

DEMOCRATIC HOPE BECOMES BRIGHTER FOR FINAL SUCCESS

President Wilson is Assured of Election of Governor Cox, of Ohio. STRONG EVIDENCE OF GREAT MORAL CHANGE EVIDENT EVERYWHERE Entire Country Apparently Swinging to Democratic Principles.

Washington, Oct. 25.—Democratic prospects continue to brighten. It is reported that President Wilson told some members of the cabinet, who visited the White House today, that he now felt very sure of the election of Governor Cox. Reports, it is said, have been pouring into the White House showing a great undercurrent of change going on. This change is especially active in Missouri, Kansas, Nebraska, Colorado, Iowa, Minnesota, Indiana and Ohio. The Middle West is afire with desire for the League of Nations, comes the report.

The President is said to be in possession of a great deal of concrete evidence that the revolution in sentiment is very similar to that which took place in his own election in 1916 four weeks before the election occurred and it is going on in the Middle States of the West that he swung into the Democratic column with such immense majorities. It is a moral change in the viewpoint of the people.

It is pointed out here that not until Senator Harding made his Des Moines speech rejecting outright the League of Nations did the masses of the people begin to understand what was the real issue between the two parties. Then it was that the President urged Governor Cox to drop everything but the covenant of the league and collateral ideas in his speeches. It is also felt here that Hiram Johnson's speeches in the East are doing the Democratic cause almost as much good as the speeches of the Democratic candidate himself. Johnson and Borah are classed as the only two honest straightforward speakers on the Republican side in the campaign. They are miserably wrong, say Democrats, but they are honest and many Republicans who want the league see that these two men will have to be reckoned with if Harding is elected.

Pro-league Republicans everywhere are asking this question: Just what do we get if Harding is elected? Johnson is telling them they will get no league of any kind and hosts of them in fear that he is telling the truth will take no chance. On the other hand, Governor Cox has broadened the scope of the reservations that he will accept in the ratification of the covenant of the league. In his New York speech on Saturday night he was more specific and direct in his reservation on Article Ten than ever. If Cox is elected the people will know just what they will get.

COAL OPERATORS TO MEET TO CONSIDER PALMER'S MESSAGE

Cleveland, Oct. 26.—Approximately a thousand coal operators are meeting here to consider Attorney General Palmer's telegram to the National Coal Association, urging steps to eliminate exorbitant prices at the mines.

GOVERNOR COX ENDS WEST VIRGINIA TOUR WITH LEAGUE PLEAS

Kenova, W. Va., Oct. 26.—Cox closed his West Virginia with another appeal for the league of nations, declaring that the churches, labor and women were together in a movement which was sweeping the country. He said that the miners were thoroughly familiar with the league, and that the Republicans are having trouble with women meetings.

GERMAN CONCERNS EXPERIENCE RAPID GROWTH RECENTLY

Ten Textile Concerns Report Largest Business During Entire History.

Berlin, Oct. 26.—Ten large German textile concerns earned larger profits for the year ended April, 1920, than in the best years before the war.

One Bremen concern increased its profits as compared with last year from 4,400,000 marks to 16,880,000 marks. Including shares allotted gratis to the shareholders, the dividend paid is 62 percent.

A cotton company increased its profits from 2,000,000 to 9,700,000 marks. Of the other companies the minimum dividend is 16 percent and there are several dividends exceeding 30 and one exceeding 40 percent.

The profits are due to the big price rise of last winter. All finished goods put on the market during the winter were priced on the basis of the price of raw cotton at time of their sale, and as raw cotton rapidly advanced in price the public was charged several hundred percent more than the actual production cost.

SWIFT & COMPANY FILE PETITION FOR DISPOSING OF STOCK

Washington, Oct. 26.—Swift & Company and Armour & Company have filed with the District of Columbia supreme court a new plan for disposing of the interests in the stock yards terminals, railroads and market newspapers. It is understood that Wilson & Company agreed to the plan, but Morris & Company and Cuddey & Company, did not. November 8th is set as the final date for the department of justice to file objections, and it is also set forth in the agreement that the interstate stock yards company, at Jacksonville, Fla., be dissolved and closed by the new year.

GOOD ROADS ISSUE RECEIVES IMPETUS AT MEETING HERE

State System of Highways Discussed at Mass-Meeting Last Night.

