowds for seven or eight games there is a chance that the total receipts will exceed those of last year.

The sixteen world's series that have been played, including the one of 1903 not under the jurisdiction of the National Commission, have attracted a total attendance of 2,252,842, or an average of 23,467 for each of the 94 games that have been played.

The receipts have mounted up to a total of \$4,202,135. Of this sum \$2,122,918 represents the share of the club owners, but the owners have not pocketed the entire amount. For several years the regulations have required the owners to return a percentage of their share of the receipts to their respective league treasuries, the portion now being at least 50 percent.

The players who have taken part in the world's series games since 1903 have divided \$1,003,177 and the National Commission has received from the big games \$414,031. The governing body of major league baseball got nothing from the world's series of 1903, that series having been arranged entirely between the Boston Americans and the Pittsburgh Nation.

ADMINISTRATOR'S NOTICE.

Having qualified as administrator of Wyatt L. Brown, deceased, late of Pitt county, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned within twelve months from this date or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment. This September 7th, 1920.

FARMS for SALE

We are offering for sale farms in Gates county at "Before The War" prices, all well located, convenient to schools, churches and to railroad. Soil is high and well drained, suited to any crops that grow in eastern North Carolina.

Farm No. 1, Fifty acres, thirty cleared and in high state of cultivation, timber on balance. New six room dwelling and out buildings. Variety of fruit trees and grape vines now bearing.

Farm No. 2, Ninety two acres, seventy cleared, six room dwelling and new tenant house. Plenty of wood and timber for place.

Farm No. 3, One hundred eighty-three acres, fifty cleared and in high state of cultivation, one ditch in field. Six room dwelling and necessary outbuildings.

Farm No. 4, One hundred forty acres, two horse crop cleared and balance well timbered. Six room dwelling and necessary outbuilding.

All above farms are located in good neighborhoods and on R. F. D. routes. We can sell all of above farms for a very low cash price, or we can arrange easy terms for part cash and balance secured by land.

If interested in buying a farm, write us when to meet you at Sunbury and we will show you what we have to offer.

**IRISH GOVERNMENT
PLANS TO MAINTAIN
MORALE OF POLICE**

**Importance Attached to This
Feature Explained Through
Weekly Papers.**

Dublin, Oct. 7.—The importance attached by the government to the maintenance of the morale of the Irish police is shown by the fact that it has taken the unprecedented step of publishing newspaper called the Weekly Summary for circulation in all the police barracks. Three numbers have already appeared and been distributed to the police. It contains brief and striking editorials enlogizing the force, and assuring them of support in their trying situation.

The resignations from the Royal Irish Constabulary and the additional pressure of patrol work have led to the recruiting of large numbers of men in England, principally former soldiers attracted by the high wages. The attitude of Sinn Fein toward them is one of extreme bitterness, while the members of the force are more favorably looked on, and attempts are made to induce them to resign.

The new men could not be provided with the ordinary police uniform, and have had to be content with a uniform partly police and partly military. This has earned them the nick-name of "The Black and Tans." The Weekly Summary has special encouragement for them. Extracts from it have been published in the Dublin newspapers, one of which says that "The Black and Tans will go on with their job—the job of making Ireland once again for the law-abiding and an appropriate hell for those whose trade is agitation and whose method is murder." This exhortation is denounced in the Nationalist Press as an encouragement to the reprisals which provoked the condemnation of General Macready.

**HOSTILITIES HALTED
BETWEEN LITHUNIANS
AND POLISH TROOPS**

Riga, Oct. 7.—Hostilities between the Poles and Lithunians have ceased pending the arrival of the allied mission which will attempt to settle trouble, it was announced at Polish headquarters today.

**"THE SAME FOR LESS."
404 EVANS STREET**

**How
Would You
Like to Save
Half the Work
Time and Cost
of Mowing
?**

**HERE is the only successful
wide-cut mower. It saves
50% of your mowing cost by
cutting twice as much in the same
time. Compensating lever and
spring carries the cutter bar on the
drive wheels instead of dragging it
on the ground. This increases trac-
tion, does away with side draft
and weight on horses' necks—
greatly lengthens life of machine.**

**E-B
Standard Mower**

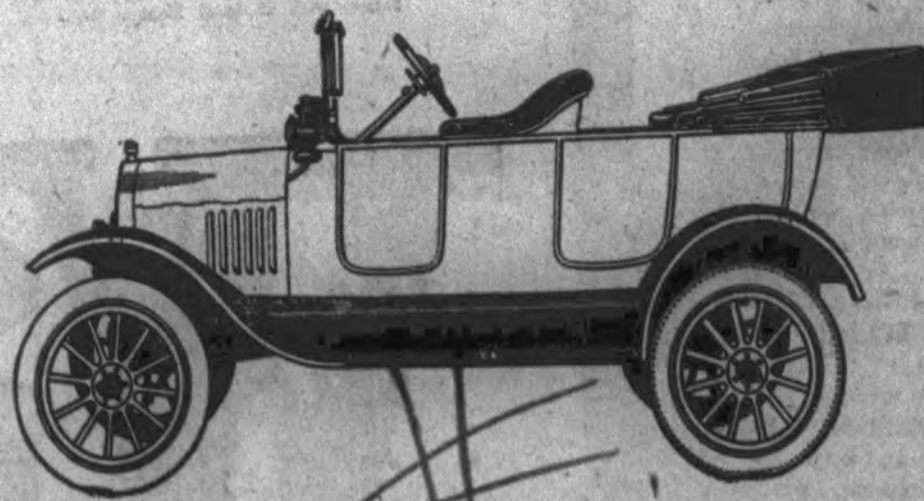

This mower is as easy on your horses as plowing corn, and will cut two acres of hay in every mile the horses travel. Come in and see it. Bring your boy along.