MEMBERS OF STATE'S ROADS ASSOCIATION SPEAK DURING NIGHT

Colonel Kirkpatrick and W. A. McGirt Principal Speakers at Meeting.

The movement for a state system of hard surfaced highway were given a new impetus in this section last evening, when Col. T. L. Kirkpatrick, chairman of the Citizens Highway Association and W. A. McGirt, president of the North Carolina Good Roads Association spoke to a medium sized crowd in the court house. The following fourteen points of the North Carolina Landowners Association, showing the needs of good highways and the advantage of same, were presenting in a forceful manner.

1. Eastern North Carolina (the Coastal Plain) is the finest undeveloped section in the south. 2. The natural advantages include ideal climatic conditions, good soil, adequate rainfall and natural streams everywhere.

Our Handicaps.

3. With these natural advantages, the Coastal Plain has certain artificial disadvantages such as bad roads, poor health conditions (malaria and hookworm), limited educational facilities, lack of drainage, hog cholera, Texas fever, cattle tick, which must be removed because each constitute a menace and stand in the way of progress and development.

4. Truly, we have a great section, rich in its possibilities, but no section (Continued on page eight.)

NEW YORK STATE PLANS TO EXAMINE SCHOOL CHILDREN

Physical Fitness of Students to be Determined by Complete Examination.

New York, Oct. 26.—School teachers will examine every pupil in New York November 9 to determine their physical fitness. The department of health set aside the day to stimulate interest of the teachers in their work, expecting them to more quickly detect physical defects and report them promptly to the school physician.

For 23 years a department of health doctor or nurse has visited each public and parochial school in New York daily. The teachers report to them any child exhibiting signs of illness. Nurses examine all pupils monthly for contagious eye and skin diseases and pronounced physical shortcomings. Those having symptoms of contagious disease are immediately sent home.

In this way contagious diseases have been held under control here. This was shown in the influenza epidemics which were checked in the schools so forcibly that attendance was proportionately as great as during the same period in other years, and the sickness and death rate was lower in the five to fifteen-year-old group than for any other period of life.

Governor Cox Declares He Intends To Abide By Will of the People On League of Nations Questions

SENATOR HARDING ISSUES FINAL CALL TO NATION VOTERS

Republican Candidate Says Party Goes to People Assured of Superiority SEVERELY CRITICISES DEMOCRATS IN RECENT GOVERNMENT ACTIVITY Republican Party Proposes League to Meet Requirements of People.

Washington, Oct. 26.—Senator Harding, in a final pre-election statement to the American people, made public here tonight, declared the Republican party "goes to the people assured that they will recognize its superiority as an instrumentality of administration and that in the election now impending they will give it the certificate of their confidence and trust."

The Republican presidential nominee criticized democratic administration of governmental affairs, declaring "the nation is determined to be done with Democracy under the mere guise of Democratic forms." The Republican party, he asserted, "has proposed in its platform and developed in the utterances of its leaders, a program which contemplates equal opportunity for all." (Continued on page eight.)

MASSACHUSETTS IS FACING PROBABLE POLITICAL TANGLE

If Democrats win Complication of Vote Will Take Place in Electorate.

Boston, Oct. 26.—A complication in the vote of the Massachusetts members of the electoral college in the event that this state should go democratic in the November election is possible. This because of the inclusion on the ballot, among the democratic candidates for electors for Cox and Roosevelt, of the name of Charles Francis Adams, 2nd, treasurer of Harvard College and skipper of the yacht Resolute in the America's Cup races, who had requested that his name be withdrawn.

Mr. Adams said that he had been selected by the democratic state convention without his knowledge, and that he did not wish to stand as a candidate for elector. The letter requesting withdrawal of his name, according to Michael A. O'Leary, chairman of the Democratic State committee, did not reach the committee headquarters until 25 minutes before the expiration of the time for withdrawals on September 30. Mr. Adams was notified immediately by telephone that withdrawal could be accomplished only by sworn statements by the candidate, according to the chairman, but the time limit expired without action, and the name of Mr. Adams was placed on the ballot.

The vote of Mr. Adams, should he be elected, is in question. He has said that he understood an elector had a legal right to vote as he wished. Chairman O'Leary expressed the opinion that Mr. Adams, if elected, would vote in accordance with the apparent wish of the people who elected him.

SAYS ARTICLE TEN IS NOT VITAL PART OF LEAGUE ISSUES

Leon Bourgeois, President of League, Surprised at Commotion Over It.

Brussels, Oct. 25.—Leon Bourgeois, president of the council of the league, talking to American newspaper correspondents last night said that Article 10 of the covenant of the League of Nations is not considered by European statesmen as a vital and essential element of the covenant.

M. Bourgeois said he had been surprised that this Article 10 had caused such commotion in the United States. He stated that Article 10 could be eliminated without in any way modifying the effectiveness of the League of Nations.

"Article 10," said M. Bourgeois, "is scarcely more than a mere background to the covenant. It is not considered so important by Europeans as by Americans."

"There is really no sanction, or penalty, in this article. All penalties provided for in the covenant in order to make the league's action effective, are in other articles."

M. Bourgeois' statement was made in the course of an interview arranged for American correspondents by M. Comert, principal press official of the League of Nations.

After M. Bourgeois had withdrawn, the question was raised among the American correspondents as to the effect of Mr. Bourgeois' utterances on the presidential election in the United States. It was thereupon mutually agreed to withhold the statement until M. Bourgeois could pass upon it as being issued with the fullest authority and approval.

NOMINEE BELIEVES ISSUES SHOULD BE SETTLED IN SENATE

Declares Agreement Should be Finally Ended by Senatorial Results.

POPULAR WILL AND NOT ANY EXECUTIVE SHOULD HOLD SWAY

Democratic Leader Says It is Unthinkable that League Should be Delayed.

Boston, Mass., Oct. 25.—The prediction that the Republican party will be overwhelmed in the election was made by Governor Cox in a telegram to Michael A. O'Leary, chairman of the Democratic state committee, which was made public tonight.

"The ground swell for the league and Democratic ticket," the telegram said, "is about to overwhelm the Republicans. The most reprehensible and untruthful campaign in political history is at the brink of defeat. Now is the time to redouble your efforts, if such great effort as you have made can be redoubled. Let us make overwhelming the victory which is certain. I shall ever be grateful for the patriotic effort you have put forth in behalf of a cause greater than any personality of mine, but I must always feel under a personal debt to you for what you have done in my name."

Huntington, W. Va., Oct. 25.—Governor Cox, of Ohio, announced today that if elected president he would "sit down with the senate and make an agreement" upon the League of Nations and that his agreement should be determined by the Senatorial elections.

The "executive will," the Democratic Presidential candidate said, should not control and it is "unthinkable," he declared, that American membership in the league should be postponed two years, when the next Senatorial elections would be held. American membership, he indicated, was the primary consideration. That he favored American participation with "clarifying" reservations was reiterated by the Governor.

Hailed by members of the Governor's party as one of the most important of campaign developments, the candidate's announcement was in response to an open letter sent today to Governor Cox and his Republican opponent, Senator Harding, by fifty of their supporters, urging them to accept whatever revision of the Lodge reservations two-thirds of the next senate might approve.

The governor's statement, issued during a rushing West Virginia tour today, said:

"The situation in this: I favor going into the existing league with clarifying reservations. Senator Harding has said that he was not interested in clarification, but in rejection. I have every expectation that after November 2, much of the partisan spirit that has been visited upon discussion of the league will have subsided. One-third of the seats of the Senate are to be filled this year. The people understand the issue and we will accept their expression at face value. I will, therefore, sit down with the Senate and reach an agreement about our going into this league. There is no other and any talk of a new association is but idle phrase. The important thing is to get a start and help to stabilize world conditions, which vitally affect the interest and welfare of America."

JEWISH QUESTIONS PLAINLY DISCUSSED IN RECENT DEBATE

Important Issues of Hungary Discussed Before Assem- bly by Bishop.

Budapest, Oct. 25.—A presentation of the Jewish question in Hungary that has attracted wide repudiation and comment was made by the Bishop of Stuhlweissenburg, Ottakar Prohaska, in the course of a debate in the National Assembly this week.

The Bishop introduced and spoke to a bill intended to restrict the number of Jewish students in the university, the clinics and the colleges of agriculture. It was meant, he said, to guarantee a living to the Hungarian middle classes and at the same time to afford a basis for a predetermined selection of students. This selection was to have patriotism for a basis. The measure was not a plot against the liberty of education.