GREENVILLE, N. C.

PRESIDENT WOULD RATHER FOR VOTER TO DECIDE CHARGE

Wilson Prefers Truth Charges
to be Determined by the
American People.

SENATOR REED BACKS
UP SPENCER'S CHARGE
OF AID TO FOREIGNERS

Says That President Promised
Military Aid in Address
at Versailles.

Washington, Oct. 6.—President Wilson today telegraphed Senator Spencer, Republican, of Missouri, that he was content to let the voters of Missouri decide which of them was telling the truth. The telegram referred to Senator Spencer's charge that the President had promised military aid to Rumania and Serbia which the President on yesterday said was "false."

The telegram, which was made public at the White House without comment or explanation, said:

"I am perfectly content to leave it to the voters of Missouri to determine which of us is telling the truth."

Replying to the President's letter of yesterday, Senator Spencer in a letter made public at St. Louis last night quoted in support of his original statement from what he said was the stenographic notes of the eighth plenary session of the peace conference. He asked the President to inform him whether Mr. Wilson had made the statement as attributed to him in the stenographic notes taken at Paris.

The President's telegram today apparently was in reply to that letter.

Kansas City, Mo., Oct. 6.—Senator James A. Reed, in a telegram late today to United States Senator Spencer, asserted that President Wilson had made a statement pledging America military aid to Rumania and Serbia, in an address at the peace conference on May 31, 1919.

The text of the address did not pass censor until December 3, 1919, when it was brought to this country by a newspaper correspondent and published in the Washington Star on that date. The speech also appeared in full in the Congressional Record on December 4, 1919, the telegram added. Senator Reed's telegram was sent in response to one from Senator Spencer asking information on the subject.

Senator Reed's telegram urged the President to produce the stenographic records of the peace conference "to show just what was said."

Senator Reed's telegram declared the President's statement also was copyrighted by a newspaper syndicate and given wide circulation.

"On several occasions I challenged the attention of the Senate to this speech," the telegram continued. "My speeches by scores of thousands were circulated through the country. Numerous publicists and speakers have repeatedly referred to and commented upon this declaration of the President. Its authenticity was never disputed on the floor of the Senate or elsewhere to my knowledge until Mr. Tumulty recently denounced it as false."

THE PROCESS OF DEFLATION.

Despite the complaints made of injury done by credit curtailment the record shows that there has been no reduction of bank loans as yet. The loans of the reserve banks have averaged higher in the last month than in any other month since the banks were established, and the loans of member banks have also been at the top notch. On September 10, the loans of member banks reporting to the Federal Reserve board aggregated \$16,923,467,000, against \$15,457,705,000 on September 12, 1919, an increase of \$1,465,000,000. There has been no increase of production to correspond with this. The effort to increase production by expanding credit in a period of rising prices is precisely like the efforts of a kitten to catch its own tail. The more credit is granted the higher prices will be.

The efforts of the banks up to this time have accomplished no more than the prevention of further expansion. With the decline of prices however it should be possible to accomplish some degree of deflation. There should be a relinquishment of that purpose under the billholdings of the reserve banks are far below their present proportions. It cannot be too often repeated that the reserve banks were intended to hold reserve resources for use in emergencies and to meet seasonal requirements. They were not intended to be tied up to the limit in normal times. It should be the purpose of every banker to reduce his requirements upon them to this basis.

GERMANY.

The dry weather which has prevailed in Germany for some time, and which has checked the growth of the beet crop to some extent, was relieved during the week ending August 28 by generous rains which have greatly improved crop prospects, states the Centralblatt of August 28, 1920. The tests of the beets show good results, both in weight and sugar content. The latter is very much higher than at the same time last year, so that with regular and uninterrupted operations we can count again on a normal yield of 15.50 per cent or over. On August 28 the weight of beets without leaves was 364 grams against 233 grams at the same time last year, and the sugar content 15.79 per cent against 15.83 per cent. In factory circles the crop is expected to outturn between 300,000 and 1,100,000 tons, dependent largely on weather conditions and the securing of proper supplies of fuel, etc., to the factories. So far the deliveries of coal to the factories have been unsatisfactory and strong measures are required to guarantee the full supply of fuel. It should not be forgotten how many beets could not be worked into sugar last year because of lack of fuel. Another disadvantage which the factories face is a request from the Government that idle employees in their vicinity be employed in preference to old hands who are already employed elsewhere.