"Since 1867," he continued, "Hungarian political economy and Hungarian trade have experienced a great expansion and for this we have to thank the Jews. By dint of their intelligence, their diligence and tenacity of life the Jews have pushed back, as it were, the new Hungarian generation.

"Anti-semitism as such does not exist in Hungary. Our anti-semitism is such as bids us look upon the Jew as an essential portion of the nation

but to prevent him gaining a preponderance over us. We are not faced by the problem of anti-semitism but by that of racial self-defense. Our Christianity is being made to feel that it is being pushed back at every step. This process deserves the name of de-Christianization. Our attitude of defense must not be looked upon by the Jews as an act of hatred. Merely for the sake of liberalism we must not suffer that half of lawyers and the majority of medical men in the country be Jews. Not only the middle classes but also what may be called the genius of the race is advancing toward its extermination. Hungarian literature is saturated with the Jewish atmosphere. We must defend our national culture when we see it endangered.

Dutch Government Allows Em- peror William Greater Freedom of Country.

Doorn, Holland, Oct. 25.—The severe restrictions which the Dutch government imposed on the movements of the former German Emperor at the time of the Kapp revolution in Berlin, at the request of the allied powers, appear to be gradually relaxing.

William now moves about more freely perhaps than at any time since he came to Holland nearly two years ago. These movements are, of course, confined to the territorial limits set by a royal decree, including the villages of Doorn and Amerongen, but inside this territory the exile is now fulfilling his dream of living the life of a Dutch country gentleman.

He goes frequently to Amerongen, to visit Count Bentinck, his former host and to chat with the notary, Schroot, who is not only the former Emperor's business agent and attorney

but also more or less of a personal friend. William also calls on a number of families of the Dutch nobility who live around Doorn and Amerongen, principally those whose heads belong to the Knights of St. John, the order of which, as King of Prussia, the German Emperor was leader.

Dutch guards escort him on these trips but he goes whenever he likes. Doorn has lost all curiosity in the Hohenzollerns and only the occasional tourist halts to stare at William's automobile as it passes in the streets.

George White Declares Demo- crats Already Have 256 Electoral Votes.

New York, Oct. 24.—George White, chairman of the Democratic National committee, in a statement here today forecasting the result of the election, predicted that Cox and Roosevelt will have 256 electoral votes "as good as counted," the Republicans 164 and that the Democrats will win a majority of the remaining 111.

"I have been making a detailed investigation of conditions in the various states," the statement said. "For two days I have been receiving revised reports. It is now possible to give to the public a statement of our prospects in the election. I realize that the customary act of a national chairman at this stage of the fight is to claim everything in the hope that he can persuade wavering voters to line up with his side.

AMERICANIZE BY MOVIES.

With immigration once more assum-
ing its old-time proportions, the prob-
lem again presents itself of offering
the new-comer facilities for education,
which will enable him to care for him-
self properly in his new environment.
The Russians are particularly desirous
of learning all they can of American
institutions.

"Let the American government," sug-
gests a Philadelphia Russian, "organ-
ize special houses for the workman,
where educational motion pictures
would be shown to them. Let the im-
migrants see America in pictures; let
him hear her progress. Show him the
American farms, cities, mines, and
forests, and many other things that
will help the immigrant to see and
understand America. Publish, in the
Russian language, pamphlets on the
history and geography of America, and
you will see that the immigrants would
like America better after studying
her."

"It is not enough to have evening
schools, where the teachers speak only
English," writes another Russian, who
has had difficulty with the existing
educational methods of instruction.
"We read a word or learn it without
knowing what it means and what it is
used for; so it is dead for us, though
it might be a word that we need very
much."

"I think that every country benefits
from clever and educated inhabitants.
That is why I think it is time to change
America's attitude toward the immi-
grants—to help them to organize their
homes here, and to familiarize them
with the language. I think that many
Russians would like to remain here
forever, and to understand the Ameri-
cans, instead of having misunderstand-
ings, quarrels, and cursing going on.
Now all the Americans think that all
the Russians are Bolsheviks and in-
terested only in politics; but there are
many of us who are of a different
type."

Senator Johnson says that he is right
as to Candidate Harding being against
the league of nations, and that ex-
President Taft is wrong in making a
statement to the contrary.

APPEAL TO DEMOCRACY.

To the Democrats of the South:
The tide of victory has turned. There
will be a triumphant Democracy in
November, no matter how loud the
calamity gang may howl.

The south has never been so pros-
perous as during the seven years of
Democratic administration. Study the
tax record of your State and you will
see that the citizens of your State are
worth millions today more than they
were in 1912. If the South was broke
it would be a different story. I cannot
understand why a prosperous South
will not support to the limit the mag-
nificent fight which Gov. James M. Cox
is making.

The Democrats of the Southern
States have contributed about one
fourth of the amount expected by the
National Democratic Committee.

Let me put these questions to the
Democrats of the Southern States.

Will you stand idly by and watch
the destruction of the Federal Reserve
Bank System, which has meant the
financial salvation of the Southern
States?

Will you stand idly in your tracks
and watch important Federal offices
filled by negroes? In this connection
let me suggest that if Mr. Harding in-
tends to give a square deal to the
Southern people that he should imme-
diately remove the negro filling the position
of National Committeeman from
the State of Georgia. Mr. Harding in
his Chattanooga speech assured the
South it would have a square deal, yet,
his representative in one of the lead-
ing States of the South is a negro and
there is but one deduction, the black
man in the south will be appointed to
Federal positions to appease the black
man in the north.

Will the Democrats of the South
stand idly by and watch their repre-
sentation in congress cut down?

The above indictment of intent and
purpose may be brought against the
Republican party. The hope of the
South is a united white democracy.
Will the Southern people refuse to
support the Democrats of the north
who are making such a valiant fight
against the forces of greed and cor-
ruption?

We want this money to educate our
people, on the other hand the Republi-
can party has raised millions of dol-
lars to debauch our people.

Can you Democrats of the south
refuse another day to do your bit in
this important fight? The path of
duty is clear. Never were there great-
er issues. The very happiness of your
homes are threatened. The general
election will be held in a few weeks.
Let every man who loves the South
who believes in the high ideals of
Democracy who longs to see a torn and
troubled world set right, immediately
make a contribution to this noble bat-
tle which is now being waged in all
parts of the United States.

I leave the cause with the Demo-
crats of the South. I do not believe
they will fail the Democratic party in
this hours which is the most important
in two score years. This is the final
appeal. If the Democrats of the South
do not respond and the heavy hand of
Republican rule is used to wreck our
every principle then, the Democrats
of the south have only themselves to
blame.

Yours very truly,

JOE SPARKS,

Assistant Treasurer, Democratic Na-
tional Committee.

One week will finish the campaign,
and here's a wager that ninety-nine
per cent of the people will be glad
it is over.

The man who runs down his home-
town may be put down as one of its
undesirable citizens.

BON VOYAGE.

So many ships put out to sea,
So many silver sails
Go dipping through the lilac dawn
To where the sky-line falls;
So many ships—but ah! just one
Sails with my heart to meet the sun.

So many roses blowing wide
'Neath kiss of fragrant wind,
So many petals pearly with dew
The eager seekers find;
But ah! one rose—the reddest one
Lifts up my heart to meet the sun.

For just one ship bears o'er the tide
Love's dearest and its best,
And just one rose of all the world
She wears upon her breast.
Ah, ship and rose and tires that run,
My heart goes with you 'neath the sun!

—Sara Beaumont Kenedy.

NO LONGER NEED MARRIAGE PROMISE

London, Oct. 26.—Congregational brides here no longer need promise in the marriage service to obey their husbands.

A committee of the Congregational Union of England and Wales, appointed to draw up a new form of service, has decided that modern ideas favor the omission of the word "obey" and this notwithstanding the fact that no woman sat on the committee, neither were any requests received from women to omit the fateful word.

"All the churches are becoming less strict in their insistence on the wording of the marriage service," said the secretary of the Women's Freedom League. "Even in Anglican churches the word 'obey' is sometimes omitted at the bride's desire, and a great number of leading nonconformist ministers ministers have lately made a practice of cutting out the vow to obey."

MILLIONS OF DOLLARS IN FOODSTUFFS ROTTING ON SAVANNAH, GA. DOCKS

Savannah, Oct. 26.—Millions of dollars worth of American products are rotting on the docks due to congestion, and hundreds of tons are being dumped into the sea by health authorities while war prices prevail. Conditions are due to the inadequate docks and Longshoremen's strike last spring as speculation.