The consumption of sugar during the eight months from September 1, 1919, to June 30, 1920, is reported as 788,532 tons, including 41,347 tons of imported sugar. This is an average consumption of about 100,000 tons per

sugar remaining on July 1 was 181,369 tons, which has all the sugar on hand available for consumption in July, August and September. Due to the high world prices, little outside sugar was probably secured during this period and the people of Germany have therefore been obliged to depend largely on their home supplies of sugar for consumption during September. An early opening of the new crop is urgently desired.

Half the Wearing Parts

This trademark is branded in red on one side
of the Still Better Willard Battery—the only
battery with Threaded Rubber Insulation.

In the ordinary battery there are
two wearing parts—the lead plates and
the insulation between the plates.
These are the parts of the battery ex-
posed to the chemical action of the
solution—the parts most likely to give
out.

The Still Better Willard has only one
wearing part—for Threaded Rubber In-
sulation is not affected by the solution
—it will outlast the battery every
time.

Threaded Rubber Insulation has all
the high insulating qualities of ordinary
rubber, yet allows easy flow of current
from plate to plate.

With this acid-proof insulation there
are no rotted separators, no expensive
replacements. No internal short cir-
cuits due to carbonizing or punctures.
No checking or cracking.

Finally, the Still Better Willard is
shipped and stocked "bone-dry"—not
a drop of moisture in it, no possibility
of deterioration. It starts its service
in your car as fresh and "peppy" as if
just built.

Of the 191 passenger cars and trucks
using Willard Batteries as standard
equipment 152 have adopted the Still
Better Willard with Threaded Rubber
Insulation.

Stratford Clothes

The Right Suit for you Here

We believe it is our duty not only to display and sell quality clothes, but to discuss with each individual customer the things he should consider in selecting a suit—his age, build, complexion and general personality.

Come in while the assortment is new, and look over our fall selection of

STRATFORD CLOTHES

No matter what particular color, pattern or weave you fancy just now, you will find it here.

Stratford styles this fall have a new long-line effect, secured by the high, narrow lapels and the widely spaced buttons, the free swing from the shoulders and the low vent, as in this extremely popular model.

Dickinson Avenue

DECLARES PEOPLE HAVE BECOME REAL SLAVES TO LUXURY

(Continued from page one.)
Industrial system of the present. In each there was injustice and inequality. Ancient Babylon, cultured Greece and pompous Rome were built on slavery and these proud nations fell. They disobeyed the law of 'survival', the law of 'human brotherhood.'
"The present world crisis is due to fear and hate and selfishness, to the lack of the spirit and practice of brotherhood. Enlightened selfishness had its chance and it failed. Materialism had full sway for generations and it resulted in a world catastrophe and left us with myriads of acute national and international problems. Diplomacy has failed, science has failed, industry has failed, force and governments have failed to solve the human problem and create peace and good will among men.
"There is a best way of living, that best way is God's way; His way was revealed in Christ and Christ is the true way of life. To live right men must relate themselves properly to their fellow men, which is the spirit, of brotherhood, and they must be in harmony with God, which is sonship."

SAY RUSSIAN ARMY WILL BE READY TO FIGHT AGAIN SOON

(Continued from page one.)
tion he had gathered led him to believe the Russians would renew the fighting early this winter. Through an interpreter he learned the attitude of the Cossacks interned in East Prussia.
"Strangely enough these Cossacks say they are not bolshevists and that few other Russians are real bolshevists, he said. They declare they are not fighting for bolshevism but for Russia against the Poles. They appeared to be in excellent condition and well equipped. Most of them were young fellows apparently between 25 and 30; bronzed, healthy, strapping. On the whole they showed to much better advantage than the Polish soldiers."
The American said he saw many Germans, some of them officers, laughing and talking with the Cossacks and that it was evident there was much good feeling between them.

TWO ROOMS FOR RENT—ONE FURNISHED, one unfurnished. Mrs. W. D. Johnson, phone 224.

Still Going Up!

Tobacco with body and color was the highest of the season on Wednesday, the last sale of this week, at the Liberty.
If you have not sold with us this season just bring us your next lot and let us prove to you that you have been losing money by not selling at the Liberty.
We have 1st sale Monday, October 11th; 2nd sale Wednesday, October 13; 1st sale Thursday, October 14. Come to see us any day and if any one can please you we can.
The market will be in fine shape Monday.

T. S. Hooker & Son SEVEN CAR LOADS COAL EXPECTED IN FEW DAYS

Mr. George Cherry, Jr., returned from a business trip to Richmond, Va., today and stated that he had secured seven car loads of coal to be delivered in this city within the next few days. Mr. Cherry made a trip to the mines, and by going to the right source was able to get this splendid supply of high grade soft coal. He will sell the coal from the cars, and those who wish to secure same should see him or phone 421. He does not guarantee any price just now, but will sell it at market prices. This will be good news for the people of this vicinity, as winter is approaching and much coal is required. Mr. Cherry stated that he has engaged several tons already and those desiring coal in this shipment should place orders as early as possible. adv.