PAYNE BUYS THE FORUM.

Famous Magazine Taken Over by Well-Known New York Journalist.

New York, Oct. 25.—The Forum, a magazine which for thirty-five years has had the most prominent men of the country among its contributors, was today bought by George Henry Payne, well-known here as a friend and associate of the late Theodore Roosevelt, and recently opponent of Senator James W. Wadsworth, Jr., in the Republican primaries for the United States Senatorship. At the present time Mr. Payne is a commissioner of Taxes for the City of New York, and within the month has published "The History of Journalism in the United States."

The change in the ownership of The Forum has attracted considerable attention because of the prominence and activities of the new editor who was one of the first to organize outside of the senate against the League of Nations without reservations. He formed the committee of American Business Men which included such national figures as Coleman DuPont, Julius Kruttschnitt, Otto H. Kahn, James M. Beck, L. L. Lorie, president of the Delaware and Hudson Railroad, Henry Tatham, vice-president of the Pennsylvania Railroad, Jules S. Bache and Henry Rogers Winthrop. Mr. Payne also organized and made the first fight against President Wilson's attitude on the Panama Canal Tolls.

In 1912 George Henry Payne was closely associated with Theodore Roosevelt as one of his New York managers, and up to the time of Col. Roosevelt's death was an intimate friend and in continuous touch with the Colonel on political matters. Previous to his entrance into politics with the Progressive Party in 1912, he was political editor of the New York Evening Post. For the past year he has been one of the conspicuous leaders in the movement to nominate Leonard Wood, was a delegate to the Republican Convention in Chicago and was one of the floor managers for General Wood.

During the war, he was the New York State representative of the State Defence Council, appointed by Gov. Charles S. Whitman with whom Mr. Payne has also been closely associated for a number of years. Mr. Payne is a vigorous campaigner and speaker, and his recent literary work has been universally praised for its trenchant and incisive English. He numbers among his friends prominent public men and well-known editors in all sections of the country.

The November number of the Forum will be under Mr. Payne's editorship. One of the features announced for that edition is a definite program of tax reform by the foremost financier of America, Otto H. Kahn, of whom Theodore Roosevelt said only ten days before his death that "he (Mr. Kahn) is doing the clearest and soundest thinking in the country."

The Forum was founded thirty-five years ago by Isaac L. Rice, and under the editorship of the late Walter H. Page, ambassador to England, was one of the leading serious magazines in the English-speaking world.

REQUISITIONING UNUSED LAND FOR PLAYGROUNDS.

Land which is not in use, and which is not expected to be used in the immediate future, may now be requisitioned in Austria by national, provincial or municipal authorities and used as public playgrounds. Provisions to this effect were contained in a law enacted by the Austrian National Assembly on July 22d, according to a report received by the Children's Bureau of the U. S. Department of Labor.

This land will be placed in charge of organizations interested in the promotion of outdoor recreation, and will be used both by school children and young persons above school age.

The owner of the land will receive suitable compensation for its use. The question whether requisition is permissible will be decided by the provincial government, which will also decide the amount of compensation when agreement is not reached on that point.

By the terms of another law passed at the same time, rent paid for the use of any land for playground purposes may not be increased unless the taxes or the mortgage interest on the land have been increased since the rental agreement was made. The making of false statements to evade the provisions of these laws is punishable by a heavy fine or imprisonment, or both.

SENATOR HARDING ISSUES FINAL CALL TO NATION VOTERS

(Continued from page one.) and recognizes the vices of exploitation and profiteering."

As to the League of Nations issue, Senator Harding summarized his party's position as follows:

"The Republican party purposes such an association of nations as will most effectively further the aspiration for world-wide and permanent peace without sacrificing any part of the independence of the American nation. It believes America can and must bear its full part in the responsibilities of the world, but it always believes that America alone must decide what that part shall be."

Senator Harding's statement follows:

"In asking the suffrage of the American electorate this year, the Republican party has in mind both the record of service from its beginning, whereof it is very proud, and the vision of opportunity for service in the future, which its spokesmen have presented during this campaign. We are asking that a great responsibility be imposed upon us. It is a responsibility that must be measured by both the gravity of the crisis that confronts the world and the incapacity with which the present administration has met the problems of the last few years."
